Dear Shareholder:

You are cordially invited to attend Thunder Mountain Gold, Inc.'s annual meeting of shareholders on January 20, 2015, at 1:00 p.m. Mountain Time. The meeting will be held at The Courtyard by Marriott, 1789 South Eagle Road, Meridian, ID 83642. The matters to be acted upon at the meeting are described in the attached Notice of Annual Meeting of Shareholders and Proxy Statement.

There is one change to the Board slate this year. R. Llee Chapman has resigned from the Board during the year. We thank him for his years of service to the Company.

The Company is once again taking advantage of the Securities and Exchange Commission rules that allows us to provide proxy materials over the Internet. On or about December 10, 2014, we will begin mailing a Notice of Internet Availability of Proxy Materials to stockholders informing them that the Proxy Statement, 2014 Annual Report, and voting instructions are available online.

As more fully described in that Notice, all stockholders may choose to access proxy materials on the Internet or may request paper copies of the proxy materials. We believe that using the Internet reduces costs, provides greater flexibility to our shareholders, and conserves resources. Subsequent to the formal meeting and its items of business at the Annual Meeting, Jim Collord and I will review major Company developments over the past year and share with you our plans for the future. You will have an opportunity to ask questions and express your views to the management of the Company. Members of the Board of Directors will also be present.

Whether or not you are able to attend the Annual Meeting in person, it is important that your shares be represented. Please vote your shares using the Internet or the designated toll-free telephone number, or by requesting a printed copy of the proxy materials and completing and returning by mail the proxy card you will receive in response to your request. Instructions on each of these voting methods are outlined in the enclosed Proxy Statement. Please vote as soon as possible.

I hope to see you on January 20, 2015.

YOUR VOTE IS VERY IMPORTANT. Whether or not you plan to attend the Annual Meeting of Shareholders, we urge you to vote and submit your proxy by the Internet (see below for instructions) or mail so that a quorum may be represented at the meeting. Any person giving a proxy has the power to revoke it at any time, and stockholders who are present at the meeting may withdraw their proxies and vote in person. If you hold your shares through an account with a brokerage firm, bank or other nominee, please follow the instructions you receive from them to vote your shares.

Sincerely,

Eric T. Jones

President & Principal Executive Officer

VOTING AT ANNUAL MEETING AND PRINCIPAL SECURITY HOLDERS

General

The close of business on the Record Date of December 1, 2014 has been fixed as the record date for determination of the shareholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). As of the Record Date, there were issued and outstanding 39,917,549 shares of Common Stock entitled to vote. A majority of such shares will constitute a quorum for the transaction of business at the Annual Meeting. The holders of record on the Record Date of the shares entitled to be voted at the Annual Meeting are entitled to cast one vote per share on each matter submitted to a vote at the Annual Meeting. All action proposed herein may be taken upon a favorable vote of the holders of a majority of the outstanding Common Stock, present at the meeting in person or by proxy.

Proxies

Shares of Common Stock which are entitled to be voted at the Annual Meeting and which are represented by properly executed proxies will be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated, such shares will be voted for the resolutions as follows: (1) FOR election of six directors; (2) FOR the ratification and reapproval of the Stock Option Plan; (3) FOR ratification of DeCoria, Maichel & Teague P.S. as independent auditors; and, (4) in accordance with the best judgment of the named proxies on any other matters properly brought before the Annual Meeting.

Internet Voting

We are furnishing proxy materials to our shareholders primarily via the Internet, instead of mailing printed copies of those materials to each shareholder. By doing so, we save costs and reduce the environmental impact of our Annual Meeting. On December 10, 2014, we mailed a Notice of Internet Availability of Proxy Materials to certain of our shareholders. The Notice contains instructions about how to access our proxy materials and vote online or vote by telephone. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. If you previously chose to receive our proxy materials electronically, you will continue to receive access to these materials via e-mail unless you elect otherwise.

A shareholder who has executed and returned a proxy may revoke it at any time before it is voted at the Annual Meeting by timely executing and returning, by Internet, mail, or in person at the Annual Meeting, a proxy bearing a later date, by giving written notice of revocation to the Secretary of the Company, or by attending the Annual Meeting and voting in person or delivering instruction to the Company via email and with written confirmation. A proxy is not revoked by the death or incompetence of the maker unless, before the authority granted thereunder is exercised, written notice of such death or incompetence is received by the Company from the executor or administrator of the estate or from a fiduciary having control of the shares represented by such proxy.

