Discontinued Operations

On September 2, 2003, the Company informed The Home Depot, Inc., the customer that purchased more than 99 percent of the Company's wood products, that the Company would no longer do business with Home Depot due to increased difficulties in transacting business with Home Depot on a profitable basis. The Company stated to Home Depot that these difficulties included Home Depot's prohibition against price increases despite increases in the Company's increased costs of production, a diminution in Home Depot territories the Company was allowed to sell products to, and Home Depot's demands regarding returns of ordered products that the Company was unwilling to accede to for economic reasons.

The Financial Accounting Standards Board's SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, addresses financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of. SFAS No. 144 supersedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed of, retains the fundamental provisions of Statements 121 for (a) recognition and measurement of the impairment of long-lived assets to be held and used and (b) measurement of long-lived assets to be disposed of by sale. SFAS 144 also supersedes the accounting and reporting provisions of APB Opinion No. 30, Reporting and Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transaction, for segments of a business to be disposed of, but retains the requirement of Opinion 30 to report discontinued operations separately from continuing operations and extends that reporting to a component of an entity that either has been disposed of (by sale, by abandonment, or in a distribution to owners) or is classified as held for sale.

The Company has discontinued its wood products business. Consequently, the accompanying financial statements reflect the wood products business as discontinued operations in accordance with SFAS No. 144.

Summarized below are the results of discontinued operations:

	Quarter Ended July 31,	
	2004	2003
Net Sales	\$	\$ 247,477
Income from Discontinued Operations	\$	\$ 27,282

The Company is seeking other business opportunities, but there can be no assurance that such opportunities will be identified, engaged in, or result in any profits.

Management's Discussion and Analysis of Financial Condition and Results of

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

The statements contained in this report which are not historical fact are forward-looking statements that involve various important assumptions, risks, uncertainties and other factors which could cause the Company's actual results for 2004 and beyond to differ materially from those expressed in such forward-looking statements. These important factors include, without limitation, competitive factors and pricing pressures, changes in legal and regulatory requirements, technological change or difficulties, product development risks, commercialization and trade difficulties and general economic conditions, as well as other risks previously disclosed in the Company's securities filings and press releases.

General

We were a wood products company which has been in business since 1980. We were almost wholly dependent on sales to The Home Depot, Inc. (Home Depot).

On September 2, 2003, we informed Home Depot that we would no longer do business with Home Depot due to increased difficulties in transacting business with Home Depot on a profitable basis. We stated to Home Depot that these difficulties included Home Depot's prohibition against price increases despite increases in the Company's increased costs of production, a diminution in the Home Depot territories the Company was allowed to sell product to, and Home Depot's demands regarding returns of ordered products that we were unwilling to accede to for economic reasons.

We have discontinued our wood products business. We are seeking other business opportunities, but there can be no assurance that such opportunities will be identified, engaged in, or result in any profits.

Results of operations

Quarter ended July 31, 2004 compared to the quarter ended July 31, 2003.

Selling, general and administrative expenses were approximately \$12,000 for the quarter ended July 31, 2004, a decrease of approximately \$56,000 or 82% over selling, general and administrative expenses of approximately \$68,000 for the quarter ended July 31, 2003. This decrease was attributable primarily to decreases in salaries and related costs.

Interest income for the quarter ended July 31, 2004 was approximately \$300 compared to \$200 for the quarter ended July 31, 2003.

Our net loss decreased from approximately \$40,000 for the quarter ended July 31, 2003 to a net loss of approximately \$12,000 for the quarter ended July 31, 2004.

Liquidity and capital resources

In the periods discussed above, our working capital requirements were met primarily from sales of our discontinued wood products. At July 31, 2004, we had working capital of approximately \$298,000.

At July 31, 2004, we had cash and cash equivalents of approximately \$309,000, which represented 91% of total assets. We believe we have adequate working capital to fund our operations for at least the next 12 months.

Net cash used in operating activities amounted to approximately \$18,000 for quarter ended July 31, 2004. Net loss from continuing operations was \$12,000. Net cash used in operating activities was increased by decreases in accounts payable and accrued liabilities of \$6,000.

Net cash used in financing activities was approximately \$38,000 for the quarter ended July 31, 2004 as a result of related party loan repayments of \$1,020,000 and payment of dividends of \$1,058,000.

Item 3 Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) or Rule 15a-15(e) of the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report were effective in ensuring that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

There was no change in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during the fiscal quarter to which this report relates that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
