Table of Contents

Who may vote at the Annual Meeting?

If you owned NetSuite's common stock at the close of business on April 25, 2016 (the "Record Date"), then you may attend and vote at the meeting. At the close of business on the Record Date, we had 80,436,442 shares of common stock issued and outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each stockholder of record is entitled to one vote for each share of common stock held by such stockholder.

What is the difference between holding shares as a stockholder of record and as a beneficial owner of shares held in street name?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Wells Fargo Shareholder Services, or Wells Fargo, you are considered the stockholder of record with respect to those shares, and the proxy materials were sent directly to you by NetSuite.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the proxy materials were forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

What is the quorum requirement for the Annual Meeting?

A majority of NetSuite's outstanding shares on the Record Date must be present at the meeting in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against, withheld or abstained, or broker non-votes, if you:

Are present and vote in person at the meeting; or

Have voted on the Internet, by telephone or by properly submitting a proxy card or voting instruction form by mail.

If I am a stockholder of record of NetSuite's shares, how do I vote?

If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the Internet, by mail or by telephone by following the instructions provided in the proxy materials.

You may also vote in person at the Annual Meeting. We will give you a ballot when you arrive. Directions to the Annual Meeting are available on our corporate website at <http://www.netsuite.com/portal/investors/event.shtml>.

If I am a beneficial owner of shares held in street name, how do I vote?

If you are a beneficial owner of shares held in street name, you may vote by proxy. You may vote by proxy over the Internet, by mail or by telephone by following the instructions provided in the proxy materials.

You may also vote in person at the Annual Meeting. To vote in person, you must obtain a valid proxy from the organization that holds your shares. Directions to the Annual Meeting are available on our corporate website at <http://www.netsuite.com/portal/investors/event.shtml>.

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

Indicate when voting on the Internet or by telephone that you wish to vote as recommended by our board of directors or

Edgar Filing: NETSUITE INC - Form DEF 14A

If you sign and return a proxy card without giving specific voting instructions,

Table of Contents

then the proxy holders will vote your shares in the manner recommended by our board of directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization (*e.g.*, your broker) that holds your shares with voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform our Inspector of Election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote." When our Inspector of Election tabulates the votes for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present, but will not otherwise be counted. We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the proxy materials.

If you are a beneficial owner of shares held in street name, it is important for you to cast a vote if you want it to count in the election of directors (Proposal 1), the approval of the 2016 Equity Incentive Plan (Proposal 2), the non-binding, advisory vote on named executive compensation (Proposal 3), and the non-binding, advisory vote on the frequency of the advisory vote on executive compensation (Proposal 4). In the past, if a beneficial owner held shares in street name and did not indicate how the holder wanted the shares voted in the election of directors, the beneficial owner's bank or broker was allowed to vote those shares on the holder's behalf in the election of directors as they felt appropriate. Changes in applicable regulations were made to take away the ability of a beneficial owner's bank or broker to vote uninstructed shares on non-routine matters on a discretionary basis. Thus, if a beneficial owner holds shares in street name and does not instruct the bank or broker how to vote in the election of directors, the approval of the 2016 Equity Incentive Plan, the non-binding, advisory vote on executive compensation, or the non-binding, advisory vote on the frequency of the advisory vote on executive compensation, no votes will be cast on that holder's behalf. The beneficial owner's bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company's independent registered public accounting firm (Proposal 5). If you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our board of directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the meeting.

Which ballot measures are considered "routine" or "non-routine"?

Proposal 1 (election of directors), Proposal 2 (approval of the 2016 Equity Incentive Plan), Proposal 3 (non-binding, advisory vote on named executive compensation), and Proposal 4 (non-binding, advisory vote on the frequency of the advisory vote on executive compensation) involve matters that are considered non-routine. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1 through 4. Proposal 5 (ratification of appointment of independent registered public accounting firm) involves a matter that we believe is considered routine. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 5.

How are abstentions treated?

Abstentions are counted for purposes of determining whether a quorum is present. For the purpose of determining whether the stockholders have approved a matter, abstentions are treated as represented and entitled to vote and, therefore, have the same effect on the outcome of a matter being voted on at the Annual Meeting as a vote "AGAINST" or "WITHHELD" except in elections of directors where abstentions have no effect on the outcome.

Table of Contents

What is the voting requirement to approve each of the proposals?

The following table sets forth the voting requirement with respect to each of the proposals:

<p>Proposal 1 Election of directors</p>	<p>Each director must be elected by a majority of the votes cast, meaning that a director nominee will be elected only if the number of votes "FOR" the nominee exceeds the number of votes "AGAINST" the nominee. Only votes "FOR" or "AGAINST" will affect the outcome. Abstentions or broker non-votes will not affect the outcome of the vote.</p>
<p>Proposal 2 Approval of the 2016 Equity Incentive Plan</p>	<p>To be approved by our stockholders, a majority of the shares represented and entitled to vote on this proposal must vote "FOR" this proposal. Abstentions are considered votes cast and, thus, will have the same effect as a vote "AGAINST" the proposal. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote.</p>
<p>Proposal 3 Non-binding Advisory Vote on Named Executive Compensation</p>	<p>To be approved by our stockholders on a non-binding, advisory basis, a majority of the shares represented and entitled to vote on this proposal must vote "FOR" this proposal. Abstentions are considered votes cast and, thus, will have the same effect as a vote "AGAINST" the proposal. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote. Even though your vote is advisory and therefore will not be binding on us, the board of directors and the compensation committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.</p>
<p>Proposal 4 Non-binding Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation</p>	<p>The frequency of a non-binding advisory vote on executive compensation will be determined by which frequency receives the highest number of votes cast. Abstentions will not have an effect. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote. Even though your vote is advisory and therefore will not be binding on us, the board of directors will review the voting results and take them into consideration when making future decisions regarding the frequency of the advisory vote on executive compensation.</p>
<p>Proposal 5 Ratification of appointment of independent registered public accounting firm</p>	<p>To be approved by our stockholders, a majority of the shares represented and entitled to vote on this proposal must vote "FOR" this proposal. Abstentions are considered votes cast and, thus, will have the same effect as a vote "AGAINST" the proposal.</p>

Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may vote again on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked.

Table of Contents

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within NetSuite or to third parties, except:

As necessary to meet applicable legal requirements;

To allow for the tabulation and certification of votes; or

To facilitate a successful proxy solicitation.

Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to management and our board of directors.

Who will serve as Inspector of Elections?

The Inspector of Elections is expected to be a representative from Wells Fargo.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the Inspector of Elections and published in a Current Report on Form 8-K that we expect to file with the Securities and Exchange Commission ("SEC") within four business days following the Annual Meeting.

Who is paying for the cost of this proxy solicitation?

NetSuite is paying the costs of the solicitation of proxies. We will pay brokerage firms and other persons representing beneficial owners of shares held in street name certain fees associated with:

Forwarding printed proxy materials by mail to stockholders of record and beneficial owners; and

Obtaining beneficial owners' voting instructions.

We have retained a proxy solicitor. We expect that the fees for such solicitor will be less than \$25,000. Our board members, officers and employees also may solicit proxies on our behalf, without additional compensation, personally or by telephone. We may also solicit proxies by email from stockholders who are our employees or who previously requested to receive proxy materials electronically.

How will NetSuite's significant stockholder vote its shares on these matters?

On the Record Date, NetSuite Restricted Holdings LLC (the "LLC") held 31,964,891 shares of our common stock. As of the Record Date, those shares represented approximately 39.7% of our outstanding stock. The LLC is a limited liability company beneficially owned by Lawrence J. Ellison, and was formed for the limited purpose of holding NetSuite shares, voting the shares as required by the LLC's operating agreement (as described below), and funding charitable gifts if and when directed by Mr. Ellison. The LLC is managed solely by a third party who is unrelated to NetSuite or Mr. Ellison.

The operating agreement for the LLC contains provisions regarding the voting of our shares that are designed to neutralize the voting power of the shares of our stock held by the LLC, and that require that all the shares held by the LLC that are entitled to be voted at any meeting of our stockholders will be present and voted at such meeting, except as described below. These provisions require the shares held by the LLC to be voted on each matter presented in strict proportion (for, against, withheld, and/or abstain) to the votes collectively cast by all of our other stockholders who are present and voting, other than shares beneficially owned by Mr. Ellison or members of his family, shares owned by trusts

Edgar Filing: NETSUITE INC - Form DEF 14A

created for the benefit of Mr. Ellison's family members, and shares beneficially owned by any person or group that makes (or under applicable law is required to make) a filing on Schedule 13D with the SEC. These voting provisions apply to all matters brought before our stockholders, except transactions involving a change of control, dissolution,

Table of Contents

sale of substantially all the assets, or a liquidation of NetSuite, in which case the shares held by the LLC will be voted as directed by Mr. Ellison.

How can stockholders submit a proposal for inclusion in our proxy statement for the 2017 Annual Meeting?

To be included in our proxy statement for the 2017 Annual Meeting, stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934 and be received by our Secretary at our principal executive offices no later than December 30, 2016, or no later than 120 calendar days before the one-year anniversary of the date on which we first released our proxy statement to stockholders in connection with this year's Annual Meeting.

How can stockholders submit proposals to be raised at the 2017 Annual Meeting that will not be included in our proxy statement for the 2017 Annual Meeting?

To be raised at the 2017 Annual Meeting, stockholder proposals must comply with our Bylaws. Under our Bylaws, a stockholder must give advance notice to our Secretary of any business, including nominations of candidates for election as directors for our board that the stockholder wishes to raise at our Annual Meeting. To be timely, the notice must be delivered to or mailed and received by our Secretary at our principal executive offices not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the anniversary date of the immediately preceding annual meeting. Since our 2016 Annual Meeting is being held on June 21, 2016, stockholder proposals must be received by our Secretary at our principal executive offices no earlier than February 21, 2017 and no later than March 23, 2017, in order to be raised at our 2016 Annual Meeting.

What if the date of the 2017 Annual Meeting changes by more than 30 days from the anniversary of this year's Annual Meeting?

Under Rule 14a-8 of the Securities Exchange Act of 1934, as amended, if the date of the 2017 Annual Meeting changes by more than 30 days from the anniversary of this year's Annual Meeting, to be included in our proxy statement, stockholder proposals must be received by us within a reasonable time before our solicitation is made.

Under our Bylaws, if the date of the 2017 Annual Meeting changes by more than 30 days from the anniversary of this year's Annual Meeting, stockholder proposals to be brought before the 2017 Annual Meeting must be received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first.

Does a stockholder proposal require specific information?

With respect to a stockholder's nomination of a candidate for our board, the stockholder notice to the Secretary must contain certain information as set forth in our Bylaws about both the nominee and the stockholder making the nomination. With respect to any other business that the stockholder proposes, the stockholder notice must contain a brief description of such business and the reasons for conducting such business at the meeting, as well as certain other information as set forth in our Bylaws. If you wish to bring a stockholder proposal or nominate a candidate for director, you are advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. Our current Bylaws may be found on our corporate website at www.netsuite.com under the headings "Company/Investors/Corporate Governance."

What happens if we receive a stockholder proposal that is not in compliance with the time frames described above?

If we receive notice of a matter to come before the 2017 Annual Meeting that is not in accordance with the deadlines described above, we will use our discretion in determining whether or not to bring such matter before such meeting. If such matter is brought before such meeting, then our proxy card for such meeting will confer upon our proxy holders' discretionary authority to vote on such matter.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

Our board of directors currently consists of nine directors and is divided into three classes, with the nominees for one class to be elected at each annual meeting of stockholders, to hold office for a three-year term and until successors of such class have been elected and qualified, subject to their earlier death, resignation or removal. The terms of the Class III directors are scheduled to expire on the date of the upcoming Annual Meeting. Based in part on the recommendation of the nominating and governance committee of the board of directors, the board of directors' nominees for election by the stockholders are the current Class III members of the board of directors, William Beane III, Deborah Farrington, James McGeever, and Edward Zander. Mr. McGeever joined our board of directors in August 2015, and was added to Class III so that he would be eligible for election by the vote of our stockholders at the upcoming Annual Meeting. If elected, the nominees will serve as directors until our annual meeting of stockholders in 2019 and until their successors are elected and qualified, subject to their earlier death, resignation or removal.

The names and certain information about the nominees for election as directors and the continuing directors in each of the other two classes of our board of directors are set forth below. There are no family relationships among any of our directors or executive officers.

It is intended that the proxy will be voted, unless otherwise indicated, for the election of the nominees as Class III directors to the board of directors. If any of the nominees, for any reason, should be unable or unwilling to serve at any time prior to the Annual Meeting, the proxies will be voted for the election of such other person as a substitute nominee as our board of directors may designate in place of such nominee.

Our bylaws and Corporate Governance Guidelines provide for a majority voting standard in uncontested elections of directors. An uncontested election is one in which the number of nominees for director does not exceed the number of directors to be elected. The director election taking place at this Annual Meeting is uncontested and, therefore, the majority voting standard will apply. Under the majority voting standard, in order for a nominee to be elected the votes cast "for" such nominee's election must exceed the votes cast "against" such nominee's election. We have adopted a policy pursuant to which an incumbent director nominee that receives a greater number of votes "against" his or her election than votes "for" such election will tender his or her resignation for consideration by our board of directors. Our nominating and governance committee will then recommend to the board of directors the action to be taken with respect to such offer of resignation.

Nominees for Class III Directors

The name and age as of March 31, 2016 of each nominee for director, his or her position with us, the year in which he or she first became a director and certain biographical information as of March 31, 2016 is set forth below:

Nelson, Goldberg, Beane, Thompson, Zander, and Gomo and Ms. Farrington and Kinney attended the 2015 Annual Meeting of Stockholders. Mr. McGeever was not a member of the board on the date of our 2015 Annual Meeting of Stockholders.

Corporate Governance***Risk Oversight***

Our senior management team is responsible for managing the Company's risk, and utilizes an enterprise risk management council consisting of a cross-functional team of senior functional area managers to assist management with risk assessment and mitigation planning. The enterprise risk management council also utilizes an independent, third party, risk management consulting firm and our internal audit department to assist with, advise on, and enhance the Company's risk management process.

Our board of directors as a whole provides oversight over the Company's enterprise risk management program. In performing this oversight, the board of directors focuses on what management and the board believe are the most significant risks, based upon a risk and mitigation assessment. The board of directors utilizes its committees, as appropriate, to assist the full board in carrying out this risk management oversight. At the request of the board of directors, the committees regularly review reports from management on top risks and related mitigation on approximately a quarterly basis, and provide reports to the full board. The audit committee of the board of directors, as required under its charter, inquires of, and provides oversight over, management and the Company's independent auditor concerning significant financial risk or exposures and the steps management has taken to minimize those risks. The audit committee also oversees the internal audit function. The compensation committee and audit committee assist the full board in assessing compensation risks. The nominating and governance committee provides oversight over management and governance risk, including through its and the full board's oversight of the succession planning process.

Our board of directors receives quarterly committee reports from each of the standing committees of the board of directors that are required by the New York Stock Exchange, and periodic reports from the corporate development committee. These reports assist the board in overseeing Company's enterprise risk management. Our board of directors and its committees also consider and discuss with management the processes in place relating to enterprise risk management and potential changes to such processes to be made in the future. Additional review or reporting of enterprise risks is conducted as needed or as requested by the board or any of its committees.

Board Independence

Our board of directors has undertaken a review of the independence of the directors and considered whether any director had a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our board of directors determined that William Beane III, Deborah Farrington, Steven J. Gomo, Catherine R. Kinney, Kevin Thompson and Edward Zander, representing all of our non-employee directors and six of our nine

Table of Contents

total directors, are "independent directors" as defined under the applicable rules of the New York Stock Exchange, constituting a majority of independent directors of our board of directors as required by the rules of the New York Stock Exchange.

Board Leadership Structure

The board recognizes that one of its significant responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The board also recognizes that there is no single accepted approach for such structure. As a result, the board does not have a policy on whether or not the roles of the chairman of the board and chief executive officer should be separate. The board believes it should be free to determine what is best for the Company at a given point in time. Furthermore, if the chairman of the board is an employee, the board will appoint an independent director as the "lead independent director."

Evan Goldberg, our founder and chief technology officer, is currently serving as our chairman of the board. Because Mr. Goldberg is an employee of the Company and is therefore not independent, the nominating and governance committee has appointed Deborah Farrington as our "lead independent director." The lead independent director is responsible for coordinating the activities of the independent directors, chairing executive sessions of the independent directors, reviewing and overseeing the board agenda and leading the board in connection with matters that require a leader other than the chairman. Executive sessions of independent directors are generally held in connection with each regularly scheduled in-person board meeting and at other times as necessary. The board of directors' policy is to hold executive sessions without the presence of management, including the chief executive officer and other non-independent directors. The audit committee and the compensation committee of the board of directors also generally meet in executive session at least on a quarterly basis and the nominating and governance committee and corporate development committee generally meet in executive session on at least an annual basis and at other times as necessary.

In considering its leadership structure, the board has taken a number of factors into account. The board which consists of a substantial majority of independent directors who are highly qualified and experienced exercises a strong, independent oversight function. This oversight function is enhanced by the fact that the audit, compensation and nominating and governance committees are comprised entirely of independent directors. Further, as discussed above, the board has designated one of its independent members as "lead independent director" with significant responsibilities. Based on these factors, the board believes that this leadership structure provides us with strong and consistent leadership and appropriate oversight.

Corporate Governance Guidelines and Code of Ethics

Our management and our board of directors regularly review and evaluate our corporate governance practices. The board of directors has adopted corporate governance guidelines that address the composition of and policies applicable to the board of directors. Our board of directors has adopted a code of ethics for our principal executive and senior financial officers. The code applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. Any substantive amendments to or waivers of the code of ethics relating to the executive officers or directors of the Company will be disclosed promptly on our website. Our corporate governance guidelines and our code of ethics are available on our corporate website at www.netsuite.com under the headings "Company/Investors/Corporate Governance" or in print by contacting Investor Relations at our principal executive offices.

Under our corporate governance guidelines, a director appointed by our board to fill a vacancy must stand for election at our next annual meeting of stockholders, regardless of whether the other directors in the same class as the newly appointed director are standing for election at such annual meeting. In addition, our corporate governance guidelines provide that no director on our board may serve on the board of directors of more than three publicly traded companies in addition to our board. Finally, our corporate governance guidelines now contain equity ownership guidelines for our executive officers and non-employee

directors. See the sections titled "Executive Compensation; Compensation Discussion and Analysis; Other Compensation Policies" and "Director Compensation; Equity Awards" for a description of these equity ownership guidelines.

Whistleblower Procedures

In accordance with the Sarbanes-Oxley Act of 2002, we have established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters and for the confidential, anonymous submission of concerns regarding accounting or auditing matters. If an individual has a concern regarding questionable accounting, internal accounting controls or auditing matters, or the reporting of fraudulent financial information, such individual may report their concern by sending a letter (which may be anonymous at the discretion of the reporting person), to us at our principal executive offices to the attention of the general counsel or, if such individual is uncomfortable reporting to the general counsel, to the attention of the chairman of the audit committee. Individuals may also report their concerns by telephone or online (which may be anonymous at the discretion of the reporting person) by using our ethics reporting system available on our Intranet website.

Director Nomination Procedures

The nominating and governance committee will consider director candidates recommended by stockholders. In considering candidates submitted by stockholders, the nominating and governance committee will take into consideration the needs of the board and the qualifications of the candidate. The nominating and governance committee may also take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held. To have a candidate considered by the nominating and governance committee, a stockholder must submit the recommendation in writing and must include the following information:

the name of the stockholder and evidence of the person's ownership of our stock, including the number of shares owned and the length of time of ownership;

the name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company; and

the written consent of the proposed candidate to be named as a nominee and to serve as a director if elected.

