Garrison Capital Inc. (the “*Company*”), Garrison Funding 2012-1 LLC (“*GF 2012-1*”), Garrison Middle Market Funding LP, Garrison Middle Market Funding A LP (together with Garrison Middle Market Funding LP, the “*Existing Funds*”), Garrison Capital Advisers LLC (the “*Company Adviser*”), Garrison Investment Management LLC (the “*Fund Adviser*” and, together with the Company Adviser, the “*Advisers*”) and Garrison Investment Group LP (collectively, the “*Applicants*”) hereby apply for an order (the “*Order*”) of the U.S. Securities and Exchange Commission (the “*Commission*”) pursuant to Sections 57(a)(4) and 57(i) of the Investment Company Act of 1940, as amended (the “*1940 Act*”), and Rule 17d-1 thereunder, authorizing certain joint transactions that otherwise may be prohibited by Section 57(a)(4) of the 1940 Act and Rule 17d-1 under the 1940 Act.

The Company may, from time to time, form a special purpose subsidiary (a “*Wholly-Owned Investment Subsidiary*”) (a) whose business purposes are to hold one or more investments on behalf of the Company and engage in debt financing transactions treated as leverage of the Company; (b) that is wholly-owned by the Company (with the Company at all times directly or indirectly holding, beneficially and of record, 100% of the voting and economic interests); (c) with respect to which the Board has the sole authority to make all determinations with respect to the Wholly-Owned Investment Subsidiary’s participation under the conditions to this Application; (d) that does not pay a separate advisory fee, including any performance-based fee, to any person, except to the extent such fee is paid to the Company Adviser or to an affiliate of the Company Adviser and any such fees are fully offset against the management

fees otherwise payable by the Company to the Company Adviser; and (e) that is an entity that would be an investment company but for Section 3(c)(1) or 3(c)(7) of the 1940 Act. A Fund would be prohibited from investing in a Co-Investment Transaction with any Wholly-Owned Investment Subsidiary because the Wholly-Owned Investment Subsidiary would be a company controlled by the Company for purposes of Section 57(a)(4) of the 1940 Act and Rule 17d-1 under the 1940 Act. Applicants request that a Wholly-Owned Investment Subsidiary be permitted to participate in Co-Investment Transactions in lieu of the Company and that the Wholly-Owned Investment Subsidiary's participation in any such transaction be treated, for purposes of the Order, as though the Company were participating directly. Applicants represent that this treatment is justified because a Wholly-Owned Investment Subsidiary would have no purpose other than serving as a holding vehicle for the Company's investments and, therefore, no conflicts of interest could arise between the Company and the Wholly-Owned Investment Subsidiary. The Board would make all relevant determinations under the conditions with regard to a Wholly-Owned Investment Subsidiary's participation in a Co-Investment Transaction, and the Board would be informed of, and take into consideration, any proposed use of a Wholly-Owned Investment Subsidiary in the Company's place. If the Company proposes to participate in the same Co-Investment Transaction with any of its Wholly-Owned Investment Subsidiaries, the Board will also be informed of, and take into consideration, the relative participation of the Company and the Wholly-Owned Investment Subsidiary. GF 2012-1 satisfies the definition of Wholly-Owned Investment Subsidiary.

Â

¹ The Fund Adviser and the Company Adviser are both affiliates of and indirectly controlled by Garrison Investment Group LP. Garrison Investment Group LP is controlled by Steven Stuart and Joseph Tansey.

1

In particular, the relief requested in this application (the “*Application*”) would allow the Company, on the one hand, and one or more Funds², on the other hand, to participate in the same investment opportunities through a proposed co-investment program where such participation would otherwise be prohibited by Section 57(a)(4) of the 1940 Act and Rule 17d-1 under the 1940 Act.

All existing entities that currently intend to rely on the Order have been named as Applicants and any entity that may rely on the Order in the future will comply with its terms and conditions.

I. GENERAL DESCRIPTION OF THE APPLICANTS

A. The Company

Garrison Capital LLC was organized as a limited liability company under the Delaware Limited Liability Company Act in November 2010 and commenced operations on December 17, 2010. Garrison Capital LLC elected to be treated as a business development company (“BDC³”) in October 2012 through a notification of election to be subject to Sections 55 through 65 of the 1940 Act on Form N-54A and has filed a registration statement on Form 8-A under the Securities Exchange Act of 1934, as amended (the “*1934 Act*”). Following its election to be treated as a BDC, Garrison Capital LLC converted to Garrison Capital Inc., a Delaware corporation, which is an externally managed, non-diversified, closed-end management investment company. In connection with the conversion, the Company succeeded to the business of Garrison Capital LLC, and the members of Garrison Capital LLC became stockholders of the Company. The Company’s principal place of business is 1350 Avenue of the Americas, New York, New York 10019.

