NOTES TO THE INTERIM FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED JUNE 30, 2008

(Unaudited Expressed in Canadian Dollars)

(Expressed in Canadian Dollars)

1.

NATURE OF OPERATIONS

IMA Exploration Inc. (the Company) is a natural resource company engaged in the business of acquisition, exploration and development of mineral properties. The Company presently has no property interests with proven or probable reserves and on the basis of information to date, it has not yet determined whether these properties contain economically recoverable ore reserves. Consequently the Company considers itself to be an exploration stage company.

2.

SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The interim consolidated financial statements of the Company have been prepared by management in accordance with Canadian generally accepted accounting principles (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates. The consolidated financial statements have, in management's opinion, been properly prepared using careful judgment within reasonable limits of materiality.

As these unaudited interim consolidated financial statements do not contain all of the disclosures required by GAAP, they should be read in conjunction with the notes to the Company's audited consolidated financial statements for the year ended December 31, 2008.

The accounting policies followed by the Company are set out in note 4 to the audited consolidated financial statements for the year ended December 31, 2008, and have been consistently followed in the preparation of these consolidated financial statements except that the Company has adopted the following CICA standard effective January 1, 2009.

Recent Accounting Pronouncements

Goodwill and Intangible Assets

CICA Handbook Section 3064, Goodwill and Intangible Assets, establishes revised standards for recognition, measurement, presentation and disclosure of goodwill and intangible assets. Concurrent with the introduction of this standard, the CICA withdrew EIC 27, Revenues and Expenses during the preoperating period. As a result of the withdrawal of EIC 27, companies will no longer be able to defer costs and revenues incurred prior to commercial production at new mine operations. On January 1, 2009, the Company adopted these changes, with no impact on its consolidated financial statements.

Credit Risk and Fair Value of Financial Assets and Liabilities

In January 2009, the CICA issued EIC-173, *Credit Risk and the Fair Value of Financial Assets and Financial Liabilities*. The EIC provides guidance on how to take into account credit risk of an entity and counterparty when determining the fair value of financial assets and financial liabilities, including derivative instruments.

This standard is effective for our fiscal year beginning January 1, 2009. Adoption of this EIC did not have a significant effect on the company's financial statements for the period ended June 30, 2009.

2.

SIGNIFICANT ACCOUNTING POLICIES (continued)

Mining Exploration Costs

In March 2009, the CICA issued EIC-174, *Mining Exploration Costs*. The EIC provides guidance on the accounting and the impairment review of exploration costs. This standard is effective for our fiscal year beginning January 1, 2009. The application of this EIC did not have an effect on the company's financial statements for the period ended June 30, 2009.

Business combinations, consolidated financial statements and non-controlling interest

In January 2009, the CICA issued CICA Handbook Section 1582, *Business Combinations*, Section 1601, *Consolidations*, and Section 1602, *Non-controlling Interests*. These sections replace the former CICA Handbook Section 1581, *Business Combinations* and Section 1600, *Consolidated Financial Statements* and establish a new section for accounting for a non-controlling interest in a subsidiary. CICA Handbook Section 1582 establishes standards for the accounting for a business combination, and states that all assets and liabilities of an acquired business will be recorded at fair value. Obligations for contingent considerations and contingencies will also be recorded at fair value at the acquisition date. The standard also states that acquisition-related costs will be expensed as incurred and that restructuring charges will be expensed in the periods after the acquisition date. It provides the Canadian equivalent to IFRS 3, *Business Combinations* (January 2008). The section applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 1, 2011.

CICA Handbook Section 1601 establishes standards for the preparation of consolidated financial statements.

CICA Handbook Section 1602 establishes standards for accounting for a non-controlling interest in a subsidiary in the preparation of consolidated financial statements subsequent to a business combination. It is equivalent to the corresponding provisions of IFRS International Accounting Standards (IAS) 27, *Consolidated and Separate Financial Statements* (January 2008).

CICA Handbook Section 1601 and Section 1602 apply to interim and annual consolidated financial statements relating to fiscal years beginning on or after January 1, 2011. Earlier adoption of these sections is permitted as of the beginning of a fiscal year.

All three sections must be adopted concurrently. The Company is currently evaluating the impact of the adoption of these sections.

3.

CHANGE IN ACCOUNTING POLICY

During the year ended December 31, 2008, the Company retrospectively changed its accounting policy for exploration expenditures to be more relevant. Prior to the year ended December 31, 2008, the Company capitalized all such costs to mineral properties held directly or through an investment and only wrote down capitalized costs when the property was abandoned or if the capitalized costs were not considered to be economically recoverable.