The stockholder recommendation and information described above must be sent to the corporate secretary at our principal executive offices and must be received by the corporate secretary not less than 90 days or more than 120 days prior to the anniversary date of our most recent annual meeting of stockholders. If the date of our annual meeting changes by more than 30 days from the anniversary of the prior year's annual meeting then the stockholder recommendation and information described above must be received by the corporate secretary not later than the close of business on the tenth (10th) day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first.

The nominating and governance committee believes that the minimum qualifications for serving as a director are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the board's oversight of the business and affairs of NetSuite and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the nominating and governance committee examines a candidate's specific experiences and skills, relevant industry background and knowledge, time availability in light of other commitments, potential conflicts of interest, interpersonal skills and compatibility with the board, ability to complement the competency and skills of the other board members and independence from management and the Company. The nominating and governance committee also seeks to have the board represent a diversity of backgrounds and experience.

Among other attributes, the nominating and governance committee may consider a director candidate's diversity of background and personal experience. In this context, diversity may encompass a candidate's

Table of Contents

particular race, ethnicity, national origin and gender, geographic residency, educational and professional history, community or public service, expertise or knowledge base and/or other tangible and intangible aspects of the candidate's background in relation to the personal characteristics of current directors and other potential director candidates. The nominating and governance committee does not have a formal policy specifying how diversity of background and personal experience should be applied in identifying or evaluating director candidates, and a candidate's background and personal experience, while important, does not necessarily outweigh other attributes or factors the nominating and governance committee may consider in evaluating any particular candidate.

The nominating and governance committee identifies potential nominees through independent research and through consultation with current directors and executive officers and other professional colleagues. The nominating and governance committee looks for persons meeting the criteria above. The nominating and governance committee also, from time to time, in its discretion, may engage firms that specialize in identifying director candidates. As described above, the nominating and governance committee will also consider candidates recommended by stockholders.

Once a person has been identified by the nominating and governance committee as a potential candidate, the committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the nominating and governance committee determines that the candidate warrants further consideration by the committee, the chairman or another member of the committee would contact the person. Generally, if the person expresses a willingness to be considered and to serve on the board, the nominating and governance committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the committee might be considering. The nominating and governance committee members and other board members may also conduct one or more interviews with the candidate, either in person, telephonically or both. In certain instances, nominating and governance committee members or other board members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Company also conducts a background check prior to appointing any new board members. The nominating and governance committee's evaluation process does not vary based on whether or not a candidate is recommended by a stockholder, although, as stated above, the nominating and governance committee may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

Communications with Directors

Our board of directors encourages stockholders or other interested parties who are interested in communicating directly with our independent directors as a group to do so by writing to the independent directors in care of our Secretary. Stockholders and interested parties may each send communications by mail to: Secretary, NetSuite Inc., 2955 Campus Drive, Suite 100, San Mateo, CA 94403-2511. Interested party correspondence addressed to our independent directors will be reviewed by our Secretary or his or her designee, who will forward to our independent directors all correspondence that, in the opinion of our Secretary, deals with the functions of the board or committees thereof or that our Secretary otherwise determines is appropriate to be sent to them.

PROPOSAL 2

APPROVAL OF THE 2016 EQUITY INCENTIVE PLAN

The stockholders are being asked to approve a new equity incentive plan, the 2016 Equity Incentive Plan (the "2016 Plan"). Based on the compensation committee's recommendation, our board of directors adopted the 2016 Plan on April 28, 2016, subject to approval from our stockholders at our 2016 Annual Meeting. If our stockholders approve the 2016 Plan, the 2016 Plan will replace our 2007 Equity Incentive Plan (the "2007 Plan") and will continue in effect until 2026 (unless earlier terminated by the 2016 Plan's administrator, as defined below), and we will cease granting awards under the 2007 Plan once the 2016 Plan is approved by our stockholders.

Reasons for Voting for Approval of the 2016 Plan

The 2016 Plan Will Allow Us to Continue Attracting and Retaining the Best Talent

Our 2007 Plan is scheduled to expire in June 2017. Our board of directors believes that our success depends on the ability to attract and retain the best available personnel and that the ability to grant equity awards is crucial to recruiting and retaining the services of such individuals. In addition, our board of directors believes that equity awards align the interests of employee and other service providers and stockholders by giving employees and other service providers an ownership stake in the company, motivate them to achieve outstanding performance, and provide an effective means of rewarding them for their contributions to our success. If stockholders do not approve the 2016 Plan at the 2016 Annual Meeting, we will be unable to continue our equity incentive program after our 2007 Plan expires in June 2017, which could prevent us from successfully attracting and retaining highly skilled employees and other service providers.

A Reasonable Number of Shares Will Be Reserved Under the 2016 Plan

If our stockholders approve the 2016 Plan, a total of 10,368,946 shares of our common stock ("Shares") will be reserved for issuance under the 2016 Plan (plus any Shares subject to outstanding equity awards granted under our 1999 Stock Plan (the "1999 Plan") or our 2007 Plan that are added to the 2016 Plan, as described in the summary of the 2016 Plan below). We anticipate that these Shares will be enough to meet our expected needs for the next three years. The compensation committee and our board of directors considered the following when determining the number of Shares to reserve for issuance under the 2016 Plan:

Number of Shares Remaining under the 2007 Plan. As of April 1, 2016, the number of Shares that remained available for issuance under the 2007 Plan was 6,704,091 plus any Shares subject to outstanding equity awards granted under our 2007 Plan that return to the 2007 Plan under the 2007 Plan's terms. Any shares made subject to new awards granted under the 2007 Plan between April 1, 2016 and the date the Plan is approved by our stockholders will reduce the shares available for issuance under the Plan. As of the same date, the outstanding equity awards under the 2007 Plan covered a total of 6,648,029 Shares, which consists of (i) 2,001,124 shares subject to outstanding options, with a weighted average exercise price of \$72.65, and a weighted term of 7.22 years and (ii) 4,646,905 shares subject to outstanding awards of RSUs and PSUs.

Overhang. As of April 1, 2016, 6,648,029 Shares were subject to outstanding equity awards under our 1999 Plan and 2007 Plan and 6,704,091 Shares were available for future awards under our 2007 Plan (which includes the 2,962,735 shares of our common stock added to the 2007 Plan from our annual evergreen on January 1, 2016). This represents approximately 16.6% of the outstanding Shares as of April 25, 2016.

Historical Grant Practices. The compensation committee and our board of directors considered the number of equity awards that we granted in the last three fiscal years. In 2013, 2014, and 2015, we granted equity awards covering 1,911,003, 2,042,032, and 2,014,632 Shares, respectively, for a total of approximately 5,967,667 Shares over that three-year period.

Table of Contents

Forecasted Grants. In projecting the rate we will issue Shares under the 2016 Plan, the compensation committee and our board of directors reviewed a forecast that considered the following factors: (i) the Shares that would be available for grant under the 2016 Plan (including the estimated number of Shares to be added to the 2016 Plan from outstanding awards under the 1999 Plan and 2007 Plan and (ii) forecasted future grants, determined based on our stock price and the competitive dollar value to be delivered to the participant. Because we determine the size of equity awards to be granted based on such value, if our stock price on the date the award is granted is significantly different from the stock price assumed in the forecast (which was \$87.00), our actual share usage will deviate significantly from our forecasted share usage. For example, if our stock price on the date an award is granted is significantly lower than the stock price assumed in the forecast, we would need a larger number of Shares than anticipated to deliver the same value to participants.

Proxy Advisory Firm Guidelines. In light of our significant institutional stockholder base, the compensation committee and our board of directors considered proxy advisory firm guidelines.

If our stockholders approve the 2016 Plan, we expect that the share reserve under the 2016 Plan will allow us to continue to grant equity-based compensation at levels we deem appropriate for the next three years, and that we will not have to restructure our existing compensation programs for reasons that are not directly related to the achievement of our business objectives. To remain competitive without equity-based compensation arrangements, it likely will be necessary to replace components of compensation previously awarded in equity with cash. We do not believe increasing cash compensation to make up for any shortfall in equity compensation would be practical or advisable, because we believe that a combination of equity awards and cash compensation provide a more effective compensation strategy than cash alone for attracting, retaining and motivating our employees long-term and aligning employees' and stockholders' interests. In addition, any significant increase in cash compensation in lieu of equity awards could substantially increase our operating expenses and reduce our cash flow from operations, which could adversely affect our business results and could adversely affect our business strategy, including using cash flow for strategic acquisitions, research and development of innovative new products, and improvements in the quality and performance of existing products.

The 2016 Plan Is Less Dilutive to Stockholders than the 2007 Plan

No Annual "Evergreen" Provision. The 2016 Plan reserves a fixed number of Shares, which means that stockholder approval is required to increase the maximum number of Shares reserved under the 2016 Plan. Unlike the 2007 Plan, the 2016 Plan does not contain an annual "evergreen" provision that automatically increases the number of Shares available for issuance each year.

Full Value Awards Count 2.00 Times Against the Share Reserve. For purposes of determining the number of Shares that remain available for issuance under or are returned to the 2016 Plan's share reserve, Shares subject to awards under the 2016 Plan other than stock options, stock appreciation rights, and other awards based solely on an increase in value of the Shares following the date of grant will count as 2.00 Shares for every one share subject to the award. In contrast, each share subject to similar awards under the 2007 Plan count as one share for purposes of determining the number of Shares that remain available for issuance under or are returned to the 2007 Plan's share reserve.

Certain Shares Are No Longer Returned to the Share Reserve. Shares used to pay the exercise price of an award or to satisfy the tax withholding obligations for awards will not become available for future grant under the 2016 Plan. Under the 2007 Plan, such Shares would become available for future grant.

The 2016 Plan Gives Us the Ability to Fully Deduct Certain Performance-based Awards for Federal Income Tax Purposes

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") generally denies us a corporate tax deduction for annual compensation exceeding \$1 million paid to our chief executive officer and other "covered employees," as determined under Section 162(m) of the Code ("Section 162(m)") and

Table of Contents

applicable guidance. However, certain types of compensation, such as performance-based compensation, are generally excluded from this deductibility limit.

The 2016 Plan is designed to enable (but not require) us to grant equity awards that qualify as fully deductible performance-based compensation under Section 162(m) by setting limits on the size of awards that may be granted under the 2016 Plan to employees in a single year, as further described below. If our stockholders approve the 2016 Plan, they will be approving these limits, the eligibility requirements for participation in the 2016 Plan, the performance measures upon which specific performance goals for certain awards would be based, and the other material terms necessary to grant awards under the 2016 Plan that qualify as performance-based compensation under Section 162(m).

We are not, however, required to structure equity award grants to qualify as performance-based compensation under Section 162(m), and the 2016 Plan gives NetSuite the flexibility to grant equity awards that do not qualify as performance-based compensation under Section 162(m).

The 2016 Plan Includes Compensation and Governance Best Practices

The 2016 Plan includes provisions that are considered best practice for compensation and corporate governance purposes. These provisions protect our stockholders' interests, as follows:

No Annual Evergreen. The 2016 Plan does not contain an annual "evergreen" provision that automatically increases the number of Shares available for issuance each year. As a result, any future increases to the number of shares reserved for issuance under the 2016 Plan will require approval from our stockholders. This is a change from the 2007 Plan, which included an annual "evergreen."

Administration. The 2016 Plan will be administered by the compensation committee, which consists entirely of independent non-employee directors.

Repricing or Exchange Programs are Not Allowed. The 2016 Plan does not permit outstanding awards to be repriced or exchanged for other awards. The 2007 Plan permitted repricing or exchange programs to be made without prior stockholder approval.

Annual Limits on Awards to Non-Employee Directors. The 2016 Plan sets reasonable, annual limits as to the awards that non-employee directors may receive during each fiscal year. The 2007 Plan did not set any specific limits for non-employee directors.

Minimum Vesting Requirements. Any option or stock appreciation right granted under the 2016 Plan generally cannot vest before the one year from the date of grant unless the vesting of such award is accelerated due to a termination of the participant's service under certain circumstances, due to the participant's death or disability, or upon a "Change in Control" (as defined in the 2016 Plan). However, an option or stock appreciation right may be granted without regard to this limitation as long as the shares subject to the award would not represent more than 5% of the Shares subject to all outstanding options and stock appreciation rights under the 2016 Plan as of the grant date. The 2007 Plan does not impose any minimum vesting limitations.

No Single-Trigger Vesting Acceleration upon a Change in Control. Awards under the 2016 Plan will be treated in a Change in Control in the manner determined by the administrator, and the terms of the 2016 Plan provide for an award to vest upon a Change in Control only if the award is not assumed or substituted. For any award that vests in whole or in part based on the achievement of performance goals or other performance-based vesting criteria, those goals or criteria will be deemed achieved at 100% of target levels, but prorated based on the portion of the performance period that has elapsed as of immediately prior to the Change in Control.

Limited transferability. Awards under the 2016 Plan generally may not be sold, assigned, transferred, pledged, or otherwise encumbered, unless otherwise approved by the administrator.

No Tax Gross-ups. The 2016 Plan does not provide for any tax gross-ups.

Forfeiture Events. Each award under the 2016 Plan will be subject to any clawback policy of ours, and the administrator may require a participant to forfeit, return, or reimburse us for all or a portion of

Table of Contents

the award and any amounts paid under the award in order to comply with the applicable clawback policy or applicable laws. We intend to adopt clawback policy covering our annual and long-term incentive award plans and arrangements once the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Our executive officers and directors have an interest in the approval of the 2016 Plan because they are eligible to receive equity awards under the 2016 Plan.

Summary of the 2016 Plan

The following paragraphs provide a summary of the principal features of the 2016 Plan and its operation. However, this summary is not a complete description of all of the provisions of the 2016 Plan and is qualified in its entirety by the specific language of the 2016 Plan. A copy of the 2016 Plan is provided as Appendix A to this proxy statement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE 2016 PLAN AND THE NUMBER OF SHARES RESERVED FOR ISSUANCE THEREUNDER.

Purposes of the 2016 Plan

The purposes of the 2016 Plan are to attract and retain the best available personnel; to provide additional incentive to employees, directors, and consultants; and to promote the success of our business. These incentives are provided through the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, and performance shares as the plan administrator (as defined below) may determine.

Shares Available for Issuance

Subject to the adjustment provisions contained in the 2016 Plan, our stockholders are being asked to approve a number of Shares for issuance under the 2016 Plan equal to the sum of (i) 10,368,946 Shares, and (ii) any Shares subject to outstanding stock options, restricted stock units, performance shares, performance units, or similar awards that were previously granted under the 1999 Plan or the 2007 Plan that, on or after the date the 2016 Plan is approved by our stockholders, expire or otherwise terminate without having been exercised in full, or that are forfeited to or repurchased by us, with the maximum number of Shares to be added from outstanding awards granted under the 1999 Plan and the 2007 Plan equal to 6,648,029 Shares. The Shares may be authorized, but unissued, or reacquired common stock. Any shares made subject to new awards granted under the 2007 Plan between April 1, 2016 and the date the Plan is approved by our stockholders will reduce the shares available for issuance under the Plan.

If any award granted under the 2016 Plan expires or becomes unexercisable without having been exercised in full or is forfeited to or repurchased by us due to failure to vest, then the expired, unexercised, forfeited, or repurchased Shares subject to such award will become available for future grant or sale under the 2016 Plan. With respect to the exercise of stock appreciation rights, the gross Shares issued pursuant to a stock appreciation right will cease to be available under the 2016 Plan. Shares used to pay the exercise price of an award or to satisfy the tax withholding obligations related to an award will not become available for future grant or sale under the 2016 Plan. If an award is paid out in cash rather than Shares, such payment will not reduce the number of Shares available for issuance under the 2016 Plan.

For purposes of determining the number of Shares that remain available for issuance under the 2016 Plan and the number of Shares returned to the 2016 Plan's share reserve, each share subject to an award other than an option, a stock appreciation right, or any other award that is based solely on an increase in value of the Shares following the grant date will count as 2.00 shares.

Table of Contents**Limitation**

The 2016 Plan contains annual grant limits intended to satisfy Section 162(m). Specifically, the maximum number of Shares covered by or the maximum initial value of awards that can be issued to any particular employee or consultant under the 2016 Plan in any fiscal year is set forth below:

Award Type	Annual Number of Shares or Dollar Value
Stock Options	Maximum of 2,500,000 Shares (increased to 4,500,000 Shares in the fiscal year the participant's service begins)
Stock Appreciation Rights	Maximum of 2,500,000 Shares (increased to 4,500,000 Shares in the fiscal year the participant's service begins)
Restricted Stock	Maximum of 1,000,000 Shares (increased to 2,000,000 Shares in the fiscal year the participant's service begins)
Restricted Stock Units	Maximum of 1,000,000 Shares (increased to 2,000,000 Shares in the fiscal year the participant's service begins)
Performance Shares	Maximum of 1,000,000 Shares (increased to 2,000,000 Shares in the fiscal year the participant's service begins)
Performance Units	Maximum initial value of \$3,000,000 (increased to \$5,500,000 in the fiscal year the participant's service begins)

The 2016 Plan also provides that in any fiscal year, a non-employee board member may not be granted awards with a grant date fair value (determined in accordance with GAAP) exceeding \$900,000 (increased to \$1,200,000 in the fiscal year his or her service as a non-employee director begins). Any award granted to a participant while he or she was an employee or a consultant (other than a non-employee director) will not count for purposes of this limitation.

In the event of any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities or other change in the corporate structure affecting our common stock, the 2016 Plan administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the 2016 Plan, will adjust the number and class of shares that may be delivered under the 2016 Plan, and/or the number, class and price of shares of stock subject to outstanding awards, and the award grant limitations discussed above.

Administration

Our board of directors has delegated administration of the 2016 Plan to the compensation committee. Our board of directors and the compensation committee may further delegate administration of the 2016 Plan to any committee of our board of directors, or a committee of individuals satisfying applicable laws appointed by our board of directors in accordance with the terms of the 2016 Plan. For purposes of this summary of the 2016 Plan, the term "administrator" will refer to our board of directors or any committee designated by our board of directors to administer the 2016 Plan. To make grants to certain officers and key employees, the members of the committee must qualify as "non-employee directors" under Rule 16b-3 of the Securities Exchange Act of 1934, as amended. In the case of awards intended to qualify for the performance-based compensation exemption under Section 162(m), administration must be by a committee comprised solely of two or more "outside directors" within the meaning of Section 162(m).

Subject to the terms of the 2016 Plan, the administrator has the sole discretion to select the service providers who will receive awards; to determine the terms and conditions of awards; and to approve forms of award agreements for use with the 2016 Plan; to modify or amend each award (subject to the repricing restrictions of the 2016 Plan), including to accelerate vesting or waive forfeiture restrictions, and to interpret the provisions of the 2016 Plan and outstanding awards. The administrator may allow a participant to defer the receipt of payment of cash or delivery of Shares that otherwise would be due to such participant. The administrator may make rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws and may make all other determinations deemed necessary or advisable for

Table of Contents

administering the 2016 Plan. The administrator will issue all awards pursuant to the terms and conditions of the 2016 Plan.

The Administrator may not implement a program allowing for the cancellation of awards in exchange for different awards and/or cash, the transfer of an outstanding award to a financial institution or other person or entitled selected by the administrator, or the increase or reduction of the exercise price of any outstanding award.

