1. Nature of Operations

Isle of Capri Casinos, Inc., a Delaware corporation, was incorporated in February 1990. Except where otherwise noted, the words *we*, *us*, *our* and similar terms, as well as *Company*, refer to Isle of Capri Casinos, Inc. and all of its subsidiaries. We are a developer, owner and operator of branded gaming facilities and related lodging and entertainment facilities in markets throughout the United States. Our wholly owned subsidiaries own or operate sixteen casino gaming facilities in the United States located in Black Hawk, Colorado; Pompano Beach, Florida; Bettendorf, Davenport, Marquette and Waterloo, Iowa; Lake Charles, Louisiana; Lula, Natchez and Vicksburg, Mississippi; Boonville, Cape Girardeau, Caruthersville and Kansas City, Missouri; and Nemaquin, Pennsylvania.

2. Basis of Presentation

The accompanying condensed consolidated financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission (*SEC*) and in accordance with accounting principles generally accepted in the United States of America for interim financial reporting. Accordingly, certain information and note disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States have been condensed or omitted. In management's opinion, the accompanying interim condensed consolidated financial statements include all adjustments, consisting of normal recurring adjustments, necessary for a fair statement of the results presented. The accompanying interim condensed consolidated financial statements have been prepared without audit. The results for interim periods are not necessarily indicative of results that may be expected for any other interim period or for the full year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended April 28, 2013 as filed with the SEC and all of our other filings, including Current Reports on Form 8-K, filed with the SEC after such date and through the date of this report, which are available on the SEC's website at www.sec.gov or our website at www.islecorp.com.

Our fiscal year ends on the last Sunday in April. Periodically, this system necessitates a 53-week year. Fiscal 2014 and 2013 are both 52-week years, which commenced on April 29, 2013 and April 30, 2012, respectively.

The condensed consolidated financial statements include our accounts and those of our subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation. Certain reclassifications have been made to prior period financial statements to conform to the current period presentation. We view each property as an operating segment and all such operating segments have been aggregated into one reporting segment.

We evaluated all subsequent events through the date of the issuance of the consolidated financial statements. Other than entering into an agreement to sell the assets of our property in Davenport, Iowa, as disclosed in Note 12, no material subsequent events have occurred that

required recognition in the condensed consolidated financial statements.

3. Discontinued Operations

Discontinued operations include our former Biloxi, Mississippi casino operations which were sold in November 2012. During the three months ended October 28, 2012, we recorded a \$1,500 valuation allowance reflecting a credit against the purchase price to satisfy our obligation to repair the property after Hurricane Isaac, as required by the purchase agreement. The results of our discontinued operations are summarized as follows:

	Three Months Ended October 28, 2012	Six Months Ended October 28, 2012
Net revenues	\$ 14,043	\$ 31,611
Pretax loss from discontinued operations	(2,312)	(395)
Income tax benefit from discontinued operations		
Loss from discontinued operations	(2,312)	(395)

4. Long-Term Debt

Long-term debt consists of the following:

	October 27, 2013	April 28, 2013
Senior Secured Credit Facility, interest payable at least quarterly at either LIBOR and/or prime plus a margin	\$ 160,900	\$ 154,900

Less current maturities	433	415
Long-term debt	\$ 1,162,264	\$ 1,156,469

Senior Secured Credit Facility Our Senior Secured Credit Facility, as amended and restated (Credit Facility), matures April 19, 2018 and consists of a \$300,000 revolving line of credit. The Credit Facility is secured on a first priority basis by substantially all of our assets and is guaranteed by substantially all of our significant subsidiaries. In July 2013, we entered into an agreement amending our Credit Facility to, among other things, modify our maximum allowed leverage and minimum interest coverage ratio covenants. As a result, we capitalized new deferred financing costs of \$673 during the six months ended October 27, 2013.

Our net revolving line of credit availability at October 27, 2013, as limited by our borrowings, was approximately \$104,000, after consideration of approximately \$35,400 in outstanding letters of credit. We have an annual commitment fee related to the unused portion of the Credit Facility of up to 0.5% which is included in interest expense in the accompanying consolidated statements of operations. The weighted average effective interest rates of the Credit Facility for the six months ended October 27, 2013 was 4.26%.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

The Credit Facility includes a number of affirmative and negative covenants, as well as certain financial covenants including maintenance of a total leverage ratio, senior secured leverage ratio and minimum interest coverage ratio. The Credit Facility also restricts our ability to make certain investments or distributions. We were in compliance with the covenants as of October 27, 2013.

