Item 1.01. Entry into a Material Definitive Agreement.

On June 28, 2013, Lakeland Industries, Inc. (the “Company”) and its wholly-owned subsidiary, Lakeland Protective Wear Inc. (collectively with the Company, the “Borrowers”), entered into a Loan and Security Agreement (the “Senior Loan Agreement”) with AloStar Business Credit, a division of AloStar Bank of Commerce, a state banking institution formed under Alabama law (the “Senior Lender”). The Senior Loan Agreement provides the Borrowers with a three year \$15 million revolving line of credit, at a variable interest rate based on LIBOR, with a first priority lien on substantially all of the United States and Canada assets of the Company.

On June 28, 2013, the Borrowers also entered into a Loan and Security Agreement (the “Subordinated Loan Agreement”) with LKL Investments, LLC, an affiliate of Arenel Capital, a private equity fund (the “Junior Lender”). The Subordinated Loan Agreement provides for a \$3.5 million term loan to be made to the Borrowers and a second priority lien on substantially all of the assets of the Company in the United States and Canada, except for a first lien on Mexican facility). Pursuant to the Subordinated Loan Agreement, among other things, Borrowers issued to the Junior Lender a five year term loan promissory note (the “Note”). At the election of the Junior Lender, interest under the Note may be paid in cash, by payment in kind (PIK) in additional notes or payable in shares of common stock, par value \$.01 per share (“Common Stock”), of the Company (the “Interest Shares”). If shares of Common Stock are used to make interest payments on the Note, the number of Interest Shares will be based upon 100% of an average of the then current market value of the Common Stock, subject to the limitations set forth in the Subordinated Loan Agreement. The Junior Lender will also, in connection with this transaction, receive a common stock purchase warrant (the “Warrant”) to purchase up to 566,015 shares of Common Stock (subject to adjustment), representing beneficial ownership of approximately 9.58% of the outstanding Common Stock of the Company, as of the closing of the transactions contemplated by the Subordinated Loan Agreement. The Company’s receipt of gross proceeds of \$3.5 million in subordinated debt financing was a condition precedent set by Senior Lender, of which this transaction satisfies.

The proceeds from such financing has been used to fully repay the Company’s former financing facility with TD Bank, N.A. in the amount of approximately US\$13.7 million. Also repaid upon closing of the financings was the warehouse loan in Canada with a balance of Cdn\$1,362,000 Canadian dollars (approximately US \$1,320,000), payable to Business Development Bank of Canada. The Company believes that the conditions that were reported in its Annual Report on Form 10-K (the “Form 10-K”) for the fiscal year ended January 31, 2013 resulting in doubts about the Company’s ability to continue as a going concern have now been resolved as a result of the closing of the financing and the repayment of such debt as described herein. The Company anticipates it will file an amendment to its Form 10-K shortly.

The following is a summary of the material terms of the financings:
