WELLS REAL ESTATE INVESTMENT TRUST, INC.

Up to 300,000,000 shares offered to the public

Wells Real Estate Investment Trust, Inc. (Wells REIT) is a real estate investment trust. We invest in commercial real estate properties primarily consisting of high grade office and industrial buildings leased to large corporate tenants. As of July 1, 2002, we owned interests in 53 real estate properties located in 19 states.

We are offering and selling to the public up to 300,000,000 shares for \$10 per share and up to 30,000,000 shares to be issued pursuant to our dividend reinvestment plan at a purchase price of \$10 per share. We are registering an additional 6,600,000 shares for issuance at \$12 per share to participating broker-dealers upon their exercise of warrants.

You must purchase at least 100 shares for \$1,000.

The most significant risks relating to your investment include the following:

lack of a public trading market for the shares;

reliance on Wells Capital, Inc., our advisor, to select properties and conduct our operations;

authorization of substantial fees to the advisor and its affiliates;

borrowing which increases the risk of loss of our investments; and

conflicts of interest facing the advisor and its affiliates.

You should see the complete discussion of the risk factors beginning on page 17.

The Offering:

The shares will be offered on a best efforts basis to investors at \$10 per share.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We will pay selling commissions to broker-dealers of 7% and a dealer manager fee of 2.5% out of the offering proceeds raised.

We will invest approximately 84% of the offering proceeds raised in real estate properties, and the balance will be used to pay fees and expenses.

This offering will terminate on or before July 25, 2004.

Neither the Securities and Exchange Commission, the Attorney General of the State of New York nor any other state securities regulator has approved or disapproved of these securities or determined if this prospectus is truthful or complete. It is a criminal offense if someone tells you otherwise.

The use of projections or forecasts in this offering is prohibited. No one is permitted to make any oral or written predictions about the cash benefits or tax consequences you will receive from your investment.

QUESTIONS AND ANSWERS ABOUT THIS OFFERING

Below we have provided some of the more frequently asked questions and answers relating to an offering of this type. Please see the Prospectus Summary and the remainder of this prospectus for more detailed information about this offering.

Q: What is a REIT?

A: In general, a REIT is a company that:

combines the capital of many investors to acquire or provide financing for real estate properties;

pays dividends to investors of at least 90% of its taxable income;

avoids the double taxation treatment of income that would normally result from investments in a corporation because a REIT is not generally subject to federal corporate income taxes on its net income, provided certain income tax requirements are satisfied; and

allows individual investors to invest in a large-scale diversified real estate portfolio through the purchase of interests, typically shares, in the REIT.

Q: What is Wells Real Estate Investment Trust, Inc.?

A: Wells Real Estate Investment Trust, Inc. is a non-traded REIT formed with the intent to provide investors the potential for income and growth through the acquisition and operation of high-grade commercial office and industrial buildings leased long-term to high net worth companies (typically having a minimum net worth of \$100,000,000). The Wells REIT was incorporated in the State of Maryland in 1997.

Q: Who will choose which real estate properties to invest in?

A: Wells Capital, Inc. (Wells Capital) is the advisor to the Wells REIT and, as such, manages our daily affairs and makes recommendations on all property acquisitions to our board of directors. Our board of directors must approve all of our property acquisitions.

Q: Who is Wells Capital?

A: Wells Capital, as our advisor, provides investment advisory and management, marketing, sales and client services on our behalf. Wells Capital was incorporated in the State of Georgia in 1984. As of June 30, 2002, Wells Capital had sponsored public real estate programs which have raised in excess of \$1,795,000,000 from approximately 65,000 investors and which own and operate a total of 78 commercial real estate properties.

Table of Contents**Q: What are the specific criteria Wells Capital uses when selecting a potential property acquisition?**

A: Wells Capital generally seeks to acquire high quality office and industrial buildings located in densely populated metropolitan markets on an economically triple-net basis leased to large companies having a net worth in excess of \$100,000,000. Current tenants of public real estate programs sponsored by Wells Capital include The Coca-Cola Company, State Street Bank, AT&T, Siemens Automotive, PricewaterhouseCoopers, Novartis and SYSCO Corporation.

To find properties that best meet our selection criteria for investment, Wells Capital's property acquisition team studies regional demographics and market conditions and interviews local brokers to gain the practical knowledge that these studies sometimes lack. An experienced commercial construction engineer inspects the structural soundness and the operating systems of each building, and an environmental firm investigates all environmental issues to ensure each property meets our quality specifications.

Q: How many real estate properties do you currently own?

A: As of July 1, 2002, we had acquired and owned interests in 53 real estate properties, all of which were 100% leased to tenants. We own the following properties directly:

Table of Contents

Q: Why do you acquire properties in joint ventures?

A: We acquire some of our properties in joint ventures in order to diversify our portfolio of properties in terms of geographic region, property type and industry group of our tenants.

Q: What steps do you take to make sure you purchase environmentally compliant property?

A: We always obtain a Phase I environmental assessment of each property purchased. In addition, we generally obtain a representation from the seller that, to its knowledge, the property is not contaminated with hazardous materials.

Q: What are the terms of your leases?

A: We seek to secure leases with creditworthy tenants prior to or at the time of the acquisition of a property. Our leases are generally economically triple-net leases, which means that the tenant is responsible for the cost of repairs, maintenance, property taxes, utilities, insurance and other operating costs. In most of our leases, we are responsible for replacement of specific structural components of a property such as the roof of the building or the parking lot. Our leases generally have terms of eight to 10 years, many of which have renewal options for additional five-year terms.

Q: How does the Wells REIT own its real estate properties?

A: We own all of our real estate properties through an UPREIT called Wells Operating Partnership, L.P. (Wells OP). Wells OP was organized to own, operate and manage real properties on our behalf. The Wells REIT is the sole general partner of Wells OP.

Q: What is an UPREIT ?

A: UPREIT stands for Umbrella Partnership Real Estate Investment Trust. The UPREIT structure is used because a sale of property directly to the REIT is generally a taxable transaction to the selling property owner. In an UPREIT structure, a seller of a property who desires to defer taxable gain on the sale of his property may transfer the property to the UPREIT in exchange for limited partnership units in the UPREIT and defer taxation of gain until the seller later exchanges his UPREIT units on a one-for-one basis for REIT shares. If the REIT shares are publicly traded, the former property owner will achieve liquidity for his investment. Using an UPREIT structure gives us an advantage in acquiring desired properties from persons who may not otherwise sell their properties because of unfavorable tax results.

Q: If I buy shares, will I receive dividends and how often?

A: We have been making and intend to continue to make dividend distributions on a quarterly basis to our stockholders. The amount of each dividend distribution is determined by our board of directors and typically depends on the amount of distributable funds, current and projected cash

Table of Contents

requirements, tax considerations and other factors. However, in order to remain qualified as a REIT, we must make distributions of at least 90% of our REIT taxable income.

Q: How do you calculate the payment of dividends to stockholders?

A: We calculate our quarterly dividends on a daily basis to stockholders of record so your dividend benefits will begin to accrue immediately upon becoming a stockholder.

Q: What have your dividend payments been since you began operations on June 5, 1998?

A: We have paid the following dividends since we began operations:

<u>Quarter</u>	<u>Approximate Amount (Rounded)</u>	<u>Annualized Percentage Return on an Investment of \$10 per Share</u>
3rd Qtr. 1998	\$0.150 per share	6.00%
4th Qtr. 1998	\$0.163 per share	6.50%
1st Qtr. 1999	\$0.175 per share	7.00%
2nd Qtr. 1999	\$0.175 per share	7.00%
3rd Qtr. 1999	\$0.175 per share	7.00%
4th Qtr. 1999	\$0.175 per share	7.00%
1st Qtr. 2000	\$0.175 per share	7.00%
2nd Qtr. 2000	\$0.181 per share	7.25%
3rd Qtr. 2000	\$0.188 per share	7.50%
4th Qtr. 2000	\$0.188 per share	7.50%
1st Qtr. 2001	\$0.188 per share	7.50%
2nd Qtr. 2001	\$0.188 per share	7.50%
3rd Qtr. 2001	\$0.188 per share	7.50%
4th Qtr. 2001	\$0.194 per share	7.75%
1st Qtr. 2002	\$0.194 per share	7.75%
2nd Qtr. 2002	\$0.194 per share	7.75%
3rd Qtr. 2002	\$0.194 per share	7.75%

Q: May I reinvest my dividends in shares of the Wells REIT?

A: Yes. You may participate in our dividend reinvestment plan by checking the appropriate box on the Subscription Agreement or by filling out an enrollment form we will provide to you at your request. The purchase price for shares purchased under the dividend reinvestment plan is currently \$10 per share.

Table of Contents

Q: Will the dividends I receive be taxable as ordinary income?

A: Yes and No. Generally, dividends that you receive, including dividends that are reinvested pursuant to our dividend reinvestment plan, will be taxed as ordinary income to the extent they are from current or accumulated earnings and profits. We expect that some portion of your dividends will not be subject to tax in the year in which they are received because depreciation expenses reduce the amount of taxable income but do not reduce cash available for distribution. The portion of your distribution which is not subject to tax immediately is considered a return of capital for tax purposes and will reduce the tax basis of your investment. This, in effect, defers a portion of your tax until your investment is sold or the Wells REIT is liquidated, at which time you will be taxed at capital gains rates. However, because each investor's tax considerations are different, we suggest that you consult with your tax advisor. You should also review the section of the prospectus entitled "Federal Income Tax Considerations."

Q: What will you do with the money raised in this offering?

A: We will use your investment proceeds to purchase high-grade commercial office and industrial buildings. We intend to invest a minimum of 84% of the proceeds from this offering to acquire real estate properties, and the remaining proceeds will be used to pay fees and expenses of this offering and acquisition-related expenses. The payment of these fees and expenses will not reduce your invested capital. Your initial invested capital amount will remain \$10 per share, and your dividend yield will be based on your \$10 per share investment.

Until we invest the proceeds of this offering in real estate, we may invest in short-term, highly liquid or other authorized investments. Such short-term investments will not earn as high of a return as we expect to earn on our real estate investments, and we cannot guarantee how long it will take to fully invest the proceeds in real estate.

We received approximately \$132,181,919 in gross offering proceeds from the sale of 13,218,192 shares of common stock in our initial public offering, which commenced on January 30, 1998 and was terminated on December 19, 1999. Of the \$132,181,919 raised in the initial offering, we invested a total of \$111,032,812 in real estate properties. We received approximately \$175,229,193 in gross offering proceeds from the sale of 17,522,920 shares of common stock in our second public offering, which commenced on December 20, 1999 and was terminated on December 19, 2000. Of the \$175,229,193 raised in the second offering, we invested a total of \$147,192,522 in real estate properties. As of June 30, 2002, we had received approximately \$1,148,480,414 in gross offering proceeds from the sale of 114,895,413 shares of common stock in our third offering, which commenced on December 20, 2000. Of this additional \$1,148,480,414 raised in the third offering, we have invested \$627,067,589 in real estate properties and, as of June 30, 2002, we have \$344,269,118 available for investment in properties.

Q: What kind of offering is this?

A: We are offering the public up to 300,000,000 shares of common stock on a "best efforts" basis.

Table of Contents

Q: How does a best efforts offering work?

A: When shares are offered to the public on a best efforts basis, the brokers participating in the offering are only required to use their best efforts to sell the shares and have no firm commitment or obligation to purchase any of the shares.

Q: How long will this offering last?

A: The offering will not last beyond July 25, 2004.

Q: Who can buy shares?

A: You can buy shares pursuant to this prospectus provided that you have either (1) a net worth of at least \$45,000 and an annual gross income of at least \$45,000, or (2) a net worth of at least \$150,000. For this purpose, net worth does not include your home, home furnishings or personal automobiles. These minimum levels may be higher in certain states, so you should carefully read the more detailed description in the Suitability Standards section of this prospectus.

Q: Is there any minimum investment required?

A: Yes. Generally, you must invest at least \$1,000. Except in Maine, Minnesota, Nebraska and Washington, investors who already own our shares or who have purchased units from an affiliated Wells public real estate program can make purchases for less than the minimum investment. These minimum investment levels may be higher in certain states, so you should carefully read the more detailed description of the minimum investment requirements appearing later in the Suitability Standards section of this prospectus.

Q: How do I subscribe for shares?

A: If you choose to purchase shares in this offering, you will need to fill out a Subscription Agreement, like the one contained in this prospectus as Exhibit A, for a specific number of shares and pay for the shares at the time you subscribe.

Q: If I buy shares in this offering, how may I later sell them?

A: At the time you purchase the shares, they will not be listed for trading on any national securities exchange or over-the-counter market. In fact, we expect that there will not be any public market for the shares when you purchase them, and we cannot be sure if one will ever develop. As a result, you may find it difficult to find a buyer for your shares and realize a return on your investment. You may sell your shares to any buyer unless such sale would cause the buyer to own more than 9.8% of our outstanding stock. See Description of Shares Restriction on Ownership of Shares.

Table of Contents

In addition, after you have held your shares for at least one year, you may be able to have your shares repurchased by the Wells REIT pursuant to our share redemption program. See the Description of Shares Share Redemption Program section of the prospectus.

If we have not listed the shares on a national securities exchange or over-the-counter market by January 30, 2008, our articles of incorporation require us to begin selling our properties and other assets and return the net proceeds from these sales to our stockholders through distributions.

Q: What is the experience of your officers and directors?

A: Our management team has extensive previous experience investing in and managing commercial real estate. Below is a short description of the background of each of our directors. See the Management Executive Officers and Directors section on page 34 of this prospectus for a more detailed description of the background and experience of each of our directors.

PROSPECTUS SUMMARY

This prospectus summary highlights selected information contained elsewhere in this prospectus. It is not complete and does not contain all of the information that is important to your decision whether to invest in the Wells REIT. To understand this offering fully, you should read the entire prospectus carefully, including the Risk Factors section and the financial statements.

Wells Real Estate Investment Trust, Inc.

Wells Real Estate Investment Trust, Inc. is a REIT that owns net leased commercial real estate properties. As of July 1, 2002, we owned interests in 53 commercial real estate properties located in 19 states. Our office is located at 6200 The Corners Parkway, Suite 250, Atlanta, Georgia 30092. Our telephone number outside the State of Georgia is 800-557-4830 (770-243-8282 in Georgia). We refer to Wells Real Estate Investment Trust, Inc. as the Wells REIT in this prospectus.

Our Advisor

Our advisor is Wells Capital, Inc., which is responsible for managing our affairs on a day-to-day basis and for identifying and making acquisitions on our behalf. We refer to Wells Capital, Inc. as Wells Capital in this prospectus.

Our Management

Our board of directors must approve each real property acquisition proposed by Wells Capital, as well as certain other matters set forth in our articles of incorporation. We have ten members on our board of directors. Eight of our directors are independent of Wells Capital and have responsibility for reviewing its performance. Our directors are elected annually by the stockholders.

Our REIT Status

As a REIT, we generally are not subject to federal income tax on income that we distribute to our stockholders. Under the Internal Revenue Code, REITs are subject to numerous organizational and operational requirements, including a requirement that they distribute at least 90% of their taxable income to their stockholders. If we fail to qualify for taxation as a REIT in any year, our income will be taxed at regular corporate rates, and we may be precluded from qualifying for treatment as a REIT for the four-year period following our failure to qualify. Even if we qualify as a REIT for federal income tax purposes, we may still be subject to state and local taxes on our income and property and to federal income and excise taxes on our undistributed income.

Summary Risk Factors

Following are the most significant risks relating to your investment:

There is no public trading market for the shares, and we cannot assure you that one will ever develop. Until the shares are publicly traded, you will have a difficult time trying to sell your shares.

You must rely on Wells Capital, our advisor, for the day-to-day management of our business and the selection of our real estate properties.

Table of Contents

To ensure that we continue to qualify as a REIT, our articles of incorporation prohibit any stockholder from owning more than 9.8% of our outstanding shares.

We may not remain qualified as a REIT for federal income tax purposes, which would subject us to the payment of tax on our income at corporate rates and reduce the amount of funds available for payment of dividends to our stockholders.

You will not have preemptive rights as a stockholder, so any shares we issue in the future may dilute your interest in the Wells REIT.

We will pay significant fees to Wells Capital and its affiliates.

Real estate investments are subject to cyclical trends that are out of our control.

You will not have an opportunity to evaluate all of the properties that will be in our portfolio prior to investing.

Loans we obtain will be secured by some of our properties, which will put those properties at risk of forfeiture if we are unable to pay our debts.

Our investment in vacant land to be developed may create risks relating to the builder's ability to control construction costs, failure to perform or failure to build in conformity with plans, specifications and timetables.

The vote of stockholders owning at least a majority of our shares will bind all of the stockholders as to certain matters such as the election of our directors and amendment of our articles of incorporation.

If we do not obtain listing of the shares on a national exchange by January 30, 2008, our articles of incorporation provide that we must begin to sell all of our properties and distribute the net proceeds to our stockholders.

Our advisor will face various conflicts of interest resulting from its activities with affiliated entities.

Before you invest in the Wells REIT, you should see the complete discussion of the Risk Factors beginning on page 17 of this prospectus.

Description of Real Estate Investments

Please refer to the Description of Real Estate Investments section of this prospectus for a description of the real estate properties we have purchased to date and the various real estate loans we have outstanding. Wells Capital is currently evaluating additional potential property acquisitions. As we acquire new properties, we will provide supplements to this prospectus to describe these properties.

Estimated Use of Proceeds of Offering

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We anticipate that we will invest at least 84% of the proceeds of this offering in real estate properties. We will use the remainder of the offering proceeds to pay selling commissions, fees and expenses relating to the selection and acquisition of properties and the costs of the offering.

Table of Contents

Investment Objectives

Our investment objectives are:

to maximize cash dividends paid to you;

to preserve, protect and return your capital contribution;

to realize growth in the value of our properties upon our ultimate sale of such properties; and

to provide you with liquidity of your investment by listing the shares on a national exchange or, if we do not obtain listing of the shares by January 30, 2008, by selling our properties and distributing the cash to you.

We may only change these investment objectives by a vote of our stockholders holding a majority of our outstanding shares. See the Investment Objectives and Criteria section of this prospectus for a more complete description of our business and objectives.

Conflicts of Interest

Wells Capital, as our advisor, will experience conflicts of interest in connection with the management of our business affairs, including the following:

Wells Capital will have to allocate its time between the Wells REIT and other real estate programs and activities in which it is involved;

Wells Capital must determine which properties the Wells REIT or another Wells program or joint venture should acquire and which Wells program or other entity should enter into a joint venture with the Wells REIT for the acquisition and operation of specific properties;

Wells Capital may compete with other Wells programs for the same tenants in negotiating leases or in selling similar properties at the same time; and

Wells Capital and its affiliates will receive fees in connection with transactions involving the purchase, management and sale of our properties regardless of the quality of the property acquired or the services provided to us.

See the Conflicts of Interest section of this prospectus on page 54 for a detailed discussion of the various conflicts of interest relating to your investment, as well as the procedures that we have established to resolve a number of these potential conflicts.

Table of Contents

The following chart shows the ownership structure of the various Wells entities that are affiliated with Wells Capital.

Prior Offering Summary

Wells Capital and its affiliates have previously sponsored 14 publicly offered real estate limited partnerships and the Wells REIT on an unspecified property or "blind pool" basis. As of June 30, 2002, they have raised approximately \$1,795,000,000 from approximately 65,000 investors in these 15 public real estate programs. The "Prior Performance Summary" on page 108 of this prospectus contains a discussion of the Wells programs sponsored to date. Certain statistical data relating to the Wells programs with investment objectives similar to ours is also provided in the "Prior Performance Tables" included at the end of this prospectus.

The Offering

We are offering up to 300,000,000 shares to the public at \$10 per share and up to 30,000,000 shares pursuant to our dividend reinvestment plan at \$10 per share. We reserve the right in the future to reallocate additional dividend reinvestment shares out of the shares we are offering to the public, if necessary. We are also offering up to 6,600,000 shares to broker-dealers pursuant to warrants whereby participating broker-dealers will have the right to purchase one share for every 50 shares they sell in this offering. The exercise price for shares purchased pursuant to the warrants is \$12 per share.

Table of Contents

Terms of the Offering

We will begin selling shares in this offering upon the effective date of this prospectus, and this offering will terminate on or before July 25, 2004. However, we may terminate this offering at any time prior to such termination date. We will hold your investment proceeds in our account until we withdraw funds for the acquisition of real estate properties or the payment of fees and expenses. We generally admit stockholders to the Wells REIT on a daily basis.

Compensation to Wells Capital

Wells Capital and its affiliates will receive compensation and fees for services relating to this offering and the investment and management of our assets. The most significant items of compensation are included in the following table:

<u>Type of Compensation</u>	<u>Form of Compensation</u>	<u>Estimated \$\$ Amount for Maximum Offering (330,000,000 shares)</u>
<i>Offering Stage</i>		
Selling Commissions	7.0% of gross offering proceeds	\$231,000,000
Dealer Manager Fee	2.5% of gross offering proceeds	\$82,500,000
Organization and Offering Expenses	3.0% of gross offering proceeds	\$49,500,000 (estimated)
<i>Acquisition and Development Stage</i>		
Acquisition and Advisory Fees	3.0% of gross offering proceeds	\$99,000,000
Acquisition Expenses	0.5% of gross offering proceeds	\$16,500,000
<i>Operational Stage</i>		
Property Management	4.5% of gross revenues	N/A
Initial Lease-Up Fee for Newly Constructed Property	Competitive fee for geographic location of property based on a survey of brokers and agents (customarily equal to the first month's rent)	N/A
Real Estate Commissions	3.0% of contract price for properties sold after investors receive a return of capital plus an 8.0% return on capital	N/A
Subordinated Participation In Net Sale Proceeds (Payable only if the Wells REIT is not listed on an exchange)	10.0% of remaining amounts of net sale proceeds after return of capital plus payment to investors of an 8.0% cumulative non-compounded return on the capital contributed by investors	N/A
Subordinated Incentive Listing Fee (Payable only if the Wells REIT is listed on an exchange)	10.0% of the amount by which the adjusted market value of the Wells REIT exceeds the aggregate capital contributions contributed by investors	N/A

Table of Contents

There are many additional conditions and restrictions on the amount of compensation Wells Capital and its affiliates may receive. There are also some smaller items of compensation and expense reimbursements that Wells Capital may receive. For a more detailed explanation of these fees and expenses payable to Wells Capital and its affiliates, please see the **Management Compensation** section of this prospectus on page 49.

Dividend Policy

In order to remain qualified as a REIT, we are required to distribute 90% of our annual taxable income to our stockholders. We have paid dividends to our stockholders at least quarterly since the first quarter after we commenced operations on June 5, 1998. We calculate our quarterly dividends based upon daily record and dividend declaration dates so investors will be entitled to dividends immediately upon purchasing our shares. We expect to pay dividends to you on a quarterly basis.

Listing

Our articles of incorporation allow us to list our shares on a national securities exchange on or before January 30, 2008. In the event we do not obtain listing prior to that date, our articles of incorporation require us to begin selling our properties and liquidating our assets.

Dividend Reinvestment Plan

You may participate in our dividend reinvestment plan pursuant to which you may have the dividends you receive reinvested in shares of the Wells REIT. If you participate, you will be taxed on your share of our taxable income even though you will not receive the cash from your dividends. As a result, you may have a tax liability without receiving cash dividends to pay such liability. We may terminate the dividend reinvestment plan at our discretion at any time upon 10 days notice to you. (See **Description of Shares** **Dividend Reinvestment Plan**.)

Share Redemption Program

We may use proceeds received from the sale of shares pursuant to our dividend reinvestment plan to redeem your shares. After you have held your shares for a minimum of one year, our share redemption program provides an opportunity for you to redeem your shares, subject to certain restrictions and limitations, for the lesser of \$10 per share or the price you actually paid for your shares. Our board of directors reserves the right to amend or terminate the share redemption program at any time. Our board of directors has delegated to our officers the right to (1) waive the one-year holding period in the event of the death or bankruptcy of a stockholder or other exigent circumstances, or (2) reject any request for redemption at any time and for any reason. You will have no right to request redemption of your shares should our shares become listed on a national exchange. (See **Description of Shares** **Share Redemption Program**.)

Wells Operating Partnership, L.P.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We own all of our real estate properties through Wells Operating Partnership, L.P. (Wells OP), our operating partnership. We are the sole general partner of Wells OP. Wells Capital is currently the only limited partner based on its initial contribution of \$200,000. Our ownership of properties in Wells OP is referred to as an UPREIT. The UPREIT structure allows us to acquire real estate properties in exchange for limited partnership units in Wells OP. This structure will also allow sellers of properties to transfer their properties to Wells OP in exchange for units of Wells OP

Table of Contents

and defer gain recognition for tax purposes with respect to such transfers of properties. At present, we have no plans to acquire any specific properties in exchange for units of Wells OP. The holders of units in Wells OP may have their units redeemed for cash under certain circumstances. (See The Operating Partnership Agreement.)

ERISA Considerations

The section of this prospectus entitled ERISA Considerations describes the effect the purchase of shares will have on individual retirement accounts (IRAs) and retirement plans subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), and/or the Internal Revenue Code. ERISA is a federal law that regulates the operation of certain tax-advantaged retirement plans. Any retirement plan trustee or individual considering purchasing shares for a retirement plan or an IRA should read this section of the prospectus very carefully.

Description of Shares

General

Your investment will be recorded on our books only. We will not issue stock certificates. If you wish to transfer your shares, you are required to send us an executed transfer form. We will provide you the required form upon request.

Stockholder Voting Rights and Limitations

We hold annual meetings of our stockholders for the purpose of electing our directors or conducting other business matters that may be presented at such meetings. We may also call a special meeting of stockholders from time to time for the purpose of conducting certain matters. You are entitled to one vote for each share you own at any of these meetings.

Restriction on Share Ownership

Our articles of incorporation contain restrictions on ownership of the shares that prevents one person from owning more than 9.8% of our outstanding shares. These restrictions are designed to enable us to comply with share accumulation restrictions imposed on REITs by the Internal Revenue Code. (See Description of Shares Restriction on Ownership of Shares.)

For a more complete description of the shares, including restrictions on the ownership of shares, please see the Description of Shares section of this prospectus on page 137.

Table of Contents

RISK FACTORS

Your purchase of shares involves a number of risks. In addition to other risks discussed in this prospectus, you should specifically consider the following:

Investment Risks

Marketability Risk

There is no public trading market for your shares.

There is no current public market for the shares and, therefore, it will be difficult for you to sell your shares promptly. In addition, the price received for any shares sold is likely to be less than the proportionate value of the real estate we own. Therefore, you should purchase the shares only as a long-term investment. See [Description of Shares](#) [Share Redemption Program](#) for a description of our share redemption program.

Management Risks

You must rely on Wells Capital for selection of properties.

Our ability to achieve our investment objectives and to pay dividends is dependent upon the performance of Wells Capital, our advisor, in the quality and timeliness of our acquisitions of real estate properties, the selection of tenants and the determination of any financing arrangements. Except for the investments described in this prospectus, you will have no opportunity to evaluate the terms of transactions or other economic or financial data concerning our investments. You must rely entirely on the management ability of Wells Capital and the oversight of our board of directors.

We depend on key personnel.

Our success depends to a significant degree upon the continued contributions of certain key personnel, including Leo F. Wells, III, Douglas P. Williams, M. Scott Meadows, David H. Steinwedell, and John G. Oliver, each of whom would be difficult to replace. None of our key personnel are currently subject to employment agreements, nor do we maintain any key person life insurance on our key personnel. If any of our key personnel were to cease employment with us, our operating results could suffer. We also believe that our future success depends, in large part, upon our ability to hire and retain highly skilled managerial, operational and marketing personnel. Competition for such personnel is intense, and we cannot assure you that we will be successful in attracting and retaining such skilled personnel.

Conflicts of Interest Risks

Wells Capital will face conflicts of interest relating to time management.

Wells Capital, our advisor, and its affiliates are general partners and sponsors of other real estate programs having investment objectives and legal and financial obligations similar to the Wells REIT. Because Wells Capital and its affiliates have interests in other real estate programs and also engage in other business activities, they may have conflicts of interest in allocating their time between our business and these other activities. During times of intense activity in other programs and ventures, they may devote less time and resources to our business than is necessary or appropriate. (See Conflicts of Interest.) If Wells Capital, for any reason, is not able to provide investment opportunities to us consistent with our investment objectives in a timely manner, we may have lower returns on our investments.

Table of Contents

Wells Capital will face conflicts of interest relating to the purchase and leasing of properties.

We may be buying properties at the same time as one or more of the other Wells programs are buying properties. There is a risk that Wells Capital will choose a property that provides lower returns to us than a property purchased by another Wells program. We may acquire properties in geographic areas where other Wells programs own properties. If one of the Wells programs attracts a tenant that we are competing for, we could suffer a loss of revenue due to delays in locating another suitable tenant. (See Conflicts of Interest.)

Certain of our officers and directors face conflicts of interest relating to the positions they hold with other entities.

Certain of our executive officers and directors are also officers and directors of Wells Capital, our advisor and the general partner of various other Wells programs, Wells Management Company, Inc., our Property Manager, and Wells Investment Securities, Inc., our Dealer Manager, and, as such, owe fiduciary duties to these various entities and their stockholders and limited partners. Such fiduciary duties may from time to time conflict with the fiduciary duties owed to the Wells REIT and its stockholders. (See Conflicts of Interest.)

We will be subject to additional risks as a result of our joint ventures with affiliates.

We have entered in the past and are likely to continue in the future to enter into joint ventures with other Wells programs for the acquisition, development or improvement of properties. We may also purchase and develop properties in joint ventures or in partnerships, co-tenancies or other co-ownership arrangements with sellers of properties, affiliates of sellers, developers or other persons. Such investments may involve risks not otherwise present with an investment in real estate, including, for example:

the possibility that our co-venturer, co-tenant or partner in an investment might become bankrupt;

that such co-venturer, co-tenant or partner may at any time have economic or business interests or goals which are or which become inconsistent with our business interests or goals; or

that such co-venturer, co-tenant or partner may be in a position to take action contrary to our instructions or requests or contrary to our policies or objectives.

Actions by such a co-venturer, co-tenant or partner might have the result of subjecting the property to liabilities in excess of those contemplated and may have the effect of reducing your returns.

Wells Capital will face conflicts of interest relating to joint ventures with affiliates.

Wells Capital, our advisor, is currently sponsoring a public offering on behalf of Wells Real Estate Fund XIII, L.P. (Wells Fund XIII), which is an unspecified property real estate program. (See Prior Performance Summary.) In the event that we enter into a joint venture with Wells Fund

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

XIII or any other Wells program or joint venture, we may face certain additional risks and potential conflicts of interest. For example, securities issued by Wells Fund XIII and the other Wells public limited partnerships will never have an active trading market. Therefore, if we were to become listed on a national exchange, we may no longer have similar goals and objectives with respect to the resale of properties in the future. In addition, in the event that the Wells REIT is not listed on a securities exchange

Table of Contents

by January 30, 2008, our organizational documents provide for an orderly liquidation of our assets. In the event of such liquidation, any joint venture between the Wells REIT and another Wells program may be required to sell its properties at such time. Our joint venture partners may not desire to sell the properties at that time. Although the terms of any joint venture agreement between the Wells REIT and another Wells program would grant the other Wells program a right of first refusal to buy such properties, it is unlikely that any such program would have sufficient funds to exercise its right of first refusal under these circumstances.

Agreements and transactions between the parties with respect to joint ventures between the Wells REIT and other Wells programs will not have the benefit of arm's length negotiation of the type normally conducted between unrelated co-venturers. Under these joint venture agreements, none of the co-venturers may have the power to control the venture, and an impasse could be reached regarding matters pertaining to the joint venture, which might have a negative impact on the joint venture and decrease potential returns to you. In the event that a co-venturer has a right of first refusal to buy out the other co-venturer, it may be unable to finance such buy-out at that time. It may also be difficult for us to sell our interest in any such joint venture or partnership or as a co-tenant in property. In addition, to the extent that our co-venturer, partner or co-tenant is an affiliate of Wells Capital, certain conflicts of interest will exist. (See Conflicts of Interest Joint Ventures with Affiliates of Wells Capital.)

General Investment Risks

A limit on the number of shares a person may own may discourage a takeover.

Our articles of incorporation restrict ownership by one person to no more than 9.8% of the outstanding shares. This restriction may discourage a change of control of the Wells REIT and may deter individuals or entities from making tender offers for shares, which offers might be financially attractive to stockholders or which may cause a change in the management of the Wells REIT. (See Description of Shares Restriction on Ownership of Shares.)

We will not be afforded the protection of Maryland Corporation Law relating to business combinations.

Provisions of Maryland Corporation Law prohibit business combinations, unless prior approval of the board of directors is obtained before the person became an interested stockholder, with:

any person who beneficially owns 10% or more of the voting power of our outstanding shares;

any of our affiliates who, at any time within the two year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of our outstanding shares (interested stockholder); or

an affiliate of an interested stockholder.

These prohibitions are intended to prevent a change of control by interested stockholders who do not have the support of our board of directors. Since our articles of incorporation contain limitations on ownership of 9.8% or more of our common stock, we opted out of the business combinations statute in our articles of incorporation. Therefore, we will not be afforded the protections of this statute and, accordingly, there is no guarantee that the ownership limitations in our articles of incorporation would provide the same measure of protection as the business

combinations statute and prevent an undesired change of control by an interested stockholder. (See Description of Shares Restriction on Ownership of Shares and Description of Shares Business Combinations.)

Table of Contents

You are bound by the majority vote on matters on which you are entitled to vote.

You may vote on certain matters at any annual or special meeting of our stockholders, including the election of our directors or amendments to our articles of incorporation. However, you will be bound by the majority vote on matters requiring approval of a majority of our stockholders even if you do not vote with the majority on any such matter.

You are limited in your ability to sell your shares pursuant to our share redemption program.

Even though our share redemption program provides you with the opportunity to redeem your shares for \$10 per share (or the price you paid for the shares, if lower than \$10) after you have held them for a period of one year, you should be fully aware that our share redemption program contains certain restrictions and limitations. Shares will be redeemed on a first-come, first-served basis and will be limited to the lesser of (1) during any calendar year, three percent (3%) of the weighted average number of shares outstanding during the prior calendar year, or (2) the proceeds we receive from the sale of shares under our dividend reinvestment plan such that in no event shall the aggregate amount of redemptions under our share redemption program exceed aggregate proceeds received from the sale of shares pursuant to our dividend reinvestment plan. Our board of directors reserves the right to amend or terminate the share redemption program at any time. In addition, the board of directors has delegated authority to our officers to reject any request for redemption for any reason at any time. Therefore, in making a decision to purchase shares of the Wells REIT, you should not assume that you will be able to sell any of your shares back to us pursuant to our share redemption program. (See Description of Shares Share Redemption Program.)

We established the offering price on an arbitrary basis.

Our board of directors has arbitrarily determined the selling price of the shares, and such price bears no relationship to any established criteria for valuing issued or outstanding shares.

Your interest in the Wells REIT may be diluted if we issue additional shares.

Existing stockholders and potential investors in this offering do not have preemptive rights to any shares issued by the Wells REIT in the future. Therefore, existing stockholders and investors purchasing shares in this offering may experience dilution of their equity investment in the Wells REIT in the event that we:

sell shares in this offering or sell additional shares in the future, including those issued pursuant to the dividend reinvestment plan;

sell securities that are convertible into shares;

issue shares in a private offering of securities to institutional investors;

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

issue shares of common stock upon the exercise of the options granted to our independent directors or employees of Wells Capital and Wells Management Company, Inc. (Wells Management) or the warrants issued and to be issued to participating broker-dealers or our independent directors; or

issue shares to sellers of properties acquired by us in connection with an exchange of limited partnership units from Wells OP.

Table of Contents

Payment of fees to Wells Capital and its affiliates will reduce cash available for investment and distribution.

Wells Capital and its affiliates will perform services for us in connection with the offer and sale of the shares, the selection and acquisition of our properties, and the management and leasing of our properties. They will be paid substantial fees for these services, which will reduce the amount of cash available for investment in properties or distribution to our stockholders. (See Management Compensation.)

The availability and timing of cash dividends is uncertain.

We bear all expenses incurred in our operations, which are deducted from cash funds generated by operations prior to computing the amount of cash dividends to be distributed to our stockholders. In addition, our board of directors, in its discretion, may retain any portion of such funds for working capital. We cannot assure you that sufficient cash will be available to pay dividends to you.

We are uncertain of our sources for funding of future capital needs.

Substantially all of the gross proceeds of the offering will be used for investment in properties and for payment of various fees and expenses. (See Estimated Use of Proceeds.) In addition, we do not anticipate that we will maintain any permanent working capital reserves. Accordingly, in the event that we develop a need for additional capital in the future for the improvement of our properties or for any other reason, we have not identified any sources for such funding, and we cannot assure you that such sources of funding will be available to us for potential capital needs in the future.

You will not have the benefit of independent due diligence review in connection with this offering.

Since Wells Investment Securities, our Dealer Manager, is an affiliate of Wells Capital, you will not have the benefit of independent due diligence review and investigation of the type normally performed by unaffiliated, independent underwriters in connection with securities offerings.

The conviction of Arthur Andersen LLP and recent events related thereto may adversely affect your ability to recover potential claims against Arthur Andersen in connection with their audits of our financials statements.

In June 2002, our former independent auditor, Arthur Andersen LLP (Andersen), was tried and convicted on federal obstruction of justice charges arising from its involvement as auditors for Enron Corporation. Events arising out of the conviction or other events relating to the financial condition of Andersen may adversely affect the ability of Andersen to satisfy any potential claims that may arise out of Andersen's audits of the financial statements contained in this prospectus. In addition, Andersen has notified us that it will no longer be able to provide us with the necessary consents related to previously audited financial statements in our prospectus. Our inability to obtain such consents may also adversely affect your ability to pursue potential claims against Andersen.

General Real Estate Risks

Your investment will be affected by adverse economic and regulatory changes.

We will be subject to risks generally incident to the ownership of real estate, including:

changes in general economic or local conditions;

changes in supply of or demand for similar or competing properties in an area;

changes in interest rates and availability of permanent mortgage funds which may render the sale of a property difficult or unattractive;

changes in tax, real estate, environmental and zoning laws; and

periods of high interest rates and tight money supply.