Eligibility

All types of awards may be granted to our non-employee directors and to employees and consultants of any parent, subsidiary, or affiliate corporation of ours. Incentive stock options may be granted only to employees of NetSuite or any parent or subsidiary corporation of NetSuite. As of March 31, 2016, we had approximately 4,683 employees (including three employee directors), 6 non-employee directors, and 2 consultants.

Stock Options

An option gives a participant the right to purchase a specified number of Shares for a fixed exercise price during a specified period of time. Each option granted under the 2016 Plan will be evidenced by an award agreement specifying the number of Shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the 2016 Plan.

The exercise price per share of each option may not be less than the fair market value of a share of our common stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of our stock or any parent or subsidiary corporation of ours (a "ten percent stockholder") must have an exercise price per share equal to at least 110% of the fair market value of a share on the date of grant. The aggregate fair market value of the shares (determined on the grant date) covered by incentive stock options which first become exercisable by any participant during any calendar year also may not exceed \$100,000. The fair market value of the common stock is generally the closing sales price of our stock as reported on the New York Stock Exchange.

Options will be exercisable at such times or under such conditions as determined by the administrator and set forth in the award agreement, but an option granted under the 2016 Plan cannot become fully vested in less than one year from the date of grant unless the vesting of such option is accelerated due to a termination of the participant's service under certain circumstances, due to the participant's death or disability, or upon a Change in Control. However, an option may be granted without regard to this minimum vesting limitation as long as the shares subject to such option would not represent more than 5% of the Shares subject to all outstanding options and stock appreciation rights under the 2016 Plan.

Upon the termination of a participant's service, the unvested portion of the participant's option generally expires. The vested portion of the option will remain exercisable for the period following the participant's termination of service that was determined by the administrator and specified in the participant's award agreement, and if no such period was determined by the administrator, the vested portion of the option will remain exercisable for: (i) 3 months following a termination of the participant's service for reasons other than death or disability (and if the participant dies within the 3-month period, the period will be extended to one year from the date of the participant's death) or (ii) 12 months following a termination of the participant's service due to death or disability. However, if the exercise of an option is prevented by applicable law, the exercise period may be extended under certain circumstances described in the 2016 Plan. In no event will the option be exercisable after the end of the option's term.

The term of an option will be specified in the award agreement but may not be more than ten years (or five years for an incentive stock option granted to a ten percent stockholder).

The 2016 Plan provides that the administrator will determine the acceptable form(s) of consideration for exercising an option. An option will be deemed exercised when we receive the notice of exercise and full payment for the Shares to be exercised, together with applicable tax withholdings.

Table of Contents

Stock Appreciation Rights

A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of our common stock between the date an award is granted and the date it is exercised. Upon exercise of a stock appreciation right, the holder of the award will be entitled to receive an amount determined by multiplying: (i) the difference between the fair market value of a share on the date of exercise and the exercise price by (ii) the number of exercised stock appreciation rights. We may pay the appreciation in cash, in Shares, or a combination of both. Each stock appreciation right granted under the 2016 Plan will be evidenced by an award agreement specifying the exercise price and the other terms and conditions of the award.

The exercise price per share of each stock appreciation right may not be less than the fair market value of a share of our common stock on the date of grant.

Stock appreciation rights will be exercisable at such times or under such conditions as determined by the administrator and set forth in the award agreement, but a stock appreciation right granted under the 2016 Plan cannot become fully vested in less than one year from the date of grant unless the vesting of such stock appreciation right is accelerated due to a termination of the participant's service under certain circumstances, due to the participant's death or disability, or upon a Change in Control. However, a stock appreciation right may be granted without regard to this limitation as long as the Shares subject to such stock appreciation right would not represent more than 5% of the Shares subject to all outstanding options and stock appreciation rights under the 2016 Plan.

The term of a stock appreciation right may not be more than ten years. The terms and conditions relating to the period of exercise of stock appreciation rights following the termination of a participant's service are similar to those for options described above.

Restricted Stock Awards

Awards of restricted stock are rights to acquire or purchase Shares that vest in accordance with the terms and conditions established by the administrator in its sole discretion. Unless otherwise provided by the administrator, a participant will forfeit any Shares of restricted stock that have not vested by the termination of the participant's service. Each restricted stock award granted will be evidenced by an award agreement specifying the number of Shares subject to the award and the other terms and conditions of the award. The administrator will determine the vesting conditions that apply to an award of restricted stock, but if an award of restricted stock is intended to qualify as performance-based compensation under Section 162(m), the vesting conditions will be based on a specified list of performance goals and certain other requirements, as further discussed below.

Unless the administrator provides otherwise, participants holding Shares of restricted stock will have voting rights and rights to dividends and other distributions with respect to such Shares without regard to vesting. However, such dividends or other distributions will be subject to the same restrictions and forfeitability provisions that apply to the Shares of restricted stock with respect to which they were paid. The administrator has the discretion to reduce or waive any restrictions and to accelerate the time at which any restrictions will lapse or be removed.

Restricted Stock Units

A restricted stock unit represent a right to receive cash or a share of our common stock if the performance goals or other vesting criteria set by the administrator are achieved or the restricted stock unit otherwise vests. Each award of restricted stock units granted under the 2016 Plan will be evidenced by an award agreement specifying the number of Shares subject to the award and other terms and conditions of the award.

The administrator may set vesting conditions based upon the achievement of company-wide, divisional, business unit or individual goals (including, but not limited to, continued employment or service), applicable federal or state securities laws, or any other basis determined by the administrator, in its discretion. However, if an award of restricted stock units is intended to qualify as performance-based compensation

Table of Contents

under Section 162(m), the vesting conditions will be based on a specified list of performance goals and certain other requirements, as further discussed below.

After an award of restricted stock units has been granted, the administrator has the discretion to reduce or waive any restrictions or vesting criteria that must be met to receive a payout or to accelerate the time at which any restrictions will lapse or be removed. A participant will forfeit any unearned restricted stock units upon termination of his or her service. The administrator in its sole discretion may pay earned restricted stock units in cash, Shares, or a combination of both.

Performance Units and Performance Shares

Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. Performance units will have an initial value established by the administrator on or before the date of grant. Each performance share will have an initial value equal to the fair market value of a share on the grant date. Performance units and performance shares will result in a payment to a participant only if the performance goals or other vesting criteria set by the administrator are achieved or the awards otherwise vest.

Each award of performance units or performance shares granted under the 2016 Plan will be evidenced by an award agreement specifying the performance period and other terms and conditions of the award. The administrator may set vesting criteria based upon the achievement of company-wide, divisional, business unit or individual goals (including, but not limited to, continued employment or service), applicable federal or state securities laws, or any other basis determined by the administrator, in its discretion. However, if an award of performance shares or performance units is intended to qualify as performance-based compensation under Section 162(m), the vesting conditions will be based on a specified list of performance goals and certain other requirements, as further discussed below.

After an award of performance units or performance shares has been granted, the administrator has the discretion to accelerate, reduce or waive any performance objectives or other vesting provisions for such performance units or performance shares, but may not increase the amount payable at a given level of performance.

The administrator has the discretion to pay earned performance units or performance shares in the form of cash, Shares (which will have an aggregate fair market value equal to the earned performance units or performance shares at the close of the applicable performance period), or a combination of both.

A participant will forfeit any performance units or performance shares that have not been earned or have not vested as of the termination of his or her service with us.

Performance Goals

The granting and/or vesting of awards of restricted stock, restricted stock units, performance shares and performance units, and other incentives under the 2016 Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) and may provide for a targeted level or levels of achievement, including: stock price, revenue, profit, bookings, cash flow, customer retention, customer satisfaction, net bookings, net income, net profit, operating cash flow, operating expenses, total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; pre-tax profit; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin, debt; working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; individual objectives; and total stockholder return. Any performance goals may be used to measure the performance of our company as a whole or, except with respect to stockholder return metrics, to a region, business unit, affiliate or business segment, and performance goals may be measured either on an absolute basis, a per share basis or relative to a pre-established target, to a previous period's results or to a designated comparison group, and, with

Table of Contents

respect to financial metrics, which may be determined in accordance with United States Generally Accepted Accounting Principles ("GAAP"), in accordance with accounting principles established by the International Accounting Standards Board ("IASB") or which may be adjusted when established to either exclude any items otherwise includable under GAAP or under IASB principles or include any items otherwise excludable under GAAP or under IASB principles. In all other respects, performance goals will be calculated in accordance with NetSuite's financial statements, generally accepted accounting principles, or under a methodology established by the administrator prior to or at the time of the issuance of an award and which is consistently applied with respect to a performance goal in the relevant performance period. In addition, the administrator will adjust any performance criteria, performance goal, or other feature of an award that relates to or is wholly or partially based on the number of, or the value of, any stock of NetSuite, to reflect any stock dividend or split, repurchase, recapitalization, combination, or exchange of shares or other similar changes in such stock. The performance goals may differ from participant to participant and from award to award.

To the extent necessary to comply with the performance-based compensation provisions of Section 162(m), with respect to any award granted subject to performance goals, and within the first 25% of the performance period and no more than 90 days following the commencement of the performance period (or such other time required or permitted by Section 162(m)), the administrator will, in writing: (i) designate one or more participants to whom an award will be made; (ii) select the performance goals applicable to the performance period; (iii) establish the performance goals, and amounts or methods of computation of the awards which may be earned for the performance period; and (iv) specify the relationship between performance goals and the amounts or methods of computation of such awards, as applicable, to be earned by each participant for such performance period. Following the completion of each performance period, the administrator will certify in writing whether the applicable performance goals have been achieved for such performance period. In determining the amounts earned by a participant, the administrator may reduce or eliminate (but not increase) the amount payable at a given level of performance to take into account additional factors that the administrator may deem relevant to the assessment of individual or corporate performance for the performance period. A participant will be eligible to receive payment pursuant to an award for a performance period only if the performance goals for such period are achieved.

Transferability of Awards

Awards generally are not transferable other than by will or by the laws of descent or distribution. However, the administrator may permit an award other than an incentive stock option to be assigned or transferred during a participant's lifetime (i) under a domestic relations order, official marital settlement agreement, or other divorce or separation agreement, (ii) to a "family member" (within the meaning of Form S-8 under the Securities Act of 1933, as amended) in connection with the participant's estate plan, or (iii) or as required by law.

Dissolution or Liquidation

In the event of a proposed dissolution or liquidation of our company, the administrator will notify each participant as soon as practicable prior to the effective date of such proposed transaction. An award will terminate immediately prior to consummation of such proposed action to the extent the award has not been previously exercised.

Change in Control

The 2016 Plan provides that, in the event of a merger or Change in Control, each award will be treated as the administrator determines, including that each award be assumed or substantially equivalent awards substituted by the acquiring or succeeding corporation or its affiliate. The administrator will not be required to treat all outstanding awards the same in the transaction.

If the successor corporation does not assume or substitute for the award, the participant will fully vest in and have the right to exercise all of his or her outstanding options and stock appreciation rights, all restrictions on restricted stock and restricted stock units will lapse. With respect to awards with

Table of Contents

performance-based vesting that are not assumed or substituted for, unless the applicable award agreement provides otherwise, all performance goals or other vesting criteria will be deemed achieved at target levels (prorated based on the portion of the performance period that has elapsed as of immediately prior to the transaction), and all other terms and conditions will be deemed met. In addition, if an option or stock appreciation right is not assumed or substituted for, the administrator will notify the participant in writing or electronically that the option or stock appreciation right will be exercisable for a period of time determined by the administrator, in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

For awards granted to our non-employee directors that are assumed or substituted for in a merger or Change in Control, upon the termination of a non-employee director's service as a director of ours or the successor corporation (other than a voluntary resignation that is not made at the acquirer's request), then (i) the non-employee director will fully vest in and have the right to exercise all of his or her outstanding options and stock appreciation rights, (ii) all restrictions on the non-employee director's restricted stock and restricted stock units will lapse, and (iii) with respect to the non-employee director's awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at target levels (prorated based on the portion of the performance period that elapsed as of immediately prior to the transaction) and all other terms and conditions will be deemed met.

Forfeiture Events

Each award under the 2016 Plan will be subject to any clawback policy of ours, and the administrator also may specify in an award agreement that the participant's rights, payments, and benefits with respect to an award will be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events. The administrator may require a participant to forfeit, return, or reimburse us all or a portion of the award and any amounts paid under the award in order to comply with such clawback policy or applicable laws.

Termination or Amendment

The 2016 Plan will automatically terminate ten years from the date of its adoption by our board of directors, unless terminated at an earlier time by our board of directors. The administrator may amend, alter, suspend, or terminate the 2016 Plan at any time, provided that no amendment may be made without stockholder approval to the extent approval is necessary or desirable to comply with any applicable laws. No amendment, alteration, suspension, or termination may impair the rights of any participant unless mutually agreed otherwise between the participant and the administrator.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the 2016 Plan. The summary is based on existing U.S. laws and regulations as of the Record Date, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a participant's death, or the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. As a result, tax consequences for any particular participant may vary based on individual circumstances.

Incentive Stock Options

A participant recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an option that qualifies as incentive stock option under Section 422 of the Code. If a participant exercises the option and then later sells or otherwise disposes of the Shares acquired through the exercise the option after both the two-year anniversary of the date the option was granted and the one-year anniversary of the exercise, the participant will recognize a capital gain or loss equal to the difference between the sale price of the Shares and the exercise price, and we will not be entitled to any deduction for federal income tax purposes.

Table of Contents

However, if the participant disposes of such Shares either on or before the two-year anniversary of the date of grant or on or before the one-year anniversary of the date of exercise (a "disqualifying disposition"), any gain up to the excess of the fair market value of the Shares on the date of exercise over the exercise price generally will be taxed as ordinary income, unless the Shares are disposed of in a transaction in which the participant would not recognize a loss (such as a gift). Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the participant upon the disqualifying disposition of the Shares generally should be deductible by us for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

For purposes of the alternative minimum tax, the difference between the option exercise price and the fair market value of the Shares on the exercise date is treated as an adjustment item in computing the participant's alternative minimum taxable income in the year of exercise. In addition, special alternative minimum tax rules may apply to certain subsequent disqualifying dispositions of the Shares or provide certain basis adjustments or tax credits for purposes.

Nonstatutory Stock Options

A participant generally recognizes no taxable income as the result of the grant of such an option. However, upon exercising the option, the participant normally recognizes ordinary income equal to the amount that the fair market value of the Shares on such date exceeds the exercise price. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of the Shares acquired by the exercise of a nonstatutory stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date) will be taxed as capital gain or loss. No tax deduction is available to us with respect to the grant of a nonstatutory stock option or the sale of the Shares acquired through the exercise of the nonstatutory stock option.

Stock Appreciation Rights

In general, no taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant generally will recognize ordinary income in an amount equal to the fair market value of any Shares received. Any additional gain or loss recognized upon any later disposition of the Shares would be capital gain or loss.

Restricted Stock Awards

A participant acquiring Shares of restricted stock generally will recognize ordinary income equal to the fair market value of the Shares on the vesting date. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The participant may elect, pursuant to Section 83(b) of the Code to accelerate the ordinary income tax event to the date of acquisition by filing an election with the Internal Revenue Service no later than thirty days after the date the Shares are acquired. Upon the sale of Shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Restricted Stock Unit Awards

There are no immediate tax consequences of receiving an award of restricted stock units. A participant who is awarded restricted stock units generally will be required to recognize ordinary income in an amount equal to the fair market value of Shares issued to such participant at the end of the applicable vesting period or, if later, the settlement date elected by the administrator or a participant. Any additional gain or loss recognized upon any later disposition of any Shares received would be capital gain or loss.

Performance Shares and Performance Unit Awards

A participant generally will recognize no income upon the grant of a performance share or a performance unit award. Upon the settlement of such awards, participants normally will recognize ordinary

Table of Contents

income in the year of receipt in an amount equal to the cash received and the fair market value of any cash or unrestricted Shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of any Shares received, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Section 409A

Section 409A provides certain requirements for non-qualified deferred compensation arrangements with respect to an individual's deferral and distribution elections and permissible distribution events. Awards granted under the 2016 Plan with a deferral feature will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

Tax Effect for NetSuite

We generally will be entitled to a tax deduction in connection with an award under the 2016 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option) except to the extent such deduction is limited by applicable provisions of the Code. Special rules limit the deductibility of compensation paid to our chief executive officer and other "covered employees" as determined under Section 162(m) and applicable guidance. Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include (among others) stockholder approval of the 2016 Plan and its material terms, setting limits on the number of awards that any individual may receive and for awards other than certain stock options and stock appreciation rights, establishing performance criteria that must be met before the award actually will vest or be paid. The 2016 Plan has been designed to permit (but not require) the plan administrator to grant awards that are intended to qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION UPON PARTICIPANTS AND NETSUITE WITH RESPECT TO AWARDS UNDER THE 2016 PLAN. IT DOES NOT PURPORT TO BE COMPLETE AND DOES NOT DISCUSS THE IMPACT OF EMPLOYMENT OR OTHER TAX REQUIREMENTS, THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH, OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE, OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Number of Awards Granted to Employees, Consultants and Directors

The number of awards that an employee, director, or consultant may receive under the 2016 Plan is in the discretion of the administrator and therefore cannot be determined in advance. The following table sets forth: (i) the aggregate number of shares of common stock subject to options granted under the 2007 Plan during the fiscal year 2015 to each of our named executive officers; executive officers, as a group; directors who are not executive officers, as a group; and all employees who are not executive officers, as a group; (ii) the average per share exercise price of such options; (iii) the aggregate number of shares subject to RSUs and PSUs (at target) granted under the 2007 Plan during the fiscal year 2015 to each of our named executive officers; executive officers, as a group; directors who are not executive officers, as a group; and all

**PROPOSAL 3
NON-BINDING ADVISORY VOTE ON NAMED EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") enables our stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules. The Dodd-Frank Act also enables our stockholders to indicate how frequently they believe we should conduct this advisory vote on the compensation of our named executive officers. At our 2011 Annual Meeting of Stockholders, our stockholders voted to approve the option of once every three years for the frequency of the non-binding, advisory vote on the compensation of our named executive officers. We last sought stockholder approval of our executive compensation program on a non-binding, advisory basis in 2014 when our stockholders overwhelmingly approved the compensation of the named executive officers, with approximately eighty-three percent (83%) of stockholder votes cast in favor of our executive compensation program.

Although our next non-binding, advisory vote on the compensation of our named executive officers is not required to be held until 2017, we are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. After careful consideration of this proposal, our board of directors has determined that conducting an advisory vote on the compensation of our named executive officers on an annual cycle is more appropriate for us.

Our executive officer compensation program is designed to attract and retain talented and qualified senior executives to manage and lead our Company and to motivate them to pursue and meet our corporate objectives. Under this program, our named executive officers are rewarded for individual and collective contributions to our success consistent with our "pay for performance" philosophy. Furthermore, the executive officer total compensation program is aligned with the nature and dynamics of our business, which focuses management on achieving our annual and long-term business strategies and objectives. Additional details about our executive compensation programs are described under the section titled "Compensation Discussion and Analysis."

Our compensation committee regularly reviews the executive officer compensation program to ensure that it achieves the desired goals of emphasizing long-term value creation and aligning the interests of management and stockholders through the use of equity-based awards.

This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on a non-binding, advisory basis, the compensation of the named executive officers, as disclosed in the Company's proxy statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

The "say-on-pay" vote is advisory, and therefore not binding on us, the compensation committee or our board of directors. Our board of directors and our compensation committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the compensation committee will evaluate whether any actions are necessary to address those concerns.

