REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Carbon Recovery Corporation
West Berlin, New Jersey

We have audited the accompanying balance sheets of Carbon Recovery Corporation (A Development Stage Company) (the "Company") as of December 31, 2005 and 2004 and the related statements of operations, changes in stockholders' equity (deficit), and cash flow for the years then ended, with cumulative totals of operations, stockholders' equity (deficit), and cash flows since July 19, 2002 (inception). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We have conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The accompanying financial statements for the years ended December 31, 2005 and 2004 have been prepared assuming that the Company will continue as a going concern. As discussed in Note 7 to the financial statements, the Company has raised certain issues that lead to substantial doubt about its ability to continue as a going concern. The Company does not have substantial revenue generating activities and has had operating deficits. Management's plans in regard to these matters are also described in Note 7. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

1

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Carbon Recovery Corporation (A Development Stage Company) as of December 31, 2005 and 2004 and the results of its operations, changes in stockholders' equity (deficit) and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Company has restated its previously issued financial statements for the year ended December 31, 2005 on its report dated March 3, 2006. The Company has restated its financial statements to properly reflect the effect of a non-monetary transfer of an asset between the Company and a related entity. This transaction resulted in a decrease in stockholders' equity of \$37,500,000. There was no effect on the net loss applicable to common shares for the year ended December 31, 2005.

CARBON RECOVERY CORPORATION
(A DEVELOPMENT STAGE COMPANY)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005 AND 2004

NOTE 1- ORGANIZATION

The Company was incorporated in New Jersey on July 19, 2002 as a development stage company.

To date, the Company's only activity has been organization, directed at developing its business plan and raising initial capital. The Company has not commenced any commercial operations as of December 31, 2005.

The Company's business plan is to research and develop and market reverse polymerization technology for the conversion of scrap tires into industrial products and chemicals for the petroleum chemical industry.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DEVELOPMENT STAGE COMPANY

The Company is considered to be in the development stage as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting by Development Stage Enterprises." The Company devotes substantially all of its efforts to develop and market its polymerization technologies for business in the carbon recovery and petroleum chemical industries.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(A DEVELOPMENT STAGE COMPANY)
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2005 AND 2004

NOTE 2-

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid debt instruments and other short-term investments with an initial maturity of three months or less to be cash or cash equivalents.

At December 31, 2005 and 2004, the Company maintained cash and cash equivalent balances at one financial institution that is insured by the Federal Deposit Insurance Corporation up to \$100,000.

START-UP COSTS

In accordance with the American Institute of Certified Public Accountants Statement of Position 98-5, "REPORTING ON THE COSTS OF START-UP ACTIVITIES", the Company expenses all costs incurred in connection with the start-up and organization of the Company.

INCOME TAXES

Deferred income taxes are reported using the liability method. Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

ADVERTISING COSTS

The Company will expense the costs associated with advertising as they are incurred. The Company did not incur any advertising costs for the years ended December 31, 2005 and 2004.

Edgar Filing: Global Resource CORP - Form 8-K/A

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2005 AND 2004

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

EARNINGS (LOSS) PER SHARE OF COMMON STOCK

Historical net loss per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) includes additional dilution from common stock equivalents, such as stock issuable pursuant to the exercise of stock options and warrants. Common stock equivalents were not included in the computation of diluted earnings per share when the Company reported a loss because to do so would be antidilutive.

The following is a reconciliation of the computation for basic and diluted earnings per share for the years ended December 31, 2005 and 2004:

	2005	2004
	-----	-----
Net loss	\$ (1,291,169)	\$ (672,219)
	-----	-----
Weighted-average common shares Outstanding (Basic)	36,943,731	6,423,190
Weighted-average common stock Equivalents		
Stock options	--	--
Warrants	--	--
	-----	-----
Weighted-average common shares Outstanding (Diluted)	36,943,731	6,423,190
	=====	=====

Options and warrants outstanding to purchase stock were not included in the computation of diluted EPS the years ended December 31, 2005 and 2004 because inclusion would have been antidilutive. As of December 31, 2005 and 2004, there were no outstanding options available.

