Entered agreement to sell UE in March/2005

Edgar Filing: XCEL ENERGY INC - Form U-9C-3

Narrative Description of Activities for Reporting Period

Cadence Network Inc. Cadence Network Inc. provides a single source for both energy management services and products designed to lower energy costs for national companies that operate at multiple locations.

Utility Engineering Corporation Utility Engineering Corporation (UE) is engaged in engineering, design, construction management and other miscellaneous services. On January 1, 2000, UE acquired Quixx Corporation (Quixx) and its subsidiaries from NC Enterprises. Quixx's primary business is investing in and developing cogeneration and energy-related projects. Quixx also holds water rights and certain other non-utility assets. Quixx currently has several subsidiaries, most of which hold interests in various energy-related investments.

On March 2, 2005, Xcel Energy agreed to sell UE to Zachry Group, Inc. Zachry agreed to acquire all of the outstanding shares of UE, including three UE subsidiaries: Precision Resource Co., a professional staffing company; Proto-Power Corp., an engineering and project management company dedicated to the nuclear power industry; and Universal Utility Services, LLC, a full-service industrial maintenance group. Quixx Corp. is not included in the transaction. Xcel Energy expects to record a small loss as a result of the transaction; however, the transaction is not expected to have a material effect on the financial condition of Xcel Energy. The transaction is subject to customary terms and conditions as to closing and is expected to be completed in April 2005.

Quixx Linden LP Quixx Linden LP owns a 23 Mw natural gas fired cogeneration facility in Linden, New Jersey. Quixxlin Corporation, a wholly-owned subsidiary of Quixx, holds a 0.5% general partnership interest in this partnership. Quixx also directly holds a 43.18% limited partnership interest in Quixx Linden, L.P.

Nuclear Management Company LLC Nuclear operating company that manages several nuclear plants for 5 different utilities.

Private Fuel Storage LLC Storage facility of spent nuclear fuel in Utah.