For these and other reasons, we cannot assure you that we will be profitable or that we will realize growth in the value of our real estate properties.

A property that incurs a vacancy could be difficult to sell or re-lease.

A property may incur a vacancy either by the continued default of a tenant under its lease or the expiration of one of our leases. A number of our properties may be specifically suited to the particular needs of our tenants. Therefore, we may have difficulty obtaining a new tenant for any vacant space we have in our properties. If the vacancy continues for a long period of time, we may suffer reduced revenues resulting in less cash dividends to be distributed to stockholders. In addition, the resale value of the property could be diminished because the market value of a particular property will depend principally upon the value of the leases of such property.

We are dependent on tenants for our revenue.

Most of our properties are occupied by a single tenant and, therefore, the success of our investments are materially dependent on the financial stability of our tenants. Lease payment defaults by tenants would most likely cause us to reduce the amount of distributions to stockholders. A

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

default of a tenant on its lease payments to us would cause us to lose the revenue from the property and cause us to have to find one or more additional tenants. If there are a substantial number of tenants that are in default at any one time, we could have difficulty making mortgage payments that could result in foreclosures of properties subject to a mortgage. In the event of a default, we may experience delays in enforcing our rights as landlord and may incur substantial costs in protecting our investment and re-letting our property. If a lease is terminated, we cannot assure you that we will be able to lease the property for the rent previously received or sell the property without incurring a loss.

We rely on certain tenants.

As of July 1, 2002, our most substantial tenants based on rental income are SSB Realty, LLC (approximately 6.3%), Metris Direct, Inc. (approximately 5.6%), Motorola, Inc. (approximately 4.7%), and Zurich American Insurance Company, Inc. (approximately 4.6%). The revenues generated by the properties these tenants occupy are substantially reliant upon the financial condition of these tenants and, accordingly, any event of bankruptcy, insolvency or a general downturn in the business of any of these tenants may result in the failure or delay of such tenant's rental payments which may have a substantial

Table of Contents

adverse effect on our financial performance. (See Description of Real Estate Investments and Management's Discussion and Analysis of Financial Condition and Results of Operations.)

We may not have funding for future tenant improvements.

When a tenant at one of our properties does not renew its lease or otherwise vacates its space in one of our buildings, it is likely that, in order to attract one or more new tenants, we will be required to expend substantial funds for tenant improvements and tenant refurbishments to the vacated space. Substantially all of our net offering proceeds will be invested in real estate properties, and we do not anticipate that we will maintain permanent working capital reserves. We also have no identified funding source to provide funds which may be required in the future for tenant improvements and tenant refurbishments in order to attract new tenants. We cannot assure you that we will have any sources of funding available to us for such purposes in the future.

Uninsured losses relating to real property may adversely affect your returns.

In the event that any of our properties incurs a casualty loss that is not fully covered by insurance, the value of our assets will be reduced by any such uninsured loss. In addition, we have no current source of funding to repair or reconstruct the damaged property and cannot assure you that any such source of funding will be available to us for such purposes in the future.

Development and construction of properties may result in delays and increased costs and risks.

We may invest some or all of the proceeds available for investment in the acquisition and development of properties upon which we will develop and construct improvements at a fixed contract price. We will be subject to risks relating to the builder's ability to control construction costs or to build in conformity with plans, specifications and timetables. The builder's failure to perform may necessitate legal action by us to rescind the purchase or the construction contract or to compel performance. Performance may also be affected or delayed by conditions beyond the builder's control. Delays in completion of construction could also give tenants the right to terminate preconstruction leases for space at a newly developed project. We may incur additional risks when we make periodic progress payments or other advances to such builders prior to completion of construction. Factors such as those discussed above can result in increased costs of a project or loss of our investment. In addition, we will be subject to normal lease-up risks relating to newly constructed projects. Furthermore, we must rely upon projections of rental income and expenses and estimates of the fair market value of property upon completion of construction when agreeing upon a price to be paid for the property at the time of acquisition of the property. If our projections are inaccurate, we may pay too much for a property.

Competition for investments may increase costs and reduce returns.

We will experience competition for real property investments from individuals, corporations and bank and insurance company investment accounts, as well as other real estate investment trusts, real estate limited partnerships, and other entities engaged in real estate investment activities. Competition for investments may have the effect of increasing costs and reducing your returns.

Delays in acquisitions of properties may have an adverse effect on your investment.

Delays we encounter in the selection, acquisition and development of properties could adversely affect your returns. Where we acquire properties prior to the start of construction or during the early stages of construction, it will typically take several months to complete construction and rent available space. Therefore, you could suffer delays in the distribution of cash dividends attributable to those

Table of Contents

particular properties. In addition, if we are unable to invest our offering proceeds in income producing real properties in a timely manner, we may not be able to continue to pay the dividend rates we are currently paying to our stockholders.

We may not be able to immediately invest proceeds in real estate.

Until we invest the proceeds of this offering in real estate investments, we may invest in short-term, highly liquid or other authorized investments. Such short-term investments are not likely to earn as high a return as we expect to earn on our real estate investments, and we cannot guarantee how long it will take us to fully invest the proceeds of this offering in real estate investments.

Uncertain market conditions and Wells Capital's broad discretion relating to the future disposition of properties could adversely affect the return on your investment.

We generally will hold the various real properties in which we invest until such time as Wells Capital determines that a sale or other disposition appears to be advantageous to achieve our investment objectives or until it appears that such objectives will not be met. Otherwise, Wells Capital, subject to the approval of our board of directors, may exercise its discretion as to whether and when to sell a property, and we will have no obligation to sell properties at any particular time, except upon a liquidation of the Wells REIT if we do not list the shares by January 30, 2008. We cannot predict with any certainty the various market conditions affecting real estate investments that will exist at any particular time in the future. Due to the uncertainty of market conditions that may affect the future disposition of our properties, we cannot assure you that we will be able to sell our properties at a profit in the future. Accordingly, the extent to which you will receive cash distributions and realize potential appreciation on our real estate investments will be dependent upon fluctuating market conditions.

Discovery of previously undetected environmentally hazardous conditions may adversely affect our operating results.

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner or operator of real property may be liable for the cost of removal or remediation of hazardous or toxic substances on such property. Such laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of such hazardous or toxic substances. Environmental laws also may impose restrictions on the manner in which properties may be used or businesses may be operated, and these restrictions may require expenditures. Environmental laws provide for sanctions in the event of noncompliance and may be enforced by governmental agencies or, in certain circumstances, by private parties. We may be potentially liable for such costs in connection with the acquisition and ownership of our properties. The cost of defending against claims of liability, of compliance with environmental regulatory requirements or of remediating any contaminated property could materially adversely affect the business, assets or results of operations of the Wells REIT and, consequently, amounts available for distribution to you.

Financing Risks

If we fail to make our debt payments, we could lose our investment in a property.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We generally secure the loans we obtain to fund property acquisitions with first priority mortgages on some of our properties. If we are unable to make our debt payments as required, a lender could foreclose on the property or properties securing its debt. This could cause us to lose part or all of our investment which in turn could cause a reduction in the value of the shares and the dividends payable to our stockholders. (See Description of Real Estate Investments Real Estate Loans.)

Table of Contents

Lenders may require us to enter into restrictive covenants relating to our operations.

In connection with obtaining certain financing, a lender could impose restrictions on us that would affect our ability to incur additional debt and our distribution and operating policies. Loan documents we enter into may contain customary negative covenants which may limit our ability to further mortgage the property, to discontinue insurance coverage, replace Wells Capital as our advisor or impose other limitations.

If we enter into financing arrangements involving balloon payment obligations, it may adversely affect our ability to pay dividends.

Some of our financing arrangements may require us to make a lump-sum or balloon payment at maturity. We may finance more properties in this manner. Our ability to make a balloon payment at maturity is uncertain and may depend upon our ability to obtain additional financing or our ability to sell the property. At the time the balloon payment is due, we may or may not be able to refinance the balloon payment on terms as favorable as the original loan or sell the property at a price sufficient to make the balloon payment. A refinancing or sale under these circumstances could affect the rate of return to stockholders and the projected time of disposition of our assets. In addition, payments of principal and interest made to service our debts may leave us with insufficient cash to pay the distributions that we are required to pay to maintain our qualification as a REIT.

Section 1031 Exchange Program Risks

We may have increased exposure to liabilities from litigation as a result of our participation in the Section 1031 Exchange Program.

Wells Development Corporation, an affiliate of Wells Capital, our advisor, is forming a series of single member limited liability companies (each of which is referred to in this prospectus as Wells Exchange) for the purpose of facilitating the acquisition of real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are looking to invest proceeds from a sale of real estate to qualify for like-kind exchange treatment under Section 1031 of the Internal Revenue Code (Section 1031 Exchange Program). There will be significant tax and securities disclosure risks associated with the private placement offerings of co-tenancy interests by Wells Exchange to 1031 Participants. For example, in the event that the Internal Revenue Service conducts an audit of the purchasers of co-tenancy interests and successfully challenges the qualification of the transaction as a like-kind exchange under Section 1031 of the Internal Revenue Code, even though it is anticipated that this tax risk will be fully disclosed to investors, purchasers of co-tenancy interests may file a lawsuit against Wells Exchange and its sponsors. In such event, even though Wells OP is not acting as a sponsor of the offering, is not commonly controlled with Wells Exchange, and is not recommending that 1031 Participants buy co-tenancy interests from Wells Exchange, as a result of our participation in the Section 1031 Exchange Program, and since Wells OP will be receiving fees in connection with the Section 1031 Exchange Program, we may be named in or otherwise required to defend against lawsuits brought by 1031 Participants. Any amounts we are required to expend for any such litigation claims may reduce the amount of funds available for distribution to stockholders of the Wells REIT. In addition, disclosure of any such litigation may adversely affect our ability to raise additional capital in the future through the sale of stock. (See Investment Objectives and Criteria Section 1031 Exchange Program.)

Table of Contents

We will be subject to risks associated with co-tenancy arrangements that are not otherwise present in a real estate investment.

At the closing of each property Wells Exchange acquires pursuant to the Section 1031 Exchange Program, we anticipate that Wells OP will enter into a contractual arrangement providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interests in that particular property by the completion of its private placement offering, Wells OP will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold. Accordingly, in the event that Wells Exchange is unable to sell all co-tenancy interests in one or more of its properties, Wells OP will be required to purchase the unsold co-tenancy interests in such property or properties and, thus, will be subject to the risks of ownership of properties in a co-tenancy arrangement with unrelated third parties. (See Investment Objectives and Criteria Section 1031 Exchange Program.)

Ownership of co-tenancy interests involves risks not otherwise present with an investment in real estate such as the following:

the risk that a co-tenant may at any time have economic or business interests or goals which are or which become inconsistent with our business interests or goals;

the risk that a co-tenant may be in a position to take action contrary to our instructions or requests or contrary to our policies or objectives; or

the possibility that a co-tenant might become insolvent or bankrupt, which may be an event of default under mortgage loan financing documents or allow the bankruptcy court to reject the tenants in common agreement or management agreement entered into by the co-tenants owning interests in the property.

Actions by a co-tenant may subject the property to liabilities in excess of those contemplated and may have the effect of reducing your returns.

In the event that our interests become adverse to those of the other co-tenants, we will not have the contractual right to purchase the co-tenancy interests from the other co-tenants. Even if we are given the opportunity to purchase such co-tenancy interests in the future, we cannot guarantee that we will have sufficient funds available at the time to purchase co-tenancy interests from the 1031 Participants.

We might want to sell our co-tenancy interests in a given property at a time when the other co-tenants in such property do not desire to sell their interests. Therefore, we may not be able to sell our interest in a property at the time we would like to sell. In addition, we anticipate that it will be much more difficult to find a willing buyer for our co-tenancy interests in a property than it would be to find a buyer for a property we owned outright.

Our participation in the Section 1031 Exchange Program may limit our ability to borrow funds in the future.

Institutional lenders may view our obligations under agreements to acquire unsold co-tenancy interests in properties as a contingent liability against our cash or other assets, which may limit our ability to borrow funds in the future. Further, such obligations may be viewed by our lenders in such a manner as to limit our ability to borrow funds based on regulatory restrictions on lenders limiting the amount of loans they can make to any one borrower. (See Investment Objectives and Criteria Section 1031 Exchange Program.)

Federal Income Tax Risks

Failure to qualify as a REIT could adversely affect our operations and our ability to make distributions.

In order for us to qualify as a REIT, we must satisfy certain requirements set forth in the Internal Revenue Code and Treasury Regulations and various factual matters and circumstances which are not entirely within our control. We have and will continue to structure our activities in a manner designed to satisfy all of these requirements, however, if certain of our operations were to be recharacterized by the Internal Revenue Service, such recharacterization could jeopardize our ability to satisfy all of the requirements for qualification as a REIT. In addition, new legislation, regulations, administrative interpretations or court decisions could change the tax laws relating to our qualification as a REIT or the federal income tax consequences of our being a REIT.

If we fail to qualify as a REIT for any taxable year, we will be subject to federal income tax on our taxable income at corporate rates with no offsetting deductions for distributions made to stockholders. Further, in such event, we would generally be disqualified from treatment as a REIT for the four taxable years following the year in which we lose our REIT status. Accordingly, the loss of our REIT status would reduce our net earnings available for investment or distribution to stockholders because of the substantial tax liabilities that would be imposed on us. We might also be required to borrow funds or liquidate some investments in order to pay the applicable tax.

Certain fees paid to Wells OP may affect our REIT status.

In connection with the Section 1031 Exchange Program, Wells OP will enter into a number of contractual arrangements with Wells Exchange that will, in effect, guarantee the sale of the co-tenancy interests being offered by Wells Exchange. (See Investment Objectives and Criteria Section 1031 Exchange Program.) In consideration for entering into these agreements, Wells OP will be paid fees which could be characterized by the IRS as non-qualifying income for purposes of satisfying the income tests required for REIT qualification. (See Federal Income Tax Consequences Operational Requirements Gross Income Tests.) If this fee income were, in fact, treated as non-qualifying, and if the aggregate of such fee income and any other non-qualifying income in any taxable year ever exceeded 5.0% of our gross revenues for such year, we could lose our REIT status for that taxable year and the four ensuing taxable years. As set forth above, we will use all reasonable efforts to structure our activities in a manner intended to satisfy the requirements for our continued qualification as a REIT.

Recharacterization of the Section 1031 Exchange Program may result in taxation of income from a prohibited transaction.

In the event that the Internal Revenue Service were to recharacterize the Section 1031 Exchange Program such that Wells OP, rather than Wells Exchange, is treated as the bona fide owner, for tax purposes, of properties acquired and resold by Wells Exchange in connection with the Section 1031 Exchange Program, such characterization could result in the fees paid to Wells OP by Wells Exchange as being deemed income from a prohibited transaction, in which event all such fee income paid to us in connection with the Section 1031 Exchange Program would be subject to a 100% tax. (See Investment Objectives and Criteria Section 1031 Exchange Program.)

Table of Contents

Legislative or regulatory action could adversely affect investors.

In recent years, numerous legislative, judicial and administrative changes have been made in the provisions of the federal income tax laws applicable to investments similar to an investment in shares of the Wells REIT. Additional changes to tax laws are likely to continue to occur in the future, and we cannot assure you that any such changes will not adversely affect the taxation of our stockholders. Any such changes could have an adverse effect on an investment in shares or on the market value or the resale potential of our properties. You are urged to consult with your own tax advisor with respect to the impact of recent legislation on your investment in shares and the status of legislative, regulatory or administrative developments and proposals and their potential effect on an investment in shares.

Retirement Plan Risks

There are special considerations that apply to pension or profit sharing trusts or IRAs investing in shares.

If you are investing the assets of a pension, profit sharing, 401(k), Keogh or other qualified retirement plan or the assets of an IRA in the Wells REIT, you should satisfy yourself that:

your investment is consistent with your fiduciary obligations under ERISA and the Internal Revenue Code;

your investment is made in accordance with the documents and instruments governing your plan or IRA, including your plan's investment policy;

your investment satisfies the prudence and diversification requirements of Sections 404(a)(1)(B) and 404(a)(1)(C) of ERISA;

your investment will not impair the liquidity of the plan or IRA;

your investment will not produce unrelated business taxable income for the plan or IRA;

you will be able to value the assets of the plan annually in accordance with ERISA requirements; and

your investment will not constitute a prohibited transaction under Section 406 of ERISA or Section 4975 of the Internal Revenue Code.

For a more complete discussion of the foregoing issues and other risks associated with an investment in shares by retirement plans, please see the "ERISA Considerations" section of this prospectus on page 132.

SUITABILITY STANDARDS

The shares we are offering are suitable only as a long-term investment for persons of adequate financial means. Initially, we do not expect to have a public market for the shares, which means that you may have difficulty selling your shares. You should not buy these shares if you need to sell them immediately or will need to sell them quickly in the future. In consideration of these factors, we have established suitability standards for initial stockholders and subsequent transferees. These suitability standards require that a purchaser of shares have either:

a net worth of at least \$150,000; or

gross annual income of at least \$45,000 and a net worth of at least \$45,000.

Table of Contents

The minimum purchase is 100 shares (\$1,000), except in certain states as described below. You may not transfer fewer shares than the minimum purchase requirement. In addition, you may not transfer, fractionalize or subdivide your shares so as to retain less than the number of shares required for the minimum purchase. In order to satisfy the minimum purchase requirements for retirement plans, unless otherwise prohibited by state law, a husband and wife may jointly contribute funds from their separate IRAs, provided that each such contribution is made in increments of \$100. You should note that an investment in shares of the Wells REIT will not, in itself, create a retirement plan and that, in order to create a retirement plan, you must comply with all applicable provisions of the Internal Revenue Code.

The minimum purchase for Maine, New York and North Carolina residents is 250 shares (\$2,500), except for IRAs which must purchase a minimum of 100 shares (\$1,000). The minimum purchase for Minnesota residents is 250 shares (\$2,500), except for IRAs and other qualified retirement plans which must purchase a minimum of 200 shares (\$2,000).

Except in the states of Maine, Minnesota, Nebraska and Washington, if you have satisfied the minimum purchase requirements and have purchased units in other Wells programs or units or shares in other public real estate programs, you may purchase less than the minimum number of shares set forth above, but in no event less than 2.5 shares (\$25). After you have purchased the minimum investment, any additional purchase must be in increments of at least 2.5 shares (\$25), except for (1) purchases made by residents of Maine and Minnesota, who must still meet the minimum investment requirements set forth above, and (2) purchases of shares pursuant to the dividend reinvestment plan of the Wells REIT or reinvestment plans of other public real estate programs, which may be in lesser amounts.

Several states have established suitability standards different from those we have established. Shares will be sold only to investors in these states who meet the special suitability standards set forth below.

Iowa, Massachusetts, Michigan, Missouri and Tennessee Investors must have either (1) a net worth of at least \$225,000, or (2) gross annual income of at least \$60,000 and a net worth of at least \$60,000.

Maine Investors must have either (1) a net worth of at least \$200,000, or (2) gross annual income of at least \$50,000 and a net worth of at least \$50,000.

Iowa, Missouri, Ohio and Pennsylvania In addition to our suitability requirements, investors must have a net worth of at least 10 times their investment in the Wells REIT.

For purposes of determining suitability of an investor, net worth in all cases should be calculated excluding the value of an investor's home, furnishings and automobiles.

In the case of sales to fiduciary accounts, these suitability standards must be met by the fiduciary account, by the person who directly or indirectly supplied the funds for the purchase of the shares or by the beneficiary of the account. These suitability standards are intended to help ensure that, given the long-term nature of an investment in our shares, our investment objectives and the relative illiquidity of our shares, shares of the Wells REIT are an appropriate investment for those of you desiring to become stockholders. Each participating broker-dealer must make every reasonable effort to determine that the purchase of shares is a suitable and appropriate investment for each stockholder based on information provided by the stockholder in the Subscription Agreement or otherwise. Each participating broker-dealer is required to maintain records of the information used to determine that an investment in shares is suitable and appropriate for each stockholder for a period of six

years.

Table of Contents**ESTIMATED USE OF PROCEEDS**

The following tables set forth information about how we intend to use the proceeds raised in this offering assuming that we sell 165,000,000 shares and 330,000,000 shares, respectively, pursuant to this offering. Many of the figures set forth below represent management's best estimate since they cannot be precisely calculated at this time. We expect that at least 84.0% of the money you invest will be used to buy real estate, while the remaining up to 16.0% will be used for working capital and to pay expenses and fees, including the payment of fees to Wells Capital, our advisor, and Wells Investment Securities, our Dealer Manager.

(Footnotes to Estimated Use of Proceeds)

1. Assumes that an aggregate of \$1,650,000,000 will be raised in this offering for purposes of illustrating the percentage of estimated organization and offering expenses at two different sales levels. See Note 4 below.
2. Assumes the maximum offering is sold which includes 300,000,000 shares offered to the public at \$10 per share and 30,000,000 shares offered pursuant to our dividend reinvestment plan at \$10 per share. Excludes 6,600,000 shares to be issued upon exercise of the soliciting dealer warrants.
3. Includes *selling commissions* equal to 7.0% of aggregate gross offering proceeds which commissions may be reduced under certain circumstances and a *dealer manager fee* equal to 2.5% of aggregate gross offering proceeds, both of which are payable to the Dealer Manager, an affiliate of our advisor. The Dealer Manager, in its sole discretion, may reallocate selling commissions of up to 7.0% of gross offering proceeds to other broker-dealers participating in this offering (Participating Dealers) attributable to the amount of shares sold by them. In addition, the Dealer Manager may reallocate a portion of its dealer manager fee to Participating Dealers in the aggregate amount of up to 1.5% of gross offering proceeds to be paid to such Participating Dealers as marketing fees, or to reimburse representatives of such Participating Dealers the costs and expenses of attending our educational conferences and seminars. The amount of selling commissions may often be reduced under certain circumstances for volume discounts. See the Plan of Distribution section of this prospectus for a description of such provisions.
4. *Organization and offering expenses* consist of reimbursement of actual legal, accounting, printing and other accountable offering expenses, other than selling commissions and the dealer manager fee, including amounts to reimburse Wells Capital, our advisor, for all marketing related costs and expenses, including, but not limited to, salaries and direct expenses of our advisor's employees while engaged in registering and marketing the shares and other marketing and organization costs, technology costs and expenses attributable to the offering, costs and expenses of conducting our

Table of Contents

- educational conferences and seminars, payment or reimbursement of bona fide due diligence expenses, and costs and expenses we incur for attending retail seminars conducted by broker-dealers. Wells Capital and its affiliates will be responsible for the payment of organization and offering expenses, other than selling commissions and the dealer manager fee, to the extent they exceed 3.0% of aggregate gross offering proceeds from all of our offerings without recourse against or reimbursement by the Wells REIT. We currently estimate that approximately \$49,500,000 of organization and offering costs will be incurred if the maximum offering of 330,000,000 shares is sold. Notwithstanding the above, in no event shall organization and offering expenses, including selling commissions, the dealer manager fee and all other underwriting compensation, exceed 15% of gross offering proceeds.
5. Until required in connection with the acquisition and development of properties, substantially all of the net proceeds of the offering and, thereafter, the working capital reserves of the Wells REIT, may be invested in short-term, highly-liquid investments including government obligations, bank certificates of deposit, short-term debt obligations and interest-bearing accounts or other authorized investments as determined by our board of directors.
 6. *Acquisition and advisory fees* are defined generally as fees and commissions paid by any party to any person in connection with the purchase, development or construction of properties. We will pay Wells Capital, as our advisor, acquisition and advisory fees up to a maximum amount of 3.0% of gross offering proceeds in connection with the acquisition of the real estate properties. Acquisition and advisory fees do not include acquisition expenses.
 7. *Acquisition expenses* include legal fees and expenses, travel expenses, costs of appraisals, nonrefundable option payments on property not acquired, accounting fees and expenses, title insurance premiums and other closing costs and miscellaneous expenses relating to the selection, acquisition and development of real estate properties. We will pay Wells Capital, our advisor, acquisition expenses up to a maximum of 0.5% of gross offering proceeds as reimbursement for the payment of such expenses.
 8. Because the vast majority of leases for the properties acquired by the Wells REIT will provide for tenant reimbursement of operating expenses, we do not anticipate that a permanent reserve for maintenance and repairs of real estate properties will be established. However, to the extent that we have insufficient funds for such purposes, we may apply an amount of up to 1.0% of gross offering proceeds for maintenance and repairs of real estate properties. We also may, but are not required to, establish reserves from gross offering proceeds, out of cash flow generated by operating properties or out of nonliquidating net sale proceeds, defined generally to mean the net cash proceeds received by the Wells REIT from any sale or exchange of properties.
 9. Includes amounts anticipated to be invested in properties net of fees and expenses. We estimate that at least 84.0% of the proceeds received from the sale of shares will be used to acquire properties.

MANAGEMENT

General

We operate under the direction of our board of directors, the members of which are accountable to us and our stockholders as fiduciaries. The board is responsible for the management and control of our affairs. The board has retained Wells Capital to manage our day-to-day affairs and the acquisition and disposition of our investments, subject to the board's supervision. Our articles of incorporation were reviewed and ratified by our board of directors, including the independent directors, at their initial meeting. This ratification by our board of directors was required by the NASAA Guidelines.

Table of Contents

Our articles of incorporation and bylaws provide that the number of directors of the Wells REIT may be established by a majority of the entire board of directors but may not be fewer than three nor more than 15. We currently have a total of ten directors. Our articles of incorporation also provide that a majority of the directors must be independent directors. An independent director is a person who is not an officer or employee of the Wells REIT, Wells Capital or their affiliates and has not otherwise been affiliated with such entities for the previous two years. Of the ten current directors, eight of our directors are considered independent directors.

Proposed transactions are often discussed before being brought to a final board vote. During these discussions, independent directors often offer ideas for ways in which deals can be changed to make them acceptable and these suggestions are taken into consideration when structuring transactions. Each director will serve until the next annual meeting of stockholders or until his successor has been duly elected and qualified. Although the number of directors may be increased or decreased, a decrease shall not have the effect of shortening the term of any incumbent director.

Any director may resign at any time and may be removed with or without cause by the stockholders upon the affirmative vote of at least a majority of all the votes entitled to be cast at a meeting called for the purpose of the proposed removal. The notice of the meeting shall indicate that the purpose, or one of the purposes, of the meeting is to determine if the director shall be removed.

Unless filled by a vote of the stockholders as permitted by Maryland Corporation Law, a vacancy created by an increase in the number of directors or the death, resignation, removal, adjudicated incompetence or other incapacity of a director shall be filled by a vote of a majority of the remaining directors and,

in the case of a director who is not an independent director (affiliated director), by a vote of a majority of the remaining affiliated directors, or

in the case of an independent director, by a vote of a majority of the remaining independent directors,

unless there are no remaining affiliated directors or independent directors, as the case may be. In such case a majority vote of the remaining directors shall be sufficient. If at any time there are no independent or affiliated directors in office, successor directors shall be elected by the stockholders. Each director will be bound by our articles of incorporation and bylaws.

Our directors are not required to devote all of their time to our business and are only required to devote the time to our affairs as their duties may require. Our directors will meet quarterly or more frequently if necessary in order to discharge their duties as directors. We do not expect that our directors will be required to devote a substantial portion of their time in discharging such duties. Consequently, in the exercise of their fiduciary responsibilities, our directors will be relying heavily on Wells Capital. Our board is empowered to fix the compensation of all officers that it selects and may pay compensation to directors for services rendered to us in any other capacity.

Our general investment and borrowing policies are set forth in this prospectus. Our directors may establish further written policies on investments and borrowings and shall monitor our administrative procedures, investment operations and performance to ensure that the policies are fulfilled and are in the best interest of the stockholders. We will follow the policies on investments and borrowings set forth in this prospectus unless and until they are modified by our directors.

addition, a majority of the independent directors, and a majority of directors not otherwise interested in the transaction, must approve all transactions with Wells Capital or its affiliates. The independent directors will also be responsible for reviewing the performance of Wells Capital and Wells Management and determining that the compensation to be paid to Wells Capital and Wells Management is reasonable in relation to the nature and quality of services to be performed and that the provisions of the advisory agreement and the property management agreement are being carried out. Specifically, the independent directors will consider factors such as:

the amount of the fee paid to Wells Capital and Wells Management in relation to the size, composition and performance of our investments;

the success of Wells Capital in generating appropriate investment opportunities;

rates charged to other REITs and other investors by advisors performing similar services;

additional revenues realized by Wells Capital and Wells Management through their relationship with us, whether we pay them or they are paid by others with whom we do business;

the quality and extent of service and advice furnished by Wells Capital and Wells Management and the performance of our investment portfolio; and

the quality of our portfolio relative to the investments generated by Wells Capital and managed by Wells Management for their other clients.

Neither our directors nor their affiliates will vote or consent to the voting of shares they now own or hereafter acquire on matters submitted to the stockholders regarding either (1) the removal of Wells Capital, any director or any affiliate, or (2) any transaction between us and Wells Capital, any director or any affiliate.

Committees of the Board of Directors

Our entire board of directors considers all major decisions concerning our business, including all property acquisitions. However, our board has established an Audit Committee, a Compensation Committee and various advisory committees so that important items within the purview of these committees can be addressed in more depth than may be possible at a full board meeting.

Audit Committee

Under our Audit Committee Charter, our Audit Committee's primary function is to assist the board of directors in fulfilling its oversight responsibilities by reviewing the financial information to be provided to the stockholders and others, the system of internal controls which management has established, and the audit and financial reporting process. The members of our Audit Committee are Messrs. Bell, Carpenter, Carter, Keogler, Moss, Sessoms and Strickland.

Compensation Committee

Our board of directors has established a Compensation Committee to administer the 2000 Employee Stock Option Plan, as described below, which was approved by the stockholders at our annual stockholders meeting held June 28, 2000. The Compensation Committee is comprised of Messrs. Bell, Carpenter, Carter, Keogler, Moss, Sessoms and Strickland. The primary function of the Compensation Committee is to administer the granting of stock options to selected employees of Wells Capital and

Wells Management based upon recommendations from Wells Capital, and to set the terms and conditions of such options in accordance with the 2000 Employee Stock Option Plan. To date, we have not issued any stock options under our 2000 Employee Stock Option Plan.

Advisory Committees

The board of directors has established various advisory committees in which certain members of the board sit on these advisory committees to assist Wells Capital and its affiliates in the following areas which have a direct impact on the operations of the Wells REIT: asset management; new business development; personnel supervision; and budgeting.

Mr. Strickland currently serves as a director of First Capital Bank, a community bank located in the State of Georgia. Mr. Strickland attended Georgia State University where he majored in business administration. He received his L.L.B. degree from Atlanta Law School.

Compensation of Directors

We pay each of our independent directors \$3,000 per regularly scheduled quarterly board meeting attended, \$1,000 per regularly scheduled advisory committee meeting attended and \$250 per special board meeting attended whether held in person or by telephone conference. In addition, we have reserved 100,000 shares of common stock for future issuance upon the exercise of stock options granted to the independent directors pursuant to our Independent Director Stock Option Plan and 500,000 shares for future issuance upon the exercise of warrants to be granted to the independent directors pursuant to our Independent Director Warrant Plan. All directors receive reimbursement of reasonable out-of-pocket expenses incurred in connection with attendance at meetings of the board of directors. If a director also is an officer of the Wells REIT, we do not pay separate compensation for services rendered as a director.

Independent Director Stock Option Plan

Our Independent Director Stock Option Plan (Director Option Plan) was approved by our stockholders at the annual stockholders meeting held June 16, 1999. We issued non-qualified stock options to purchase 2,500 shares (Initial Options) to each independent director pursuant to our Director Option Plan. In addition, we issued options to purchase 1,000 shares to each independent director then in office in connection with the 2000, 2001 and 2002 annual meeting of stockholders and will continue to issue options to purchase 1,000 shares (Subsequent Options) to each independent director then in office on the date of each annual stockholders meeting. The Initial Options and the Subsequent Options are collectively referred to as the Director Options. Director Options may not be granted at any time when the grant, along with grants to other independent directors, would exceed 10% of our issued and outstanding shares. As of the date of this prospectus, each independent director (except for Michael R. Buchanan, who was recently appointed as an independent director and will be awarded 2,500 Initial Options) had been granted options to purchase a total of 5,500 shares under the Director Option Plan, of which 3,000 of those options were exercisable.

The exercise price for the Initial Options is \$12.00 per share. The exercise price for the Subsequent Options is the greater of (1) \$12.00 per share or (2) the fair market value of the shares on the date they are granted. Fair market value is defined generally to mean:

the average closing price for the five consecutive trading days ending on such date if the shares are traded on a national exchange;

the average of the high bid and low asked prices if the shares are quoted on NASDAQ;

the average of the last 10 sales made pursuant to a public offering if there is a current public offering and no market maker for the shares;

Table of Contents

the average of the last 10 purchases (or fewer if less than 10 purchases) under our share redemption program if there is no current public offering; or

the price per share under the dividend reinvestment plan if there are no purchases under the share redemption program.

One-fifth of the Initial Options were exercisable beginning on the date we granted them, one-fifth of the Initial Options became exercisable beginning in July 2000, one-fifth of the Initial Options became exercisable beginning in July 2001, one fifth of the Initial Options became exercisable beginning in July 2002 and the remaining one-fifth of the Initial Options will become exercisable beginning in July 2003. The Subsequent Options granted in connection with the 2000 annual stockholders' meeting became exercisable in June 2002. The remaining Subsequent Options granted under the Director Option Plan will become exercisable on the second anniversary of the date we grant them.

A total of 100,000 shares have been authorized and reserved for issuance under the Director Option Plan. If the number of outstanding shares is changed into a different number or kind of shares or securities through a reorganization or merger in which the Wells REIT is the surviving entity, or through a combination, recapitalization or otherwise, an appropriate adjustment will be made in the number and kind of shares that may be issued pursuant to exercise of the Director Options. A corresponding adjustment to the exercise price of the Director Options granted prior to any change will also be made. Any such adjustment, however, will not change the total payment, if any, applicable to the portion of the Director Options not exercised, but will change only the exercise price for each share.

Options granted under the Director Option Plan shall lapse on the first to occur of (1) the tenth anniversary of the date we grant them, (2) the removal for cause of the independent director as a member of the board of directors, or (3) three months following the date the independent director ceases to be a director for any reason other than death or disability, and may be exercised by payment of cash or through the delivery of common stock. Director Options granted under the Director Option Plan are generally exercisable in the case of death or disability for a period of one year after death or the disabling event. No Director Option issued may be exercised if such exercise would jeopardize our status as a REIT under the Internal Revenue Code.

The independent directors may not sell, pledge, assign or transfer their options other than by will or the laws of descent or distribution.

Upon the dissolution or liquidation of the Wells REIT, upon our reorganization, merger or consolidation with one or more corporations as a result of which we are not the surviving corporation or upon sale of all or substantially all of our properties, the Director Option Plan will terminate, and any outstanding Director Options will terminate and be forfeited. The board of directors may provide in writing in connection with any such transaction for any or all of the following alternatives:

for the assumption by the successor corporation of the Director Options granted or the replacement of the Director Options with options covering the stock of the successor corporation, or a parent or subsidiary of such corporation, with appropriate adjustments as to the number and kind of shares and exercise prices;

for the continuance of the Director Option Plan and the Director Options by such successor corporation under the original terms; or

for the payment in cash or shares of common stock in lieu of and in complete satisfaction of such options.

Independent Director Warrant Plan

Our Independent Director Warrant Plan (Director Warrant Plan) was approved by our stockholders at the annual stockholders meeting held June 28, 2000. Our Director Warrant Plan provides for the issuance of warrants to purchase shares of our common stock (Warrants) to independent directors based on the number of shares of common stock that they purchase. The purpose of the Director Warrant Plan is to encourage our independent directors to purchase shares of our common stock. Beginning on the effective date of the Director Warrant Plan and continuing until the earlier to occur of (1) the termination of the Director Warrant Plan by action of the board of directors or otherwise, or (2) 5:00 p.m. EST on the date of listing of our shares on a national securities exchange, each independent director will receive one Warrant for every 25 shares of common stock he purchases. The exercise price of the Warrants will be \$12.00 per share.

A total of 500,000 Warrants have been authorized and reserved for issuance under the Director Warrant Plan, each of which will be redeemable for one share of our common stock. Upon our dissolution or liquidation, or upon a reorganization, merger or consolidation, where we are not the surviving corporation, or upon our sale of all or substantially all of our properties, the Director Warrant Plan shall terminate, and any outstanding Warrants shall terminate and be forfeited; provided, however, that holders of Warrants may exercise any Warrants that are otherwise exercisable immediately prior to the effective date of the dissolution, liquidation, consolidation or merger. Notwithstanding the above, our board of directors may provide in writing in connection with any such transaction for any or all of the following alternatives: (1) for the assumption by the successor corporation of the Warrants theretofore granted or the substitution by such corporation for such Warrants of awards covering the stock of the successor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; (2) for the continuance of the Director Warrant Plan by such successor corporation in which event the Director Warrant Plan and the Warrants shall continue in the manner and under the terms so provided; or (3) for the payment in cash or shares in lieu of and in complete satisfaction of such Warrants.

No Warrant may be sold, pledged, assigned or transferred by an independent director in any manner other than by will or the laws of descent or distribution. All Warrants exercised during the independent director's lifetime shall be exercised only by the independent director or his legal representative. Any transfer contrary to the Director Warrant Plan will nullify and render void the Warrant. Notwithstanding any other provisions of the Director Warrant Plan, Warrants granted under the Director Warrant Plan shall continue to be exercisable in the case of death or disability of the independent director for a period of one year after the death or disabling event, provided that the death or disabling event occurs while the person is an independent director. No Warrant issued may be exercised if such exercise would jeopardize our status as a REIT under the Internal Revenue Code.

Employee Stock Option Plan

Our 2000 Employee Stock Option Plan (Employee Option Plan) was approved by our stockholders at the annual stockholders meeting held June 28, 2000. Our Employee Option Plan is designed to enable Wells Capital and Wells Management to obtain or retain the services of employees considered essential to our long range success and the success of Wells Capital and Wells Management by offering such employees an opportunity to participate in the growth of the Wells REIT through ownership of our common stock.