The indication of an abstention on a proxy or the failure to vote either by proxy or in person will be treated as neither a vote "for" nor "against" the election of any director. Each of the other matters must be approved by the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote. Abstention from voting will have the practical effect of voting against these matters since it is one less vote for approval. The shares of a shareholder whose ballot on any or all proposals is marked as `abstain` will be included in the number of shares present at the Annual Meeting for the purpose of determining the presence of a quorum.

Broker non-votes, shares held by brokers or custodians for the accounts of others as to which voting instructions have not been given, will be treated as shares that are present for determining a quorum, but will not be counted for purposes of determining the number of votes cast with respect to a proposal. If you are the beneficial owner of shares held by a broker or other custodian, you may instruct your broker how you would like your shares voted through the voting instruction form included with this Proxy Statement.

If you wish to vote the shares you own beneficially at the meeting, you must first request and obtain a legal proxy from your broker or other custodian. If you choose not to provide instructions or a legal proxy, your shares are referred to as *uninstructed shares*. Whether your broker or custodian has the discretion to vote these shares on your behalf are routine matters for consideration at the meeting, in this case, item 3, the ratification of the appointment of our independent auditors for 2014. Prior to January 1, 2010 brokers and custodians were allowed to vote uninstructed shares in uncontested director elections. **Beginning January 1, 2010, brokers and custodians can no longer vote uninstructed shares on your behalf in director elections. For your vote to be counted, you must submit your voting instruction form to your broker or custodian.**

For purposes of our majority vote standard for uncontested director elections, the following will not be votes cast: (a) a share whose ballot is marked as withheld, (b) a share otherwise present at the meeting but for which there is an abstention, and (c) a share otherwise present at the meeting as to which a shareholder gives no authority or direction.

Vote confidentiality

We maintain the confidentiality of the votes of individual shareholders. Ballots, proxy forms, and voting instructions returned to brokerage firms, banks, and other holders of record are kept confidential. Only the proxy solicitor, the proxy tabulator, and the inspector of election have access to the ballots, proxy forms, and voting instructions. The proxy solicitor and the proxy tabulator will disclose information taken from the ballots, proxy forms, and voting instructions only if there is a proxy contest, if the shareholder authorizes disclosure, to defend legal claims, or as otherwise required by law. If you write comments on your proxy card or ballot, management may learn how you voted in reviewing your comments.

Proposal Number	Item	Votes Required for Approval	Abstentions	<i>Uninstructed Shares</i>
1	Election of Directors	Majority of shares cast	Not counted	Not voted
2	Ratify and Reapprove the Stock Option Plan	Majority of shares cast	Not counted	Not Voted
3	Ratification of Independent Auditors	Majority of shares cast	Not counted	Discretionary vote

The Company will bear all the costs and expenses relating to the solicitation of proxies, including the costs of preparing, printing and mailing this Proxy Statement and accompanying material to shareholders. In addition to the solicitation of proxies by use of the mails, the directors, officers, and employees of the Company, without additional compensation, may solicit proxies personally or by telephone or telegram.

Future Stockholder Communications through the Internet

Stockholders may elect to receive future notices of meetings, proxy materials and annual reports electronically through the Internet. The consent of stockholders who have previously consented to electronic delivery will remain in effect until withdrawn. To consent to electronic delivery:

stockholders whose shares are registered in their own name, and not in street name through a broker or other nominee, may simply log in to www.investorvote.com/THMG, the Internet site maintained by ComputerShare Investor Services and follow the step-by-step instructions; and

stockholders whose shares are registered in street name through a broker or other nominee must first vote their shares using the Internet, at: www.proxyvote.com, the Internet site maintained by Broadridge Financial Solutions, Inc. and immediately after voting, fill out the consent form that appears on-screen at the end of the Internet voting procedure.

The following table sets forth, as of December 31, 2013, the shares of our common stock beneficially owned by each person known to us who was the beneficial owner of more than 5% of the outstanding shares of our common stock.

