PROXY STATEMENT

Proxy Solicitation

The accompanying proxy is solicited by the Trustees of InnSuites Hospitality Trust (the Trust) for use at the 2005 Annual Meeting of Shareholders to be held on Thursday, August 25, 2005, and any adjournments thereof. In addition to the Trust's solicitation of proxies by mail, the Trustees, officers and regular employees of the Trust may also solicit the return of proxies by mail, telephone, telegram or personal contact, for which they will not receive additional compensation. The Trust will pay the cost of soliciting proxies in the accompanying form. The Trust will reimburse brokers or other persons holding Shares of Beneficial Interest of the Trust (Shares) in their names or in the names of their nominees for their reasonable expenses in forwarding proxy material to the beneficial owners of such Shares.

General Information

Shareholders of record at the close of business on July 14, 2005 (the record date) will be entitled to vote at the 2005 Annual Meeting of Shareholders and at any adjournments thereof. At that date, there were 9,130,289 Shares of Beneficial Interest of the Trust issued and outstanding. Each outstanding Share is entitled to one vote on all matters that properly come before the 2005 Annual Meeting. A majority of the issued and outstanding Shares, or 4,565,145 Shares, must be represented at the 2005 Annual Meeting in person or by proxy in order to constitute a quorum for the transaction of business.

This Proxy Statement and the accompanying form of proxy are first being mailed to the shareholders of the Trust on or about August 2, 2005. The Trust is also mailing with this Proxy Statement its Annual Report to Shareholders for the fiscal year ended January 31, 2005.

No appraisal rights are available under Ohio law or under the Declaration of Trust of the Trust to any shareholder who dissents from any of the Proposals described below.

A proxy may be revoked at any time before a vote is taken or the authority granted is otherwise exercised. Revocation may be accomplished by the execution of a later proxy with regard to the same Shares or by giving notice in writing to the Trust's Secretary or in an open meeting.

The Proposals

Shares represented by properly executed proxy cards will be voted in accordance with the specifications made thereon. If no specification is made, proxies will be voted **FOR** the following proposals (each, a Proposal, and collectively, the Proposals):

1. the election of the Trustee nominees named herein (listed as Proposal 1 on the Proxy Card), and
2. granting the Board of Trustees the authority to implement a Reverse Stock Split up to a maximum ratio of 1-for-4 (listed as Proposal 2 on the Proxy Card).

The Board of Trustees recommends that the shareholders vote FOR each of the Trustee nominees. The Board of Trustees is not making a recommendation with respect to Proposal 2. Mr. Wirth and his affiliates have agreed to vote the Shares owned by them in the same proportions as the other votes cast with respect to Proposal 2. As of July 14, 2005, Mr. Wirth and his affiliates collectively own approximately 63.7% of the Trust's issued and outstanding Shares.

The Board of Trustees will implement Proposal 2 only if it determines that the implementation of that Proposal is in the best interests of the Trust.

The approval of each Proposal requires the affirmative vote of a majority of the issued and outstanding Shares entitled to vote present in person or by proxy at the Annual Meeting. Abstentions and broker non-votes, unless a broker's authority to vote on a particular matter is limited, are tabulated in determining the votes present at a meeting. Consequently, an abstention or a broker non-vote (assuming a broker has unlimited authority to vote on the matter) has the same effect as a vote against a Trustee or a proposal, as each abstention or broker non-vote would be one less vote for a Trustee nominee or for the approval of a proposal.

ELECTION OF TRUSTEES

(Proposal 1 on the Proxy Card)

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form DEF 14A

At the Annual Meeting, two Trustees are to be elected with three-year terms expiring at the 2008 Annual Meeting of Shareholders and, in each case, until their respective successors are duly elected and qualified.

Trustees whose terms expire at the 2005 Annual Meeting of Shareholders are Mr. Mason E. Anderson and Mr. Steven S. Robson. Mr. Anderson has informed the Board of Trustees that he will not stand for re-election in order to focus on other personal interests. The Board of Trustees will miss the experience and expertise of Mr. Anderson and wishes him well in his personal pursuits.

The Governance and Nominating Committee has selected Mr. Larry Pelegrin as nominee to the Board of Trustees to replace Mr. Anderson. Mr. Pelegrin was referred to the Governance and Nominating Committee by Mr. Wirth. Mr. Robson, whose term as Trustee expires at the 2005 Annual Meeting of Shareholders, has chosen to stand for re-election as Trustee to a term expiring at the 2008 Annual Meeting of Shareholders. Accordingly, Mr. Pelegrin will stand for election and Mr. Robson will stand for re-election as Trustees to terms expiring at the 2008 Annual Meeting of Shareholders.

