NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(In thousands except share data)

1. Interim Financial Information

The accompanying unaudited condensed consolidated financial statements of Vari-Lite International, Inc. (the Company) have been prepared by the Company in accordance with generally accepted accounting principles for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, the condensed consolidated financial statements contain all adjustments, consisting of normal recurring adjustments, considered necessary to present fairly the consolidated financial position, results of operations and cash flows of the Company. The results of operations for the three and six-month periods ended March 31, 2002 are not necessarily indicative of the results of operations that may be expected for any other interim periods or for the fiscal year ending September 30, 2002.

Certain reclassifications have been made to the March 31, 2001 consolidated financial statements to conform to the presentation in the March 31, 2002 consolidated financial statements.

For further information, refer to the consolidated financial statements and accompanying notes included in the Company's Annual Report on Form 10-K for the year ended September 30, 2001.

2. Inventory

Inventory consists of the following:

	September 30, 2001	March 31, 2002
Raw materials	\$ 13,086	\$ 13,882
Work in progress	567	726
Finished goods	1,735	1,352
	\$ 15,388	\$ 15,960

3. Debt

On December 19, 1997, the Company entered into a \$50,000 multicurrency revolving credit facility (the Old Credit Facility). Borrowings under the Old Credit Facility were \$32,200 at September 30, 2000. Subsequent to September 30, 2000, the Company used proceeds of \$22,200 from the sale of the Company's concert sound reinforcement business and continental European rental operations and the funding of the London Bank Loans (hereinafter defined) to reduce borrowings under the Old Credit Facility to \$10,000.

On December 29, 2000, Vari-Lite, Inc. (Vari-Lite), entered a new credit facility (the New Credit Facility), which includes the \$12,000 Term Loan, the \$5,000 Revolver and the

\$3,000 Capital Expenditure Loan. The Term Loan and Capital Expenditure Loan amortize over 84 months (subject to a balloon payment on termination of the New Credit Facility as discussed below). Borrowings under the Revolver are subject to availability under a borrowing base of eligible inventory and accounts receivable (as defined in the New Credit Facility). As of March 31, 2002, there was \$2,259 outstanding under the Revolver. Prior to January 15, 2002, all outstanding borrowings under the New Credit Facility bore interest at the lender's base rate or LIBOR, plus a rate margin of 0.75% and 2.50%, respectively. Since January 15, 2002, all outstanding balances under the New Credit Facility bear interest at the lender's base rate or LIBOR, plus a rate margin ranging from 0.25% to 0.75% or 2.00% to 2.50%, respectively, based upon the Company's ratio of Adjusted Funded Debt to EBITDA (as defined in the New Credit Facility). The New Credit Facility is guaranteed by the Company and is secured by all of the stock and substantially all of the assets of Vari-Lite and a pledge of 65% of the outstanding capital stock of the Company's foreign subsidiaries. A commitment fee of 0.25% is charged on the average daily unused portion of the New Credit Facility. The New Credit Facility contains compliance covenants, including requirements that the Company achieve certain financial ratios, as amended on March 31, 2002. In addition, the New Credit Facility places limitations on annual capital expenditures and on the ability to incur additional indebtedness, make certain loans or investments, sell assets, pay dividends or reacquire the Company's stock. The New Credit Facility terminates on December 31, 2003. Upon termination of the New Credit Facility, the entire outstanding indebtedness thereunder becomes due and payable in full.

On November 23, 2000, September 27, 2001 and March 25, 2002, the Company's London subsidiary entered into British pounds sterling loans of 4,000 (USD 5,800), 500 (USD 727) and 400 (USD 570), respectively, with a U. K. bank (collectively, the London Bank Loans). The London Bank Loans accrue interest at the rate of 9.10%, 7.78% and 7.77% per annum, respectively, and amortize over 48 months, 60 months and 60 months, respectively. The London Bank Loans are secured by all of the assets of the Company's London operations and include certain financial covenants, limitations on capital expenditures and intercompany payments and the guarantee of the Company.

The Company has borrowed money to purchase computer equipment and office furniture and fixtures and conventional lighting equipment. These loans are typically amortized over three years and bear interest at various rates ranging from 1.50% to 10.35%. Proceeds received under this type of financing were approximately \$1,135 and \$137 for the six-month periods ending March 31, 2001 and 2002, respectively, and borrowings outstanding under this type of financing at March 31, 2001 and 2002 were approximately \$3,572 and \$1,306, respectively.

4. Commitments and Contingencies

In the ordinary course of its business, the Company is from time to time threatened with or named as a defendant in various lawsuits, including patent infringement claims. The Company is not currently involved in any material legal proceedings.

