ITEM 5. OTHER EVENTS AND REQUIRED FD DISCLOSURE

On September 11, 2003 we effected a change in our place of incorporation from

## Edgar Filing: ASSURE ENERGY INC - Form 8-K

Delaware to Nevada. The reincorporation was effected by our merger with and into a wholly-owned Nevada subsidiary of ours of the same name that was created for the sole purpose of the reincorporation. The merger was approved by our board of directors and by shareholders holding a majority of our outstanding common shares. Eligible shareholders that did not consent to the merger have been given notice of the merger and their right to obtain appraisal of their shares. Pursuant to the merger, each outstanding security of the Delaware corporation was converted into an identical security of the Nevada corporation and each outstanding share of the Nevada corporation owned by the Delaware corporation prior to the merger was retired and cancelled. The merger did not result in any change in our capitalization or business operations. The only change resulting from the merger is that we are now governed by Nevada Articles of Incorporation, Nevada By-Laws and Nevada law rather than a Delaware Certificate of Incorporation, Delaware By-Laws and Delaware law.

The Nevada reincorporation is part of a larger plan to reincorporate in Alberta, Canada. We decided to effect the change in domicile to Alberta, Canada by first engaging in the Nevada merger transaction to take advantage of a Nevada continuance statute which we believe will allow us to achieve the reincorporation to Alberta more advantageously than would have been the case had we determined to reincorporate directly to Alberta from Delaware. Our officers and directors, assets and operations are all located in Canada. We expect that the Alberta reincorporation will provide us with new financing opportunities and greater operational flexibility.

Our board of directors and holders of a majority of our outstanding common shares have approved the Alberta reincorporation. Similar to the Nevada reincorporation, the Alberta reincorporation will not result in a change in our capitalization or business operations. At the effective time of the Alberta reincorporation, all of our securityholders will own the same number and type of securities in the Alberta corporation that they owned in the Nevada corporation immediately prior to the reincorporation.

On July 22, 2003 we filed a Registration Statement on Form S-4 (the "Registration Statement") with the Securities and Exchange Commission (File No. 333-107233). This Registration Statement discusses the material consequences of the Alberta reincorporation and is being utilized to register common stock of the Alberta corporation, which will represent all of our issued and outstanding common shares upon the effectiveness of the Alberta reincorporation. We intend to file an amendment to the Registration Statement in October 2003 and to have the Registration Statement declared effective shortly thereafter. As soon as practicable following the effectiveness of the Registration Statement, we intend to effect the Alberta reincorporation.
