If the subject report could not be filed without unreasonable effort or expense and the registrant seeks relief pursuant to Rule 12b-25(b), the following should be completed. (Check box if appropriate.)

- (a) The reason described in reasonable detail in Part III of this form could not be eliminated without unreasonable effort or expense;
- (b) The subject annual report, semi-annual report, transition report on Form 10-K, Form 20-F, Form 11-K, Form N-SAR or Form N-CSR, or portion thereof, will be filed on or before the fifteenth calendar day following the prescribed due date; or the subject quarterly report or transition report on Form 10-Q or subject distribution report on Form 10-D, or portion thereof, will be filed on or before the fifth calendar day following the prescribed due date; and
  - (c) The accountant's statement or other exhibit required by Rule 12b-25 (c) has been attached if applicable.

#### PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Our quarterly report on Form 10-Q for the quarterly period ended September 30, 2009 cannot be filed within the prescribed time period because of technical issues encountered with a service provider necessitating additional time for compilation and review to insure adequate disclosure of certain information required to be included in the Form 10-Q. We plan to file our quarterly report on Form 10-Q for the three months ended September 30, 2009 no later than the fifth calendar day following the prescribed due date of November 16, 2009.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes |X| No |\_|

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Revenues for the third quarter 2009 were \$978 thousand, an increase of 11% from the \$880 thousand reported for third quarter 2008. Third quarter 2009 gross margin was 44%, an improvement over third quarter 2008 gross margin of 29%. The improvement in gross margin was due primarily to the change in our business model, which shifted our sales mix to primarily sales of safety sponges (which have higher margins), and permitted us to depreciate most of the expense associated with our SurgiCounter(TM) scanners over the life of the scanner, thereby significantly reducing our cost of revenues. Net loss applicable to common shareholders for the third quarter was \$3.4 million compared to net income of \$0.2 million in the third quarter of 2008. The increase in our net loss was primarily driven by a significant increase in the fair value of our warrant derivative liability as measured by the increase in the publicly quoted price of our stock, which resulted in a non-cash expense of \$1.8 million in the three months ended September 30, 2009, compared to income of \$1.7 million in the same period in 2008.