Our Employee Option Plan provides for the formation of a Compensation Committee consisting of two or more of our independent directors. (See Committees of the Board of Directors.) The Compensation Committee shall conduct the general administration of the Employee Option Plan. The

Table of Contents

Compensation Committee is authorized to grant non-qualified stock options (Employee Options) to selected employees of Wells Capital and Wells Management based upon the recommendation of Wells Capital and subject to the absolute discretion of the Compensation Committee and applicable limitations of the Employee Option Plan. The exercise price for the Employee Options shall be the greater of (1) \$11.00 per share, or (2) the fair market value of the shares on the date the option is granted. A total of 750,000 shares have been authorized and reserved for issuance under our Employee Option Plan. To date, we have not issued any stock options under our Employee Option Plan.

The Compensation Committee shall set the term of the Employee Options in its discretion, although no Employee Option shall have a term greater than five years from the later of (1) the date our shares become listed on a national securities exchange, or (2) the date the Employee Option is granted. The employee receiving Employee Options shall agree to remain in employment with his employer for a period of one year after the Employee Option is granted. The Compensation Committee shall set the period during which the right to exercise an option vests in the holder of the option. No Employee Option issued may be exercised, however, if such exercise would jeopardize our status as a REIT under the Internal Revenue Code. In addition, no option may be sold, pledged, assigned or transferred by an employee in any manner other than by will or the laws of descent or distribution.

In the event that the Compensation Committee determines that any dividend or other distribution, recapitalization, stock split, reorganization, merger, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of our assets, or other similar corporate transaction or event, affects the shares such that an adjustment is determined by the Compensation Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Employee Option Plan or with respect to an Employee Option, then the Compensation Committee shall, in such manner as it may deem equitable, adjust the number and kind of shares or the exercise price with respect to any option.

Limited Liability and Indemnification of Directors, Officers, Employees and Other Agents

Our organizational documents limit the personal liability of our stockholders, directors and officers for monetary damages to the fullest extent permitted under current Maryland Corporation Law. We also maintain a directors and officers liability insurance policy. Maryland Corporation Law allows directors and officers to be indemnified against judgments, penalties, fines, settlements and expenses actually incurred in a proceeding unless the following can be established:

an act or omission of the director or officer was material to the cause of action adjudicated in the proceeding, and was committed in bad faith or was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

with respect to any criminal proceeding, the director or officer had reasonable cause to believe his act or omission was unlawful.

Any indemnification or any agreement to hold harmless is recoverable only out of our assets and not from our stockholders. Indemnification could reduce the legal remedies available to us and our stockholders against the indemnified individuals, however.

This provision does not reduce the exposure of our directors and officers to liability under federal or state securities laws, nor does it limit our stockholders ability to obtain injunctive relief or other

Table of Contents

equitable remedies for a violation of a director's or an officer's duties to us or our stockholders, although the equitable remedies may not be an effective remedy in some circumstances.

In spite of the above provisions of Maryland Corporation Law, our articles of incorporation provide that our directors, Wells Capital and its affiliates will be indemnified by us for losses arising from our operation only if all of the following conditions are met:

our directors, Wells Capital or its affiliates have determined, in good faith, that the course of conduct which caused the loss or liability was in our best interests;

our directors, Wells Capital or its affiliates were acting on our behalf or performing services for us;

in the case of affiliated directors, Wells Capital or its affiliates, the liability or loss was not the result of negligence or misconduct by the party seeking indemnification;

in the case of independent directors, the liability or loss was not the result of gross negligence or willful misconduct by the party seeking indemnification; and

the indemnification or agreement to hold harmless is recoverable only out of our net assets and not from the stockholders.

We have agreed to indemnify and hold harmless Wells Capital and its affiliates performing services for us from specific claims and liabilities arising out of the performance of its obligations under the advisory agreement. As a result, we and our stockholders may be entitled to a more limited right of action than they would otherwise have if these indemnification rights were not included in the advisory agreement.

The general effect to investors of any arrangement under which any of our controlling persons, directors or officers are insured or indemnified against liability is a potential reduction in distributions resulting from our payment of premiums associated with insurance. In addition, indemnification could reduce the legal remedies available to the Wells REIT and our stockholders against the officers and directors.

The Securities and Exchange Commission takes the position that indemnification against liabilities arising under the Securities Act of 1933 is against public policy and unenforceable. Indemnification of our directors, officers, Wells Capital or its affiliates will not be allowed for liabilities arising from or out of a violation of state or federal securities laws, unless one or more of the following conditions are met:

there has been a successful adjudication on the merits of each count involving alleged securities law violations;

such claims have been dismissed with prejudice on the merits by a court of competent jurisdiction; or

a court of competent jurisdiction approves a settlement of the claims against the indemnitee and finds that indemnification of the settlement and the related costs should be made, and the court considering the request for indemnification has been advised of the position of the Securities and Exchange Commission and of the published position of any state securities regulatory authority in which the securities were offered as to indemnification for violations of securities laws.

Table of Contents

Indemnification will be allowed for settlements and related expenses of lawsuits alleging securities laws violations and for expenses incurred in successfully defending any lawsuits, provided that a court either:

approves the settlement and finds that indemnification of the settlement and related costs should be made; or

dismisses with prejudice or there is a successful adjudication on the merits of each count involving alleged securities law violations as to the particular indemnitee and a court approves the indemnification.

The Advisor

The advisor of the Wells REIT is Wells Capital. Wells Capital has contractual responsibilities to the Wells REIT and its stockholders pursuant to the advisory agreement. Some of our officers and directors are also officers and directors of Wells Capital. (See Conflicts of Interest.)

The directors and executive officers of Wells Capital are as follows:

The backgrounds of Messrs. Wells and Williams are described in the Management Executive Officers and Directors section of this prospectus. Below is a brief description of the other executive officers of Wells Capital.

Stephen G. Franklin, Ph.D. is a Senior Vice President of Wells Capital. Mr. Franklin is responsible for marketing, sales and coordination of broker-dealer relations. Mr. Franklin also serves as Vice President of Wells Real Estate Funds, Inc. Prior to joining Wells Capital in 1999, Mr. Franklin served as President of Global Access Learning, an international executive education and management development firm. From 1997 to 1999, Mr. Franklin served as President, Chief Academic Officer and Director of EduTrek International, a publicly traded provider of international post-secondary education that owns the American InterContinental University, with campuses in Atlanta, Ft. Lauderdale, Los Angeles, Washington, D.C., London and Dubai. While at EduTrek, he was instrumental in developing the Masters and Bachelors of Information Technology, International MBA and Adult Evening BBA programs. Prior to joining EduTrek, Mr. Franklin was Associate Dean of the Goizueta Business School at Emory University and a former tenured Associate Professor of Business Administration. He served on the founding Executive MBA faculty, and has taught graduate, undergraduate and executive courses in management and organizational behavior, human resources management and entrepreneurship. He is also co-founder and Director of the Center for Healthcare Leadership in the Emory University School of Medicine. Mr. Franklin was a frequent guest lecturer at universities throughout North America, Europe and South Africa.

In 1984, Mr. Franklin took a sabbatical from Emory University and became Executive Vice President and a principal stockholder of Financial Service Corporation (FSC), an independent financial planning broker-dealer. Mr. Franklin and the other stockholders of FSC later sold their

interests in FSC to Mutual of New York Life Insurance Company.

Kim R. Comer is a Vice President of Wells Capital. He is primarily responsible for developing, implementing and monitoring initiatives to further the strategic objectives of Wells Capital. He rejoined Wells Capital as National Vice President of Marketing in April 1997 after working for Wells Capital in similar capacities from January 1992 through September 1995. In prior positions with Wells Capital, he served as both Vice President and Director of Customer Care Services and Vice President of Marketing for the southeast and northeast regions. Mr. Comer has over 10 years experience in the securities industry and is a registered representative and financial principal with the NASD. Additionally, he has substantial financial experience including experience as controller and chief financial officer of two regional broker-dealers. In 1976, Mr. Comer graduated with honors from Georgia State University with a BBA degree in accounting.

Claire C. Janssen is a Vice President of Wells Capital. She is primarily responsible for managing the corporate, real estate, investment and investor accounting areas of the company. Ms. Janssen also serves as a Vice President of Wells Management Company, Inc., our Property Manager. Prior to joining Wells Capital in 2001, Ms. Janssen served as a Vice President of Lend Lease Real Estate (formerly, Equitable Real Estate). From 1990 to 2000, she held various management positions, including Vice President of Institutional Accounting, Vice President of Business/Credit Analysis and Director of Tax/Corporate Accounting. From 1985 to 1990, Ms. Janssen served in management positions for Beers and Cutler, a Washington, D.C. based accounting firm, where she provided both audit and tax services for clients.

Ms. Janssen received a B.S. in business administration with a major in accounting from George Mason University. She is a Certified Public Accountant and a member of American Institute of Certified Public Accountants, Georgia Society of Certified Public Accountants and National Association of Real Estate Companies.

David H. Steinwedell is a Vice President of Wells Capital. He is primarily responsible for the acquisition of real estate properties. Prior to joining Wells Capital in 2001, Mr. Steinwedell served as a principal in Steinwedell and Associates, a capital markets advisory firm specializing in transactions and strategic planning for commercial real estate firms. His background also includes experience as the Executive Vice President of Investment Banking at Jones Lang LaSalle and as Managing Director for Real Estate Investments at Aetna Life and Casualty. He graduated from Hamilton College with a B.S. in Economics. Mr. Steinwedell is a licensed real estate broker in Georgia and is a member of the Urban Land Institute and NAIOP.

Wells Capital employs personnel, in addition to the directors and executive officers listed above, who have extensive experience in selecting and managing commercial properties similar to the properties sought to be acquired by the Wells REIT.

The Advisory Agreement

Many of the services to be performed by Wells Capital in managing our day-to-day activities are summarized below. This summary is provided to illustrate the material functions which Wells Capital will perform for us as our advisor, and it is not intended to include all of the services which may be provided to us by Wells Capital or by third parties. Under the terms of the advisory agreement, Wells Capital undertakes to use its best efforts to present to us investment opportunities consistent with our investment policies and objectives as adopted by our board of directors. In its performance of this undertaking, Wells Capital, either directly or indirectly by engaging an affiliate, shall, subject to the authority of the board:

Table of Contents

find, present and recommend to us real estate investment opportunities consistent with our investment policies and objectives;

structure the terms and conditions of transactions pursuant to which acquisitions of properties will be made;

acquire properties on our behalf in compliance with our investment objectives and policies;

arrange for financing and refinancing of properties; and

enter into leases and service contracts for the properties acquired.

The term of the current advisory agreement ends on January 30, 2003 and may be renewed for an unlimited number of successive one-year periods. Additionally, the advisory agreement may be terminated:

immediately by us for cause or upon the bankruptcy of Wells Capital or a material breach of the advisory agreement by Wells Capital;

without cause by a majority of the independent directors of the Wells REIT or a majority of the directors of Wells Capital upon 60 days written notice; or

immediately with good reason by Wells Capital.

Good reason is defined in the advisory agreement to mean either:

any failure by us to obtain a satisfactory agreement from our successor to assume and agree to perform our obligations under the advisory agreement; or

any material breach of the advisory agreement of any nature whatsoever by us.

Cause is defined in the advisory agreement to mean fraud, criminal conduct, willful misconduct or willful or negligent breach of fiduciary duty by Wells Capital or a breach of the advisory agreement by Wells Capital.

Wells Capital and its affiliates expect to engage in other business ventures and, as a result, their resources will not be dedicated exclusively to our business. However, pursuant to the advisory agreement, Wells Capital must devote sufficient resources to the administration of the Wells REIT to discharge its obligations. Wells Capital may assign the advisory agreement to an affiliate upon approval of a majority of the independent directors. We may assign or transfer the advisory agreement to a successor entity.

Wells Capital may not make any acquisition of property or financing of such acquisition on our behalf without the prior approval of a majority of our board of directors. The actual terms and conditions of transactions involving investments in properties shall be determined in the sole discretion of Wells Capital, subject at all times to such board approval.

We will reimburse Wells Capital for all of the costs it incurs in connection with the services it provides to us, including, but not limited to:

organization and offering expenses in an amount up to 3.0% of gross offering proceeds, which include actual legal, accounting, printing and expenses attributable to preparing the SEC registration statement, qualification of the shares for sale in the states and filing fees incurred by Wells Capital, as well as reimbursements for marketing, salaries and

Table of Contents

direct expenses of its employees while engaged in registering and marketing the shares and other marketing and organization costs, other than selling commissions and the dealer manager fee;

the annual cost of goods and materials used by us and obtained from entities not affiliated with Wells Capital, including brokerage fees paid in connection with the purchase and sale of securities;

administrative services including personnel costs, provided, however, that no reimbursement shall be made for costs of personnel to the extent that personnel are used in transactions for which Wells Capital receives a separate fee; and

acquisition expenses, which are defined to include expenses related to the selection and acquisition of properties.

Wells Capital must reimburse us at least annually for amounts paid to Wells Capital in any year to the extent that such payments cause our operating expenses to exceed the greater of (1) 2% of our average invested assets, which consists of the average book value of our real estate properties, both equity interests in and loans secured by real estate, before reserves for depreciation or bad debts or other similar non-cash reserves, or (2) 25% of our net income, which is defined as our total revenues less total operating expenses for any given period. Operating expenses includes all expenses paid or incurred by the Wells REIT as determined by generally accepted accounting principles, such as (1) real estate operating costs, net of reimbursements, (2) management and leasing fees, (3) general and administrative expenses, and (4) legal and accounting expenses, but excludes (A) expenses of raising capital such as organizational and offering expenses, (B) interest payments, (C) taxes, (D) non-cash expenditures such as depreciation, amortization and bad debt reserves, and (E) amounts payable out of capital contributions which are not treated as operating expenses under generally accepted accounting principles such as the acquisition and advisory fees payable to Wells Capital. To the extent that operating expenses payable or reimbursable by us exceed this limit and the independent directors determine that the excess expenses were justified based on unusual and nonrecurring factors which they deem sufficient, Wells Capital may be reimbursed in future years for the full amount of the excess expenses, or any portion thereof, but only to the extent the reimbursement would not cause our operating expenses to exceed the limitation in any year. Within 60 days after the end of any of our fiscal quarters for which total operating expenses for the 12 months then ended exceed the limitation, there shall be sent to the stockholders a written disclosure, together with an explanation of the factors the independent directors considered in arriving at the conclusion that the excess expenses were justified.

Wells Capital and its affiliates will be paid fees in connection with services provided to us. (See Management Compensation.) In the event the advisory agreement is terminated, Wells Capital will be paid all accrued and unpaid fees and expense reimbursements, and any subordinated acquisition fees earned prior to the termination. We will not reimburse Wells Capital or its affiliates for services for which Wells Capital or its affiliates are entitled to compensation in the form of a separate fee.

Shareholdings

Wells Capital currently owns 20,000 limited partnership units of Wells OP, our operating partnership, for which it contributed \$200,000 and which constitutes 100% of the limited partner units outstanding at this time. Wells Capital may not sell any of these units during the period it serves as our advisor. Any resale of shares that Wells Capital or its affiliates may acquire in the future will be subject to the provisions of Rule 144 promulgated under the Securities Act of 1933, which rule limits the number of shares that may be sold at any one time and the manner of such resale. Although Wells Capital and its affiliates are not prohibited from acquiring shares of the Wells REIT, Wells Capital currently has no

options or warrants to acquire any shares and has no current plans to acquire shares. Wells Capital has agreed to abstain from voting any shares it acquires in any vote for the election of directors or any vote regarding the approval or termination of any contract with Wells Capital or any of its affiliates.

Affiliated Companies

Property Manager

Our properties will be managed and leased initially by Wells Management Company, Inc. (Wells Management), our Property Manager. Wells Management is a wholly owned subsidiary of Wells Real Estate Funds, Inc., and Mr. Wells is the sole director of Wells Management. (See Conflicts of Interest.) The principal officers of Wells Management are as follows:

<u>Name</u>	<u>Age</u>	<u>Positions</u>
Leo F. Wells, III	58	President and Treasurer
M. Scott Meadows	38	Senior Vice President and Secretary
John G. Oliver	53	Vice President
Michael L. Watson	59	Vice President

The background of Mr. Wells is described in the Management Executive Officers and Directors section of this prospectus. Below is a brief description of the other executive officers of Wells Management.

M. Scott Meadows is a Senior Vice President and Secretary of Wells Management. He is primarily responsible for the acquisition, operation, management and disposition of real estate investments. Prior to joining Wells Management in 1996, Mr. Meadows served as Senior Property Manager for The Griffin Company, a full-service commercial real estate firm in Atlanta, where he was responsible for managing a 500,000 square foot office and retail portfolio. Mr. Meadows previously managed real estate as a Property Manager for Sea Pines Plantation Company. He graduated from University of Georgia with a B.B.A. in management. Mr. Meadows is a Georgia real estate broker and holds a Real Property Administrator (RPA) designation from the Building Owners and Managers Institute International and a Certified Property Manager (CPM) designation from the Institute of Real Estate Management.

John G. Oliver is a Vice President of Wells Management. He is primarily responsible for operation and management of real estate properties. Prior to joining Wells Management in July 2000, Mr. Oliver served as Vice President with C.B. Richard Ellis where he was responsible for the management of properties occupied by Delta Airlines. Mr. Oliver previously was the Vice President of Property Management for Grubb and Ellis for their southeast region and served on their Executive Property Management Council. He graduated from Georgia State University with a B.S. in real estate. Mr. Oliver is a past President of the Atlanta chapter of BOMA (Building Owners and Managers Association) and holds a Certified Property Manager (CPM) designation from the Institute of Real Estate Management.

Michael L. Watson is a Vice President of Wells Management. He is primarily responsible for performing due diligence investigations on our properties and overseeing construction and tenant improvement projects including design, engineering, and progress-monitoring functions. Prior to joining Wells Management in 1995, Mr. Watson was Senior Project Manager with Abrams Construction in Atlanta from 1982 to 1995. His

Wells Management is engaged in the business of real estate management. It was organized and commenced active operations in 1983 to lease and manage real estate projects that Wells Capital and its affiliates operate or in which they own an interest. As of June 30, 2002, Wells Management was managing in excess of 8,800,000 square feet of office and industrial buildings and shopping centers. We will pay Wells Management property management and leasing fees not exceeding the lesser of: (A) 4.5% of gross revenues, or (B) 0.6% of the net asset value of the properties (excluding vacant properties) owned by the Wells REIT, calculated on an annual basis. For purposes of this calculation, net asset value shall be defined as the excess of (1) the aggregate of the fair market value of all properties owned by the Wells REIT (excluding vacant properties), over (2) the aggregate outstanding debt of the Wells REIT (excluding debts having maturities of one year or less). In addition, we may pay Wells Management a separate fee for the one-time initial rent-up or leasing-up of newly constructed properties in an amount not to exceed the fee customarily charged in arm's length transactions by others rendering similar services in the same geographic area for similar properties as determined by a survey of brokers and agents in such area (customarily equal to the first month's rent). Wells Management will also retain third-party property managers or subcontract manager services to third-party property managers as it deems appropriate for certain of our properties.

In the event that Wells Management assists a tenant with tenant improvements, a separate fee may be charged to the tenant and paid by the tenant. This fee will not exceed 5.0% of the cost of the tenant improvements.

Wells Management will hire, direct and establish policies for employees who will have direct responsibility for each property's operations, including resident managers and assistant managers, as well as building and maintenance personnel. Some or all of the other employees may be employed on a part-time basis and may also be employed by one or more of the following:

Wells Capital;

Wells Management;

partnerships organized by Wells Management and its affiliates; and

other persons or entities owning properties managed by Wells Management.

Wells Management will direct the purchase of equipment and supplies and will supervise all maintenance activity.

The management fees to be paid to Wells Management will cover, without additional expense to the Wells REIT, the property manager's general overhead costs such as its expenses for rent and utilities.

The principal office of Wells Management is located at 6200 The Corners Parkway, Suite 250, Atlanta, Georgia 30092.

Dealer Manager

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Wells Investment Securities, Inc. (Wells Investment Securities), our Dealer Manager, is a member firm of the NASD, Inc. (NASD). Wells Investment Securities was organized in May 1984 for the purpose of participating in and facilitating the distribution of securities of Wells programs.

Wells Investment Securities will provide certain wholesaling, sales promotional and marketing assistance services to the Wells REIT in connection with the distribution of the shares offered pursuant to this prospectus. It may also sell shares at the retail level. (See Plan of Distribution and Management Compensation.)

Table of Contents

Wells Real Estate Funds, Inc. is the sole stockholder and Mr. Wells is the President, Treasurer and sole director of Wells Investment Securities. (See Conflicts of Interest.)

IRA Custodian

Wells Advisors, Inc. (Wells Advisors) was organized in 1991 for the purpose of acting as a non-bank custodian for IRAs investing in the securities of Wells real estate programs. Wells Advisors currently charges no fees for such services. Wells Advisors was approved by the Internal Revenue Service to act as a qualified non-bank custodian for IRAs on March 20, 1992. In circumstances where Wells Advisors acts as an IRA custodian, the authority of Wells Advisors is limited to holding limited partnership units or REIT shares on behalf of the beneficiary of the IRA and making distributions or reinvestments in such units or shares solely at the direction of the beneficiary of the IRA. Well Advisors is not authorized to vote any of such units or shares held in any IRA except in accordance with the written instructions of the beneficiary of the IRA. Mr. Wells is the President and sole director and owns 50% of the common stock and all of the preferred stock of Wells Advisors. As of June 30, 2002, Wells Advisors was acting as the IRA custodian for in excess of \$373,442,000 in Wells real estate program investments.

Management Decisions

The primary responsibility for the management decisions of Wells Capital and its affiliates, including the selection of investment properties to be recommended to our board of directors, the negotiation for these investments, and the property management and leasing of these investment properties, will reside in Leo F. Wells, III, Douglas P. Williams, M. Scott Meadows, David H. Steinwedell and John G. Oliver. Wells Capital seeks to invest in commercial properties that satisfy our investment objectives, typically office and industrial buildings located in densely populated metropolitan markets in which the major tenant is a company with a net worth of in excess of \$100,000,000. Our board of directors must approve all acquisitions of real estate properties.

MANAGEMENT COMPENSATION

Real Estate Commissions Wells Capital or its Affiliates	In connection with the sale of properties, an amount not exceeding the lesser of: (A) 50% of the reasonable, customary and competitive real estate brokerage commissions customarily paid for the sale of a comparable property in light of the size, type and location of the property; or (B) 3.0% of the contract price of each property sold, subordinated to distributions to investors from sale proceeds of an amount which, together with prior distributions to the investors, will equal (1) 100% of their capital contributions, plus (2) an 8.0% annual cumulative, noncompounded return on their net capital contributions; provided however, in no event will the amounts paid under (A) or (B) exceed an amount equal to 6.0% of the contract sales price when combined with real estate commissions paid to unaffiliated third parties.	Actual amounts are dependent upon results of operations and therefore cannot be determined at the present time.
Subordinated Participation in Net Sale Proceeds Wells Capital(4)	After investors have received a return of their net capital contributions and an 8.0% per year cumulative, noncompounded return, then Wells Capital is entitled to receive 10.0% of remaining net sale proceeds.	Actual amounts are dependent upon results of operations and therefore cannot be determined at the present time.
Subordinated Incentive Listing Fee Wells Capital(5)(6)	Upon listing, a fee equal to 10.0% of the amount by which (1) the market value of the outstanding stock of the Wells REIT plus distributions paid by the Wells REIT prior to listing, exceeds (2) the sum of the total amount of capital raised from investors and the amount of cash flow necessary to generate an 8.0% per year cumulative, noncompounded return to investors.	Actual amounts are dependent upon results of operations and therefore cannot be determined at the present time.

The Wells REIT may not reimburse any entity for operating expenses in excess of the greater of 2% of our average invested assets or 25% of our net income for the year.

(Footnotes to Management Compensation)

- (1) The estimated maximum dollar amounts are based on the sale of a maximum of 300,000,000 shares to the public at \$10 per share and the sale of 30,000,000 shares at \$10 per share pursuant to our dividend reinvestment plan.
- (2) These reimbursements will include organization and offering expenses previously advanced by Wells Capital with regards to prior offerings of our shares, to the extent not reimbursed out of proceeds from prior offerings, and subject for the 3.0% of gross offering proceeds overall limitation.
- (3) Notwithstanding the method by which we calculate the payment of acquisition fees and expenses, as described in the table, the total of all such acquisition fees and acquisition expenses shall not exceed, in the aggregate, an amount equal to 6.0% of the contract price of all of the properties which we will purchase, as required by the NASAA Guidelines.
- (4) The subordinated participation in net sale proceeds and the subordinated incentive listing fee to be received by Wells Capital are mutually exclusive of each other. In the event that the Wells REIT becomes listed and Wells Capital receives the subordinated incentive listing fee prior to its

Table of Contents

receipt of the subordinated participation in net sale proceeds, Wells Capital shall not be entitled to any such participation in net sale proceeds.

- (5) If at any time the shares become listed on a national securities exchange or included for quotation on NASDAQ, we will negotiate in good faith with Wells Capital a fee structure appropriate for an entity with a perpetual life. A majority of the independent directors must approve the new fee structure negotiated with Wells Capital. In negotiating a new fee structure, the independent directors shall consider all of the factors they deem relevant, including but not limited to:

the size of the advisory fee in relation to the size, composition and profitability of our portfolio;

the success of Wells Capital in generating opportunities that meet our investment objectives;

the rates charged to other REITs and to investors other than REITs by advisors performing similar services;

additional revenues realized by Wells Capital through their relationship with us;

the quality and extent of service and advice furnished by Wells Capital;

the performance of our investment portfolio, including income, conservation or appreciation of capital, frequency of problem investments and competence in dealing with distress situations; and

the quality of our portfolio in relationship to the investments generated by Wells Capital for the account of other clients.

Our board of directors, including a majority of the independent directors, may not approve a new fee structure that is, in its judgment, more favorable to Wells Capital than the current fee structure.

- (6) The market value of the outstanding stock of the Wells REIT will be calculated based on the average market value of the shares issued and outstanding at listing over the 30 trading days beginning 180 days after the shares are first listed on a stock exchange.

We have the option to pay the listing fee in the form of stock, cash, a promissory note or any combination thereof. In the event the subordinated incentive listing fee is paid to Wells Capital as a result of the listing of the shares, we will not be required to pay Wells Capital any further subordinated participation in net sale proceeds.

In addition, Wells Capital and its affiliates will be reimbursed only for the actual cost of goods, services and materials used for or by the Wells REIT. Wells Capital may be reimbursed for the administrative services necessary to the prudent operation of the Wells REIT provided that the reimbursement shall not be for services for which it is entitled to compensation by way of a separate fee.

Since Wells Capital and its affiliates are entitled to differing levels of compensation for undertaking different transactions on behalf of the Wells REIT such as the property management fees for operating the properties and the subordinated participation in net sale proceeds, Wells Capital has the ability to affect the nature of the compensation it receives by undertaking different transactions. However, Wells Capital is obligated to exercise good faith and integrity in all its dealings with respect to our affairs pursuant to the advisory agreement. (See Management The Advisory Agreement.) Because these fees or expenses are payable only with respect to certain transactions or services, they may not be recovered by

Wells Capital or its affiliates by reclassifying them under a different category.

CONFLICTS OF INTEREST

We are subject to various conflicts of interest arising out of our relationship with Wells Capital, our advisor, and its affiliates, including conflicts related to the arrangements pursuant to which Wells Capital and its affiliates will be compensated by the Wells REIT. (See Management Compensation.)

The independent directors have an obligation to function on our behalf in all situations in which a conflict of interest may arise and have a statutory obligation to act in the best interest of the stockholders. (See Management Limited Liability and Indemnification of Directors, Officers, Employees and Other Agents.) These conflicts include, but are not limited to, the following:

Interests in Other Real Estate Programs

Wells Capital and its affiliates are general partners of other Wells programs, including partnerships which have investment objectives similar to those of the Wells REIT, and we expect that they will organize other such partnerships and programs in the future. Wells Capital and such affiliates have legal and financial obligations with respect to these partnerships that are similar to their obligations to the Wells REIT. As general partners, they may have contingent liability for the obligations of such partnerships as well as those of the Wells REIT that, if such obligations were enforced against them, could result in substantial reduction of their net worth.

Wells Capital and its affiliates are currently sponsoring a real estate program known as Wells Real Estate Fund XIII, L.P. (Wells Fund XIII). The registration statement of Wells Fund XIII was declared effective by the Securities and Exchange Commission (SEC) on March 29, 2001 for the offer and sale to the public of up to 4,500,000 units of limited partnership interest at a price of \$10.00 per unit.

As described in the Prior Performance Summary, Wells Capital and its affiliates have sponsored the following 14 public real estate programs with substantially identical investment objectives as those of the Wells REIT:

1. Wells Real Estate Fund I (Wells Fund I),
2. Wells Real Estate Fund II (Wells Fund II),
3. Wells Real Estate Fund II-OW (Wells Fund II-OW),
4. Wells Real Estate Fund III, L.P. (Wells Fund III),

In the event that the Wells REIT, or any other Wells program or other entity formed or managed by Wells Capital or its affiliates is in the market for similar properties, Wells Capital will review the investment portfolio of each such affiliated entity prior to making a decision as to which Wells program will purchase such properties. (See Certain Conflict Resolution Procedures.)

Table of Contents

Wells Capital or one of its affiliates may acquire, for its own account or for private placement, properties which it deems not suitable for purchase by the Wells REIT, whether because of the greater degree of risk, the complexity of structuring inherent in such transactions, financing considerations or for other reasons, including properties with potential for attractive investment returns.

Other Activities of Wells Capital and its Affiliates

We rely on Wells Capital for the day-to-day operation of our business. As a result of its interests in other Wells programs and the fact that it has also engaged and will continue to engage in other business activities, Wells Capital and its affiliates will have conflicts of interest in allocating their time between the Wells REIT and other Wells programs and activities in which they are involved. (See Risk Factors Investment Risks.) However, Wells Capital believes that it and its affiliates have sufficient personnel to discharge fully their responsibilities to all of the Wells programs and ventures in which they are involved.

In addition, certain of our executive officers and directors are also officers and directors of Wells Capital, our advisor and the general partner of the various real estate programs sponsored by Wells Capital and its affiliates described above, Wells Management, our Property Manager, and Wells Investment Securities, our Dealer Manager, and as such, owe fiduciary duties to these various entities and their stockholders and limited partners. Such fiduciary duties may from time to time conflict with the fiduciary duties owed to the Wells REIT and its stockholders. (See Risk Factors Investment Risks.)

In addition to the real estate programs sponsored by Wells Capital and its affiliates described above, Wells Capital and its affiliates are also sponsoring an index mutual fund that invests in various REIT stocks known as the Wells S&P REIT Index Fund (REIT Index Fund). The REIT Index Fund is a mutual fund which seeks to provide investment results corresponding to the performance of the S&P REIT Index by investing in the REIT stocks included in the S&P REIT Index.

We may purchase or lease a property from Wells Capital or its affiliates upon a finding by a majority of our board of directors, including a majority of the independent directors, not otherwise interested in the transaction, that such transaction is competitive and commercially reasonable to the Wells REIT and at a price no greater than the cost of the property; provided, however, if the price is in excess of the cost of such property, that substantial justification for such excess exists and such excess is reasonable and the acquisition is disclosed. In no event may the Wells REIT:

loan funds to Wells Capital or any of its affiliates; or

enter into agreements with Wells Capital or its affiliates for the provision of insurance covering the Wells REIT or any of our properties.

Competition

Conflicts of interest will exist to the extent that we may acquire properties in the same geographic areas where other Wells programs own properties. In such a case, a conflict could arise in the leasing of properties in the event that the Wells REIT and another Wells program were to compete for the same tenants in negotiating leases, or a conflict could arise in connection with the resale of properties in the event that the Wells REIT and another Wells program were to attempt to sell similar properties at the same time. (See Risk Factors Investment Risks). Conflicts of

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

interest may also exist at such time as the Wells REIT or our affiliates managing property on our behalf seek to employ developers, contractors or building managers as well as under other circumstances. Wells Capital will seek to reduce conflicts relating to the employment of developers, contractors or building managers by making prospective employees aware of all such properties seeking to employ such persons. In addition, Wells Capital will seek to reduce conflicts which may arise with respect to properties available for sale or rent by making

Table of Contents

prospective purchasers or tenants aware of all such properties. However, these conflicts cannot be fully avoided in that Wells Capital may establish differing compensation arrangements for employees at different properties or differing terms for resales or leasing of the various properties.

Affiliated Dealer Manager

Since Wells Investment Securities, our Dealer Manager, is an affiliate of Wells Capital, we will not have the benefit of an independent due diligence review and investigation of the type normally performed by an unaffiliated, independent underwriter in connection with the offering of securities. (See Plan of Distribution.)

Affiliated Property Manager

Since we anticipate that properties we acquire will be managed and leased by Wells Management, our Property Manager, we will not have the benefit of independent property management. (See Management Affiliated Companies.)

Lack of Separate Representation

Holland & Knight LLP is counsel to the Wells REIT, Wells Capital, Wells Investment Securities and their affiliates in connection with this offering and may in the future act as counsel to the Wells REIT, Wells Capital, Wells Investment Securities and their various affiliates. There is a possibility that in the future the interests of the various parties may become adverse. In the event that a dispute were to arise between the Wells REIT and Wells Capital, Wells Investment Securities or any of their affiliates, separate counsel for such matters will be retained as and when appropriate.

Joint Ventures with Affiliates of Wells Capital

We have entered into joint ventures with other Wells programs to acquire and own properties and are likely to enter into one or more joint venture agreements with other Wells programs for the acquisition, development or improvement of properties. (See Investment Objectives and Criteria Joint Venture Investments.) Wells Capital and its affiliates may have conflicts of interest in determining which Wells program should enter into any particular joint venture agreement. The co-venturer may have economic or business interests or goals which are or which may become inconsistent with our business interests or goals. In addition, should any such joint venture be consummated, Wells Capital may face a conflict in structuring the terms of the relationship between our interests and the interest of the affiliated co-venturer and in managing the joint venture. Since Wells Capital and its affiliates will control both the affiliated co-venturer and, to a certain extent, the Wells REIT, agreements and transactions between the co-venturers with respect to any such joint venture will not have the benefit of arm's-length negotiation of the type normally conducted between unrelated co-venturers. (See Risk Factors Investment Risks.)

Receipt of Fees and Other Compensation by Wells Capital and its Affiliates

A transaction involving the purchase and sale of properties may result in the receipt of commissions, fees and other compensation by Wells Capital and its affiliates, including acquisition and advisory fees, the dealer manager fee, property management and leasing fees, real estate brokerage commissions, and participation in nonliquidating net sale proceeds. However, the fees and compensation payable to Wells Capital and its affiliates relating to the sale of properties are subordinated to the return to the stockholders of their capital contributions plus cumulative returns on such capital. Subject to oversight by our board of directors, Wells Capital has considerable discretion with respect to all decisions relating to the terms and timing of all transactions. Therefore, Wells Capital may have conflicts of

Table of Contents

interest concerning certain actions taken on our behalf, particularly due to the fact that such fees will generally be payable to Wells Capital and its affiliates regardless of the quality of the properties acquired or the services provided to the Wells REIT. (See Management Compensation.)

Every transaction we enter into with Wells Capital or its affiliates is subject to an inherent conflict of interest. The board may encounter conflicts of interest in enforcing our rights against any affiliate in the event of a default by or disagreement with an affiliate or in invoking powers, rights or options pursuant to any agreement between us and any affiliate. A majority of the independent directors who are otherwise disinterested in the transaction must approve each transaction between us and Wells Capital or any of its affiliates as being fair and reasonable to us and on terms and conditions no less favorable to us than those available from unaffiliated third parties.

Certain Conflict Resolution Procedures

In order to reduce or eliminate certain potential conflicts of interest, our articles of incorporation contain a number of restrictions relating to (1) transactions we enter into with Wells Capital and its affiliates, (2) certain future offerings, and (3) allocation of properties among affiliated entities. These restrictions include, among others, the following:

Except as otherwise described in this prospectus, we will not accept goods or services from Wells Capital or its affiliates unless a majority of our directors, including a majority of the independent directors, not otherwise interested in the transactions, approve such transactions as fair and reasonable to the Wells REIT and on terms and conditions not less favorable to the Wells REIT than those available from unaffiliated third parties.

We will not purchase or lease properties in which Wells Capital or its affiliates has an interest without a determination by a majority of our directors, including a majority of the independent directors, not otherwise interested in such transaction, that such transaction is competitive and commercially reasonable to the Wells REIT and at a price to the Wells REIT no greater than the cost of the property to Wells Capital or its affiliates, unless there is substantial justification for any amount that exceeds such cost and such excess amount is determined to be reasonable. In no event will we acquire any such property at an amount in excess of its appraised value. We will not sell or lease properties to Wells Capital or its affiliates or to our directors unless a majority of our directors, including a majority of the independent directors, not otherwise interested in the transaction, determine the transaction is fair and reasonable to the Wells REIT.

We will not make any loans to Wells Capital or its affiliates or to our directors. In addition, Wells Capital and its affiliates will not make loans to us or to joint ventures in which we are a joint venture partner for the purpose of acquiring properties. Any loans made to us by Wells Capital or its affiliates or our directors for other purposes must be approved by a majority of our directors, including a majority of the independent directors, not otherwise interested in the transaction, as fair, competitive and commercially reasonable, and no less favorable to the Wells REIT than comparable loans between unaffiliated parties. Wells Capital and its affiliates shall be entitled to reimbursement, at cost, for actual expenses incurred by them on behalf of the Wells REIT or joint ventures in which we are a joint venture partner, subject to the limitation on reimbursement of operating expenses to the extent that they exceed the greater of 2% of our average invested assets or 25% of our net income, as described in the Management The Advisory Agreement section of this prospectus.

Table of Contents

In the event that an investment opportunity becomes available which is suitable, under all of the factors considered by Wells Capital, for the Wells REIT and one or more other public or private entities affiliated with Wells Capital and its affiliates, then the entity which has had the longest period of time elapse since it was offered an investment opportunity will first be offered such investment opportunity. In determining whether or not an investment opportunity is suitable for more than one program, Wells Capital, subject to approval by our board of directors, shall examine, among others, the following factors:

the cash requirements of each program;

the effect of the acquisition both on diversification of each program's investments by type of commercial property and geographic area, and on diversification of the tenants of its properties;

the policy of each program relating to leverage of properties;

the anticipated cash flow of each program;

the income tax effects of the purchase of each program;

the size of the investment; and

the amount of funds available to each program and the length of time such funds have been available for investment.