5. Segment Reporting

The Company's chief operating decision maker is considered to be the Company's Chief Operating Officer (COO). The COO reviews financial information presented on a consolidated basis accompanied by disaggregated information about revenues by geographic region and by product lines for purposes of making operating decisions and assessing financial performance. The Company has three reportable segments: North America, Europe and Asia, which are organized, managed and analyzed geographically and operate in a single industry segment. Information about the Company's operations for the three and six-month periods ended March 31, 2001 and 2002 is presented below:

6. Net Loss Per Share

Basic net loss per share is computed based upon the weighted average number of common shares outstanding. Diluted net loss per share reflects the dilutive effect, if any, of stock options and warrants.

	Three Months ended March 31,		Six Months ended March 31,	
	2001	2002	2001	2002
Weighted average shares outstanding	7,800,003	7,800,003	7,800,003	7,800,003

Shares used in calculating diluted net loss per share	7,800,003	7,800,003	7,871,165	7,800,003

For the three-month period ended March 31, 2001 and 2002, net loss per share excludes stock options of 693,700 and 724,200, respectively, and warrants of 296,057 and 296,057, respectively, which were anti-dilutive. For the six-month period ended March 31, 2001, net income per share excludes stock options of 622,538 and warrants of 296,057 which were anti-dilutive, but includes 71,162 options which were dilutive. For the six-month period ended March 31, 2002, net loss per share excludes stock options of 724,200 and warrants of 296,057 which were anti-dilutive.

7. Dispositions

On October 26, 2000, the Company sold 100% of its interest in Vari-Lite International Europe, B.V. (VLI Europe) and 0.4% of its interest in Vari-Lite Production Services, SAS, and Vari-Lite sold all of the VARI*LITE® lighting equipment used in those operations. VLI Europe owned 100% of Vari-Lite Production Services, N.V., 99.6% of Vari-Lite Production Services, SAS and 100% of Vari-Lite Production Services, AB. This transaction resulted in a pre-tax charge of \$3,200 which was recorded as an asset impairment in the fourth quarter of fiscal year 2000.

On November 17, 2000, the Company transferred substantially all of the assets of Showco, Inc. to Clearsho, Inc. (Clearsho), which assumed certain of Showco s contract liabilities, in exchange for the sole membership interest in Clearsho. On November 17, 2000, Showco sold 100% of its interest in Clearsho which resulted in a net pre-tax gain of \$7,100.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

Three Months Ended March 31, 2002 Compared to Three Months Ended March 31, 2001

Revenues. Total revenues decreased 20.3%, or \$3.7 million, to \$14.6 million in the three-month period ended March 31, 2002, compared to \$18.3 million in the three-month period ended March 31, 2001. The revenue decrease was attributable primarily to the factors set forth below.

Rental Revenues. Rental revenues decreased 8.4%, or \$1.0 million, to \$10.4 million in the three-month period ended March 31, 2002, compared to \$11.4 million in the three-month period ended March 31, 2001. This decrease was due to the weak economy combined with the ongoing effects of the September 11, 2001 attacks.

Product Sales and Services Revenues. Product sales and services revenues decreased 39.9%, or \$2.7 million, to \$4.2 million in the three-month period ended March 31, 2002, compared to \$6.9 million in the three-month period ended March 31, 2001. This decrease was primarily due to a \$2.6 million decrease in revenue resulting from the closing of the Company's corporate meeting and special events management business in April 2001.

Rental Cost. Rental cost in the three-month period ended March 31, 2002 was unchanged compared to the three-month period ended March 31, 2001. However, rental cost as a percentage of rental revenues increased to 52.8% in the three-month period ended March 31, 2002, from 48.9% in the three-month period ended March 31, 2001. This increase was due to depreciation expense representing a higher percentage of revenues during the three-month period ended March 31, 2002 as a result of decreased revenues due to difficult economic conditions.

Product Sales and Services Cost. Product sales and services cost decreased 41.0%, or \$1.7 million, to \$2.5 million in the three-month period ended March 31, 2002, compared to \$4.2 million in the three-month period ended March 31, 2001. This decrease was primarily due to the closing of the Company's corporate meeting and special events management business in April 2001. Product sales and services cost as a percentage of product sales and services revenues decreased to 60.1% in the three-month period ended March 31, 2002, from 61.2% in the three-month period ended March 31, 2001 as a result of the closing of the Company's corporate meeting and special events management business which had higher costs as a percentage of revenue.

Selling, General and Administrative Expense. Selling, general and administrative expense decreased 6.9%, or \$0.5 million, to \$6.7 million in the three-month period ended March 31, 2002, compared to \$7.2 million in the three-month period ended March 31, 2001. This decrease was due to the closing of the Company's corporate meeting and special events management business in April 2001, as well as expense reduction efforts undertaken in the first quarter of fiscal 2002. This expense as a percentage of total revenues increased to 46.1% in the three-month period ended March 31, 2002, from 39.4% in the three-month period ended March 31, 2001 as a result of decreased revenues.