Exploration expenditures are now charged to operations as they are incurred until the property reaches development stage. All direct costs related to the acquisition of mineral property interests will continue to be capitalized. Development expenditures incurred subsequent to a development decision, and to increase or to extend the life of existing production, are capitalized and will be amortized on the unit-of-production method based upon estimated proven and probable reserves.

3.**CHANGE IN ACCOUNTING POLICY** (continued)

The Company has accounted for this change in accounting policy on a retroactive basis. The impact of this change on the previously reported June 30, 2008 consolidated financial statements is as follows:

(Panthera) (formerly Amera Resources Corporation), a company with directors in common, for \$0.14 per unit for a total of \$499,800. Each unit consists of one common share and one-half of non-transferable share purchase warrant exercisable on or before June 16, 2010 at a price of \$0.18 per share. As at June 30, 2009, the quoted market value of the shares was \$39,270. b)

On September 17, 2008 and October 24, 2008 the Company purchased 2,750,000 and 5,583,333 Units, respectively, of Blue Sky Uranium Corp. (Blue Sky), for \$0.12 per unit for a total of \$1,000,000. The Company entered into an Option Agreement on May 12, 2008 with Western Copper Corporation (Western Copper) to further explore and develop the Hushamu Property and in which the Company has the right to acquire up to a 70% interest. The Hushamu porphyry style copper-molybdenum-gold deposit is located on northern Vancouver Island, B.C.

The Company agreed to expend a minimum of \$1.9 million (incurred) in the first year of a three year option period. Over years two and three the Company has an option to spend an additional \$13.1 million on drilling, metallurgical, and engineering studies in the completion of a pre-feasibility report on the Hushamu deposit to meet the required terms of the agreement. This expenditure, a total of \$15 million, and the completion of a pre-feasibility report will earn the Company a 49% interest in the project (Option 1). The Company can earn an additional 16% by funding a subsequent feasibility study by the fourth year (Option 2) and an additional 5% can be earned upon completion of mine permitting (Option 3) for a total interest of 70% with Western Copper retaining a 30% participating interest in the joint venture.

RELATED PARTY TRANSACTIONS

(a)

The Company engages Grosso Group Management Ltd. (the Grosso Group) to provide services and facilities to the Company. The Grosso Group is a private company owned by the Company, Golden Arrow Resources Corporation and Blue Sky, each of which owns one share. The Grosso Group provides its shareholder companies with geological, corporate development, administrative and management services. The shareholder companies pay monthly fees to the Grosso Group. The fee is based upon a pro-rating of the Grosso Group's costs including its staff and overhead costs among each shareholder company with regard to the mutually agreed average annual level of services provided to each shareholder company. The Grosso Group services contract also provides that, in the event the services are terminated by a member company, a termination payment would include three months of compensation and any contractual obligations that the Grosso Group undertook for the company, up to a maximum of \$500,000.

During the six months ended June 30, 2009, the Company incurred fees of \$347,063 (2008 - \$225,048) to the Grosso Group: \$359,032 (2008 - \$229,338) was paid in monthly payments and \$11,969 (2008 - \$4,290) is included in accounts receivable as a result of a review of the allocation of the Grosso Group costs to the member companies for the period. Also, included in deposits is a \$205,000 (2008 - \$205,000) deposit to the Grosso Group for the purchase of equipment and leasehold improvements and for operating working capital.

(b)

During the six months ended June 30, 2009, the Company paid \$206,750 (2008 - \$185,000) to companies controlled by directors and officers of the Company, for accounting, management and consulting services provided.

(c)

Effective January 1, 2008 the Company entered into a consulting agreement with a company controlled by a director of the Company for a fee of \$10,000 per month plus reimbursement for out-of-pocket expenses. Discretionary bonuses may also be paid if approved by the compensation committee. Accordingly, the total compensation paid to the director in the six months ended June 30, 2009 was \$50,000 (2008 - \$60,000). This amount is included in the total amount paid to directors and officers discussed in Note 10(b) above. This consulting agreement was terminated on April 1, 2009.

(d)

The President of the Company provides his services on a full-time basis under a contract with a private company controlled by the President for an annual fee of \$250,000. Accordingly, the total compensation paid to the President in the six months ended June 30, 2009 was \$125,000 (2008 - \$125,000). This amount is included in the total amount paid to directors and officers discussed in Note 10(b) above.