If a subsequent event or development, such as a delay in the closing of a property or a delay in the construction of a property, causes any such investment, in the opinion of our board of directors and Wells Capital, to be more appropriate for a program other than the program that committed to make the investment, Wells Capital may determine that another program affiliated with Wells Capital or its affiliates will make the investment. Our board of directors has a duty to ensure that the method used by Wells Capital for the allocation of the acquisition of properties by two or more affiliated programs seeking to acquire similar types of properties shall be reasonable.

INVESTMENT OBJECTIVES AND CRITERIA

General

We invest in commercial real estate properties, including properties that are under development or construction, are newly constructed or have been constructed and have operating histories. Our investment objectives are:

to maximize cash dividends paid to you;

to preserve, protect and return your capital contributions;

to realize growth in the value of our properties upon our ultimate sale of such properties; and

to provide you with liquidity of your investment by listing the shares on a national exchange or, if we do not obtain listing of the shares by January 30, 2008, our articles of incorporation require us to begin the process of selling our properties and distributing the net proceeds from such sales to you.

Table of Contents

We cannot assure you that we will attain these objectives or that our capital will not decrease. We may not change our investment objectives, except upon approval of stockholders holding a majority of our outstanding shares. (See Description of Shares.)

Decisions relating to the purchase or sale of properties will be made by Wells Capital, as our advisor, subject to approval by our board of directors. See Management for a description of the background and experience of our directors and executive officers.

Acquisition and Investment Policies

We will seek to invest substantially all of the offering proceeds available for investment after the payment of fees and expenses in the acquisition of high-grade commercial office and industrial buildings located in densely populated metropolitan markets, which are newly constructed, under construction, or which have been previously constructed and have operating histories. We are not limited to such investments, however. We may invest in other real estate investments, including, but not limited to, warehouse and distribution facilities, shopping centers, business and industrial parks, manufacturing facilities and other types of real estate properties. To date, we have invested primarily in office and industrial buildings located in densely populated suburban markets. (See Description of Real Estate Investments and Prior Performance Summary.) We will primarily attempt to acquire commercial properties that are less than five years old, the space in which has been leased or preleased to one or more large corporate tenants who satisfy our standards of creditworthiness. (See Terms of Leases and Tenant Creditworthiness.)

We will seek to invest in properties that will satisfy the primary objective of providing cash dividends to our stockholders. However, because a significant factor in the valuation of income-producing real properties is their potential for future income, we anticipate that the majority of properties we acquire will have both the potential for growth in value and providing cash dividends to our stockholders. To the extent feasible, we will strive to invest in a diversified portfolio of properties in terms of geography, type of property and industry group of our tenants, that will satisfy our investment objectives of maximizing cash available for payment of dividends, preserving our capital and realizing growth in value upon the ultimate sale of our properties.

We anticipate that a minimum of 84% of the proceeds from the sale of shares will be used to acquire real estate properties and the balance will be used to pay various fees and expenses. (See Estimated Use of Proceeds.)

We anticipate purchasing land for the purpose of developing the types of commercial buildings described above. We will not invest more than 10% of the net offering proceeds available for investment in properties in unimproved or non-income producing properties. A property: (1) not acquired for the purpose of producing rental or other operating income, or (2) with no development or construction in process or planned in good faith to commence within one year will be considered unimproved property for purposes of this limitation.

Although we are not limited as to the form our investments may take, our investments in real estate will generally take the form of holding fee title or a long-term leasehold estate in the properties we acquire. We will acquire such interests either directly in Wells OP (See The Operating Partnership Agreement) or indirectly by acquiring membership interests in or acquisitions of property through limited liability companies or through investments in joint ventures, partnerships, co-tenancies or other co-ownership arrangements with developers of properties, affiliates of Wells Capital or other persons. (See Joint Venture Investments below.) We may invest in or make mortgage loans, junior debt or subordinated mortgage loans or combinations of debt and equity, subject to the limitations contained in

Table of Contents

our articles of incorporation. In addition, we may purchase properties and lease them back to the sellers of such properties. While we will use our best efforts to structure any such sale-leaseback transaction such that the lease will be characterized as a true lease so that we will be treated as the owner of the property for federal income tax purposes, we cannot assure you that the IRS will not challenge such characterization. In the event that any such sale-leaseback transaction is recharacterized as a financing transaction for federal income tax purposes, deductions for depreciation and cost recovery relating to such property would be disallowed. (See Federal Income Tax Considerations Sale-Leaseback Transactions.)

Although we are not limited as to the geographic area where we may conduct our operations, we currently intend to invest in properties located in the United States.

We are not specifically limited in the number or size of properties we may acquire or on the percentage of net proceeds of this offering that we may invest in a single property. The number and mix of properties we acquire will depend upon real estate and market conditions and other circumstances existing at the time we are acquiring our properties and the amount of proceeds we raise in this offering.

In making investment decisions for us, Wells Capital will consider relevant real estate property and financial factors, including the creditworthiness of major tenants, the location of the property, its suitability for any development contemplated or in progress, its income-producing capacity, the prospects for long-range appreciation, its liquidity and income tax considerations. In this regard, Wells Capital will have substantial discretion with respect to the selection of specific investments.

Our obligation to close the purchase of any investment will generally be conditioned upon the delivery and verification of certain documents from the seller or developer, including, where appropriate:

plans and specifications;

environmental reports;

surveys;

evidence of marketable title subject to such liens and encumbrances as are acceptable to Wells Capital;

title and liability insurance policies; and

audited financial statements covering recent operations of properties having operating histories unless such statements are not required to be filed with the Securities and Exchange Commission.

We will not close the purchase of any property unless and until we obtain an environmental assessment, a minimum of a Phase I review, for each property purchased and are generally satisfied with the environmental status of the property.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We may also enter into arrangements with the seller or developer of a property whereby the seller or developer agrees that if during a stated period the property does not generate a specified cash flow, the seller or developer will pay in cash to the Wells REIT a sum necessary to reach the specified cash flow level, subject in some cases to negotiated dollar limitations.

In determining whether to purchase a particular property, we may, in accordance with customary practices, obtain an option on such property. The amount paid for an option, if any, is normally

Table of Contents

surrendered if the property is not purchased and is normally credited against the purchase price if the property is purchased.

In purchasing, leasing and developing real estate properties, we will be subject to risks generally incident to the ownership of real estate, including:

changes in general economic or local conditions;

changes in supply of or demand for similar or competing properties in an area;

changes in interest rates and availability of permanent mortgage funds which may render the sale of a property difficult or unattractive;

changes in tax, real estate, environmental and zoning laws;

periods of high interest rates and tight money supply which may make the sale of properties more difficult;

tenant turnover; and

general overbuilding or excess supply in the market area.

Development and Construction of Properties

We may invest substantially all of the proceeds available for investment in properties on which improvements are to be constructed or completed although we may not invest in excess of 10% of the offering proceeds available for investment in properties with respect to which construction is not planned in good faith to commence within one year from the date of their acquisition. To help ensure performance by the builders of properties that are under construction, completion of properties under construction may be guaranteed at the price contracted either by an adequate completion bond or performance bond. We may rely, however, upon the substantial net worth of the contractor or developer or a personal guarantee accompanied by financial statements showing a substantial net worth provided by an affiliate of the person entering into the construction or development contract as an alternative to a completion bond or performance bond. Development of real estate properties is subject to risks relating to a builder's ability to control construction costs or to build in conformity with plans, specifications and timetables. (See Risk Factors Real Estate Risks.)

We may directly employ one or more project managers to plan, supervise and implement the development of any unimproved properties that we may acquire. In such event, such persons would be compensated directly by the Wells REIT.

Terms of Leases and Tenant Creditworthiness

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The terms and conditions of any lease we enter into with our tenants may vary substantially from those we describe in this prospectus. However, we expect that a majority of our leases will be economically what is generally referred to as triple net leases. A triple net lease provides that in addition to making its lease payments, the tenant will be required to pay or reimburse the Wells REIT for all real estate taxes, sales and use taxes, special assessments, utilities, insurance and building repairs, and other building operation and management costs.

Wells Capital has developed specific standards for determining the creditworthiness of potential tenants of our properties. While authorized to enter into leases with any type of tenant, we anticipate that a majority of our tenants will be large corporations or other entities which have a net worth in excess of

Table of Contents

\$100,000,000 or whose lease obligations are guaranteed by another corporation or entity with a net worth in excess of \$100,000,000. As of June 30, 2002, approximately 95% of the aggregate gross rental income of the Wells REIT was derived from tenants which are corporations, each of which at the time of lease execution had a net worth of at least \$100,000,000 or whose lease obligations were guaranteed by another corporation having a net worth of at least \$100,000,000.

In an attempt to limit or avoid speculative purchases, to the extent possible, Wells Capital will seek to secure, on our behalf, leases with tenants at or prior to the closing of our acquisitions of properties.

We anticipate that tenant improvements required to be funded by the landlord in connection with newly acquired properties will be funded from our offering proceeds. However, at such time as a tenant at one of our properties does not renew its lease or otherwise vacates its space in one of our buildings, it is likely that, in order to attract new tenants, we will be required to expend substantial funds for tenant improvements and tenant refurbishments to the vacated space. Since we do not anticipate maintaining permanent working capital reserves, we may not have access to funds required in the future for tenant improvements and tenant refurbishments in order to attract new tenants to lease vacated space. (See Risk Factors Real Estate Risks.)

Joint Venture Investments

We have entered into joint ventures in the past, and are likely to enter into joint ventures in the future, with affiliated entities for the acquisition, development or improvement of properties for the purpose of diversifying our portfolio of assets. (See Description of Real Estate Investments Joint Ventures with Affiliates.) In this connection, we will likely enter into joint ventures with Wells Fund XIII or other Wells programs. We may also enter into joint ventures, partnerships, co-tenancies and other co-ownership arrangements or participations with real estate developers, owners and other affiliated third-parties for the purpose of developing, owning and operating real properties. (See Conflicts of Interest.) In determining whether to invest in a particular joint venture, Wells Capital will evaluate the real property that such joint venture owns or is being formed to own under the same criteria described elsewhere in this prospectus for the selection of real estate property investments of the Wells REIT. (See generally Investment Objectives and Criteria.)

At such time as Wells Capital enters into a joint venture with another Wells program for the acquisition or development of a specific property, this prospectus will be supplemented to disclose the terms of such investment transaction. We may only enter into joint ventures with other Wells programs for the acquisition of properties if:

a majority of our directors, including a majority of the independent directors, approve the transaction as being fair and reasonable to the Wells REIT;

the investment by the Wells REIT and such affiliate are on substantially the same terms and conditions; and

we will have a right of first refusal to buy if such co-venturer elects to sell its interest in the property held by the joint venture.

In the event that the co-venturer were to elect to sell property held in any such joint venture, however, we may not have sufficient funds to exercise our right of first refusal to buy the other co-venturer's interest in the property held by the joint venture. In the event that any joint venture with an affiliated entity holds interests in more than one property, the interest in each such property may be specially allocated based upon the respective proportion of funds invested by each co-venturer in each such property. Our entering

Table of Contents

into joint ventures with other Wells programs will result in certain conflicts of interest. (See [Conflicts of Interest](#) [Joint Ventures with Affiliates of Wells Capital](#).)

Section 1031 Exchange Program

Wells Development Corporation (Wells Development), an affiliate of Wells Management, our Property Manager, and Wells Capital, our advisor, intends to form a series of single member limited liability companies (each of which is referred to in this prospectus as Wells Exchange) for the purpose of facilitating the acquisition of real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are looking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Internal Revenue Code. We anticipate that Wells Development will sponsor a series of private placement offerings of interests in limited liability companies owning co-tenancy interests in various properties to 1031 Participants.

Wells Development anticipates that properties acquired in connection with the Section 1031 Exchange Program will be financed by obtaining a new first mortgage secured by the property acquired. In order to finance the remainder of the purchase price for properties to be acquired by Wells Exchange, it is anticipated that Wells Exchange will obtain a short-term loan from an institutional lender for each property. Following its acquisition of a property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to pay off the short-term loan. At the closing of each property to be acquired by Wells Exchange, we anticipate that Wells OP, our operating partnership, will enter into a contractual arrangement providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells OP will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold. (See [Risk Factors](#) [Section 1031 Exchange Program](#).) In addition, Wells OP may enter into one or more additional contractual arrangements obligating it to purchase co-tenancy interests in a particular property directly from the 1031 Participants. In consideration for such obligations, Wells Exchange will pay Wells OP a fee (Take Out Fee) in an amount currently anticipated to range between 1.0% and 1.5% of the amount of the short-term loan being obtained by Wells Exchange. (See [Risk Factors](#) [Federal Income Tax Risks](#).)

Our board of directors, including a majority of our independent directors, will be required to approve each property acquired pursuant to the Section 1031 Exchange Program in the event that Wells OP has any obligation to potentially acquire any interest in the property. Accordingly, Wells Exchange intends to purchase only real estate properties which otherwise meet the investment objectives of the Wells REIT. Wells OP may execute an agreement providing for the potential purchase of the unsold co-tenancy interests from Wells Exchange only after a majority of our directors, including a majority of our independent directors, not otherwise interested in the transaction, approve of the transaction as being fair, competitive and commercially reasonable to Wells OP and at a price to Wells OP no greater than the cost of the co-tenancy interests to Wells Exchange. If the price to Wells OP is in excess of such cost, our directors must find substantial justification for such excess and that such excess is reasonable. In addition, a fair market value appraisal for each property must be obtained from an independent expert selected by our independent directors, and in no event may Wells OP purchase co-tenancy interests at a price that exceeds the current appraised value for the property interests.

As set forth above, pursuant to the terms of these contractual arrangements, Wells OP may be obligated to purchase co-tenancy interests in certain properties offered to 1031 Participants to the extent co-tenancy interests remain unsold at the end of the offering. All purchasers of co-tenancy interests, including Wells OP in the event that it is required to purchase co-tenancy interests, will be required to execute a tenants in common agreement with the other purchasers of co-tenancy interests in that particular property and a property management agreement providing for the property management and leasing of the

Table of Contents

property by Wells Management and the payment of property management and leasing fees to Wells Management equal to 4.5% of gross revenues. Accordingly, in the event that Wells OP is required to purchase co-tenancy interests pursuant to one or more of these contractual arrangements, we will be subject to various risks associated with co-tenancy arrangements which are not otherwise present in real estate investments such as the risk that the interests of the 1031 Participants will become adverse to our interests. (See Risk Factors Section 1031 Exchange Program.)

Borrowing Policies

While we strive for diversification, the number of different properties we can acquire will be affected by the amount of funds available to us. See Description of Real Estate Investments Real Estate Loans for a description of our existing loans and the outstanding loan balances.

Our ability to increase our diversification through borrowing could be adversely impacted by banks and other lending institutions reducing the amount of funds available for loans secured by real estate. When interest rates on mortgage loans are high or financing is otherwise unavailable on a timely basis, we may purchase certain properties for cash with the intention of obtaining a mortgage loan for a portion of the purchase price at a later time.

There is no limitation on the amount we may invest in any single improved property or on the amount we can borrow for the purchase of any property. The NASAA Guidelines only limit our borrowing to 75% of the value of all properties unless any excess borrowing is approved by a majority of the independent directors and is disclosed to stockholders in our next quarterly report. However, under our articles of incorporation, we have a self-imposed limitation on borrowing which precludes us from borrowing in the aggregate in excess of 50% of the value of all of our properties. As of June 30, 2002, we had an aggregate debt leverage ratio of 1.76% of the value of our properties.

By operating on a leveraged basis, we will have more funds available for investment in properties. This will allow us to make more investments than would otherwise be possible, resulting in a more diversified portfolio. Although our liability for the repayment of indebtedness is expected to be limited to the value of the property securing the liability and the rents or profits derived therefrom, our use of leveraging increases the risk of default on the mortgage payments and a resulting foreclosure of a particular property. (See Risk Factors Real Estate Risks.) To the extent that we do not obtain mortgage loans on our properties, our ability to acquire additional properties will be restricted. Wells Capital will use its best efforts to obtain financing on our behalf on the most favorable terms available. Lenders may have recourse to assets not securing the repayment of the indebtedness.

Wells Capital will refinance properties during the term of a loan only in limited circumstances, such as when a decline in interest rates makes it beneficial to prepay an existing mortgage, when an existing mortgage matures or if an attractive investment becomes available and the proceeds from the refinancing can be used to purchase such investment. The benefits of the refinancing may include an increased cash flow resulting from reduced debt service requirements, an increase in dividend distributions from proceeds of the refinancing, if any, and/or an increase in property ownership if some refinancing proceeds are reinvested in real estate.

We may not borrow money from any of our directors or from Wells Capital and its affiliates for the purpose of acquiring real properties. Any loans by such parties for other purposes must be approved by a majority of our directors, including a majority of the independent directors, not otherwise interested in the transaction, as fair, competitive and commercially reasonable and no less favorable to the Wells REIT than comparable loans between unaffiliated parties.

Table of Contents

Disposition Policies

We intend to hold each property we acquire for an extended period. However, circumstances might arise which could result in the early sale of some properties. We may sell a property before the end of the expected holding period if, among other reasons:

the tenant has involuntarily liquidated;

in the judgment of Wells Capital, the value of a property might decline substantially;

an opportunity has arisen to improve other properties;

we can increase cash flow through the disposition of the property;

the tenant is in default under the lease; or

in our judgment, the sale of the property is in the best interests of our stockholders.

The determination of whether a particular property should be sold or otherwise disposed of will be made after consideration of relevant factors, including prevailing economic conditions, with a view to achieving maximum capital appreciation. We cannot assure you that this objective will be realized. The selling price of a property that is net leased will be determined in large part by the amount of rent payable under the lease. If a tenant has a repurchase option at a formula price, we may be limited in realizing any appreciation. In connection with our sales of properties we may lend the purchaser all or a portion of the purchase price. In these instances, our taxable income may exceed the cash received in the sale. (See Federal Income Tax Considerations Failure to Qualify as a REIT.) The terms of payment will be affected by custom in the area in which the property being sold is located and the then-prevailing economic conditions.

If our shares are not listed for trading on a national securities exchange or included for quotation on NASDAQ by January 30, 2008, our articles of incorporation require us to begin the process of selling our properties and distributing the net sale proceeds to you in liquidation of the Wells REIT. In making the decision to apply for listing of our shares, our directors will try to determine whether listing our shares or liquidating our assets will result in greater value for the stockholders. We cannot determine at this time the circumstances, if any, under which our directors will agree to list our shares. Even if our shares are not listed or included for quotation, we are under no obligation to actually sell our portfolio within this time period since the precise timing will depend on real estate and financial markets, economic conditions of the areas in which the properties are located and federal income tax effects on stockholders which may be applicable in the future. Furthermore, we cannot assure you that we will be able to liquidate our assets, and it should be noted that we will continue in existence until all properties are sold and our other assets are liquidated. In addition, we may consider other business strategies such as reorganizations or mergers with other entities if our board of directors determines such strategies would be in the best interests of our stockholders. Any change in the investment objectives set forth in our articles of incorporation would require the vote of stockholders holding a majority of our outstanding shares.

Investment Limitations

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Our articles of incorporation place numerous limitations on us with respect to the manner in which we may invest our funds, most of which are required by various provisions of the NASAA Guidelines. These limitations cannot be changed unless our articles of incorporation are amended, which requires approval of our stockholders. Unless our articles are amended, we will not:

borrow in excess of 50% of the aggregate value of all properties owned by us, provided that we may borrow in excess of 50% of the value of an individual property;

Table of Contents

invest in equity securities unless a majority of our directors, including a majority of the independent directors, not otherwise interested in the transaction, approve such investment as being fair, competitive and commercially reasonable;

invest in commodities or commodity futures contracts, except for futures contracts when used solely for the purpose of hedging in connection with our ordinary business of investing in real estate assets and mortgages;

invest in real estate contracts of sale, otherwise known as land sale contracts, unless the contract is in recordable form and is appropriately recorded in the chain of title;

make or invest in mortgage loans except in connection with a sale or other disposition of a property;

make or invest in mortgage loans unless an appraisal is obtained concerning the underlying property except for those mortgage loans insured or guaranteed by a government or government agency. Mortgage debt on any property shall not exceed such property's appraised value. In cases where our board of directors determines, and in all cases in which the transaction is with any of our directors or Wells Capital and its affiliates, such appraisal shall be obtained from an independent appraiser. We will maintain such appraisal in our records for at least five years and it will be available for your inspection and duplication. We will also obtain a mortgagee's or owner's title insurance policy as to the priority of the mortgage;

make or invest in mortgage loans, including construction loans, on any one property if the aggregate amount of all mortgage loans on such property would exceed an amount equal to 85% of the appraised value of such property as determined by appraisal unless substantial justification exists for exceeding such limit because of the presence of other underwriting criteria;

make or invest in mortgage loans that are subordinate to any mortgage or equity interest of any of our directors, Wells Capital or its affiliates;

invest in junior debt secured by a mortgage on real property which is subordinate to the lien or other senior debt except where the amount of such junior debt plus any senior debt exceeds 90% of the appraised value of such property, if after giving effect thereto, the value of all such mortgage loans of the Wells REIT would not then exceed 25% of our net assets, which shall mean our total assets less our total liabilities;

engage in any short sale or borrow on an unsecured basis, if the borrowing will result in asset coverage of less than 300%. Asset coverage, for the purpose of this clause, means the ratio which the value of our total assets, less all liabilities and indebtedness for unsecured borrowings, bears to the aggregate amount of all of our unsecured borrowings;

make investments in unimproved property or indebtedness secured by a deed of trust or mortgage loans on unimproved property in excess of 10% of our total assets;

issue equity securities on a deferred payment basis or other similar arrangement;

issue debt securities in the absence of adequate cash flow to cover debt service;

issue equity securities which are non-voting or assessable;

Table of Contents

issue redeemable securities, as defined in Section 2(a)(32) of the Investment Company Act of 1940, except pursuant to our share redemption program;

grant warrants or options to purchase shares to Wells Capital or its affiliates or to officers or directors affiliated with Wells Capital except on the same terms as the options or warrants are sold to the general public and the amount of the options or warrants does not exceed an amount equal to 10% of the outstanding shares on the date of grant of the warrants and options;

engage in trading, as compared with investment activities, or engage in the business of underwriting or the agency distribution of securities issued by other persons;

invest more than 5% of the value of our assets in the securities of any one issuer if the investment would cause us to fail to qualify as a REIT;

invest in securities representing more than 10% of the outstanding voting securities of any one issuer if the investment would cause us to fail to qualify as a REIT; or

lend money to our directors or to Wells Capital or its affiliates.

Wells Capital will continually review our investment activity to attempt to ensure that we do not come within the application of the Investment Company Act of 1940. Among other things, Wells Capital will attempt to monitor the proportion of our portfolio that is placed in various investments so that we do not come within the definition of an investment company under the Act. If at any time the character of our investments could cause us to be deemed an investment company for purposes of the Investment Company Act of 1940, we will take the necessary action to attempt to ensure that we are not deemed to be an investment company.

Change in Investment Objectives and Limitations

Our articles of incorporation require that the independent directors review our investment policies at least annually to determine that the policies we are following are in the best interests of our stockholders. Each determination and the basis therefore is required to be set forth in our minutes. The methods of implementing our investment policies also may vary as new investment techniques are developed. The methods of implementing our investment objectives and policies, except as otherwise provided in the organizational documents, may be altered by a majority of our directors, including a majority of the independent directors, without the approval of the stockholders. Our investment objectives themselves, however, may only be amended by a vote of the stockholders holding a majority of our outstanding shares.

DESCRIPTION OF REAL ESTATE INVESTMENTS

General

As of July 1, 2002, we had purchased interests in 53 real estate properties located in 19 states, most of which are leased to tenants on an economically triple-net basis. As of July 1, 2002, all of these properties were 100% leased to tenants. The cost of each of the properties will be depreciated for tax purposes over a 40-year period on a straight-line basis. We believe all of the properties are adequately covered by insurance

and are suitable for their intended purposes. The following table provides certain additional information about these properties.

The Windy Point Buildings are subject to a 20-year annexation agreement originally executed on December 12, 1995 with the Village of Schaumburg, Illinois (Annexation Agreement). The Annexation Agreement covers a 235-acre tract of land that includes a portion of the site of the Windy Point Buildings parking facilities relating to the potential construction of a new eastbound on-ramp interchange for I-90. Wells OP issued a \$382,556 letter of credit pursuant to the request of the Village of Schaumburg, Illinois, representing the estimated costs of demolition and restoration of constructed parking and landscaped areas and protecting pipelines in connection with the potential construction. The obligation to maintain the letter of credit will continue until the costs of demolition and restoration are paid if the project proceeds or until the Annexation Agreement expires in December 2015. If Wells OP is unable to restore the parking spaces due to structural issues related to the utilities underground, Wells OP would then be required to construct a new parking garage on the site to accommodate the parking needs of its tenants. The cost for this construction is currently estimated at approximately \$3,581,000. In addition, if the interchange is constructed, Wells OP will be required to pay for its share of the costs for widening Meacham Road as part of the project, which potential obligation is currently estimated to be approximately \$288,300.

On September 27, 2001, Wells OP acquired a ground leasehold interest in a 701,819 square foot distribution facility located in Millington, Tennessee, pursuant to a Bond Real Property Lease dated as of December 20, 1995 (Bond Lease). The ground leasehold interest under the Bond Lease, along with the Bond and the Bond Deed of Trust, were purchased from Ingram Micro L.P. (Ingram) in a sale-lease back transaction for a purchase price of \$21,050,000. The Bond Lease expires in December 2026. Construction of the Ingram Micro Building was completed in 1997.

Fee simple title to the land upon which the Ingram Micro Building is located is held by the Industrial Development Board of the City of Millington, Tennessee (Industrial Development Board), which originally entered into the Bond Lease with Lease Plan North America, Inc. (Lease Plan). The Industrial Development Board issued an Industrial Development Revenue Note Ingram Micro L.P. Series 1995 (Bond) in a principal amount of \$22,000,000 to Lease Plan in order to finance the construction of the Ingram Micro Building. The Bond is secured by a Fee Construction Mortgage Deed of Trust and Assignment of Rents and Leases (Bond Deed of Trust) executed by the Industrial Development Board for the benefit of Lease Plan. Lease Plan assigned to Ingram its ground leasehold interest in the Ingram Micro Building under the Bond Lease. Lease Plan also assigned all of its rights and interest in the Bond and the Bond Deed of Trust to Ingram.

Wells OP also acquired the Bond and the Bond Deed of Trust from Ingram at closing. Beginning in 2006, Wells OP has the option under the Bond Lease to purchase the land underlying the Ingram Micro Building from the Industrial Development Board for \$100 plus satisfaction of the

indebtedness evidenced by the Bond which, as set forth above, was acquired and is currently held by Wells OP.

Ingram Micro, Inc. (Micro) is the general partner of Ingram and a guarantor on the Ingram lease. Micro, whose shares are traded on the NYSE, has its corporate headquarters in Santa Ana, California.

Micro provides technology products and supply chain management services through wholesale distribution. It targets three different market segments, including corporate resellers, direct and consumer marketers, and value-added resellers. Micro's worldwide business consists of approximately 14,000 associates and operations in 36 countries. Micro reported a net worth, as of December 29, 2001, of approximately \$1.87 billion.

The Ingram lease has a current term of 10 years with two successive options to extend for 10 years each at an annual rate equal to the greater of (1) 95% of the then-current fair market rental rate, or (2) the annual rental payment effective for the final year of the term immediately prior to such extension. Annual rent, as determined for each extended term, is also increased by 15% beginning in the 61st month of each extended term. The current annual base rent payable for the Ingram lease is \$2,035,275.

Nissan Property

Purchase of the Nissan Property. The Nissan Property is a build-to-suit property located in Irving, Texas which we purchased on September 19, 2001 for a purchase price of \$5,545,700. We commenced construction on a three-story office building containing approximately 268,000 rentable square feet (Nissan Project) in January 2002. Wells OP obtained a construction loan in the amount of \$32,400,000 from Bank of America, N.A. (BOA), which is more particularly described in the Real Estate Loans section of the prospectus, to fund the construction of a building on the Nissan Project.

Wells OP entered into a development agreement, an architect agreement and a design and build agreement to construct the Nissan Project on the Nissan Property.

Development Agreement. Wells OP entered into a development agreement (Development Agreement) with Champion Partners, Ltd., a Texas limited partnership (Developer), as the exclusive development manager to supervise, manage and coordinate the planning, design, construction and completion of the Nissan Project. As compensation for the services to be rendered by the Developer under the Development Agreement, Wells OP is paying a development fee of \$1,250,000. The fee is due and payable ratably as the construction and development of the Nissan Project is completed.

We anticipate that the aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the Nissan Property and the planning, design, development, construction and completion of the Nissan Project will total approximately \$42,259,000. Under the terms of the Development Agreement, the Developer has agreed that in the event that the total of all such costs and expenses exceeds \$42,258,600, subject to certain adjustments, the amount of fees payable to the Developer shall be reduced by the amount of any such excess.

Construction Agreement. Wells OP entered into a design and build construction agreement (Construction Agreement) with Thos. S. Byrne, Inc. (Contractor) for the construction of the Nissan Project. The Contractor is based in Ft. Worth, Texas and specializes in commercial, industrial and high-end residential buildings. The Contractor commenced operations in 1923 and has completed over 200 projects for a total of approximately 60 clients. The Contractor is presently engaged in the construction of over 20 projects with a total construction value of in excess of \$235 million.

The Construction Agreement provides that Wells OP will pay the Contractor a maximum of \$25,326,017 for the construction of the Nissan Project that includes all estimated fees and costs including the architect fees. The Contractor will be responsible for all costs of labor, materials,

construction equipment and machinery necessary for completion of the Nissan Project. In addition, the Contractor will be required to secure and pay for any additional business licenses, tap fees and building permits which may be necessary for construction of the Nissan Project.

periods at a rate of 95% of the stated rental rate. The monthly base rent during the option term shall be adjusted upward at the beginning of the 24th and 48th month of each option term by an amount equal to 6% of the monthly base rent payable immediately preceding such period. The current annual base rent payable for the Matsushita lease is \$2,005,464.

AT&T Pennsylvania Building

Wells OP purchased the AT&T Pennsylvania Building on February 4, 1999 for a purchase price of \$12,291,200. The AT&T Pennsylvania Building, which was built in 1998, is a four-story office building containing 81,859 rentable square feet located in Harrisburg, Pennsylvania.

The AT&T Pennsylvania Building is leased to Pennsylvania Cellular Telephone Corp. (Pennsylvania Telephone), a subsidiary of AT&T Corp. (AT&T), and the obligations of Pennsylvania Telephone under the Pennsylvania Telephone lease are guaranteed by AT&T.

The Pennsylvania Telephone lease commenced in November 1998 and expires in November 2008. Pennsylvania Telephone has the option to extend the initial term of the Pennsylvania Telephone lease for three additional five-year periods and one additional four year and 11-month period. The annual base rent for each extended term under the lease will be equal to 93% of the fair market rent. The fair market rent shall be multiplied by the fair market escalator (which represents the yearly rate of increases in the fair market rent for the entire renewal term), if any. The current annual base rent payable for the Pennsylvania Telephone lease is \$1,442,116.

In addition, the Pennsylvania Telephone lease contains an option to expand the premises to create additional office space of not less than 40,000 gross square feet and not more than 90,000 gross square feet, as well as additional parking to accommodate such office space. If Pennsylvania Telephone exercises its option for the expansion improvements, Wells OP will be obligated to expend the funds necessary to construct the expansion improvements. Pennsylvania Telephone may exercise its expansion option by delivering written notice to Wells OP at any time before the last business day of the 96th month of the initial term of the Pennsylvania Telephone lease.

PwC Building

Wells OP purchased the PwC Building on December 31, 1998 for a purchase price of \$21,127,854. The PwC Building, which was built in 1998, is a four-story office building containing 130,091 rentable square feet located in Tampa, Florida. Wells OP purchased the PwC Building subject to a loan from SouthTrust. The SouthTrust loan, which is more particularly described in the Real Estate Loans section of this prospectus, is secured by a first priority mortgage against the PwC Building.

The PwC Building is leased to PricewaterhouseCoopers (PwC). PwC provides a full range of business advisory services to leading global, national and local companies and to public institutions.

The PwC lease commenced in December 1998 and expires in December 2008, subject to PwC's right to extend the lease for two additional five-year periods of time. The current annual base rent payable under the PwC lease is \$2,093,382. The base rent escalates at the rate of 3% per year throughout the 10-year lease term. In addition, PwC is required to pay a reserve of \$13,009 (\$0.10 per square foot) as additional rent.

The annual base rent for each renewal term under the lease will be equal to the greater of (1) 90% of the then-current market rent rate for such space multiplied by the rentable area of the leased premises, or (2) 100% of the base rent paid during the last lease year of the initial term, or the then-current renewal term.

Table of Contents

In addition, the PwC lease contains an option to expand the premises to include an additional three or four-story building with an amount of square feet up to a total of 132,000 square feet which, if exercised by PwC, will require Wells OP to expend funds necessary to construct the expansion building. PwC may exercise its expansion option at any time prior to the expiration of the initial term of the PwC lease.

If PwC elects to exercise its expansion option, Wells OP will be required to expand the parking garage such that a sufficient number of parking spaces, at least equal to four parking spaces per 1,000 square feet of rentable area, is maintained. In the event that PwC elects to exercise its expansion option and Wells OP determines not to proceed with the construction of the expansion building as described above, or if Wells OP is otherwise required to construct the expansion building and fails to do so in a timely basis pursuant to the PwC lease, PwC may exercise its purchase option by giving Wells OP written notice of such exercise within 30 days after either such event. If PwC properly exercises its purchase option, PwC must simultaneously deliver a deposit in the amount of \$50,000.

Property Management Fees

Wells Management, our Property Manager, has been retained to manage and lease substantially all of our properties. Except as set forth below, we pay management and leasing fees to Wells Management in an amount equal to the lesser of: (A) 4.5% of gross revenues, or (B) 0.6% of the net asset value of the properties (excluding vacant properties) owned by the Wells REIT, calculated on an annual basis. For purposes of this calculation, net asset value shall be defined as the excess of (1) the aggregate of the fair market value of all properties owned by the Wells REIT (excluding vacant properties), over (2) the aggregate outstanding debt of the Wells REIT (excluding debts having maturities of one year or less). In addition, we may pay Wells Management a separate fee for the one-time initial rent-up or leasing-up of newly constructed properties in an amount not to exceed the fee customarily charged in arm's length transactions by others rendering similar services in the same geographic area for similar properties as determined by a survey of brokers and agents in such area (customarily equal to the first month's rent).

Wells Management has also been retained to manage and lease all of the properties currently owned by the IX-X-XI-REIT Joint Venture and the VIII-IX-REIT Joint Venture. While both Wells Fund XI and the Wells REIT are authorized to pay management and leasing fees to Wells Management in the amount of 4.5% of gross revenues, Wells Fund VIII, Wells Fund IX and Wells Fund X are authorized to pay aggregate management and leasing fees to Wells Management in the amount of 6% of gross revenues. Accordingly, a portion of the gross revenues of these joint ventures will be subject to a 6% management and leasing fee and a portion of gross revenues will be subject to a 4.5% management and leasing fee based upon the respective ownership percentages of the joint venture partners in each of these two joint ventures.

Wells Management also received or will receive a one-time initial lease-up fee equal to the first month's rent for the leasing of the Alstom Power Knoxville Building, the Avaya Building, the Matsushita Building, the Alstom Power Richmond Building and the Nissan Project.

Wells OP established a secured line of credit in the amount of \$85,000,000 with Bank of America, N.A. (BOA Line of Credit) in connection with its purchase of real properties. In addition, Wells OP may increase the BOA Line of Credit up to an amount of \$110,000,000 with the lender's approval. The interest rate on the BOA Line of Credit is an annual variable rate equal to LIBOR for a 30-day period plus 180 basis points. The BOA Line of Credit requires monthly payments of interest only and matures on May 11, 2004. As of June 30, 2002, the interest rate on the BOA Line of Credit was 3.63% per annum. The BOA Line of Credit is secured by first priority mortgages against the Videojet Technologies Chicago Building, the AT&T Pennsylvania Building, the Motorola Tempe Building, the Matsushita Building, the Metris Tulsa Building and the Delphi Building. As of June 30, 2002, there was no outstanding principal balance due on the BOA Line of Credit.

BOA Construction Loan

Wells OP obtained a construction loan in the amount of \$34,200,000 from Bank of America, N.A. (BOA Loan), to fund the construction of a building on the Nissan Property located in Irving, Texas. The loan requires monthly payments of interest only and matures on July 30, 2003. The interest rate on the loan is fixed at 5.91%. As of June 30, 2002, the outstanding principal balance on the BOA Loan was \$8,002,541. The BOA Loan is secured by a first priority mortgage on the Nissan Property.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND
RESULTS OF OPERATIONS**

The following discussion and analysis should be read in conjunction with our accompanying financial statements and the notes thereto.

General*Forward Looking Statements*

This section and other sections in the prospectus contain forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of the financial condition of the Wells REIT, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to stockholders in the future and certain other matters. Readers of this prospectus should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in this prospectus, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow. (See generally Risk Factors.)

REIT Qualification

We have made an election under Section 856 (c) of the Internal Revenue Code to be taxed as a REIT under the Internal Revenue Code beginning with its taxable year ended December 31, 1999. As a REIT for federal income tax purposes, we generally will not be subject to Federal income

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

tax on income that we distribute to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on our taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year in which our qualification is lost. Such an event could materially, adversely affect our net income. However, we believe that we are organized and operate in a manner, which has enabled us to qualify for treatment as a REIT for federal income tax purposes during the year ended December 31, 2001. In addition, we intend to continue to operate the Wells REIT so as to remain qualified as a REIT for federal income tax purposes.

Liquidity and Capital Resources

During the fiscal year ended December 31, 2001, we received aggregate gross offering proceeds of \$522,516,620 from the sale of 52,251,662 shares of our common stock. After payment of \$18,143,307 in acquisition and advisory fees and acquisition expenses, payment of \$58,387,809 in selling commissions and organization and offering expenses, and common stock redemptions of \$4,137,427 pursuant to our share redemption program, we raised net offering proceeds available for investment in properties of \$441,848,077 during the fiscal year ended December 31, 2001.