5.875% Senior Notes In March 2013, we issued \$350,000 of 5.875% Senior Notes due 2021 (*5.875% Senior Notes*). The net proceeds from the issuance were used to repay term loans under our Credit Facility. The 5.875% Senior Notes are general unsecured obligations and rank junior to all of our senior secured indebtedness and

senior to our senior subordinated indebtedness. The 5.875% Senior Notes are redeemable, in whole or in part, at our option at any time on or after March 15, 2016, with call premiums as defined in the indenture governing the 5.875% Senior Notes.

7.75% Senior Notes In March 2011, we issued \$300,000 of 7.75% Senior Notes due 2019 at a price of 99.264% (7.75% Senior Notes). The 7.75% Senior Notes are general unsecured obligations and rank junior to all of our senior secured indebtedness and senior to our senior subordinated indebtedness. The 7.75% Senior Notes are redeemable, in whole or in part, at our option at any time on or after March 15, 2015, with call premiums as defined in the indenture governing the 7.75% Senior Notes.

8.875% Senior Subordinated Notes In August 2012, we completed the issuance and sale of \$350,000 of 8.875% Senior Subordinated Notes due 2020 (8.875% Senior Subordinated Notes). The 8.875% Senior Subordinated Notes are general unsecured obligations and rank junior to all of our senior indebtedness. The 8.875% Senior Subordinated Notes are redeemable, in whole or in part, at our option at any time on or after June 15, 2016, with call premiums as defined in the indenture governing the 8.875% Senior Subordinated Notes.

The 5.875% Senior Notes, 7.75% Senior Notes and 8.875% Senior Subordinated Notes are guaranteed, on a joint and several basis, by substantially all of our significant subsidiaries and certain other subsidiaries as described in Note 10. All of the guarantor subsidiaries are wholly owned by us.

The indentures governing the 5.875% Senior Notes, 7.75% Senior Notes and 8.875% Senior Subordinated Notes limit, among other things, our ability and our restricted subsidiaries' ability to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates, pay dividends, or repurchase stock. The indentures also limit our ability to issue and sell capital stock of subsidiaries, sell assets in excess of specified amounts or merge with or into other companies.

5. Earnings Per Share

The following table sets forth the computation of basic and diluted income (loss) per share:

Loss from discontinued operations		(0.06)		(0.01)
Net income (loss)	\$ 0.20	\$ (0.17)	\$ 0.08	\$

Our basic earnings (loss) per share are computed by dividing net income (loss) by the weighted average number of shares outstanding for the period. Stock options representing 753,860 shares, which were anti-dilutive, were excluded from the calculation of common shares for diluted earnings per share for the three and six months ended October 27, 2013. Stock options representing 1,009,160 shares, which were anti-dilutive, were excluded from the calculation of common shares for diluted income per share for both the three and six months ended October 28, 2012. Due to the loss from continuing operations for the three months ended October 28, 2012, stock options representing 30,236 shares, which are potentially dilutive, were excluded from the calculation of common shares for the diluted loss per share for that period. As the minimum market performance conditions related to our restricted stock units have not been achieved as of October 27, 2013 or October 28, 2012, 1,714,286 and 1,585,714 units have been excluded from the calculation of diluted earnings per share for the respective periods.

6. Stock Based Compensation

Under our Amended and Restated 2009 Long Term Stock Incentive Plan we have issued restricted stock units, restricted stock and stock options.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Restricted Stock Units During fiscal 2013, we granted restricted stock units (RSUs) containing market performance conditions which will determine the ultimate amount of RSUs, if any, to be awarded up to 1,714,286 shares. Any RSUs earned will vest 50% on April 26, 2015 and 50% on April 26, 2016. The fair value of these RSUs is determined utilizing a lattice pricing model which considers a range of assumptions including volatility

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

and risk-free interest rates. The aggregate compensation cost related to these RSUs is \$4,932 to be recognized over the vesting periods. As of October 27, 2013, our unrecognized compensation cost for these RSUs is \$3,029.