Unless a shareholder requests that voting of a proxy be withheld for any one or more of the nominees for Trustee in accordance with the instructions set forth on the proxy, it presently is intended that Shares represented by proxies solicited hereby will be voted FOR the election of Mr. Pelegrin and

Mr. Robson as Trustee to terms expiring at the 2008 Annual Meeting of Shareholders. The nominees have consented to being named in this Proxy Statement and to serve if elected. Should any nominee subsequently decline or be unable to accept such nomination or to serve as a Trustee, an event which the current Trustees do not now expect, the persons voting the Shares represented by proxies solicited hereby may vote such Shares for a slate of two persons which includes a substitute nominee.

The Trust's Board of Trustees currently has five members and is divided into three classes, as follows:

two Trustees in the class whose terms expire at the 2005 Annual Meeting of Shareholders;

one Trustee in the class whose term expires at the 2006 Annual Meeting of Shareholders; and

two Trustees in the class whose terms expire at the 2007 Annual Meeting of Shareholders.

Each of the Trustees serves for three years and until his successor is duly elected and qualified. A majority of the Trustees, Messrs. Thoma, Robson and Pelegrin, are independent as defined by the American Stock Exchange listing standards. The Trust requests that all of its Trustees attend its Annual Meeting of Shareholders. All incumbent Trustees were present at the 2004 Annual Meeting of Shareholders.

The Board of Trustees of the Trust recommends a vote FOR Larry Pelegrin and Steven S. Robson as Trustees.

Nominees, Trustees and Executive Officers

The biographies of Messrs. Pelegrin and Robson, and each of the Trustees whose term in office will continue after the 2005 Annual Meeting of Shareholders, are set forth below. Mr. Pelegrin, who was nominated by the Governance and Nominating Committee upon the decision of Mr. Anderson not to stand for re-election, is standing for election at the 2005 Annual Meeting of Shareholders.

Trustee Nominations and Qualifications

The Governance and Nominating Committee expects to identify nominees to serve as Trustees of the Trust primarily by accepting and considering the suggestions and nominee recommendations made by members of the Board of Trustees and the Trust's management and shareholders. Nominees for Trustee are evaluated based on their character, judgment, independence, financial or business acumen, diversity of experience, ability to represent and act on behalf of all Trust shareholders, and the needs of the Board of Trustees. In general, before evaluating any nominee, the Governance and Nominating Committee first determines the need for additional Trustees to fill vacancies or expand the size of the Board of Trustees and the likelihood that a nominee can satisfy the evaluation criteria. The Governance and Nominating Committee would expect to re-nominate incumbent Trustees who have served well on the Board of Trustees and express an interest in continuing to serve.

The Governance and Nominating Committee will consider shareholder recommendations for Trustee nominees. A shareholder who wishes to suggest a Trustee nominee for consideration by the Governance and Nominating Committee should send a resume of the nominee's business experience and background to Peter Thoma, Chairman of the Governance and Nominating Committee, InnSuites Hospitality Trust, 1615 E. Northern Avenue, Suite 102, Phoenix, Arizona 85020. The mailing envelope and letter must contain a clear notation indicating that the enclosed letter is a Shareholder-Board of Trustees Nominee.

Shareholder Communications with the Board of Trustees

Shareholders interested in communicating directly with the Board of Trustees or any individual member thereof may do so by writing to the Secretary, InnSuites Hospitality Trust, 1615 E. Northern Avenue, Suite 102, Phoenix, Arizona 85020. The mailing envelope and letter must contain a clear notation indicating that the enclosed letter is a Shareholder-Board of Trustees Communication. The Secretary will review all such correspondence and regularly forward to the Board of Trustees a log and summary of all such correspondence and copies of all correspondence that, in the opinion of the Secretary, deals with the functions of the Board of Trustees or Committees thereof or that he otherwise determines requires their attention. Trustees may at any time review a log of all correspondence received by the Trust that is addressed to members of the Board of Trustees and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Trust's accounting department and handled in accordance with procedures established by the Audit Committee for such matters.

BOARD COMMITTEES

All incumbent Trustees attended at least 75% of the aggregate number of meetings held by the Board of Trustees and all committees on which the Trustee served.