During the three months ended March 31, 2002, we received aggregate gross offering proceeds of \$255,702,943 from the sale of 25,570,294 shares of our common stock. After payment of \$8,843,134 in acquisition and advisory fees and acquisition expenses, payment of \$27,106,265 in selling commissions and organization and offering expenses, and common stock redemptions of \$3,041,981 pursuant to our share redemption program, we raised net offering proceeds of \$216,711,563 during the first quarter of 2002, of which \$185,290,197 remained available for investment in properties at quarter end.

During the three months ended March 31, 2001, we received aggregate gross offering proceeds of \$66,174,704 from the sale of 6,617,470 shares of our common stock. After payment of \$2,288,933 in acquisition and advisory fees and acquisition expenses, payment of \$8,175,768 in selling commissions and organizational and offering expenses, and common stock redemptions of \$776,555 pursuant to our share redemption program, we raised net offering proceeds of \$54,933,448, of which \$5,952,930 was available for investment in properties at quarter end.

The net increase in cash and cash equivalents during the fiscal year ended December 31, 2001, as compared to the fiscal year ended December 31, 2000, and for the three months ended March 31, 2002, as compared to the three months ended March 31, 2001, is primarily the result of raising increased amounts of capital from the sale of shares of common stock, offset by the acquisition of properties during 2001 and the first quarter of 2002, and the payment of acquisition and advisory fees and acquisition expenses, commissions and, organization and offering costs.

As of March 31, 2002, we owned interests in 44 real estate properties either directly or through interests in joint ventures. These properties are generating operating cash flow sufficient to cover our operating expenses and pay dividends to our stockholders. We pay dividends on a quarterly basis regardless of the frequency with which such distributions are declared. Dividends will be paid to investors who are stockholders as of the record dates selected by our board of directors. We currently calculate quarterly dividends based on the daily record and dividend declaration dates; thus, stockholders are entitled to receive dividends immediately upon the purchase of shares. Dividends declared during 2001 and 2000 totaled \$0.76 per share and \$0.73 per share, respectively. Dividends declared for the first quarter of 2002 and the first quarter of 2001 were approximately \$0.194 and \$0.188 per share, respectively.

Dividends to be distributed to the stockholders are determined by our board of directors and are dependent on a number of factors, including funds available for payment of dividends, financial condition, capital expenditure requirements and annual distribution requirements in order to maintain our status as a REIT under the Internal Revenue Code. Operating cash flows are expected to increase as additional properties are added to our investment portfolio.

Cash Flows From Operating Activities

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Our net cash provided by operating activities was \$42,349,342 for the fiscal year ended December 31, 2001, \$7,319,639 for the fiscal year ended December 31, 2000 and \$4,008,275 for the fiscal year ended December 31, 1999. The increase in net cash provided by operating activities was due primarily to the net income generated by properties acquired during 2000 and 2001.

Table of Contents

Our net cash provided by operating activities was \$13,117,549 and \$8,235,314 for the three months ended March 31, 2002 and 2001, respectively. The increase in net cash provided by operating activities was due primarily to the net income generated by additional properties acquired during 2002 and 2001.

Cash Flows From Investing Activities

Our net cash used in investing activities was \$274,605,735 for the fiscal year ended December 31, 2001, \$249,316,460 for the fiscal year ended December 31, 2000 and \$105,394,956 for the fiscal year ended December 31, 1999. The increase in net cash used in investing activities was due primarily to investments in properties, directly and through contributions to joint ventures, and the payment of related deferred project costs.

Our net cash used in investing activities was \$111,821,692 and \$4,264,257 for the three months ended March 31, 2002 and 2001, respectively. The increase in net cash used in investing activities was due primarily to investments in properties and the payment of related deferred project costs, partially offset by distributions received from joint ventures.

Cash Flows From Financing Activities

Our net cash provided by financing activities was \$303,544,260 for the fiscal year ended December 31, 2001, \$243,365,318 for the fiscal year ended December 31, 2000, and \$96,337,082 for the fiscal year ended December 31, 1999. The increase in net cash provided by financing activities was due primarily to the raising of additional capital offset by the repayment of notes payable. We raised \$522,516,620 in offering proceeds for fiscal year ended December 31, 2001, as compared to \$180,387,220 for fiscal year ended December 31, 2000, and \$103,169,490 for fiscal year ended December 31, 1999. In addition, we received loan proceeds from financing secured by properties of \$110,243,145 and repaid notes payable in the amount of \$229,781,888 for fiscal year ended December 31, 2001.

Our net cash provided by financing activities was \$210,144,548 for the three months ended March 31, 2002 and net cash used in financing activities for the three months ended March 31, 2001 was \$113,042. The increase in net cash provided by financing activities was due primarily to the raising of additional capital and the related repayment of notes payable. We raised \$255,702,943 in offering proceeds for the three months ended March 31, 2002, as compared to \$66,174,705 for the same period in 2001.

Results of Operations

Comparison of Fiscal Years Ended December 31, 2001, 2000 and 1999

Gross revenues were \$49,308,802 for the fiscal year ended December 31, 2001, \$23,373,206 for fiscal year ended December 31, 2000 and \$6,495,395 for fiscal year ended December 31, 1999. Gross revenues for the year ended December 31, 2001, 2000 and 1999 were attributable to rental income, interest income earned on funds we held prior to the investment in properties, and income earned from joint ventures. The increase in revenues for the fiscal year ended December 31, 2001 was primarily attributable to the purchase of additional properties during 2000 and 2001. The purchase of additional properties also resulted in an increase in expenses which totaled \$27,584,835 for the fiscal year ended

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

December 31, 2001, \$14,820,239 for the fiscal year ended December 31, 2000 and \$2,610,746 for the fiscal year ended December 31, 1999. Expenses in 2001, 2000 and 1999 consisted primarily of depreciation, interest expense and management and leasing fees. Our net income also increased from

\$3,884,649 for fiscal year ended December 31, 1999 to \$8,552,967 for fiscal year ended December 31, 2000 to \$21,723,967 for the year ended December 31, 2001.

Comparison of First Quarter 2002 and 2001

As of March 31, 2002, our real estate properties were 100% leased to tenants. Gross revenues were \$19,192,803 and \$10,669,713 for the three months ended March 31, 2002 and 2001, respectively. Gross revenues for the three months ended March 31, 2002 and 2001 were attributable to rental income, interest income earned on funds we held prior to the investment in properties, and income earned from joint ventures. The increase in revenues in 2002 was primarily attributable to the purchase of additional properties for \$104,051,998 during 2002 and the purchase of additional properties for \$227,933,858 in the last three quarters of 2001. The purchase of additional properties also resulted in an increase in expenses which totaled \$8,413,139 for the three months ended March 31, 2002, as compared to \$7,394,368 for the three months ended March 31, 2001. Expenses in 2002 and 2001 consisted primarily of depreciation, interest expense, management and leasing fees and general and administrative costs. As a result, our net income also increased from \$3,275,345 for the three months ended March 31, 2001 to \$10,779,664 for the three months ended March 31, 2002.

Table of Contents**Funds From Operations**

Funds From Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with GAAP excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. We believe that FFO is helpful to investors as a measure of the performance of an equity REIT. However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. Adjusted Funds From Operations (AFFO) is defined as FFO adjusted to exclude the effects of straight-line rent adjustments, deferred loan cost amortization and other non-cash and/or unusual items. Neither FFO nor AFFO represent cash generated from operating activities in accordance with GAAP and should not be considered as alternatives to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions.

The following table reflects the calculation of FFO and AFFO for the three years ended December 31, 2001, 2000, and 1999, respectively:

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases which would protect us from the impact of inflation. These provisions include reimbursement billings for common area maintenance charges (CAM), real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance.

Critical Accounting Policies

Our accounting policies have been established and conform with generally accepted accounting principles in the United States (GAAP). The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of our financial statements. Below is a discussion of the accounting policies that we consider to be critical in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain.

Table of Contents

Straight-Lined Rental Revenues

We recognize rental income generated from all leases on real estate assets in which we have an ownership interest, either directly or through investments in joint ventures, on a straight-line basis over the terms of the respective leases. If a tenant was to encounter financial difficulties in future periods, the amount recorded as a receivable may not be realized.

Operating Cost Reimbursements

We generally bill tenants for operating cost reimbursements, either directly or through investments in joint ventures, on a monthly basis at amounts estimated largely based on actual prior period activity and the respective lease terms. Such billings are generally adjusted on an annual basis to reflect reimbursements owed to the landlord based on the actual costs incurred during the period and the respective lease terms. Financial difficulties encountered by tenants may result in receivables not being realized.

Real Estate

We continually monitor events and changes in circumstances indicating that the carrying amounts of the real estate assets in which we have an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When such events or changes in circumstances are present, we assess the potential impairment by comparing the fair market value of the asset, estimated at an amount equal to the future undiscounted operating cash flows expected to be generated from tenants over the life of the asset and from its eventual disposition, to the carrying value of the asset. In the event that the carrying amount exceeds the estimated fair market value, we would recognize an impairment loss in the amount required to adjust the carrying amount of the asset to its estimated fair market value. Neither the Wells REIT nor our joint ventures have recognized impairment losses on real estate assets in 2001, 2000 or 1999.

Deferred Project Costs

We record acquisition and advisory fees and acquisition expenses payable to Wells Capital, Inc., our advisor, by capitalizing deferred project costs and reimbursing our advisor in an amount equal to 3.5% of cumulative capital raised to date. As we invest our capital proceeds, deferred project costs are applied to real estate assets, either directly or through contributions to joint ventures, at an amount equal to 3.5% of each investment and depreciated over the useful lives of the respective real estate assets.

Deferred Offering Costs

Our advisor expects to continue to fund 100% of the organization and offering costs and recognize related expenses, to the extent that such costs exceed 3% of cumulative capital raised, on our behalf. Organization and offering costs include items such as legal and accounting fees, marketing and promotional costs, and printing costs, and specifically exclude sales costs and underwriting commissions. We record offering costs by accruing deferred offering costs, with an offsetting liability included in due to affiliates, at an amount equal to the lesser of 3% of cumulative capital raised to date or actual costs incurred from third-parties less reimbursements paid to our advisor. As the actual equity is

raised, we reverse the deferred offering costs accrual and recognize a charge to stockholders' equity upon reimbursing our advisor.

PRIOR PERFORMANCE SUMMARY

The information presented in this section represents the historical experience of real estate programs managed by Wells Capital, our advisor, and its affiliates. Investors in the Wells REIT should not assume that they will experience returns, if any, comparable to those experienced by investors in such prior Wells real estate programs.

Of the 14 publicly offered real estate limited partnerships in which Leo F. Wells, III has served as a general partner, 13 of such limited partnerships have completed their respective offerings. These 13 limited partnerships and the year in which each of their offerings was completed are:

1. Wells Real Estate Fund I (1986),
2. Wells Real Estate Fund II (1988),
3. Wells Real Estate Fund II-OW (1988),
4. Wells Real Estate Fund III, L.P. (1990),
5. Wells Real Estate Fund IV, L.P. (1992),
6. Wells Real Estate Fund V, L.P. (1993),
7. Wells Real Estate Fund VI, L.P. (1994),
8. Wells Real Estate Fund VII, L.P. (1995),
9. Wells Real Estate Fund VIII, L.P. (1996),
10. Wells Real Estate Fund IX, L.P. (1996),

11. Wells Real Estate Fund X, L.P. (1997),

12. Wells Real Estate Fund XI, L.P. (1998), and

13. Wells Real Estate Fund XII, L.P. (2001).

In addition to the foregoing real estate limited partnerships, Wells Capital and its affiliates have sponsored three prior public offerings of shares of common stock of the Wells REIT. The initial public offering of the Wells REIT began on January 30, 1998 and was terminated on December 19, 1999. We received gross proceeds of approximately \$132,181,919 from the sale of approximately 13,218,192 shares in our initial public offering. We commenced our second public offering of shares of common stock of the Wells REIT on December 20, 1999 and terminated the second offering on December 19, 2000. We received gross proceeds of approximately \$175,229,193 from the sale of approximately 17,522,919 shares in our second public offering. We commenced our third public offering of shares of common stock of the Wells REIT on December 20, 2000. As of June 30, 2002, we had received gross proceeds of approximately \$1,148,480,414 from the sale of approximately 114,848,041 shares in our third public offering. Accordingly, as of June 30, 2002, we had received aggregate gross offering proceeds of approximately \$1,455,891,526 from the sale of approximately 145,589,153 shares in our three prior public offerings. After payment of \$50,528,371 in acquisition and advisory fees and acquisition expenses, payment of \$163,576,134 in selling commissions and organization and offering expenses, and common stock redemptions of \$12,223,808 pursuant to our share redemption program, as of June 30, 2002, we had raised aggregate net offering proceeds available for investment in properties of \$1,229,563,213, out of which \$885,294,095 had been invested in real estate properties, and \$344,269,118 remained available for investment in real estate properties.

Wells Capital and its affiliates are also currently sponsoring a public offering of 4,500,000 units on behalf of Wells Real Estate Fund XIII, L.P. (Wells Fund XIII), a public limited partnership. Wells Fund XIII began its offering on March 29, 2001 and, as of June 30, 2002, Wells Fund XIII had raised gross offering proceeds of \$18,634,296 from 926 investors.

The Prior Performance Tables included in the back of this prospectus set forth information as of the dates indicated regarding certain of these Wells programs as to (1) experience in raising and investing funds (Table I); (2) compensation to sponsor (Table II); (3) annual operating results of prior programs (Table III); and (4) sales or disposals of properties (Table V).

Table of Contents

In addition to the real estate programs sponsored by Wells Capital and its affiliates discussed above, they are also sponsoring an index mutual fund that invests in various REIT stocks known as the Wells S&P REIT Index Fund (REIT Index Fund). The REIT Index Fund is a mutual fund that seeks to provide investment results corresponding to the performance of the S&P REIT Index by investing in the REIT stocks included in the S&P REIT Index. The REIT Index Fund began its offering on January 12, 1998 and, as of June 30, 2002, had raised offering proceeds net of redemptions of \$136,709,717 from 6,719 investors.

Publicly Offered Unspecified Real Estate Programs

Wells Capital and its affiliates have previously sponsored the above listed 13 publicly offered real estate limited partnerships and are currently sponsoring Wells Fund XIII offered on an unspecified property or blind pool basis. The total amount of funds raised from investors in the offerings of these 14 publicly offered limited partnerships, as of December 31, 2001, was \$331,193,410, and the total number of investors in such programs was 27,103.

The investment objectives of each of the other Wells programs are substantially identical to the investment objectives of the Wells REIT. Substantially all of the proceeds of the offerings of Wells Fund I, Wells Fund II, Wells Fund II-OW, Wells Fund III, Wells Fund IV, Wells Fund V, Wells Fund VI, Wells Fund VII, Wells Fund VIII, Wells Fund IX, Wells Fund X, Wells Fund XI and Wells Fund XII available for investment in real properties have been invested in properties.

Because of the cyclical nature of the real estate market, decreases in net income of the public partnerships could occur at any time in the future when economic conditions decline. No assurance can be made that the Wells programs will ultimately be successful in meeting their investment objectives. (See Risk Factors.)

The aggregate dollar amount of the acquisition and development costs of the properties purchased by the 14 publicly offered limited partnerships, as of December 31, 2001, was \$275,358,446. Of this amount, approximately 90.2% was spent on acquiring or developing office buildings, and approximately 9.8% was spent on acquiring or developing shopping centers. Of this amount, approximately 22.6% was or will be spent on new properties, 57.1% on existing or used properties and 20.3% on construction properties. Following is a table showing a breakdown of the aggregate amount of the acquisition and development costs of the properties purchased by the Wells REIT, Wells Fund XIII and the 13 Wells programs listed above as of December 31, 2001:

Type of Property	New	Used	Construction
Office and Industrial Buildings	22.59%	53.88%	13.74%
Shopping Centers	0%	3.21%	6.58%

Wells Fund I terminated its offering on September 5, 1986, and received gross proceeds of \$35,321,000 representing subscriptions from 4,895 limited partners (\$24,679,000 of the gross proceeds were attributable to sales of Class A Units, and \$10,642,000 of the gross proceeds were attributable to sales of Class B Units). Limited partners in Wells Fund I have no right to change the status of their units from Class A to Class B or vice versa. Wells Fund I owns interests in the following properties:

a condominium interest in a three-story medical office building in Atlanta, Georgia;

a commercial office building in Atlanta, Georgia;

FEDERAL INCOME TAX CONSIDERATIONS

General

The following is a summary of material federal income tax considerations associated with an investment in the shares. This summary does not address all possible tax considerations that may be material to an investor and does not constitute tax advice. Moreover, this summary does not deal with all tax aspects that might be relevant to you, as a prospective stockholder, in light of your personal circumstances; nor does it deal with particular types of stockholders that are subject to special treatment under the Internal Revenue Code, such as insurance companies, tax-exempt organizations, financial institutions or broker-dealers, or foreign corporations or persons who are not citizens or residents of the United States (Non-U.S. stockholders). The Internal Revenue Code provisions governing the federal income tax treatment of REITs are highly technical and complex, and this summary is qualified in its entirety by the express language of applicable Internal Revenue Code provisions, Treasury Regulations promulgated thereunder and administrative and judicial interpretations thereof.

We urge you, as a prospective investor, to consult your own tax advisor regarding the specific tax consequences to you of a purchase of shares, ownership and sale of the shares and of our election to be taxed as a REIT, including the federal, state, local, foreign and other tax consequences of such purchase, ownership, sale and election.

Opinion of Counsel

Holland & Knight LLP (Holland & Knight) has acted as our counsel, has reviewed this summary and is of the opinion that it fairly summarizes the federal income tax considerations addressed that are material to stockholders. It is also the opinion of our counsel that it is more likely than not that we qualified to be taxed as a REIT under the Internal Revenue Code for our taxable year ended December 31, 2001, provided that we have operated and will continue to operate in accordance with various assumptions and the factual representations we made to counsel concerning our business, properties and operations. We must emphasize that all opinions issued by Holland & Knight are based on various assumptions and are conditioned upon the assumptions and representations we made concerning our business and properties. Moreover, our qualification for taxation as a REIT depends on our ability to meet the various qualification tests imposed under the Internal Revenue Code discussed below, the results

Table of Contents

of which will not be reviewed by Holland & Knight. Accordingly, we cannot assure you that the actual results of our operations for any one taxable year will satisfy these requirements. (See Risk Factors Failure to Qualify as a REIT.)

The statements made in this section of the prospectus and in the opinion of Holland & Knight are based upon existing law and Treasury Regulations, as currently applicable, currently published administrative positions of the Internal Revenue Service and judicial decisions, all of which are subject to change, either prospectively or retroactively. We cannot assure you that any changes will not modify the conclusions expressed in our counsel's opinion. Moreover, an opinion of counsel is not binding on the Internal Revenue Service and we cannot assure you that the Internal Revenue Service will not successfully challenge our status as a REIT.

Taxation of the Company

If we qualify for taxation as a REIT, we generally will not be subject to federal corporate income taxes on that portion of our ordinary income or capital gain that we distribute currently to our stockholders, because the REIT provisions of the Internal Revenue Code generally allow a REIT to deduct distributions paid to its stockholders. This substantially eliminates the federal double taxation on earnings (taxation at both the corporate level and stockholder level) that usually results from an investment in a corporation.

Even if we qualify for taxation as a REIT, however, we will be subject to federal income taxation as follows:

we will be taxed at regular corporate rates on our undistributed REIT taxable income, including undistributed net capital gains;

under some circumstances, we will be subject to alternative minimum tax ;

if we have net income from the sale or other disposition of foreclosure property that is held primarily for sale to customers in the ordinary course of business or other non-qualifying income from foreclosure property, we will be subject to tax at the highest corporate rate on that income;

if we have net income from prohibited transactions (which are, in general, sales or other dispositions of property other than foreclosure property held primarily for sale to customers in the ordinary course of business), the income will be subject to a 100% tax;

if we fail to satisfy either of the 75% or 95% gross income tests (discussed below) but have nonetheless maintained our qualification as a REIT because certain conditions have been met, we will be subject to a 100% tax on an amount equal to the greater of the amount by which we fail the 75% or 95% test multiplied by a fraction calculated to reflect our profitability;

if we fail to distribute during each year at least the sum of (1) 85% of our REIT ordinary income for the year, (2) 95% of our REIT capital gain net income for such year, and (3) any undistributed taxable income from prior periods, we will be subject to a 4% excise tax on the excess of the required distribution over the amounts actually distributed; and

if we acquire any asset from a C corporation (i.e., a corporation generally subject to corporate-level tax) in a carryover-basis transaction and we subsequently recognize gain on the disposition of the asset during the 10-year period beginning on the date on which

Table of Contents

we acquired the asset, then a portion of the gains may be subject to tax at the highest regular corporate rate, pursuant to guidelines issued by the Internal Revenue Service (Built-In-Gain Rules).

Requirements for Qualification as a REIT

We elected to be taxable as a REIT for our taxable year ended December 31, 1998. In order for us to qualify as a REIT, however, we had to meet and we must continue to meet the requirements discussed below relating to our organization, sources of income, nature of assets and distributions of income to our stockholders.

Organizational Requirements

In order to qualify for taxation as a REIT under the Internal Revenue Code, we must:

be a domestic corporation;

elect to be taxed as a REIT and satisfy relevant filing and other administrative requirements;

be managed by one or more trustees or directors;

have transferable shares;

not be a financial institution or an insurance company;

use a calendar year for federal income tax purposes;

have at least 100 stockholders for at least 335 days of each taxable year of 12 months; and

not be closely held.

As a Maryland corporation, we satisfy the first requirement, and we have filed an election to be taxed as a REIT with the IRS. In addition, we are managed by a board of directors, we have transferable shares, and we do not intend to operate as a financial institution or insurance company. We utilize the calendar year for federal income tax purposes, and we have more than 100 stockholders. We would be treated as closely held only if five or fewer individuals or certain tax-exempt entities own, directly or indirectly, more than 50% (by value) of our shares at any time during the last half of our taxable year. For purposes of the closely-held test, the Internal Revenue Code generally permits a look-through for pension funds and certain other tax-exempt entities to the beneficiaries of the entity to determine if the REIT is closely held. Five or fewer individuals or tax-exempt entities have never owned more than 50% of our outstanding shares during the last half of any taxable year.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We are authorized to refuse to transfer our shares to any person if the sale or transfer would jeopardize our ability to satisfy the REIT ownership requirements. There can be no assurance that a refusal to transfer will be effective. However, based on the foregoing, we should currently satisfy the organizational requirements, including the share ownership requirements. Notwithstanding compliance with the share ownership requirements outlined above, tax-exempt stockholders may be required to treat all or a portion of their distributions from us as unrelated business taxable income if tax-exempt stockholders, in the aggregate, exceed certain ownership thresholds set forth in the Internal Revenue Code. (See Taxation of Tax-Exempt Stockholders.)

Ownership of Interests in Partnerships and Qualified REIT Subsidiaries

In the case of a REIT that is a partner in a partnership, Treasury Regulations provide that the REIT is deemed to own its proportionate share, based on its interest in partnership capital, of the assets of the partnership and is deemed to have earned its allocable share of partnership income. Also, if a REIT owns a qualified REIT subsidiary, which is defined as a corporation wholly-owned by a REIT, the REIT will be deemed to own all of the subsidiary's assets and liabilities and it will be deemed to be entitled to treat the income of that subsidiary as its own. In addition, the character of the assets and gross income of the partnership or qualified REIT subsidiary shall retain the same character in the hands of the REIT for purposes of satisfying the gross income tests and asset tests set forth in the Internal Revenue Code.

Operational Requirements - Gross Income Tests

To maintain our qualification as a REIT, we must satisfy annually two gross income requirements.

At least 75% of our gross income, excluding gross income from prohibited transactions, for each taxable year must be derived directly or indirectly from investments relating to real property or mortgages on real property. Gross income includes rents from real property and, in some circumstances, interest, but excludes gross income from dispositions of property held primarily for sale to customers in the ordinary course of a trade or business. Such dispositions are referred to as prohibited transactions. This is the 75% Income Test.

At least 95% of our gross income, excluding gross income from prohibited transactions, for each taxable year must be derived from the real property investments described above and from distributions, interest and gains from the sale or disposition of stock or securities or from any combination of the foregoing. This is the 95% Income Test.

The rents we receive or that we are deemed to receive qualify as rents from real property for purposes of satisfying the gross income requirements for a REIT only if the following conditions are met:

the amount of rent received from a tenant generally must not be based in whole or in part on the income or profits of any person; however, an amount received or accrued generally will not be excluded from the term rents from real property solely by reason of being based on a fixed percentage or percentages of gross receipts or sales;

rents received from a tenant will not qualify as rents from real property if an owner of 10% or more of the REIT directly or constructively owns 10% or more of the tenant (a Related Party Tenant) or a subtenant of the tenant (in which case only rent attributable to the subtenant is disqualified);

if rent attributable to personal property leased in connection with a lease of real property is greater than 15% of the total rent received under the lease, then the portion of rent attributable to the personal property will not qualify as rents from real property ; and

Table of Contents

the REIT must not operate or manage the property or furnish or render services to tenants, other than through an independent contractor who is adequately compensated and from whom the REIT does not derive any income. However, a REIT may provide services with respect to its properties, and the income derived therefrom will qualify as rents from real property, if the services are usually or customarily rendered in connection with the rental of space only and are not otherwise considered rendered to the occupant. Even if the services with respect to a property are impermissible tenant services, the income derived therefrom will qualify as rents from real property if such income does not exceed one percent of all amounts received or accrued with respect to that property.

Prior to the making of investments in properties, we may satisfy the 75% Income Test and the 95% Income Test by investing in liquid assets such as government securities or certificates of deposit, but earnings from those types of assets are qualifying income under the 75% Income Test only for one year from the receipt of proceeds. Accordingly, to the extent that offering proceeds have not been invested in properties prior to the expiration of this one year period, in order to satisfy the 75% Income Test, we may invest the offering proceeds in less liquid investments approved by our board of directors such as mortgage-backed securities or shares in other REITs. We intend to trace offering proceeds received for purposes of determining the one year period for new capital investments. No rulings or regulations have been issued under the provisions of the Internal Revenue Code governing new capital investments, however, so that there can be no assurance that the Internal Revenue Service will agree with this method of calculation.

Except for amounts received with respect to certain investments of cash reserves, we anticipate that substantially all of our gross income will be derived from sources that will allow us to satisfy the income tests described above; however, we can make no assurance in this regard.

Notwithstanding our failure to satisfy one or both of the 75% Income and the 95% Income Tests for any taxable year, we may still qualify as a REIT for that year if we are eligible for relief under specific provisions of the Internal Revenue Code. These relief provisions generally will be available if:

our failure to meet these tests was due to reasonable cause and not due to willful neglect;

we attach a schedule of our income sources to our federal income tax return; and

any incorrect information on the schedule is not due to fraud with intent to evade tax.

It is not possible, however, to state whether, in all circumstances, we would be entitled to the benefit of these relief provisions. For example, if we fail to satisfy the gross income tests because nonqualifying income that we intentionally earn exceeds the limits on this income, the Internal Revenue Service could conclude that our failure to satisfy the tests was not due to reasonable cause. As discussed above in Taxation of the Company, even if these relief provisions apply, a tax would be imposed with respect to the excess net income.

Operational Requirements Asset Tests

At the close of each quarter of our taxable year, we also must satisfy the following three tests (Asset Tests) relating to the nature and diversification of our assets:

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

First, at least 75% of the value of our total assets must be represented by real estate assets, cash, cash items and government securities.
The term "real estate assets" includes

Table of Contents

real property, mortgages on real property, shares in other qualified REITs and a proportionate share of any real estate assets owned by a partnership in which we are a partner or of any qualified REIT subsidiary of ours;

Second, no more than 25% of our total assets may be represented by securities other than those in the 75% asset class; and

Third, of the investments included in the 25% asset class, the value of any one issuer's securities that we own may not exceed 5% of the value of our total assets. Additionally, we may not own more than 10% of any one issuer's outstanding voting securities, or securities having a value of more than 10% of the total value of the outstanding securities of any one issuer.

These tests must generally be met for any quarter in which we acquire securities. Further, if we meet the Asset Tests at the close of any quarter, we will not lose our REIT status for a failure to satisfy the Asset Tests at the end of a later quarter if such failure occurs solely because of changes in asset values. If our failure to satisfy the Asset Tests results from an acquisition of securities or other property during a quarter, we can cure the failure by disposing of a sufficient amount of nonqualifying assets within 30 days after the close of that quarter. We maintain, and will continue to maintain, adequate records of the value of our assets to ensure compliance with the Asset Tests and will take other action within 30 days after the close of any quarter as may be required to cure any noncompliance.

Operational Requirements Annual Distribution Requirement

In order to be taxed as a REIT, we are required to make dividend distributions, other than capital gain distributions, to our stockholders each year in the amount of at least 90% of our REIT taxable income (computed without regard to the dividends paid deduction and our capital gain and subject to certain other potential adjustments).

While we must generally pay dividends in the taxable year to which they relate, we may also pay dividends in the following taxable year if (1) they are declared before we timely file our federal income tax return for the taxable year in question, and if (2) they are paid on or before the first regular dividend payment date after the declaration.

Even if we satisfy the foregoing dividend distribution requirement and, accordingly, continue to qualify as a REIT for tax purposes, we will still be subject to tax on the excess of our net capital gain and our REIT taxable income, as adjusted, over the amount of dividends distributed to stockholders.

In addition, if we fail to distribute during each calendar year at least the sum of:

85% of our ordinary income for that year;

95% of our capital gain net income other than the capital gain net income which we elect to retain and pay tax on for that year; and

any undistributed taxable income from prior periods;

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

we will be subject to a 4% excise tax on the excess of the amount of such required distributions over amounts actually distributed during such year.

We intend to make timely distributions sufficient to satisfy this requirement; however, we may possibly experience timing differences between (1) the actual receipt of income and payment of

Table of Contents

deductible expenses, and (2) the inclusion of that income. We may also possibly be allocated a share of net capital gain attributable to the sale of depreciated property that exceeds our allocable share of cash attributable to that sale.

In such circumstances, we may have less cash than is necessary to meet our annual distribution requirement or to avoid income or excise taxation on certain undistributed income. We may find it necessary in such circumstances to arrange for financing or raise funds through the issuance of additional shares in order to meet our distribution requirements, or we may make taxable stock distributions to meet the distribution requirement.

If we fail to satisfy the distribution requirement for any taxable year by reason of a later adjustment to our taxable income made by the Internal Revenue Service, we may be able to pay deficiency dividends in a later year and include such distributions in our deductions for dividends paid for the earlier year. In such event, we may be able to avoid being taxed on amounts distributed as deficiency dividends, but we would be required in such circumstances to pay interest to the Internal Revenue Service based upon the amount of any deduction taken for deficiency dividends for the earlier year.

As noted above, we may also elect to retain, rather than distribute, our net long-term capital gains. The effect of such an election would be as follows:

we would be required to pay the tax on these gains;

stockholders, while required to include their proportionate share of the undistributed long-term capital gains in income, would receive a credit or refund for their share of the tax paid by the REIT; and

the basis of a stockholder's shares would be increased by the amount of our undistributed long-term capital gains (minus the amount of capital gains tax we pay) included in the stockholder's long-term capital gains.

In computing our REIT taxable income, we will use the accrual method of accounting and depreciate depreciable property under the alternative depreciation system. We are required to file an annual federal income tax return, which, like other corporate returns, is subject to examination by the Internal Revenue Service. Because the tax law requires us to make many judgments regarding the proper treatment of a transaction or an item of income or deduction, it is possible that the Internal Revenue Service will challenge positions we take in computing our REIT taxable income and our distributions. Issues could arise, for example, with respect to the allocation of the purchase price of properties between depreciable or amortizable assets and nondepreciable or non-amortizable assets such as land and the current deductibility of fees paid to Wells Capital or its affiliates. Were the Internal Revenue Service to successfully challenge our characterization of a transaction or determination of our REIT taxable income, we could be found to have failed to satisfy a requirement for qualification as a REIT. If, as a result of a challenge, we are determined to have failed to satisfy the distribution requirements for a taxable year, we would be disqualified as a REIT, unless we were permitted to pay a deficiency distribution to our stockholders and pay interest thereon to the Internal Revenue Service, as provided by the Internal Revenue Code. A deficiency distribution cannot be used to satisfy the distribution requirement, however, if the failure to meet the requirement is not due to a later adjustment to our income by the Internal Revenue Service.

Operational Requirements Recordkeeping

In order to continue to qualify as a REIT, we must maintain certain records as set forth in applicable Treasury Regulations. Further, we must request, on an annual basis, certain information designed to disclose the ownership of our outstanding shares. We intend to comply with such requirements.

Failure to Qualify as a REIT

If we fail to qualify as a REIT for any reason in a taxable year and applicable relief provisions do not apply, we will be subject to tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. We will not be able to deduct dividends paid to our stockholders in any year in which we fail to qualify as a REIT. We also will be disqualified for the four taxable years following the year during which qualification was lost unless we are entitled to relief under specific statutory provisions. (See **Risk Factors Federal Income Tax Risks.**)

Sale-Leaseback Transactions

Some of our investments may be in the form of sale-leaseback transactions. In most instances, depending on the economic terms of the transaction, we will be treated for federal income tax purposes as either the owner of the property or the holder of a debt secured by the property. We do not expect to request an opinion of counsel concerning the status of any leases of properties as true leases for federal income tax purposes.

The Internal Revenue Service may take the position that a specific sale-leaseback transaction, which we treat as a true lease, is not a true lease for federal income tax purposes but is, instead, a financing arrangement or loan. We may also structure some sale-leaseback transactions as loans. In this event, for purposes of the Asset Tests and the 75% Income Test, each such loan likely would be viewed as secured by real property to the extent of the fair market value of the underlying property. We expect that, for this purpose, the fair market value of the underlying property would be determined without taking into account our lease. If a sale-leaseback transaction were so recharacterized, we might fail to satisfy the Asset Tests or the Income Tests and, consequently, lose our REIT status effective with the year of recharacterization. Alternatively, the amount of our REIT taxable income could be recalculated which might also cause us to fail to meet the distribution requirement for a taxable year.

Taxation of U.S. Stockholders

Definition

In this section, the phrase **U.S. stockholder** means a holder of shares that for federal income tax purposes:

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

is a citizen or resident of the United States;

is a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof;

is an estate or trust, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

Table of Contents

For any taxable year for which we qualify for taxation as a REIT, amounts distributed to taxable U.S. stockholders will be taxed as described below.

Distributions Generally

Distributions to U.S. stockholders, other than capital gain distributions discussed below, will constitute dividends up to the amount of our current or accumulated earnings and profits and will be taxable to the stockholders as ordinary income. These distributions are not eligible for the dividends received deduction generally available to corporations. To the extent that we make a distribution in excess of our current or accumulated earnings and profits, the distribution will be treated first as a tax-free return of capital, reducing the tax basis in each U.S. stockholder's shares, and the amount of each distribution in excess of a U.S. stockholder's tax basis in its shares will be taxable as gain realized from the sale of its shares. Distributions that we declare in October, November or December of any year payable to a stockholder of record on a specified date in any of these months will be treated as both paid by us and received by the stockholder on December 31 of the year, provided that we actually pay the distribution no later than January 31 of the following calendar year. U.S. stockholders may not include any of our losses on their own federal income tax returns.

We will be treated as having sufficient earnings and profits to treat as a dividend any distribution by us up to the amount required to be distributed in order to avoid imposition of the 4% excise tax discussed above. Moreover, any deficiency distribution will be treated as an ordinary or capital gain distribution, as the case may be, regardless of our earnings and profits. As a result, stockholders may be required to treat as taxable some distributions that would otherwise result in a tax-free return of capital.

Capital Gain Distributions

Distributions to U.S. stockholders that we properly designate as capital gain distributions will be treated as long-term capital gains to the extent they do not exceed our actual net capital gain, for the taxable year without regard to the period for which the U.S. stockholder has held his stock.

Passive Activity Loss and Investment Interest Limitations

Our distributions and any gain you realize from a disposition of shares will not be treated as passive activity income, and stockholders may not be able to utilize any of their passive losses to offset this income on their personal tax returns. Our distributions (to the extent they do not constitute a return of capital) will generally be treated as investment income for purposes of the limitations on the deduction of investment interest. Net capital gain from a disposition of shares and capital gain distributions generally will be included in investment income for purposes of the investment interest deduction limitations only if, and to the extent, you so elect, in which case any such capital gains will be taxed as ordinary income.

Certain Dispositions of the Shares

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

In general, any gain or loss realized upon a taxable disposition of shares by a U.S. stockholder who is not a dealer in securities will be treated as long-term capital gain or loss if the shares have been held for more than 12 months and as short-term capital gain or loss if the shares have been held for 12 months or less. If, however, a U.S. stockholder has received any capital gains distributions with respect to his shares, any loss realized upon a taxable disposition of shares held for six months or less, to the extent of the capital gains distributions received with respect to his shares, will be treated as long-term capital loss. Also, the Internal Revenue Service is authorized to issue Treasury Regulations that would subject a portion of the capital gain a U.S. stockholder recognizes from selling his shares or from a capital

Table of Contents

gain distribution to a tax at a 25% rate, to the extent the capital gain is attributable to depreciation previously deducted.

Information Reporting Requirements and Backup Withholding for U.S. Stockholders

Under some circumstances, U.S. stockholders may be subject to backup withholding at a rate of 31% on payments made with respect to, or cash proceeds of a sale or exchange of, our shares. Backup withholding will apply only if the stockholder:

fails to furnish his or her taxpayer identification number (which, for an individual, would be his or her Social Security Number);

furnishes an incorrect tax identification number;

is notified by the Internal Revenue Service that he or she has failed properly to report payments of interest and distributions or is otherwise subject to backup withholding; or

under some circumstances, fails to certify, under penalties of perjury, that he or she has furnished a correct tax identification number and that (a) he or she has not been notified by the Internal Revenue Service that he or she is subject to backup withholding for failure to report interest and distribution payments or (b) he or she has been notified by the Internal Revenue Service that he or she is no longer subject to backup withholding.

Backup withholding will not apply with respect to payments made to some stockholders, such as corporations and tax-exempt organizations. Backup withholding is not an additional tax. Rather, the amount of any backup withholding with respect to a payment to a U.S. stockholder will be allowed as a credit against the U.S. stockholder's U.S. federal income tax liability and may entitle the U.S. stockholder to a refund, provided that the required information is furnished to the Internal Revenue Service. U.S. stockholders should consult their own tax advisors regarding their qualifications for exemption from backup withholding and the procedure for obtaining an exemption.

