Item 2.02. Results of Operations and Financial Condition.

Laredo Petroleum, Inc. and its subsidiaries (collectively, the *Company* or *we*) are finalizing the Company's financial and production results for the three months ended March 31, 2015, and have included below a preliminary production guidance estimate that we expect to report for the first quarter of 2015. Our actual results will be different, and could differ materially, from this estimate due to the completion of our financial closing procedures, final adjustments and other developments that may arise between now and the time the results for our first quarter are finalized. The preliminary estimate for our production for the three months ended March 31, 2015 is 4.27 million barrels of oil equivalent.

The estimate above represents the most current information available to management. However, our financial closing procedures for the month and quarter ended March 31, 2015 are not yet complete and, as a result, our final results will vary from this preliminary estimate. Such variances may be material; accordingly, you should not place undue reliance on this preliminary estimate. This estimate for the three months ended March 31, 2015 is not necessarily indicative of any future period and should be read together with Risk Factors, Cautionary Statement Regarding Forward-Looking Statements, Management's Discussion and Analysis of Financial Condition and Results of Operations, Selected Historical Financial Data and our audited consolidated financial statements and notes thereto included in our annual report on Form 10-K for the year ended December 31, 2014 and our Current Reports on Form 8-K.

The preliminary data included in this Current Report on Form 8-K has been prepared by, and is the responsibility of, our management, and has not been reviewed or audited by our independent registered public accounting firm or independent reserve engineers. Accordingly, our independent registered public accounting firm and independent reserve engineers do not express an opinion or any other form of assurance with respect to this preliminary data.

We expect our closing procedures with respect to the three months ended March 31, 2015 to be completed in May 2015.

The information set forth in Item 7.01 below and the press release and Presentation (as defined below) attached to this Current Report on Form 8-K as Exhibits 99.1 and 99.2, respectively, are incorporated into this Item 2.02 by reference.