In the event the contract is terminated by the Company or as a result of a change of control, a payment is payable to the President consisting of (i) any monthly compensation due to the date of termination, (ii) options as determined by the board of directors (iii) three years of monthly compensation (which may be adjusted annually) and (iv) bonus of \$461,500. If the termination had occurred on June 30, 2009, the amount payable under the contract would be \$1,211,500. In the event the contract is terminated by the Company as a result of the President's death or permanent disability while providing services to the Company, a bonus in the amount of \$461,500 plus one years fees of \$250,000 is payable. At June 30, 2009, the Company has accrued a total of \$711,500 (2008 - \$nil) related to this bonus and termination benefits.

9.

RELATED PARTY TRANSACTIONS (continued)

Effective May 1, 2007, the Company negotiated agreements with the other shareholder companies of the Grosso Group for the President of the Company to provide services for a monthly fee. The agreements may be terminated at any time at the other companies' discretion upon 30 days written notice. The Company reserves its right to restrict services provided by the President to the other shareholder companies based on its own requirements for the President's services, at which time the fee would be adjusted accordingly. For the period ended June 30, 2009, the Company has accrued a receivable of \$18,000 (2008 - \$38,292) from the other shareholder companies which has been recorded as a decrease in Administrative and management services expense. This amount is reflected in the total amount paid to directors and officers discussed in Note 10(b) above. The fees are reviewed and adjusted on a periodic basis.

(e)

Effective June 1, 2008 the Company resumed a consulting agreement with a company controlled by an officer of the Company for \$63,500 per year. Accordingly, the total compensation paid to the officer in the six months ended June 30, 2009 was \$31,750 (2008 - \$Nil). This amount is included in the total amount paid to directors and officers discussed in Note 10(b) above.

In the event the contract is terminated by the Company or as a result of a change of control, a payment is payable to the officer consisting of six months salary.

All of the related party transactions and balances in these consolidated financial statements arose in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

INFORMATION CIRCULAR
(as at August 24, 2009, except as otherwise indicated)

SOLICITATION OF PROXIES

This information circular (the *Circular*) is provided in connection with the solicitation of proxies by management of IMA Exploration Inc. (the *Company*). The form of proxy which accompanies this Circular (the *Proxy*) is for use at the special meeting of the shareholders of the Company to be held on Friday, September 25, 2009 (the *Meeting*), at the

time and place set out in the accompanying notice of meeting (the Notice of Meeting). The Company will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

APPOINTMENT AND REVOCATION OF PROXY

The person named in the Proxy is a director and officer of the Company. **A shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed name and inserting the desired person's name in the blank space provided.** The completed Proxy should be delivered to Computershare Investor Services Inc. (Computershare) by 10:00 a.m. on Wednesday, September 23, 2009 or 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting, or any adjournment thereof at which the Proxy is to be used.

The Proxy may be revoked by:

(a)

signing a proxy with a later date and delivering it at the time and place noted above;

(b)

signing and dating a written notice of revocation and delivering it at the time and to the place noted above; or

(c)

attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by proxy in the enclosed form will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing such designated holder. If there is no direction by the registered shareholder, those shares will be voted for the proposals set out in the Proxy. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, management of the Company knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Non-Registered Holders

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are non-registered shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. A person is not a registered shareholder (a Non-Registered Holder) in

respect of shares which are held either: (a) in the name of an intermediary (an Intermediary) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. (CDS), of which the Intermediary is a participant).

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as NOBOs . Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as OBOs . In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Company has elected to send the Notice of Meeting, this Circular and the Proxy (collectively, the Meeting Materials) directly to the NOBOs, and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them.

Intermediaries will frequently use service companies to forward the Meeting Materials to the OBOs. Generally, an OBO who has not waived the right to receive Meeting Materials will either:

(a)

be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO and must be completed, but not signed, by the OBO and deposited with Computershare; or

(b)

more typically, be given a voting instruction form (VIF) which is not signed by the Intermediary, and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

These securityholder materials are being sent to both registered shareholders and Non-Registered Holders. If you are a Non-Registered Holder, and the Company or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instruction.

The Meeting Materials sent to NOBOs who have not waived the right to receive meeting materials are accompanied by a VIF, instead of a form of proxy. By returning the VIF in accordance with the instructions noted on it, a NOBO is able to instruct the voting of the shares owned by it.

VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on his or her behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder, or his or her nominee, the right to attend and vote at the Meeting.