Vote Required and Board of Directors' Recommendation

The affirmative vote of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on this proposal is required to approve the non-binding advisory vote on the compensation of our named executive officers.

RECOMMENDATION

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE
APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS,
ON A NON-BINDING, ADVISORY BASIS, AS DESCRIBED IN THIS PROXY STATEMENT
PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.**

PROPOSAL 4
NON-BINDING ADVISORY VOTE ON THE FREQUENCY OF THE
ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act enables our stockholders to indicate how frequently they believe we should conduct the advisory vote on the compensation of our named executive officers, as disclosed pursuant to the applicable SEC executive compensation disclosure rules, such as Proposal 3 included in this proxy statement. At our 2011 Annual Meeting of Stockholders, our stockholders voted to approve that the non-binding, advisory vote on the compensation of our named executive officers occur triennially. This Proposal 4 asks stockholders to approve that the non-binding, advisory vote on the compensation of our named executive officers occur annually.

After careful consideration of this proposal, our board of directors has determined that conducting an advisory vote on the compensation of our named executive officers on an annual cycle is the more appropriate for the Company, and therefore our board of directors recommends that you vote for an annual cycle for the non-binding, advisory vote on the compensation of our named executive officers.

In formulating its recommendation, our board of directors considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with timely input on the compensation of our named executive officers as disclosed in the proxy statement. Our board of directors believes that it is consistent with our compensation philosophy of aligning the interests of our executive and stockholders, and in the best interests of our stockholders to give our stockholders the right to cast an advisory vote every year on their approval of the compensation arrangements of our named executive officers, allowing them to provide us on annual basis with their input on our executive compensation philosophy, policies, and practices as disclosed in the annual proxy statement.

Accordingly, we ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company is to annually hold a stockholder vote to approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure shall include the Compensation Discussion and Analysis, the Summary Compensation Table, and the other related tables and disclosure)."

If this proposal is approved by our stockholders, the advisory vote on the compensation of our named executive officers will be held on an annual basis. However, because this vote is advisory and not binding on the board of directors, compensation committee or the Company in any way, the board of directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on the compensation of our named executive officers less frequently than annually.

Vote Required and Board of Directors' Recommendation

The frequency of the non-binding advisory vote on executive compensation will be determined by which frequency receives the highest number of votes cast.

RECOMMENDATION

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "EVERY 1 YEAR" FOR THE NON-BINDING, ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL 5
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On the recommendation of the audit committee, the board of directors has appointed KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. The board of directors recommends that stockholders vote for ratification of such appointment. In the event of a negative vote on such ratification, the board of directors will reconsider its selection, though a change will not necessarily be made. Even if the appointment is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered accounting firm at any time during the year if the audit committee determines that such a change would be in our stockholders' best interests.

KPMG LLP has audited our financial statements for the period beginning from December 31, 2005 to the fiscal year ended December 31, 2015. We expect representatives of KPMG LLP to be present at the Annual Meeting and available to respond to appropriate questions. They will also have the opportunity to make a statement if they desire to do so.

(4) *Audit-Related Fees* consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements, including a SOC1 audit report.

Policy on Pre-Approval of Audit and Non-Audit Services

It is the policy of our audit committee to pre-approve all audit and permissible non-audit services to be performed by KPMG LLP. Our audit committee pre-approves services by authorizing either generally or specifically projects within the categories outlined above, subject to budgeted amounts. To ensure prompt handling of unexpected matters, the audit committee delegates to the chair of the audit committee the authority to address any requests for pre-approval of services between audit committee meetings; provided, however, that such additional or amended services may not affect KPMG LLP's independence under applicable SEC rules. Any such pre-approval decisions that are made by the

chair of the audit committee must be reported to the audit committee at its next scheduled meeting.

All KPMG LLP services and fees in 2015 were pre-approved by the audit committee.

The audit committee held eight (8) meetings during 2015.

The audit committee oversees the Company's financial reporting process on behalf of the board of directors. Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. Review of Audited Financial Statements for Fiscal Year Ended December 31, 2015

The audit committee reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2015 with management. The audit committee discussed with KPMG LLP the matters required to be discussed under the Public Company Accounting Oversight Board standards.

The audit committee received the written disclosures and the letter from KPMG LLP required by Public Company Accounting Oversight Board regarding KPMG LLP's communications with the Audit Committee concerning independence (Communication with Audit Committees Concerning Independence) and the audit committee has discussed with KPMG LLP its independence from the Company and its management.

The Company's management has established and the audit committee has reviewed and approved procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, including the confidential, anonymous submission by NetSuite employees, received through established procedures, of concerns regarding questionable accounting or auditing matters.

Based on the audit committee's review and discussions with management and KPMG LLP, the audit committee recommended to the board of directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the Securities and Exchange Commission.

Members of the audit committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditor. Accordingly, the audit committee oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore,

(2) Consists of options granted under the 1999 Plan and option grants, restricted stock awards, RSUs and PSUs made under the 2007 Plan.

(3) Consists of 6,169,789 shares that remain available for future grant under the 2007 Plan, which includes shares that rolled over from the 1999 Plan. Shares under the 2007 Plan are subject to automatic increase (i.e., an "annual evergreen") on January 1 of each year equal to the *least* of: (a) 9,000,000 shares, (b) 3.5% of the number of shares on the last day of the immediately preceding fiscal year that are outstanding and issuable pursuant to outstanding awards under our equity plans, or (c) such other amount as our board of directors may determine. On January 1, 2016, the 2007 Plan was automatically increased by 2,962,735 shares. If our stockholders approve the 2016 Plan, as discussed under "Proposal 2" of this annual proxy statement, the 2007 Plan will immediately terminate along with the annual evergreen. If approved, the 2016 Plan will not include an annual evergreen provision.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers for 2015 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Overview

Our goal is to be the leading provider of cloud-based business management software suites, which include Enterprise Resource Planning ("ERP"), Customer Relationship Management ("CRM"), Professional Services Automation ("PSA") and Ecommerce functionality that enable companies to manage most of their core business operations in our single integrated suite. To support this strategy and continue to deliver strong execution, we strive to provide an executive compensation program that attracts and retains talented and qualified senior executives to manage and lead our Company and motivates them to pursue and meet our corporate objectives. For this purpose, we use a mix of compensation elements including base salary, performance-based cash incentives, long-term equity incentives, and benefits, including potential post-termination severance and change of control benefits. In 2015, we positioned the target total direct compensation of our executive officers, including our named executive officers, to emphasize equity compensation.

Our named executive officers for 2015 were:

Zachary Nelson, Chief Executive Officer

Evan Goldberg, Chief Technology Officer

James McGeever, President and Chief Operating Officer

Ronald Gill, Chief Financial Officer

Marc Huffman, President, Worldwide Sales and Distribution

Our 2015 performance was a critical factor in determining our compensation outcomes for 2015. For 2015,

Revenue grew to \$741.1 million, representing an increase of \$184.9 million or 33% year-over-year.

Non-GAAP operating income was \$21.7 million*.

Non-GAAP net income was \$17.7 million**.

Operating cash flow grew to \$100.4 million, representing an increase of \$25.5 million or 34% over the prior year.

As a result of the decline in our Non-GAAP operating income in 2015, our named executive officers received below-target payouts under the Executive Performance Based Cash Incentive Plan and under the performance stock unit ("PSUs") awards granted in 2013 (the "2013 PSUs").

*

Non-GAAP operating income excludes expenses related to stock-based compensation expense, amortization of intangible assets, and transaction costs for business combination. A reconciliation between GAAP operating loss and non-GAAP operating income is included in our press release for the fourth quarter of 2015, filed with the SEC on a Form 8-K on January 28, 2016.

**

Non-GAAP net income excludes expenses related to stock-based compensation expense, amortization of intangible assets, transaction costs for business combinations, non-cash interest expense on convertible debt and income tax benefit associated with business combination. A reconciliation between GAAP net loss and non-GAAP net income is included in our press release for the fourth quarter of 2015, filed with the SEC on a Form 8-K on January 28, 2016.

Compensation Philosophy, Objectives, and Challenges

Compensation Philosophy and Objectives

The overall objective of our executive compensation program is to tie executive compensation to the performance of our company and management. We have created an executive compensation program that has a mix of short-term and long-term components, cash and equity elements and fixed and contingent payments in proportions that we believe provide appropriate incentives to retain and motivate our named executive officers and other senior executives and management team and help to:

support our performance-based approach to managing pay levels to foster a goal oriented, highly-motivated management team whose members have a clear understanding of business objectives and shared corporate values;

link pay to performance using defined and measurable metrics;

align the interests of our executive officers with those of our stockholders;

allocate company resources to effectively exploit our technological capabilities in the development of new applications and services;

retain our highly qualified executives, each of whom has served a long-tenure with our company and has valuable critical knowledge about our core business and potential for growth; and

achieve internal equity across our organization based upon position and level of responsibility.

A significant amount of the overall compensation for each executive officer, including each named executive officer, is designed to be "at-risk" based on corporate and individual performance. As a result, "fixed compensation" (base salary and benefits) represented less than 15% of each named executive officer's target total direct compensation for 2015. We believe this approach is appropriate and consistent with our compensation philosophy and our desire to align the executive officers' interests with stockholders and to reward our executive officers when our company performs well. This approach also is consistent with the Select Peer Group and compensation survey data that shows a significant portion of the compensation opportunities for comparable executives in the form of equity-based awards or performance-based cash awards.

The charts below highlight the "at-risk" compensation of our chief executive officer and other named executive officers for 2015. The percentages below were calculated using base salary, non-equity incentive plan compensation (i.e., cash incentive compensation), grant date fair value of equity awards (i.e., "performance-based equity awards"), and not value actually received, each as reported in the Summary Compensation Tables.

Table of Contents

Our executives' total realized compensation may vary significantly year-to-year based on company, functional area and individual performance. Further, the realized value of equity awards made to our executive officers, including our named executive officers, will vary based on our stock price performance.

Compensation Program Challenges

We strive to ensure that our executive compensation program is competitive with the practices of the companies with which we compete for talent to enable us to hire and retain the most highly qualified executives to manage each of our business functions. Like many companies in the Bay Area technology sector, we face challenges in hiring and retaining executives due to a relatively small pool of available executive talent for a comparatively large number of other Bay Area public companies and late-stage private companies. Larger and more established organizations in our industry seek to recruit top talent from smaller and less established companies in the sector just as smaller organizations look to attract and retain the best talent from the industry as a whole. The factors that contribute to this challenge of hiring and retaining a highly qualified executive team include the following:

As a high-growth company with rapidly growing revenues and expanding geographic and technical scope of operations, we require qualified and seasoned executives to manage and grow our business, making the services of our current executives more valuable and new executives more difficult to find.

Our executive team has specific skills in key functional areas that have contributed to the growth in our business. Given our rapid growth rate, the number of available executives that offer these skills is relatively low as compared with the opportunities available, particularly in the Bay Area.

As a leader in the highly competitive and rapidly changing cloud computing business, our employees and executives are highly attractive candidates for employment with other companies creating additional challenges for us to provide compensation incentives to enable us to retain them.

The replacement cost of our executive team is high given the tenure of our executives and the role they play in promoting the growth and development of our business. Our key executives have crucial knowledge of the history of our business and the opportunities for future growth. If any of our key executives were to leave, we anticipate having to provide valuable and meaningful compensation to a replacement executive, particularly in light of the limited pool of talent based on the factors described above.

Executive Compensation-Related Policies and Practices

We maintain the following executive compensation policies and practices:

Independent Compensation Committee. All executive compensation decisions are made by the compensation committee, which is comprised of independent directors. The compensation committee has established effective means for communicating with stockholders regarding its executive compensation ideas and concerns.

Independent Compensation Consultant. The compensation committee has engaged its own compensation consultant, Compensia, Inc., a nationally recognized compensation consulting firm, to assist with its 2015 compensation reviews.

Annual Executive Compensation Review. The compensation committee conducts an annual review and approval of our compensation strategy, including a review of our compensation peer group for comparative purposes and a review of our compensation-related risk profile to ensure that our compensation-related risks are not reasonably likely to have a material adverse effect on our company.

Edgar Filing: NETSUITE INC - Form DEF 14A

Compensation At-Risk. Our executive compensation program is designed so a significant portion of compensation is "at-risk" based on corporate performance and predominantly equity-based to align the interests of our named executive officers and stockholders.

Table of Contents

Mixed Performance-Based Incentives. Our executive compensation program includes a mix of performance-based short-term and long-term incentives with different metrics used for each type of incentive. This approach is consistent with market practices. We believe this design and the use of different metrics provide incentives to motivate our executives and align their interests with those of our stockholders. For 2015, we capped performance-based cash incentive compensation at 175% of the payout target and performance-based equity compensation at 115% of the payout target for the 2013 PSUs and 200% of the payout targets for the PSUs granted to Mr. Huffman in 2015, as discussed below.

Multi-Year Vesting Requirements. The equity awards granted to our named executive officers vest or are earned over multi-year periods, consistent with current market practice and our retention objectives.

No Retirement Plans. We do not currently offer, nor do we have plans to provide, pension arrangements, retirement plans, or nonqualified deferred compensation plans or arrangements to our named executive officers that are not offered to all similarly situated employees.

"Double-Trigger" Change of Control Arrangements. All change of control payments and benefits are based on a "double-trigger" arrangement requiring *both* a change of control of our company and an involuntary termination of employment before payments and benefits are paid.

Limit All Other Compensation. We limit all other compensation to our named executive officers. For example, we do not have executive perquisites, such as club memberships or financial planning services.

Policy Against Hedging. Our Insider Trading Compliance Policy prohibits members of our board of directors and our executive officers from engaging in short sales, short-term trading, short-term or speculative transactions giving the insider the ability to profit from a decline in our stock price, transactions involving derivative securities relating to our common stock, such as trades in puts or calls, and hedging transactions.

Equity Ownership Guidelines. We maintain stock ownership guidelines for the named executive officers that require each to beneficially own a specified number of shares of our common stock.

Impact of 2014 Stockholder Advisory Vote on 2014 Executive Compensation

In May 2014, we conducted a non-binding, advisory vote on the compensation of our named executive officers, commonly referred to as a "say-on-pay" vote, at our Annual Meeting of Stockholders. Our stockholders approved the compensation of the named executive officers, with approximately 82.6% of the votes cast in favor of our executive compensation program.

The compensation committee evaluated our executive compensation policies and practices throughout 2015 and determined we should maintain the compensation philosophy and objectives from prior years and retain our general approach to executive compensation. As a result, the compensation committee decided to maintain an emphasis on incentive compensation that rewards our most senior executives when they deliver value for our stockholders and, except as noted above, made no significant changes to our executive compensation program.

Consistent with the recommendation of the board of directors and the approval of our stockholders in connection with the advisory vote on the frequency of future say-on-pay votes conducted at our 2011 Annual Meeting of Stockholders, the board of directors has adopted a policy providing for triennial advisory votes on the compensation of our named executive officers. However, as discussed in the annual proxy statement, after careful consideration of this proposal, our board of directors has determined that conducting an advisory vote on the compensation of our named executive officers on an annual cycle is more appropriate for us because it will allow our stockholders to provide us with timely input on the compensation of our named executive officers.

Compensation Setting Process

The compensation committee of our board of directors is responsible for our executive compensation program. The compensation committee currently consists of Ms. Farrington, as chairperson of the committee, Mr. Thompson and Mr. Zander. Each member has been determined to be and each current member remains an "outside director" for purposes of Section 162(m) of the Internal Revenue Code, a "non-employee director" for purposes of Rule 16b-3 under the Exchange Act, and an "independent director" for purposes of the NYSE rules. In accordance with its charter, for 2015 and beyond, the compensation committee has and will evaluate, approve, administer and interpret our executives' compensation and benefit policies and practices.

In 2015, our compensation committee, in consultation with Compensia, took the following actions in connection with setting the compensation of our named executive officers:

with input from our management team, reviewed and made appropriate adjustments to our Select Peer Group, as described below;

developed recommendations with regard to executive compensation structures with reference to the applicable Select Peer Group and the compensation survey results;

reviewed our practice regarding chief executive officer compensation, including determining evaluation criteria, reviewing the performance and determining the compensation earned, paid or awarded to our chief executive officer, independent of input from him;

assessed our policy to review on an annual basis the performance of our named executive officers with assistance from our chief executive officer and determining what it believed to be appropriate target total direct compensation based on competitive levels as measured against the applicable Select Peer Group and the compensation survey results; and

considered the results of the advisory "say-on-pay" vote.

Role of the Compensation Consultant

The compensation committee has the authority to engage independent advisors to assist it in carrying out its responsibilities. For 2015, the compensation committee retained the services of Compensia to review and advise on all principal aspects of the executive compensation program, including providing recommendations regarding the composition of our Select Peer Group, analyzing publicly-available compensation data of peer group companies, compensation survey data, and other publicly available data (including applying its experience with other companies), and reviewing and advising on the target total direct compensation opportunities our executive officers, including base salaries, annual and long-term incentives, including associated performance goals. For 2015, Compensia also assisted the compensation committee with our equity compensation strategy, including providing data for establishing a target equity burn rate, grant value levels, and the appropriate mix and weight of different equity vehicles. Compensia reported directly to the compensation committee and not to management.

In 2015, in addition to the compensation advisory services it provides to the compensation committee, Compensia also assisted us in reviewing and preparing disclosures for our proxy statement and providing advice to the nominating and governance committee on the compensation of our board of directors. The total cost of these additional services was significantly less than \$120,000 in 2015.

Based on the consideration of the various independence factors as set forth in the rules of the SEC and the NYSE, the compensation committee does not believe that its relationship with Compensia and the work of Compensia on behalf of the compensation committee has raised any conflict of interest.

Role of Management

The compensation committee works collaboratively with members of management as well as Compensia in designing and developing new compensation programs applicable to our executive officers, including our named executive officers. The compensation committee directs management, including the chief executive officer, to prepare reports and recommendations for the review, discussion, modification and final approval by the compensation committee with respect to various aspects of our named executive officers' total compensation. The compensation committee believes, for example, that the executive officers have greater day-to-day insight into the key metrics on which company performance should be evaluated. Consequently, the compensation committee directs the chief executive officer, and for certain matters, the chief financial officer and senior human resources personnel, to prepare recommendations with respect to appropriate qualitative and quantitative criteria on which our named executive officers' performance might be based.

The compensation committee may use these reports and recommendations provided by the chief executive officer or other executive officers in discharging its duties with respect to reviewing and setting named executive officer compensation. Other resources that our compensation committee may rely upon include an individual board member's respective experiences and recommendations, recommendations of Compensia, peer or competitive compensation data provided by Compensia or management, the deliberative process of the compensation committee, and any other resources that the compensation committee may determine are relevant. Once the compensation committee believes that it has the information necessary to conduct its deliberations, it does so (1) without further input of our named executive officers when discussing the chief executive officer's compensation and (2) with the chief executive officer's input, and often with his participation in the deliberations, when discussing the compensation for the remaining named executive officers.

Once the compensation committee has made compensation decisions with respect to our named executive officer compensation, neither the chief executive officer nor any other named executive officer has any discretion or authority to increase or decrease the approved compensation, whether in the form of base salary, cash incentive compensation, equity compensation or benefits.