The Company’s investment objective is to generate current income and capital appreciation by making investments generally in the range of \$10 million to \$25 million primarily in debt securities of U.S.-based middle-market companies, which the Company defines as those having annual earnings before interest, taxes and depreciation of between \$5 million and \$30 million. The Company’s goal is to generate attractive risk-adjusted returns by assembling a broad portfolio of investments. The Company invests primarily in (1) first lien senior secured loans, (2) second lien senior secured loans, (3) “one-stop” senior secured or “unitranche” loans, (4) subordinated or mezzanine loans and (5) to a lesser extent, selected equity co-investments in middle-market companies. The Company uses the term “one-stop” or “unitranche” to refer to a loan that combines characteristics of traditional first lien senior secured loans and second lien or subordinated loans. The Company uses the term “mezzanine” to refer to a loan that ranks senior only to a borrower’s equity securities and ranks junior in right of payment to all of such borrower’s other indebtedness. “*Objectives and Strategies*” means the investment objectives and strategies of the Company, as described in the Company’s Registration Statement on Form N-2, other filings the Company has made with the Commission under the Securities Act of 1933, as amended (the “*1933 Act*”), or under the Exchange Act, or in reports to its stockholders.

The Company maintains a seven-member board of directors (the “**Board**”) of which four members are not “interested persons” of the Company within the meaning of Section 2(a)(19) of the 1940 Act (the “**Independent Directors**”). No Independent Director will have a financial interest in any Co-Investment Transaction (as defined below) or any interest in any issuer of securities (each issuer, a “**portfolio company**”), other than through an interest (if any) in the securities of the Company.

As of the date of this Application, Mr. Stuart held sole voting power over and a pecuniary interest in 75,162 shares of the Company’s common stock and shared voting power (with Mr. Tansey) over and a pecuniary interest in 66,667 shares of the Company’s common stock. As of the date of this Application, Mr. Tansey held sole voting power over and a pecuniary interest in 19,047 shares of the Company’s common stock and shared voting power (with Mr. Stuart) over and pecuniary interest in 66,667 shares of the Company’s common stock. As of the date of this Application, Messrs. Stuart and Tansey together hold voting power over and a pecuniary interest in less than 1.0% of the outstanding shares of the Company’s common stock, and Garrison Investment Group LP and other persons controlling, controlled by or under common control with Garrison Investment Group or Messrs. Stuart and Tansey have voting power over and a pecuniary interest in none of the outstanding shares of the Company’s common stock.

² “**Fund**” means any (i) Existing Fund or (ii) Future Fund. “**Future Fund**” means an entity (i) whose investment adviser is the Company Adviser or any investment adviser controlling, controlled by, or under common control with the Company Adviser that is registered as an investment adviser under the Investment Advisers Act of 1940 (collectively, the “**Advisers**”), and (ii) that would be an investment company but for Section 3(c)(1) or 3(c)(7) of the 1940 Act.

³ Section 2(a)(48) of the 1940 Act defines a BDC to be any closed-end investment company that operates for the purpose of making investments in securities described in Sections 55(a)(1) through 55(a)(3) of the 1940 Act and makes available significant managerial assistance with respect to the issuers of such securities.

B. GF 2012-1

GF 2012-1 is a wholly-owned indirect subsidiary of the Company formed on April 19, 2012, to enter into a \$150 million credit facility with the lenders party thereto, Natixis, New York Branch, as administrative agent, and Deutsche Bank Trust Company Americas, as collateral agent and custodian. Under the credit facility, as amended on June 5, 2013, the lenders have agreed to extend credit to GF 2012-1 in an aggregate principal amount of \$175 million, consisting of \$125 million of term loans and \$50 million of revolving loans. The ability of GF 2012-1 to draw under the revolving loans terminates on November 21, 2013, and the credit facility matures on February 21, 2020. The credit facility is secured by all of the assets held by GF 2012-1. GF 2012-1 may directly originate new loans. As of June 30, 2013, GF 2012-1 held investments in 70 of the 83 portfolio companies in which Garrison Capital and its consolidated subsidiaries were invested. The Company consolidates its financial results with those of GF 2012-1 for financial reporting purposes and measures its compliance with the leverage test applicable to business development companies under the 1940 Act on a consolidated basis.

