Item 8.01 Other Events.

As previously reported on Lexington Corporate Properties Trust (the "Trust") Current Report on Form 8-K dated April 13, 2005, the Trust, through its subsidiaries and joint venture programs, completed the acquisition of twenty-seven (27) properties from affiliates of Wells Real Estate Investment Trust, Inc. (the "Sellers"). Twenty-one (21) properties were acquired by the Trust and six (6) were acquired by various joint venture programs in which the Trust has ownership interests of 25% and 30%.

Of the twenty-one properties (21) acquired by the Trust, six (6) properties (the "Non-Net Leased Properties") were not subject to net leases. Financial information with respect to the properties that are subject to net leases is not required. A description of all of the Non-Net Lease Properties included in the acquisition can be found in the Current Report on Form 8-K dated April 13, 2005. Below is the location of each of the Non-Net Leased Properties:

Chief Financial Officer

Report of Independent Registered Public Accounting Firm

The Shareholders
Lexington Corporate Properties Trust:

We have audited the accompanying statement of revenues and certain operating expenses (the "Statement") of six properties acquired from affiliates of Wells Real Estate Investment Trust, Inc. The Statement is the responsibility of the properties management. Our responsibility is to express an opinion on the Statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes

Edgar Filing: LEXINGTON CORPORATE PROPERTIES TRUST - Form 8-K/A

examining, on a test basis, evidence supporting the amounts and disclosures in the statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement. We believe that our audit of the Statement provides a reasonable basis for our opinion.

The accompanying Statement was prepared for the purpose of complying with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission and for inclusion in the Form 8-K of Lexington Corporate Properties Trust, as described in Note 1, and is not intended to be a complete presentation of the six properties acquired from affiliates of Wells Real Estate Investment Trust, Inc's revenues and expenses.

In our opinion, the Statement referred to above present fairly, in all material respects, the revenues and certain operating expenses described in Note 2 to the six properties acquired from affiliates of Wells Real Estate Investment Trust, Inc. for the year ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Non-Net Leased Properties

Notes to Statement of Revenues and Certain Operating Expenses for the Year ended December 31, 2004

1. Organization and Basis of Presentation

Edgar Filing: LEXINGTON CORPORATE PROPERTIES TRUST - Form 8-K/A

The accompanying statement of revenues and certain operating expenses (the "Statement") includes the accounts of the six (6) properties located in various states which were acquired by Lexington Corporate Properties Trust (the "Trust") from affiliates of Wells Real Estate Investment Trust, Inc that were are not subject to a net lease (the "Non-Net Leased Properties") . The Non-Net Leased Properties have a combined total of approximately 850,000 square-feet of office space.

The Statement has been prepared for the purpose of complying with the provisions of Rule 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (the "SEC), which requires that certain information with respect to real estate operations be included with certain SEC filings. The Statement for the year ended December 31, 2004, includes the historical revenues and certain operating expenses of the Non-Net Leased Properties, exclusive of certain historical expenses such as corporate expenses, mortgage interest, income taxes and depreciation and amortization, which may not be comparable to amounts expected to be incurred in the future.

Neither the Trust nor its affiliates are related to the sellers of the Non-Net Leased Properties. The Statement presents the results of operations of the Non-Net Leased Properties and exclude, as permitted by Rule 3-14 of Regulation S-X, items of revenue and expenses which are not comparable to the expected future operations by the Trust. In assessing the Non-Net Leased Properties, the Trust considered each property's revenue sources, including those which have been affected and are expected to be affected in the future by factors including, but not limited to, demand, supply and competitive factors present in the local and national markets for office and industrial space and the ability of tenants to make payments when due. The Trust also considered each property's expenses including but not limited to, utility costs, tax rates and other expenses, and the portion of such expenses which may be recovered from tenants. Changes in these factors or as a result of other factors described in the notes to the pro forma data provided may cause future operating results to differ from the historical and pro forma operating results presented, but can not be predicted at this time.