Research and Development Expense. Research and development expense decreased 19.4%, or \$0.2 million, to \$1.0 million in the three-month period ended March 31, 2002, compared to \$1.2 million in three-month period ended March 31, 2001. This decrease was primarily due to expense reduction efforts undertaken in the first quarter of fiscal 2002. This expense as a percentage of total revenues for the period ended March 31, 2002 was 6.5%, unchanged from the three-month period ended March 31, 2001.

Interest Expense. Interest expense decreased 48.9%, or \$0.2 million, to \$0.3 million in the three-month period ended March 31, 2002, compared to \$0.5 million in the three-month period ended March 31, 2001, as a result of reduced borrowings and lower interest rates in the three-month period ended March 31, 2002 as well as interest income of \$0.1 million from an income tax refund.

Income Taxes. The effective tax rate in the three-month periods ended March 31, 2002 and 2001 were 39.5% and 39.1%, respectively.

Six Months Ended March 31, 2002 Compared to Six Months Ended March 31, 2001

Revenues. Total revenues decreased 18.9%, or \$7.3 million, to \$31.4 million in the six-month period ended March 31, 2002, compared to \$38.7 million in the six-month period ended March 31, 2001. The revenue decrease was attributable primarily to the factors set forth below.

Rental Revenues. Rental revenues decreased 26.5%, or \$7.7 million, to \$21.6 million in the six-month period ended March 31, 2002, compared to \$29.3 million in the six-month period ended March 31, 2001. This decrease was due to the weak economy combined with the ongoing effects of the September 11, 2001 attacks and the sale of the Company's concert sound reinforcement business in November 2000 which accounted for \$1.6 million in revenues in the six-month period ended March 31, 2001.

Product Sales and Services Revenues. Product sales and services revenues increased 4.7%, or \$0.4 million, to \$9.8 million in the six-month period ended March 31, 2002, compared to \$9.4 million in the six-month period ended March 31, 2001. This increase was due to a \$4.1 million increase in sales of VARI*LITE® automated lighting equipment which was partially offset by a \$3.7 million decrease in revenue due to the closing of the Company's corporate meeting and special events management business in April 2001.

Rental Cost. Rental cost decreased 16.8%, or \$2.2 million, to \$10.6 million in the six-month period ended March 31, 2002, compared to \$12.8 million in the six-month period ended March 31, 2001. This decrease was due to reduced

revenues as a result of a weak economy and the sale of the Company's concert sound reinforcement business in November 2000. Rental cost as a percentage of rental revenues increased to 49.2% in the six-month period ended March 31, 2002, from 43.5% in the six-month period ended March 31, 2001. This increase was due to depreciation expense representing a higher percentage of revenues during the six-month period ended March 31, 2002 as a result of decreased revenues due to difficult economic conditions.

Product Sales and Services Cost. Product sales and services cost decreased 1.7%, or \$0.1 million, to \$6.1 million in the six-month period ended March 31, 2002, compared to \$6.2 million in the six-month period ended March 31, 2001. This decrease was due to a \$2.5 million decrease in product sales and services cost associated with the closing of the Company's corporate meeting and special events management business in April 2001 offset by \$2.4 million increase in cost of sales of VARI*LITE® automated lighting equipment.

Product sales and services cost as a percentage of product sales and services revenues decreased to 62.4% in the six-month period ended March 31, 2002, from 66.4% in the six-month period ended March 31, 2001 as a result of improved manufacturing efficiencies and the closing of the Company's corporate meeting and special events management business which had higher costs as a percentage of revenue.

Selling, General and Administrative Expense. Selling, general and administrative expense decreased 15.3%, or \$2.5 million, to \$13.6 million in the six-month period ended March 31, 2002, compared to \$16.1 million in the six-month period ended March 31, 2001. This decrease was primarily due to the sale of the Company's concert sound reinforcement business in November 2000 and the closing of the Company's corporate meeting and special events management business in April 2001, as well as expense reduction efforts undertaken in the first quarter of fiscal 2002. This expense as a percentage of total revenues increased to 43.4% in the six-month period ended March 31, 2002, from 41.6% in the six-month period ended March 31, 2001 as a result of decreased revenues.

Research and Development Expense. Research and development expense in the six-month period ended March 31, 2002 was unchanged as compared to the six-month period ended March 31, 2001. However, this expense as a percentage of total revenues increased to 7.9% in the six-month period ended March 31, 2002, from 6.2% in the six-month period ended March 31, 2001, as a result of decreased revenues.

Interest Expense. Interest expense decreased 61.0%, or \$1.0 million, to \$0.6 million in the six-month period ended March 31, 2002, compared to \$1.6 million in the six-month period ended March 31, 2001, as a result of reduced borrowings and lower interest rates in the six-month period ended March 31, 2002 as well as interest income of \$0.1 million from an income tax refund.