Garrison Funding 2012-1 Manager LLC, a direct subsidiary of the Company and the owner of 100% of the limited liability company interests of GF 2012-1, serves as collateral manager to GF 2012-1 and has entered into a sub-collateral management agreement with the Company Adviser. The Company Adviser is not entitled to receive a fee under the sub-collateral management agreement.

C. The Existing Funds

Garrison Middle Market Funding LP was formed as a limited partnership under the Delaware Revised Uniform Limited Partnership Act on March 14, 2012. Garrison Middle Market Funding LP is a separate and distinct legal entity and relies on the exemption from registration provided by Section 3(c)(7) of the 1940 Act. Garrison Middle Market Funding LP is operated in accordance with a partnership agreement.

Garrison Middle Market Funding A LP was formed as a limited partnership under the Delaware Revised Uniform Limited Partnership Act on November 9, 2012. Garrison Middle Market Funding A LP is a separate and distinct legal entity and relies on the exemption from registration provided by Section 3(c)(7) of the 1940 Act. Garrison Middle Market Funding A LP is operated in accordance with a partnership agreement and was formed for the exclusive purpose of co-investing with Garrison Middle Market Funding LP.

The Existing Funds seek to invest primarily in middle-market companies and institutions. Possible investments in such companies and institutions include (i) secured debt (including first lien, second lien, unitranche and one-stop loans and loans secured by receivables relating to financial assets (e.g., consumer loans)), (ii) unsecured debt (such as mezzanine loans, convertible/exchange loans or bonds), (iii) special situation investments (such as rescue financing, working capital and bridge loans), (iv) equity, warrants and equity-linked investments issued in connection with loan originations or as a result of restructurings, (v) bankruptcy financing (such as debtor-in-possession and exit loans) and

(vi) equity and lower-rated debt tranches that constitute equity in collateralized loan obligation securitization vehicles managed by the Fund Adviser or any affiliate thereof.

There is considerable overlap between the Company's and the Existing Funds' investment objectives and, as a result, investments in certain portfolio companies would be appropriate co-investments for both the Company and the Existing Funds. Both the Existing Funds and the Company will seek to invest in debt securities of U.S.-based middle-market companies.

D. The Advisers

The Fund Adviser and the Company Adviser are both affiliates of, and indirectly controlled by, Garrison Investment Group LP, an alternative investment and asset management firm, which was formed as a limited partnership under the Delaware Revised Uniform Limited Partnership Act on March 21, 2007. Garrison Investment Group LP is controlled by its founders, Steven Stuart and Joseph Tansey. Any Future Fund will be advised by an Adviser. Any Future Fund may seek to co-invest with the Company and the Funds. Any Adviser to a Fund will be registered as an investment adviser under the Investment Advisers Act of 1940.

1. The Company Adviser

Garrison Capital Advisers LLC was organized as a limited liability company under the Delaware Limited Liability Company Act on November 29, 2010 and is privately held. The Company Adviser is registered with the Commission pursuant to Section 203 of the Investment Advisers Act of 1940, as amended (the “*Advisers Act*”).

The Company Adviser has entered into a staffing agreement with Garrison Investment Group LP under which Garrison Investment Group LP has agreed to make experienced investment professionals available to the Company Adviser and to provide access to the senior investment personnel of Garrison Investment Group LP.

The Company Adviser serves as investment adviser to the Company pursuant to an investment advisory agreement (the “*Company Advisory Agreement*”). The Company Adviser is responsible for sourcing potential investments, conducting research and diligence on prospective investments and equity sponsors, analyzing investment opportunities and structuring and monitoring investments on an ongoing basis for the Company. The investment committee of the Company Adviser consists of the following seven members: Joseph Tansey, Steven Stuart, Rafael Astruc, Brian Chase, Mitch Drucker, Susan George and Terence Moore.

2. The Fund Adviser

Garrison Investment Management LLC was organized as a limited liability company under the Delaware Limited Liability Company Act on July 15, 2009 and is privately held. The Fund Adviser itself is not registered with the Commission pursuant to Section 203 of the Advisers Act; however, the Fund Adviser is a “relying adviser” of Garrison Investment Group LP, the managing member of the Fund Adviser.⁴

Under the limited liability company agreement of the Fund Adviser, Garrison Investment Group LP has agreed to provide or make available to the Fund Adviser experienced investment professionals.

The Fund Adviser manages the investment activities of the Existing Funds pursuant to an investment advisory agreement (together with the Company Advisory Agreement, the “*Advisory Agreements*”). The Fund Adviser is responsible for sourcing potential investments, conducting research and diligence on prospective investments and equity sponsors, analyzing investment opportunities and structuring and monitoring investments on an ongoing basis for the Existing Funds. The investment committee of the Fund Adviser consists of the following four members: Joseph Tansey, Mitch Drucker, Susan George and Terence Moore.

