REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Fiduciary Committee and Participants  
Idaho Power Company Employee Savings Plan  
Boise, Idaho

We have audited the accompanying statement of net assets available for benefits of Idaho Power Company Employee Savings Plan (the Plan) as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2013. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Idaho Power Company Employee Savings Plan as of December 31, 2013, and the changes in net assets available for benefits for the year then ended December 31, 2013, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary schedule is the responsibility of the Plan's management. The supplementary schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Fiduciary Committee and  
Participants of Idaho Power Company  
Employee Savings Plan:

We have audited the accompanying statement of net assets available for benefits of the Idaho Power Company Employee Savings Plan (the "Plan") as of December 31, 2012. This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of net assets available for benefits is free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of net assets available for benefits, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of net assets available for benefits. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such statement of net assets available for benefits presents fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012, in conformity with accounting principles generally accepted in the United States of America.

## IDAHO POWER COMPANY EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED  
DECEMBER 31, 2013 AND 2012

### 1. DESCRIPTION OF THE PLAN

The following brief description of the Idaho Power Company Employee Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, as amended, for more complete information on the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees (full-time, part-time and temporary) of IDACORP, Inc. (IDACORP) and its participating subsidiaries (the Company), including Idaho Power Company (the Plan Sponsor and the Plan Administrator), as allowed under Section 401(k) of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator's Fiduciary Committee controls and manages the operation and administration of the Plan. Mercer Trust Company (Mercer) is the trustee of the Plan.

Employees who have attained 18 years of age are eligible to participate in the Plan and may enroll on their hire date; however, matching contributions are only vested upon completion of twelve months of employment.

Contributions - Eligible employees may participate in the Plan by contributing to the Savings Feature (after-tax) or the Deferred Feature (before-tax) of the Plan. Employees are also permitted to contribute after-tax dollars to a Roth 401(k) Feature. A participant may elect to contribute to any or all features up to 100 percent of eligible pay, as defined in the Plan, subject to certain IRC limitations. Beginning January 1, 2012, eligible employees who do not make an affirmative election to participate (or to not participate) in the Plan are, subject to notice required by the IRC, deemed to have made an election to make a deferral contribution of 6 percent of the employee's compensation, which the employee can alter or revoke at any time.

The Company makes a matching contribution for the participant in an amount equal to 100 percent of the participant's first 2 percent of eligible pay contributed to the Plan and 50 percent of the next 4 percent of eligible pay contributed to the Plan. Participant contributions in excess of 6 percent of eligible pay are not matched by the Company. Participants may also contribute certain rollover contributions from other plans.

Participant Accounts - Individual accounts are maintained for each Plan participant for each Plan feature, as applicable. Each participant's account is credited, as applicable, with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings and is charged with withdrawals and an allocation of Plan losses, and as applicable, any administrative expenses. Gains and losses on investments are allocated to participants' accounts based upon relative fund account balances at regular valuation dates specified by the trustee of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers 10 ready-mixed (target date) portfolios, 25 core mutual funds, and IDACORP common stock as investment options for participants. Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan.

Vesting - Participants are fully vested immediately in their own contributions, plus actual earnings thereon. Matching contributions are vested only for participants who have completed twelve cumulative months of service. Matching contributions that are forfeited may be used to reduce the Company's matching contribution in the year

following the year in which the forfeiture arose. Matching contributions of \$17,042 were forfeited during the year ended December 31, 2013. Previously forfeited matching contributions and earnings thereon of \$10,073 were used to reduce the Company's matching contribution during the year ended December 31, 2013.

Notes Receivable from Participants - Under certain circumstances participants may borrow against their vested account balances. The maximum principal amount of any loan is the lesser of (i) 50 percent of the balance of a participant's vested account balance, determined on the day of the loan, minus the balance of all other loans from all other qualified plans, outstanding on that date, or (ii) \$50,000, minus the participant's highest outstanding principal balance of loans from the plan, and from all other qualified plans, to the participant during the period of one year ending on the day preceding the origination of the loan being requested. Amounts held in a self-directed brokerage fund are included in the calculation of the maximum principal amount available for a loan but may not be used as a source for a loan. The interest rate on participant loans is set at the prime rate on the first business day of the month in which the loan is requested, plus one percent. The interest rate will remain fixed through the duration of the loan. All loans must be repaid within five years except for loans for the purchase of a primary residence, which have a maximum repayment period of ten years. The Plan permits only one outstanding loan per participant at a time. Principal and interest are paid through payroll deductions. As of December 31, 2013, participant loans have maturities through 2023 at interest rates ranging from 4.25 percent to 9.25 percent.