Audit Committee

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the Trust's independent auditors, including reviewing the scope and results of audit and non-audit services. The Audit Committee also reviews internal accounting controls and assesses the independence of the Trust's auditors. In addition, the Audit Committee has established procedures for the receipt, retention and treatment of any complaints received by the Trust regarding

accounting, internal controls or auditing matters and the confidential, anonymous submission by the Trust's employees of any concerns regarding accounting or auditing matters. The Audit Committee has the authority to engage independent counsel and other advisors as it deems necessary to carry out its duties. The Audit Committee met four times during fiscal year 2005.

All members of the Audit Committee are independent, as such term is defined by Securities and Exchange Commission (SEC) rules and American Stock Exchange (Amex) listing standards. The Board of Trustees has determined that Mr. Robson, a member of the Trust's Audit Committee, qualifies as a financial expert under applicable SEC rules. The Trust has posted its Amended and Restated Audit Committee Charter on its Internet website at www.innsuitestrust.com.

Audit Committee Report

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form DEF 14A

The Audit Committee of the Board of Trustees has reviewed and discussed the audited financial statements of the Trust for the fiscal year ended January 31, 2005 with the management of the Trust. In addition, the Audit Committee has discussed with Epstein, Weber & Conover, P.L.C. (EWC), the independent auditors of the Trust, the matters required by Codification of Statements on Auditing Standards No. 61. The Audit Committee has also received the written disclosures and the letter from EWC required by Independence Standards Board Standard No. 1 and has discussed with EWC its independence from the Trust, including the compatibility of non-audit services with EWC 's independence. The Audit Committee has also pre-approved the fees to be charged to the Trust by its independent auditors for audit and non-audit services.

Based on the foregoing, the Audit Committee recommended that such audited financial statements be included in the Trust 's Annual Report for the fiscal year ended January 31, 2005. The Trust 's Annual Report on Form 10-K was filed with the SEC on May 16, 2005.

By the Audit Committee of the Board of Trustees:

Steven S. Robson, Chairman

Mason Anderson

Peter A. Thoma

Compensation Committee

The Compensation Committee has the responsibility of determining the compensation of the Chief Executive Officer and all other officers of the Trust, advising the Board of Trustees on the adoption and administration of employee benefit and compensation plans and administering the Trust 's 1997 Stock Incentive and Option Plan. The Compensation Committee met once during fiscal year 2005.

All members of the Compensation Committee are independent, as such term is defined by SEC rules and Amex listing standards. The Trust has posted its Compensation Committee Charter on its Internet website at www.innsuitestrust.com.

Compensation Committee Report

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form DEF 14A

Under the supervision of the Compensation Committee of the Board of Trustees, the Trust has developed and implemented compensation policies, plans and programs that seek to enhance the Trust's ability to recruit and retain qualified management and other personnel. In developing and implementing compensation policies and procedures, the Compensation Committee seeks to provide rewards for the long-term value of an individual's contribution to the Trust. The Compensation Committee seeks to develop policies and procedures that offer both recurring and non-recurring, and both financial and non-financial, incentives.

James F. Wirth, Chairman, President and Chief Executive Officer of the Trust, has an Employment Agreement with the Trust expiring in December 2007. Pursuant to the terms of the Employment Agreement, upon the termination of the Advisory Agreement with Mid-America ReaFund Advisors, Inc. (MARA), a company owned by Mr. Wirth and his spouse, which termination occurred effective January 1, 1999, Mr. Wirth is to receive, each year through 2007, up to the amount MARA would have received for advisory and management services under the Advisory Agreement, but Mr. Wirth has agreed that his compensation will not exceed \$160,000 per year. Based upon a review of the performance of the Trust and upon the recommendation of the Compensation Committee, during fiscal year 2005, Mr. Wirth was paid an annual salary equal to \$130,000, which is less than he is entitled to receive under the terms of his Employment Agreement. Mr. Wirth's annual salary for fiscal year 2006 has been set at \$141,000. The Compensation Committee does not rely on any particular set of financial or non-financial factors, measures or criteria when determining the compensation offered to Mr. Wirth.

During fiscal year 2005, the Compensation Committee did not award any stock options to employees or executive officers of the Trust.