D. Garrison Investment Group LP

Garrison Investment Group LP is an alternative investment and asset management firm that was founded in March 2007 by Steven Stuart and Joseph Tansey and is privately held. Garrison Investment Group LP is registered with the Commission pursuant to Section 203 of the Advisers Act. As of December 31, 2012, Garrison Investment Group LP had approximately \$3.1 billion of committed and invested capital under management and a team of 62 employees, including 36 investment professionals. Garrison Investment Group LP is headquartered in New York, New York. Garrison Investment Group LP invests opportunistically in the debt of middle-market companies, primarily in the areas of corporate finance, real estate finance and structured finance.

II. RELIEF FOR PROPOSED CO-INVESTMENTS

A. Co-Investment in Portfolio Companies by the Company and the Funds

1. Mechanics of Co-Investment

As described above, the Company Adviser and the Fund Adviser manage the Company and the Existing Funds pursuant to their respective Advisory Agreements. The Company Adviser anticipates that it will determine that certain investments it recommends to the Company would also be appropriate investments for a Fund. Likewise, the Fund Adviser anticipates that it will determine that certain investments it recommends to the Existing Funds would also be appropriate investments for the Company. Further, the Applicants anticipate that an Adviser will determine that certain investments it recommends to a Fund will also be appropriate investments for the Company. Such a determination may result in the Company and a Fund co-investing in certain investments. “*Co-Investment Transaction*” means any transaction in which the Company (or a Wholly-Owned Investment Subsidiary) participated together with a Fund in reliance on the requested Order. “*Potential Co-Investment Transaction*” means any investment opportunity in which the Company (or a Wholly-Owned Investment Subsidiary) could not participate together with one or more Funds without obtaining and relying on the Order.

As there is (and is expected to be) considerable overlap between the Company’s and the Funds’ investment objectives and investment policies, the Advisers anticipate that opportunities for Potential Co-Investment Transactions will arise when the Advisers become aware of investment opportunities that may be appropriate for both the Company and a Fund. A portfolio company that is an appropriate investment for one entity may be an appropriate investment for two or more entities, with certain exceptions based on available capital, as discussed below.

Upon issuance of the requested Order, in such cases, investment opportunities that are presented to the Company are expected to be referred to the Funds, and vice versa, and such investment opportunities may result in a Co-Investment Transaction. For each such referral, the Company Adviser will consider only the Objectives and Strategies, investment restrictions, regulatory and tax requirements, capital available for investment and other pertinent factors applicable to the Company.

Co-investment between the Company and the Funds is expected to be the norm and the Applicants anticipate that the Company and the Funds would routinely co-invest in Potential Co-Investment Transactions. Each Potential Co-Investment Transaction would be allocated between the Company and the Funds participating in the Potential Co-Investment Transaction. Each Potential Co-Investment Transaction and the proposed allocation of such Potential Co-Investment Transaction would be approved prior to the actual investment by the Required Majority.⁵

All subsequent activity (i.e., to sell, exchange, or otherwise dispose of an investment or to complete a Follow-On Investment⁶) in respect of an investment acquired in a Co-Investment Transaction will also be made in accordance with the terms and conditions set forth in this Application. Engaging in a Co-Investment Transaction requires that the terms, conditions, price, class of securities, settlement date and registration rights applicable to the Company's investment be the same as those applicable to the Funds' investment.

With respect to the pro rata dispositions and Follow-On Investments provided in conditions 7 and 8, the Company may participate in a pro rata disposition or Follow-On Investment without obtaining prior approval of the Required Majority if, among other things: (i) the proposed participation of each Fund and the Company in such disposition is proportionate to its outstanding investments in the issuer immediately preceding the disposition or Follow-On Investment, as the case may be; and (ii) the Board has approved the Company's participation in pro rata dispositions and Follow-On Investments as being in the best interests of the Company. If the Board does not so approve, any such disposition or Follow-On Investment will be submitted to the Eligible Directors. The Board may at any time rescind, suspend or qualify its approval of pro rata dispositions and Follow-On Investments with the result that all dispositions and/or Follow-On Investments must be submitted to the Eligible Directors.