Restricted Stock During the six months ended October 27, 2013, we issued 88,094 shares of restricted stock with a weighted average grant-date fair value of \$7.83 to employees and 148,360 shares of restricted stock with a weighted-average grant date fair value of \$7.62 to directors. Restricted stock awarded to employees under annual long-term incentive grants primarily vests one-third on each anniversary of the grant date and for directors vests one-half on the grant date and one-half on the first anniversary of the grant date. Our aggregate estimate of forfeitures for restricted stock for employees and directors is 10% and 0%, respectively. As of October 27, 2013, our unrecognized compensation cost for unvested restricted stock is \$1,872 with a remaining weighted average vesting period of 1.2 years.

7. Fair Value

Our interest rate swap derivative agreement matured in September 2013. The fair value of our interest swap contracts were previously recorded using Level 3 inputs at the present value of all expected future cash flows based on the LIBOR-based swap yield curve as of the date of the valuation.

The following table presents the changes in Level 3 liabilities measured at fair value on a recurring basis:

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and cash equivalents and accounts receivable are carried at cost, which approximates fair value, due to their short-term maturities.

Marketable securities include investments of \$8,477 and \$9,433, as of October 27, 2013 and April 28, 2013, respectively, based upon Level 1 inputs obtained from quoted prices available in active markets and investments of \$16,643 and \$16,087, as of October 27, 2013 and April 28, 2013, respectively, based upon Level 2 inputs obtained from quoted prices of identical assets in inactive markets or quoted prices for similar assets in active and inactive markets. There were no transfers between Level 1 and Level 2 inputs during the six months ended October 27, 2013.

Restricted cash and investments include restricted cash and investments of \$4,278 and \$3,979, as of October 27, 2013 and April 28, 2013, respectively, based upon Level 1 inputs obtained from quoted prices available in active markets and investments of \$5,504 and \$7,438, as of October 27, 2013 and April 28, 2013, respectively, based upon Level 2 inputs obtained from quoted prices of identical assets in inactive markets or quoted prices for similar assets in active and inactive markets. There were no transfers between Level 1 and Level 2 inputs during the six months ended October 27, 2013.

The fair value of our long-term debt or other long-term obligations is estimated based on the quoted market price of the underlying debt issue (Level 1) or, when a quoted market price is not available, the discounted cash flow of future payments utilizing current rates available to us for debt of similar remaining maturities (Level 3). Debt obligations with a short remaining maturity have a carrying amount that approximates fair value.

11. Commitments and Contingencies

Legal and Regulatory Proceedings Our wholly owned subsidiary, Lady Luck Gaming Corporation, and several joint venture partners have been defendants in the Greek Civil Courts and the Greek Administrative Courts in similar lawsuits brought by the country of Greece. The actions alleged that the defendants failed to make specified payments in connection with the gaming license bid process for Patras, Greece. In the Civil Court lawsuit, the Civil Court of First Instance ruled in our favor and dismissed the lawsuit in 2001. The lawsuits continued through the appeals process and in October 2013, the Supreme Administrative Court rejected both lawsuits in a final and irrevocable decision which disposed of this matter completely. As a result, during the three months ended October 27, 2013, we reversed a litigation accrual of \$14,730, of which \$7,351 was recorded as a reduction to operating expenses and \$7,379 was recorded as a reduction to interest expense.

We were named as a defendant in a complaint filed in the Circuit Court for Broward County, Florida. The complaint alleged we sent unsolicited fax advertisements in violation of the Telephone Consumer Protection Act of 1991, as amended by the Junk Fax Prevention Act of 2005 (the TCPA), and sought to certify a class action. The complaint sought statutory damages for alleged negligent and willful violations of the TCPA, attorneys' fees, costs and injunction relief. In April 2013, we entered into a settlement agreement with the plaintiff and on May 22, 2013, the Court issued an order granting preliminary approval of the settlement and finalized its approval of the settlement in October 2013. Settlement of this matter was finalized during the three months ended October 27, 2013 and payments were within the Company's reserves for this lawsuit.

