INFORMATION ABOUT THE BOARD AND CORPORATE GOVERNANCE

Corporate Governance Guidelines. The Board has adopted Corporate Governance Guidelines to promote the effective functioning of the Board and its committees, to promote the interests of all stockholders, and to ensure a common set of expectations as to how the Board, its various committees, individual directors and management should perform their functions. The Board believes that ethics and integrity cannot be legislated or mandated by directive or policy and that the ethics, character, integrity and values of the Corporation's directors and senior management remain the most important safeguards in quality corporate governance. The Corporate Governance Guidelines are posted on the Corporation's website, which is www.osg.com, and are available in print upon the request of any stockholder of the Corporation. Under the Corporate Governance Guidelines, each director is expected to attend all Board meetings and all meetings of committees of which he is a member. Meeting materials are provided to Board and Committee members prior to meetings, and members are expected to review such materials prior to each meeting.

Independence. Under the Corporate Governance Guidelines, which incorporate the standards established by the New York Stock Exchange ("NYSE"), the Board must consist of a majority of independent directors. As determined by the Board, ten of the twelve nominees, namely Messrs. Oudi Recanati, Andreas, Batkin, Coleman, Fribourg, Komaroff, Merkin, Picket, Robards and Zimmerman, have been determined to be independent under the Corporate Governance Guidelines.

Meetings of the Board. The Board held twelve meetings during 2004. Each director attended at least 75% of the total number of meetings of the Board and Committees of which he was a member.

Communications with Board Members. Stockholders may communicate with any director by sending a letter to such director's attention in care of the Corporation's Corporate Secretary, 511 Fifth Avenue, New York, New York 10017. The Corporate Secretary opens and forwards all such correspondence (other than advertisements and other solicitations) to directors unless the director to whom the correspondence is addressed has requested that the Corporate Secretary forward correspondence unopened. Unless the context otherwise requires, the Corporate Secretary will provide any communication addressed to the Board to the director most closely associated with the nature of the request based on Committee membership and other factors.

Code of Ethics. The Corporation has adopted a code of ethics which is an integral part of the Corporation's business conduct compliance program and embodies the commitment of the Corporation and its subsidiaries to conduct operations in accordance with the highest legal and ethical standards. The Code of Ethics applies to all of the Corporation's officers, directors and employees. Each is responsible for understanding and complying with the Code of Ethics. The Code of Ethics is posted on the Corporation's website, which is www.osg.com, and is available in print upon the request of any stockholder of the Corporation.

Executive Sessions of the Board. To ensure free and open discussion and communication among the non-management directors, the Corporate Governance Guidelines provide that non-management directors meet in executive session at the end of each regular meeting of the Board; at least one of such executive sessions shall exclude non-management directors who do not qualify as independent. In accordance with the Guidelines, the non-executive Chairman of the Board of Directors chairs the executive sessions. Any non-management director can request that an additional executive session be scheduled.

Committees

The Corporation has three standing committees of its Board: the Audit Committee, the Corporate Governance and Nominating Committee and the Compensation Committee. Each of these committees has a charter that is posted on the Corporation's website, www.osg.com, and is available in print upon the request of any stockholder of the Corporation.

Audit Committee. The Audit Committee is required to have no fewer than three members all of whom must be independent directors. During 2004, the Audit Committee consisted of Messrs. Zimmerman (Chairman), Pickett, William L. Frost (who retired in June 2004) and Andreas (who was elected to the Committee in June 2004). The Board determined that Mr. Zimmerman is an audit committee financial expert, as defined by rules of the SEC. The Audit Committee met five times during 2004.