Income Taxes. The effective tax rate in the six-month periods ended March 31, 2002 and 2001 were 39.5% and 38.5%, respectively.

Liquidity and Capital Resources

Historically, the Company has financed its operations and capital expenditures with cash flow from operations, bank borrowings and advances from customers. The Company's operating activities used cash flow of \$1.1 million for the six-month period ended March 31, 2001 and generated cash flow of \$4.2 million in the six-month period ended March 31, 2002.

On December 19, 1997, the Company entered into the Old Credit Facility. Borrowings under the Old Credit Facility were \$32.2 million at September 30, 2000. Subsequent to September 30, 2000, the Company used proceeds of \$22.2 million from the sale of the Company's concert sound reinforcement business and continental European rental operations and the funding of the London Bank Loans to reduce borrowings under the Old Credit Facility to \$10.0 million.

On December 29, 2000, Vari-Lite entered into the New Credit Facility which includes the \$12.0 Term Loan, the \$5.0 million Revolver and the \$3.0 million Capital Expenditure Loan. The Term Loan and Capital Expenditure Loan amortize over 84 months (subject to a balloon payment on termination of the New Credit Facility as discussed below). Borrowings under the Revolver are subject to availability under a borrowing base of eligible inventory and accounts receivable (as defined in the New Credit Facility). As of March 31, 2002, there was \$2.3 million outstanding under the Revolver. Prior to January 15, 2002, all outstanding borrowings under the New Credit Facility bore interest at the lender's base rate or LIBOR, plus a rate margin of 0.75% and 2.50%, respectively. Since January 15, 2002, all outstanding balances under the New Credit Facility bear interest at the lender's base rate or LIBOR, plus a rate margin ranging from 0.25% to 0.75% or 2.00% to 2.50%, respectively, based upon the Company's ratio of Adjusted Funded Debt to EBITDA (as defined in the New Credit Facility). The New Credit Facility is guaranteed by the Company and is secured by all of the stock and substantially all of the assets of Vari-Lite and a pledge of 65% of the outstanding capital stock of the Company's foreign subsidiaries. A commitment fee of 0.25% is charged on the average daily unused portion of the New Credit Facility. The New Credit Facility contains compliance covenants, including requirements that the Company achieve certain financial ratios, as amended on March 31, 2002. In addition, the New Credit Facility places limitations on annual capital expenditures and on the ability to incur additional indebtedness, make certain loans or investments, sell assets, pay dividends or reacquire the Company's stock. The New Credit Facility terminates on December 31, 2003. Upon termination of the New Credit Facility, the entire outstanding indebtedness thereunder becomes due and payable in full.

On November 23, 2000, September 27, 2001 and March 25, 2002, the Company's London subsidiary entered into British pounds sterling loans of 4.0 million (USD 5.8 million), 0.5 million (USD 0.7 million) and 0.4 million (USD 0.6 million), respectively, with a U. K. bank (collectively, the London Bank Loans .) The London Bank Loans accrue interest at the rate of 9.10%, 7.78% and 7.77% per annum, respectively, and amortize over 48 months, 60 months and 60 months, respectively. The London Bank Loans are secured by all of the assets of the Company's London operations and include certain financial covenants, limitations on capital expenditures and intercompany payments and the guarantee of the Company.

The Company has borrowed money to purchase computer equipment and office furniture and fixtures and conventional lighting equipment. These loans are amortized over three to five years and bear interest at various rates ranging from 1.50% to 10.35%. Proceeds received under this type of financing were approximately \$1.1 million and \$0.1 million for the six-month periods ending March 31, 2001 and 2002, respectively, and borrowings outstanding under this type of financing at March 31, 2001 and 2002 were approximately \$3.6 million and \$1.3 million, respectively.

The Company's business requires significant capital expenditures. Capital expenditures for the six months ended March 31, 2001 and 2002 were approximately \$5.3 million and \$3.6 million, respectively, of which approximately \$4.6 million and \$3.3 million were for rental and demo equipment inventories. The majority of the Company's revenues are generated through the rental of automated lighting systems and, as such, the Company must maintain a significant amount of rental equipment to meet customer demands.

Management believes that cash flow generated from operations and borrowing capacity under the New Credit Facility will be sufficient to meet the anticipated operating cash needs and capital expenditures for the next twelve months. Because the Company's future operating results will depend on a number of factors, including the demand for the Company's products and services, the Company's ability to market, sell and support products, competition, the success of the Company's research and development programs, the ability to achieve competitive and technological advances, general and economic conditions and other factors beyond the Company's control, there can be no assurance that sufficient capital resources will be available to fund the expected expansion of its business beyond such period.

Disclosure Regarding Forward-Looking Statements