2. Reasons for Co-Investing

It is expected that co-investment in portfolio companies by the Company and the Funds will increase favorable investment opportunities for the Company and the Funds. A Potential Co-Investment Transaction will be effected only if it is approved by the Required Majority on the basis that it would be advantageous for the Company to have the additional capital from the Funds available to meet the funding requirements of attractive investments in portfolio companies, and on the basis stated in condition 2. A BDC that makes investments of the type contemplated by the Company typically limits its participation in any one transaction to a specific dollar amount, which may be determined by legal or internally imposed prudential limits on exposure in a single investment. In view of the foregoing, in cases where the Company Adviser identifies investment opportunities requiring larger capital commitments, it must seek the participation of other entities with similar investment styles. The availability of a Fund as an investing partner of the Company may alleviate some of that necessity in certain circumstances.

⁵ “**Required Majority**” has the meaning provided in Section 57(o) of the 1940 Act. The term “**Eligible Directors**” means the directors who are eligible to vote under Section 57(o).

⁶ “**Follow-On Investment**” means any additional investment in an existing portfolio company, including the exercise of warrants, conversion privileges or other similar rights to acquire additional securities of the portfolio company.

The Company could lose some investment opportunities if it is unable to provide “one-stop” financing to a potential portfolio company. Portfolio companies may reject an offer of funding arranged by the Company Adviser due to the Company’s inability to commit the full amount of financing required by the portfolio company in a timely manner (i.e., without the delay that typically would be associated with obtaining single-transaction exemptive relief from the Commission). By reducing the number of occasions on which the Company’s individual or aggregate investment limits require the Company Adviser to arrange a syndication with unaffiliated entities, the Company will likely be required to forego fewer suitable investment opportunities. With the assets of the Funds available for co-investment, there should be an increase in the number of opportunities accessible to the Company.

The Company Adviser and the Board of the Company believe that it would be advantageous for the Company to co-invest with the Funds and that such investments would be consistent with the investment objective, investment policies, investment position, investment strategies, investment restrictions, regulatory and tax requirements, capital available for investment and other pertinent factors applicable to the Company.

The Company Adviser also believes that co-investment by the Company and the Funds will afford the Company the ability to achieve greater diversification and, together with the Funds, the opportunity to exercise greater influence on the portfolio companies in which the Company and the Funds co-invest.

B. Applicable Law

1. Sections 57(a)(4) and 57(i) of the 1940 Act and Rule 17d-1 thereunder

Section 57(a)(4) of the 1940 Act makes it unlawful for any person who is related to a BDC in a manner described in Section 57(b) of the 1940 Act, acting as principal, knowingly to effect any transaction in which the BDC is a joint or a joint and several participant with that person in contravention of rules and regulations as the Commission may prescribe for the purpose of limiting or preventing participation by the BDC on a basis less advantageous than that of the other participant. Although the Commission has not adopted any rules specifically under Section 57(a)(4) of the 1940 Act, Section 57(i) of the 1940 Act provides that the rules under Section 17(d) of the 1940 Act applicable to registered closed-end investment companies (e.g., Rule 17d-1 under the 1940 Act) are, in the interim, deemed to apply to transactions subject to Section 57(a) of the 1940 Act. Rule 17d-1 under the 1940 Act, as made applicable to BDCs by Section 57(i) of the 1940 Act, prohibits any person who is related to a BDC in a manner described in Section 57(b) of the 1940 Act, acting as principal, from participating in, or effecting any transaction in connection with, any joint enterprise or other joint arrangement or profit-sharing plan in which the BDC is a participant, unless an application regarding the joint enterprise, arrangement or profit-sharing plan has been filed with the Commission and has been granted by an order entered prior to the submission of the plan or any modification thereof to security holders for approval, or prior to its adoption or modification if not so submitted.

In passing upon applications under Rule 17d-1 under the 1940 Act, the Commission considers whether the participation by the BDC in such joint transaction is consistent with the provisions, policies, and purposes of the 1940 Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants.

2. Section 57(b) of the 1940 Act

Section 57(b) of the 1940 Act specifies the persons to whom the prohibitions of Section 57(a)(4) of the 1940 Act apply, including: (1) any director, officer, employee or member of an advisory board of a BDC or any person (other than the BDC itself) who is, within the meaning of Section 2(a)(3)(C) of the 1940 Act, an affiliated person⁷ of any such person; or (2) any investment adviser or promoter of, general partner in, principal underwriter for, or person directly or indirectly either controlling, controlled by, or under common control with⁸ a BDC (except the BDC itself and any person who, if it were not directly or indirectly controlled by the BDC, would not be directly or indirectly under the control of a person who controls the BDC), or any person who is, within the meaning of Section 2(a)(3)(C) of the 1940 Act an affiliated person of such person.