The Audit Committee oversees the Corporation's accounting, financial reporting process, internal controls and audits and consults with management, the internal auditor and the Corporation's independent registered public accounting firm on, among other things, matters related to the annual audit, and published financial statements and the accounting principles applied. As part of its duties, the Audit Committee retains the Corporation's independent registered public accounting firm, subject to stockholder ratification. It maintains direct responsibility for the compensation and oversight of the Corporation's independent registered public accounting firm and evaluates the independent registered public accounting firm's qualifications, performance and independence. The Audit Committee has established policies and procedures for the pre-approval of all services provided by the Corporation's independent registered public accounting firm.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is required to have no fewer than two members, all of whom must be independent directors. During 2004, the Corporate Governance and Nominating Committee consisted of Messrs. Oudi Recanati (Chairman), Komaroff, Merkin and Zimmerman. The Committee is required to meet as many times as necessary each year. In 2004, the Corporate Governance and Nominating Committee met two times. The Corporate Governance and Nominating Committee considers and makes recommendations on matters related to the practices, policies and procedures of the Board and takes a leadership role in shaping the corporate governance of the Corporation. As part of its duties, the Committee assesses the size, structure and composition of the Board and Board committees, coordinates evaluation of Board performance and reviews Board compensation. The Committee also acts as a screening and nominating committee for candidates considered for election to the Board. In this capacity it concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors set forth in the Corporate Governance Guidelines. The Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, stockholders or external sources and all self-nominated candidates. The Committee uses the same criteria for evaluating candidates nominated by stockholders and self-nominated candidates as it does for those proposed by other Board members, management and search consultants.

To be considered for membership on the Board, the following criteria are considered:

judgment, character, age, integrity, expertise, tenure on the Board, skills and knowledge useful to the oversight of the Corporation's business;

status as "independent" or an "audit committee financial expert" or "financially literate" as defined by the NYSE or the SEC;

high level managerial, business or other relevant experience, including, but not limited to, experience in the industries in which the Corporation operates, and, if the candidate is an

Edgar Filing: OVERSEAS SHIPHOLDING GROUP INC - Form DEF 14A

existing member of the Board, any change in the member's principal occupation or business associations;

absence of conflicts of interest with the Corporation;

status as a U.S. citizen; and

ability and willingness of the candidate to spend a sufficient amount of time and energy in furtherance of Board matters.

A stockholder may recommend a person as a nominee for director by writing to the Secretary of the Corporation. Recommendations must be received by December 31, 2005 in order for a candidate to be considered for election at the 2006 Annual Meeting. Each recommendation for nomination should contain the following information: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had such nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Corporation if so elected. All the director nominees named in this proxy statement were evaluated under the criteria set forth above and recommended by the Corporate Governance and Nominating Committee for election by stockholders at the Annual Meeting.

All nominees for election at the Annual Meeting were previously elected to the board by stockholders other than Mr. Thomas F. Robards, who was elected in April 2005 by the board after coming to the attention of the Corporate Governance and Nominating Committee through the recommendation of a member of such committee.

Compensation Committee. The Compensation Committee is required to have no fewer than two members, all of whom must be independent directors. During 2004 the Compensation Committee consisted of Messrs. Fribourg (Chairman), Oudi Recanati and Coleman (who was elected to the Committee in June 2004). The Committee met six times during 2004. The Compensation Committee makes recommendations to the Board as to the Corporation's general compensation philosophy, determines which of the corporate goals and objectives established by the Board are relevant to the compensation of the Corporation's Chief Executive Officer ("CEO"), evaluates the performance of the CEO in light of those goals and objectives, and determines and approves the CEO's compensation level based on this evaluation; establishes annual compensation, including benefits and perquisites of all executive officers of the Corporation, and reports such determinations and actions to the Board; reviews and approves employment agreements, severance agreements, change of control agreements and other similar agreements relating to executive officers; and establishes and modifies incentive-compensation plans and equity-based plans, and monitors such plans and their administration. The Compensation Committee also prepares an Annual Report of the Compensation Committee on Executive Compensation for inclusion in the Corporation's annual proxy statement or Annual Report on Form 10-K in accordance with the applicable rules and regulations of the SEC.

continued coverage for the executive and his dependents under the Corporation's health plan and for the executive under the Corporation's life insurance plan. If and to the extent that these payments and benefits, and any other amounts owed to Messrs. Arntzen, Itkin, Johnston and Swift as a result of a change of control, constitute "excess parachute payments" under Section 280G of the Internal Revenue Code of 1986, as amended, the excess parachute payments are subject to excise tax (and are not deductible to the Corporation); in that event, the amounts to be paid to Messrs. Arntzen, Itkin, Johnston and Swift under the terms of the agreements will be reduced such that no excise tax will apply.