Name	Number of Shares Owned	Percent of Common Stock Outstanding
E. James Collord	1,703,200(2)(3)	4.3%
Eric T. Jones	2,180,508(2)	5.4%

PROPOSAL 1: TO ELECT DIRECTORS**Nominees for election of Directors**

It is intended that the proxies solicited hereby will be voted for election of the nominees for directors listed below, unless authority to do so has been withheld. The Board of Directors knows of no reason why its nominees will be unable to accept election. However, if a nominee becomes unable to accept election, the Board will either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, proxies will be voted in favor of such nominee.

The Board has no reason to believe that any of the nominees will be unwilling or unable to serve as a director.

Under the current bylaws of the Company the proposed term of office for which each nominee is a candidate is until the 2014 Annual Meeting of Shareholders or until his successor shall have been elected and shall have qualified.

The affirmative vote of the majority of the common shares represented at the meeting and entitled to vote, is required for election of each of the directors.

Effective September 5, 2014, R. Llee Chapman resigned as a Director of Thunder Mountain Gold, Inc. There was no known disagreement with Mr. Chapman on any matter relating to the Company's operations, policies or practices.

Plan Administration

The *Plan* is current administered by THMG's Board of Directors. The Plan provides for the grant of stock options, incentive stock options, restricted stock awards, and incentive awards to eligible individuals, namely President, Vice-President, Secretary, Treasurer, Chief Executive Officer, Chief Financial Officer and/or Principal Financial Officer, Directors, and Advisors.

The Company made additional stock option grants of 990,000 in 2012. Those Option grants were ratified by our shareholders on April 30, 2013. There were no stock options or shares granted in 2011.

Summary of Plan

The following summary highlights selected information about Plan and may not contain all of the information that is important to you. You should carefully read the entire Plan and entire statement for a complete understanding of the Plan. The Plan is attached as **Appendix A**.

General. The *Plan* is a non qualified deferred compensation Plan under Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code"), nor is it subject to the Employee Retirement Income Security Act of 1974, as amended.

Eligibility. Under the *Plan* eligible individuals affiliated with the Company include: any employees, President, Vice-President, Secretary, Treasurer, Chief Executive Officer, Chief Financial Officer and/or Principal Financial Officer, Directors, and advisors. Advisors are only eligible if they have furnished *bona fide* services to the Company and the services are not related to the offer or sale of securities in a capital-raising transaction.

Administration. The *Plan* is administered by the Compensation Committee, or if no Compensation Committee has been appointed then the Board of Directors will administer the *Plan* (the administrators). Currently there is no Compensation Committee. The Compensation Committee will have the authority to select, from among eligible persons, the individuals to whom awards will be granted, the number of shares of stock subject to each award, the dates on which the awards will be granted, the pricing and vesting of any awards, to make any combination of awards to any Eligible Participant and to determine the specific terms of each award. The interpretation and construction of any provision of the *Plan* by the administrators shall be final and conclusive.

Reserved Shares. The Plan provides for rolling maximum and Evergreen provisions into the Plan(1) The rolling maximum provision provides that the maximum number of Shares issuable under the Plan is a fixed percentage of 10% of the total number of common shares outstanding, which as of December 1, 2014 represented 40,268,228 Shares on a non-diluted basis. The Plan also allows the number of Shares available for issuance under the Plan to increase automatically with increases in the total number of Shares outstanding. The Evergreen provisions allowed Shares that are issued upon exercise of options under the Plan to become re-available for grant.

Vesting and Forfeitability. Under the *Plan*, the vesting of any award is determined by the Compensation Committee.

(1) A rolling maximum is a fixed maximum percentage of the Company's outstanding shares, whereby the number of Shares under a Plan increase automatically with increases in the total number of shares. Evergreen provisions permit the reloading of shares that make up the available pool of Shares for the SIP, once the options granted have been exercised.