We and our wholly-owned subsidiary, Riverboat Corporation of Mississippi - Vicksburg, are defendants in a lawsuit filed in the Circuit Court of Adams County, Mississippi by Silver Land, Inc., alleging breach of contract in connection with our 2006 sale of casino operations in Vicksburg, Mississippi, to a third party. In January 2011, the court ruled in favor of Silver Land and in September 2011 the court awarded damages of approximately \$2,000, which we accrued. We filed a notice of appeal in November 2011 and oral arguments were held in January 2013. In June 2013, the court of appeals reversed the trial court and ruled in our favor. Silver Land filed a motion for a rehearing in July 2013, which was denied in November 2013. Silver Land filed a Writ of Certiorari on November 19, 2013 seeking review by the Mississippi Supreme Court. We filed a response to Silver Land's Writ and await a ruling from the Mississippi Supreme Court. While the ultimate outcome of this matter is still in doubt and cannot be predicted with any degree of certainty, we intend to put forth a vigorous and appropriate defense of the favorable June 2013 ruling of the court of appeals as Silver Land continues to pursue its claim.

In October 2012, we opened our new casino in Cape Girardeau, Missouri. A subcontractor has filed a mechanics' lien against our property resulting from a dispute between the subcontractor and our general contractor for the construction project. We demanded that the general contractor cause the lien to be bonded against or satisfied, however the general contractor has refused to do so and asserted that a portion of the subcontractor's claim results from additional work directly requested by us. In October 2013, the subcontractor filed suit against our wholly-owned subsidiary IOC-Cape Girardeau, LLC, the general contractor and two other defendants alleging damages of approximately \$4,600. The outcome of this matter is still in doubt and cannot be predicted with any degree of certainty. In the event that we incur any costs in connection with this matter, we do not believe that any such costs would be material, and if incurred, the settlement of construction costs would be capitalized.

Our wholly owned subsidiary, PPI, Inc., d/b/a Isle Casino Racing Pompano Park, has been named as a defendant in two collective action Fair Labor Standards Act claims in the U.S. District Court - Southern District of Florida. The claims allege violations of tipping and tip-credit practices for certain employees. The outcome of these matters is still in doubt and cannot be predicted. In September 2013, the two actions were combined into one matter. Discovery and participation in the combined suit is still pending. We intend to continue to put forth a vigorous defense against the claims asserted in this matter.

We are subject to certain federal, state and local environmental protection, health and safety laws, regulations and ordinances that apply to businesses generally, and are subject to cleanup requirements at certain of our facilities

as a result thereof. We have not made, and do not anticipate making material expenditures, nor do we anticipate incurring delays with respect to environmental remediation or protection. However, in part because our present and future development sites have, in some cases, been used as manufacturing facilities or other facilities that generate materials that are required to be remediated under environmental laws and regulations, there can be no guarantee that additional pre-existing conditions will not be discovered and we will not experience material liabilities or delays.

We are subject to various contingencies and litigation matters and have a number of unresolved claims. Although the ultimate liability of these contingencies, this litigation and these claims cannot be determined at this time, we believe they will not have a material adverse effect on our consolidated financial position, results of operations or cash flows.

Development Projects On February 1, 2013, we signed an agreement with Tower Investments, Inc. to manage The Provence, the resort and casino on North Broad Street, Philadelphia, proposed by Tower Entertainment, LLC (the Tower JV), if the project is selected by the Pennsylvania Gaming Control Board (the PGCB). The Tower JV is one of five applicants for the final gaming license in Philadelphia. As part of our agreement with the Tower JV, we loaned \$25,000 to the Tower JV in the form of a stand-by letter of credit issued for the purpose of securing the Pennsylvania gaming license fee relating to the project. The \$25,000 letter of credit can only be drawn upon if the Tower JV is awarded the license. If the Tower JV is selected, we have the option to either 1) be repaid from the proceeds of permanent financing, or 2) convert the \$25,000 loan into a minority investment in the Tower JV. The PGCB has announced that suitability hearings before the board have been scheduled for late January 2014.