The Corporation also has severance protection agreements in effect until July 2005 with each of Messrs. Itkin, Johnston and Swift providing that if the executive's employment is terminated without cause or he resigns with good reason (as such terms are defined in the agreements), he shall be paid the same amount of salary at the same times as he would have been paid if he had remained an employee for twenty-four months based on his highest annual base salary in the six-month period immediately prior to his termination or resignation (less certain taxes and reimbursements), incurred but unreimbursed business expenses, and any accrued but unpaid base salary, bonuses, vacation pay or other compensation. Under such agreements, the Corporation shall also pay the executive any other vested amounts or benefits under applicable employee benefit plans of the Corporation and provide continued health benefits for up to eighteen months.

PENSION PLAN

The Corporation through OSG Ship Management, Inc., its wholly owned subsidiary, maintains a pension plan (the "Pension Plan") which provides employees hired prior to January 1, 2005 with annual retirement benefits based upon age, credited service and average compensation (comprised of salaries, bonuses and incentive compensation) for the highest five successive years of the last ten years prior to retirement. An additional year of credited service is recognized each year during the five year period ending on December 31, 2005 for those employed at the end of 2002 pursuant to the Corporation's program to transfer certain administrative functions to the Newcastle, United Kingdom office. The Pension Plan is non-contributory by the employee, and the contributions to the Pension Plan are determined on an actuarial basis without individual allocation.

The annual pension payable to any employee under the Pension Plan may not exceed the limitations imposed for qualified plans under Federal law. However, under supplemental retirement plans the Named Executive Officers will be entitled to the additional benefits that would have been payable to them under the Pension Plan in the absence of such limitations. Payments under the supplemental retirement plans will be accelerated upon a "change of control" as defined therein.

The following table sets forth the estimated annual pensions payable under the Pension Plan and the supplemental retirement plans (subject to reduction on an actuarial basis where survivorship benefits are provided), upon normal retirement, to employees at various compensation levels and in representative years-of-service classifications, calculated before application of the Social Security offset provided for in the Pension Plan:

COMPENSATION OF DIRECTORS

Non-employee directors of the Corporation receive a director's fee of \$30,000 per year, payable quarterly (increased from \$25,000 per year as of June 1, 2004), and a fee of \$1,500 for each meeting of the Board of Directors they attend (increased from \$1,000 per meeting as of June 1, 2004). The Chairman of the Board of Directors, a non-executive position, receives a fee of \$100,000 per year, payable quarterly. In addition, the Chairman of the Audit Committee receives a fee of \$10,000 per year, payable quarterly, and each member of the Audit Committee receives a fee of \$1,500 for each committee meeting he attends (increased from \$1,000 per meeting as of June 1, 2004). Each member of the Corporate Governance and Nominating Committee and the Compensation Committee receives a fee of \$1,500 for each committee meeting attended (increased from \$1,000 per meeting as of June 1, 2004). The Chairmen of the Corporate Governance and Nominating Committee and the Compensation Committee are each entitled to an annual fee of \$7,500, payable quarterly, but each of them has waived his rights to such annual fee.