RECENT ACCOUNTING PRONOUNCEMENTS

Edgar Filing: Global Resource CORP - Form 8-K/A

In June 2001, the FASB issued Statement No. 142 "Goodwill and Other Intangible Assets". This statement addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17, Intangible Assets. It addresses how intangible assets that are acquired individually or with a group of other assets (but not those acquired in a business combination) should be accounted for in financial statements upon their acquisition. This Statement also addresses how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. In January 2005, the Company entered into a licensing agreement with Careful Sell Holdings, Ltd., a related party. (See Note 9)

On December 16, 2004, the Financial Accounting Standards Board ("FASB") published Statement of Financial Accounting Standards No. 123 (Revised 2004), "SHARE-BASED PAYMENT" ("SFAS 123R"). SFAS 123R requires that compensation cost related to share-based payment transactions be recognized in the financial statements. Share-based payment transactions within the scope of SFAS 123R include stock options, restricted stock plans, performance-based awards, stock appreciation rights, and employee share purchase plans. The provisions of SFAS 123R are effective for small business issuers as of the first interim period that begins after December 15, 2005. Accordingly, the Company will implement the revised standard in the first quarter of fiscal year 2006. Currently, the Company accounts for its share-based payment transactions under the provisions of APB 25, which does not necessarily require the recognition of compensation cost in the financial statements. Management is assessing the implications of this revised standard, which may materially impact the Company's results of operations in the first quarter of fiscal year 2006 and thereafter.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

On December 16, 2004, FASB issued Statement of Financial Accounting Standards No. 153, "EXCHANGES OF NON-MONETARY ASSETS, AN AMENDMENT OF APB OPINION NO. 29, ACCOUNTING FOR NON-MONETARY TRANSACTIONS" ("SFAS 153"). This statement amends APB Opinion 29 to eliminate the exception for non-monetary exchanges of similar productive assets and replaces it with a general exception for exchanges of non-monetary assets that do not have commercial substance. Under SFAS 153, if a non-monetary exchange of similar productive assets meets a commercial-substance criterion and fair value is determinable,

Edgar Filing: Global Resource CORP - Form 8-K/A

the transaction must be accounted for at fair value resulting in recognition of any gain or loss. SFAS 153 is effective for non-monetary transactions in fiscal periods that begin after June 15, 2005. The Company does not anticipate that the implementation of this standard will have a material impact on its financial position, results of operations or cash flows.

NOTE 3- FIXED ASSETS

Fixed assets as of December 31, 2005 and 2004 were as follows:

	ESTIMATED USEFUL LIVES (YEARS) -----	2005	2004

In July 2004 the Company entered into a five year loan related to the purchase of a new vehicle. The principal amount of the loan is \$26,216 at an interest rate of 5.38% annually. Monthly payments on the loan are approximately \$496.

The loan payable balance at December 31, 2005 is as follows:

NOTE 5- PROVISION FOR INCOME TAXES

Deferred income taxes will be determined using the liability method for the temporary differences between the financial reporting basis and income tax basis of the Company's assets and liabilities. Deferred income taxes will be measured based on the tax rates expected to be in effect when the temporary differences are included in the Company's consolidated tax return. Deferred tax assets and liabilities are recognized based on anticipated future tax consequences attributable to differences between financial statement carrying amounts of assets and liabilities and their respective tax bases.

NOTE 5- PROVISION FOR INCOME TAXES (CONTINUED)

At December 31, 2005 the deferred tax assets consist of the following:

	2005

Deferred taxes due to net operating loss carryforwards	\$ 802,667
Less: Valuation allowance	(802,667)

Net deferred tax asset	\$ --
	=====

At December 31, 2005, the Company had deficits accumulated during the development stage in the approximate amount of \$2,675,555 available to offset future taxable income through 2023. The Company established valuation allowances equal to the full amount of the deferred tax assets due to the uncertainty of the utilization of the operating losses in future periods.

NOTE 6-

OPERATING LEASES

The Company leases office space under a thirty-six month lease commencing October 15, 2004. Monthly payments under the current lease range from \$3,000 to \$3,400 during the life of the lease. The Company is required to pay property taxes, utilities, insurance and other costs relating to the leased facilities.

Minimum lease payments under the operating lease are as follows:

FOR THE YEARS ENDING
DECEMBER 31,

2006	\$ 38,800
2007	34,000

	\$ 72,800
	=====

NOTE 7-

GOING CONCERN

As shown in the accompanying financial statements, the Company incurred substantial net losses for the years ended December 31, 2005 and 2004, and has no revenue stream to support itself. This raises substantial doubt about the Company's ability to continue as a going concern.