C. Need For Relief

Co-Investment Transactions would be prohibited by Section 57(a)(4) of the 1940 Act and Rule 17d-1 under the 1940 Act without a prior order of the Commission to the extent that a Fund falls within the category of persons described by Section 57(b) of the 1940 Act with respect of the Company. The Existing Funds are, and Future Funds will be, advised by the Company Adviser, the Fund Adviser, or another entity that is under common control with the Company Adviser. Accordingly, each Fund is or will be deemed to be under common control with the Company and a person related to the Company in the manner described in Section 57(b), and therefore subject to the prohibitions of Section 57(a)(4) and Rule 17d-1.

D. Requested Relief

Accordingly, the Applicants respectfully request an Order of the Commission, pursuant to Section 57(i) of the 1940 Act and Rule 17d-1 thereunder, permitting the Funds to participate with the Company in Potential Co-Investment Transactions.

⁷ Section 2(a)(3)(C) of the 1940 Act defines an “affiliated person” of another person as any person directly or indirectly controlling, controlled by, or under common control with, such other person.

⁸ Section 2(a)(9) of the 1940 Act defines “control” as the power to exercise a controlling influence over the management or policies of a company, unless such power is solely the result of an official position with such company. The definition of “control” clarifies that any person who owns beneficially, either directly or through one or more controlled companies, more than 25% of the voting securities of a company shall be presumed to control such company; any person who does not so own more than 25% of the voting securities of a company shall be presumed not to control such company; and a natural person shall be presumed not to be a controlled person.

E. Precedents

The Commission has granted co-investment relief on numerous occasions in the past several years.⁹ Although various precedents involve somewhat different allocation formulae, approval procedures and presumptions for co-investment transactions to protect the interests of public investors in the BDC applicants than those described in this Application, the Applicants submit that the formulae and procedures set forth as conditions for the relief requested herein are consistent with the range of investor protection found in the cited orders. We note, in particular, that the co-investment protocol to be followed by the Applicants here is substantially similar to the protocol followed by Gladstone Capital Corporation and its affiliates, for which an order was granted on July 26, 2012, Medley Capital Corporation and its affiliates, for which an order was granted on March 26, 2012, NGP Capital Resources Company and its affiliates, for which an order was granted on November 10, 2011, and Ridgewood Capital Management LLC and its affiliates, for which an order was granted on October 21, 2009.¹⁰

F. The Applicants' Legal Arguments

Rule 17d-1 was promulgated by the Commission pursuant to Section 17(d) of the 1940 Act and made applicable to BDCs by Section 57(i) of the 1940 Act. Rule 17d-1(a) under the 1940 Act permits an otherwise prohibited person, acting as principal, to participate in, or effect a transaction in connection with, a joint enterprise or other joint arrangement or profit-sharing plan in which a BDC is a participant if an application regarding the joint enterprise, arrangement or profit-sharing plan has been filed with the Commission and has been granted by an order issued prior to the submission of such plan or any modification thereof to security holders for approval, or prior to its adoption or modification if not so submitted. Rule 17d-1(b) under the 1940 Act states that in passing upon applications under such rule, the Commission shall consider whether the participation by the investment company in such joint enterprise, joint arrangement or profit-sharing plan on the basis proposed is consistent with the provisions, policies and purposes of the 1940 Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants.

The Applicants submit that the fact that the Required Majority will approve each Potential Co-Investment Transaction before investment, in addition to the other protective conditions set forth in this Application, will ensure that the Company will be treated fairly. The conditions to which the requested relief will be subject are designed to ensure that the Advisers or the principals of the Advisers would not be able to favor a Fund over the Company through the allocation of investment opportunities between them. Because many attractive investment opportunities for the Company will also be attractive investment opportunities for the Funds, the Applicants submit that the ability to engage in Potential Co-Investment Transactions presents an attractive alternative to instituting an equitable protocol for the allocation of 100% of individual investment opportunities to either the Company or the Funds as opportunities arise. The Applicants submit that the Company's participation in the Potential Co-Investment Transactions will be consistent with the provisions, policies and purposes of the 1940 Act and on a basis that is not different from, or less advantageous than, that of the Funds.

G. Conditions

The Applicants agree that any Order granting the requested relief will be subject to the following conditions:

1. Each time an Adviser considers a Potential Co-Investment Transaction for a Fund that falls within the Company's then-current Objectives and Strategies, the Company Adviser will make an independent determination of the appropriateness of the investment for the Company in light of the Company's then-current circumstances.