Under the 1999 Non-Employee Director Stock Option Plan (the "1999 Plan") each non-employee director is granted an option to purchase 7,500 shares of Common Stock upon his becoming a director (for those directors who held office when the 1999 Plan was adopted, such option was granted at the inception of the 1999 Plan). The options are granted at the fair market value of the Common Stock on the date of grant and become exercisable in three equal annual installments commencing one year after the date of the option grant. The 1999 Plan also provides for an annual grant of an option to purchase 1,000 shares of Common Stock to each continuing non-employee director following the annual stockholders meeting at the fair market value of the Common Stock on the date of grant, exercisable commencing one year after such date.

Pursuant to the 1999 Plan, on July 1, 2004, all non-employee directors were each granted an option to purchase 1,000 shares of Common Stock at \$44.47 per share, other than Mr. Andreas who became a director on June 1, 2004 and received an option to purchase 7,500 shares of Common Stock at \$41.37 per share.

With the approval of the 2004 Stock Incentive Plan, all stock based awards to directors after July 1, 2004 will be made pursuant to such Plan. The Compensation Committee has not determined the terms of any such awards to directors and none have been made to date.

EXECUTIVE COMPENSATION REPORT OF THE COMPENSATION COMMITTEE

In accordance with rules of the SEC, the Report on Executive Compensation does not constitute "soliciting material" and is not incorporated by reference in any filings with the SEC made pursuant to the 1933 Act or the 1934 Act.

The Compensation Committee (the "Committee") of the Board of Directors reviews and determines compensation for members of senior management. It is composed of three non-employee directors of the Corporation who meet all applicable independence requirements of the SEC and NYSE: Charles A. Fribourg, Oudi Recanati and Thomas B. Coleman. The Committee's compensation policies are designed to promote the following objectives:

to attract and motivate talented executives, and to encourage their long term tenure with the Corporation;

to compensate executives based upon the value of their individual contributions in achieving corporate goals and objectives;
and

to motivate executives to maximize stockholder values.

In setting annual compensation levels, the Committee takes into account year-to-year comparisons of financial performance, as well as many other factors. Because the Corporation's results over a short

term period are significantly affected by bulk shipping market dynamics beyond the Corporation's control, financial results attributable solely to rate changes are not the principal element in determining compensation. Instead, the Committee considers management's initiatives in enhancing the Corporation's financial results in all rate environments and in achieving other corporate objectives. In 2004 these objectives included: developing and implementing a comprehensive strategic plan for the Corporation; utilizing the Corporation's strong technical and operational capabilities to pursue growth opportunities in the Corporation's existing crude tanker and U.S. Flag businesses as well as sectors of the shipping industry that are new to the Corporation and offer favorable financial returns; improving the financial strength and flexibility of the Corporation; supporting legislation that would provide for tax deferral on the Corporation's foreign shipping income and put the Corporation on a level playing field with its international competitors with respect to income taxes; and conducting an active vessel purchase and sale program to acquire ships that offer attractive equity returns and to dispose of vessels whose expected financial returns are less than those of most of the Corporation's fleet.

In addition to base salary, the Corporation has adopted an Incentive Compensation Plan designed to reward employees at all levels for their performance as measured against individual goals. The Plan provides for significant enhancement of cash and equity based awards based on the Corporation's financial performance in attaining earnings thresholds established at the beginning of each year. The Committee believes that the Plan is an appropriate and effective means of motivating employees to help achieve the Corporation's key financial and operating objectives.

In setting executive compensation for 2004, the Committee noted that the Corporation achieved record earnings of \$401.2 million compared with \$121.3 million for 2003, which was the Corporation's highest annual net income until 2004. While such earnings reflect the high time charter equivalent revenue in all tanker segments in which the Corporation operates, notably in the fourth quarter of the year, the Committee believes that such record results also reflected management's achievement in acquiring vessels through purchases and charters at favorable prices and charter rates as well as disposals of older tankers at attractive prices.