The Company's future success is dependent upon its ability to raise additional capital or to secure a future business combination. There is no guarantee that the Company will be able to raise enough capital or generate revenues to sustain its operations. Management believes they can raise the appropriate funds needed to support their business plan and acquire an operating, cash flow positive company.

The financial statements do not include any adjustments relating to the recoverability or classification of recorded assets and liabilities that might result should the Company be unable to continue as a going concern.

The Company issued 1,087 shares of common stock in conversion of accounts payable to equity at a value of \$1.00 per share.

WARRANTS

The Company issued -0- and 331,520 Class A warrants during the years ended December 31, 2005 and 2004, respectively. These warrants are exercisable for the purchase of common stock for \$9.00 per share. These warrants initially expired on July 31, 2005. Effective July 29, 2005 the Company modified the terms of the Class A warrants and extended the term for exercise. Each holder of Class A warrants was provided with written notice of the right to exchange the Class A warrants for Class C, D and E warrants.

For each Class A warrant exchanged the Shareholder shall receive one Class C warrant, one Class D warrant and one Class E warrant.

Class C warrants shall be exercisable, at an exercise price of \$1.00 per share, for a period of thirty days from the date that the Shareholder signs the written form agreeing to the Warrant Exchange Program.

For each Class C warrant exercised, the Shareholder shall be entitled to exercise one Class D warrant, at an exercise price of \$2.75 per share, for a period of ninety days from agreeing to the Warrant Exchange Program. During the fourth quarter of 2005 a total of 184,000 Class D warrants were issued.

WARRANTS - (CONTINUED)

For each Class D warrant exercised, the Shareholder shall be entitled to exercise one Class E warrant, at an exercise price of \$4.00 per share, for a period of one hundred fifty days from agreeing to the Warrant Exchange Program. To the extent that a Shareholder does not exercise their Class D warrants before they expire, the corresponding number of Class E warrants shall become null and void and of no further force or effect. During the fourth quarter of 2005 a total of 184,000

Edgar Filing: Global Resource CORP - Form 8-K/A

Class E warrants were issued.

As of December 31, 2005 all of the remaining outstanding Class A warrants had expired.

The Company issued 1,714,042 and 586,125 Class B warrants during the years ended December 31, 2005 and 2004, respectively. The Class B warrants entitle the holder to purchase one share of common stock for \$2.75 per share. A total of 2,300,167 Class B warrants were exercisable at December 31, 2005. None of the Class B warrants were exercised during the year ended December 31, 2005. The Class B warrants initially expired on July 15, 2005. Effective July 1, 2005 the Company authorized the extension of the expiration date of the Class B warrants up until, but no later than, one year after the stock in the Company is publicly trading.

NOTE 9-

RELATED PARTY TRANSACTION

In January 2005 the Company formalized a prior intended agreement with Careful Sell Holding, L.L.C. ("Careful Sell"), a Delaware limited liability company formed by the President of the Company. The Company's President and his spouse, a Director of the Company, own all of the limited liability interests of Careful Sell. The Company's President is also the Manager of Careful Sell. Under the revised agreement the Company entered into a Technology Contribution Agreement (the "Agreement"), with Careful Sell. Careful Sell is the owner of all the rights to the inventions of the Company's President. The Agreement transfers to the Company the rights to commercialize such inventions and to operate and use the related processes and apparatus to make, sell, use and otherwise dispose of products, which may be processed utilizing the inventions.

RELATED PARTY TRANSACTION (CONTINUED)

The terms of the Agreement include a provision whereby the Company will pay Careful Sell royalties of 2% of all revenues derived from the inventions. In further consideration for the transfer of the inventions, the Company has issued to Careful Sell a total of 37,500,000 shares of common stock of the Company. This Agreement supercedes a prior agreement not formalized between the Company and Careful Sell in 2002.

RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS FOR THE

YEARS ENDED DECEMBER 31, 2005

DECEMBER 31, 2003 AND 2002

Edgar Filing: Global Resource CORP - Form 8-K/A

The Company has restated its previously issued financial statements for the year ended December 31, 2005 on its report dated March 3, 2006. The Company has restated its financial statements to properly reflect the effect of a non-monetary transfer of an asset between the Company and a related entity. This transaction resulted in a decrease in stockholders' equity of \$37,500,000. There was no effect on the net loss applicable to common shares for the year ended December 31, 2005.