By the Compensation Committee of the Board of Trustees:

Steven S. Robson, Chairman

Mason Anderson

Peter A. Thoma

Governance and Nominating Committee

The Governance and Nominating Committee has the responsibility of screening and nominating candidates for election as Trustees and recommending committee members for appointment by the Board of Trustees. See "Trustee Nominations and Qualifications" above for more information on how shareholders can nominate Trustee candidates, as well as information regarding how Trustee candidates are identified and evaluated. The Governance and Nominating Committee also advises the Board of Trustees with respect to governance issues and trusteeship practices, including determining whether Trustee candidates and current Trustees meet the criteria for independence required by Amex and the SEC. The Governance and Nominating Committee met once during fiscal year 2005.

All members of the Governance and Nominating Committee are independent, as such term is defined by SEC rules and Amex listing standards. The Trust has posted its Governance and Nominating Committee Charter on its Internet website at www.innsuitestrust.com.

Executive Committee

The Executive Committee has the responsibility of exercising all of the powers of the Board of Trustees in the management of the business and affairs of the Trust, other than filling vacancies on the Board of Trustees or on any committee of the Board of Trustees, during intervals between meetings of the Board of Trustees. The Executive Committee met twice during fiscal year 2005.

REVERSE STOCK SPLIT

(Proposal 2 on the Proxy Card)

Purposes of the Proposal

The purpose of the Reverse Stock Split is to increase the market price of the Shares. The Board of Trustees intends to effect the Reverse Stock Split if it believes that a decrease in the number of Shares outstanding is likely to improve the trading price of the Shares. If the Reverse Stock Split proposal is authorized by the shareholders of the Trust, the Board of Trustees will have the discretion to implement the Reverse Stock Split once during the period ending on December 31, 2008, up to a maximum ratio of 1-for-4, or effect no Reverse Stock Split at all. The Board of Trustees has submitted a maximum ratio in order to give it latitude to achieve its intended objective. There can be no assurance, however, that the market price of the Shares will rise in proportion to the reduction in the number of outstanding Shares resulting from the Reverse Stock Split.

The Board of Trustees believes that shareholder approval of a maximum ratio (as opposed to approval of a specified ratio) in which the Reverse Stock Split may be effected provides the Board of Trustees with maximum flexibility to achieve the purposes of the Reverse Stock Split. If the shareholders approve this Reverse Stock Split Proposal, the Reverse Stock Split will be effected, if at all, only upon a determination by the Board of Trustees that the Reverse Stock Split (in a ratio determined by the Board of Trustees within the limits set forth herein) is in the best interests of the Trust and its shareholders at that time.

In connection with any determination to effect a Reverse Stock Split, the Board of Trustees will also select the Reverse Stock Split ratio that, in its discretion, results in the greatest marketability of the Shares based on prevailing market conditions. No further action on the part of the shareholders will be required to either effect or abandon the Reverse Stock Split. If no Reverse Stock Split is effected by December 31, 2008, the Board of Trustees' authority to effect the Reverse Stock Split will terminate.

Effects of the Proposal

Potential Effects of the Reverse Stock Split

There can be no assurance that the total market capitalization of our Shares after the Reverse Stock Split will be equal to or greater than the total market capitalization before the Reverse Stock Split. Further, there can be no assurance that the market price per Share after the Reverse Stock Split will rise or remain constant in proportion to the reduction in the number of Shares outstanding before the Reverse Stock Split.

Accordingly, although the Reverse Stock split will not (by itself) impact the Trust's assets or prospects and the market price of our Shares will be based on our performance and other factors, the total market capitalization of the Shares after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split, and, in the future, the market price of our Shares following the Reverse Stock Split may fall below the market price prior to the Reverse Stock Split. In many cases, the total market capitalization of a company following a reverse stock split is lower than the total market capitalization before the reverse stock split.

A decline in the market price for our Shares after the Reverse Stock Split may result in a greater percentage decline than would occur in the absence of the Reverse Stock Split, and the liquidity of our Shares could be adversely affected by the reduced number of Shares outstanding following the Reverse Stock Split.

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form DEF 14A

Effect on Authorized and Outstanding Shares

The Declaration of the Trust currently authorizes the Trust to issue an unlimited number of Shares. Therefore, the total number of authorized Shares will not change as a result of the Reverse Stock Split.

As of July 14, 2005, there were 9,130,289 Shares issued and outstanding. This number excludes 7,377,970 Shares held by the Trust as treasury shares that are considered issued but not outstanding.

Pursuant to the Reverse Stock Split, assuming the maximum ratio of 1-for-4 is employed, each four Shares outstanding or held as treasury shares immediately prior to the effectiveness of the Reverse Stock Split will become one Share after the Reverse Stock Split. The actual number of Shares will depend on the Reverse Stock Split ratio selected by the Board of Trustees.