The Committee noted that management had developed and started implementing a strategic plan to expand and diversify the Corporation's business, highlighted by the Corporation's signing in December 2004 of a merger agreement to acquire Stelmar Shipping Ltd., a leading international shipping company with a fleet of 40 vessels aggregating 2.3 million deadweight tons. The acquisition, which was completed in January 2005, resulted in the Corporation becoming the second largest publicly traded oil transportation company measured by number of vessels, with a leading position in both crude and product tanker segments.

The Committee also noted that in November 2004 the Corporation entered into the liquefied natural gas ("LNG") transportation business through the formation of a joint venture with Qatar Gas Transport Company Limited (Nakilat). The joint venture ordered four 216,000 cubic meters LNG Carriers and time chartered such vessels upon delivery for 25 year terms (with options to extend) to a subsidiary of Qatar Petroleum and ExxonMobil. This transaction provides the Corporation with a platform to expand into the LNG transportation sector, a segment of the shipping industry that management believes offers attractive growth opportunities.

In October 2004, Congress passed the American Jobs Creation Act of 2004 which, for taxable years beginning in 2005, reinstates the indefinite deferral of United States taxation on foreign shipping income until such income is repatriated to the United States as dividends. For 2004, substantially all of the Corporation's pre-tax income was foreign shipping income. The Corporation intends to permanently reinvest its foreign shipping income which will indefinitely defer taxation on such income. Management actively supported this tax legislation and the Committee believes that its enactment has materially strengthened the financial position of the Corporation.

The Committee also considered management's efforts to improve the Corporation's financial strength and flexibility. In particular, the Committee noted the Corporation's sale in January 2004 of

3,200,000 shares of its common stock, which generated proceeds of \$115.5 million, and sale in February 2004 of \$150 million principal amount of senior unsecured notes due in February 2024. These actions contributed to the strength of the Corporation's balance sheet which provides the Corporation with the financial flexibility needed to compete effectively and to pursue attractive growth opportunities. At December 31, 2004, the Corporation's liquidity adjusted debt to capital ratio stood at 15% compared with 42.6% at December 31, 2001.

While the Committee took the foregoing accomplishments into account, the Committee's compensation determinations for the Corporation's executive officers are to some extent subjective and are not arrived at by application of any specific formula. The Committee also takes into account an executive's length of service and particular contributions over the executive's entire career with the Corporation. While the Committee considers many aspects of an individual's performance, it does not give particular weight to or quantify any one or more performance factors.

Mr. Arntzen's compensation reflects his leadership of the Corporation and his active participation in developing and implementing the Corporation's strategic plan. In his capacity as President and Chief Executive Officer of the Corporation, Mr. Arntzen spearheaded the successful effort to acquire Stelmar Shipping Ltd., a transforming event for the Corporation. Mr. Arntzen played a key leadership role in the Corporation's entry into the LNG transportation business. To a large extent Mr. Arntzen's compensation reflects an assessment of his performance based upon the subjective judgment of the Committee. The Committee believes that Mr. Arntzen's compensation and the benefits he receives under his employment agreement are appropriate and reasonable in light of his contribution to the growth and success of the Corporation.

Pursuant to Section 162(m) of the Code, compensation exceeding \$1 million paid to the Corporation's executive officers may not be deducted by the Corporation unless such compensation is performance based and paid pursuant to criteria approved by the stockholders. In 2004, the Board of Directors adopted and the stockholders approved the Corporation's Executive Performance Incentive Plan pursuant to which compensation paid under such Plan will be fully deductible under Section 162(m). Commencing in 2005, it is the Corporation's general policy to structure its incentive plans so that bonus and equity compensation paid to the Company's five most highly compensated executive officers qualify for the performance-based compensation exemption under Section 162(m) and are deductible for federal income tax purposes under Section 162(m), unless there is a valid compensation reason that would justify paying non-deductible amounts. Such action may be necessary in order for the Corporation to meet competitive market pressures and to ensure that it is able to attract and retain top talent to lead the organization successfully.

