NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)
(in thousands)

Reference is made to the financial statements included in the Company's annual Report (Form 10-K) filed with the Securities and Exchange Commission for the year ended March 31, 2000.

The financial statements for the periods ended December 31, 2000 and 1999 are unaudited and include all adjustments necessary to a fair statement of the results of operations for the periods then ended. All such adjustments are of a normal recurring nature. The results of the Company's operations for any interim period are not necessarily indicative of the results of the Company's operations for a full fiscal year.

OPERATIONS

Edgar Filing: FRANKLIN ELECTRONIC PUBLISHERS INC - Form 10-Q

The Company adopted FAS No. 131, "Disclosure about Segments of an Enterprise and Related Information", at March 31, 1999. FAS No. 131 establishes annual and interim reporting standards for an enterprise's operating segments and related disclosures about its products, services, geographic areas and major customers. Under FAS No. 131, the Company's operations are treated as one operating segment as it only reports profit and loss information on an aggregate basis to the chief operating decision maker of the Company. Information about the Company's product sales are as follows:

Approximate foreign sources of revenues including export sales were as follows:

Product Sales	Three Months Ended		
	December 31,		
	2000	1999	2000
Europe	\$6,138	\$7,039	\$16,192
Other International	3,196	2,746	5,534

For the three and nine month periods ended December 31, 2000 and 1999, no customer accounted for more than 10% of the Company's revenues.

SALE OF REX PRODUCT LINE

On September 27, 1999 the Company realized a gain of \$8,072 on the sale of its REX product line for \$13,250 and the assumption of related liabilities. The

Edgar Filing: FRANKLIN ELECTRONIC PUBLISHERS INC - Form 10-Q

assets sold consisted primarily of inventory with a carrying value of approximately \$5,000 and the Company's trademarks, copyrights, contract rights and other assets used in connection with the REX business.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

Three months ended December 31, 2000 as compared with December 31, 1999:

Net Sales

Sales for the quarter ended December 31, 2000 were \$22,278,000, a decrease of \$8,970,000 from sales of \$31,248,000 in the same quarter last year. The decrease was the result of softening demand for electronic products as the result of the slowdown in the domestic economy. The Company's line of ROLODEX(R) Electronics organizers remained under pressure as shelf space continues to be reduced and price points continue to move down. The quarter-to-quarter comparison was also adversely affected by continuing weakness in foreign currencies and the inclusion in the prior period of revenues of \$1,480,000 in connection with the extension of a technology license. Sales by Voice Powered Technology International, Inc. ("VPTI"), an 82% owned subsidiary of the Company, decreased from \$243,000 last year to \$65,000 this year.

Gross Margin

While gross margin dollars decreased to \$9,483,000 in the current year from \$12,065,000 in the prior year, gross margin percentage increased from 39% to 43% year to year. The improved margin percentage resulted from the impact of the lower cost of components purchased in the first six months of calendar year 2000, which affects the current quarter's gross margin because of the 60 - 90 day lead time in the purchase of components and the use of the first-in, first-out method of accounting for inventory which results in the passage of several months between the time the components are ordered and the time their costs are reflected in operating results.

Operating Expenses

Total operating expenses decreased to \$8,517,000 from \$8,970,000 last year. Sales and marketing expenses decreased to \$5,448,000 (24% of sales) from last year's level of \$5,727,000 (18% of sales) as lower costs of \$1,157,000 primarily commissions, advertising, payroll and freight costs in the Company's core business were partially offset by costs of \$879,000 associated with the development of the Company's new eBookMan platform. Research and development expenses decreased by \$148,000 to \$798,000 (4% of sales) from \$946,000 (3% of sales) in the prior year as the Company deferred \$852,000 of research and development costs, primarily related to the development of its new eBookMan platform, compared with a deferral of \$375,000 in the prior period. General and administrative expenses remained relatively unchanged at \$2,271,000 (10% of sales) in the current year compared with \$2,297,000 (7% of sales) in the year earlier period.

Other/Income Expense

Interest expense was \$440,000 compared with \$837,000 last year due to lower debt levels. Interest and investment income was down from \$89,000 to \$16,000. In the quarter, the Company incurred currency transaction losses of \$18,000 compared

Edgar Filing: FRANKLIN ELECTRONIC PUBLISHERS INC - Form 10-Q

with \$287,000 in the prior year.

Net Income

For the quarter ended December 31, 2000 the Company reported net income of \$524,000, or \$.07 per share, after absorbing expenses of \$1,388,000, or \$.17 per share, in connection with development of its new eBookMan product line. For the same quarter last year the Company earned \$2,060,000, or \$.26 per share, which included \$1,300,000 or \$.17 per share, in connection with the extension of a technology license.

Page 8

Because of net operating loss carryforwards, no income taxes have been provided for by the Company during the current period.

