REPORT OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

To the Plan Administrator of the

Atlantic Southeast Airlines, Inc. Investment Savings Plan

We have audited the accompanying statements of assets available for benefits of the Atlantic Southeast Airlines, Inc. Investment Savings Plan (the Plan) as of December 31, 2012 and 2011 and the related statement of changes in assets available for benefits for the year ended December 31, 2012. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan has determined that it is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Atlantic Southeast Airlines, Inc. Investment Savings Plan as of December 31, 2012 and 2011, and the changes in assets available for benefits for the year ended December 31, 2012, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2012 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the U.S. Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Atlantic Southeast Airlines, Inc. Investment Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Atlantic Southeast Airlines, Inc. Investment Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Atlantic Southeast Airlines, Inc. (the Company, Plan Sponsor or the Employer). Employees become eligible to enroll on the enrollment date following the date of completion of 90 days of continuous employment. The enrollment dates for the Plan are January 1, April 1, July 1, and October 1 of each year.

The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of investment earnings, and is charged with withdrawals and an allocation of investment losses and expenses. The allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Options for Investments

Participants direct the investment of their contributions and the Company matching contributions into various investments offered by the Plan. Investment options include mutual funds, a common/collective trust fund, and SkyWest, Inc. common stock. Participants may change their election or transfer monies between funds at any time.

Edgar Filing: SKYWEST INC - Form 11-K

Participants with common stock of SkyWest, Inc. in their accounts may direct the sale of the stock and the investment of the resulting monies into other investments offered by the Plan.

Contributions

Each year, participants are able to contribute up to 50% of pretax annual compensation, as defined by the Plan. Contributions are limited by the IRC, which established a maximum contribution of \$17,000 (\$22,500 for participants age 50 and older) for the year ended December 31, 2012. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary matching contribution of up to 8% of a participant's eligible compensation, as defined by the Plan. Allocation of this matching contribution is further subject to a factor based on years of service for participants and ranges from 20% to 75%, regardless of the date of participation.

Employer matching contributions are awarded to employees who work at least 1,000 hours each year and have at least one year of service. Once the length of service provision is met, the employee is eligible for matching contributions for the following Plan year, which begins on January 1.

Vesting

All participant contributions and earnings thereon are 100% vested. Company contributions to participant accounts vest on a graded basis at 10% per year for two years of service, increasing to 20% per year thereafter until full vesting after six years of service.

Table of Contents

Payment of Benefits

Upon termination, participants, or their beneficiaries, may elect lump-sum distributions or periodic distributions over either a 5 or 10-year period. The full value of benefits are payable upon normal or postponed retirement, total or permanent disability or to beneficiaries upon death of the participant.

Plan Termination

Under the provisions of the Plan, the Company reserves the right to amend or terminate the Plan at any time in accordance with the provisions of ERISA, provided that amendments will not divert a vested interest or permit any part of the fund to revert to the Company or to be used for any purpose other than for the exclusive benefit of participants or their beneficiaries. If the Plan is terminated, each participant's account will become fully vested.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their deferred account balances. Loan terms range from one to five years. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to reduce future matching contributions of the Company. During the year ended December 31, 2012, the forfeiture account received additional forfeitures of approximately \$47,000 earned approximately \$2,000, and approximately \$123,000 of forfeitures were used to reduce Company contributions. The forfeitures account had a balance of approximately \$156,000 and \$230,000 as of December 31, 2012 and 2011, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit and overall market fluctuation. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Contracts

Fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan invests in investment contracts through a collective trust in the Stable Asset Fund operated and maintained by JPMorgan Chase Bank, N.A. The statements of assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment to the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statement of changes in assets available for benefits is prepared on a contract value basis.

Valuation of Investments and Income Recognition

The Stable Asset Fund reported fair value is determined as the sum of (a) the fair value of the investments in guaranteed insurance contracts and security-backed investment contracts that are wrapped by an insurance company, bank or other financial institution (collectively, the Investment Contracts), as determined by the funds' trustees and (b) the fair values of the funds' investments in externally managed collective investment funds as determined by those funds' trustees. The Stable Asset Fund's contract value

Table of Contents

represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; and (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA).

The Plan Administrators do not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Investment earnings are automatically reinvested into the fund from which they were derived.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the Plan Administrators deem the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan pays substantially all administrative expenses of the Plan, other than legal and accounting fees, which are paid by the Plan Sponsor.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets available for benefits at the date of the financial statements, the changes in assets available for benefits during the reporting period, and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

3. Investments

During the year ended December 31, 2012, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

Large Cap Mutual Funds	\$	5,292,049
Balanced Mutual Funds		2,902,172
International Mutual Funds		2,685,317
Common/Collective Trust		2,287,407
Small Cap Mutual Funds		1,538,391
Mid Cap Mutual Funds		606,516
Participant-directed brokerage accounts		422,014
SkyWest, Inc. common stock		286,216
Fixed Income Mutual Funds		183,813
	\$	16,203,895

The carrying values of individual investments that represent 5 percent or more of the Plan's assets available for benefits are as follows:

Table of Contents

	December 31,	
	2012	2011
JP Morgan Large Cap Growth-R6	\$ 29,972,126	\$ 26,681,907
JP Morgan Stable Asset Income Fund-F	21,941,893	20,353,946
JP Morgan Equity Index-CF	15,813,455	12,196,785
American Century Investments Equity Income Fund - Inst	15,771,500	14,711,369
Buffalo Small Cap	13,247,807	11,168,542
PIMCO Total Return - Admin	10,973,940	*
JP Morgan Smart Retirement Fund 2040-Inst	10,719,995	*

* Amount was not 5 percent or more of the Plan's assets for the respective year.

