-

Item 2.02 Results of Operations and Financial Condition

On January 31, 2007, Armor Holdings, Inc. (the “Registrant”) announced financial results for the fiscal quarter and year ended December 31, 2006. A copy of the press release announcing the Registrant’s earnings results for the fiscal quarter and year ended December 31, 2006 is attached hereto as Exhibit 99.1 and incorporated herein by reference.

The information in Item 2.02 of this Form 8-K and the Exhibit attached hereto shall not be deemed “filed” for purposes of Section 18 of the Securities Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing.

The earnings press release contains financial measures that are not in accordance with generally accepted accounting principles in the United States (“GAAP”). The Registrant has provided a reconciliation within the earnings release of the non-GAAP financial measures pro forma net income, pro forma earnings per share, EBITDA and free cash flow to the most directly comparable GAAP financial measures, net income, earnings per share and net cash provided by operating activities, respectively. Pro forma net income and pro forma earnings per share, represent net income and earnings per share exclusive of the impact of the Stewart & Stevenson acquisition and a number of other operating and non-operating items. Management believes that pro forma net income and pro forma earnings per share provides a more meaningful comparison of our net income and earnings per share for the comparable periods in 2005 and 2006 with respect to our 2005 operations. EBITDA, which represents the Registrant’s results from operations before interest, other (income) expense, income taxes, and certain non-cash items, including depreciation and amortization, is presented in the earnings release because the Registrant’s credit facility and the trust indentures, under which the Registrant’s 8 ¼% Senior Subordinated Notes in the aggregate principal amount of \$150,000,000 maturing in 2013 and the Registrant’s 2% Senior Subordinated Convertible Notes in the aggregate principal amount of \$345,000,000 maturing in 2024 (unless earlier converted, redeemed or repurchased) are issued, contain financial covenants which generally are based, in part, on the Registrant’s EBITDA. Additionally, management believes that EBITDA, as defined, is a common alternative to measure value and performance. Free cash flow, which represents the net cash provided by (used in) operating activities less purchase of property and equipment, is presented in the earnings release because management believes that free cash flow is a common alternative to measure liquidity. Management considers the purchase of property and equipment to be a normal and recurring expenditure. By deducting purchase of property and equipment from net cash provided by or used in operations, management believes this measure provides a more thorough measurement of operating cash flow. The Registrant’s management, however, cannot provide any assurance that the above-referenced non-GAAP financial measures are comparable to similarly titled financial measures presented by other publicly-traded companies. The non-GAAP financial measures described above should be considered in addition to, but not as a substitute for, measures of financial performance prepared in accordance with GAAP that are presented in the earnings release.

Item 8.01 Other Events.

As previously disclosed, the Registrant is voluntarily cooperating with a request for documents and data received from the U.S. Department of Justice (the "DOJ"), which is reviewing the use of Zylon® ballistic fiber by the entire body armor industry, and a subpoena served by the U.S. General Services Administration for information relating to Zylon®. At a March 21, 2006 meeting, the DOJ proposed to enter into an agreement with the Registrant to toll the statute of limitations with regard to possible civil claims that the United States could assert against the Registrant with respect to certain body armor made by us which included Zylon®. As the Registrant previously disclosed in its Current Reports on Form 8-K filed with the Securities and Exchange Commission on March 31, 2006 and September 29, 2006, respectively, we entered into such a tolling agreement with the DOJ on March 27, 2006 as further amended on September 26, 2006, which tolled the statute of limitations with respect to such possible claims for the period from March 21, 2006 through January 31, 2007. On January 29, 2007, we entered into a second amendment to this tolling agreement with the DOJ that extends the period of the tolling agreement through July 31, 2007.

Item 9.01. Financial Statements and Exhibits

(d) Exhibits. The following Exhibit is filed herewith as a part of this report:

Exhibit	Description
99.1	Press Release dated January 31, 2007, with respect to the Registrant's financial results for the fiscal quarter and year ended December 31, 2006 (furnished only).

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Dated: January 31, 2007