2. (a) If the Company Adviser deems the Company's participation in any Potential Co-Investment Transaction to be appropriate for the Company, it will then determine an appropriate level of investment for the

Company;

(b) If the aggregate amount recommended by the Company Adviser to be invested in the Potential Co-Investment Transaction by the Company and the Funds, collectively, in the same transaction, exceeds the amount of the investment opportunity, the amount proposed to be invested by each party will be allocated among them pro rata based on each party's capital available for investment in the asset class being allocated, up to the amount proposed to be invested by each party. The Company Adviser will provide the Eligible Directors with information concerning each participating party's available capital to assist the Eligible Directors with their review of the Company's investments for compliance with these allocation procedures; and

9

(c) After making the determinations required in conditions 1 and 2(a), the Company Adviser will distribute written information concerning the Potential Co-Investment Transaction, including the amount proposed to be invested by the Company and the Funds, to the Eligible Directors for their consideration. The Company will co-invest with the Funds only if, prior to participating in the Potential Co-Investment Transaction, a Required Majority concludes that:

(i) the terms of the transaction, including the consideration to be paid, are reasonable and fair to the Company and its stockholders and do not involve overreaching in respect of the Company or its stockholders on the part of any person concerned;

(ii) the transaction is consistent with:

(A) the interests of the stockholders of the Company; and

(B) the Company's then-current Objectives and Strategies;

(iii) the investment by the Funds would not disadvantage the Company, and participation by the Company would not be on a basis different from or less advantageous than that of the Funds; provided, that if any Fund, but not the Company, gains the right to nominate a director for election to a portfolio company's board of directors or the right to have a board observer or any similar right to participate in the governance or management of the portfolio company, such event will not be interpreted to prohibit the Required Majority from reaching the conclusions required by this condition (2)(c)(iii), if

(A) the Eligible Directors will have the right to ratify the selection of such director or board observer, if any;

(B) the Advisers of the participating Funds agree to, and do, provide periodic reports to the Company's Board with respect to the actions of the director or the information received by the board observer or obtained through the exercise of any similar right to participate in the governance or management of the portfolio company; and

(C) any fees or other compensation that the Funds or any affiliated person of the Funds receive in connection with the right of the Funds to nominate a director or appoint a board observer or otherwise to participate in the governance or management of the portfolio company will be shared proportionately among the participating Funds

(which may, in turn, share their portion with their affiliated persons) and the Company in accordance with the amount of each party's investment; and

(iv) the proposed investment by the Company will not benefit the Advisers, any Fund or any affiliated person of any of them (other than the parties to the Co-Investment Transaction), except (a) to the extent permitted by condition 13; (b) to the extent permitted by Section 57(k) of the 1940 Act; (c) indirectly, as a result of an interest in securities issued by one of the parties to the Co-Investment Transaction; or (d) in the case of fees or other compensation described in condition 2(c)(iii)(C).

3. The Company has the right to decline to participate in any Potential Co-Investment Transaction or to invest less than the amount proposed.

4. The Company Adviser will present to the Board, on a quarterly basis, a record of all investments in Potential Co-Investment Transactions made by any of the Funds during the preceding quarter that fell within the Company's then-current Objectives and Strategies that were not made available to the Company and an explanation of why the investment opportunities were not offered to the Company. All information presented to the Board pursuant to this condition will be kept for the life of the Company and at least two years thereafter, and will be subject to examination by the Commission and its Staff.

5. Except for Follow-On Investments made in accordance with condition 8, the Company will not invest in reliance on the Order in any issuer in which any Fund or any affiliated person thereof is an existing investor.

6. The Company will not participate in any Potential Co-Investment Transaction unless the terms, conditions, price, class of securities to be purchased, settlement date and registration rights will be the same for the Company and each participating Fund. The grant to a Fund, but not the Company, of the right to nominate a director for election to a portfolio company's board of directors, the right to have an observer on the board of directors or similar rights to participate in the governance or management of the portfolio company will not be interpreted so as to violate this condition 6, if conditions 2(c)(iii)(A), (B) and (C) are met.

7. (a) If any Fund elects to sell, exchange or otherwise dispose of an interest in a security that was acquired by the Company in a Co-Investment Transaction, the applicable Adviser will:

- (i) notify the Company of the proposed disposition at the earliest practical time; and
- (ii) the Company Adviser will formulate a recommendation as to participation by the Company in the disposition.

(b) The Company will have the right to participate in such disposition on a proportionate basis, at the same price and on the same terms and conditions as those applicable to the Funds.