Treatment of Tax-Exempt Stockholders

Tax-exempt entities such as employee pension benefit trusts, individual retirement accounts, charitable remainder trusts, etc. generally are exempt from federal income taxation. Such entities are subject to taxation, however, on any unrelated business taxable income (UBTI), as defined in the Internal Revenue Code. Our payment of dividends to a tax-exempt employee pension benefit trust or other domestic tax-exempt stockholder generally will not constitute UBTI to such stockholder unless such stockholder has borrowed to acquire or carry its shares.

In the event that we are deemed to be predominately held by qualified employee pension benefit trusts that each hold more than 10% (in value) of our shares, such trusts would be required to treat a percentage of the dividend distributions paid to them as UBTI. We would be deemed to be predominately held by such trusts if either (1) one employee pension benefit trust owns more than 25% in value of our shares, or (2) any group of such trusts, each owning more than 10% in value of our shares, holds in the aggregate more than 50% in value of our shares. If either of these ownership thresholds were ever exceeded, any qualified employee pension benefit trust holding more than 10% in value of our shares would be subject to tax on that portion of our dividend distributions made to it which is equal to the percentage of our income which would be UBTI if we, ourselves, were a qualified trust, rather than a REIT. We will attempt to monitor the concentration of ownership of employee pension benefit trusts in our shares, and we do not expect our shares to be deemed to be predominately held by qualified

Table of Contents

employee pension benefit trusts, as defined in the Internal Revenue Code, to the extent required to trigger the treatment of our income as UBTI to such trusts.

For social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts and qualified group legal services plans exempt from federal income taxation under Sections 501(c)(7), (c)(9), (c)(17) and (c)(20) of the Internal Revenue Code, respectively, income from an investment in our shares will constitute UBTI unless the stockholder in question is able to deduct amounts set aside or placed in reserve for certain purposes so as to offset the UBTI generated. Any such organization that is a prospective investor in our shares should consult its own tax advisor concerning these set aside and reserve requirements.

Special Tax Considerations for Non-U.S. Stockholders

The rules governing U.S. income taxation of non-resident alien individuals, foreign corporations, foreign partnerships and foreign trusts and estates (collectively, Non-U.S. stockholders) are complex. The following discussion is intended only as a summary of these rules. Non-U.S. stockholders should consult with their own tax advisors to determine the impact of federal, state and local income tax laws on an investment in our shares, including any reporting requirements.

Income Effectively Connected With a U.S. Trade or Business

In general, Non-U.S. stockholders will be subject to regular U.S. federal income taxation with respect to their investment in our shares if the income derived therefrom is effectively connected with the Non-U.S. stockholder's conduct of a trade or business in the United States. A corporate Non-U.S. stockholder that receives income that is (or is treated as) effectively connected with a U.S. trade or business also may be subject to a branch profits tax under Section 884 of the Internal Revenue Code, which is payable in addition to the regular U.S. federal corporate income tax.

The following discussion will apply to Non-U.S. stockholders whose income derived from ownership of our shares is deemed to be not effectively connected with a U.S. trade or business.

Distributions Not Attributable to Gain From the Sale or Exchange of a United States Real Property Interest

A distribution to a Non-U.S. stockholder that is not attributable to gain realized by us from the sale or exchange of a United States real property interest and that we do not designate as a capital gain distribution will be treated as an ordinary income distribution to the extent that it is made out of current or accumulated earnings and profits. Generally, any ordinary income distribution will be subject to a U.S. federal income tax equal to 30% of the gross amount of the distribution unless this tax is reduced by the provisions of an applicable tax treaty. Any such distribution in excess of our earnings and profits will be treated first as a return of capital that will reduce each Non-U.S. stockholder's basis in its shares (but not below zero) and then as gain from the disposition of those shares, the tax treatment of which is described under the rules discussed below with respect to dispositions of shares.

Distributions Attributable to Gain From the Sale or Exchange of a United States Real Property Interest

Distributions to a Non-U.S. stockholder that are attributable to gain from the sale or exchange of a United States real property interest will be taxed to a Non-U.S. stockholder under Internal Revenue Code provisions enacted by the Foreign Investment in Real Property Tax Act of 1980 (FIRPTA). Under FIRPTA, such distributions are taxed to a Non-U.S. stockholder as if the distributions were gains

Table of Contents

effectively connected with a U.S. trade or business. Accordingly, a Non-U.S. stockholder will be taxed at the normal capital gain rates applicable to a U.S. stockholder (subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of non-resident alien individuals). Distributions subject to FIRPTA also may be subject to a 30% branch profits tax when made to a corporate Non-U.S. stockholder that is not entitled to a treaty exemption.

Withholding Obligations With Respect to Distributions to Non-U.S. Stockholders

Although tax treaties may reduce our withholding obligations, based on current law, we will generally be required to withhold from distributions to Non-U.S. stockholders, and remit to the Internal Revenue Service:

35% of designated capital gain distributions or, if greater, 35% of the amount of any distributions that could be designated as capital gain distributions; and

30% of ordinary income distributions (*i.e.*, dividends paid out of our earnings and profits).

In addition, if we designate prior distributions as capital gain distributions, subsequent distributions, up to the amount of the prior distributions, will be treated as capital gain distributions for purposes of withholding. A distribution in excess of our earnings and profits will be subject to 30% withholding if at the time of the distribution it cannot be determined whether the distribution will be in an amount in excess of our current or accumulated earnings and profits. If the amount of tax we withhold with respect to a distribution to a Non-U.S. stockholder exceeds the stockholder's U.S. tax liability with respect to that distribution, the Non-U.S. stockholder may file a claim with the Internal Revenue Service for a refund of the excess.

Sale of Our Shares by a Non-U.S. Stockholder

A sale of our shares by a Non-U.S. stockholder will generally not be subject to U.S. federal income taxation unless our shares constitute a United States real property interest within the meaning of FIRPTA. Our shares will not constitute a United States real property interest if we are a domestically controlled REIT. A domestically controlled REIT is a REIT that at all times during a specified testing period has less than 50% in value of its shares held directly or indirectly by Non-U.S. stockholders. We currently anticipate that we will be a domestically controlled REIT. Therefore, sales of our shares should not be subject to taxation under FIRPTA. However, we cannot assure you that we will continue to be a domestically controlled REIT. If we were not a domestically controlled REIT, whether a Non-U.S. stockholder's sale of our shares would be subject to tax under FIRPTA as a sale of a United States real property interest would depend on whether our shares were regularly traded on an established securities market and on the size of the selling stockholder's interest in us. Our shares currently are not regularly traded on an established securities market.

If the gain on the sale of shares were subject to taxation under FIRPTA, a Non-U.S. stockholder would be subject to the same treatment as a U.S. stockholder with respect to the gain, subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of non-resident alien individuals. In addition, distributions that are treated as gain from the disposition of shares and are subject to tax under FIRPTA also may be subject to a 30% branch profits tax when made to a corporate Non-U.S. stockholder that is not entitled to a treaty exemption. Under FIRPTA, the purchaser of our shares may be required to withhold 10% of the purchase price and remit this amount to the Internal Revenue Service.

Table of Contents

Even if not subject to FIRPTA, capital gains will be taxable to a Non-U.S. stockholder if the Non-U.S. stockholder is a non-resident alien individual who is present in the United States for 183 days or more during the taxable year and some other conditions apply, in which case the non-resident alien individual will be subject to a 30% tax on his or her U.S. source capital gains.

Recently promulgated Treasury Regulations may alter the procedures for claiming the benefits of an income tax treaty. Our Non-U.S. stockholders should consult their tax advisors concerning the effect, if any, of these Treasury Regulations on an investment in our shares.

Information Reporting Requirements and Backup Withholding for Non-U.S. Stockholders

Additional issues may arise for information reporting and backup withholding for Non-U.S. stockholders. Non-U.S. stockholders should consult their tax advisors with regard to U.S. information reporting and backup withholding requirements under the Internal Revenue Code.

Statement of Stock Ownership

We are required to demand annual written statements from the record holders of designated percentages of our shares disclosing the actual owners of the shares. Any record stockholder who, upon our request, does not provide us with required information concerning actual ownership of the shares is required to include specified information relating to his or her shares in his or her federal income tax return. We also must maintain, within the Internal Revenue District in which we are required to file our federal income tax return, permanent records showing the information we have received about the actual ownership of shares and a list of those persons failing or refusing to comply with our demand.

State and Local Taxation

We and any operating subsidiaries we may form may be subject to state and local tax in states and localities in which we or they do business or own property. The tax treatment of the Wells REIT, Wells OP, any operating subsidiaries we may form and the holders of our shares in local jurisdictions may differ from the federal income tax treatment described above.

Tax Aspects of Our Operating Partnership

The following discussion summarizes certain federal income tax considerations applicable to our investment in Wells OP, our operating partnership. The discussion does not cover state or local tax laws or any federal tax laws other than income tax laws.

Classification as a Partnership

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We will be entitled to include in our income a distributive share of Wells OP's income and to deduct our distributive share of Wells OP's losses only if Wells OP is classified for federal income tax purposes as a partnership, rather than as an association taxable as a corporation. Under applicable Treasury Regulations (Check-the-Box-Regulations), an unincorporated U.S. entity with at least two members may elect to be classified either as an association taxable as a corporation or as a partnership. If such an entity fails to make an election, it generally will be treated as a partnership for federal income tax purposes. Wells OP intends to be classified as a partnership for federal income tax purposes and will not elect to be treated as an association taxable as a corporation under the Check-the-Box-Regulations.

Even though Wells OP will be treated as a partnership for federal income tax purposes, since it will not elect to be taxable as a corporation under the Check-the-Box Regulations, it could still be taxed

Table of Contents

as a corporation if it were deemed to be a publicly traded partnership. A publicly traded partnership is a partnership whose interests are traded on an established securities market or are readily tradable on a secondary market (or the substantial equivalent thereof); provided, that even if the foregoing requirements are met, a publicly traded partnership will not be treated as a corporation for federal income tax purposes if at least 90% of such partnership's gross income for a taxable year consists of qualifying income under Section 7704(d) of the Internal Revenue Code. Qualifying income generally includes any income that is qualifying income for purposes of the 95% Income Test applicable to REITs (90% Passive-Type Income Exception). (See Requirements for Qualification as a REIT Operational Requirements Gross Income Tests.)

Under applicable Treasury Regulations (PTP Regulations), limited safe harbors from the definition of a publicly traded partnership are provided. Pursuant to one of those safe harbors (Private Placement Exclusion), interests in a partnership will not be treated as readily tradable on a secondary market or the substantial equivalent thereof if (1) all interests in the partnership were issued in a transaction (or transactions) that was not required to be registered under the Securities Act of 1933, as amended, and (2) the partnership does not have more than 100 partners at any time during the partnership's taxable year. In determining the number of partners in a partnership, a person owning an interest in a flow-through entity (such as a partnership, grantor trust or S corporation) that owns an interest in the partnership is treated as a partner in such partnership only if (a) substantially all of the value of the owner's interest in the flow-through is attributable to the flow-through entity's interest (direct or indirect) in the partnership, and (b) a principal purpose of the use of the flow-through entity is to permit the partnership to satisfy the 100 partner limitation. Wells OP qualifies for the Private Placement Exclusion. Further, even if Wells OP were to be considered a publicly traded partnership under the PTP Regulations because it is deemed to have more than 100 partners, Wells OP should not be treated as a corporation because it should be eligible for the 90% Passive-Type Income Exception described above.

We have not requested, and do not intend to request, a ruling from the Internal Revenue Service that Wells OP will be classified as a partnership for federal income tax purposes. Holland & Knight is of the opinion, however, that based on certain factual assumptions and representations, Wells OP will more likely than not be treated for federal income tax purposes as a partnership and not as an association taxable as a corporation, or as a publicly traded partnership. Unlike a tax ruling, however, an opinion of counsel is not binding upon the Internal Revenue Service, and no assurance can be given that the Internal Revenue Service will not challenge the status of Wells OP as a partnership for federal income tax purposes. If such challenge were sustained by a court, Wells OP would be treated as a corporation for federal income tax purposes, as described below. In addition, the opinion of Holland & Knight is based on existing law, which is to a great extent the result of administrative and judicial interpretation. No assurance can be given that administrative or judicial changes would not modify the conclusions expressed in the opinion.

If for any reason Wells OP were taxable as a corporation, rather than a partnership, for federal income tax purposes, we would not be able to qualify as a REIT. (See Federal Income Tax Considerations Requirements for Qualification as a REIT Operational Requirements Gross Income Tests and Requirements for Qualification as a REIT Operational Requirements Asset Tests.) In addition, any change in Wells OP's status for tax purposes might be treated as a taxable event, in which case we might incur a tax liability without any related cash distribution. Further, items of income and deduction of Wells OP would not pass through to its partners, and its partners would be treated as stockholders for tax purposes. Consequently, Wells OP would be required to pay income tax at corporate tax rates on its net income, and distributions to its partners would constitute dividends that would not be deductible in computing Wells OP's taxable income.

Table of Contents

Income Taxation of the Operating Partnership and its Partners

Partners, Not a Partnership, Subject to Tax. A partnership is not a taxable entity for federal income tax purposes. As a partner in Wells OP, we will be required to take into account our allocable share of Wells OP's income, gains, losses, deductions, and credits for any taxable year of Wells OP ending within or with our taxable year, without regard to whether we have received or will receive any distribution from Wells OP.

Partnership Allocations. Although a partnership agreement generally determines the allocation of income and losses among partners, such allocations will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Internal Revenue Code and the Treasury Regulations promulgated thereunder. If an allocation is not recognized for federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partners' interests in the partnership, which will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners with respect to such item. Wells OP's allocations of taxable income and loss are intended to comply with the requirements of Section 704(b) of the Internal Revenue Code and the Treasury Regulations promulgated thereunder.

Tax Allocations With Respect to Contributed Properties. Pursuant to Section 704(c) of the Internal Revenue Code, income, gain, loss, and deduction attributable to appreciated or depreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated for federal income tax purposes in a manner such that the contributor is charged with, or benefits from, the unrealized gain or unrealized loss associated with the property at the time of the contribution. The amount of such unrealized gain or unrealized loss is generally equal to the difference between the fair market value of the contributed property at the time of contribution and the adjusted tax basis of such property at the time of contribution. Under applicable Treasury Regulations, partnerships are required to use a reasonable method for allocating items subject to Section 704(c) of the Internal Revenue Code and several reasonable allocation methods are described therein.

Under the partnership agreement for Wells OP, depreciation or amortization deductions of Wells OP generally will be allocated among the partners in accordance with their respective interests in Wells OP, except to the extent that Wells OP is required under Section 704(c) to use a method for allocating depreciation deductions attributable to its properties that results in us receiving a disproportionately large share of such deductions. We may possibly be allocated (1) lower amounts of depreciation deductions for tax purposes with respect to contributed properties than would be allocated to us if each such property were to have a tax basis equal to its fair market value at the time of contribution, and (2) taxable gain in the event of a sale of such contributed properties in excess of the economic profit allocated to us as a result of such sale. These allocations may cause us to recognize taxable income in excess of cash proceeds received by us, which might adversely affect our ability to comply with the REIT distribution requirements, although we do not anticipate that this event will occur. The foregoing principles also will affect the calculation of our earnings and profits for purposes of determining which portion of our distributions is taxable as a dividend. The allocations described in this paragraph may result in a higher portion of our distributions being taxed as a dividend than would have occurred had we purchased such properties for cash.

Basis in Operating Partnership Interest. The adjusted tax basis of our partnership interest in Wells OP generally is equal to (1) the amount of cash and the basis of any other property contributed to Wells OP by us, (2) increased by (A) our allocable share of Wells OP's income and (B) our allocable share of the indebtedness of Wells OP, and (3) reduced, but not below zero, by (A) our allocable share of Wells OP's losses and (B) the amount of cash distributed to us, including constructive cash distributions resulting from a reduction in our share of the indebtedness of Wells OP.

Table of Contents

If the allocation of our distributive share of Wells OP's losses would reduce the adjusted tax basis of our partnership interest in Wells OP below zero, the recognition of such losses will be deferred until such time as the recognition of such losses would not reduce our adjusted tax basis below zero. If a distribution from Wells OP or a reduction in our share of Wells OP's liabilities (which is treated as a constructive distribution for tax purposes) would reduce our adjusted tax basis below zero, any such distribution, including a constructive distribution, would cause us to recognize taxable income equal to the amount of such distribution in excess of our adjusted tax basis. The gain realized by us upon the receipt of any such distribution or constructive distribution would normally be characterized as capital gain, and if our partnership interest in Wells OP has been held for longer than the long-term capital gain holding period (currently one year), the distribution would constitute long-term capital gain.

Depreciation Deductions Available to the Operating Partnership. Wells OP will use a portion of contributions made by the Wells REIT from offering proceeds to acquire interests in properties. Wells OP's initial basis in such properties for federal income tax purposes generally will be equal to the purchase price paid by Wells OP. Wells OP plans to depreciate each such depreciable property for federal income tax purposes under the alternative depreciation system of depreciation (ADS). Under ADS, Wells OP generally will depreciate buildings and improvements over a 40-year recovery period using a straight-line method and a mid-month convention and will depreciate furnishings and equipment over a 12-year recovery period. To the extent that Wells OP acquires properties in exchange for units of Wells OP, Wells OP's initial basis in each such property for federal income tax purposes should be the same as the transferor's basis in that property on the date of acquisition by Wells OP. Although the law is not entirely clear, Wells OP generally intends to depreciate such depreciable property for federal income tax purposes over the same remaining useful lives and under the same methods used by the transferors of such properties.

Sale of the Operating Partnership's Property

Generally, any gain realized by Wells OP on the sale of property held for more than one year will be long-term capital gain, except for any portion of such gain that is treated as depreciation or cost recovery recapture. Any gain recognized by Wells OP upon the disposition of a property will be allocated among the partners in accordance with their respective percentage interests in Wells OP.

Our share of any gain realized by Wells OP on the sale of any property held by Wells OP as inventory or other property held primarily for sale to customers in the ordinary course of Wells OP's trade or business will be treated as income from a prohibited transaction that is subject to a 100% penalty tax. Such prohibited transaction income also may have an adverse effect upon our ability to satisfy the Income Tests for maintaining our REIT status. (See "Federal Income Tax Considerations—Requirements for Qualification as a REIT—Gross Income Tests" above.) We, however, do not presently intend to acquire or hold or allow Wells OP to acquire or hold any property that represents inventory or other property held primarily for sale to customers in the ordinary course of our or Wells OP's trade or business.

ERISA CONSIDERATIONS

The following is a summary of some non-tax considerations associated with an investment in our shares by a qualified employee pension benefit plan or an individual retirement account (IRA). This summary is based on provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code, as amended through the date of this prospectus, and relevant regulations and opinions issued by the Department of Labor and the Internal Revenue Service. We cannot assure you that there will not be adverse tax decisions or legislative, regulatory or administrative changes which would significantly modify the statements expressed herein. Any such changes may or may not apply to transactions entered into prior to the date of their enactment.

Table of Contents

Each fiduciary of an employee pension benefit plan subject to ERISA, such as a profit sharing, section 401(k) or pension plan, or of any other retirement plan or account subject to Section 4975 of the Internal Revenue Code, such as an IRA (Benefit Plans), seeking to invest plan assets in our shares must, taking into account the facts and circumstances of such Benefit Plan, consider, among other matters:

whether the investment is consistent with the applicable provisions of ERISA and the Internal Revenue Code;

whether, under the facts and circumstances appertaining to the Benefit Plan in question, the fiduciary's responsibility to the plan has been satisfied;

whether the investment will produce UBTI to the Benefit Plan (see Federal Income Tax Considerations Treatment of Tax-Exempt Stockholders); and

the need to value the assets of the Benefit Plan annually.

Under ERISA, a plan fiduciary's responsibilities include the following duties:

to act solely in the interest of plan participants and beneficiaries and for the exclusive purpose of providing benefits to them, as well as defraying reasonable expenses of plan administration;

to invest plan assets prudently;

to diversify the investments of the plan unless it is clearly prudent not to do so;

to ensure sufficient liquidity for the plan; and

to consider whether an investment would constitute or give rise to a prohibited transaction under ERISA or the Internal Revenue Code.

ERISA also requires that the assets of an employee benefit plan be held in trust and that the trustee, or a duly authorized named fiduciary or investment manager, have exclusive authority and discretion to manage and control the assets of the plan.

Prohibited Transactions

Section 406 of ERISA and Section 4975 of the Internal Revenue Code prohibit specified transactions involving the assets of a Benefit Plan which are between the plan and any party in interest or disqualified person with respect to that Benefit Plan. These transactions are prohibited regardless of how beneficial they may be for the Benefit Plan. Prohibited transactions include the sale, exchange or leasing of property, and the lending of money or the extension of credit, between a Benefit Plan and a party in interest or disqualified person. The transfer to, or use by or for the benefit of, a party in interest, or disqualified person of any assets of a Benefit Plan is also prohibited. A fiduciary of a Benefit Plan also is prohibited from engaging in self-dealing, acting for a person who has an interest adverse to the plan or receiving any consideration for its own account from a party dealing with the plan in a transaction involving plan assets. Furthermore, Section 408 of the Internal Revenue Code states

that assets of an IRA trust may not be commingled with other property except in a common trust fund or common investment fund.

Plan Asset Considerations

In order to determine whether an investment in our shares by Benefit Plans creates or gives rise to the potential for either prohibited transactions or a commingling of assets as referred to above, a fiduciary must consider whether an investment in our shares will cause our assets to be treated as assets of the investing Benefit Plans. Neither ERISA nor the Internal Revenue Code define the term plan assets, however, U.S. Department of Labor Regulations provide guidelines as to whether, and under what circumstances, the underlying assets of an entity will be deemed to constitute assets of a Benefit Plan when the plan invests in that entity (Plan Assets Regulation). Under the Plan Assets Regulation, the assets of corporations, partnerships or other entities in which a Benefit Plan makes an equity investment will generally be deemed to be assets of the Benefit Plan unless the entity satisfies one of the exceptions to this general rule. As discussed below, we have received an opinion of counsel that, based on the Plan Assets Regulation, our underlying assets should not be deemed to be plan assets of Benefit Plans investing in shares, assuming the conditions set forth in the opinion are satisfied, based upon the fact that at least one of the specific exemptions set forth in the Plan Assets Regulation is satisfied, as determined under the criteria set forth below.

Specifically, the Plan Assets Regulation provides that the underlying assets of REITs will not be treated as assets of a Benefit Plan investing therein if the interest the Benefit Plan acquires is a publicly-offered security. A publicly-offered security must be:

sold as part of a public offering registered under the Securities Act of 1933, as amended, and be part of a class of securities registered under the Securities Exchange Act of 1934, as amended, within a specified time period;

part of a class of securities that is owned by 100 or more persons who are independent of the issuer and one another; and

freely transferable.

Our shares are being sold as part of an offering of securities to the public pursuant to an effective registration statement under the Securities Act, and are part of a class registered under the Securities Exchange Act. In addition, we have well in excess of 100 independent stockholders. Thus, both the first and second criterion of the publicly-offered security exception will be satisfied.

Whether a security is freely transferable depends upon the particular facts and circumstances. For example, our shares are subject to certain restrictions on transferability intended to ensure that we continue to qualify for federal income tax treatment as a REIT. The regulation provides, however, that where the minimum investment in a public offering of securities is \$10,000 or less, the presence of a restriction on transferability intended to prohibit transfers which would result in a termination or reclassification of the entity for state or federal tax purposes will not ordinarily affect a determination that such securities are freely transferable. The minimum investment in our shares is less than \$10,000; thus, the restrictions imposed in order to maintain our status as a REIT should not cause the shares to be deemed not freely transferable.

In the event that our underlying assets were treated by the Department of Labor as the assets of investing Benefit Plans, our management would be treated as fiduciaries with respect to each Benefit Plan stockholder, and an investment in our shares might constitute an ineffective delegation of fiduciary responsibility to Wells Capital, our advisor, and expose the fiduciary of the Benefit Plan to co-fiduciary liability under ERISA for any breach by Wells Capital of the fiduciary duties mandated under ERISA.

Table of Contents

Further, if our assets are deemed to be plan assets, an investment by an IRA in our shares might be deemed to result in an impermissible commingling of IRA assets with other property.

If Wells Capital, our advisor, or its affiliates were treated as fiduciaries with respect to Benefit Plan stockholders, the prohibited transaction restrictions of ERISA and the Internal Revenue Code would apply to any transaction involving our assets. These restrictions could, for example, require that we avoid transactions with entities that are affiliated with us or our affiliates or restructure our activities in order to obtain an administrative exemption from the prohibited transaction restrictions. Alternatively, we might have to provide Benefit Plan stockholders with the opportunity to sell their shares to us or we might dissolve or terminate.

If a prohibited transaction were to occur, the Internal Revenue Code imposes an excise tax equal to 15% of the amount involved and authorizes the IRS to impose an additional 100% excise tax if the prohibited transaction is not corrected in a timely manner. These taxes would be imposed on any disqualified person who participates in the prohibited transaction. In addition, Wells Capital and possibly other fiduciaries of Benefit Plan stockholders subject to ERISA who permitted the prohibited transaction to occur or who otherwise breached their fiduciary responsibilities, or a non-fiduciary participating in a prohibited transaction, could be required to restore to the Benefit Plan any profits they realized as a result of the transaction or breach, and make good to the Benefit Plan any losses incurred by the Benefit Plan as a result of the transaction or breach. With respect to an IRA that invests in our shares, the occurrence of a prohibited transaction involving the individual who established the IRA, or his or her beneficiary, would cause the IRA to lose its tax-exempt status under Section 408(e)(2) of the Internal Revenue Code.

We have obtained an opinion from Holland & Knight that it is more likely than not that our shares will be deemed to constitute publicly-offered securities and, accordingly, that it is more likely than not that our underlying assets should not be considered plan assets under the Plan Assets Regulation, assuming the offering takes place as described in this prospectus. If our underlying assets were not deemed to be plan assets, the problems discussed in the immediately preceding three paragraphs are not expected to arise.

Other Prohibited Transactions

Regardless of whether the shares qualify for the publicly-offered security exception of the Plan Assets Regulation, a prohibited transaction could occur if the Wells REIT, Wells Capital, any selected dealer or any of their affiliates is a fiduciary (within the meaning of Section 3(21) of ERISA) with respect to any Benefit Plan purchasing the shares. Accordingly, unless an administrative or statutory exemption applies, shares should not be purchased by a Benefit Plan with respect to which any of the above persons is a fiduciary. A person is a fiduciary with respect to a Benefit Plan under Section 3(21) of ERISA if, among other things, the person has discretionary authority or control with respect to plan assets or provides investment advice for a fee with respect to plan assets. Under a regulation issued by the Department of Labor, a person shall be deemed to be providing investment advice if that person renders advice as to the advisability of investing in our shares and that person regularly provides investment advice to the Benefit Plan pursuant to a mutual agreement or understanding (written or otherwise) (1) that the advice will serve as the primary basis for investment decisions, and (2) that the advice will be individualized for the Benefit Plan based on its particular needs.

Annual Valuation

A fiduciary of an employee benefit plan subject to ERISA is required to determine annually the fair market value of each asset of the plan as of the end of the plan's fiscal year and to file a report reflecting that value with the Department of Labor. When the fair market value of any particular asset is not available, the fiduciary is required to make a good faith determination of that asset's fair market value assuming an orderly liquidation at the time the determination is made. In addition, a trustee or custodian of an IRA must provide an IRA participant with a statement of the value of the IRA each year. In discharging its obligation to value assets of a plan, a fiduciary subject to ERISA must act consistently with the relevant provisions of the plan and the general fiduciary standards of ERISA.

Unless and until our shares are listed on a national securities exchange or are included for quotation on NASDAQ, it is not expected that a public market for the shares will develop. To date, neither the Internal Revenue Service nor the Department of Labor has promulgated regulations specifying how a plan fiduciary should determine the fair market value of the shares, namely when the fair market value of the shares is not determined in the marketplace. Therefore, to assist fiduciaries in fulfilling their valuation and annual reporting responsibilities with respect to ownership of shares, we intend to have our advisor prepare annual reports of the estimated value of our shares. The methodology to be utilized for determining such estimated share values will be for our advisor to estimate the amount a stockholder would receive if our properties were sold at their estimated fair market values at the end of the fiscal year and the proceeds therefrom (without reduction for selling expenses) were distributed to the stockholders in liquidation. Due to the expense involved in obtaining annual appraisals for all of our properties, we do not currently anticipate that actual appraisals will be obtained; however, in connection with the advisor's estimated valuations, the advisor will obtain a third party opinion that its estimates of value are reasonable. We will provide our reports to plan fiduciaries and IRA trustees and custodians who identify themselves to us and request this information.

Until December 31, 2002, we intend to use the offering price of shares as the per share net asset value. Beginning at the end of year 2003, we will have our advisor prepare estimated valuations utilizing the methodology described above. You should be cautioned, however, that such valuations will be estimates only and will be based upon a number of assumptions that may not be accurate or complete. As set forth above, we do not currently anticipate obtaining appraisals for our properties and, accordingly, the advisor's estimates should not be viewed as an accurate reflection of the fair market value of our properties, nor will they represent the amount of net proceeds that would result from an immediate sale of our properties. In addition, property values are subject to change and can always decline in the future. For these reasons, our estimated valuations should not be utilized for any purpose other than to assist plan fiduciaries in fulfilling their valuation and annual reporting responsibilities. Further, we cannot assure you:

that the estimated values we obtain could or will actually be realized by us or by our stockholders upon liquidation (in part because estimated values do not necessarily indicate the price at which assets could be sold and because no attempt will be made to estimate the expenses of selling any of our assets);

that our stockholders could realize these values if they were to attempt to sell their shares; or

that the estimated values, or the method used to establish values, would comply with the ERISA or IRA requirements described above.

Table of Contents

DESCRIPTION OF SHARES

The following description of the shares is not complete but is a summary of portions of our articles of incorporation and is qualified in its entirety by reference to our articles of incorporation.

Under our articles of incorporation, we have authority to issue a total of 1,000,000,000 shares of capital stock. Of the total shares authorized, 750,000,000 shares are designated as common stock with a par value of \$0.01 per share, 100,000,000 shares are designated as preferred stock and 150,000,000 shares are designated as shares-in-trust, which would be issued only in the event we have purchases in excess of the ownership limits described below. In addition, our board of directors may amend our articles of incorporation to increase or decrease the amount of our authorized shares.

As of June 30, 2002, approximately 144,366,772 shares of our common stock were issued and outstanding, and no shares of preferred stock or shares-in-trust were issued and outstanding.

Common Stock

The holders of common stock are entitled to one vote per share on all matters voted on by stockholders, including election of our directors. Our articles of incorporation do not provide for cumulative voting in the election of our directors. Therefore, the holders of a majority of the outstanding common shares can elect our entire board of directors. Subject to any preferential rights of any outstanding series of preferred stock, the holders of common stock are entitled to such dividends as may be declared from time to time by our board of directors out of legally available funds and, upon liquidation, are entitled to receive all assets available for distribution to our stockholders. All shares issued in the offering will be fully paid and non-assessable shares of common stock. Holders of shares of common stock will not have preemptive rights, which means that you will not have an automatic option to purchase any new shares that we issue.

We will not issue certificates for our shares. Shares will be held in uncertificated form which will eliminate the physical handling and safekeeping responsibilities inherent in owning transferable stock certificates and eliminate the need to return a duly executed stock certificate to effect a transfer. Wells Capital, our advisor, acts as our registrar and as the transfer agent for our shares. Transfers can be effected simply by mailing to Wells Capital a transfer and assignment form, which we will provide to you at no charge.

Preferred Stock

Our articles of incorporation authorize our board of directors to designate and issue one or more classes or series of preferred stock without stockholder approval. Our board of directors may determine the relative rights, preferences and privileges of each class or series of preferred stock so issued, which may be more beneficial than the rights, preferences and privileges attributable to the common stock. The issuance of preferred stock could have the effect of delaying or preventing a change in control of the Wells REIT. Our board of directors has no present plans to issue preferred stock, but may do so at any time in the future without stockholder approval.

Meetings and Special Voting Requirements

An annual meeting of the stockholders will be held each year, at least 30 days after delivery of our annual report. Special meetings of stockholders may be called only upon the request of a majority of our directors, a majority of the independent directors, the chairman, the president or upon the written request of stockholders holding at least 10% of the shares. The presence of a majority of the outstanding

Table of Contents

shares either in person or by proxy shall constitute a quorum. Generally, the affirmative vote of a majority of all votes entitled to be cast is necessary to take stockholder action authorized by our articles of incorporation, except that a majority of the votes represented in person or by proxy at a meeting at which a quorum is present is sufficient to elect a director.

Under Maryland Corporation Law and our articles of incorporation, stockholders are entitled to vote at a duly held meeting at which a quorum is present on (1) amendments to our articles of incorporation, (2) a liquidation or dissolution of the Wells REIT, (3) a reorganization of the Wells REIT, (4) a merger, consolidation or sale or other disposition of substantially all of our assets, and (5) a termination of our status as a REIT. The vote of stockholders holding a majority of our outstanding shares is required to approve any such action, and no such action can be taken by our board of directors without such majority vote of our stockholders. Accordingly, any provision in our articles of incorporation, including our investment objectives, can be amended by the vote of stockholders holding a majority of our outstanding shares. Stockholders voting against any merger or sale of assets are permitted under Maryland Corporation Law to petition a court for the appraisal and payment of the fair value of their shares. In an appraisal proceeding, the court appoints appraisers who attempt to determine the fair value of the stock as of the date of the stockholder vote on the merger or sale of assets. After considering the appraisers' report, the court makes the final determination of the fair value to be paid to the dissenting stockholder and decides whether to award interest from the date of the merger or sale of assets and costs of the proceeding to the dissenting stockholders.

Wells Capital, as our advisor, is selected and approved annually by our directors. While the stockholders do not have the ability to vote to replace Wells Capital or to select a new advisor, stockholders do have the ability, by the affirmative vote of a majority of the shares entitled to vote on such matter, to elect to remove a director from our board.

Stockholders are entitled to receive a copy of our stockholder list upon request. The list provided by us will include each stockholder's name, address and telephone number, if available, and number of shares owned by each stockholder and will be sent within 10 days of the receipt by us of the request. A stockholder requesting a list will be required to pay reasonable costs of postage and duplication. We have the right to request that a requesting stockholder represent to us that the list will not be used to pursue commercial interests.

In addition to the foregoing, stockholders have rights under Rule 14a-7 under the Securities Exchange Act, which provides that, upon the request of investors and the payment of the expenses of the distribution, we are required to distribute specific materials to stockholders in the context of the solicitation of proxies for voting on matters presented to stockholders or, at our option, provide requesting stockholders with a copy of the list of stockholders so that the requesting stockholders may make the distribution of proxies themselves.

Restriction on Ownership of Shares

In order for us to qualify as a REIT, not more than 50% of our outstanding shares may be owned by any five or fewer individuals, including some tax-exempt entities. In addition, the outstanding shares must be owned by 100 or more persons independent of us and each other during at least 335 days of a 12-month taxable year or during a proportionate part of a shorter taxable year. We may prohibit certain acquisitions and transfers of shares so as to ensure our continued qualification as a REIT under the Internal Revenue Code. However, we cannot assure you that this prohibition will be effective.

In order to assist us in preserving our status as a REIT, our articles of incorporation contain a limitation on ownership that prohibits any person or group of persons from acquiring, directly or

Table of Contents

indirectly, beneficial ownership of more than 9.8% of our outstanding shares. Our articles of incorporation provide that any transfer of shares that would violate our share ownership limitations is null and void and the intended transferee will acquire no rights in such shares, unless the transfer is approved by our board of directors based upon receipt of information that such transfer would not violate the provisions of the Internal Revenue Code for qualification as a REIT.

Shares in excess of the ownership limit which are attempted to be transferred will be designated as shares-in-trust and will be transferred automatically to a trust effective on the day before the reported transfer of such shares. The record holder of the shares that are designated as shares-in-trust will be required to submit such number of shares to the Wells REIT in the name of the trustee of the trust. We will designate a trustee of the share trust that will not be affiliated with us. We will also name one or more charitable organizations as a beneficiary of the share trust. Shares-in-trust will remain issued and outstanding shares and will be entitled to the same rights and privileges as all other shares of the same class or series. The trustee will receive all dividends and distributions on the shares-in-trust and will hold such dividends or distributions in trust for the benefit of the beneficiary. The trustee will vote all shares-in-trust during the period they are held in trust.

At our direction, the trustee will transfer the shares-in-trust to a person whose ownership will not violate the ownership limits. The transfer shall be made within 20 days of our receipt of notice that shares have been transferred to the trust. During this 20-day period, we will have the option of redeeming such shares. Upon any such transfer or redemption, the purported transferee or holder shall receive a per share price equal to the lesser of (1) the price per share in the transaction that created such shares-in-trust, or (2) the market price per share on the date of the transfer or redemption.

Any person who (1) acquires shares in violation of the foregoing restriction or who owns shares that were transferred to any such trust is required to give immediate written notice to the Wells REIT of such event, or (2) transfers or receives shares subject to such limitations is required to give the Wells REIT 15 days written notice prior to such transaction. In both cases, such persons shall provide to the Wells REIT such other information as we may request in order to determine the effect, if any, of such transfer on our status as a REIT.

The foregoing restrictions will continue to apply until (1) our board of directors determines it is no longer in our best interest to continue to qualify as a REIT, and (2) there is an affirmative vote of the majority of shares entitled to vote on such matter at a regular or special meeting of our stockholders.

The ownership limit does not apply to an offeror which, in accordance with applicable federal and state securities laws, makes a cash tender offer, where at least 85% of the outstanding shares are duly tendered and accepted pursuant to the cash tender offer. The ownership limit also does not apply to the underwriter in a public offering of shares or to a person or persons so exempted from the ownership limit by our board of directors based upon appropriate assurances that our qualification as a REIT is not jeopardized.

Any person who owns 5% or more of the outstanding shares during any taxable year will be asked to deliver a statement or affidavit setting forth the number of shares beneficially owned, directly or indirectly.