Please return your voting instructions as specified in the VIF. Non-Registered Holders should carefully follow the instructions set out in the VIF, including those regarding when and where the VIF is to be delivered.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as disclosed in this Circular, none of the persons who were directors or executive officers of the Company or a subsidiary of the Company at any time during the Company's last financial year, any person or company who beneficially owns, directly or indirectly, or who exercises control or direction over (or a combination of both) more than 10% of the issued and outstanding common shares of the Company, nor any associate or affiliate of those persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction or proposed transaction which has materially affected or would materially affect the Company or its subsidiaries.

Pursuant to an arrangement agreement dated August 17, 2009, among the Company, Kobex Resources Ltd. (*Kobex*) and International Barytex Resources Ltd. (*Barytex*), the Company agreed, among other things, to acquire all the issued and outstanding common shares of Kobex and Barytex in exchange for issuing: (i) to Kobex shareholders, 1.311 common shares of the Company for each common share of Kobex acquired; and (ii) to Barytex shareholders, 0.221 common shares of the Company for each common share of Barytex acquired. This transaction will be effected by way of two statutory plans of arrangement (the *Kobex Arrangement* and the *Barytex Arrangement* , respectively, and together, the *Arrangements*), and is subject to approvals from the TSX Venture Exchange and the Barytex and Kobex shareholders, as well as court approval of the Arrangements. The Rule Family Trust UAD 12/17/98 (the *Trust*), as of the date hereof, beneficially owns, directly and indirectly, 19.4% of the issued and outstanding shares of the Company, and approximately 10% and 7% of the issued and outstanding shares in Kobex and Barytex, respectively. Pursuant to the Arrangements, the Trust will receive such number of common shares of the Company in exchange for its Kobex and Barytex shares, so that, following the completion of the Arrangements, the Trust will own approximately 14% of the issued and outstanding shares of the Company.

In addition, the following persons have a material interest in the Arrangements: (i) Mr. David Terry, the Company's VP Exploration and a director of the Company, will be appointed as a senior officer of the Company following the completion of the Arrangements; and (ii) Messrs. No management functions of the Company are to any substantial degree performed by a person or company other than the directors or executive officers of the Company.

AUDITOR

PricewaterhouseCoopers LLP is the Company's auditor and has served in this capacity since 1997.

PARTICULARS OF MATTERS TO BE ACTED UPON

Background

Pursuant to the Arrangements, as such term is defined under the heading *Interests of Informed Persons in Material Transactions*, the Company has agreed that, immediately following the effective date of the Arrangements, it will consolidate all of its issued and outstanding common shares on a 2.4 old shares for one new share basis, and will change its name to Kobex Minerals Inc. .

Consolidation of Common Shares

To reduce the issued and outstanding capital of the Company following the completion of the Arrangements, the Company proposes that, subject to the completion of the Kobex Arrangement, the Company's capital structure be consolidated (the Consolidation) on the basis of 2.4 old common shares of the Company for one new common share of the Company. As of the date hereof, the Company has 52,132,064 common shares without par value issued and outstanding, and assuming that no shareholders of Kobex or Barytex exercise any dissent rights pursuant to the Arrangements, it will have approximately 110,187,077 common shares issued and outstanding immediately following the Arrangements. At the Meeting, shareholders will be asked to consider, and if thought appropriate, to approve a special resolution (the full text of which is set forth below) amending the Company's capital share structure by consolidating the fully paid and issued common shares in the capital of the Company on the basis of 2.4 old common shares of the Company for one new common share of the Company.

In accordance with the Company's Articles and the *Business Corporations Act* (British Columbia), the Consolidation must be approved by not less than 66.67% of the votes cast at the Meeting on the resolution approving the Consolidation.

The Consolidation will be effective on the date after the completion of the Arrangements on which the directors of the Company determine to carry out the Consolidation, as approved by the TSX Venture Exchange.

It is anticipated that a letter of transmittal containing instructions with respect to the surrender of share certificates for the Company's pre-Consolidation common shares will be furnished to the shareholders of the Company for use in exchanging their share certificates. Following the return of a properly completed and executed letter of transmittal, together with the share certificate for the pre-Consolidation common shares, the certificates for the appropriate number of post-Consolidation common shares will be issued.

Management of the Company is of the opinion that the Consolidation is in the best interests of the Company. Management believes that the number of post-Consolidation common shares will be more appropriate given the

Company's capitalization and will allow the Company greater possibilities with respect to future financings. In the absence of contrary directions, the management designees of the Company intend to vote proxies in the accompanying form of proxy in favour of the special resolution approving the Consolidation. The board of directors of the Company recommend that the shareholders of the Company vote in favour of the Consolidation.
