Explanatory Note

On April 19, 2005, Teton Petroleum Company (“we” or the “company”) filed a Current Report on Form 8-K under Item 2.01 to report the closing of the acquisition of certain acreage by the Company. That Form 8-K omitted certain information pursuant to a request for confidential treatment filed with the Securities and Exchange Commission. The request for confidential treatment cited, among other reasons, the need for the Company to acquire additional acreage adjacent to the acquired acreage and other potential competitive threats that could result from premature disclosure. This Current Report on Form 8-K/A is being filed by the Company to amend the initial report on Form 8-K in order to provide the previously omitted information from Item 2.01.

Item 2.01 Completion of an Acquisition or Disposition of Assets.

On April 14, 2005, Teton Petroleum Company (“we” or the “company”), pursuant to a purchase and sale agreement previously executed with ATEC Energy Ventures, LLC and Apollo Energy, LLC (“ATEC/Apollo”), purchased leasehold interests (together with the oil and gas wells and wellbores located on the properties) covering 123,035 acres in the Eastern Denver Julesburg Basin. The properties purchased by us in this transaction carry a net revenue interest of approximately 82.3%. We expect to purchase approximately 57,000 additional acres in two separate tranches by the end of May and June 2005, respectively.

The Agreement also establishes an Area of Mutual Interest (“AMI”) for certain properties surrounding the acquired properties. If additional leases are acquired in the AMI, ATEC/Apollo will be permitted to reserve or will be granted a certain overriding royalty interest in such additional leases.

The purchase price for the acreage was \$ 1,968,555 in cash, the issuance of 281,223 unregistered shares of our common stock, and the issuance of warrants to purchase 140,611 shares of our common stock, exercisable for a period of three years at an exercise price of \$1.75 per share. The cash paid for the initial acreage tranche was \$1,621,201, which amount is net of the previously paid earnest money of \$322,354 and the \$25,000, which was paid in respect of the initial option. The definitive purchase and sale agreement executed on January 10, 2005, also provided that in the event that the total acres with acceptable title and environmental conditions is less than 138,063 acres, we had the right to terminate the agreement. We elected to waive this right as we believe, among other things, that we will eventually purchase in excess of this minimum acreage once routine title curative work is completed.

We also entered into a registration rights agreement with ATEC/Apollo whereby we granted ATEC/Apollo certain registration rights in connection with the shares of our common stock and shares underlying the warrants issued as part of the purchase price.

Item 3.02 Unregistered Sales of Equity Securities.

As part of the consideration for the purchase of 123,035 acres, on April 14, 2005, we issued to ATEC/Apollo 281,223 unregistered shares of our common stock and warrants to purchase an additional 140,611 shares of common stock at an exercise price of \$1.75 per share, exercisable for a period of three years. This transaction was not registered under the Securities Act of 1933, as amended (the “Act”) in reliance on an exemption from registration under Section 4(2) of the Act based on the limited number of purchasers, their sophistication in financial matters, and their access to information concerning the company.