Dividends

Dividends will be paid on a quarterly basis regardless of the frequency with which such dividends are declared. Dividends will be paid to investors who are stockholders as of the record dates selected by our board of directors. We currently calculate our quarterly dividends based

upon daily record and

Table of Contents

dividend declaration dates so our investors will be entitled to be paid dividends immediately upon their purchase of shares. We then make quarterly dividend payments following the end of each calendar quarter.

We are required to make distributions sufficient to satisfy the requirements for qualification as a REIT for tax purposes. Generally, income distributed as dividends will not be taxable to us under the Internal Revenue Code if we distribute at least 90% of our taxable income. (See Federal Income Tax Considerations Requirements for Qualification as a REIT.)

Dividends will be declared at the discretion of our board of directors, in accordance with our earnings, cash flow and general financial condition. Our board's discretion will be directed, in substantial part, by its obligation to cause us to comply with the REIT requirements. Because we may receive income from interest or rents at various times during our fiscal year, dividends may not reflect our income earned in that particular distribution period but may be made in anticipation of cash flow which we expect to receive during a later quarter and may be made in advance of actual receipt of funds in an attempt to make dividends relatively uniform. We may borrow money, issue securities or sell assets in order to make dividend distributions.

We are not prohibited from distributing our own securities in lieu of making cash dividends to stockholders, provided that the securities so distributed to stockholders are readily marketable. Stockholders who receive marketable securities in lieu of cash dividends may incur transaction expenses in liquidating the securities.

Dividend Reinvestment Plan

We currently have a dividend reinvestment plan available that allows you to have your dividends otherwise distributable to you invested in additional shares of the Wells REIT.

You may purchase shares under our dividend reinvestment plan for \$10 per share until all of the shares registered as part of this offering have been sold. After this time, we may purchase shares either through purchases on the open market, if a market then exists, or through an additional issuance of shares. In any case, the price per share will be equal to the then-prevailing market price, which shall equal the price on the securities exchange or over-the-counter market on which such shares are listed at the date of purchase if such shares are then listed. A copy of our Amended and Restated Dividend Reinvestment Plan as currently in effect is included as Exhibit B to this prospectus.

You may elect to participate in the dividend reinvestment plan by completing the Subscription Agreement, the enrollment form or by other written notice to the plan administrator. Participation in the plan will begin with the next distribution made after receipt of your written notice. We may terminate the dividend reinvestment plan for any reason at any time upon 10 days' prior written notice to participants. Your participation in the plan will also be terminated to the extent that a reinvestment of your dividends in our shares would cause the percentage ownership limitation contained in our articles of incorporation to be exceeded. In addition, you may terminate your participation in the dividend reinvestment plan at any time by providing us with written notice.

If you elect to participate in the dividend reinvestment plan and are subject to federal income taxation, you will incur a tax liability for dividends allocated to you even though you have elected not to receive the dividends in cash but rather to have the dividends withheld and reinvested pursuant to the dividend reinvestment plan. Specifically, you will be treated as if you have received the dividend from us in cash and then applied such dividend to the purchase of additional shares. You will be taxed on the

Table of Contents

amount of such dividend as ordinary income to the extent such dividend is from current or accumulated earnings and profits, unless we have designated all or a portion of the dividend as a capital gain dividend.

Share Redemption Program

Prior to the time that our shares are listed on a national securities exchange, stockholders of the Wells REIT who have held their shares for at least one year may receive the benefit of limited interim liquidity by presenting for redemption all or any portion of their shares to us at any time in accordance with the procedures outlined herein. At that time, we may, subject to the conditions and limitations described below, redeem the shares presented for redemption for cash to the extent that we have sufficient funds available to us to fund such redemption.

If you have held your shares for the required one-year period, you may redeem your shares for a purchase price equal to the lesser of (1) \$10 per share, or (2) the purchase price per share that you actually paid for your shares of the Wells REIT. In the event that you are redeeming all of your shares, shares purchased pursuant to our dividend reinvestment plan may be excluded from the foregoing one-year holding period requirement, in the discretion of our board of directors. In addition, for purposes of the one-year holding period, limited partners of Wells OP who exchange their limited partnership units for shares in the Wells REIT shall be deemed to have owned their shares as of the date they were issued their limited partnership units in Wells OP. Our board of directors reserves the right in its sole discretion at any time and from time to time to (1) change the purchase price for redemptions, or (2) otherwise amend the terms of our share redemption program. In addition, our board of directors has delegated to our officers the right to (1) waive the one-year holding period in the event of the death or bankruptcy of a stockholder or other exigent circumstances, or (2) reject any request for redemption at any time and for any reason.

Redemption of shares, when requested, will be made quarterly on a first-come, first-served basis. Subject to funds being available, we will limit the number of shares redeemed pursuant to our share redemption program as follows: (1) during any calendar year, we will not redeem in excess of 3.0% of the weighted average number of shares outstanding during the prior calendar year; and (2) funding for the redemption of shares will come exclusively from the proceeds we receive from the sale of shares under our dividend reinvestment plan such that in no event shall the aggregate amount of redemptions under our share redemption program exceed aggregate proceeds received from the sale of shares pursuant to our dividend reinvestment plan. The board of directors, in its sole discretion, may choose to terminate the share redemption program or to reduce the number of shares purchased under the share redemption program if it determines the funds otherwise available to fund our share redemption program are needed for other purposes. (See Risk Factors Investment Risks.)

We cannot guarantee that the funds set aside for our share redemption program will be sufficient to accommodate all requests made in any year. If we do not have such funds available, at the time when redemption is requested, you can (1) withdraw your request for redemption, or (2) ask that we honor your request at such time, if any, when sufficient funds become available. Such pending requests will be honored on a first-come, first-served basis.

Our share redemption program is only intended to provide interim liquidity for stockholders until a secondary market develops for the shares. No such market presently exists, and we cannot assure you that any market for your shares will ever develop.

The shares we redeem under our share redemption program will be cancelled, and will be held as treasury stock. We will not resell such shares to the public unless they are first registered with the

Restrictions on Roll-Up Transactions

In connection with any proposed transaction considered a Roll-up Transaction involving the Wells REIT and the issuance of securities of an entity (a Roll-up Entity) that would be created or would survive after the successful completion of the Roll-up Transaction, an appraisal of all properties shall be obtained from a competent independent appraiser. The properties shall be appraised on a consistent basis, and the appraisal shall be based on the evaluation of all relevant information and shall indicate the value of the properties as of a date immediately prior to the announcement of the proposed Roll-up Transaction. The appraisal shall assume an orderly liquidation of properties over a 12-month period. The terms of the engagement of the independent appraiser shall clearly state that the engagement is for our benefit and the stockholders. A summary of the appraisal, indicating all material assumptions underlying the appraisal, shall be included in a report to stockholders in connection with any proposed Roll-up Transaction.

A Roll-up Transaction is a transaction involving the acquisition, merger, conversion or consolidation, directly or indirectly, of the Wells REIT and the issuance of securities of a Roll-up Entity. This term does not include:

a transaction involving our securities that have been for at least 12 months listed on a national securities exchange or included for quotation on NASDAQ; or

a transaction involving the conversion to corporate, trust, or association form of only the Wells REIT if, as a consequence of the transaction, there will be no significant adverse change in any of the following: stockholder voting rights; the term of our existence; compensation to Wells Capital; or our investment objectives.

In connection with a proposed Roll-up Transaction, the person sponsoring the Roll-up Transaction must offer to stockholders who vote no on the proposal the choice of:

(1) accepting the securities of a Roll-up Entity offered in the proposed Roll-up Transaction; or

(2) one of the following:

(A) remaining as stockholders of the Wells REIT and preserving their interests therein on the same terms and conditions as existed previously, or

(B) receiving cash in an amount equal to the stockholder's pro rata share of the appraised value of our net assets.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We are prohibited from participating in any proposed Roll-up Transaction:

that would result in the stockholders having democracy rights in a Roll-up Entity that are less than those provided in our bylaws and described elsewhere in this prospectus, including rights with respect to the election and removal of directors, annual reports, annual and special meetings, amendment of our articles of incorporation, and dissolution of the Wells REIT;

that includes provisions that would operate to materially impede or frustrate the accumulation of shares by any purchaser of the securities of the Roll-up Entity, except to the minimum extent necessary to preserve the tax status of the Roll-up Entity, or which

Table of Contents

would limit the ability of an investor to exercise the voting rights of its securities of the Roll-up Entity on the basis of the number of shares held by that investor;

in which investor's rights to access of records of the Roll-up Entity will be less than those provided in the section of this prospectus entitled "Description of Shares Meetings and Special Voting Requirements;" or

in which any of the costs of the Roll-up Transaction would be borne by us if the Roll-up Transaction is not approved by the stockholders.

Business Combinations

Maryland Corporation Law prohibits certain business combinations between a Maryland corporation and an interested stockholder or the interested stockholder's affiliate for five years after the most recent date on which the stockholder becomes an interested stockholder. These provisions of the Maryland Corporation Law will not apply, however, to business combinations that are approved or exempted by the board of directors of the corporation prior to the time that the interested stockholder becomes an interested stockholder. As permitted by Maryland Corporation Law, we have provided in our articles of incorporation that the business combination provisions of Maryland Corporation Law will not apply to transactions involving the Wells REIT.

Control Share Acquisitions

Maryland Corporation Law provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, or by officers or directors who are employees of the corporation are not entitled to vote on the matter. As permitted by Maryland Corporation Law, we have provided in our articles of incorporation that the control share provisions of Maryland Corporation Law will not apply to transactions involving the Wells REIT.

THE OPERATING PARTNERSHIP AGREEMENT

General

Wells Operating Partnership, L.P. (Wells OP) was formed in January 1998 to acquire, own and operate properties on our behalf. It is considered to be an Umbrella Partnership Real Estate Investment Trust (UPREIT), which is a structure generally utilized to provide for the acquisition of real property from owners who desire to defer taxable gain otherwise required to be recognized by them upon the disposition of their properties. Such owners may also desire to achieve diversity in their investment and other benefits afforded to stockholders in a REIT. For purposes of satisfying the Asset and Income Tests for qualification as a REIT for tax purposes, the REIT's proportionate share of the assets and income of an UPREIT, such as Wells OP, will be deemed to be assets and income of the REIT.

The property owner's goals are accomplished because a property owner may contribute property to an UPREIT in exchange for limited partnership units on a tax-deferred basis. Further, Wells OP is structured to make distributions with respect to limited partnership units which

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

will be equivalent to the dividend distributions made to stockholders of the Wells REIT. Finally, a limited partner in Wells OP may later exchange his limited partnership units in Wells OP for shares of the Wells REIT (in a taxable transaction) and, if our shares are then listed, achieve liquidity for his investment.

Table of Contents

Substantially all of our assets are held by Wells OP, and we intend to make future acquisitions of real properties using the UPREIT structure. The Wells REIT is the sole general partner of Wells OP and, as of June 30, 2002, owned an approximately 99.72% equity percentage interest in Wells OP. Wells Capital, our advisor, contributed \$200,000 to Wells OP and is currently the only limited partner owning the other approximately 0.28% equity percentage interest in Wells OP. As the sole general partner of Wells OP, we have the exclusive power to manage and conduct the business of Wells OP.

The following is a summary of certain provisions of the partnership agreement of Wells OP. This summary is not complete and is qualified by the specific language in the partnership agreement. You should refer to the partnership agreement, itself, which we have filed as an exhibit to the registration statement, for more detail.

Capital Contributions

As we accept subscriptions for shares, we will transfer substantially all of the net proceeds of the offering to Wells OP as a capital contribution; however, we will be deemed to have made capital contributions in the amount of the gross offering proceeds received from investors. Wells OP will be deemed to have simultaneously paid the selling commissions and other costs associated with the offering. If Wells OP requires additional funds at any time in excess of capital contributions made by us and Wells Capital or from borrowing, we may borrow funds from a financial institution or other lender and lend such funds to Wells OP on the same terms and conditions as are applicable to our borrowing of such funds. In addition, we are authorized to cause Wells OP to issue partnership interests for less than fair market value if we conclude in good faith that such issuance is in the best interest of Wells OP and the Wells REIT.

Operations

The partnership agreement of Wells OP provides that Wells OP is to be operated in a manner that will (1) enable the Wells REIT to satisfy the requirements for being classified as a REIT for tax purposes, (2) avoid any federal income or excise tax liability, and (3) ensure that Wells OP will not be classified as a publicly traded partnership for purposes of Section 7704 of the Internal Revenue Code, which classification could result in Wells OP being taxed as a corporation, rather than as a partnership. (See Federal Income Tax Considerations Tax Aspects of Our Operating Partnership Classification as a Partnership.)

The partnership agreement provides that Wells OP will distribute cash flow from operations to the limited partners of Wells OP in accordance with their relative percentage interests on at least a quarterly basis in amounts determined by the Wells REIT as general partner such that a holder of one unit of limited partnership interest in Wells OP will receive the same amount of annual cash flow distributions from Wells OP as the amount of annual dividends paid to the holder of one of our shares. Remaining cash from operations will be distributed to the Wells REIT as the general partner to enable us to make dividend distributions to our stockholders.

Similarly, the partnership agreement of Wells OP provides that taxable income is allocated to the limited partners of Wells OP in accordance with their relative percentage interests such that a holder of one unit of limited partnership interest in Wells OP will be allocated taxable income for each taxable year in an amount equal to the amount of taxable income to be recognized by a holder of one of our shares, subject to compliance with the provisions of Sections 704(b) and 704(c) of the Internal Revenue Code and corresponding Treasury Regulations. Losses, if any, will generally be allocated among the partners in accordance with their respective percentage interests in Wells OP.

Table of Contents

Upon the liquidation of Wells OP, after payment of debts and obligations, any remaining assets of Wells OP will be distributed to partners with positive capital accounts in accordance with their respective positive capital account balances. If the Wells REIT were to have a negative balance in its capital account following a liquidation, it would be obligated to contribute cash to Wells OP equal to such negative balance for distribution to other partners, if any, having positive balances in their capital accounts.

In addition to the administrative and operating costs and expenses incurred by Wells OP in acquiring and operating real properties, Wells OP will pay all administrative costs and expenses of the Wells REIT and such expenses will be treated as expenses of Wells OP. Such expenses will include:

all expenses relating to the formation and continuity of existence of the Wells REIT;

all expenses relating to the public offering and registration of securities by the Wells REIT;

all expenses associated with the preparation and filing of any periodic reports by the Wells REIT under federal, state or local laws or regulations;

all expenses associated with compliance by the Wells REIT with applicable laws, rules and regulations; and

all other operating or administrative costs of the Wells REIT incurred in the ordinary course of its business on behalf of Wells OP.

Exchange Rights

The limited partners of Wells OP, including Wells Capital, have the right to cause Wells OP to redeem their limited partnership units for cash equal to the value of an equivalent number of our shares, or, at our option, we may purchase their limited partnership units by issuing one share of the Wells REIT for each limited partnership unit redeemed. These exchange rights may not be exercised, however, if and to the extent that the delivery of shares upon such exercise would (1) result in any person owning shares in excess of our ownership limits, (2) result in shares being owned by fewer than 100 persons, (3) result in the Wells REIT being closely held within the meaning of Section 856(h) of the Internal Revenue Code, (4) cause the Wells REIT to own 10% or more of the ownership interests in a tenant within the meaning of Section 856(d)(2)(B) of the Internal Revenue Code, or (5) cause the acquisition of shares by a redeemed limited partner to be integrated with any other distribution of our shares for purposes of complying with the Securities Act of 1933.

Subject to the foregoing, limited partners may exercise their exchange rights at any time after one year following the date of issuance of their limited partnership units; provided, however, that a limited partner may not deliver more than two exchange notices each calendar year and may not exercise an exchange right for less than 1,000 limited partnership units, unless such limited partner holds less than 1,000 units, in which case, he must exercise his exchange right for all of his units.

Transferability of Interests

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The Wells REIT may not (1) voluntarily withdraw as the general partner of Wells OP, (2) engage in any merger, consolidation or other business combination, or (3) transfer its general partnership interest in Wells OP (except to a wholly-owned subsidiary), unless the transaction in which such withdrawal, business combination or transfer occurs results in the limited partners receiving or having the right to

Table of Contents

receive an amount of cash, securities or other property equal in value to the amount they would have received if they had exercised their exchange rights immediately prior to such transaction or unless, in the case of a merger or other business combination, the successor entity contributes substantially all of its assets to Wells OP in return for an interest in Wells OP and agrees to assume all obligations of the general partner of Wells OP. The Wells REIT may also enter into a business combination or we may transfer our general partnership interest upon the receipt of the consent of a majority-in-interest of the limited partners of Wells OP, other than Wells Capital. With certain exceptions, the limited partners may not transfer their interests in Wells OP, in whole or in part, without the written consent of the Wells REIT as the general partner. In addition, Wells Capital may not transfer its interest in Wells OP as long as it is acting as the advisor to the Wells REIT, except pursuant to the exercise of its right to exchange limited partnership units for Wells REIT shares, in which case similar restrictions on transfer will apply to the REIT shares received by Wells Capital.

PLAN OF DISTRIBUTION

General

We are offering a maximum of 300,000,000 shares to the public through Wells Investment Securities, our Dealer Manager, a registered broker-dealer affiliated with Wells Capital, our advisor. (See Conflicts of Interest.) The shares are being offered at a price of \$10.00 per share on a best efforts basis, which means generally that the Dealer Manager will be required to use only its best efforts to sell the shares and it has no firm commitment or obligation to purchase any of the shares. We are also offering 30,000,000 shares for sale pursuant to our dividend reinvestment plan at a price of \$10.00 per share. We reserve the right in the future to reallocate additional shares to our dividend reinvestment plan out of our public offering shares. An additional 6,600,000 shares are reserved for issuance upon exercise of soliciting dealer warrants, which are granted to participating broker-dealers based upon the number of shares they sell. Therefore, a total of 336,600,000 shares are being registered in this offering.

The offering of shares will terminate on or before July 25, 2004. However, we reserve the right to terminate this offering at any time prior to such termination date.

Underwriting Compensation and Terms

Except as provided below, the Dealer Manager will receive selling commissions of 7.0% of the gross offering proceeds. The Dealer Manager will also receive 2.5% of the gross offering proceeds in the form of a dealer manager fee as compensation for acting as the Dealer Manager and for expenses incurred in connection with marketing our shares and paying the employment costs of the Dealer Manager's wholesalers. Out of its dealer manager fee, the Dealer Manager may pay salaries and commissions to its wholesalers in the aggregate amount of up to 1.0% of gross offering proceeds. We will not pay referral or similar fees to any accountants, attorneys or other persons in connection with the distribution of the shares. Stockholders who elect to participate in the dividend reinvestment plan will be charged selling commissions and dealer manager fees on shares purchased pursuant to the dividend reinvestment plan on the same basis as stockholders purchasing shares other than pursuant to the dividend reinvestment plan.

The Dealer Manager may authorize certain other broker-dealers who are members of the NASD (Participating Dealers) to sell our shares. In the event of the sale of shares by such Participating Dealers, the Dealer Manager may reallocate its commissions in the amount of up to 7.0% of the gross offering proceeds to such Participating Dealers. In addition, the Dealer Manager may reallocate a portion of its dealer manager fee to Participating Dealers in the aggregate amount of up to 1.5% of gross offering proceeds to be paid to such Participating Dealers as marketing fees, or to reimburse representatives of such Participating Dealers the costs and expenses of attending our educational conferences and seminars.

Table of Contents

In addition, unless otherwise agreed with the Dealer Manager, Participating Dealers will be reimbursed for bona fide due diligence expenses, not to exceed 0.5% of gross offering proceeds in the aggregate.

We will also award to the Dealer Manager one soliciting dealer warrant for every 50 shares sold to the public or issued to stockholders pursuant to our dividend reinvestment plan during the offering period, except for sales of shares made net of commissions, as described below, in which case no warrants will be issued. The Dealer Manager intends to reallocate these warrants to Participating Dealers by awarding one soliciting dealer warrant for every 50 shares sold during the offering period, unless such issuance of soliciting dealer warrants is prohibited by either federal or state securities laws. The holder of a soliciting dealer warrant will be entitled to purchase one share from the Wells REIT at a price of \$12 per share during the period beginning on the first anniversary of the effective date of this offering and ending five years after the effective date of this offering. Participating Dealers are restricted from transferring, assigning, pledging or hypothecating the soliciting dealer warrants (except to certain officers or partners of such Participating Dealers in accordance with applicable NASD Rules) for a period of one year following the effective date of this offering. The shares issuable upon exercise of the soliciting dealer warrants are being registered as part of this offering. For the life of the soliciting dealer warrants, Participating Dealers are given the opportunity to profit from a rise in the market price for the common stock without assuming the risk of ownership, with a resulting dilution in the interest of other stockholders upon exercise of such warrants. In addition, holders of the soliciting dealer warrants would be expected to exercise such warrants at a time when we could obtain needed capital by offering new securities on terms more favorable than those provided by the soliciting dealer warrants. Exercise of the soliciting dealer warrants is governed by the terms and conditions detailed in this prospectus and in the Warrant Purchase Agreement, which is an exhibit to the registration statement.

In no event shall the total aggregate underwriting compensation, including sales commissions, the dealer manager fee and underwriting expense reimbursements, exceed 9.5% of gross offering proceeds in the aggregate, except for the soliciting dealer warrants described above and bona fide due diligence expenses not to exceed 0.5% of gross offering proceeds in the aggregate.

We have agreed to indemnify the Participating Dealers, including the Dealer Manager, against certain liabilities arising under the Securities Act of 1933, as amended.

The Participating Dealers are not obligated to obtain any subscriptions on our behalf, and we cannot assure you that any shares will be sold.

Our executive officers and directors, as well as officers and employees of Wells Capital or other affiliates, may purchase shares in this offering at a discount. The purchase price for such shares shall be \$8.90 per share reflecting the fact that the acquisition and advisory fees relating to such shares will be reduced by \$0.15 per share (from \$0.30 per share to \$0.15 per share), and that selling commissions in the amount of \$0.70 per share and dealer manager fees in the amount of \$0.25 per share will not be payable in connection with such sales. The net offering proceeds we receive will not be affected by such sales of shares at a discount. Wells Capital and its affiliates shall be expected to hold their shares purchased as stockholders for investment and not with a view towards distribution. In addition, shares purchased by Wells Capital or its affiliates shall not be entitled to vote on any matter presented to the stockholders for a vote.

We may sell shares to retirement plans of Participating Dealers, to Participating Dealers in their individual capacities, to IRAs and qualified plans of their registered representatives or to any one of their registered representatives in their individual capacities for 93% of the public offering price in consideration of the services rendered by such broker-dealers and registered representatives in the offering. The net proceeds to the Wells REIT from such sales made net of commissions will be identical to net proceeds we receive from other sales of shares.

Table of Contents

In connection with sales of certain minimum numbers of shares to a purchaser, as defined below, certain volume discounts resulting in reductions in selling commissions payable with respect to such sales are available to investors. In such event, any such reduction will be credited to the investor by reducing the purchase price per share payable by the investor. The following table illustrates the various discount levels available:

Number of Shares Purchased	Purchase Price per Incremental Share in Volume Discount Range	Commissions on Sales per Incremental Share in Volume Discount Range	
		Percentage (based on \$10 per share)	Amount
1 to 50,000	\$10.00	7.0%	\$0.70
50,001 to 100,000	\$ 9.80	5.0%	\$0.50
100,001 and Over	\$ 9.60	3.0%	\$0.30

For example, if an investor purchases 200,000 shares he would pay (1) \$500,000 for the first 50,000 shares (\$10.00 per share), (2) \$490,000 for the next 50,000 shares (\$9.80 per share), and (3) \$960,000 for the remaining 100,000 shares (\$9.60 per share). Accordingly, he could pay as little as \$1,950,000 (\$9.75 per share) rather than \$2,000,000 for the shares, in which event the commission on the sale of such shares would be \$90,000 (\$0.45 per share) and, after payment of the dealer manager fee of \$50,000 (\$0.25 per share), we would receive net proceeds of \$1,810,000 (\$9.05 per share). The net proceeds to the Wells REIT will not be affected by volume discounts. Requests to apply the volume discount provisions must be made in writing and submitted simultaneously with your subscription for shares.

Because all investors will be paid the same dividends per share as other investors, an investor qualifying for a volume discount will receive a higher percentage return on his investment than investors who do not qualify for such discount.

Subscriptions may be combined for the purpose of determining the volume discounts in the case of subscriptions made by any purchaser, as that term is defined below, provided all such shares are purchased through the same broker-dealer. The volume discount shall be prorated among the separate subscribers considered to be a single purchaser. Any request to combine more than one subscription must be made in writing submitted simultaneously with your subscription for shares, and must set forth the basis for such request. Any such request will be subject to verification by the Dealer Manager that all of such subscriptions were made by a single purchaser.

For the purposes of such volume discounts, the term purchaser includes:

an individual, his or her spouse and their children under the age of 21 who purchase the units for his, her or their own accounts;

a corporation, partnership, association, joint-stock company, trust fund or any organized group of persons, whether incorporated or not;

an employees' trust, pension, profit sharing or other employee benefit plan qualified under Section 401(a) of the Internal Revenue Code; and

all commingled trust funds maintained by a given bank.

Notwithstanding the above, in connection with volume sales made to investors in the Wells REIT, investors may request in writing to aggregate subscriptions, including subscriptions to public real estate programs previously sponsored by our advisor or its affiliates, as part of a combined order for purposes of determining the number of shares purchased, provided that any aggregate group of subscriptions must be

Table of Contents

received from the same Participating Dealer, including the Dealer Manager. Any such reduction in selling commission will be prorated among the separate subscribers. An investor may reduce the amount of his purchase price to the net amount shown in the foregoing table, if applicable. As set forth above, all requests to aggregate subscriptions as a single purchaser or other application of the foregoing volume discount provisions must be made in writing, and except as provided in this paragraph, separate subscriptions will not be cumulated, combined or aggregated.

California residents should be aware that volume discounts will not be available in connection with the sale of shares made to California residents to the extent such discounts do not comply with the provisions of Rule 260.140.51 adopted pursuant to the California Corporate Securities Law of 1968. Pursuant to this Rule, volume discounts can be made available to California residents only in accordance with the following conditions:

there can be no variance in the net proceeds to the Wells REIT from the sale of the shares to different purchasers of the same offering;

all purchasers of the shares must be informed of the availability of quantity discounts;

the same volume discounts must be allowed to all purchasers of shares which are part of the offering;

the minimum amount of shares as to which volume discounts are allowed cannot be less than \$10,000;

the variance in the price of the shares must result solely from a different range of commissions, and all discounts allowed must be based on a uniform scale of commissions; and

no discounts are allowed to any group of purchasers.

Accordingly, volume discounts for California residents will be available in accordance with the foregoing table of uniform discount levels based on dollar volume of shares purchased, but no discounts are allowed to any group of purchasers, and no subscriptions may be aggregated as part of a combined order for purposes of determining the number of shares purchased.

Investors may agree with their broker-dealer to reduce the amount of selling commissions payable with respect to the sale of their shares down to zero (1) in the event that the investor has engaged the services of a registered investment advisor or other financial advisor with whom the investor has agreed to pay compensation for investment advisory services or other financial or investment advice, or (2) in the event that the investor is investing in a bank trust account with respect to which the investor has delegated the decision-making authority for investments made in the account to a bank trust department. The net proceeds to the Wells REIT will not be affected by reducing the commissions payable in connection with such transactions.

Neither the Dealer Manager nor its affiliates will compensate any person engaged as an investment advisor by a potential investor as an inducement for such investment advisor to advise favorably for an investment in the Wells REIT.

In addition, subscribers for shares may agree with their Participating Dealers and the Dealer Manager to have selling commissions due with respect to the purchase of their shares paid over a six-year period pursuant to a deferred commission arrangement. Stockholders electing the deferred commission option will be required to pay a total of \$9.40 per share purchased upon subscription, rather than \$10.00 per share, with

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

respect to which \$0.10 per share will be payable as commissions due upon subscription. For the period of six years following subscription, \$0.10 per share will be deducted on an annual basis

Table of Contents

from dividends or other cash distributions otherwise payable to the stockholders and used by the Wells REIT to pay deferred commission obligations. The net proceeds to the Wells REIT will not be affected by the election of the deferred commission option. Under this arrangement, a stockholder electing the deferred commission option will pay a 1% commission upon subscription, rather than a 7% commission, and an amount equal to a 1% commission per year thereafter for the next six years, or longer if required to satisfy outstanding deferred commission obligations, will be deducted from dividends or other cash distributions otherwise payable to such stockholder and used by the Wells REIT to satisfy commission obligations. The foregoing commission amounts may be adjusted with approval of the Dealer Manager by application of the volume discount provisions described previously.

Stockholders electing the deferred commission option who are subject to federal income taxation will incur tax liability for dividends or other cash distributions otherwise payable to them with respect to their shares even though such dividends or other cash distributions will be withheld from such stockholders and will instead be paid to third parties to satisfy commission obligations.

Investors who wish to elect the deferred commission option should make the election on their Subscription Agreement Signature Page. Election of the deferred commission option shall authorize the Wells REIT to withhold dividends or other cash distributions otherwise payable to such stockholder for the purpose of paying commissions due under the deferred commission option; provided, however, that in no event may the Wells REIT withhold in excess of \$0.60 per share in the aggregate under the deferred commission option. Such dividends or cash distributions otherwise payable to stockholders may be pledged by the Wells REIT, the Dealer Manager, Wells Capital or their affiliates to secure one or more loans, the proceeds of which would be used to satisfy sales commission obligations.

In the event that, at any time prior to the satisfaction of our remaining deferred commission obligations, listing of the shares occurs or is reasonably anticipated to occur, or we begin a liquidation of our properties, the remaining commissions due under the deferred commission option may be accelerated by the Wells REIT. In either such event, we shall provide notice of any such acceleration to stockholders who have elected the deferred commission option. In the event of listing, the amount of the remaining commissions due shall be deducted and paid by the Wells REIT out of dividends or other cash distributions otherwise payable to such stockholders during the time period prior to listing. To the extent that the distributions during such time period are insufficient to satisfy the remaining commissions due, the obligation of Wells REIT and our stockholders to make any further payments of deferred commissions under the deferred commission option shall terminate, and Participating Dealers will not be entitled to receive any further portion of their deferred commissions following listing of our shares. In the event of a liquidation of our properties, the amount of remaining commissions due shall be deducted and paid by the Wells REIT out of dividends or net sale proceeds otherwise payable to stockholders who are subject to any such acceleration of their deferred commission obligations. In no event may the Wells REIT withhold in excess of \$0.60 per share in the aggregate for the payment of deferred commissions.

Subscription Procedures

You should pay for your shares by check payable to Wells Real Estate Investment Trust, Inc. Subscriptions will be effective only upon our acceptance, and we reserve the right to reject any subscription in whole or in part. We may not accept a subscription for shares until at least five business days after the date you receive this prospectus. You will receive a confirmation of your purchase. We will initially deposit the subscription proceeds in an interest-bearing account with Bank of America, N.A., Atlanta, Georgia. Subscribers may not withdraw funds from the account. We will withdraw funds from the account periodically for the acquisition of real estate properties, the payment of fees and expenses or other investments approved by our board of directors. We generally admit stockholders to the Wells REIT on a daily basis.

Table of Contents

Except for purchases pursuant to our dividend reinvestment plan or reinvestment plans of other public real estate programs, all accepted subscriptions will be for whole shares and for not less than 100 shares (\$1,000). (See Suitability Standards.) Except in Maine, Minnesota, Nebraska and Washington, investors who have satisfied the minimum purchase requirement and have purchased units or shares in Wells programs or units or shares in other public real estate programs may purchase less than the minimum number of shares discussed above, provided that such investors purchase a minimum of 2.5 shares (\$25). After investors have satisfied the minimum purchase requirement, minimum additional purchases must be in increments of at least 2.5 shares (\$25), except for purchases made pursuant to our dividend reinvestment plan or reinvestment plans of other public real estate programs.

Investors who desire to establish an IRA for purposes of investing in shares may do so by having Wells Advisors, Inc., a qualified non-bank IRA custodian affiliated with our advisor, act as their IRA custodian. In the event that an IRA is established having Wells Advisors, Inc. as the IRA custodian, the authority of Wells Advisors, Inc. will be limited to holding the shares on behalf of the beneficiary of the IRA and making distributions or reinvestments in shares solely at the discretion of the beneficiary of the IRA. Wells Advisors, Inc. will not have the authority to vote any of the shares held in an IRA except strictly in accordance with the written instructions of the beneficiary of the IRA.

The proceeds of this offering will be used only for the purposes set forth in the Estimated Use of Proceeds section. Subscriptions will be accepted or rejected within 30 days of receipt by the Wells REIT and, if rejected, all funds shall be returned to the rejected subscribers within 10 business days.

The Dealer Manager and each Participating Dealer who sells shares on behalf of the Wells REIT have the responsibility to make every reasonable effort to determine that the purchase of shares is appropriate for the investor and that the requisite suitability standards are met. (See Suitability Standards.) In making this determination, the Participating Dealer will rely on relevant information provided by the investor, including information as to the investor's age, investment objectives, investment experience, income, net worth, financial situation, other investments, and other pertinent information. Each investor should be aware that the Participating Dealer will be responsible for determining suitability.

The Dealer Manager or each Participating Dealer shall maintain records of the information used to determine that an investment in shares is suitable and appropriate for an investor. These records are required to be maintained for a period of at least six years.

SUPPLEMENTAL SALES MATERIAL

In addition to this prospectus, we may utilize certain sales material in connection with the offering of the shares, although only when accompanied by or preceded by the delivery of this prospectus. In certain jurisdictions, some or all of such sales material may not be available. This material may include information relating to this offering, the past performance of Wells Capital, our advisor, and its affiliates, property brochures and articles and publications concerning real estate. In addition, the sales material may contain certain quotes from various publications without obtaining the consent of the author or the publication for use of the quoted material in the sales material.

EXPERTS

Changes in Principal Accountant

On May 8, 2002, the audit committee of our board of directors recommended to the board of directors the dismissal of Arthur Andersen LLP (Andersen) as our independent public accountants, and our board of directors approved the dismissal of Andersen as our independent public accountants; effective immediately.

Andersen's reports on the consolidated financial statements of the Wells REIT for the years ended December 31, 2001 and December 31, 2000 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2001 and December 31, 2000, and through the date of Andersen's dismissal, there were no disagreements with Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused Andersen to make reference to the subject matter in connection with its report on the consolidated financial statements of the Wells REIT for such years and there were no reportable events as set forth in Item 304(a)(1)(v) of Regulation S-K.

On June 26, 2002, our board of directors approved the recommendation of the audit committee to engage Ernst & Young LLP (Ernst & Young) to audit the financial statements of the Wells REIT, effective immediately. During the fiscal years ended December 31, 2001 and December 31, 2000, and through the date hereof, the Wells REIT did not consult Ernst & Young with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the consolidated financial statements of the Wells REIT, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Audited Financial Statements

The financial statements of the Wells REIT, as of December 31, 2001 and 2000, and for each of the years in the three-year period ended December 31, 2001, included in this prospectus and elsewhere in the registration statement, have been audited by Andersen, independent public accountants, as indicated in their report with respect thereto, and are included in this prospectus in reliance upon the authority of said firm as

experts in giving said report.

In June 2002, Andersen was tried and convicted of federal obstruction of justice charges. Events arising out of the conviction or other events relating to the financial condition of Andersen may adversely affect the ability of Andersen to satisfy any potential claims that may arise out of Andersen's audits of the financial statements contained in this prospectus. In addition, Andersen has notified us that it will no longer be able to provide us with the necessary consents related to previously audited financial statements

contained in our prospectus. Our inability to obtain such consents may also adversely affect your ability to pursue potential claims against Andersen. (See Risk Factors.)

Unaudited Financial Statements

The Schedule III Real Estate Investments and Accumulated Depreciation as of December 31, 2001, which is included in this prospectus, has not been audited.

The financial statements of the Wells REIT, as of March 31, 2002, and for the three month periods ended March 31, 2002 and March 31, 2001, which are included in this prospectus, have not been audited.

ADDITIONAL INFORMATION

We have filed with the Securities and Exchange Commission (Commission), Washington, D.C., a registration statement under the Securities Act of 1933, as amended, with respect to the shares offered pursuant to this prospectus. This prospectus does not contain all the information set forth in the registration statement and the exhibits related thereto filed with the Commission, reference to which is hereby made. Copies of the registration statement and exhibits related thereto, as well as periodic reports and information filed by the Wells REIT, may be obtained upon payment of the fees prescribed by the Commission, or may be examined at the offices of the Commission without charge, at the public reference facility in Washington, D.C. at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549. In addition, the Commission maintains a Web site at <http://www.sec.gov> that contains reports, proxy and information statements and other information regarding registrants that file electronically with the Commission.

GLOSSARY

The following are definitions of certain terms used in this prospectus and not otherwise defined in this prospectus:

IRA means an individual retirement account established pursuant to Section 408 or Section 408A of the Internal Revenue Code.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To Wells Real Estate Investment Trust, Inc.:

We have audited the accompanying consolidated balance sheets of **WELLS REAL ESTATE INVESTMENT TRUST, INC.** (a Maryland corporation) **AND SUBSIDIARY** as of December 31, 2001 and 2000 and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2001. These financial statements and the schedule referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and schedule are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wells Real Estate Investment Trust, Inc. and subsidiary as of December 31, 2001 and 2000 and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2001 in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. Schedule III - Real Estate Investments and Accumulated Depreciation as of December 31, 2001 is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic financial statements. This schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, fairly states, in all material respects, the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

WELLS REAL ESTATE INVESTMENT TRUST, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2001, 2000, and 1999

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Wells Real Estate Investment Trust, Inc. (the "Company") is a Maryland corporation that qualifies as a real estate investment trust ("REIT"). The Company is conducting an offering for the sale of a maximum of 125,000,000 (exclusive of 10,000,000 shares available pursuant to the Company's dividend reinvestment program) shares of common stock, \$.01 par value per share, at a price of \$10 per share. The Company will seek to acquire and operate commercial properties, including, but not limited to, office buildings, shopping centers, business and industrial parks, and other commercial and industrial properties, including properties which are under construction, are newly constructed, or have been constructed and have operating histories. All such properties may be acquired, developed, and operated by the Company alone or jointly with another party. The Company is likely to enter into one or more joint ventures with affiliated entities for the acquisition of properties. In connection therewith, the Company may enter into joint ventures for the acquisition of properties with prior or future real estate limited partnership programs sponsored by Wells Capital, Inc. (the "Advisor") or its affiliates.