Market Comparisons: How We Define Our Market and How We Use Market Compensation Data

To succeed in attracting top executives and retaining and motivating our named executive officers, we draw upon and access compensation data from a variety of sources, including relevant nationally recognized surveys (as listed below) to ensure we remain current on compensation trends and competitive in the marketplace. Our management and compensation committee review data that analyzes various cross-sections of our industry, including on-demand software services companies, software companies in our geographic area where we compete for talent and accounting software companies.

For 2015, Compensia conducted two assessments for the compensation committee:

a total executive compensation review for the compensation committee that compared and analyzed each of our named executive officer's compensation by element and by target total compensation opportunities to those corresponding opportunities and elements of executives at the companies in the applicable Select Peer Group, as discussed below.

a review of the one- and three-year chief executive officer/chief financial officer pay versus peer performance against total stockholder return (TSR) and operational metrics (i.e., revenue growth and non-GAAP operating margin growth) (the "2015 Realized Pay Analysis").

Defining the Market

As in past years, we used two public company market references to compare by element and by target total compensation opportunities for our named executive officers to those in the market for setting 2015 compensation:

Publicly-Held Companies Survey. Radford October 2014 High-Tech Industry Executive Compensation Survey; and

Table of Contents

Select Peer Group. Publicly available compensation data for: Aspen Technology, Inc., athenahealth, Inc., CommVault Systems, Inc., CoStar Group, Inc., Fortinet, Inc., Guidewire Software, Inc., j2 Global, Inc., Palo Alto Networks, Inc., Pandora Media, Inc., Qlik Technologies Inc., ServiceNow, Inc., SolarWinds, Inc., Splunk Inc., Tableau Software, Inc., The Ultimate Software Group, Inc., Workday, Inc., and Yelp Inc.

In assembling the Select Peer Group, the compensation committee considered companies with similar industry and financial characteristic as us. In reviewing the 2015 Select Peer Group for appropriateness for 2015, as compared to 2014, Concur Technologies, Inc. was removed from the list of comparable companies because it was in the process of being acquired by SAP America, Inc.

Additionally, Palo Alto Networks, Inc. and Tableau Software, Inc. were added to the Select Peer Group because they fit the criteria used to select our Select Peer Group companies. The compensation committee continued to review the compensation data from salesforce.com, inc. for reference purposes only.

The compensation committee reviews our Select Peer Group at least annually.

Use of Market Compensation Data

The compensation committee uses the Select Peer Group and compensation survey data to inform itself about competitive market practices with respect to executive compensation. The compensation committee uses this information as a reference point in assessing the reasonableness and appropriateness of the overall target compensation opportunities for our executive officers, including our named executive officers. This information is only one of several factors that the compensation committee considers, however, in making its decisions with respect to the executive officer compensation. Other factors the compensation committee considers include: individual skills, performance, and contributions to our company objectives, anticipated future contributions to our company, tenure of service to us, internal relative alignment of compensation levels, vested status of an executive officer's equity awards, hiring or retention objectives, and the factors identified in the "Role of Management" section described above.

The compensation committee makes its decisions on overall target direct compensation opportunities for our executive officers with reference to the competitive market represented by the Select Peer Group. We believe that the practices of the Select Peer Group (particularly as they relate to a range of compensation outcomes) are appropriate in light of our outstanding performance as measured against companies in our Select Peer Group and our desire to retain our key executives in a competitive job market. The compensation committee, however, retains the flexibility to set overall target compensation opportunities outside of this range based on one or more of the factors listed above, as it determines are appropriate. We do not benchmark any element of compensation or measure the overall target compensation opportunities for our executive officers against a specific percentile.

Table of ContentsComponents of our Compensation Program

Our executive compensation program consists of the following four primary components:

<i>Base salary</i>	To compensate our executive officers for their day-to-day efforts based on demonstrated experience, competencies, and performance.
<i>Performance-based cash incentives</i>	To motivate and reward achievement of our annual strategic goals only if we achieve our short-term goals, consistent with our "pay-for-performance" philosophy.
<i>Long-term equity incentive compensation</i>	To align our executive officers' interests with the long-term interests of our stockholders and to achieve our retention objectives through multi-year vesting requirements and through performance-based vesting requirements linked to our long-term strategic goals.
<i>Benefits(including post-employment compensation)</i>	To retain our executive officers and reduce the degree to which the possible loss of employment might affect our executives' willingness to take risks or enter into strategic relationships and transactions that, while potentially beneficial to our stockholders, might result in the termination of the executive's employment.

We believe that each individual component is useful in achieving one or more of the objectives of our executive compensation program and that together, these components are effective in achieving our overall objectives.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of each named executive officer, as well as the prevailing market conditions. The base salaries of our named executive officers are generally reviewed on an annual basis and adjustments may be made to reflect performance-based factors, as well as competitive conditions, experience and tenure. We have in the past few years referred to public company surveys, as well as data from our Select Peer Group, and may in the future continue to compare base salaries against those public companies we consider to be appropriate market comparables. If we determine that base salaries are not competitive, market data may inform, but will not be the sole basis for, decisions to adjust base salaries.

In 2015, the compensation committee reviewed the compensation survey data of public companies and our Select Peer Group, and determined that the base salaries for our named executive officers were competitive and provided the proper retention incentives. Accordingly, no changes were made to the base salaries of our named executive officers. The base salaries of our named executive officers in 2015 were as follows:

Named Executive Officer	2015 Base Salary (\$)
Zachary Nelson	500,000
Evan Goldberg	400,000
James McGeever	380,000
Ronald Gill	345,000
Marc Huffman	300,000

Performance-Based Cash Incentives

Performance-based cash incentives are paid to our named executive officers based on the achievement of corporate performance objectives and a qualitative assessment of the applicable officer's individual performance, each as determined by the compensation committee. The corporate objectives may change from year to year as our company grows and market conditions evolve and different priorities are

Table of Contents

established, but the compensation committee plans to continue to set those performance objectives and to measure performance against them.

In February 2015, the compensation committee established the performance-based cash incentive opportunities and the weighting of the corporate and individual performance components for our named executive officers under the Executive Performance Based Cash Incentive Plan for 2015 (the "2015 Cash Incentive Program"), which consisted of a financial performance component (75% weight) and an individual performance component (25% weight). After considering the external market data (including compensation survey data of public companies and our 2015 Select Peer Group), the individual's past and potential future contributions, our company's short-term and long-term objectives, and the other factors it deemed relevant, the compensation committee determined that the existing target performance-based cash incentive opportunities for each of our named executive officers provided the appropriate incentives, and did not make any changes. .

Under the 2015 Cash Incentive Program, the applicable target percentages for each named executive officer and the allocations of the total annual performance-based cash incentives between the financial performance component and individual performance component (as percentages of the total annual performance-based cash incentives) for each named executive officer were as follows:

Named Executive Officer	2015 Target Performance- Based Cash Incentive Opportunity (\$)	Financial Performance Component (%)	Individual Performance Component (%)
Zachary Nelson	500,000	75	25
Evan Goldberg	200,000	75	25
James McGeever	380,000	75	25
Ronald Gill	238,000	75	25
Marc Huffman	300,000	75	25

Individual Performance Component.

For the individual performance component, the compensation committee conducted a qualitative assessment of each named executive officer's individual performance and considered criteria such as professional effectiveness, leadership, strategic and operational execution and creativity. For 2015, 75% of each named executive officer's individual performance component was allocated evenly over each quarter and paid quarterly based on quarterly performance and the other 25% was paid annually based on annual performance.

For 2015, the compensation committee determined that the named executive officers achieved the following payout levels against their individual goals for the quarterly individual performance component.

	Q1	Q2	Q3	Q4	ANNUAL
Zachary Nelson	95%	95%	90%	95%	95%
Evan Goldberg	95%	100%	100%	100%	99%
James McGeever	90%	95%	85%	95%	91%
Ronald Gill	100%	100%	95%	100%	99%
Marc Huffman	85%	95%	80%	100%	90%

Financial Performance Component.

For all named executive officers, the financial performance component for 2015 consisted of three core company performance objectives: GAAP revenue, non-GAAP operating income and non-GAAP operating cash flow.

For purposes of the 2015 Cash Incentive Program, "non-GAAP operating income" was determined in accordance with how we calculate operating income for our publicly reported financial results, except that it excludes the impact of stock-based compensation, amortization of intangibles, and transaction costs related

Table of Contents

to acquisitions and one-time litigation settlement costs. For purposes of the 2015 Cash Incentive Plan, "non-GAAP operating cash flow" was determined in accordance with how we calculate operating cash flow for our publicly reported financial results, except that it excludes the impact of cash disbursements relating to acquisition transaction costs. The weighting for each of these company performance objectives as a percentage of the financial performance component was as follows:

Company Performance Objectives	Percentage of Total Financial Performance Component (%)
GAAP Revenue Target	70
Non-GAAP Operating Income Target	15
Non-GAAP Operating Cash Flow Target	15

Achievement of each of the target levels for each corporate performance objective was determined and paid out quarterly. Actual payouts under each of the corporate performance objectives were calculated on a sliding scale based on the outcome on each metric. More specifically, the payouts under the 2015 Cash Incentive Program for the corporate performance objectives were subject to the following thresholds and caps per target.

Revenue: If the minimum threshold of 95% of the revenue target level was achieved, there would be a payment of 25% of the target cash incentive applicable to the revenue objective. If the target threshold of 100% of the revenue target level was achieved, there would be a payment of 100% of the target cash incentive applicable to the revenue objective. If the maximum threshold of 110% of the revenue target level was achieved, there would be a payment of 175% of the target cash incentive applicable to the revenue objective. For achievement (i) between the minimum threshold and the target threshold or (ii) between the target threshold and the maximum threshold, the actual amount of the cash incentive payment would be determined by applying straight-line interpolation between the specified payment amounts for the applicable thresholds. For achievement greater than the maximum threshold, each named executive officer would earn a cash incentive of 175% of his target cash incentive opportunity applicable to the revenue component. The chart below illustrates our quarterly 2015 revenue targets, actual achievement against those targets, and the corresponding percentage payouts to our named executive officers for each quarter:

Revenue

	Q1	Q2	Q3	Q4
Target (in millions)	\$ 163.3	\$ 176.6	\$ 190.4	\$ 202.6
Achievement (% of Target)	101%	100%	101%	102%
Payout (%)	105%	100%	105%	110%

Operating Income: If the minimum threshold of 95% of the non-GAAP operating income target level was achieved, there would be a payment of 25% of the target cash incentive applicable to the non-GAAP operating income objective. If the target threshold of 100% of the non-GAAP operating income target level was achieved, there would be a payment of 100% of the target cash incentive applicable to the non-GAAP operating income objective. If the maximum threshold of 105% of the non-GAAP operating income target level was achieved, there would be a payment of 175% of the target cash incentive applicable to the non-GAAP operating income objective. For achievement (i) between the minimum threshold and the target threshold or (ii) between the target threshold and the maximum threshold, the actual amount of the cash incentive payment would be determined by applying straight-line interpolation between the specified payment amounts for the applicable thresholds. For achievement greater than the maximum threshold, each named executive officer would earn a cash incentive of 175% of his target cash incentive opportunity applicable to the non-GAAP operating income component. Achievement (% of Target)	151%	59%	36%	48%
Payout (%)	175%	0%	0%	0%

Operating Cash Flow: If the minimum threshold of 95% of the non-GAAP operating cash flow target level was achieved, there would be a payment of 25% of the target cash incentive applicable to the non-GAAP operating cash flow objective. If the target threshold of 100% of the non-GAAP operating cash flow target level was achieved, there would be a payment of 100% of the target cash incentive applicable to the non-GAAP operating cash flow objective. If the maximum threshold of 105% of the non-GAAP operating cash flow target level was achieved, there would be a payment of 175% of the target cash incentive applicable to the non-GAAP operating cash flow objective. For achievement (i) between the minimum threshold and the target threshold or (ii) between the target threshold and the maximum threshold, the actual amount of the cash incentive payment would be determined by applying straight-line interpolation between the specified payment amounts for the applicable thresholds. For achievement greater than the maximum threshold, each named executive officer would earn a cash incentive of 175% of his target cash incentive opportunity applicable to the non-GAAP operating cash flow component. The chart below illustrates our quarterly 2015 non-GAAP operating cash flow targets, actual achievement against those targets, and the corresponding percentage payouts to our named executive officers for each quarter:

The target and actual performance-based cash incentive payments for 2015 for our named executive officers were as follows, based on the achievement against the financial performance component and individual performance component discussed above:

Table of Contents*Long-Term Incentive Program*

We believe providing long-term incentives in the form of equity awards promotes a corporate culture that supports strong long-term corporate performance and encourages our named executive officers to take a long-term outlook.

Our long-term incentive program provides our named executive officers with incentives to align their interests with the interests of our stockholders. The compensation committee grants equity awards to our named executive officers to enable them to participate in the long-term appreciation of our common stock, while reducing or eliminating the economic benefit of such awards in the event our common stock does not perform well. Additionally, equity awards provide an important retention tool for our named executive officers.

The long-term incentive component of our executive compensation program consists of two parts: (1) annual equity awards (in the form of stock options and RSU awards) and (2) multi-year performance-based equity awards (in the form PSU awards). The compensation committee believes that a mix of stock options and full-value awards helps to reduce the risk of options during turbulent economic times and remain competitive with our Select Peer Group and other comparable high-growth technology companies with which we compete for talent, most of whom offer full-value awards as a central piece of their executive equity compensation program.

We use two methodologies to make external comparisons when we set the value of equity awards to be granted to each named executive officer. On an individual basis, we compare (1) the fair value of the award to those made to executives within the applicable Select Peer Group using a Black-Scholes methodology valuation for options that is consistent with ASC Topic 718 and the reported value for other types of equity awards and (2) the number of equity awards granted by job position as a percentage to our total common shares outstanding. We believe these comparisons provide important context for assessing the competitiveness of our equity-based compensation practices with market practices.

The value that each of our named executive officers will realize under his equity award will be measured by our performance over time.

Stock Options

In March 2015, the compensation committee approved annual grants of stock options to our named executive officers. The number of shares subject to each annual stock option grant was based on individual performance, the compensation committee's review of the compensation survey and Select Peer Group data, and the compensation committee's assessment of the retention value of each named executive officer's existing equity awards. Additionally, further differentiation was made between the named executive officers based on competitive peer group data for their respective positions, the value of the equity being delivered to comparable executives within the reference point range, and the compensation committee's assessment of each executive's potential future contributions to us. These annual stock option grants vest ratably each month over a four-year period subject to the applicable named executive officer's continued service with us and are granted with an exercise price equal to the per share fair market value of our company's common stock on the date of grant. The numbers of shares subject to the annual stock options granted to our named executive officers in 2015 were as follows:

Named Executive Officer	Shares Subject to Option (#)	Grant Date Fair Value (\$)
Zachary Nelson	79,460	\$ 2,823,389
Evan Goldberg	37,481	\$ 1,331,782
James McGeever	68,966	\$ 2,450,514

Table of Contents*RSUs*

In March 2015, the compensation committee approved annual grants of RSUs to our named executive officers. The number of annual RSUs was based on individual performance, the compensation committee's review of the compensation survey and Select Peer Group data, and the compensation committee's assessment of the retention value of each named executive officer's existing equity awards. Additionally, further differentiation was made between the named executive officers based on competitive peer group data for their respective positions, the value of the equity being delivered to comparable executives within the reference point range, and the compensation committee's assessment of each executive's potential future contributions to us. These annual RSU awards vest at a rate of 1/16th per quarter subject to the applicable named executive officer's continued service with us. The numbers of annual RSUs granted to our named executive officers in 2015 were as follows:

Named Executive Officer	RSUs (#)	Grant Date	
			Fair Value (\$)
Zachary Nelson	27,008	\$	2,500,401
Evan Goldberg	12,740	\$	1,179,469
James McGeever	23,441	\$	2,170,168
Ronald Gill	10,701	\$	990,699
Marc Huffman	5,096	\$	471,788

In connection with his promotion to the role of President in August 2015, Mr. McGeever was granted an additional award of 20,000 RSUs, which had a grant date fair value of \$1,945,200. In setting the equity value of this RSU award, the compensation committee considered the total estimated value of the equity holdings of comparable executives based on data from the Select Peer Group and compensation surveys, and set the size of his promotion grants at competitive levels. This RSU award is scheduled to vest at a rate of 1/16th per quarter subject to Mr. McGeever's continued service with us.

*PSUs*2013 PSUs

At the end of 2013, the compensation committee approved the grant of the 2013 PSUs to Messrs. Nelson, Goldberg, McGeever, and Gill to motivate and incentivize them to drive long-term growth in our business, provide them with incentives to stay with us over the long-term, and promote alignment of their financial interests with those of our stockholders' interests. The performance period for the 2013 PSUs started at the beginning of 2014 and ended at the end of 2015. The number of 2013 PSUs that became eligible to vest was based on the average growth in our annual revenue and our non-GAAP operating margin during the performance period determined in accordance with the table below. If performance for a performance metric fell between the bands in the table below, performance for that metric would be determined linearly between the applicable bands. The compensation committee could make adjustments to the performance targets in the table below based on the impact of business acquisitions during the performance period.

Non-GAAP Operating Margin	Payout Percentage				
	Revenue Growth				
	32%	33%	34%	35%	36%
4.8%	90%	95%	105%	110%	115%
4.5%	85%	90%	100%	105%	110%
4.0%	80%	85%	95%	100%	105%
3.5%	75%	80%	90%	95%	100%

In February 2016, based on our actual level of achievement of these performance goals, the compensation committee determined that 86.5% of the target number of 2013 PSUs became eligible to vest. This was based on revenue growth of 33.72% and non-GAAP operating margin of 4.05% (each of which reflects adjustments made by the compensation committee after factoring in business acquisitions) during the

Table of Contents

performance period. 50% of the earned 2013 PSUs vested in February 2016, and 50% of the earned 2013 PSUs are scheduled to vest in February 2017 subject to the applicable named executive officer's continued service with us. The 2013 PSUs that vest are settled in shares of our common stock.

The table below sets forth (i) the target number of 2013 PSUs and (ii) the actual number of 2013 PSUs that became eligible to vest under the time-based vesting schedule described above:

Named Executive Officer	Target 2013 PSUs (#)	2013 PSUs Eligible to Vest (#)
Zachary Nelson	36,273	31,366
Evan Goldberg	17,618	15,235
James McGeever	17,618	15,235
Ronald Gill	12,437	10,755

2015 PSUs

In March 2015, the compensation committee approved the grant of PSU awards to certain executive officers, including Mr. Huffman, and other key employees (the "2015 PSUs") based upon its fundamental belief that performance should continue to be a significant factor in our overall equity compensation program. The target number of 2015 PSUs granted to Mr. Huffman was determined in the compensation committee's judgment in an effort to motivate and incentivize him to drive long-term growth in our business and further promote alignment of his financial interests with those of our stockholders' interests.

The 2015 PSUs were divided into four substantially equal tranches, with the number of 2015 PSUs in each of the first three tranches that become eligible to vest based on our actual achievement against the performance objectives established (or to be established) by the compensation committee in and for each of the 2015, 2016, and 2017 fiscal years, respectively, and the number of 2015 PSUs in the remaining tranche, the fourth tranche, that become eligible to vest based on our achievement against the performance objectives established by the compensation committee in 2015 for the 2017 fiscal year. The compensation committee believed that establishing the performance objectives for half of the 2015 PSUs up front provided a valuable framework of short-term and long-term incentives and retaining the discretion to establish the performance objectives at the beginning of each year for the remaining 2015 PSUs preserved the flexibility to implement performance objectives consistent with any changes to our business that may occur year-by-year.

Any 2015 PSUs in a tranche that become eligible to vest are scheduled to vest as to one-third of such PSUs on the later of (i) the date the compensation committee determines the applicable performance goals were achieved or (ii) February 15 of the year following the performance period, with the remainder of such 2015 PSUs vesting in equal annual installments over the next two years, subject to continued service with us. The 2015 PSUs that vest are settled in shares of our common stock.

The table below illustrates for each of the four tranches (i) the relevant performance period and (ii) the year in which the performance goals were or will be established by the compensation committee:

	Tranche 1 (25% of 2015 PSU award)	Tranche 2 (25% of 2015 PSU award)	Tranche 3 (25% of 2015 PSU award)	Tranche 4 (25% of 2015 PSU award)
Performance Period	2015 Fiscal Year	2016 Fiscal Year	2017 Fiscal Year	2017 Fiscal Year
Establishment of Performance Goals (Year)	2015 Fiscal Year	2016 Fiscal Year	2017 Fiscal Year	2015 Fiscal Year

In March 2015, the compensation committee set the performance objectives for the first and fourth tranches of the 2015 PSUs. For the first tranche of the 2015 PSUs, the compensation committee set a performance objective based on our revenue in 2015, with a minimum revenue threshold of \$696.2 million, a target revenue threshold of \$732.9 million, a maximum revenue threshold of \$769.5 million. If we achieved the minimum revenue threshold, 25% of the target number of 2015 PSUs in that tranche would become eligible to vest. If we achieved the target revenue threshold, 100% of the target number of 2015 PSUs in that tranche would become eligible to vest. If we achieved or exceeded the maximum revenue threshold, 200% of

Table of Contents

the target number of 2015 PSUs in that tranche would become eligible to vest. For achievement (i) between the minimum revenue threshold and the target revenue threshold or (ii) between the target revenue threshold and the maximum revenue threshold, the actual number of 2015 PSUs in the applicable tranche that become eligible to vest would be determined by applying straight-line interpolation between the specified amounts for the applicable revenue thresholds. If we did not achieve the minimum revenue threshold for the applicable tranche, none of 2015 PSUs in that tranche would become eligible to vest.

The fourth tranche of the 2015 PSUs will vest entirely based on revenue in 2017 against performance goals established in 2015 and using the same methodology described above.

In February 2016, based on our actual level of achievement of the performance goals in 2015, the compensation committee determined that 122.6% of the target number of 2015 PSUs in the first tranche became eligible to vest. This is based on 2015 revenue of \$741.1 million.

The table below sets forth for Mr. Huffman (i) the total target number of 2015 PSUs, (ii) the target number of 2015 PSUs in the first tranche of the 2015 PSUs and (iii) the actual number of 2015 PSUs in the first tranche of the 2015 PSUs that became eligible to vest under the time-based vesting schedule described above:

Named Executive Officer	Total Target 2015 PSUs (#)	Target 2015 PSUs in First Tranche (#)	2015 PSUs in First Tranche Eligible to Vest (#)
Marc Huffman	14,268	3,567	4,373

Other Compensation Policies

Benefits. We provide the following benefits to our named executive officers, generally on the same basis provided to all of our employees: health, dental and vision insurance; life insurance; a Section 401(k) plan (U.S.-based employees only); a typical EAP or employee assistance program; short- and long-term disability insurance and accidental death and dismemberment insurance; medical and dependent care flexible spending accounts (U.S.-based employees only); and employee stock purchase plan (ESPP).

We believe these benefits are generally consistent with those offered by companies with which we compete for employees. We do not provide special perquisites or other special benefits to our executive officers.

Severance Compensation and Termination Protection. Based upon a review of comparable market data at the time the arrangements were entered into in prior years, the compensation committee previously approved severance and change of control agreements with each of our named executive officers. The compensation committee believes that severance agreements are necessary to provide competitive executive compensation packages. The compensation committee also believes that change of control protection serves to minimize the distraction caused by a potential transaction and reduces the risk that a named executive officer departs our company before a transaction is consummated. We believe that a pre-existing change of control plan will allow our executive officers to focus on continuing normal business operations and ensuring the success of a potential business combination, rather than focusing on alternative employment. We also believe that providing similar change of control benefits to all of our named executive officers provides an appropriate level of consistency among the named executive officers so that their interests are aligned during a potential business combination. Severance payments and benefits are provided only upon termination of employment following a change of control of our company (a so-called "double-trigger" arrangement) so that a potential acquirer that wishes to retain a named executive officer during a transition period or over the long-term will have an opportunity to do so.

Additional details regarding the severance payments and benefits payable to our named executive officers, including estimates of amounts payable upon termination of employment, are disclosed in the section titled "Severance and Change of Control Arrangements" contained in this proxy statement.

Equity Award Grant Policy. Our board of directors adopted an Equity Award Grant Policy, which was most recently amended in 2014. The Equity Award Grant Policy sets forth the material terms of stock option, RSU and PSU awards under the 2007 Equity Incentive Plan. Under the policy, equity awards for new-hires are generally granted in the middle of the second month of each fiscal quarter after the action authorizing the grants becomes effective, which is intended to follow, without much delay, our earnings announcements for the prior fiscal quarter. With respect to annual equity awards, the compensation committee adopted a policy whereby annual awards are granted in the first quarter of the calendar year to align these annual awards with the determination of the prior years' financial results and performance reviews. Our board of directors or compensation committee may approve grants that are exceptions to the policy.

Equity Ownership Guidelines. The compensation committee adopted equity ownership guidelines for all of our executive officers to help ensure that we maintain close alignment between the interests of our executive officers and those of our stockholders. Under our equity ownership guidelines, our chief executive officer is expected to own shares of our common stock valued at three times his annual base salary, and each other executive officer is expected to own shares of our common stock valued at one times his or her annual base salary. This guideline is subject to a five-year pro-rated phase in period for newly appointed executive officers. Unless otherwise approved by the Nominating and Governance Committee, until a director or executive officer is in compliance with our equity ownership guidelines, the guidelines require that such person refrain from selling shares of our common stock, other than to satisfy tax obligations in connection with the vesting of equity awards. At the end of 2015, all of the named executive officers were in compliance with the equity ownership guidelines.

Policy Against Short Sales, other Put-Equivalent Investment and Hedging Transactions. All of our directors, officers and employees are subject to our Insider Trading Compliance Policy. Our Insider Trading Compliance Policy prohibits, among other things, insiders from engaging in short-term or recurring speculative transactions in our securities, including (i) short sales, (ii) short-term trading, (iii) any short-term or speculative transaction whereby the insider could profit from a decline in our stock price, (iv) transactions involving publicly traded options or other derivatives, such as trade in puts or calls in our stock, and (v) hedging transactions.

Compensation Recovery Policy. Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery, or clawback policy covering our annual and long-term incentive award plans and arrangements once the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Tax Considerations

Internal Revenue Code Section 162(m) limits the amount that we may deduct for compensation paid to our chief executive officer and to certain other highly compensated officers (other than our chief financial officer) to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of "performance-based" compensation. In addition to salary, upon the exercise of stock options, the excess of the market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause a covered officer's total compensation to exceed \$1,000,000. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance. In addition, while the compensation committee has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, the compensation committee considers tax deductibility under Section 162(m) as a factor in compensation structure. We may from time to time pay compensation or grant equity awards to our executive officers, however, that may not be deductible when, for example, we

Table of Contents

believe that such compensation is appropriate and in the best interests of our stockholders, after taking into consideration changing business conditions and/or the executive officer's performance.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standards Board's Accounting Standards Codification Topic 718 (ASC 718), for our stock-based compensation awards. ASC 718 requires companies to calculate the grant date "fair value" of their stock-based awards using a variety of assumptions. This calculation is performed for accounting purposes and reported in the company's financial statements (as well as the compensation tables below), even though recipients may never realize any value from their awards or a value vastly different than the value shown. ASC 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Risk Considerations

The board of directors, in cooperation with management, reviewed our 2015 compensation programs. The board of directors believes that the mix and design of the elements of such programs do not encourage our employees to assume excessive risks and accordingly are not reasonably likely to have a material adverse effect on our company. We have designed our compensation programs to be balanced so that our employees are focused on both short and long-term financial and operational performance. In particular, the weighting towards long-term incentive compensation discourages short-term risk taking. Goals are appropriately set with targets that encourage growth in the business, while doing so in a manner that encourages profitability. Furthermore, as described in our Compensation Discussion and Analysis, compensation decisions include subjective considerations, which restrain the influence of formulae or objective factors on excessive risk taking. See the section titled "Risk Oversight" above for an additional discussion of risk considerations.

- (1) Represents awards granted under our 2015 Cash Incentive Plan, which were earned based on performance in 2015. These columns show the awards that were possible at the threshold, target and maximum levels of performance. The column titled "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table shows the actual awards earned in 2015 by our named executive officers under our 2015 Cash Incentive Plan.
- (2) Represents the 2015 PSU awards. These columns show the portion of the 2015 PSU awards that could become eligible to vest at threshold, target and maximum levels based on performance conditions established in 2015. Footnote 19 to the "Outstanding Equity Awards at December 31, 2015" table includes the actual amounts earned in 2015 by our named executive officers. The awards were granted under our 2007 Equity Incentive Plan. The probable value for 2015 PSUs was determined in February 2015 when the performance goals were approved. Please see the "Compensation Discussion and Analysis" for a further discussion on the 2015 PSU awards and how and when the related performance goals are established.
- (3) This column represents awards of RSUs granted under our 2007 Equity Incentive Plan.
- (4) This column represents awards of stock options granted under our 2007 Equity Incentive Plan.
- (5) Amounts in this column represent the grant date fair value of stock options, RSUs and PSU awards, calculated in accordance with FASB ASC Topic 718. For option awards, that number is calculated by multiplying the Black-Scholes fair value by the number of options granted. For RSUs and PSUs determined based on meeting certain company-wide financial performance goals, that number is calculated by multiplying (x) the fair market value of our common stock on the date of grant by (y) the number of units awarded. For the PSUs, this amount is based on tranches 1 and 4 of the 2015 PSU award, in each case, which performance goals were established in 2015.

(6)

The grant date fair value for the PSUs shown in the table represents 100% of tranches 1 and 4 of the 2015 PSU award, which was determined to be the probable outcome of the performance conditions related to the awards at or near the date of grant. In February 2016, the compensation committee determined that 4,373 shares related to tranche 1 of the 2015 PSU award were earned based on achievement of company goals. Please see the "Compensation Discussion and Analysis" for a further discussion on the 2015 PSU awards and how and when the related performance goals are established.

SEVERANCE AND CHANGE OF CONTROL ARRANGEMENTS

Severance and Change of Control Arrangements

We entered into severance and change of control agreements that require specific payments and benefits to be provided to our named executive officers in the event of termination of employment. Pursuant to the severance and change of control agreements, upon an executive's termination by us (other than for Cause or upon the executive's death or disability), not in connection with a change of control, then subject to the executive executing a separation agreement and release of claims and such agreement becoming effective, the executive would be entitled to the following severance benefits, subject to the executive's continued compliance with covenants under the agreement:

continuing payments of base salary for 12 months from the date of such termination;

a pro-rated amount of the executive's target performance-based cash incentive for the year of termination based on the period of time the executive had been employed during the year of termination, except that Mr. Huffman's severance and change of control agreement provides for a pro-rated lump-sum payment equal to 100% of the bonus he would have received if he remained employed through the applicable period and/or payment date if he participates in a cash bonus plan intended to qualify as Section 162(m) performance-based compensation;

accelerated vesting for the executive's outstanding equity awards as follows:

With respect to Messrs. Nelson, McGeever, and Goldberg, accelerated vesting as to the portion of the outstanding equity award that would have otherwise vested during the 12-month period following such termination as if the executive had remained employed by us through such date;

With respect to Messrs. Gill and Huffman, accelerated vesting as to the portion of the outstanding equity award that: (i) for service-based vesting awards, would have otherwise vested during the 12-month period following termination as if the executive had remained employed by us through such date and equity awards, and (ii) for performance-based vesting awards, would have otherwise vested during the 12-month period following such termination as if the executive had remained employed by us through such date, but only to the extent that the administrator determines the performance criteria would have been achieved;

all named executive officers will have up to 12 months following the date of such termination to exercise any outstanding stock options, stock appreciation rights or similar equity awards, except that any stock options, stock appreciation rights or similar equity awards granted to Mr. Huffman prior to the effective date of his employment agreement shall be governed the exercise limitations stated in the applicable agreement;

outplacement services for up to 12 months following such termination; and

health care premiums for medical, dental and vision benefits for the executive and his or her eligible dependents for up to 12 months following such termination.

Pursuant to the severance and change of control agreements, upon an executive's termination by us (other than for Cause, or the executive's death or disability) or upon the executive's resignation from such employment for Good Reason, in either case in connection with a change of control (during the period commencing three months prior to and ending 12 months after the change in control), then subject to the executive executing a separation agreement and release of claims and such agreement becoming effective, the executive would be entitled to the following severance:

a lump sum payment of 12 months of base salary;

a lump sum amount equal to the executive's target performance-based cash incentive for the year of termination, or, if greater, as in effect immediately prior to the change of control;

Table of Contents

accelerated vesting for the executive's outstanding equity awards as follows:

With respect to Messrs. Nelson, McGeever, and Goldberg, accelerated vesting of 100% of the executive's outstanding equity awards;

With respect to Messrs. Gill and Huffman, in an amount equal to: (i) for service-based vesting awards, 100% acceleration, and (ii) for performance-based vesting awards, 100% vesting at target levels, excepts that, with respect to Mr. Huffman, if we estimated the likely achievement for financial accounting purposes in the fiscal quarter ending immediately prior to the change in control, vesting only to the extent achievement was estimated;

all named executive officers will have up to 12 months following the date of such termination to exercise any outstanding stock options, stock appreciation rights or similar equity awards, except any stock options, stock appreciation rights or similar equity awards granted to Mr. Huffman prior to the effective date of his employment agreement shall be governed by the exercise limitations stated in the applicable agreement;

outplacement services for up to 12 months following such termination; and

health care premiums for medical, dental and vision benefits for the executive and his or her eligible dependents for up to 12 months following such termination.

In the event any payment to Messrs. Nelson, Goldberg, or McGeever is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a parachute payment under Section 280G of the Internal Revenue Code), such officer will be entitled to receive an additional cash payment from us equal to the sum of the excise tax and all cumulative income taxes relating to the cash payment. In the event any payment to Mr. Gill or Mr. Huffman would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a parachute payment under Section 280G of the Internal Revenue Code), Mr. Gill or Mr. Huffman, as applicable, will receive such payment as would entitle him to receive the greatest after-tax benefit, even if it means us paying him a lower aggregate payment so as to minimize or eliminate the potential excise tax imposed by Section 4999 of the Internal Revenue Code.

Under the change of control agreements, the following definitions are used:

"Cause" means:

- (i) executive's failure to devote sufficient time and effort to the performance of his or her duties;
- (ii) executive's continued failure to perform his or her employment duties;
- (iii) executive's repeated unexplained or unjustified absences from the Company;
- (iv) executive's material and willful violation of any federal or state law which if made public would injure the business or reputation of the Company;
- (v) executive's refusal or willful failure to act in accordance with any specific lawful direction or order of the Company or stated written policy of the Company;
- (vi) executive's commission of any act of fraud with respect to the company; or

(vii)

executive's conviction of, or plea of *nolo contendere* to, a felony or a crime involving moral turpitude causing material harm to the standing and reputation of the Company, in each case as reasonably determined by the Company or the board of directors of the Company.

The Company may not terminate the employment of an executive under clause (i), (ii), or (iii) above unless the Company (1) provides executive with a written notice that specifically sets forth the factual basis to support the Company's right to terminate executive's employment under clause (i), (ii), or (iii) above, and (2) permits executive to cure such failure, to the Company's satisfaction, within 10 business days after receiving such notice.

Table of Contents

"Change of Control" means the occurrence of any of the following:

- (i) Any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), except Tako Ventures, LLC, or an affiliate of Tako Ventures, LLC, that becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing more than 50% of the total voting power represented by, or more than 50% of the fair value of, the Company's then outstanding voting securities; provided, however, that for this purpose, the acquisition of additional securities by any one person, who is considered to own more than 50% of the total voting power of the securities of the Company shall not be considered a Change of Control. Tako Ventures, LLC, which is affiliated with Lawrence J. Ellison, transferred shares of our common stock into NetSuite Restricted Holdings LLC prior to our initial public offering; or
- (ii) Any action or event occurring within a one-year period, as a result of which less than a majority of the directors are Incumbent Directors. "Incumbent Directors" means directors who either (A) are directors of the Company as of the date the agreement was entered into, or (B) are elected, or nominated for election, to the board of directors with the affirmative votes of a majority of the Incumbent Directors at the time of such election or nomination (but will not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of directors to the Company); or
- (iii) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving or resulting entity, including any parent holding company) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving or resulting entity outstanding immediately after such merger or consolidation; or
- (iv) A change in the ownership of a substantial portion of the Company's assets which occurs on the date that any person acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than fifty percent (50%) of the total fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iv), a transfer of assets by the Company to any of the following shall not constitute a change in the ownership of a substantial portion of the Company's assets: (1) a stockholder of the Company (immediately before the asset transfer) in exchange for or with respect to the Company's securities; (2) an entity, fifty percent (50%) or more of the total value or voting power of which is owned, directly or indirectly, by the Company; (3) a person, that owns, directly or indirectly, fifty percent (50%) or more of the total value or voting power of all the outstanding stock of the Company; or (4) an entity, at least fifty percent (50%) of the total value or voting power of which is owned, directly or indirectly, by a person described in clause (3). For purposes of this subsection (iv), gross fair market value means the value of the assets of the Company, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

Notwithstanding the foregoing, a Company transaction that does not constitute a change in control event under Code Section 409A(a)(2)(A)(v) shall be not be considered a Change of Control for purposes of the change of control and severance agreements.

"Good Reason" means executive's resignation within thirty (30) days following the expiration of any company cure period following the occurrence of one or more of the following, without the executive's written consent:

- (i) the significant reduction of executive's duties, authority, responsibilities, job title or reporting relationships relative to executive's duties, authority, responsibilities, job title, or reporting relationships as in effect immediately prior to such reduction, or the assignment to executive of such reduced duties, authority, responsibilities, job title, or reporting relationships; provided,

Table of Contents

however, that a reduction in position or responsibilities solely by virtue of a Change of Control shall not constitute "Good Reason";

- (ii) a reduction of more than five percent of executive's base salary in any one year;
- (iii) a reduction by more than ten percent of executive's target total annual cash compensation in any one year (which consists of executive's base salary plus target performance-based cash incentive compensation);
- (iv) the material change in the geographic location at which executive must perform services (for these purposes, the relocation of executive to a facility that is more than twenty-five (25) miles from executive's current employment location will be considered material);
- (v) the failure of the Company to obtain assumption of the severance and change of control agreement by any successor; and
- (vi) the breach by the Company of a material provision of the severance and change of control agreement.

For purposes of clause (i), executive's duties, authority, responsibilities, job title and reporting relationships will be deemed to have been significantly reduced if executive does not (a) hold at least the same title and position (including responsibility over at least the same functional areas as prior to the change of control) with the Company business or the business with which such business is operationally merged or subsumed (as, for example, where the President and Chief Executive Officer of the Company remains the President and Chief Executive Officer of the Company following a Change of Control where the Company becomes a wholly owned but separate operating subsidiary of the acquirer, but is not made the President and Chief Executive Officer of the acquiring corporation), or (b) remain a member of the executive officer management staff of the Company business or the business with which such business is operationally merged or subsumed. Executive cannot resign for Good Reason without first providing the Company with written notice within ninety (90) days of the event that executive believes constitutes "Good Reason" specifically identifying the acts or omissions constituting the grounds for Good Reason and a reasonable cure period of not less than thirty (30) days following the date of such notice.