Although the number of authorized shares of common stock will not change as a result of the Reverse Stock Split, the number of Shares outstanding and held as treasury shares will be reduced to a number that will be approximately equal to (i) the number of Shares outstanding and held as treasury shares immediately prior to the effectiveness of the Reverse Stock Split, divided by (ii) the Reverse Stock Split ratio that is employed.

With the exception of the number of Shares outstanding or held as treasury shares, the rights and preferences of the Shares prior and subsequent to the Reverse Stock Split will remain the same. Following the effective date of the Reverse Stock Split, it is not anticipated that our financial condition, the percentage ownership of management, the number of shareholders, or any aspect of our business would materially change as a result of the Reverse Stock Split.

The Reverse Stock Split will be implemented simultaneously for all Shares (outstanding or held as treasury shares) and the ratio will be the same for all Shares. The Reverse Stock Split will affect all shareholders uniformly and will not affect any shareholder's percentage ownership interests in the Trust, except to the extent that the Reverse Stock Split results in any shareholder owning a fractional share. See *Fractional Shares* below. Shares issued pursuant to the Reverse Stock Split will remain fully paid and non-assessable.

We are subject to periodic reporting and other requirements of the Securities Exchange Act of 1934, as amended. The proposed Reverse Stock Split will not affect the registration of the Shares under the securities laws.

The table below depicts the effects of the Reverse Stock Split, at assumed exchange ratios, upon the number of Shares outstanding and held as treasury shares:

Shares Outstanding	Treasury Shares
-------------------------------	----------------------------

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form DEF 14A

As of July 14, 2005	9,130,289	7,377,970
1-for-2 Split	4,565,145	3,688,985
1-for-3 Split	3,043,430	2,459,324
1-for-4 Split	2,282,573	1,844,493

Outstanding Convertible Securities

On the effective date of the Reverse Stock Split, if approved by the Board of Trustees, all outstanding future or contingent rights to acquire Shares, such as stock options or limited partnership units in RRF Limited Partnership (the Trust's operating partnership), will be adjusted to reflect the Reverse Stock Split. As of July 19, 2005, the Trust had no options, 762,599 Class A limited partnership units and 3,467,938 Class B limited partnership units outstanding. The number of Shares to be received pursuant to, and other terms of, outstanding future or contingent rights will be adjusted proportionately to reflect the Reverse Stock Split.

Accounting Matters

On the effective date of the Reverse Stock Split, the net income or loss per Share and net book value of our Shares will be increased because there will be fewer Shares outstanding.

Potential Odd Lots

If approved, the Reverse Stock Split will result in some shareholders holding less than 100 Shares, and, as a consequence, such shareholders may incur greater costs associated with selling such Shares. Brokerage commissions and other costs of transactions in odd lots may be higher, particularly on a per Share basis, than the cost of transactions in even multiples of 100 Shares.

Potential Anti-Takeover Effect

The Reverse Stock Split proposal is not being proposed in response to any effort of which the Trust is aware to accumulate Shares or obtain control of the Trust, nor is it part of a plan by management to recommend a series of similar amendments to the Board of Trustees and shareholders.

Manner of Effecting the Reverse Stock Split and Exchange of Stock Certificates

In the event of approval of the Reverse Stock Split by the shareholders, the Reverse Stock Split will be implemented by filing a certificate of amendment to our Declaration of Trust.

As soon as practicable after the effective date of the Reverse Stock Split, the Trust, or its transfer agent, will send a letter of transmittal to each holder of record of our outstanding Shares on the effective date of the Reverse Stock Split. The letter of transmittal will contain instructions for the surrender of certificates representing the Shares. Upon proper completion and execution of the letter of transmittal and return thereof, together with certificates representing the holder's Shares, the holder of record will be entitled to receive a certificate representing the number of

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form DEF 14A

new Shares into which such holder's existing Shares have been reclassified as a result of the Reverse Stock Split. SHAREHOLDERS SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL REQUESTED TO DO SO.

No new certificate will be issued to a holder of record until such holder has surrendered all outstanding certificates together with the properly completed and executed letter of transmittal. Until so surrendered, each outstanding certificate representing existing Shares will be deemed for all corporate purposes after the effective date to evidence ownership of new Shares in the appropriately reduced number. No fees or other commissions will be charged to shareholders to effect the exchange of existing Shares for new Shares.