12. Subsequent Event

On December 4, 2013, we entered into a definitive asset purchase agreement with Scott County Casino, LLC, to sell substantially all of the assets and for the assumption of certain liabilities related to our Rhythm City Casino located in Davenport, Iowa, for approximately \$51,000, subject to working capital and certain other customary purchase price adjustments. The completion of the transaction is subject to applicable gaming regulatory approvals and other customary closing conditions. We expect the sale to close early in calendar 2014. Our future financial statements will present the assets related to our Rhythm City Casino as held for sale and operating results as discontinued operations. As of October 27, 2013, the carrying value of the assets included in the sale of the Rhythm City Casino consisted of approximately \$2,500 in current assets and \$11,300 in property and equipment and \$1,000 in current liabilities assumed. The Company had \$38,000 of goodwill associated with the Rhythm City Casino as of October 27, 2013.

Executive Overview

We are a leading developer, owner and operator of branded gaming facilities and related dining, lodging and entertainment facilities in regional markets in the United States. We have sought and established geographic diversity to limit the risks caused by weather, regional economic difficulties, gaming tax rates and regulations of local gaming authorities. We currently operate casinos in Colorado, Florida, Iowa, Louisiana, Mississippi, Missouri and Pennsylvania. We also operate a harness racing track at our casino in Florida.

Our operating results for the periods presented have been affected, both positively and negatively, by current economic conditions and several other factors discussed in detail below. Our historical operating results may not be indicative of our future results of operations because of these factors and the changing competitive landscape in each of our markets, as well as by factors discussed elsewhere herein. This Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with our Annual Report on Form 10-K for the year ended April 28, 2013 and by giving consideration to the following:

Items Impacting Income (Loss) from Continuing Operations Significant items impacting our income (loss) from continuing operations during the periods ended October 27, 2013, and October 28, 2012 are as follows:

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Legal Recoveries During October 2013, we received a favorable appellant ruling in our Greece gaming license legal proceedings. As a result of this favorable ruling, during the three months ended October 27, 2013, we reversed a litigation accrual of \$14.7 million, of which \$7.3 million was recorded as a reduction to operating expenses and \$7.4 million was recorded as a reduction to interest expense.

Disruption Our Black Hawk property's attendance was negatively impacted by the severe weather and flooding in Colorado during September 2013. Our Davenport property closed due to flooding from the night of June 28, 2013 to the afternoon of July 3, 2013. Our Boonville property was affected by power outages and was forced to close three times for a total of approximately 40 hours, of which two periods

were over the key holidays of Father's Day weekend and on the 4th of July. These disruptive events have had a negative impact on our operating results for the six months ended October 27, 2013.

During fiscal 2013, we remodeled our main hotel tower at our Lake Charles property and the casino floor at our Vicksburg property. As a result, certain areas of these properties may not have been accessible to our customers during the construction period resulting in a loss of revenues. Construction was completed during fiscal 2013.

Casino Openings We opened our Lady Luck Casino on the Nemaquin Woodlands Resort in Farmington, Pennsylvania on July 1, 2013 and our new Isle Casino in Cape Girardeau, Missouri on October 30, 2012.

Increased Competition From time to time, new or expanded facilities by our competitors impact our results. For example, competition from a new casino in Natchez that opened at the end of December 2012 has negatively impacted our Natchez casino. Expansions by Arkansas based competitors have negatively impacted our Lula property.

Income Tax Provision Our income tax provision from continuing operations was impacted by our estimate of annual taxable income for financial statement purposes, changes in the deferred tax liability attributable to indefinite lived intangibles, our percentage of permanent and other items in relation to such estimated income or loss, as well as changes in valuation allowances. As a result, our tax provision was \$1.4 million and \$2.8 million for the three and six months ended October 27, 2013, respectively.

Discontinued Operations

Sale of Biloxi During March 2012, we entered into a definitive agreement to sell our subsidiary, which owns and operates our casino and hotel operations in Biloxi for \$45 million subject to regulatory approval and other customary closing conditions. During the three months ended October 28, 2012, we recorded a \$1.5 million valuation allowance reflecting a credit against the purchase price to satisfy our obligation to repair the property after Hurricane Isaac, as required by the purchase agreement. This transaction was completed on November 29, 2012.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

compared to prior year. Casino revenues increased \$5.0 million at our Pompano property reflecting growth in market share and increased promotional spending. In addition, casino revenues increased at our Vicksburg and Lake Charles properties, by \$2.2 million and \$0.7 million, respectively, as these properties both had construction disruption during the same period in fiscal 2013. These increases were offset by decreases at our Natchez, Lula and Kansas City properties of \$1.3 million, \$1.0 million, and \$0.8 million, respectively, as a result of increased competition. In addition, our Caruthersville property's casino revenues decreased by \$1.0 million as the property has been impacted by the opening of our Cape Girardeau property.