Nine months ended December 31, 2000 as compared with December 31, 1999:

Net Sales

Sales of \$59,577,000 for the nine months ended December 31, 2000 were 27% lower than sales of \$81,267,000 for the same period last year. Sales were higher in the year earlier period because of the inclusion of \$7,769,000 of sales of product lines that have since been divested or discontinued and non-recurring revenues of \$2,276,000 related to technology licenses, softening demand in the current year for electronic products in the United States and the United Kingdom, the impact of weakened foreign currencies, and component shortages that impacted product deliveries during the present period. Sales by VPTI decreased from \$865,000 last year to \$215,000 in the current year.

Gross Margin

While gross margin dollars decreased to \$25,491,000 in the current year from \$27,355,000 in the prior year, gross margin percentage increased from 34% to 43% year to year. Gross margin in the prior year reflected an inventory write down and price protection costs of \$2,600,000 in connection with the discontinued Rocket eBook product and costs in connection with the transition to new upgraded reference and ROLODEX(R) Electronics product lines which impacted the June 1999 quarter. The margin percentage in the current year also benefited from a shift in the Company's product mix from lower margin organizer products to higher margin reference products. The reference product line accounted for 81% of total sales in the nine months ended December 31, 2000 compared with 70% of total sales in the prior year.

Operating Expenses

Total operating expenses decreased to \$22,564,000 from \$29,407,000 last year. Sales and marketing expenses decreased to \$12,731,000 (21% of sales) from last year's level of \$17,395,000 (21% of sales) primarily due to a decrease in packaging, promotion and variable selling costs of \$2,108,000, reductions in telephone and product support costs of \$230,000 and \$122,000 respectively, lower payroll expense of \$453,000 and costs absorbed in the prior year of \$1,100,000 in connection with the development of the Company's website. Research and development expenses decreased by \$503,000 to \$2,791,000 (5% of sales) from \$3,294,000 (4% of sales) in the prior year as the Company deferred \$2,218,000 of research and development costs, primarily related to the development of its new eBookMan platform, compared with a deferral of \$1,125,000 in the prior period. General and administrative expenses decreased to \$7,042,000 (12% of sales) from \$8,718,000 (11% of sales) last year primarily as a result of a decrease of \$659,000 in bad debt provisions and a reduction in VPTI's expenses of \$337,000.

Edgar Filing: FRANKLIN ELECTRONIC PUBLISHERS INC - Form 10-Q

Other Income/Expense

Interest expense for the nine months ended December 31, 2000 was \$1,254,000 compared with \$2,635,000 last year due to lower debt levels. For the nine months, the Company incurred currency transaction losses of \$666,000 compared with \$489,000 in the prior year.

Net Income

For the nine months ended December 31, 2000 the Company had net income of \$1,165,000, or \$.15 per share, after absorbing expenses of \$2,675,000, or \$.34 per share, in connection with the eBookMan product line. In the same period last year the Company had earnings of \$3,201,000, or \$.41 per share, which included a gain of \$8,072,000, or \$1.03 per share, in connection with the divestiture of its REX product line in

Page 9

September 1999 and income of \$1,300,000 in connection with the aforesaid technology license.

Changes In Financial Condition

Inventories increased from \$13,735,000 at March 31, 2000 to \$20,668,000 at the end of the December quarter reflecting \$7,354,000 of inventory costs relating to the Company's new eBookMan platform. Accounts receivable increased from \$10,889,000 to \$16,767,000 because of seasonally higher sales in the December quarter. Accounts payable and accrued expenses increased from \$10,076,000 to \$14,365,000 as the Company incurred assembly and component costs related to eBookMan. Cash and cash equivalents of \$2,485,000 at December 31, 2000 were lower than cash of \$6,899,000 at March 31, 2000 as a result of the company's investment in inventory and development costs for its new eBookMan line.

Liquidity And Capital Resources

As of December 31, 2000, the Company had invested approximately \$12,692,000 in development, marketing and inventory costs for its new multimedia eBook platform, eBookMan. The Company anticipates making additional development, marketing, and working capital investments of approximately \$4,000,000 related to eBookMan during the remainder of the 2001 fiscal year. Shipments of eBookMan products to retailers commenced in February 2001.

In December 1999, the Company entered into a \$25,000,000 secured financing facility with a commercial lender. The financing facility expires on December 7, 2002. Borrowings under the facility bear interest at the bank's prime rate plus 3/8% and are subject to certain financial covenants and restrictions on indebtedness, dividend payments, business combinations, and other related items. As of December 31, 2000, the Company had outstanding borrowings of \$3,737,000 under this facility. As of December 31, 2000 the Company had a balance of \$12,239,000 outstanding under its Senior Notes. A principal payment of \$2,000,000 is due under the Senior Notes on March 31, 2001. Management believes that cash flow from operations and the secured financing facility will be adequate to provide for the Company's liquidity and capital needs for the foreseeable future. The Company has committed to the installation of a new enterprise resource system during the next year at an approximate cost of \$2,500,000. The Company has no other material commitments for capital expenditures in the next twenty-four months.
