Item 1.01. Entry into a Material Definitive Agreement.

On February 23, 2006, Medistem Laboratories, Inc., a Nevada corporation, ("Medistem") entered into a License Agreement with Institute for Cellular Medicine, a Costa Rica corporation, where Institute for Cellular Medicine received an exclusive license for the development and commercialization within Costa Rica of any new and useful process involving infusion quality umbilical cord stem cells for use in the therapeutic treatment of various medical conditions in humans. Medistem retains the right to manufacture and supply post-natal and adult stem cells for Institute for Cellular Medicine.

In exchange for the rights granted under the License Agreement, Medistem will receive (a) 85% of the net-revenue resulting from Institute for Cellular Medicine's sale of any product derived from or involving infusion quality adult stem cells, and (b) 15% of the gross profits derived from non-stem cell based related activities. In addition, Medistem will retain the rights to any new or useful process, manufacture, compound or composition of matter developed by Institute for Cellular Medicine relating to infusion quality umbilical cord stem cells. The License Agreement terminates on five years from the date of the agreement.

Item 9.01. Exhibits.