Casino operating expenses increased \$4.5 million, or 12.1%, for the three months ended October 27, 2013, as compared to the same period in the prior fiscal year. Excluding casino operating expenses of \$4.1 million at our Cape Girardeau and Nemaacolin properties, casino expenses increased \$0.4 million, or 1.1%.

Casino revenues increased \$35.2 million, or 7.2%, for the six months ended October 27, 2013, as compared to the same period in fiscal 2013. Excluding casino revenues of \$28.2 million and \$10.9 million at our Cape Girardeau and Nemaacolin properties, respectively, casino revenues decreased \$3.9 million or 0.8% compared to prior year. Casino revenues increased at our Pompano and Vicksburg properties by \$8.7 million and \$2.4 million, respectively, offset by decreases at Natchez, Lula and Kansas City of \$7.1 million due to increased competition and decreases at Boonville and Davenport of \$4.6 million, due to disruptions during the period.

Casino operating expenses increased \$7.7 million, or 10.2%, for the six months ended October 27, 2013, as compared to the same period in the prior fiscal year. Excluding casino operating expenses of \$7.1 million at our Cape Girardeau and Nemaacolin properties, casino expenses increased \$0.6 million or 0.8%.

Excluding gaming taxes at our Cape Girardeau and Nemaacolin properties of \$7.1 million and \$12.3 million for the three and six months ended October 27, 2013, respectively, gaming taxes were flat for the three month period and decreased by \$0.8 million or 0.7% for the six month period, which is commensurate with casino revenues.

Rooms Rooms revenue increased \$0.4 million, or 4.6%, and \$0.7 million or 4.0% for the three and six months ended October 27, 2013, respectively, as compared to the same period in the prior fiscal year. This is a direct result of the increase of Lake Charles revenue for the periods due to the completion of the hotel renovation during fiscal 2013. Rooms expense increased commensurate with the increase in rooms revenue.

Food, Beverage, Pari-Mutuel and Other Food, beverage, pari-mutuel and other revenues increased \$3.3 million, or 10.8%, and \$5.7 million, or 9.0% for the three and six months ended October 27, 2013, respectively, as compared to the same periods in the prior fiscal year. Interest Expense Interest expense decreased by \$6.8 million and \$4.6 million for the three and six months ended October 27, 2013, respectively, as compared to the same periods in the prior fiscal year. This change primarily reflects the reversal of \$7.4 million in interest expense related to the Greek litigation proceedings. This decrease was offset by the additional interest associated with the senior notes issued in August 2012 and March 2013, as well as the reduction of capitalized interest during fiscal 2014 compared to fiscal 2013.

Liquidity and Capital Resources

Cash Flows from Operating Activities - During the six months ended October 27, 2013, we generated \$32.3 million in cash flows from operating activities compared to generating \$56.5 million during the six months ended October 28, 2012. The year over year decrease in cash flows from operating activities is primarily the result of working capital changes associated with construction activities and other accounts payable. Additionally, the cash flows from operating activities for the first six months of fiscal 2013 includes the collection of \$7.5 million of insurance receivables related to flooding during fiscal 2012.

Cash Flows used in Investing Activities - During the six months ended October 27, 2013, we used \$35.9 million for investing activities compared to using \$95.0 million during the six months ended October 28, 2012. Significant investing activities for the six months ended October 27, 2013 included capital expenditures of \$30.7 million, of which \$17.7 million related to Nemaconlin, as well as an additional \$7.5 million toward a Nemaconlin table gaming license. These outflows were offset by \$1.2 million of cash inflows from the change in restricted cash and investments and \$1.2 million in proceeds from the sale of property and equipment. Significant investing activities for the six months ended October 28, 2012 included capital expenditures of \$89.6 million, of which \$60.2 million related to Cape Girardeau, as well as \$5 million towards a Nemaconlin slot license.