(c) The Company may participate in such disposition without obtaining prior approval of the Required Majority if: (i) the proposed participation of the Company and each Fund in such disposition is proportionate to its outstanding

investments in the issuer immediately preceding the disposition; (ii) the Board has approved as being in the best interests of the Company the ability to participate in such dispositions on a pro rata basis (as described in greater detail in this Application); and (iii) the Board is provided on a quarterly basis with a list of all dispositions made in accordance with this condition. In all other cases, the Company Adviser shall provide its written recommendation as to the Company's participation to the Eligible Directors, and the Company will participate in such disposition solely to the extent that a Required Majority determines that it is in the Company's best interests.

(d) The Company and each Fund will bear their own expenses in connection with any such disposition.

8. (a) If a Fund desires to make a Follow-On Investment in a portfolio company whose securities were acquired in a Co-Investment Transaction, the applicable Adviser will:

(i) notify the Company of the proposed Follow-On Investment at the earliest practical time; and

(ii) the Company Adviser will formulate a recommendation as to the proposed participation, including the amount of the proposed Follow-On Investment, by the Company.

(b) The Company may participate in such Follow-On Investment without obtaining prior approval of the Required Majority if: (i) the proposed participation of the Company and each Fund in such investment is proportionate to its outstanding investments in the portfolio company immediately preceding the Follow-On Investment; and (ii) the Board has approved as being in the best interests of the Company the ability to participate in Follow-On Investments on a pro rata basis (as described in greater detail in this Application). In all other cases, the Company Adviser will provide its written recommendation as to the Company's participation to the Eligible Directors, and the Company will participate in such Follow-On Investment solely to the extent that a Required Majority determines that it is in the Company's best interests.

(c) If, with respect to any Follow-On Investment:

(i) the amount of the opportunity is not based on the Company's and the Funds' outstanding investments immediately preceding the Follow-On Investment; and

(ii) the aggregate amount recommended by the Company Adviser to be invested by the Company in the Follow-On Investment, together with the amount proposed to be invested by the Funds in the same transaction, exceeds the amount of the opportunity,

then the amount invested by each such party will be allocated among them pro rata based on each party's capital available for investment in the asset class being allocated, up to the amount proposed to be invested by each.

(d) The acquisition of Follow-On Investments as permitted by this condition will be considered a Co-Investment Transaction for all purposes and subject to the other conditions set forth in this Application.

9. The Independent Directors will be provided quarterly for review all information concerning Potential Co-Investment Transactions and Co-Investment Transactions, including investments made by the Funds that the Company considered but declined to participate in, so that the Independent Directors may determine whether all investments made during the preceding quarter, including those investments that the Company considered but declined to participate in, comply with the conditions of the Order. In addition, the Independent Directors will consider at least annually the continued appropriateness for the Company of participating in new and existing Co-Investment Transactions.

10. The Company will maintain the records required by Section 57(f)(3) of the 1940 Act as if each of the investments permitted under these conditions were approved by the Required Majority under Section 57(f).

11. No Independent Director will also be a director, general partner, managing member or principal, or otherwise an “affiliated person” (as defined in the 1940 Act), of any Fund.

12. The expenses, if any, associated with acquiring, holding or disposing of any securities acquired in a Co-Investment Transaction (including, without limitation, the expenses of the distribution of any such securities registered for sale under the 1933 Act) will, to the extent not payable by an Adviser under any agreement with the Company or the Funds, be shared by the Company and the Funds in proportion to the relative amounts of the securities held or being acquired or disposed of, as the case may be.

13. Any transaction fee (including break-up or commitment fees but excluding broker's fees contemplated by Section 57(k) of the 1940 Act) received in connection with a Co-Investment Transaction will be distributed to the Company and the Funds on a pro rata basis, based on the amounts they invested or committed, as the case may be, in such Co-Investment Transaction. If any transaction fee is to be held by an Adviser pending consummation of the Co-Investment Transaction, the fee will be deposited into an account maintained by such Adviser at a bank or banks having the qualifications prescribed in Section 26(a)(1) of the 1940 Act, and the account will earn a competitive rate of interest that will also be divided pro rata among the Company and the Funds based on the amounts they invest in such Co-Investment Transaction. None of the Funds, the Advisers or any affiliated person of the Company will receive additional compensation or remuneration of any kind (other than (i) in the case of the Company and the Funds, the pro rata transaction fees described above and fees or other compensation described in condition 2(c)(iii)(C) and (ii) in the case of the Advisers, investment advisory fees paid in accordance with the Advisory Agreements with the Company and the Funds and any investment advisory agreement or other agreement with a Fund) as a result of, or in connection with, a Co-Investment Transaction.