- (1) In the event of a termination without Cause and not in connection with a Change of Control, incentive bonus is calculated as a pro rata amount based on elapsed time in the current bonus period. Actual year 2015 bonuses earned by each named executive officer are reported in the Summary Compensation Table.

Table of Contents**DIRECTOR COMPENSATION**

It is the general policy of the board of directors that compensation for non-employee directors should be a mix of cash and equity-based compensation. We also have a policy of reimbursing directors for travel, lodging and other reasonable expenses incurred in connection with their attendance at board or committee meetings or attendance at director education programs. Other than as provided below, there were no other arrangements pursuant to which any non-employee director was compensated during the year ended December 31, 2015 for service as a member of our board of directors. We do not provide any retirement benefits or other perquisites to our non-employee directors.

Cash Compensation

During 2015, our non-employee directors were paid an annual cash retainer for serving on the board, plus additional cash retainers based on their committee service and service as the lead independent director. These annual cash retainers, which were paid quarterly in advance, were:

Position	Annual Retainer
Board Member	\$ 45,000
Lead Independent Director	\$ 20,000
Audit Committee Chair	\$ 26,000
Audit Committee Member (non-chair)	\$ 12,000
Compensation Committee Chair	\$ 17,000
Compensation Committee Member (non-chair)	\$ 8,000
Nominating & Governance Committee Chair	\$ 15,000
Nominating & Governance Committee Member (non-chair)	\$ 4,000
Corporate Development Committee Chair	\$ 15,000
Corporate Development Member (non-chair)	\$ 4,000

Under our director compensation policy, for the first full year of service, the annual cash compensation paid to our non-employee directors shall be prorated based on the number of months served up until the first Annual Meeting of Stockholders after their service commences. This did not apply for any of our non-employee directors in 2015 as they all joined the board of directors prior to 2015.

In addition to the annual cash retainers, each non-employee director was eligible to receive an additional meeting fee for board and committee meetings only to the extent that such board or committee meetings exceed certain thresholds. In 2015, those thresholds and per meeting fee amounts were as follows:

Type of Meeting	Meeting Fee	Threshold
Board of Directors	\$ 1,500	Exceeds 10 meetings per calendar year
Audit Committee	\$ 1,000	Exceeds 10 meetings per calendar year
Compensation Committee	\$ 1,000	Exceeds 6 meetings per calendar year
Nominating and Governance Committee	\$ 1,000	Exceeds 6 meetings per calendar year
Corporate Development Committee	\$ 1,000	Exceeds 6 meetings per calendar year

Neither of our employee-directors received compensation during 2015 for service as a member of our board of directors.

Equity Compensation

Under our Equity Award Grant Policy, eligible non-employee directors receive a series of automatic option grants and RSU awards over their period of service on the board of directors. Those automatic option grants and RSU awards are as follows:

Initial Grant. At the time of his or her initial election or appointment to the board of director, each new non-employee director is granted an option to purchase shares of our common stock and a RSU award

Table of Contents

for shares of our common stock on or about the date such person becomes a non-employee director. The size of these grants is a pro-rated percentage of the Annual Grant based on which fiscal quarter the new director joins the board of directors.

Annual Grant. Each year thereafter, on the date of our Annual Meeting of Stockholders, each non-employee director (if such non-employee director served on the board for at least six months preceding the annual meeting) is granted a stock option to purchase shares of our common stock with a grant date value (determined using the Black-Scholes option pricing model) of approximately \$100,000 and a RSU award with a grant date value of approximately \$200,000 as of the date of the grant.

Vesting Terms. The shares subject to any option award will vest monthly over a one-year period with the first installment vesting on the one month anniversary of the date of grant, subject to the director's continued service on the board of directors. The RSU award will vest 100% on the earlier of (i) the date of the next annual meeting following the date of grant or (ii) December 31 of the calendar year following the calendar year in which the grant occurs, subject to the director's continued service on the board. In the event of a change of control of the Company, the remaining unvested options and RSU awards granted to our non-employee directors shall vest 100%.

Each option grant shall have an exercise price equal to the fair market value per share of our common stock on the grant date and a maximum term of ten years.

The Equity Award Grant Policy also provides that non-employee directors are eligible to receive discretionary awards in addition to those covered by the automatic grant program. The board or its applicable committee retains the authority to revise the Equity Award Grant Policy as it deems appropriate from time to time.

Equity Ownership Guidelines. Our board of directors adopted Equity Ownership Guidelines that provide that each non-employee director is expected to own shares of the Company's stock valued of at least three (3) times his or her annual cash retainer fee for service on the board of directors. This guideline is subject to a five-year pro-rated phase in period. At the end of 2015, all of the non-employee directors were in compliance with the Equity Ownership Guidelines.

Transactions with our Significant Stockholder

From 2005 to the present, we have entered into various software license agreements and related technical support agreements with Oracle USA, Inc., an affiliate of Oracle Corporation. Lawrence J. Ellison, who beneficially owns a significant portion of our common stock, is the Executive Chairman and Chief Technology Officer, a director and a principal stockholder of Oracle Corporation ("Oracle").

In October 2007, we entered into a perpetual software license agreement with Oracle USA to license Oracle database and application server software, along with technical support. This license had a 42 month term that allowed the Company to download an unlimited number of perpetual licenses and was financed pursuant to a note issued to Oracle USA. The Company also purchased the initial 12 months of technical support services under the agreement, which was renewed in 2008 and 2009. The October 2007 agreement replaced the support portion of the product orders made under the April 2005 and May 2007 agreements. The October 2007 agreement required us to pay \$4.7 million for the net license fees in 12 equal quarterly installments through 2010 and annual payments of \$1.4 million for the technical support fees. We financed the \$4.7 million license fees and the first year support pursuant to a note issued to Oracle Credit Corporation. The note bore interest at a rate of 6.20% per annum. We paid the remaining principal of \$1.9 million during the year ended December 31, 2010. Interest payments on these notes were \$65,000 during the year ended December 31, 2010.

In November 2009, we entered into an amendment to the perpetual software license agreement with Oracle USA. The November 2009 amendment provided that we would pay a one-time fee of \$210,000. We

Table of Contents

also paid an additional \$46,200 per year in additional support fees. For the year ended December 31, 2010, the Company paid \$786,000 to Oracle USA for support fees.

In May 2010, we entered into a second amendment to the perpetual software license agreement with Oracle USA. The amendment provided for a 37 month extension of unlimited licenses to the October 2007 license agreement from Oracle and for us to pay a one-time fee of \$5.2 million to extend the term whereby we were able to download unlimited licenses from April 30, 2011 to May 31, 2014. The amendment also provided for technical support services. We paid \$1.2 million for the support services from June 1, 2010 to May 31, 2011. We financed the fees due under the amendment pursuant to a note issued to Oracle Credit Corporation. The note bore interest at a rate of 2.12% per annum with payments scheduled over the term of the amendment. We paid principal of \$1.8 million during the year ended December 31, 2010. Interest payments on the May 2010 note were \$56,000 during the year ended December 31, 2010. We paid \$2.9 million during the year ended December 31, 2011 including \$1.8 million related to support services renewed in May 2011 and \$1.1 million related to software services. Interest payments on the May 2010 note totaled \$109,000 during the year ended December 31, 2011. We paid \$3.9 million during the year ended December 31, 2012, including \$2.3 million related to support services renewed in May 2012 and \$1.6 million related to software services. Interest payments on the May 2010 note totaled \$82,000 during the year ended December 31, 2012.

On February 28, 2013, we entered into a third amendment to the perpetual software license agreement with Oracle USA ("Amendment"). The Amendment provides for a 48 month extension to the May 2010 second amendment to the Oracle unlimited license agreement. The Amendment provides for us to pay a one-time fee of \$13.1 million to extend the term for unlimited licenses from May 31, 2014 to May 31, 2018. The Amendment also provides for technical support services. We paid \$2.4 million for the support services from February 28, 2013 to February 27, 2014. We renewed the support service agreement for \$4.3 million annually in February 2014, 2015, and 2016. Further, we may renew support services for two subsequent annual periods for the same rate. The support services to be provided to us by Oracle automatically renew unless we provide written notice of cancellation at least 60 days prior to the support renewal date. We financed the license fees due under the Amendment pursuant to a note issued to Oracle Credit Corporation. The note bears interest at a rate of 2.0% per annum with payments scheduled over the term of the amendment. We discounted the note at a rate of 4.5% because that approximates the interest rate we would obtain on the open market. The \$12.4 million discounted note value was recorded as an asset addition to property and equipment that will be depreciated over seven years. The following table details payments (denominated in thousands of dollars) to Oracle USA and Oracle Credit Corporation for support services and license fees related to the following years:

	Twelve Months Ended December 31,		
	2015	2014	2013
License fee	\$ 2,774	\$ 3,054	\$ 2,612
Support	4,300	4,300	2,380
Interest	345	464	431
Total paid	\$ 7,419	\$ 7,818	\$ 5,423

As of December 31, 2015 the outstanding balance on the note was \$5.9 million.

Commencing in 2004, we entered into a verbal agreement with Oracle Racing, Inc. ("Oracle Racing"), a sailboat racing syndicate. Lawrence J. Ellison, who beneficially owns a significant portion of the Company's stock, is the primary source of funding for Oracle Racing. Under the terms of the agreement, we agreed to supply certain of its cloud-based application services to Oracle Racing in exchange for logo placement on the sailboats. In November 2011, we renewed its subscription and professional services agreement with Oracle Racing for an additional 40 months. In accordance with the terms of the agreement, we provided services to Oracle Racing through the end of the American Cup racing season in exchange for logo placement and other advertising services. The estimated value of our services over the term of the agreement is \$342,000. Oracle Racing values its service to be approximately \$400,000 over the term of the agreement. Based on the

Table of Contents

pricing for similar licenses to unaffiliated third parties, we calculated the fair market value of the services provided to Oracle Racing to be approximately \$67,000 and \$62,000 for 2013 and 2012, respectively. We did not obtain an independent valuation of the logo placement rights received from Oracle Racing. Based on an estimate received from Oracle Racing, we determined the value of the logo placement on the sailboat to be approximately \$33,000 during 2013 and 2012. The incremental cost to us of providing cloud-based services and the incremental cost to Oracle Racing of providing logo placement rights on the sailboat was nominal. For accounting purposes, total revenue and total costs related to the Oracle Racing agreement will be equal and will be recognized as revenue and expense, respectively, at historical cost. In connection with the license agreements discussed above, we recognized \$19,000 and \$15,000, respectively, in revenue for the years ended December 31, 2014 and 2013, respectively. During 2015, we received no payments from Oracle Racing and recognized \$107,000 in revenue.

During the third quarter of 2015, we entered into an \$875,000 sponsorship renewal agreement with Oracle Racing, Inc. We will recognize revenue related to this agreement based on the pricing for similar licenses to unaffiliated third parties.

We have entered into various other software license agreements with Oracle Corporation. We paid Oracle Corporation \$3,000 and \$90,000 during the years ended December 31, 2015 and 2014, respectively, for services it received. We received no payments from Oracle Corporation during the year ended December 31, 2015 and recognized no revenue during the period. However, during the year ended December 31, 2014, we received payments totaling \$124,000 from Oracle Corporation for services it performed. We recognized \$127,000 and \$93,000 in revenue for the years ended December, 31, 2014 and 2013, respectively. As of December 31, 2015, we had no accounts receivable from Oracle Corporation.

In January 2011, our Chief Technology Officer and Chairman of the Board, Evan Goldberg, purchased property from an entity affiliated with Lawrence J. Ellison for \$8.0 million. The seller financed the transaction with a nine year loan. We analyzed the transaction and determined that the fair value of the property approximated the fair value of the loan. Consequently, we determined there is no compensation expense or related capital contribution associated with this transaction.

Lawrence J. Ellison

In connection with our initial public offering, Lawrence J. Ellison transferred 31,964,891 shares of our common stock (representing all of the shares formerly held directly by Tako Ventures, LLC, an investment entity controlled by Mr. Ellison) to NetSuite Restricted Holdings LLC (the "LLC"), a limited liability company formed for the limited purpose of holding and voting the NetSuite shares and funding charitable gifts as and when directed by Mr. Ellison. As of the Record Date, those shares represented approximately 39.7% of our outstanding stock. Mr. Ellison is the Executive Chairman and Chief Technology Officer, a director and a principal stockholder of Oracle. We have been told that Mr. Ellison made the transfer of our common stock to the LLC in view of his position and duties at Oracle, to effectively eliminate his voting control over the election of our directors and certain other matters, to limit the circumstances under which his voting control could be exercised or restored, and to avoid and mitigate potential future conflicts of interest that might otherwise arise.

To that end, Mr. Ellison established the LLC, the sole member of which is Mr. Ellison's revocable trust. The LLC is managed solely by an unrelated third party. The manager has no ability to dispose of our shares, other than to fund charitable gifts as and when directed by Mr. Ellison, to cover any tax liabilities resulting from ownership of the shares in the LLC structure, and to participate in the event of a transaction involving a change of control approved by our stockholders or a tender offer approved or recommended by our board of directors.

The LLC operating agreement does not permit the LLC to be liquidated or dissolved, or any ownership interest in the LLC to be transferred, so long as Mr. Ellison remains an officer or director of Oracle, except with the approval of an independent committee of Oracle's board of directors. Mr. Ellison has informed us of his intention that, upon his death, his membership interest in the LLC will be transferred to the Ellison Medical Foundation or to one or more other charities designated by Mr. Ellison.

Table of Contents

The operating agreement for the LLC contains provisions regarding the voting of our shares that are designed to neutralize the voting power of the shares held by the LLC and that require that all the shares held by the LLC that are entitled to be voted at any meeting of our stockholders will be present and voted at such meeting, except as described below. These provisions require the shares held by the LLC to be voted on each matter presented to the stockholders in strict proportion (for, against, withheld, and/or abstain) to the votes collectively cast by all of our other voting stockholders who are present and voting, other than shares beneficially owned by Mr. Ellison or members of his family, shares owned by trusts created for the benefit of Mr. Ellison's family members, and shares beneficially owned by any person or group that makes (or under applicable law is required to make) a filing on Schedule 13D with the SEC. These voting provisions apply to all matters brought before our stockholders, except transactions involving a change of control, dissolution, sale of substantially all the assets, or a liquidation of NetSuite, in which case the shares held by the LLC will be voted as directed by Mr. Ellison.

Policies and Procedures for Related Party Transactions

We have adopted a formal policy that our executive officers, directors, and principal stockholders, including their immediate family members and affiliates, are not permitted to enter into a related party transaction with us without the prior consent of our audit committee, or other independent members of our board of directors in the case it is inappropriate for our audit committee to review such transaction due to a conflict of interest. Any request for us to enter into a transaction with an executive officer, director, principal stockholder, or any of such persons' immediate family members or affiliates, in which the amount involved exceeds \$120,000 must first be presented to our audit committee for review, consideration and approval. All of our directors, executive officers and employees are required to report to our audit committee any such related party transaction. In approving or rejecting the proposed agreement, our audit committee shall consider the relevant facts and circumstances available and deemed relevant to the audit committee, including, but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence. Our audit committee shall approve only those agreements that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our audit committee determines in the good faith exercise of its discretion.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires our officers and directors and persons who beneficially own more than 10% of our common stock (collectively, "Reporting Persons") to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons during fiscal year ended December 31, 2015, we believe that all Reporting Persons complied with all applicable reporting requirements, with the exception of one late Form 4 filing made on behalf of a Reporting Person.

For purposes of this subsection (iii), gross fair market value means the value of the assets of the Company, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

For purposes of this definition, persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with the Company.

Notwithstanding the foregoing, a transaction will not be deemed a Change in Control unless the transaction qualifies as a change in control event within the meaning of Code Section 409A, as it has been and may be amended from time to time, and any proposed or final Treasury Regulations and Internal Revenue Service guidance that has been promulgated or may be promulgated thereunder from time to time.

Further and for the avoidance of doubt, a transaction will not constitute a Change in Control if: (i) its sole purpose is to change the state of the Company's incorporation, or (ii) its sole purpose is to create a holding company that will be owned in substantially the same proportions by the persons who held the Company's securities immediately before such transaction.

(h) "*Code*" means the Internal Revenue Code of 1986, as amended. 3. *Stock Subject to the Plan.*

(a) *Stock Subject to the Plan.* Subject to the provisions of Section 15(a) of the Plan, the maximum aggregate number of Shares that may be issued under the Plan is (i) 10,368,946 Shares, plus (ii) any Shares subject to stock options, restricted stock units, performance shares, performance units, or similar awards granted under the Company's 2007 Equity Incentive Plan, as amended, or the Company's 1999 Stock Plan, as amended (together, the "*Existing Plans*"), that, on or after the date this Plan is approved by the Company's stockholders, expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the Existing Plans that are forfeited to or repurchased by the Company, with the maximum number of Shares to be added to the Plan from previously granted awards under the Existing Plans equal to 6,648,029. The Shares may be authorized, but unissued, or reacquired Common Stock.

(b) *Full Value Awards.* Any Shares subject to Full Value Awards will be counted against the numerical limits of Section 3(a)(i) as 2.00 Shares for every 1 Share subject thereto. Further, if Shares subject to any Full Value Award are forfeited to or repurchased by the Company and otherwise would return to the Plan pursuant to Section 3(c), 2.00 times the number of Shares so forfeited or repurchased will return to the Plan and will again become available for issuance under the Plan.

Table of Contents

(c) *Lapsed Awards.* If an Award expires or becomes unexercisable without having been exercised in full, or, with respect to Restricted Stock, Restricted Stock Units, Performance Units or Performance Shares, is forfeited to, or repurchased by, the Company due to failure to vest, then the unpurchased Shares (or for Awards other than Options or Stock Appreciation Rights the forfeited or repurchased Shares), which were subject thereto will become available for future grant or sale under the Plan (unless the Plan has terminated). With respect to Stock Appreciation Rights, the gross Shares issued (i.e., Shares actually issued pursuant to a Stock Appreciation Right, as well as the Shares that represent payment of the exercise price and any applicable tax withholdings) pursuant to a Stock Appreciation Right will cease to be available under the Plan. Shares used to pay the exercise price of an Award or to satisfy the tax withholding obligations related to an Award will not become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not result in reducing the number of Shares available for issuance under the Plan. For purposes of clarification, no Shares purchased by the Company with proceeds received from the exercise of an Option or Stock Appreciation Right will become available for issuance under this Plan. Notwithstanding the foregoing and, subject to adjustment as provided in Section 15, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options will equal the aggregate Share number stated in Section 3(a), plus, to the extent allowable under Section 422 of the Code, any Shares that become available for issuance under the Plan pursuant to Section 3(c).

(d) *Share Reserve.* The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as will be sufficient to satisfy the requirements of the Plan.

4. *Administration of the Plan.*

(a) *Procedure.*

(i) *Multiple Administrative Bodies.* Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) *Section 162(m).* To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as "performance-based compensation" within the meaning of Code Section 162(m), the Plan will be administered by a Committee of two (2) or more "outside directors" within the meaning of Code Section 162(m).

(iii) *Rule 16b-3.* To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder will be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) *Other Administration.* Other than as provided above, the Plan will be administered by (A) the Board or (B) a Committee, which committee will be constituted to satisfy Applicable Laws.

