**Item 8.01 Other Events.**

**Section 12(j) Proceeding to Revoke the Registration of the Company's Securities**

On June 23, 2016, Frawley Corporation (the "Company") was named as a respondent in an Order Instituting Administrative Proceedings and Notice of Hearing Pursuant to Section 12(j) of the Securities Exchange Act of 1934, File No. 3-17310 (the "Order"). As stated in the Order, the Securities and Exchange Commission (the "Commission") deems it necessary and appropriate for the protection of investors that a public administrative proceeding (the "Proceeding") be instituted pursuant to Section 12(j) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as a result of the Company's failure to file periodic reports since its Form 10-K for the period ended December 31, 2011, and quarterly reports since the period ended March 31, 2008.

A pre-hearing conference for the Proceeding is currently scheduled for August 26, 2016. At or prior to the hearing, the Company intends to accept the revocation of registration of its securities under Section 12 of the Exchange Act, and expects that such revocation will become effective shortly thereafter. Upon such revocation, the Company's periodic reporting obligations under Section 13(a) of the Exchange Act will terminate and any trading of the Company's securities will cease.

**Business Update**

Due to setbacks in the Company's real estate operations, management of the Company has determined that it is no longer viable for the Company to remain in business. Over the past twelve months, business conditions affecting the Company's real estate parcels have deteriorated significantly.

Among other things, in November 2015, the County of Los Angeles adopted a new General Plan, which includes a new "Significant Ecological Area" map overlaying the Company's undeveloped land. In addition, in June 2016, the County of Los Angeles announced that it plans to adopt Coastal Zone regulations for the remainder of the Santa Monica Mountains, where the Company has three parcels of undeveloped land. In addition, two of the Company's three remaining parcels of land are in a location that may contain an endangered plant, which creates substantial uncertainty regarding the ability to obtain environmental permits from the California Department of Fish and Wildlife necessary to initiate any meaningful development of these parcels. These conditions will make development of the Company's parcels expensive, time consuming and uneconomical.

The Company has pledged its real estate assets to lenders in order to secure indebtedness with a principal amount plus accrued interest of approximately \$3,000,000. The Company is attempting to settle with these creditors, and expects to do so by year-end 2016, after which management intends to dissolve the Company. Management does not expect that there will be any value remaining for Company stockholders, once these secured creditors and others liabilities are satisfied.

**SIGNATURES**