Fractional Shares

As a result of the Reverse Stock Split, the reclassification of a shareholder's existing Shares into new Shares as described above may result in the creation of fractional Shares. The Board of Trustees will either:

1. Provide for the payment of cash in lieu of fractional shares as follows:

In that event, no certificates will be issued for fractional Shares that result from the Reverse Stock Split. Shareholders who would be entitled to receive fractional Shares after the Reverse Stock Split will be entitled to a cash payment in lieu of the fractional Shares. In order to receive the cash payment, shareholders must surrender any certificates representing fractional Shares to the Trust, or our transfer agent, which will then issue a new certificate representing the whole number of Shares to which the holder is entitled as a result of the Reverse Stock Split plus a cash payment in place of the fractional Shares at a price equal to the fraction to which the shareholder would otherwise be entitled multiplied by the average of the closing prices of the Shares for the last ten (10) trading days prior to the effective date of the Reverse Stock Split (or if such price is not available, the average of the last bid and ask prices of the Shares on such days or other price determined by the Board of Trustees). The ownership of a fractional interest will not give the holder any voting, dividend or other rights except to receive payment as described; or

2. Provide for any fractional Share which results from the Reverse Stock Split to be rounded up to the next whole Share.

Amendment to Declaration of Trust

If the shareholders and the Board of Trustees approve the Reverse Stock Split, we intend to file a certificate of amendment to our Declaration of Trust to implement the Reverse Stock Split. In order to implement the Reverse Stock Split, we will amend the Declaration of Trust to include the following language as modified to reflect the Reverse Stock Split ratio (up to a maximum ratio of 1-for-4) selected by the Board of Trustees:

Each [NUMBER TO BE DETERMINED BASED ON RATIO] Shares issued as of the date and time immediately preceding [INSERT DATE UPON WHICH CERTIFICATE OF AMENDMENT IS FILED], the effective date of a reverse stock split (the Split Effective Date), shall be automatically changed and reclassified, as of the Split Effective Date and without further action, into one (1) fully paid and nonassessable Share; provided, however, that there shall be no fractional interest resulting from such change and reclassification. In the case of any holder of fewer than [NUMBER TO BE DETERMINED BASED ON RATIO] Shares or any number of Shares which, when divided by [NUMBER TO BE DETERMINED BASED ON RATIO], does not result in a whole number (a Fractional Share Holder), the fractional Share interest held by such Fractional Share Holder as a result of such change and reclassification shall be [redeemed for a cash payment by the Trust in lieu of issuance OR rounded up to the next whole Share]. Each holder of record of a certificate or certificates which immediately prior to the Split Effective Date represents outstanding Shares (the Old Certificates, whether one or more) shall be entitled to receive upon surrender of such Old Certificates to the Trust's transfer agent for cancellation, a certificate or certificates (the New Certificates, whether one or more) representing the number of whole Shares into and for which the Shares formerly represented by such Old Certificates so surrendered are exchangeable [plus a cash payment in place of the fractional Shares at a price equal to the fraction to which the holder would otherwise be entitled multiplied by the average of the closing prices of the Shares for the last ten (10) trading days

immediately prior to the Split Effective Date (or if such price is not available, the average of the last bid and ask prices of the Shares on such days or other price determined by the Board of Trustees) OR rounded up to the next whole Share]. From and after the Split Effective Date, Old Certificates shall represent only the right to receive New Certificates pursuant to the provisions hereof.

Certain Federal Income Tax Consequences

We believe that the federal income tax consequences of the Reverse Stock Split to holders of existing Shares will be as follows:

- (a) No gain or loss will be recognized by a shareholder on the surrender of their existing Shares or upon receipt of a certificate representing the new number of Shares (except to the extent of any cash received in lieu of a fractional Share).
- (b) If cash is paid by the Trust for fractional Shares, gain or loss equal to the difference, if any, between the amount of cash received for fractional Shares and the shareholder's basis in the fractional Shares will be recognized by the shareholder.
- (c) Generally, the aggregate tax basis of the Shares after the Reverse Stock Split will equal the aggregate tax basis of the Shares exchanged therefor.
- (d) The holding period of the Shares after the Reverse Stock Split will include the holding period of the holder's existing Shares if such existing Shares were held as capital assets on the date of the exchange.
- (e) The conversion of the existing Shares into the new Shares after the Reverse Stock Split will produce no gain or loss to the Trust.