Payments of Benefits and Withdrawals - Benefits are payable upon a participant's disability, termination of employment, or death. In the event of disability or termination of employment, benefits are distributed when the participant elects to receive a distribution, which may be in the form of a lump sum distribution or monthly, quarterly, semi-annual or annual installments, or when the participant is required to take a minimum distribution as defined by the IRC. Upon death of a participant, a beneficiary who is not a surviving spouse may take a lump sum distribution or elect an installment form of payment (monthly, quarterly, semi-annual or annual) for a payment period of up to five years. A beneficiary who is a surviving spouse may take a lump sum distribution, elect an installment form of payment (monthly, quarterly, semi-annual or annual) or remain in the Plan, subject to the mandatory minimum distribution requirements of the IRC. The Plan conditionally offers certain additional benefits to survivors of participants who die on or after January 1, 2007 while performing qualified military service, as defined in the IRC. Notwithstanding the above, in the event of death, disability, or termination of employment, for account balances of \$1,000 or less, a lump sum payment will be made automatically. Persons otherwise entitled to a distribution under the Plan may elect to make partial withdrawals at least quarterly in accordance with procedures determined by the Plan Administrator.

The Plan permits in-service withdrawals from the Deferred and Rollover Features to be made (1) by participants who have incurred a hardship (as defined in the Plan) or (2) as frequently as once per calendar quarter by participants who have attained age 59 ½. In-service withdrawals also are permitted with respect to a participant's after-tax contributions invested in the Savings Feature as frequently as once per calendar quarter. In-service withdrawals are permitted from the Roth 401(k) Feature if they are qualified distributions.

The Plan permits qualified reservist withdrawals of a participant's contributions from amounts attributable to elective deferrals in the Plan to be made by participants who are ordered or called to active military duty at specified times if certain conditions specified in the Plan are satisfied.

The Plan allows participants the option of obtaining distributions in the form of cash or common stock of IDACORP. The Plan allows the Plan Administrator to distribute the quarterly dividend on shares of IDACORP stock (the dividend pass-through feature) to electing participants in the Plan.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

**Basis of Accounting** - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Use of Estimates** - The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ materially from those estimates.

**Risks and Uncertainties** - Participants in the Plan invest in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and market volatility risks. Based on the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the financial statements.

**Investment Valuation and Income Recognition** - The Plan's investments are stated at fair value and quoted market prices are used to value investments. Shares of common stock and mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

**Payment of Benefits** - Benefits are recorded when paid. There were no participants who had elected to withdraw from the Plan but had not yet been paid at December 31, 2013 or 2012.

**Administrative Expenses** – Administrative expenses and certain fees relating to the Plan are shared by the Plan's Sponsor and Plan participants, as provided for in the Plan document. Plan participants who have a brokerage account also pay a quarterly administrative fee.

**Subsequent Events** – The Plan Sponsor has evaluated subsequent events through June 26, 2014, the date which the financial statements were available to be issued.

### 3. INVESTMENTS

The Plan's investments that represent 5 percent or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 were as follows:

	2013	2012
IDACORP, Inc. Common Stock	\$66,928,447	\$63,241,301

IDACORP, Inc. Common Stock	11,933,490
Net appreciation in fair value of investments	\$53,005,433

### 4. FAIR VALUE MEASUREMENTS

The Plan has categorized its financial instruments into a three-level fair value hierarchy, based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. There have been no changes in the methodologies used at December 31, 2013 and 2012, nor have there been any transfers between levels for the years ending December 31, 2013 and 2012. The following is a description of the valuation methodologies used for assets measured at fair value.

• Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

• Mutual funds: Valued at quoted market prices, which represents the net asset values of securities held in such funds.

The table below presents by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2013 and 2012.

## 5. PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA and the IRC. The Plan document includes provisions for the distribution of vested contributions in the event of the termination of the Plan.

## 6. FEDERAL INCOME TAX STATUS

The Company received a determination letter, dated September 18, 2013, from the Internal Revenue Service stating that the Plan, as amended, is qualified under Sections 401 and 501 of the IRC. The Plan has been amended since receiving the determination letter. The Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Participants in a qualified plan are not subject to income taxes on Company contributions or dividend income allocated to their accounts until a distribution is made from the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements. Dividends paid under the dividend pass-through feature (see Note 1) are considered taxable income to the participant in the year received.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the plan is no longer subject to income tax examinations for years prior to 2010.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mercer. Mercer is the trustee as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

The Plan offers IDACORP common stock as an investment option for participants. IDACORP is the parent company of the sponsoring employer; therefore, these transactions qualify as party-in-interest transactions. At December 31, 2013 and 2012, the Plan held 1,291,058 and 1,458,584 shares, respectively, of common stock of IDACORP, with a cost basis of \$41,731,552 and \$45,156,020, respectively.

During the years ended December 31, 2013, the Plan recorded dividend income from IDACORP of \$2,140,379.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following table reconciles net assets available for benefits per the Plan's financial statements to the Form 5500:

	December 31,	
	2013	2012