The Company has restated its previously issued financial statements for the period July 19, 2002 (inception) through December 31, 2002 on its report dated May 29, 2003. The Company has also restated its financial statements for the year ended December 31, 2003. The Company has restated its financial statements to reverse the effect of a transaction during the period ended December 31, 2002. The transaction reflected the issuance of preferred stock shares in exchange for an intangible asset and the subsequent impairment of the asset acquired. The financial statements have been restated as the transaction was subsequently rescinded, as the preferred stock shares were not formally issued. For the year ended December 31, 2003 the Company had initially reflected the issuance of 1,455,000 shares of common stock to two of its founders as being issued for services provided. The Company has restated its financial statements to reflect the common stock as re-issuance of founders shares. These transactions resulted in a decrease in net loss applicable to common shares of \$727,500 and \$1,500,000 for the year ended December 31, 2003 and period July 19, 2002 (inception) through December 31, 2002 to a net loss of \$203,659 and \$508,508 as restated, and a decrease in the deficits accumulated during the development stage to \$712,617 and \$508,508, respectively.

COMMITMENTS AND CONTINGENCIES

Effective January 1, 2005 the Company entered into an employment agreement with its President. Under the agreement the President shall be entitled to an annual base salary of \$250,000 in 2005 escalating to \$366,025 in 2009. In 2005, \$156,000 of the salary shall be paid ratably during the course of the year and the remaining \$94,000 will be paid in accordance with the terms of the agreement. The initial term of the agreement is for a period of five years. The President has the option to renew this agreement for a second five-year term. In addition to the base salary the Company has granted the President 545,000 shares of restricted common stock as deferred compensation. The common stock vests to the President over a five-year period commencing January 1, 2005.

During the fourth quarter of 2005 the Company entered into an

Edgar Filing: Global Resource CORP - Form 8-K/A

agreement to purchase equipment for a total purchase price of approximately \$328,000. Subsequent to the balance sheet date the Company has made payments of approximately \$183,000 toward the purchase of the equipment. Delivery of the equipment is anticipated during the second quarter of 2006.

NOTE 12-

SUBSEQUENT EVENTS

Subsequent to the balance sheet date the Company has received approximately \$710,000 in subscription agreements toward the purchase of approximately 585,000 shares of its common stock.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Carbon Recovery Corporation
(A Development Stage Company)
West Berlin, New Jersey

We have reviewed the accompanying balance sheet of Carbon Recovery Corporation (A Development Stage Company), (the "Company"), as of June 30, 2006 and the related statements of operations, changes in stockholders' equity (deficit), and cash flows for the six months then ended with cumulative totals since the Company's inception July 19, 2002 for the statements of operations, changes in stockholders' equity (deficit) and cash flows in accordance with the standards of the Public Company Accounting Oversight Board (United States). All information included in these financial statements is the representation of the management of Carbon Recovery Corporation (A Development Stage Company).

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 7 to the financial statements, the Company has sustained operating losses and capital deficits that raise doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Company has restated its previously issued financial statements for the year ended December 31, 2005 on its report dated March 3, 2006. The Company has restated its financial statements to properly reflect the effect of a non-monetary transfer of an asset between the Company and a related entity. This transaction resulted in a decrease in stockholders' equity of \$37,500,000. There was no effect on the net loss applicable to common shares for the year ended December 31, 2005.

CARBON RECOVERY CORPORATION
(A DEVELOPMENT STAGE COMPANY)
NOTES TO REVIEWED FINANCIAL STATEMENTS
JUNE 30, 2006 AND 2005

NOTE 1-

ORGANIZATION

The Company was incorporated in New Jersey on July 19, 2002 as a development stage company.

To date, the Company's only activity has been organization, directed at developing its business plan and raising initial capital. The Company has not commenced any commercial operations as of June 30, 2006.

The Company's business plan is to research and develop and market reverse polymerization technology for the conversion of scrap tires into industrial products and chemicals for the petroleum chemical industry.

These unaudited financial statements reflect all adjustments, including normal recurring adjustments which, in the opinion of management, are necessary to present fairly the operations and cash flow for the periods presented.

