The Company will be delayed in the filing of its Annual Report on Form 10-K for the fiscal year ended January 31, 2015 due to the ongoing exploration of strategic alternatives by the Company in respect of a discontinuance of its Brazilian operations and the additional time required by the Company to determine the disclosures associated with accounting for the Company's discontinued Brazilian operations and related issues.

If answer is no, identify report(s).

Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

For the nine months ended October 31, 2014, the Company reported a net loss of \$2,885,895 versus net income of \$1,491,439 for the comparable period of the prior year. The Company expects to report significant net income for the fourth quarter of the fiscal year ended January 31, 2015 as compared to a loss reported in the comparable period of the prior year. The Company also anticipates that revenues in the fourth quarter of fiscal 2015 will be substantially greater than those of the fourth quarter of fiscal 2014. These favorable results are due in part to an increase in sales of specialty protective suits worn by healthcare workers and others in view of the recent Ebola crisis and otherwise overall strengthening of the Company's operations.
