### **Item 1.01. Entry Into a Material Definitive Agreement.**

On June 26, 2006 (the "Closing Date"), the registrant, IPIX Corporation, a Delaware corporation (the "Company"), completed a private placement (the "Transaction") pursuant to Regulation D under the Securities Act of 1933 (the "Securities Act"), which generated total gross proceeds of \$5,000,000. The proceeds will be used to fund the Company's operations.

As part of the private placement, the Company entered into a Securities Purchase Agreement (the "Agreement") with several institutional and accredited investors (the "Purchasers") to sell Senior Amortizing Convertible Notes due June 26, 2011 (the "Senior Notes"), which are convertible into 5,208,333 shares of the Company's common stock, par value \$.001 (the "Common Stock"), five-year warrants, which vest immediately, to purchase 1,822,916 shares of Common Stock at an exercise price of \$1.06 (the "Warrant A"), warrants, which vest immediately, to purchase 2,604,167 shares of Common Stock at an exercise price of \$.96 for 90 days from the date the Registration Statement is declared effective (the "Warrant B"). Upon exercise of any or all of Warrant B, the Company will issue additional warrants, which vest immediately, to purchase shares of Common Stock equal to thirty five percent of the Warrant B exercised at an exercise price of \$1.06 (the "Additional Warrant") (collectively, the "Warrants").

Beginning four months after the original issuance date, interest shall be payable monthly in arrears at a rate, which is the greater of (i) 7% per annum or (ii) LIBOR plus 200 basis points; provided at no time shall the interest rate exceed 10% per annum. The first twenty-six monthly payments will amortize 75% of the Senior Notes. The Company may pay interest or principal on the Senior Notes in (i) cash or (ii) shares of Common Stock. If the Company elects to repay the Senior Notes in shares of Common Stock, a 10% discount to the volume weighted average trading price for the prior twenty-day trading period will be applied.

At any time following the 30 month anniversary of the original issue date, the holders have the right to require the Company to redeem all or any portion of the outstanding principal of the Senior Notes, plus all accrued but unpaid interest. Furthermore, at any time following an event of default, the holders have the right to require the Company to repurchase all or any portion of the outstanding Senior Notes at price equal to the greater of (i) 115% of the outstanding principal amount, plus all accrued but unpaid interest, or (ii) 115% of the average of the closing prices for the five trading days preceding the notice of default.

At any time and from time to time, the holders of the Senior Notes have the right to convert all or any portion of the outstanding balance of the Senior Notes into Common Stock. Provided, that unless the Company obtains prior shareholder approval, the number of shares issued in the Transaction shall not equal 19.99% of the outstanding shares of Common Stock immediately preceding the Closing Date. The principal and any accrued but unpaid interest of the Senior Notes are convertible into the Company's common stock at a conversion price of \$1.02 per share, subject to anti-dilution protections.

The Senior Notes are secured by a first priority security interest in and a lien upon all of the Company's right, title and interests in, to and under all personal property and assets of the Company, whether now owned or hereafter acquired. As such, the Company entered into a Security Agreement (the "Security Agreement") with the Purchasers and Iroquois Master Fund Ltd., as agent for the Purchasers. Additionally, the Senior Notes contain restrictive covenants which, among other things, restrict the Company's ability to incur additional indebtedness, grant security interests on its assets or make distributions on or repurchase its common stock.

Under the Agreement, the Company has agreed that until the date the Registration Statement covering the shares issuable upon conversion of the Senior Notes and exercise of the Warrants is declared effective, it will not, directly or indirectly, offer, sell grant any option to purchase, or otherwise dispose of (or announce any offer, sale, grant or any option to purchase or other disposition of) any of its or its Subsidiaries' equity or equity equivalent securities, including without limitation any debt, preferred stock or other instrument or security that may be convertible into or

exchangeable or exercisable for Common Stock.