NOTE 2-

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DEVELOPMENT STAGE COMPANY

The Company is considered to be in the development stage as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting by Development Stage Enterprises." The Company devotes substantially all of its efforts to develop and market its polymerization technologies for business in the carbon recovery and petroleum chemical industries.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Edgar Filing: Global Resource CORP - Form 8-K/A

NOTE 2-

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid debt instruments and other short-term investments with an initial maturity of three months or less to be cash or cash equivalents.

At June 30, 2006 and 2005, the Company maintained cash and cash equivalent balances at one financial institution that is insured by the Federal Deposit Insurance Corporation up to \$100,000. At June 30, 2006 and 2005 the Company's uninsured cash balances total \$657,307 and \$141,021, respectively.

START-UP COSTS

In accordance with the American Institute of Certified Public Accountants Statement of Position 98-5, "REPORTING ON THE COSTS OF START-UP ACTIVITIES", the Company expenses all costs incurred in connection with the start-up and organization of the Company.

INCOME TAXES

Deferred income taxes are reported using the liability method. Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

ADVERTISING COSTS

The Company will expense the costs associated with advertising as they are incurred. The Company did not incur any advertising costs for the six months ended June 30, 2006 and 2005.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

EARNINGS (LOSS) PER SHARE OF COMMON STOCK

Edgar Filing: Global Resource CORP - Form 8-K/A

Historical net loss per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) includes additional dilution from common stock equivalents, such as stock issuable pursuant to the exercise of stock options and warrants. Common stock equivalents were not included in the computation of diluted earnings per share when the Company reported a loss because to do so would be antidilutive.

The following is a reconciliation of the computation for basic and diluted earnings per share:

	SIX MONTHS ENDED JUNE 30,	
	2006	2005
Net loss	\$ (1,224,143)	\$ (687,458)
Weighted-average common shares Outstanding (Basic)	46,510,878	28,504,932
Weighted-average common stock Equivalents		
Stock options	--	--
Warrants	--	--
Weighted-average common shares Outstanding (Diluted)	46,510,878	28,504,932

Options and warrants outstanding to purchase stock were not included in the computation of diluted EPS the six months ended June 30, 2006 and 2005 because inclusion would have been anti-dilutive. As of June 30, 2006 and 2005, there were no outstanding options available.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENT ACCOUNTING PRONOUNCEMENTS

In June 2001, the FASB issued Statement No. 142 "Goodwill and Other Intangible Assets". This statement addresses financial accounting and reporting for acquired goodwill and other

Edgar Filing: Global Resource CORP - Form 8-K/A

intangible assets and supersedes APB Opinion No. 17, Intangible Assets. It addresses how intangible assets that are acquired individually or with a group of other assets (but not those acquired in a business combination) should be accounted for in financial statements upon their acquisition. This Statement also addresses how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. In January 2005, the Company entered into a licensing agreement with Careful Sell Holdings, Ltd., a related party. (See Note 9)

On December 16, 2004, the Financial Accounting Standards Board ("FASB") published Statement of Financial Accounting Standards No. 123 (Revised 2004), "SHARE-BASED PAYMENT" ("SFAS 123R"). SFAS 123R requires that compensation cost related to share-based payment transactions be recognized in the financial statements. Share-based payment transactions within the scope of SFAS 123R include stock options, restricted stock plans, performance-based awards, stock appreciation rights, and employee share purchase plans. The provisions of SFAS 123R are effective for small business issuers as of the first interim period that begins after December 15, 2005. Currently, the Company accounts for its share-based payment transactions under the provisions of APB 25, which does not necessarily require the recognition of compensation cost in the financial statements. The Company has not issued any options during the reporting periods and as such, the effect of SFAS 123R has no impact on the results of operations for the six months ended June 30, 2006.

RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

On December 16, 2004, FASB issued Statement of Financial Accounting Standards No. 153, "EXCHANGES OF NON-MONETARY ASSETS, AN AMENDMENT OF APB OPINION NO. 29, ACCOUNTING FOR NON-MONETARY TRANSACTIONS" ("SFAS 153"). This statement amends APB Opinion 29 to eliminate the exception for non-monetary exchanges of similar productive assets and replaces it with a general exception for exchanges of non-monetary assets that do not have commercial substance. Under SFAS 153, if a non-monetary exchange of similar productive assets meets a commercial-substance criterion and fair value is determinable, the transaction must be accounted for at fair value resulting in recognition of any gain or loss. SFAS 153 is effective for non-monetary transactions in fiscal periods that begin after June 15, 2005. The Company does not anticipate that the implementation of this standard will have a material impact on its financial position, results of operations or cash flows.