Our belief as outlined above is not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above. This summary does not purport to be complete and does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, non-resident foreign individuals, broker-dealers and tax-exempt entities. The state and local tax consequences of the Reverse Stock Split may vary significantly as to each shareholder, depending upon the state in which the shareholder resides. The foregoing summary is included for general information only. Accordingly, shareholders are urged to consult their own tax advisors with respect to the federal, state and local tax consequences of the Reverse Stock Split.

Vote Required

Approval of the Reverse Stock Split will require the affirmative vote of a majority of the issued and outstanding Shares entitled to vote present in person or by proxy at the Annual Meeting.

No Appraisal Rights

No appraisal rights are available under Ohio law or under the Declaration of Trust to any shareholder who dissents from this Reverse Stock Split Proposal.

The Board of Trustees is not making a recommendation with respect to Proposal 2. The Board of Trustees would have the authority to implement a reverse stock split at a ratio, to be established by the Board of Trustees in its sole discretion, not to exceed 1-for-4, which specific ratio shall be included in an amendment to the Declaration of Trust to implement such reverse stock split.

TRUST PERFORMANCE GRAPH

The following graph compares total shareholder returns from the Trust over the last five fiscal years to the Standard & Poor's 500 Stock Index (S&P 500), the National Association of Real Estate Investment Trusts, Inc.'s Equity REIT Index (NAREIT) and the S&P Hotels, Resorts & Cruise Lines Index (S&P Hotels). Total return values for the S&P 500, NAREIT, S&P Hotels and the Trust were calculated based upon market weighting at the beginning of the period and include reinvestment of dividends. The shareholder returns shown on the following graph are not necessarily indicative of future performance.

The Trust has determined to replace NAREIT with S&P Hotels due to its relinquishment of its status as a real estate investment trust and its belief that its operations are more directly comparable to the operations of other hospitality companies.

The following graph shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent the Trust specifically incorporates this information by reference, and otherwise shall not be deemed filed under such Acts.

Continued Listing with the American Stock Exchange

On June 13, 2003, the Trust received notice from Amex indicating that the Trust failed to meet certain of Amex's continued listing standards as set forth under Section 1003(a) of the Amex Company Guide. The Trust became non-compliant with Amex's continued listing standards due to losses incurred by the Trust in its most recent fiscal years. These losses were exacerbated by the terrorist attacks on September 11, 2001, the war in Iraq during the spring of 2003, as well as the general slowdown in the economy and travel.

In response to this notice, the Trust was given the opportunity to submit a plan to Amex to regain compliance with the continued listing standards. On August 26, 2003, Amex notified the Trust that it had accepted the Trust's plan and granted the Trust the opportunity to regain compliance with Amex's continued listing standards.

On December 10, 2004, the shareholders of the Trust approved several proposals relating to the Trust's plan to return to compliance with Amex's continued listing standards. On January 4, 2005, the Board of Trustees approved the implementation of the proposals. The proposals were consummated on January 31, 2005, and resulted in:

The Trust issuing 6,577,732 Shares to the Partnership to satisfy advances and interest payable to the Partnership totaling approximately \$8.6 million. The Partnership concurrently distributed the Shares to its unit holders. Of the 6,577,732 Shares distributed by the Partnership, 3,761,071 were returned to the Trust and became treasury shares. The remaining 2,816,661 Shares remained outstanding.

The Trust issuing 4,969,712 Shares, with a fair value of approximately \$6.5 million, to the Partnership to acquire its ownership interest in Yuma Hospitality Properties, Ltd., which owns and operates the Yuma, Arizona hotel property. The Partnership concurrently distributed the Shares to its unit holders. Of the 4,969,712 Shares distributed by the Partnership, 2,841,624 were returned to the Trust and became treasury shares. The remaining 2,128,088 Shares remained outstanding. The fair value was determined using the carrying values of assets and liabilities,

except for fixed assets, which were valued using appraised value. The portion of the excess of fair value over book value that relates to the minority interest in the Partnership totals \$1.2 million, and was recorded as an increase in the basis of those fixed assets.

The Trust issuing 457,645 Shares in the Trust to satisfy \$594,938 of notes and interest payable to affiliates of Mr. Wirth. All of those Shares remained outstanding.

The Trust issuing 1,000,000 Shares in the Trust to Mr. Wirth and his affiliates upon conversion of 1,000,000 Class B limited partnership units in the Partnership, which increased the Trust's ownership interest in the Partnership by 7.6%. All of those Shares remained outstanding.