The Committee believes that the interests of stockholders are best served by granting stock based incentives to employees and thereby giving them the opportunity to participate in appreciation in the Corporation's stock over an extended period. In this way, the profitability and value of the Corporation is enhanced for the benefit of stockholders by enabling the Corporation to offer employees stock based incentives in the Corporation in order to attract, retain and reward such individuals and strengthen the mutuality of interests between such individuals and the stockholders. The Corporation's 2004 Stock Incentive Plan, approved by the stockholders, is administered by the Committee. The Committee determines the persons to whom stock based incentives will be granted under the Plan and allocates the amounts to be granted to such persons. For 2004, the Committee granted to the Named Executives other than Mr. Cowen both shares of restricted stock, which vests in equal installments over a four year period, and stock options, which vests in equal annual installments over a three year period.

SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP as independent registered public accounting firm for the Corporation and its subsidiaries for the year 2005 subject to the ratification of the stockholders at the Annual Meeting. If the appointment is not ratified by the stockholders, the selection of the Corporation's independent registered public accounting firm will be reconsidered by the Audit Committee.

Ernst & Young LLP is a well known and well qualified firm of public accountants which (including its predecessors) has served as the independent registered public accounting firm of the Corporation since the Corporation was organized in 1969. Representatives of Ernst & Young LLP will attend the Annual Meeting and be afforded an opportunity to make a statement, as well as be available to respond to appropriate questions submitted by stockholders.

Audit Fees. Audit fees incurred by the Corporation to Ernst & Young LLP in 2004 and 2003 for professional services rendered for the audit of the Corporation's annual financial statements for the years ended December 31, 2004 and 2003, the review of the financial statements included in the Corporation's Forms 10-Q, statutory financial audits for subsidiaries of the Corporation as well as those services that only the independent auditor reasonably could have provided and services associated with documents filed with the SEC and other documents issued in connection with securities offerings, were \$770,000 and \$431,300, respectively.

Audit-Related Fees. Audit-related fees incurred by the Corporation to Ernst & Young LLP in 2004 and 2003 for accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit services", assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities, and assistance with internal control reporting requirements, were \$5,480 and \$40,944, respectively.

Tax Fees. Total fees incurred by the Corporation to Ernst & Young LLP for tax compliance, tax advice and tax planning for 2004 and 2003 were \$47,642 and \$530,098, respectively.

All Other Fees. During 2004 and 2003, no services were performed by, or fees incurred to, Ernst & Young LLP other than as described above.

The Audit Committee considered whether the provision of services described above under "Tax Fees" is compatible with maintaining Ernst & Young LLP's independence.

The Audit Committee has established policies and procedures for pre-approving audit and permissible non-audit work performed by its independent registered public accounting firm. As set forth in the pre-approval policies and procedures, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent auditor. The Audit Committee will annually review and pre-approve the services that may be provided by the independent auditor without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add or subtract to the list of general pre-approved services from time to time, based on subsequent determinations. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee. In each case, the Audit Committee sets a specific annual limit on the amount of such services the Corporation could obtain from its independent registered public accounting firm without seeking specific approval, and requires management to report each specific engagement to the Audit Committee on a quarterly basis.

The Board of Directors recommends that stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm for the year ending December 31, 2005.

AUDIT COMMITTEE REPORT

Management has primary responsibility for maintaining effective internal control over financial reporting, for assessing the effectiveness of internal control over financial reporting and for preparation of the consolidated financial statements of the Corporation. The Corporation's independent registered public accounting firm is responsible for performing independent audits of the Corporation's consolidated financial statements in accordance with auditing standards generally accepted in the United States and the effectiveness of the Corporation's internal control over financial reporting based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and issuing reports thereon. The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors.