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes

Edgar Filing: Global Resource CORP - Form 8-K/A

and Error Corrections." SFAS No. 154 replaces Accounting Principles Board ("APB") Opinion No. 20, "Accounting Changes" and SFAS No. 3, "Reporting Accounting Changes in Interim Financial Statements." SFAS No. 154 requires retrospective application to prior periods' financial statements of a voluntary change in accounting principle unless it is impracticable. APB No. 20 previously required that most voluntary changes in accounting principle be recognized by including the cumulative effect of changing to the new accounting principle in net income in the period of the change. SFAS No. 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of SFAS No. 154 did not have a material impact on the Company's financial position or results of operations.

RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

In February 2006, the FASB issued SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments, an amendment of FASB Statements No. 133 and 140." SFAS No. 155 resolves issues addressed in SFAS No. 133 Implementation Issue No. D1, "Application of Statement 133 to Beneficial Interests in Securitized Financial Assets," and permits fair value remeasurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation, clarifies which interest-only strips and principal-only strips are not subject to the requirements of SFAS No. 133, establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation, clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives and amends SFAS No. 140 to eliminate the prohibition on a qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument. SFAS No. 155 is effective for all financial instruments acquired or issued after the beginning of the first fiscal year that begins after September 15, 2006. The Company is currently evaluating the effect the adoption of SFAS No. 155 will have on its financial position or results of operations.

In March 2006, the FASB issued SFAS No. 156, "Accounting for Servicing of Financial Assets, an amendment of FASB Statement No. 140." SFAS No. 156 requires an entity to recognize a servicing asset or liability each time it undertakes an obligation to service a financial asset by entering into a

servicing contract under a transfer of the servicer's financial assets that meets the requirements for sale accounting, a transfer of the servicer's financial assets to a qualified special-purpose entity in a guaranteed mortgage securitization in which the transferor retains all of the resulting securities and classifies them as either available-for-sale or trading securities in accordance with SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities" and an acquisition or assumption of an obligation to service a financial asset that does not relate to financial assets of the servicer or its consolidated affiliates.

Additionally, SFAS No. 156 requires all separately recognized servicing assets and servicing liabilities to be initially measured at fair value, permits an entity to choose either the use of an amortization or fair value method for subsequent measurements, permits at initial adoption a one-time reclassification of available-for-sale securities to trading securities by entities with recognized servicing rights and requires separate presentation of servicing assets and liabilities subsequently measured at fair value and additional disclosures for all separately recognized servicing assets and liabilities. SFAS No. 156 is effective for transactions entered into after the beginning of the first fiscal year that begins after September 15, 2006. NOTE 5- PROVISION FOR INCOME TAXES

Deferred income taxes will be determined using the liability method for the temporary differences between the financial reporting basis and income tax basis of the Company's assets and liabilities. Deferred income taxes will be measured based on the tax rates expected to be in effect when the temporary differences are included in the Company's tax return. Deferred tax assets and liabilities are recognized based on anticipated future tax consequences attributable to differences between financial statement carrying amounts of assets and liabilities and their respective tax bases.

NOTE 5- PROVISION FOR INCOME TAXES (CONTINUED)

At June 30, 2006 the deferred tax assets consist of the following:

	SIX MONTHS ENDED JUNE 30, 2006

Deferred taxes due to net operating loss carryforwards	\$ 1,169,909
Less: Valuation allowance	(1,169,909)

Net deferred tax asset	\$ --
	=====

At June 30, 2006, the Company had deficits accumulated during the development stage in the approximate amount of \$3,899,698 available to offset future taxable income through 2026. The Company established valuation allowances equal to the full amount of the deferred tax assets due to the uncertainty of the utilization of the operating losses in future periods.

NOTE 6- OPERATING LEASES

The Company leases office space under a lease that commenced October 15, 2004. Monthly payments under the initial lease term range from \$3,000 to \$3,400. During the second quarter of 2006 the Company entered into a lease agreement for additional office space for a term of three years commencing June 1, 2006. The term of the initial leased space was extended at the same time and both leases now expire on May 31, 2009. The Company is required to pay property taxes, utilities, insurance and other costs relating to the leased facilities.