(b) *Powers of the Administrator.* Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator will have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Awards may be granted hereunder;

(iii) to determine the number of Shares to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Awards may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator will determine;

(vi) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

Table of Contents

(vii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws or for qualifying for favorable tax treatment under applicable foreign laws;

(viii) to modify or amend each Award (subject to Sections 5(d) and 22 of the Plan), including but not limited to the discretionary authority to extend the post-termination exercisability period of Awards and to extend the maximum term of an Option (subject to Section 7(b) of the Plan regarding Incentive Stock Options);

(ix) to allow Participants to satisfy tax withholding obligations in such manner as prescribed in Section 16 of the Plan;

(x) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

(xi) to allow a Participant to defer the receipt of the payment of cash or the delivery of Shares that otherwise would be due to such Participant under an Award; and

(xii) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) *Effect of Administrator's Decision.* The Administrator's decisions, determinations and interpretations will be final and binding on all Participants and any other holders of Awards and will be given the maximum deference permitted by Applicable Laws.

5. *Award Limitations.*

(a) *Annual Awards for Employees and Consultants.* Subject to adjustment as provided in Section 15, during any Fiscal Year, no Employee or Consultant will be granted:

(i) Options or Stock Appreciation Rights covering more than 2,500,000 Shares during any Fiscal Year, increasing to 4,500,000 Shares in the Fiscal Year of his or her initial service as an Employee.

(ii) Shares of Restricted, Restricted Stock Units, or Performance Shares covering more than 1,000,000 Shares during any Fiscal Year, increasing to 2,000,000 Shares in the Fiscal Year of his or her initial service as an Employee.

(iii) Performance Units having an initial value greater than \$3,000,000, increasing to \$5,500,000 in the Fiscal Year of his or her initial service as an Employee.

(b) *Annual Awards for Outside Directors.* No Outside Director may be granted, in any Fiscal Year, Awards with a grant date fair value (determined in accordance with GAAP) of greater than \$900,000, increasing to \$1,200,000 in the Fiscal Year of his or her initial service as an Outside Director. Any Award granted to a Participant while he or she was an Employee, or while he or she was a Consultant but not an Outside Director, will not count for purposes of the limitations under this Section 5(b).

(c) *Minimum Vesting Requirements.*

(i) *General.* Except as specified in Section 5(c)(i), Options and Stock Appreciation Rights will vest no earlier than the 1-year anniversary of such Award's grant date (except if accelerated pursuant to a Change in Control or a termination of Participant's status as a Service Provider under certain circumstances, a Participant's death, or a Participant's Disability) (each, an "Acceleration Event").

(ii) *Exception.* Options and Stock Appreciation Rights may be granted to any Service Provider without regard to the minimum vesting requirements set forth in Section 5(c)(i) if the Shares subject to such Options or Stock Appreciation Rights would not result in more than 5% of the maximum aggregate number of Shares reserved for issuance pursuant to all outstanding Options and Stock Appreciation Rights granted under the Plan (the "5% Limit"). Any Options or Stock Appreciation Rights that have their vesting discretiously accelerated (except if accelerated pursuant to an Acceleration Event) are subject to the 5% Limit. For purposes of clarification, the Administrator may accelerate the vesting of any Options or Stock Appreciation Rights pursuant to an Acceleration Event without such vesting acceleration counting toward the 5% Limit. The 5% Limit applies in the aggregate

Table of Contents

to Options or Stock Appreciation Rights that do not satisfy the minimum vesting requirements set forth in Section 5(c)(i) and to the discretionary vesting acceleration of Options or Stock Appreciation Rights as specified in this Section 5(c)(ii).

(d) *No Exchange Program.* The Administrator may not implement an Exchange Program.

6. *Eligibility.* Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units, and such other cash or stock awards as the Administrator determines may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

7. *Stock Options.*

(a) *Grant of Option.* Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate fair market value of the Shares with respect to which incentive stock options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), the portion of the Options falling within such limit will be Incentive Stock Options and the excess Options will be treated as Nonstatutory Stock Options. For purposes of this Section 7(a)(i), incentive stock options will be taken into account in the order in which they were granted. The fair market value of the Shares will be determined as of the time the option with respect to such Shares is granted.

(b) *Term of Option.* The term of each Option will be stated in the Award Agreement but will not exceed ten (10) years from the date the Option is granted. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(c) *Option Exercise Price and Consideration.*

(i) *Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, subject to the following:

(1) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(2) In the case of a Nonstatutory Stock Option, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(3) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(ii) *Waiting Period and Exercise Dates.* At the time an Option is granted and subject to the provisions of this Plan, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii) *Form of Consideration.* The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of: (1) cash; (2) check; (3) other Shares, provided that

Table of Contents

such Shares have a fair market value on the date of surrender equal to the aggregate exercise price of the Shares as to which such Option will be exercised and provided that accepting such Shares will not result in any adverse accounting consequences to the Company, as the Administrator determines in its sole discretion; (4) consideration received by the Company under a broker-assisted (or other) cashless exercise program (whether through a broker or otherwise) implemented by the Company in connection with the Plan; (5) by net exercise; (6) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws; or (7) any combination of the foregoing methods of payment.

(d) *Exercise of Option.*

(i) *Procedure for Exercise; Rights as a Stockholder.* Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator, subject to the provisions of this Plan, and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (i) a notice of exercise (in such form as the Administrator may specify from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan.

Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii) *Termination of Relationship as a Service Provider other than Death or Disability.* If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. If Participant dies during such post-employment period, the Option may be exercised following the Participant's death for one (1) year after Participant's death, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) *Disability of Participant.* If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. Unless otherwise provided by the Administrator, if

Table of Contents

on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If, after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) *Death of Participant.* If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan.

(v) *Tolling Expiration.* A Participant's Award Agreement may also provide that:

(1) if the exercise of the Option following the termination of Participant's status as a Service Provider (other than upon the Participant's death or Disability) would result in liability under Section 16(b), then the Option will terminate on the earlier of (A) the expiration of the term of the Option set forth in the Award Agreement, or (B) the tenth (10th) day after the last date on which such exercise would result in liability under Section 16(b); or

(2) if the exercise of the Option following the termination of the Participant's status as a Service Provider (other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of Shares would violate the registration requirements under the Securities Act, then the Option will terminate on the earlier of (A) the expiration of the term of the Option or (B) the expiration of a period of thirty (30)-day period after the termination of the Participant's status as a Service Provider during which the exercise of the Option would not be in violation of such registration requirements.

8. *Restricted Stock.*

(a) *Grant of Restricted Stock.* Subject to the terms of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine. Unless the Administrator determines otherwise, the Company as escrow agent will hold Shares of Restricted Stock until the restrictions on such Shares have lapsed.

(b) *Restricted Stock Agreement.* Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(c) *Transferability.* Except as provided in this Section 8, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) *Other Restrictions.* Subject to the provisions of this Plan, the Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(e) *Removal of Restrictions.* Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

Table of Contents

(f) *Voting Rights.* During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g) *Dividends and Other Distributions.* During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h) *Return of Restricted Stock to Company.* On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan in accordance with Section 3(b) of the Plan.

(i) *Section 162(m) Performance Restrictions.* For purposes of qualifying grants of Restricted Stock as "performance-based compensation" under Code Section 162(m), the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock that is intended to qualify under Code Section 162(m), the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Code Section 162(m) (e.g., in determining the Performance Goals).

9. *Restricted Stock Units.*

(a) *Grant of Restricted Stock Units.* Subject to the terms of the Plan, the Administrator, at any time and from time to time, Restricted Stock Units may be granted to Service Providers at any time and from time to time as determined by the Administrator.

(b) *Restricted Stock Unit Agreement.* Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify such other terms and conditions as the Administrator, in its sole discretion, will determine, including all terms, conditions, and restrictions related to the grant, the number of Restricted Stock Units and the form of payout, which, subject to Section 9(e), may be left to the discretion of the Administrator.

(c) *Vesting Criteria and Other Terms.* Subject to the provisions of this Plan, the Administrator will set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. The Administrator may set vesting criteria based upon the achievement of Company-wide, divisional, business unit, or individual goals (including, but not limited to, continued employment or service), applicable federal or state securities laws or any other basis determined by the Administrator in its discretion. After the grant of Restricted Stock Units, the Administrator, in its sole discretion, may reduce or waive any restrictions for such Restricted Stock Units.

(d) *Earning Restricted Stock Units.* Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as specified in the Award Agreement.

(e) *Form and Timing of Payment.* Payment of earned Restricted Stock Units will be made as soon as practicable after the date(s) set forth in the Award Agreement. The Administrator, in its sole discretion, may pay earned Restricted Stock Units in cash, Shares, or a combination thereof. Shares represented by Restricted Stock Units that are fully paid in cash again will be available for grant under the Plan.

(f) *Cancellation.* On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company and become available for grant under the Plan.

(g) *Section 162(m) Performance Restrictions.* For purposes of qualifying grants of Restricted Stock Units as "performance-based compensation" under Code Section 162(m), the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock Units which are intended to qualify under Code Section 162(m), the Administrator will follow any procedures determined by

it from time to time to be necessary or appropriate to ensure qualification of the Award under Code Section 162(m) (e.g., in determining the Performance Goals).

10. *Stock Appreciation Rights.*

(a) *Grant of Stock Appreciation Rights.* Subject to the terms and conditions of the Plan, a Stock Appreciation Right may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b) *Exercise Price and Other Terms.* The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan, provided, however, that the exercise price will be not less than 100% of the Fair Market Value of a Share on the date of grant.

(c) *Stock Appreciation Right Agreement.* Each Stock Appreciation Right grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(d) *Expiration of Stock Appreciation Rights.* A Stock Appreciation Right granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement; provided, however, that the term will be no more than ten (10) years from the date of grant thereof. Notwithstanding the foregoing, the rules of Section 7(d) also will apply to Stock Appreciation Rights.

(e) *Payment of Stock Appreciation Right Amount.* Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

- (i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; multiplied by
- (ii) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

11. *Performance Units and Performance Shares.*

(a) *Grant of Performance Units/Shares.* Subject to the terms of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion.

(b) *Value of Performance Units/Shares.* Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) *Performance Objectives and Other Terms.* The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Service Providers. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set performance objectives based upon the achievement of Company-wide, divisional, business unit or individual goals (including, but not limited to, continued employment or service), applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(d) *Earning of Performance Units/Shares.* After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the

grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Performance Unit/Share.

(e) *Form and Timing of Payment of Performance Units/Shares.* Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) *Cancellation of Performance Units/Shares.* On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

(g) *Section 162(m) Performance Restrictions.* For purposes of qualifying grants of Performance Units/Shares as "performance-based compensation" under Code Section 162(m), the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Performance Units/Shares which are intended to qualify under Code Section 162(m), the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Code Section 162(m) (e.g., in determining the Performance Goals).

12. *Performance-Based Compensation Under Code Section 162(m).*

(a) *General.* If the Administrator, in its discretion, decides to grant an Award intended to qualify as "performance-based compensation" under Code Section 162(m), the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Administrator may in its discretion grant Awards that are not intended to qualify as "performance-based compensation" under Code Section 162(m) to such Participants that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

(b) *Performance Goals.* The granting and/or vesting of Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Code Section 162(m) and may provide for a targeted level or levels of achievement ("*Performance Goals*") including stock price, revenue, profit, bookings, cash flow, customer retention, customer satisfaction, net bookings, net income, net profit, operating cash flow, operating expenses, total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; pre-tax profit; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin, debt; working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; individual objectives; and total stockholder return. Any Performance Goals may be used to measure the performance of the Company as a whole or, except with respect to stockholder return metrics, to a region, business unit, affiliate or business segment, and any Performance Goals may be measured either on an absolute basis, a per share basis or relative to a pre-established target, to a previous period's results or to a designated comparison group, and, with respect to financial metrics, which may be determined in accordance with United States Generally Accepted Accounting Principles ("*GAAP*"), in accordance with accounting principles established by the International Accounting Standards Board ("*IASB Principles*") or which may be adjusted when established to either exclude any items otherwise includable under GAAP or under IASB Principles or include any items otherwise excludable under GAAP or under IASB Principles. In all other respects, Performance Goals will be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Administrator prior to or at the time of the issuance of an Award and which is consistently applied with respect to a Performance Goal in the relevant Performance Period. In addition, the Administrator will adjust any performance criteria, Performance Goal or other feature of an Award that relates to or is wholly or partially based on the number of, or the value of, any stock of the Company, to

reflect any stock dividend or split, repurchase, recapitalization, combination, or exchange of shares or other similar changes in such stock. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant.

(c) *Procedures.* To the extent necessary to comply with the performance-based compensation provisions of Code Section 162(m), with respect to any Award granted subject to Performance Goals, within the first twenty-five percent (25%) of the Performance Period, but in no event more than ninety (90) days following the commencement of any Performance Period (or such other time as may be required or permitted by Code Section 162(m)), the Administrator will, in writing, (i) designate one or more Participants to whom an Award will be made, (ii) select the Performance Goals applicable to the Performance Period, (iii) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (iv) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Participant for such Performance Period. Following the completion of each Performance Period, the Administrator will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Participant, the Administrator will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period. A Participant will be eligible to receive payment pursuant to an Award for a Performance Period only if the Performance Goals for such period are achieved.

(d) *Additional Limitations.* Notwithstanding any other provision of the Plan, any Award which is granted to a Participant and is intended to constitute qualified performance based compensation under Code Section 162(m) will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Code Section 162(m), and the Plan will be deemed amended to the extent necessary to conform to such requirements.

13. *Leaves of Absence/Transfer Between Locations.* Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence. A Participant will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed three (3) months, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then six (6) months following the first (1st) day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

14. *Transferability of Awards.*

(a) *General.* Except to the limited extent provided in Section 14(b), an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant.

(b) *Limited Transferability.* The Administrator may permit an Award (other than an Incentive Stock Option) to be assigned or transferred, in whole or in part, during a Participant's lifetime: (i) under a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulations Section 1.421-1(b)(2); or (ii) to a "family member," within the meaning of and in accordance with instructions for Form S-8 promulgated under the Securities Act, to the extent such assignment or transfer is in connection with the Participant's estate plan; or (iii) to the extent required by any Applicable Law.

15. *Adjustments; Dissolution or Liquidation; Change in Control.*

(a) *Adjustments.* In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Shares that may be delivered under the Plan and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits in Sections 3 and 5(a) of the Plan.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it previously has not been exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c) *Change in Control.* Except as set forth in this Section 15(c), in the event of a merger of the Company with or into another corporation or other entity or a Change in Control, each outstanding Award will be treated as the Administrator determines, including, without limitation, that Awards may be assumed, or substantially equivalent Awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof) with appropriate adjustments as to the number and kind of shares and prices. In taking any of the actions permitted under this, the Administrator will not be required to treat all Awards similarly in the transaction.

In the event that the successor corporation does not assume or substitute for the Award (and for the avoidance of doubt, notwithstanding the vesting limitations under Section 5(c)), the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Awards with performance-based vesting, unless specifically provided otherwise under the applicable Award Agreement or other written agreement between the Participant and the Company, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels, prorated based on the portion of the Performance Period that elapsed as of immediately prior to the applicable merger or Change in Control. All other terms and conditions with respect to such Awards with performance-based vesting will be deemed met. In addition, if an Option or Stock Appreciation Right is not assumed or substituted in the event of a Change in Control, the Administrator will notify the Participant in writing or electronically that the Option or Stock Appreciation Right will be exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

For the purposes of this subsection (c), an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Restricted Stock Unit, Performance Unit or Performance Share, for each Share subject to such Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control.

Notwithstanding anything in this Section 15(c) to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's

Table of Contents

post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(d) *Outside Director Awards.* With respect to Awards granted to an Outside Director that are assumed or substituted for in a merger or Change in Control, if on the date of or following such assumption or substitution the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant (unless such resignation is at the request of the acquirer), then the Participant will fully vest in and have the right to exercise Options and Stock Appreciation Rights as to all of the Shares underlying such Award, including those Shares which would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Performance Units and Performance Shares, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels, prorated based on the portion of the Performance Period that elapsed as of immediately prior to the applicable merger or Change in Control. All other terms and conditions with respect to such Awards with performance-based vesting will be deemed met.

16. *Tax.*

(a) *Withholding Requirements.* Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof) or such earlier time as any tax withholding obligations are due, the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b) *Withholding Arrangements.* The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (i) paying cash, (ii) electing to have the Company withhold otherwise deliverable Shares having a fair market value equal to the minimum statutory amount required to be withheld or a greater amount if that would not result in adverse financial accounting treatment, (iii) delivering to the Company already-owned Shares having a fair market value equal to the statutory amount required to be withheld, provided the delivery of such Shares will not result in any adverse accounting consequences, as the Administrator determines in its sole discretion, or (iv) selling a sufficient number of Shares otherwise deliverable to the Participant through such means as the Administrator may determine in its sole discretion (whether through a broker or otherwise) equal to the amount required to be withheld. The amount of the withholding requirement will be deemed to include any amount which the Administrator agrees may be withheld at the time the election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant with respect to the Award on the date that the amount of tax to be withheld is to be determined.

(c) *Compliance With Section 409A.* Awards will be designed and operated in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 409A, except as otherwise determined in the sole discretion of the Administrator. The Plan and each Award Agreement under the Plan is intended to meet the requirements of Section 409A and will be construed and interpreted in accordance with such intent, except as otherwise determined in the sole discretion of the Administrator. To the extent that an Award or payment, or the settlement or deferral thereof, is subject to Section 409A, the Award will be granted, paid, settled or deferred in a manner that will meet the requirements of Section 409A, such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 409A.

17. *Forfeiture Events* The Administrator may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award will be subject to the reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Notwithstanding any provisions to the contrary under this Plan, an Award shall be subject to the Company's clawback policy as may be established and/or amended from time to time (the "*Clawback Policy*"). The Administrator may require a Participant to forfeit,

Table of Contents

return or reimburse the Company all or a portion of the Award and any amounts paid thereunder pursuant to the terms of the Clawback Policy or as necessary or appropriate to comply with Applicable Laws.

18. *No Effect on Employment or Service.* Neither the Plan nor any Award will confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider, nor will they interfere in any way with the Participant's right or the right of the Company, or Parent or Subsidiary, as applicable, to terminate such relationship at any time, with or without cause, to the extent permitted by Applicable Laws.

19. *Grant Date.* The grant date of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

20. *Term of Plan.* Subject to Section 25 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years from the date adopted by the Board, unless terminated earlier under Section 22 of the Plan.

21. *Amendment and Termination of the Plan.*

(a) *Amendment and Termination.* The Administrator may at any time amend, alter, suspend or terminate the Plan.

(b) *Stockholder Approval.* The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) *Effect of Amendment or Termination.* No amendment, alteration, suspension or termination of the Plan will materially impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

22. *Conditions Upon Issuance of Shares.*

(a) *Legal Compliance.* Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) *Investment Representations.* As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

23. *Inability to Obtain Authority.* The inability of the Company to obtain authority from any regulatory body having jurisdiction or to complete or comply with the requirements of any registration or other qualification of the Shares under any state, federal or foreign law or under the rules and regulations of the Securities and Exchange Commission, the stock exchange on which Shares of the same class are then listed, or any other governmental or regulatory body, which authority, registration, qualification or rule compliance is deemed by the Company's counsel to be necessary or advisable for the issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority, registration, qualification or rule compliance will not have been obtained.

24. *Stockholder Approval.* The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted by the Board. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.