In fulfilling its oversight responsibilities, the Audit Committee has met and held discussions with management and the Corporation's independent registered public accounting firm concerning the quality of the accounting principles, the reasonableness of significant judgments and the adequacy of disclosures in the financial statements. Management represented to the Audit Committee that the Corporation's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed the consolidated financial statements with management and the Corporation's independent registered public accounting firm. The Audit Committee further discussed with the Corporation's independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended. The Audit Committee met five times during 2004. The members of the Audit Committee are considered to be independent because they satisfy the independent requirements for Board of Directors members prescribed by the NYSE listing standards and Rule 10A-3 under the 1934 Act.

The Corporation's independent registered public accounting firm also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as amended, and the Audit Committee discussed with the independent registered public accounting firm their independence and considered the compatibility of nonaudit services with the registered public accounting firm's independence.

The Committee also reviewed management's report on its assessment of the effectiveness of the Corporation's internal control over financial reporting and the Corporation's independent registered public accounting firm's report on management's assessment and the effectiveness of the Corporation's internal control over financial reporting.

Based upon the Audit Committee's discussions with management and the Corporation's independent registered public accounting firm, the Audit Committee's review of the representations of management, the certifications of the Corporation's chief executive officer and chief financial officer which are required by the Securities and Exchange Commission and the Sarbanes-Oxley Act of 2002, and the report and letter of the independent registered public accounting firm provided to the Audit Committee, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the audited consolidated financial statements and management's assessment of the effectiveness of the Corporation's internal control over financial reporting referred to above be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the SEC. The Audit Committee has also approved, subject to stockholder ratification, the

selection of Ernst & Young LLP as the Corporation's independent registered public accounting firm for 2005.

PROPOSALS FOR 2006 MEETING

Any proposals of stockholders that are intended to be presented at the Corporation's 2006 Annual Meeting of Stockholders must be received at the Corporation's principal executive offices no later than December 31, 2005, and must comply with all other applicable legal requirements, in order to be included in the Corporation's proxy statement and form of proxy for that meeting.

A stockholder who intends to submit a proposal for the Corporation's 2006 Annual Meeting that the stockholder does not intend to request be included in the Corporation's 2006 Proxy Statement in accordance with SEC rules must give notice to the Corporation prior to March 15, 2006. If the stockholder does not provide the Corporation with timely notice of such a proposal, the persons designated as management proxies on the Corporation's proxy card may exercise their discretionary authority to vote on that proposal. If the stockholder does provide the Corporation with timely notice of such a proposal, depending upon the circumstances, management proxies may not be able to exercise their discretionary authority to vote on the proposal.

GENERAL INFORMATION

The Board of Directors is not aware of any matters to be presented at the meeting other than those specified above. If any other matter should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment.

All shares represented by the accompanying proxy, if the proxy is duly executed and received by the Corporation at or prior to the meeting, will be voted at the meeting in accordance with the instructions provided therein. If no such instructions are provided, the proxy will be voted for the election of directors and for the ratification of the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm. Under Delaware law and the Corporation's Certificate of Incorporation and By-Laws, if a quorum is present, directors are elected by a plurality of the votes cast by the holders of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Ratification of the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm for 2005 requires the affirmative vote (in person or by proxy) of the holders of a majority of the shares of the Common Stock entitled to vote present or represented at the Annual Meeting. A majority of the outstanding shares entitled to vote, present in person or represented by proxy, constitutes a quorum. Shares represented by proxies or ballots withholding votes from one or more directors will not be counted in the election of that director but will be counted for purposes of determining a quorum. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Abstentions will be counted in tabulations of the votes cast on each of the proposals presented at the Annual Meeting, whereas broker non-votes will not be counted for purposes of determining the number of votes cast.

The cost of soliciting proxies for the meeting will be borne by the Corporation. The Corporation will also reimburse brokers and others who are only record holders of the Corporation's shares for their reasonable expenses incurred in obtaining voting instructions from beneficial owners of such shares. Directors and officers of the Corporation may solicit proxies personally or by telephone or telegraph but will not receive additional compensation for doing so.

The Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2004 has been mailed to stockholders. The Annual Report does not form part of this Proxy Statement.