NOTE 7- GOING CONCERN

As shown in the accompanying financial statements, the Company incurred substantial net losses for the periods ended June 30, 2006 and 2005, and has no revenue stream to support itself. This raises doubt about the Company's ability to continue as a going concern.

The Company's future success is dependent upon its ability to raise additional capital or to secure a future business combination. There is no guarantee that the Company will be able to raise enough capital or generate revenues to sustain its operations. Management believes they can raise the appropriate funds needed to support their business plan and acquire an operating, cash flow positive company.

The financial statements do not include any adjustments relating to the recoverability or classification of recorded assets and liabilities that might result should the Company be unable to continue as a going concern.

WARRANTS

The Company issued -0- and -0- Class A warrants during the six months ended June 30, 2006 and 2005, respectively. These warrants were exercisable for the purchase of common stock for \$9.00 per share. These warrants initially expired on July 31, 2005. Effective July 29, 2005 the Company modified the terms of the Class A warrants and extended the term for exercise. Each holder of Class A warrants was provided with written notice of the right to exchange the Class A warrants for Class C, D and E warrants. As of December 31, 2005 all of the remaining outstanding Class A warrants had expired.

For each Class A warrant exchanged the Shareholder shall receive one Class C warrant, one Class D warrant and one Class E warrant.

Class C warrants shall be exercisable, at an exercise price of \$1.00 per share, for a period of thirty days from the date that the Shareholder signs the written form agreeing to the Warrant Exchange Program. No Class C warrants were issued.

For each Class C warrant exercised, the Shareholder shall be entitled to exercise one Class D warrant, at an exercise price

None of the Class B warrants were exercised during the six months ended June 30, 2006. The Class B warrants initially expired on July 15, 2005. Effective July 1, 2005 the Company authorized the extension of the expiration date of the Class B warrants up until, but no later than, one year after the stock in the Company is publicly trading.

NOTE 9- RELATED PARTY TRANSACTION

In January 2005 the Company formalized a prior intended agreement with Careful Sell Holding, L.L.C. ("Careful Sell"), a Delaware limited liability company formed by the President of the Company. The Company's President and his spouse, a Director of the Company, own all of the limited liability interests of Careful Sell. The Company's President is also the Manager of Careful Sell. Under the revised agreement the Company entered into a Technology Contribution Agreement (the "Agreement"), with Careful Sell. Careful Sell is the owner of all the rights to the inventions of the Company's President. The Agreement transfers to the Company the rights to commercialize such inventions and to operate and use the related processes and apparatus to make, sell, use and otherwise dispose of products, which may be processed utilizing the inventions. The terms of the Agreement include a

Edgar Filing: Global Resource CORP - Form 8-K/A

provision whereby the Company will pay Careful Sell royalties of 2% of all revenues derived from the inventions. In further consideration for the transfer of the inventions, the Company has issued to Careful Sell a total of 37,500,000 shares of common stock of the Company. This Agreement supercedes a prior agreement not formalized between the Company and Careful Sell in 2002.

NOTE 10- RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS

The Company has restated its previously issued financial statements for the year ended December 31, 2005 on its report dated March 3, 2006. The Company has restated its financial statements to properly reflect the effect of a non-monetary transfer of an asset between the Company and a related entity. This transaction resulted in a decrease in stockholders' equity of \$37,500,000. There was no effect on the net loss applicable to common shares for the year ended December 31, 2005.

NOTE 11- COMMITMENTS AND CONTINGENCIES

Effective January 1, 2005 the Company entered into an employment agreement with its President. Under the agreement the President shall be entitled to an annual base salary of \$250,000 in 2005 escalating to \$366,025 in 2009. In 2005, \$156,000 of the salary shall be paid ratably during the course of the year and the remaining \$94,000 will be paid in accordance with the terms of the agreement. The initial term of the agreement is for a period of five years. The President has the option to renew this agreement for a second five-year term. In addition to the base salary the Company has granted the President 545,000 shares of restricted common stock as deferred compensation. The common stock vests to the President over a five-year period commencing January 1, 2005.

During the fourth quarter of 2005 the Company entered into an agreement to purchase equipment for a total purchase price of approximately \$328,000. As of June 30, 2006 the Company has made payments of approximately \$251,000 toward the purchase of the equipment. Delivery of the equipment is anticipated during