Cash Flows used in Financing Activities - During the six months ended October 27, 2013, our net cash flows provided from financing activities were primarily from \$6.0 million in borrowings under our Credit Facility. During the six months ended October 28, 2012, our net cash flows provided by financing activities were \$19.5 million, including \$38.0 million in borrowings under our Credit Facility, debt repayments of \$10.1 million and payments for deferred financing costs of \$8.4 million.

Availability of Cash and Additional Capital - At October 27, 2013, we had cash and cash equivalents of \$70.0 million and marketable securities of \$25.1 million. As of October 27, 2013, we had \$160.9 million in outstanding revolving credit borrowings under our Credit Facility and our net line of credit availability was approximately \$104.0 million.

Capital Expenditures and Development Activities - As part of our business development activities, historically we have entered into agreements which have resulted in the acquisition or development of businesses or assets. These business development efforts and related agreements typically require the expenditure of cash, which may be significant. The amount and timing of our cash expenditures relating to development activities may vary based upon our evaluation of current and future development opportunities, our financial condition and the condition of the financing markets. Our development activities are subject to a variety of factors including but not limited to: obtaining permits, licenses and approvals from appropriate regulatory and other agencies, legislative changes and, in certain circumstances, negotiating acceptable leases.

In June 2013, we completed the construction of Lady Luck Nemaconlin, a new casino at the Nemaconlin Woodlands Resort in Western Pennsylvania, and our casino opened July 1, 2013. To date, we have expended \$54.8 million, including licensing fees of \$12.5 million.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

On February 1, 2013, we signed an agreement with Tower Investments, Inc. to manage The Provence, the resort and casino on North Broad Street, Philadelphia, proposed by Tower Entertainment, LLC (the Tower JV), if the project is selected by the Pennsylvania Gaming Control Board. The Tower JV is one of six applicants for the final gaming license in Philadelphia. As part of our agreement with the Tower JV, we loaned \$25 million to the Tower JV in the form of a stand-by letter of credit issued for the purpose of securing the Pennsylvania gaming license fee relating to the project. The \$25 million letter of credit can only be drawn upon if the Tower JV is

awarded the license. If the Tower JV is selected, we have the option to either 1) be repaid from the proceeds of permanent financing or 2) convert the \$25 million loan into a minority investment in the Tower JV.

Historically, we have made significant investments in property and equipment and expect that our operations will continue to demand ongoing investments to keep our properties competitive. The timing, completion and amount of additional capital projects will be subject to improvement of economic and local market conditions, cash flows from our continuing operations and borrowing availability under our Credit Facility.

Typically, we have funded our daily operations through net cash provided by operating activities and our significant capital expenditures through operating cash flow and debt financing. While we believe that cash on hand, cash flow from operations, and available borrowings under our Credit Facility will be sufficient to support our working capital needs, planned capital expenditures and debt service requirements for the foreseeable future, there is no assurance that these sources will in fact provide adequate funding for our planned and necessary expenditures or that the level of our capital investments will be sufficient to allow us to remain competitive in our existing markets.

We are highly leveraged and may be unable to obtain additional debt or equity financing on acceptable terms if our current sources of liquidity are not sufficient or if we fail to stay in compliance with the covenants of our Credit Facility. We will continue to evaluate our planned capital expenditures at each of our existing locations in light of the operating performance of the facilities at such locations.

Critical Accounting Estimates

Our consolidated financial statements are prepared in accordance with U.S. generally accepted accounting principles that require our management to make estimates and assumptions that affect reported amounts and related disclosures. Management identifies critical accounting estimates as:

- those that require the use of assumptions about matters that are inherently and highly uncertain at the time the estimates are made;
- those estimates where, had we chosen different estimates or assumptions, the resulting differences would have had a material impact on our financial condition, changes in financial condition or results of operations; and
- those estimates that, if they were to change from period to period, likely would result in a material impact on our financial condition, changes in financial condition or results of operations.

For a discussion of our significant accounting policies and estimates, please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations and Notes to Consolidated Financial Statements presented in our 2013 Annual Report on Form 10-K. There were no newly identified significant accounting estimates in the second quarter of fiscal year 2014, nor were there any material changes to the critical accounting policies and estimates set forth in our 2013 Annual Report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, including interest rates, commodity prices and equity prices. Our primary exposure to market risk is interest rate risk associated with the Isle of Capri Casinos, Inc. senior secured credit facility (Credit Facility).