Stock Options. The *Plan* permits the granting of non-transferable stock options that either qualify as incentive stock options under Section 422 of the Code ("Incentive Stock Options" or "ISOs") or do not so qualify ("Nonstatutory Stock Options" or "NSOs"). The term of each option will be fixed by the administrators but may not exceed ten years from the date of grant in the case of ISOs. The administrators will determine the time or times each option may be exercised. Options may be made exercisable in installments, exercisability may be suspended during certain leaves of absence or reductions in work hours and the exercisability of options may be accelerated by the administrators. The option exercise price for each share covered by an ISO will not be less than 100% of the fair market value of a share of Common Stock on the date of grant of such option. The exercise price for any ISO granted to any employee owning more than 10% of our common stock may not be less than 110% of the fair market value of the common stock on the date of grant and such ISO must expire not later than five years after the grant date. ISOs are also subject to various limitations not imposed on NSOs. For example, the aggregate fair market value (determined at the date of grant) of common stock subject to all ISOs held by an Eligible Participant that are first exercisable in any single calendar year cannot exceed \$100,000. ISOs may not be transferred other than upon death, or to a revocable trust where the Eligible Participant is considered the sole beneficiary of the stock option while it is held in trust.

The consideration to be paid for shares issued upon exercise of options granted under the *Plan*, including the method of payment, is determined by the administrators and consists entirely of cash, check, or wired funds; or (ii) any combination of the foregoing methods.

All options granted under the *Plan* are evidenced by a stock option agreement between the Company and the optionee to whom such option is granted. Options granted to persons subject to Section 16 of the Exchange Act may impose additional restrictions necessary to comply with Rule 16b-3.

Pricing of Options. Under the *Plan*, exercise of a particular option shall be such price, fixed by the Committee. However, the exercise price for options and rights granted under the *Plan* will not be less than the Discounted Market Price of the Common Stock if listed on the TSX-V at the time of the option grant; or, 85% of the Fair Market Value of the Common Stock if not listed on the TSX-V at the time of the option grant. Discounted Market Price is as defined under Policy 1.1 of the TSX-V, and Fair Market Value is as defined in paragraph 2.1 n. of the SOP.

Repricing. In no case (except due to an adjustment to reflect a stock split or similar event or any repricing that may be approved by stockholders) will any adjustment be made to a stock option under the SOP (by amendment, cancellation and re-grant, exchange or other means) that would constitute a re-pricing of the per share exercise price of the award.

Term of Options. Under the *Plan*, no Option may exceed ten years.

Nontransferability. Options granted pursuant to the *Plan* are nontransferable by the Eligible Participant, other than by will or by the laws of descent and distribution or a Qualified Domestic Relations Order, and may be exercised, during

the lifetime of the Eligible Participant, only by the Eligible Participant.

Common Stock. The *Plan* also permits an outright grant of stock, usually at nominal or no cost. The difference is that a restricted stock plan usually has vesting restrictions, which affords some tax deferral as well as encouraging employee retention. Typically an award of restricted stock will not vest until the employee has completed a specified period of service with the employer. During the restricted period, however, Eligible Participants are considered the owners of the stock and will, therefore, be entitled to receive the dividends and to vote the shares during the restricted period. Since no stock or cash is needed by an employee to acquire restricted stock, there is significant value inherent in the award at the time of the grant. Employee taxability is deferred until full vesting occurs.

Adjustment upon Changes in Capitalization. Subject to any required action by the shareholders of the Company, in the event any change, such as a stock split or dividend, is made in the Company's capitalization which results in an increase or decrease in the number of issued shares of Common Stock without receipt of consideration by the Company, an appropriate adjustment shall be made in the number of shares that have been reserved for issuance under the *Plan* (including shares subject to an option or right) and the price per share covered by each outstanding Stock Option. In the event of the proposed dissolution or liquidation of the Company, all outstanding Stock Options will terminate immediately prior to the consummation of such proposed action. However, the Board of Directors may, in its discretion, make provision for accelerating the exercisability of shares subject to Stock Options under the *Plan* in such event.

Amendment and Termination. The Board may amend, alter, suspend or discontinue the *Plan* at any time, but such amendment, alteration, suspension or discontinuation shall not adversely affect any Stock Option then outstanding in the *Plan*, without the written consent of the Eligible Participant. To the extent necessary and desirable to comply with Section 422 of the Internal Revenue Code (or any other applicable law or regulation), the Company shall obtain shareholder approval of any amendment to the *Plan* in such a manner and to such a degree as required. Subject to applicable laws and the specific terms of the *Plan*, the administrators may accelerate any option, right or award or waive any condition or restriction pertaining to such option at any time. The administrators may also substitute new options, rights or awards for previously granted options, including previously granted options having higher option prices and may reduce the exercise price of any option.