4. Fair Value Measurements

U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs when measuring fair value. The standard describes three levels of inputs:

Level 1 Valuation is based upon quoted prices in active markets for identical securities.

Level 2 Valuation is based upon other significant observable inputs that reflect the assumptions market participants would use in pricing the asset developed on market data obtained from sources independent of the Plan.

Level 3 Valuation is based upon unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available.

The JP Morgan Stable Asset Income Fund (the Stable Asset Fund) and the JP Morgan Equity Index-CF Fund (the Equity Index Fund) are valued at the net asset value (NAV) of units of the respective funds. The NAV, as provided by the respective fund trustees, are used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Stable Asset Fund is designed to provide safety of principal with consistency of returns with minimal volatility by employing a strategy of investing in investment contracts and security-backed contracts while employing broad diversification among contract issuers and underlying securities. The Plan Sponsor is able to redeem the investment in the Stable Return Fund by providing a 12-month notice. Although the notice requirement is 12 months, JP Morgan Chase Bank, N.A. has indicated it has the ability to redeem the investment sooner. There are no other significant restrictions on the ability to redeem the investment.

The Equity Index Fund is designed to seek investment results that correspond to the aggregate price and dividend performance of securities in the Standard & Poor's 500 Composite Stock Price Index by investing mainly in stocks included in the S&P 500 Index, but may also invest in stock index futures and other equity derivatives. The Equity Index Fund attempts to track the performance of the S&P 500 Index to achieve a correlation of .95 between the performance of the Equity Index Fund and that of the S&P 500 Index without taking into account the Equity Index Fund's expenses. There is currently no redemption restriction on this investment.

As of December 31, 2012 and 2011, the Plan held certain assets that are required to be measured at fair value on a recurring basis. Assets measured at fair value on a recurring basis are summarized below (in thousands):

Table of Contents

Fair Value Measurements as of December 31, 2012
(in 000 s)

	Total	Level 1	Level 2	Level 3
Mutual Funds:				
Large Cap Funds	\$ 55,669	\$ 55,669	\$	\$

Total	\$ 160,365	\$ 127,815	\$ 32,550	\$

5. Transactions with Parties-in-Interest

Atlantic Southeast Airlines, Inc. is a wholly-owned subsidiary of SkyWest, Inc. SkyWest, Inc. common stock is offered as an investment option in the Plan. Transactions associated with the shares of common stock of SkyWest, Inc. are considered exempt party-in-interest transactions. The Plan purchased 125,127 shares of SkyWest, Inc. common stock and sold 86,276 shares of SkyWest, Inc. common stock during the year ended December 31, 2012. The Plan held 145,581 and 106,730 shares of SkyWest, Inc. common stock with a fair value of \$1,813,941 and \$1,343,727 as of December 31, 2012 and 2011, respectively.

Plan investments include mutual funds and a common/collective trust fund managed by JP Morgan Chase Bank, N.A., who is also the Plan trustee, and therefore a party-in-interest. While transactions involving Plan assets with a party-in-interest may be prohibited, these transactions are exempt under ERISA Section 408(b)(8).

Notes receivable from participants totaling \$4,990,368 and \$4,268,070 as of December 31, 2012 and 2011, respectively, are also considered exempt party-in-interest transactions.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated October 31, 2011, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan Administrators believe the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan, as amended, is qualified and the related trust is tax exempt.

Table of Contents**7. Plan Amendments**

During 2012, the Plan was amended to explicitly exclude taxable per diem from the Plan's definition of Annual Compensation and to clarify the Normal Retirement Age definition for flight crew as 65. The Plan was also amended to clarify the treatment of employees transferring employment between controlled group employers.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of assets available for benefits per the financial statements as of December 31, 2012 and 2011 to the Form 5500:

	2012	December 31,	2011
Assets available for benefits as presented in the financial statements	\$ 195,734,039	\$	165,061,491
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	392,698		50,474
Assets available for benefits as presented in Form 5500	\$ 196,126,737	\$	165,111,965

The following difference between the financial statements and the Form 5500 is due to the adjustment from fair value to contract value of the JP Morgan Stable Asset Fund, which holds fully benefit-responsive investment contracts, for the year ended December 31, 2012:

Net increase in assets available for benefits as presented in the financial statements	\$ 30,672,548
Net adjustment from contract value to fair value for fully benefit-responsive investment contracts	342,224
Net increase in assets available for benefits as presented in Form 5500	\$ 31,014,772