In total, the Trust issued 13,005,089 Shares in the Trust, of which 6,602,695 returned to the Trust as treasury shares and 6,402,394 remained outstanding. Mr. Wirth and his affiliates, through these transactions, received 5,182,186 Shares.

All of these transactions were approved by the shareholders and the independent Trustees of the Trust.

All related party transactions are subject to appropriate review and oversight by the Audit Committee of the Board of Trustees.

Based on Trust records and information, and upon representations from the reporting persons, the Trust believes that all Commission filing requirements applicable to Trustees, executive officers and beneficial owners of more than 10% of a registered class of equity securities of the Trust under Section 16(a) of the Securities Exchange Act of 1934, as amended, for the fiscal year ended January 31, 2005, were complied with.

Selection of Independent Auditors

The consolidated financial statements of the Trust as of and for the fiscal year ended January 31, 2005 were audited by Epstein, Weber & Conover, P.L.C., independent public accountants. The consolidated financial statements of the Trust as of and for the two fiscal years ended January 31, 2004 and 2003 were audited by McGladrey & Pullen, LLP, independent public accountants.

Representatives of Epstein, Weber & Conover, P.L.C. are expected to be present at the 2005 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Change in Independent Auditors

On January 20, 2005, the Trust received written notice, dated January 17, 2005, from McGladrey & Pullen, LLP (McGladrey) that McGladrey had resigned as the Trust's principal independent accountant to audit the Trust's financial statements. Anthony Waters, the Trust's Chief Financial Officer, spoke with representatives of McGladrey on January 17, 2005 regarding the Trust's relationship with McGladrey, however, Mr. Waters did not believe that McGladrey had resigned on that date.

The reports of McGladrey on the Trust's financial statements for the fiscal years ended January 31, 2004 and 2003 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with the audits of the Trust's financial statements for the fiscal years ended January 31, 2004 and 2003, and in the subsequent interim periods through January 20, 2005, there were no disagreements with McGladrey on any matter of accounting principles or practices, financial statement disclosure or auditing scope and procedure which, if not resolved to the satisfaction of McGladrey, would have caused McGladrey to make reference to the matter in its report.

In connection with the audits of the Trust's financial statements for the fiscal years ended January 31, 2004 and 2003, and in the subsequent interim periods through January 20, 2005, there were no reportable events as that term is described in Item 304(a)(1)(v) of Regulation S-K, except that, on January 7, 2005, McGladrey provided a letter to the Audit Committee and management of the Trust noting two reportable conditions under standards established by the American Institute of Certified Public Accountants that McGladrey believed to be material weaknesses. McGladrey has advised the Trust that it believes that these two reportable conditions constitute reportable events.

The first reportable condition involves the lack of sufficient segregation of duties and responsibilities with respect to the recording and approval of financial information that occurred due to the departure of the Trust's Controller. Effective January 31, 2005, the Trust rehired its former Controller who will oversee the recording of financial information while the Trust's Chief Financial Officer will continue in his prior role of approving financial information. The second reportable condition involves the need for numerous adjusting journal entries and significant financial statement presentation changes, which resulted in McGladrey concluding that the Trust's monthly internal financial statements may not be reliable. The Trust has hired additional accounting staff and is considering additional measures that will better ensure the reliability of the Trust's internal financial statements.

On December 10, 2004, the Audit Committee discussed the conditions described above with McGladrey, but did not receive the letter identifying those conditions as reportable conditions and material weaknesses until January 7, 2005. Management of the Trust subsequently discussed the letter received on January 7, 2005 with McGladrey. The Trust has authorized McGladrey to respond fully to the inquiries of any successor accountant concerning the subject matter of the reportable conditions described above.

On April 4, 2005, the Trust engaged Epstein, Weber & Conover, P.L.C. (EWC) to act as the Trust's principal independent accountant to audit the Trust's financial statements. The decision to engage the new accountants was recommended and approved by the Audit Committee of the Board of Trustees of the Trust.

During the fiscal years ended January 31, 2005 and 2004, and during all subsequent interim periods through April 4, 2005, the Trust did not consult with EWC regarding the application of accounting principles to a specified transaction, either completed or proposed, the type of audit opinion that might be rendered on the Trust's financial statements or any of the matters described in the preceding paragraphs.

On March 25, 2004, the Trust sold its Tempe, Arizona property to Tempe/Phoenix Airport Resort LLC, an affiliate of