Payment for Option Exercise Price. Payment of the option exercise price may be in cash, check, or wired funds. The Committee may not permit "cashless" option exercises.

Internal Revenue Code Section 409A. Section 409A of the Code governs the federal income taxation of certain types of nonqualified deferred compensation arrangements. A violation of Section 409A of the Code generally results in an acceleration of the recognition of income of amounts intended to be deferred and the imposition of a federal excise tax of 20% on the employee over and above the income tax owed, plus possible penalties and interest. The types of arrangements covered by Section 409A of the Code are broad and may apply to certain awards available under the *Plan*. The intent is for the *Plan*, including any awards available thereunder, to comply with the requirements of Section 409A of the Code to the extent applicable. As required by Code Section 409A, certain nonqualified deferred compensation payments to specified employees may be delayed to the seventh month after such employee's separation from service.

Management believes approval of the unallocated issuances and ratification of prior grants enhances the Company's ability to retain, attract, motivate and reward its employees, officers, directors, and consultants.

Vote Necessary to Authorize the Unallocated issuances under the Plan and Ratify Prior Stock Option Grants.

The affirmative vote of the holders of a majority of the shares of the Corporation's common stock represented and voting at the Annual Meeting is required to ratify and reapprove the Stock Option Plan. Unless marked to the contrary, proxies received will be voted FOR ratification and reapproval.

Elements of Our Compensation Program

The three primary components of our executive compensation program are: (i) base salary, (ii) incentive compensation in the form of cash bonuses, and (iii) equity compensation.

Jim Collord voluntarily reduced his salary to \$12,000 per year commencing in June 2008 which continued throughout 2009 to maximize financial resources available for exploration efforts. His salary was reinstated at rate of 60,000 per year from January to August 2010. In early 2011, Mr. Collord voluntarily reduced his salary to \$1/month until November of 2012, when the financial condition of the Company improved. Mr. Collord again decided to suspend his salary in July of 2013 until the company became financially secure.

Eric Jones commenced working for the Company in February 2008 at a 75% of a full-time rate of \$100,000 per year, or \$75,000 per year which was further reduced to a temporary rate of \$12,000 per year starting June 1, 2009 through September 30, 2009. His salary was returned to the 100% full-time rate of \$100,000 starting in October 2009. In September 2010 his salary was increased to \$110,000 per year. In early 2011, Mr. Jones also voluntarily reduced his salary to \$1/month until November 2012 when the financial condition of the Company improved. Mr. Jones voluntarily suspended his salary in July of 2013, until the company became financially able to pay him.

Pete Parsley discontinued his full-time position as Vice President and Exploration Manager during 2012, but remained on the board of the Company, until he resigned on December 11, 2013.

On August 24, 2010 the Board approved, subject to Shareholder approval of its SIP, a grant of 2.0 million options under the SIP to Directors, Executive Officers and other non-employees consultants. The options have a strike price of \$0.27. The option certificates will reflect the actual date of the SIP by shareholders, which was July 17, 2011.

Shareholder approval for the award was granted on April 30, 2013. The options immediately vested. Except as disclosed above, no other compensation in the form of stock grants, options or bonuses were given to the above Officers and Directors during the year ending December 31, 2013.

As required by rules adopted by the SEC, Management has made an assessment of the Company's compensation policies and practices with respect to all employees to determine whether risks arising from those policies and practices are reasonably likely to have a material adverse effect on the Company. In doing so, Management considered various features and elements of the compensation policies and practices that discourage excessive or unnecessary risk taking. The note was paid in full on February 4, 2014. At December 31, 2013, the Company had accrued interest of \$1,500 payable to Mr. Collord.

On July 31, 2013 the Company received \$20,000 from Rolf Hess, a stockholder, under a convertible promissory note. Terms of the note call for interest at 1% per month, with the entire balance of principal and interest due in full on December 1, 2013. The convertible promissory note contains the option for the holder to convert any portion of the principle and interest into Company common stock at 75% of the average closing bid price of the stock for the twenty trading days ending the day prior to the conversion. At inception, management determined the conversion price would have been \$0.054. On that date, the market price for the Company's common stock exceeded the conversion price as calculated.
