Introduction

On July 31, 2013, CardioNet, Inc., a Delaware corporation ("CardioNet") reorganized into a holding company structure pursuant to that certain Agreement and Plan of Reorganization, dated as of April 22, 2013 (the "Reorganization Agreement"), that had previously been entered into by and among CardioNet, BioTelemetry Merger Sub, Inc., a Delaware corporation ("Merger Sub"), and BioTelemetry, Inc., a Delaware corporation ("BioTelemetry"). Pursuant to the Reorganization Agreement, Merger Sub, which was a wholly owned subsidiary of BioTelemetry, merged with and into CardioNet, with CardioNet as the surviving corporation (collectively, with the other transactions contemplated by the Reorganization Agreement, the "Reorganization"). The Reorganization resulted in CardioNet becoming a wholly owned subsidiary of BioTelemetry, and each share of common stock of CardioNet that was issued and outstanding at the effective time of the merger was automatically converted into one duly issued, fully paid and non-assessable share of common stock of BioTelemetry. BioTelemetry thereby replaced CardioNet as the publicly held company.

The issuance of the BioTelemetry common stock pursuant to the Reorganization was registered under the Securities Act of 1933, as amended, pursuant to BioTelemetry's Registration Statement on Form S-4 (File No. 333-188058), as amended (the "Registration Statement"), declared effective by the Securities and Exchange Commission on June 7, 2013. The proxy statement/prospectus, which forms a part of the Registration Statement (the "Proxy Statement/Prospectus"), contains additional information about the Reorganization.

The foregoing description of the Reorganization is not complete and is qualified in its entirety by reference to the Reorganization Agreement, which is attached hereto as Exhibit 2.1 and is incorporated herein by reference.

Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

In connection with the completion of the Reorganization, CardioNet notified the NASDAQ Stock Market ("NASDAQ") that each issued and outstanding share of CardioNet common stock, par value \$0.001 per share ("CardioNet Common Stock"), will be converted into one share of BioTelemetry common stock, par value \$0.001 per share ("BioTelemetry Common Stock"), and CardioNet requested that NASDAQ suspend trading of the CardioNet Common Stock, and commence trading of the BioTelemetry Common Stock, as of the open of business on Thursday, August 1, 2013. As of the open of business on August 1, 2013, NASDAQ suspended trading of the CardioNet Common Stock and shares of BioTelemetry Common Stock commenced trading on the NASDAQ Global Market under the symbol "BEAT".

Item 3.03 Material Modification to Rights of Security Holders.

In connection with the completion of the Reorganization, each share of CardioNet Common Stock issued and outstanding immediately prior to the effective time of the Reorganization was converted into one duly issued, fully paid and non-assessable share of BioTelemetry Common Stock. In addition, each outstanding option to acquire, or restricted stock unit for, shares of CardioNet Common Stock was automatically converted into an option to acquire, or a restricted stock unit for, an identical number of shares of BioTelemetry Common Stock, subject to the same terms and conditions.

The information set forth under Item 8.01 of this Current Report on Form 8-K is incorporated into this Item 3.03 by reference.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

As of July 31, 2013, each of the executive officers and directors of CardioNet immediately prior to the Reorganization had been appointed to the same position(s) with BioTelemetry. Each of the directors of BioTelemetry was appointed to serve on the same committees of the Board as such director had served on for the CardioNet Board of Directors immediately prior to the Reorganization. In addition, upon the completion of the Reorganization, the directors and executive officers of Merger Sub immediately prior to the completion of the Reorganization became the directors and executive officers of CardioNet, and will hold such positions until their respective successors are duly elected or appointed and qualified.

As of the effective time of the Reorganization, the rights of CardioNet's stockholders began to be governed by the Certificate of Incorporation and Bylaws of BioTelemetry. A discussion of the BioTelemetry Common Stock and a comparison of the rights of the holders of CardioNet Common Stock with the rights of the holders of BioTelemetry Common Stock is set forth in the sections entitled "Comparative Rights of Holders of BioTelemetry Capital Stock and CardioNet Capital Stock; Provisions under the DGCL and Organizational Documents" and "Description of BioTelemetry Capital Stock" in the Proxy Statement/Prospectus.

As a result of the Reorganization, the CardioNet 2003 Equity Incentive Plan, 2008 Equity Incentive Plan, 2008 Employee Stock Purchase Plan and the 2008 Non-Employee Directors' Stock Option Plan (collectively, the "Company Plans") maintained by CardioNet were assumed by BioTelemetry. All unexercised and unexpired options to purchase CardioNet Common Stock, restricted stock units then outstanding for shares of CardioNet Common Stock and other rights to acquire CardioNet Common Stock under the Company Plans became options to purchase, restricted stock units or other rights to acquire the same number of shares of BioTelemetry Common Stock, subject to the same terms and conditions, including the per share exercise price. In addition, as a result of the Reorganization, BioTelemetry assumed the obligations of CardioNet under various compensatory arrangements with the named executive officers and other executive officers.

Item 8.01 Other Events.

As more fully described above under "Introduction," on July 31, 2013, CardioNet and BioTelemetry completed the previously announced Reorganization pursuant to the Reorganization Agreement.

As of July 31, 2013, the common stock of BioTelemetry is deemed to be registered under Section 12(b) of the Securities Exchange Act of 1934, as amended, pursuant to Rule 12g-3(a) promulgated thereunder. For purposes of Rule 12g-3(a), BioTelemetry is the successor issuer to CardioNet. As a result, effective as of August 1, 2013, future filings with the SEC will be filed by BioTelemetry under CIK #0001574774.

Item 9.01 Financial Statements and Exhibits.