2. Significant Accounting Policies

Revenue Recognition

Rental income is recognized on a straight-line basis over the terms of the respective leases. The excess of amounts recognized as revenue on a straight line basis over the amounts due pursuant to the underlying leases was \$730 for the year ended December 31, 2004.

The Non-Net Leased Properties are subject to a concentration of credit risk as four tenants aggregate approximately 81% of the amount recorded as revenue for the year ended December

31, 2004. Each of these four tenants exceeded 10% of the amount recorded as revenue for the year ended December 31, 2004. The most significant of the four tenants represented approximately 35% of revenue for the year ended December 31, 2004, 45% of the revenue for the year ended December 31, 2004 was from two properties in the Atlanta, Georgia area.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the properties' management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ

Edgar Filing: LEXINGTON CORPORATE PROPERTIES TRUST - Form 8-K/A

from those estimates.

3. Minimum Future Rental Payments

Minimum future rental receipts under the noncancellable portion of tenant leases, assuming no new or negotiated leases, for the next five years and thereafter are as follows:

Year ending December 31, -----	
2005	\$ 15,557
2006	15,703
2007	15,824
2008	16,032
2009	15,418
Thereafter	40,572

	\$ 119,106
	=====

The above minimum lease payments do not include reimbursements to be received from tenants for certain operating expenses and real estate taxes.

4. Related Party Transactions

Wells Management Company, Inc. and Wells Capital Inc. are affiliates of Wells Real Estate Investment Trust, Inc. For its services in connection with the management of the Properties, Wells Management Company, Inc. received a net management fee of 4.5% of gross receipts. Net management fees totaling \$597 were incurred by the Properties for the year ended December 31, 2004. For its services in connection with its administrative staff Wells Capital Inc. was reimbursed \$75 for salaries.

Lexington Corporate Properties Trust

Introduction to Unaudited Pro Forma Condensed Consolidated Financial Statements

The following unaudited pro forma condensed consolidated balance sheet as of December 31, 2004, reflects the financial position of Lexington Corporate Properties Trust (the "Trust") as if the acquisition of the six (6) properties (the "Non-Net Leased Properties") had occurred on December 31, 2004.

The unaudited pro forma condensed consolidated statement of operations for the year ended December 31, 2004, present the results of operations of the Trust as if the acquisition of the Non-Net Leased Properties had occurred on January 1, 2004. These unaudited pro forma condensed consolidated financial statements should be read in connection with the financial statements of the Trust for the year ended December 31, 2004, included in the Trust's Annual Report on Form 10-K and the financial statements included in Item 9.01 (a) of the Trust's Amendment No.1 to Form 8-K (date of earliest reported event: April 13, 2005).

These unaudited pro forma financial statements are not necessarily indicative of the expected results of operations of the Trust for any future period. Differences could result from, among other considerations, future changes in the Trust's portfolio of investments, changes in interest rates, changes in the capital structure of the Trust, changes in property level operating expenses, and changes in property level revenues including rents expected to be received on leases in place or signed during and after 2004.

Total revenues		16,540		2,317
Property operating expenses	\$	4,929	\$	-

Increase in rental revenues reflects (i) the recalculation of straight-line rents as of January 1, 2004 and (ii) the amortization of above and below-market leases on a straight-line basis over the remaining term of in-place leases.

(CC) Depreciation has been adjusted to reflect the Non-Net Leased Properties total acquisition cost depreciated on a straight line basis over the estimated economic useful life of the real estate. Amortization includes the pro forma effect of amortization of intangibles on a straight-line basis over the remaining term of the respective leases.

(DD) The pro forma adjustment to interest expense reflects additional interest expense as a result of new mortgages obtained of \$108,535 (at a weighted average rate of 5.24%) to partially fund the acquisitions. The pro forma adjustment to amortization expense reflects the pro forma adjustment of deferred mortgage costs which are amortized over the term of the related mortgages.