Substantially all of the Company's business is conducted through Wells Operating Partnership, L.P. (the "Operating Partnership"), a Delaware limited partnership. During 1997, the Operating Partnership issued 20,000 limited partner units to the Advisor in exchange for \$200,000. The Company is the sole general partner in the Operating Partnership and possesses full legal control and authority over the operations of the Operating Partnership; consequently, the accompanying consolidated financial statements of the Company include the accounts of the Operating Partnership. All significant intercompany balances have been eliminated in consolidation.

The Company owns interests in the following properties directly through its ownership in the Operating Partnership: (i) the PricewaterhouseCoopers property (the "PwC Building"), a four-story office building located in Tampa, Florida; (ii) the AT&T Building, a four-story office building located in Harrisburg, Pennsylvania; (iii) the Marconi Data Systems property (the "Marconi Building"), a two-story office, assembly, and manufacturing building located in Wood Dale, Illinois; (iv) the Cinemark Property (the "Cinemark Building"), a five-story office building located in Plano, Texas; (v) the Matsushita Property (the "Matsushita Building"), a two-story office building located in Lake Forest, California; (vi) the ASML Property (the "ASML Building"), a two-story office and warehouse building located in Tempe, Arizona; (vii) the Motorola Property (the "Motorola Tempe Building"), a two-story office building located in Tempe, Arizona; (viii) the Dial Property (the "Dial Building"), a two-story office building located in Scottsdale, Arizona; (ix) the Delphi Building, a three-story office building located in Troy, Michigan; (x) the Avnet Property (the "Avnet Building"), a two-story office building located in Tempe, Arizona; (xi) the Metris Oklahoma Building, a three-story office building located in Tulsa, Oklahoma; (xii) the Alstom Power-Richmond Building, a four-story office building located in Richmond, Virginia; (xiii) the Motorola Plainfield Building, a three-story office building located in South Plainfield, New Jersey; (xiv) the Stone & Webster Building, a six-story office building located in Houston, Texas; (xv) the Metris Minnetonka Building, a nine-story office building located in Minnetonka, Minnesota; (xvi) the State Street Bank Building, a seven-story office building located in Quincy, Massachusetts; (xvii) the IKON Buildings, two one-story office buildings located in Houston, Texas; (xviii) the Ingram Micro Distribution Facility, a one-story office and warehouse building located in Millington, Tennessee; (xix) the Lucent Building, a four-story office building located in Cary, North Carolina; (xx) the Nissan land (the "Nissan Property"), a 14.873 acre tract of undeveloped land located in Irving, Texas; (xxi) the Convergys Building, a two-story office building located in Tamarac, Florida; and (xxii) the Windy Point Buildings, a seven-story office building and an eleven-story office building located in Schaumburg, Illinois.

Use of Estimates and Factors Affecting the Company

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The carrying values of real estate are based on management's current intent to hold the real estate assets as long-term investments. The success of the Company's future operations and the ability to realize the investment in its assets will be dependent on the Company's ability to maintain rental rates, occupancy, and an appropriate level of operating expenses in future years. Management believes that the steps it is taking will enable the Company to realize its investment in its assets.

Table of Contents

Income Taxes

The Company has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended. To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement to currently distribute at least 90% of the REIT's ordinary taxable income to shareholders. It is management's current intention to adhere to these requirements and maintain the Company's REIT status. As a REIT, the Company generally will not be subject to federal income tax on distributed taxable income. Even if the Company qualifies as a REIT, it may be subject to certain state and local taxes on its income and real estate assets, and to federal income and excise taxes on its undistributed taxable income. No provision for federal income taxes has been made in the accompanying consolidated financial statements, as the Company made distributions equal to or in excess of its taxable income in each of the three years in the period ended December 31, 2001.

Real Estate Assets

Real estate assets held by the Company and joint ventures are stated at cost less accumulated depreciation. Major improvements and betterments are capitalized when they extend the useful life of the related asset. All repair and maintenance expenditures are expensed as incurred.

Management continually monitors events and changes in circumstances which could indicate that carrying amounts of real estate assets may not be recoverable. When events or changes in circumstances are present which indicate that the carrying amounts of real estate assets may not be recoverable, management assesses the recoverability of real estate assets by determining whether the carrying value of such real estate assets will be recovered through the future cash flows expected from the use of the asset and its eventual disposition. Management has determined that there has been no impairment in the carrying value of real estate assets held by the Company or the joint ventures as of December 31, 2001 and 2000.

Depreciation of building and improvements is calculated using the straight-line method over 25 years. Tenant improvements are amortized over the life of the related lease or the life of the asset, whichever is shorter.

Revenue Recognition

All leases on real estate assets held by the Company or the joint ventures are classified as operating leases, and the related rental income is recognized on a straight-line basis over the terms of the respective leases.

Cash and Cash Equivalents

For the purposes of the statements of cash flows, the Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents include cash and short-term investments. Short-term investments are stated at cost, which approximates fair value, and consist of investments in money market accounts.

Deferred Lease Acquisition Costs

Costs incurred to procure operating leases are capitalized and amortized on a straight-line basis over the terms of the related leases.

Earnings Per Share

Earnings per share are calculated based on the weighted average number of common shares outstanding during each period. The weighted average number of common shares outstanding is identical for basic and fully diluted earnings per share, as there is no dilutive impact created from the Company's stock option plan (Note 10) using the treasury stock method.

Investment in Joint Ventures

Basis of Presentation

The Operating Partnership does not have control over the operations of the joint ventures; however, it does exercise significant influence. Accordingly, the Operating Partnership's investments in joint ventures are recorded using the equity method of accounting.

Partners' Distributions and Allocations of Profit and Loss

Cash available for distribution and allocations of profit and loss to the Operating Partnership by the joint ventures are made in accordance with the terms of the individual joint venture agreements. Generally, these items are allocated in proportion to the partners' respective ownership interests. Cash is paid from the joint ventures to the Operating Partnership on a quarterly basis.

Deferred Lease Acquisition Costs

Costs incurred to procure operating leases are capitalized and amortized on a straight-line basis over the terms of the related leases. Deferred lease acquisition costs are included in prepaid expenses and other assets, net, in the balance sheets presented in Note 5.

2. DEFERRED PROJECT COSTS

The Company paid a percentage of shareholder contributions to the Advisor for acquisition and advisory services and acquisition expenses. These payments, as stipulated in the prospectus, can be up to 3.5% of shareholder contributions, subject to certain overall limitations contained in the prospectus. Aggregate fees paid through December 31, 2001 were \$29,122,286 and amounted to 3.5% of shareholders' contributions received. These fees are allocated to specific properties as they are purchased or developed and are included in capitalized assets of the joint ventures or real estate assets. Deferred project costs at December 31, 2001 and 2000 represent fees not yet applied to properties.

3. DEFERRED OFFERING COSTS

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Offering expenses, to the extent they exceed 3% of gross offering proceeds, will be paid by the Advisor and not by the Company. Offering expenses include such costs as legal and accounting fees, printing costs, and other offering expenses and specifically exclude sales costs and underwriting commissions.

As of December 31, 2001, the Advisor paid offering expenses on behalf of the Company in the aggregate amount of \$20,459,289, of which the Advisor had been reimbursed \$18,551,241, which did not exceed the 3% limitation.

4. RELATED-PARTY TRANSACTIONS

Due from affiliates at December 31, 2001 and 2000 represents the Operating Partnership's share of the cash to be distributed from its joint venture investments for the fourth quarter of 2001 and 2000 and advances due from the Advisor as of December 31, 2000:

The Operating Partnership entered into a property management and leasing agreement with Wells Management Company, Inc. (Wells Management), an affiliate of the Advisor. In consideration for supervising the management and leasing of the Operating Partnership's properties, the Operating Partnership will pay management and leasing fees equal to the lesser of (a) 4.5% of the gross revenues generally paid over the life of the lease or (b) .6% of the net asset value of the properties (excluding vacant properties) owned by the Company to Wells Management. These management and leasing fees are calculated on an annual basis plus a separate competitive fee for the one-time initial lease-up of newly constructed properties generally paid in conjunction with the receipt of the first month's rent.

The Operating Partnership's portion of the management and leasing fees and lease acquisition costs paid to Wells Management, both directly and at the joint venture level, were \$2,468,294, \$1,111,748, and \$336,517 for the years ended December 31, 2001, 2000, and 1999, respectively.

The Advisor performs certain administrative services for the Operating Partnership, such as accounting and other partnership administration, and incurs the related expenses. Such expenses are allocated among the Operating Partnership and the various Wells Real Estate Funds based on time spent on each fund by individual administrative personnel. In the opinion of management, such allocation is a reasonable basis for allocating such expenses.

The Advisor is a general partner in various Wells Real Estate Funds. As such, there may exist conflicts of interest where the Advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with the Operating Partnership for tenants in similar geographic markets.

5. INVESTMENT IN JOINT VENTURES

Fund IX, X, XI, and REIT Joint Venture

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

On March 20, 1997, Fund IX and Wells Real Estate Fund X, L.P. (Fund X) entered into a joint venture agreement. The joint venture, Fund IX and X Associates, was formed to acquire, develop, operate, and sell real properties. On March 20, 1997, Wells Fund IX contributed a 5.62-acre tract of real property in Knoxville, Tennessee, and improvements thereon, known as the Alstom Power Building, to the Fund IX and X Associates joint venture. An 84,404-square foot, three-story building was constructed and commenced operations at the end of 1997.

On February 13, 1998, the joint venture purchased a two-story office building, known as the Ohmeda Building, in Louisville, Colorado. On March 20, 1998, the joint venture purchased a three-story office building, known as the 360 Interlocken Building, in Broomfield, Colorado. On June 11, 1998, Fund IX and X Associates was amended and restated to admit Wells Real Estate Fund XI, L.P. (Fund XI) and the Operating Partnership. The joint venture was renamed the Fund IX, X, XI, and REIT Joint Venture. On June 24, 1998, the new joint venture purchased a one-story office building, known as the Avaya Building, in Oklahoma City, Oklahoma. On April 1, 1998, Wells Fund X purchased a one-story warehouse facility, known as the Iomega Building, in Ogden, Utah. On July 1, 1998, Wells Fund X contributed the Iomega Building to the Fund IX, X, XI, and REIT Joint Venture.

During 1999, Fund IX and Fund XI made contributions to the Fund IX, X, XI, and REIT Joint Venture; during 2000, Fund IX and Fund X made contributions to the Fund IX, X, XI, and REIT Joint Venture.

8. INVESTMENT IN BONDS AND OBLIGATION UNDER CAPITAL LEASE

On September 27, 2001, the Operating Partnership acquired a ground leasehold interest in the Ingram Micro Distribution Facility pursuant to a Bond Real Property Lease dated December 20, 1995 (the "Bond Lease"). The ground leasehold interest under the Bond Lease, along with the Bond and Bond Deed of Trust described below, were purchased from Ingram Micro, L.P. ("Ingram") in a sale lease-back transaction for a purchase price of \$21,050,000. The Bond Lease expires on December 31, 2026. At closing, the Operating Partnership also entered into a new lease with Ingram pursuant to which Ingram agreed to lease the entire Ingram Micro Distribution Facility for a lease term of 10 years with two successive 10-year renewal options.

In connection with the original development of the Ingram Micro Distribution Facility, the Industrial Development Board of the City of Milington, Tennessee (the Industrial Development Board) issued an Industrial Development Revenue Note dated December 20, 1995 in the principal amount of \$22,000,000 (the Bond) to Lease Plan North America, Inc. (the Original Bond Holder). The proceeds from the issuance of the Bond were utilized to finance the construction of the Ingram Micro Distribution Facility. The Bond is secured by a Fee Construction Mortgage Deed of Trust Assignment of Rents and Leases also dated December 20, 1995 (the Bond Deed of Trust) executed by the Industrial Development Board for the benefit of the Original Bond Holder. Beginning in 2006, the holder of the Bond Lease has the option to purchase the land underlying the Ingram Micro Distribution Facility for \$100.00 plus satisfaction of the indebtedness evidenced by the Bond which, as set forth below, was acquired and is currently held by the Operating Partnership.

On December 20, 2000, Ingram purchased the Bond and the Bond Deed of Trust from the Original Bond Holder. On September 27, 2001, along with purchasing the Ingram Micro Distribution Facility through its acquisition of the ground leasehold interest under the Bond Lease, the Operating Partnership also acquired the Bond and the Bond Deed of Trust from Ingram. Because the Operating Partnership is technically subject to the obligation to pay the \$22,000,000 indebtedness evidenced by the Bond, the obligation to pay the Bond is carried on the Company's books as a liability;

Table of Contents

however, since Operating Partnership is also the owner of the Bond, the Bond is also carried on the Company's books as an asset.

9. NOTES PAYABLE

As of December 31, 2001, the Operating Partnership's notes payable included the following:

Note payable to Bank of America, interest at 5.9%, interest payable monthly, due July 30, 2003, collateralized by the Nissan property	\$ 468,844
Note payable to SouthTrust Bank, interest at LIBOR plus 175 basis points, principal and interest payable monthly, due June 10, 2002; collateralized by the Operating Partnership's interests in the Cinemark Building, the Dial Building, the ASML Building, the Motorola Tempe Building, the Avnet Building, the Matsushita Building, and the PwC Building	7,655,600
Total	\$ 8,124,444

The contractual maturities of the Operating Partnership's notes payable are as follows as of December 31, 2001:

2002	\$ 7,655,600
2003	468,844
Total	\$ 8,124,444

10. COMMITMENTS AND CONTINGENCIES**Take Out Purchase and Escrow Agreement**

An affiliate of the Advisor (Wells Exchange) has developed a program (the Wells Section 1031 Program) involving the acquisition by Wells Exchange of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are looking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Code. Each of these properties will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to pay off the interim financing. In consideration for the payment of a take out fee to the Company, and following approval of the

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

potential property acquisition by the Company's board of directors, it is anticipated that Wells OP will enter into a take out purchase and escrow agreement or similar contract providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interest in that particular property to 1031 Participants, the Operating Partnership will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period.

As a part of the initial transaction in the Wells Section 1031 Program, and in consideration for the payment of a take out fee in the amount of \$137,500 to the Company, Wells OP entered into a take out purchase and escrow agreement dated April 16, 2001 providing that, among other things, Wells OP is obligated to acquire, at Wells Exchange's cost (\$839,694 in cash plus \$832,060 of assumed debt for each 7.63358% interest of co-tenancy interest unsold), any co-tenancy interest in the building known as the Ford Motor Credit Complex which remains unsold at the expiration of the offering of Wells Exchange, which has been extended to April 15, 2002, which is also the maturity date of the interim loan relating to such property. The Ford Motor Credit Complex consists of two connecting office buildings containing 167,438 rentable square feet located in Colorado Springs, Colorado, currently under a triple-net lease with Ford Motor Credit Company, a wholly owned subsidiary of Ford Motor Company.

The obligations of Wells OP under the take out purchase and escrow agreement are secured by reserving against a portion of Wells OP's existing line of credit with Bank of America, N.A. (the Interim Lender). If, for any reason, Wells OP fails to acquire any of the co-tenancy interest in the Ford Motor Credit Complex which remains unsold as of

Table of Contents

April 15, 2002, or there is otherwise an uncured default under the interim loan or the line of credit documents, the Interim Lender is authorized to draw down Wells OP's line of credit in the amount necessary to pay the outstanding balance of the interim loan in full, in which event the appropriate amount of co-tenancy interest in the Ford Motor Credit Complex would be deemed to Wells OP. Wells OP's maximum economic exposure in the transaction is \$21,900,000, in which event Wells OP would acquire the Ford Motor Credit Complex for \$11,000,000 in cash plus assumption of the first mortgage financing in the amount of \$10,900,000. If some, but not all, of the co-tenancy interests are sold, Wells OP's exposure would be less, and it would own an interest in the property in co-tenancy with the 1031 Participants who had previously acquired co-tenancy interests in the Ford Motor Credit Complex from Wells Exchange.

Development of the Nissan Property

The Operating Partnership has entered into an agreement with an independent third-party general contractor for the purpose of designing and constructing a three-story office building containing 268,290 rentable square feet on the Nissan Property. The construction agreement provides that the Operating Partnership will pay the contractor a maximum of \$25,326,017 for the design and construction of the building. Construction commenced on January 25, 2002 and is scheduled to be completed within 20 months.

General

Management, after consultation with legal counsel, is not aware of any significant litigation or claims against the Company, the Operating Partnership, or the Advisor. In the normal course of business, the Company, the Operating Partnership, or the Advisor may become subject to such litigation or claims.

11. SHAREHOLDERS' EQUITY

Common Stock Option Plan

The Wells Real Estate Investment Trust, Inc. Independent Director Stock Option Plan (the Plan) provides for grants of stock to be made to independent nonemployee directors of the Company. Options to purchase 2,500 shares of common stock at \$12 per share are granted upon initially becoming an independent director of the Company. Of these shares, 20% are exercisable immediately on the date of grant. An additional 20% of these shares become exercisable on each anniversary following the date of grant for a period of four years. Effective on the date of each annual meeting of shareholders of the Company, beginning in 2000, each independent director will be granted an option to purchase 1,000 additional shares of common stock. These options vest at the rate of 500 shares per full year of service thereafter. All options granted under the Plan expire no later than the date immediately following the tenth anniversary of the date of grant and may expire sooner in the event of the disability or death of the optionee or if the optionee ceases to serve as a director.

The Company has adopted the disclosure provisions in Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation. As permitted by the provisions of SFAS No. 123, the Company applies Accounting Principles Board Opinion No. 25 and the related interpretations in accounting for its stock option plans and, accordingly, does not recognize compensation cost.

Table of Contents

A summary of the Company's stock option activity during 2001 and 2000 is as follows:

	Number	Exercise Price
Outstanding at December 31, 1999	17,500	\$ 12
Granted	7,000	12
Outstanding at December 31, 2000	24,500	12
Granted	7,000	12
Outstanding at December 31, 2001	31,500	12
Outstanding options exercisable as of December 31, 2001	10,500	12

For SFAS No. 123 purposes, the fair value of each stock option for 2001 and 2000 has been estimated as of the date of the grant using the minimum value method. The weighted average risk-free interest rates assumed for 2001 and 2000 were 5.05% and 6.45%, respectively. Dividend yields of 7.8% and 7.3% were assumed for 2001 and 2000, respectively. The expected life of an option was assumed to be six years and four years for 2001 and 2000, respectively. Based on these assumptions, the fair value of the options granted during 2001 and 2000 is \$0.

Treasury Stock

During 1999, the Company's board of directors authorized a dividend reinvestment program (the "DRP"), through which common shareholders may elect to reinvest an amount equal to the dividends declared on their common shares into additional shares of the Company's common stock in lieu of receiving cash dividends. During 2000, the Company's board of directors authorized a common stock repurchase plan subject to the amount reinvested in the Company's common shares through the DRP, less shares already redeemed, and a limitation in the amount of 3% of the average common shares outstanding during the preceding year. During 2001 and 2000, the Company repurchased 413,743 and 141,297 of its own common shares at an aggregate cost of \$4,137,427 and \$1,412,969, respectively. These transactions were funded with cash on hand and did not exceed either of the foregoing limitations.

WELLS REAL ESTATE INVESTMENT TRUST, INC. AND SUBSIDIARY

CONDENSED NOTES TO FINANCIAL STATEMENTS

March 31, 2002

(Unaudited)

1. Summary of Significant Accounting Policies

(a) General

Wells Real Estate Investment Trust, Inc. (the Company) is a Maryland corporation formed on July 3, 1997, which qualifies as a real estate investment trust (REIT). Substantially all of the Company's business is conducted through Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership organized for the purpose of acquiring, developing, owning, operating, improving, leasing, and otherwise managing income producing commercial properties for investment purposes on behalf of the Company. The Company is the sole general partner of Wells OP.

On January 30, 1998, the Company commenced its initial public offering of up to 16,500,000 shares of common stock at \$10 per share pursuant to a Registration Statement on Form S-11 filed under the Securities Act of 1933. The Company commenced active operations on June 5, 1998, upon receiving and accepting subscriptions for 125,000 shares. The Company terminated its initial public offering on December 19, 1999 at which time gross proceeds of approximately \$132,181,919 had been received from the sale of approximately 13,218,192 shares. The Company commenced its second public offering of shares of common stock on December 20, 1999, which was terminated on December 19, 2000 after receipt of gross proceeds of approximately \$175,229,193 from the sale of approximately 17,522,919 shares from the second public offering. The Company commenced its third public offering of the shares of common stock on December 20, 2000. As of March 31, 2002, the Company has received gross proceeds of approximately \$785,906,526 from the sale of approximately 78,590,653 shares from its third public offering. Accordingly, as of March 31, 2002, the Company has received aggregate gross offering proceeds of approximately \$1,093,317,638 from the sale of 109,331,764 shares of its common stock to 27,900 investors. After payment of \$37,965,419 in acquisition and advisory fees and acquisition expenses, payment of \$125,647,820 in selling commissions and organization and offering expenses, capital contributions to joint ventures and acquisitions expenditures by Wells OP of \$735,821,825 for property acquisitions, and common stock redemptions of \$8,592,377 pursuant to the Company's share redemption program, the Company was holding net offering proceeds of \$185,290,197 available for investment in properties, as of March 31, 2002.

Table of Contents**(b) Properties**

(c) Critical Accounting Policies

The Company's accounting policies have been established in accordance with accounting principles generally accepted in the United States (GAAP). The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of our financial statements. Below is a discussion of the accounting policies that we consider to be critical in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain.

Revenue Recognition

The Company recognizes rental income generated from all leases on real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, on a straight line basis over the terms of the respective leases. If a tenant was to encounter financial difficulties in future periods, the amount recorded as a receivable may not be realized.

Operating Cost Reimbursements

The Company generally bills tenants for operating cost reimbursements, either directly or through investments in joint ventures, on a monthly basis at amounts estimated largely based on actual prior period activity and the respective lease terms. Such billings are generally adjusted on an annual basis to reflect reimbursements owed to the landlord based on the actual costs incurred during the period and the respective lease terms. Financial difficulties encountered by tenants may result in receivables not being realized.

Table of Contents

Real Estate

Management continually monitors events and changes in circumstances indicating that the carrying amounts of the real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When such events or changes in circumstances are present, management assesses the potential impairment by comparing the fair market value of the asset, estimated at an amount equal to the future undiscounted operating cash flows expected to be generated from tenants over the life of the asset and from its eventual disposition, to the carrying value of the asset. In the event that the carrying amount exceeds the estimated fair market value, the Company would recognize an impairment loss in the amount required to adjust the carrying amount of the asset to its estimated fair market value. Neither the Company nor its joint ventures have recognized impairment losses on real estate assets in 2002 or 2001.

Deferred Project Costs

Wells Capital, Inc. (the Advisor) expects to continue to fund 100% of the acquisition and advisory fees and acquisition expenses and recognize related expenses, to the extent that such costs exceed 3.5% of cumulative capital raised (subject to certain overall limitations described in the prospectus), on behalf of the Company. The Company records acquisition and advisory fees and acquisition expenses by capitalizing deferred project costs and reimbursing the Advisor in an amount equal to 3.5% of cumulative capital raised to date. As the Company invests its capital proceeds, deferred project costs are applied to real estate assets, either directly or through contributions to joint ventures, at an amount equal to 3.5% of each investment and depreciated over the useful lives of the respective real estate assets. Acquisition and advisory fees and acquisition expenses paid as of March 31, 2002, amounted to \$37,965,419 and represented approximately 3.5% of shareholders' capital contributions received. These fees are allocated to specific properties as they are purchased or developed and are included in capitalized assets of the joint venture, or real estate assets. Deferred project costs at March 31, 2002 and December 31, 2001, represent fees paid, but not yet applied to properties.

Deferred Offering Costs

The Advisor expects to continue to fund 100% of the organization and offering costs and recognize related expenses, to the extent that such costs exceed 3% of cumulative capital raised, on behalf of the Company. Organization and offering costs include items such as legal and accounting fees, marketing and promotional costs, and printing costs, and specifically exclude sales costs and underwriting commissions. The Company records offering costs by accruing deferred offering costs, with an offsetting liability included in due to affiliates, at an amount equal to the lesser of 3% of cumulative capital raised to date or actual costs incurred from third parties less reimbursements paid to the Advisor. As the actual equity is raised, the Company reverses the deferred offering costs accrual and recognizes a charge to stockholders' equity upon reimbursing the Advisor. As of March 31, 2002, the Advisor had paid offering expenses on behalf of the Company in an aggregate amount of \$23,230,560, of which the Advisor had been reimbursed \$22,021,962, which did not exceed the 3% limitation. Deferred offering costs in the accompanying balance sheet represent costs incurred by the Advisor which will be reimbursed by the Company.

(d) Distribution Policy

The Company will make distributions each taxable year (not including a return of capital for federal income tax purposes) equal to at least 90% of its real estate investment trusts taxable income. The Company intends to make regular quarterly distributions to holders of the shares. Distributions will be made to those shareholders who are shareholders as of the record date selected by the Directors. The Company currently calculates quarterly dividends based on the daily record and dividend declaration dates; thus, shareholders are entitled to receive dividends immediately upon the purchase of shares.

Dividends to be distributed to the shareholders are determined by the Board of Directors and are dependent on a number of factors related to the Company, including funds available for payment of dividends, financial condition, capital expenditure requirements and annual distribution requirements in order to maintain the Company's status as a REIT under the Code. Operating cash flows are expected to increase as additional properties are added to the Company's investment portfolio.

Table of Contents

(e) Income Taxes

The Company has made an election under Section 856 (C) of the Internal Revenue Code of 1986, as amended (the "Code"), to be taxed as a Real Estate Investment Trust ("REIT") under the Code beginning with its taxable year ended December 31, 1998. As a REIT for federal income tax purposes, the Company generally will not be subject to federal income tax on income that it distributes to its shareholders. If the Company fails to qualify as a REIT in any taxable year, it will then be subject to federal income tax on its taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year during which qualification is lost. Such an event could materially adversely affect the Company's net income and net cash available to distribute to shareholders. However, the Company believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner so that the Company will remain qualified as a REIT for federal income tax purposes.

(f) Employees

The Company has no direct employees. The employees of the Advisor and Wells Management Company, Inc., perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for the Company.

(g) Insurance

Wells Management Company, Inc., an affiliate of the Company and the Advisor, carries comprehensive liability and extended coverage with respect to all the properties owned directly or indirectly by the Company. In the opinion of management, the properties are adequately insured.

(h) Competition

The Company will experience competition for tenants from owners and managers of competing projects, which may include its affiliates. As a result, the Company may be required to provide free rent, reduced charges for tenant improvements and other inducements, all of which may have an adverse impact on results of operations. At the time the Company elects to dispose of its properties, the Company will also be in competition with sellers of similar properties to locate suitable purchasers for its properties.

(i) Statement of Cash Flows

For the purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents include cash and short-term investments.

(j) Basis of Presentation

Substantially all of the Company's business is conducted through Wells OP. On December 31, 1997, Wells OP issued 20,000 limited partner units to the Advisor in exchange for a capital contribution of \$200,000. The Company is the sole general partner in Wells OP; consequently, the accompanying consolidated balance sheet of the Company includes the amounts of the Company and Wells OP. The Advisor, a limited partner, is not currently receiving distributions from its investment in Wells OP.

The consolidated financial statements of the Company have been prepared in accordance with instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. These quarterly statements have not been examined by independent accountants, but in the opinion of the Board of Directors, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary to present a fair presentation of the results for such periods. Results for interim periods are not necessarily indicative of full year results. For further information, refer to the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2001.

Table of Contents**2. INVESTMENT IN JOINT VENTURES****(a) Basis of Presentation**

As of March 31, 2002, the Company owned interests in 17 properties in joint ventures with related entities through its ownership in Wells OP, which owns interests in seven such joint ventures. The Company does not have control over the operations of these joint ventures; however, it does exercise significant influence. Accordingly, investment in joint ventures is recorded using the equity method.

(b) Summary of Operations

The following information summarizes the operations of the unconsolidated joint ventures in which the Company, through Wells OP, had ownership interests as of March 31, 2002 and 2001, respectively. There were no additional investments in joint ventures made by the Company during the three months ended March 31, 2002.

3. INVESTMENTS IN REAL ESTATE

As of March 31, 2002, the Company, through its ownership in Wells OP, owns 27 properties directly. The following describes acquisitions made directly by Wells OP during the three months ended March 31, 2002.

The Andersen Building

On January 11, 2002, Wells OP purchased the Andersen Building, a three-story office building containing approximately 157,700 rentable square feet on a 9.8 acre tract of land located in Sarasota County, Florida for a purchase price of \$21,400,000, excluding closing costs. The Andersen Building is leased to Arthur Andersen LLP (Andersen). The current term of the Andersen lease is 10 years, which commenced on November 11, 1998 and expires on October 31, 2009. Andersen has the right to extend the initial 10-year term of its lease for two additional five-year periods at 90% of the then-current market rental rate. The current annual base rent payable under the Andersen lease is \$1,988,454. Andersen has the option to purchase the Andersen Building prior to the end of the fifth lease year for \$23,250,000 and again at the expiration of the initial lease term for \$25,148,000.

The Transocean Houston Building

On March 15, 2002, Wells OP purchased the Transocean Houston Building, a six story office building containing approximately 156,000 rentable square feet located in Houston, Harris County, Texas for a purchase price of

Table of Contents

\$22,000,000, excluding closing costs. The Transocean Houston Building is 100% leased to Transocean Deepwater Offshore Drilling, Inc. (Transocean) and Newpark Drilling Fluids, Inc. (Newpark).

The Transocean lease is a triple net lease which covers approximately 103,260 square feet commencing in December 2001 and expiring in March 2011. The initial annual base rent payable under the Transocean lease is \$2,110,035. Transocean has the option to extend the initial term of its lease for either (1) two additional five-year periods, or (2) one additional ten-year period, at the then-current market rental rate. In addition, Transocean has an expansion option and a right of first refusal for up to an additional 51,780 rentable square feet.

The Newpark lease covers approximately 52,731 rentable square feet and is a net lease that commenced in August 1999 and expires in August 2009. The current annual base rent payable under the Newpark lease is \$1,153,227.

The Novartis Atlanta Building

On March 28, 2002, Wells OP purchased the Novartis Atlanta Building, a four-story office building containing approximately 100,000 rentable square feet located in Duluth, Fulton County, Georgia for a purchase price of \$15,000,000, excluding closing costs. The Novartis Atlanta Building is 100% leased to Novartis Ophthalmics, Inc. (Novartis). The Novartis lease is a net lease which commenced in August 2001 and expires in July 2011. Novartis Corporation, the parent of Novartis, has guaranteed the lease. The current annual base rent payable is \$1,426,240. Novartis, at its option, may extend the initial term of its lease for three additional five-year periods at the then-current market rental rate. In addition, Novartis may terminate the lease at the end of the fifth lease year by paying a \$1,500,000 termination fee.

The Dana Corporation Buildings

On March 29, 2002, Wells OP purchased all of the membership interests in Dana Farmington Hills, LLC and Dana Kalamazoo, LLC, which respectively owned a three-story office and research development building containing approximately 112,400 rentable square feet located in Farmington Hills, Oakland County, Michigan (the Dana Detroit Building) and a two-story office and industrial building containing approximately 147,000 rentable square feet located in Kalamazoo, Kalamazoo County, Michigan (the Dana Kalamazoo Building) for an aggregate purchase price of \$41,950,000, excluding closing costs.

The Dana Detroit Building is 100% leased to the Dana Corporation (Dana) under a net lease that commenced in October 2001 and expires in October 2021. The current annual base rent payable under the Dana lease for Detroit is \$2,330,600. Dana may, at its option, extend the initial term of its lease for six additional five-year periods at the then-current market rental rate. Additionally, Dana may terminate the lease after the eleventh year of its initial lease term subject to certain conditions.

The Dana Kalamazoo Building is also 100% leased to Dana. The Dana lease for Kalamazoo is a net lease which commenced in October 2001 and expires in October 2011. The current annual base rent payable is \$1,842,800. Dana has the option to extend the initial term of the Dana lease in Kalamazoo for six additional five-year periods at the then-current market rental rate. Additionally, Dana may terminate the lease at any time after the sixth year of the initial lease term and before the end of the nineteenth lease year, subject to certain conditions.

4. NOTES PAYABLE

Notes payable consists of (i) \$7,655,600 of draws on a line of credit from SouthTrust Bank secured by a first mortgage against the Cinemark, ASML, Dial, PwC, Motorola Tempe and Avnet Buildings and (ii) \$3,415,986 outstanding on the construction loan from Bank of America which is being used to fund the development of the Nissan Property.

5. DUE TO AFFILIATES

Due to affiliates consists of amounts due to the Advisor for Acquisitions and Advisory Fees and Acquisition Expenses, deferred offering costs, and other operating expenses paid on behalf of the Company. Also included in due to affiliates is the amount due to the Fund VIII-IX Joint Venture related to the Matsushita lease guarantee, which is explained in detail in the financial statements and footnotes included in the Company's Form 10-K for the

Table of Contents

year ended December 31, 2001. Payments of \$601,963 have been made as of March 31, 2002 toward funding the obligation under the Matsushita agreement.

6. COMMITMENTS AND CONTINGENCIES

Take Out Purchase and Escrow Agreement

An affiliate of the Advisor (Wells Exchange) has developed a program (the Wells Section 1031 Program) involving the acquisition by Wells Exchange of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are looking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Code. Each of these properties will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to pay off the interim financing. In consideration for the payment of a Take Out Fee to the Company, and following approval of the potential property acquisition by the Company's Board of Directors, it is anticipated that Wells OP will enter into a contractual relationship providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells OP will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period. As a part of the initial transaction in the Wells Section 1031 Program, and in consideration for the payment of a take out fee in the amount of \$137,500 to the Company, Wells OP entered into a take out purchase and escrow agreement dated April 16, 2001 providing, among other things, that Wells OP would be obligated to acquire, at Wells Exchange's cost, any unsold co-tenancy interests in the building known as the Ford Motor Credit Complex which remained unsold at the expiration of the offering of Wells Exchange on April 15, 2002. On April 12, 2002, Wells Exchange paid off the interim financing on the Ford Motor Credit Complex and, accordingly, Wells OP has been released from its prior obligations under the take out purchase and escrow agreement relating to such property.

PRIOR PERFORMANCE TABLES

The following Prior Performance Tables (Tables) provide information relating to real estate investment programs sponsored by Wells Capital, Inc., our advisor, and its affiliates (Wells Public Programs) which have investment objectives similar to Wells Real Estate Investment Trust, Inc. (Wells REIT). (See Investment Objectives and Criteria.) Except for the Wells REIT, all of the Wells Public Programs have used capital, and no acquisition indebtedness, to acquire their properties.

Prospective investors should read these Tables carefully together with the summary information concerning the Wells Public Programs as set forth in the Prior Performance Summary section of this prospectus.

Investors in the Wells REIT will not own any interest in the other Wells Public Programs and should not assume that they will experience returns, if any, comparable to those experienced by investors in other Wells Public Programs.

The advisor is responsible for the acquisition, operation, maintenance and resale of the real estate properties. The financial results of the Wells Public Programs, thus, may provide some indication of the advisor's performance of its obligations during the periods covered. However, general economic conditions affecting the real estate industry and other factors contribute significantly to financial results.

The following tables are included herein:

Table I Experience in Raising and Investing Funds (As a Percentage of Investment)

Table II Compensation to Sponsor (in Dollars)

Table III Annual Operating Results of Wells Public Programs

Table IV (Results of completed programs) has been omitted since none of the Wells Public Programs have been liquidated.

Table V Sales or Disposals of Property

Additional information relating to the acquisition of properties by the Wells Public Programs is contained in **Table VI**, which is included in Part II of the registration statement which the Wells REIT has filed with the Securities and Exchange Commission. Copies of any or all information will be provided to prospective investors at no charge upon request.

The following are definitions of certain terms used in the Tables:

Acquisition Fees shall mean fees and commissions paid by a Wells Public Program in connection with its purchase or development of a property, except development fees paid to a person not affiliated with the Wells Public Program or with a general partner or advisor of the Wells Public Program in connection with the actual development of a project after acquisition of the land by the Wells Public Program.

Organization Expenses shall include legal fees, accounting fees, securities filing fees, printing and reproduction expenses and fees paid to the sponsor in connection with the planning and formation of the Wells Public Program.

Underwriting Fees shall include selling commissions and wholesaling fees paid to broker-dealers for services provided by the broker-dealers during the offering.

SUBSCRIPTION AGREEMENT

To: **Wells Real Estate Investment Trust, Inc.**

Suite 250

6200 The Corners Parkway

Atlanta, Georgia 30092

Ladies and Gentlemen:

The undersigned, by signing and delivering a copy of the attached Subscription Agreement Signature Page, hereby tenders this subscription and applies for the purchase of the number of shares of common stock (Shares) of Wells Real Estate Investment Trust, Inc., a Maryland corporation (Wells REIT), set forth on such Subscription Agreement Signature Page. Payment for the Shares is hereby made by check payable to Wells Real Estate Investment Trust, Inc.

I hereby acknowledge receipt of the Prospectus of the Wells REIT dated July 26, 2002 (the Prospectus).

I agree that if this subscription is accepted, it will be held, together with the accompanying payment, on the terms described in the Prospectus. Subscriptions may be rejected in whole or in part by the Wells REIT in its sole and absolute discretion.

Prospective investors are hereby advised of the following:

(a) The assignability and transferability of the Shares is restricted and will be governed by the Wells REIT's Articles of Incorporation and Bylaws and all applicable laws as described in the Prospectus.

(b) Prospective investors should not invest in Shares unless they have an adequate means of providing for their current needs and personal contingencies and have no need for liquidity in this investment.

(c) There is no public market for the Shares and, accordingly, it may not be possible to readily liquidate an investment in the Wells REIT.

SPECIAL NOTICE FOR CALIFORNIA RESIDENTS ONLY

CONDITIONS RESTRICTING TRANSFER OF SHARES

260.141.11 Restrictions on Transfer.

(a) The issuer of any security upon which a restriction on transfer has been imposed pursuant to Sections 260.102.6, 260.141.10 or 260.534 of the Rules (the "Rules") adopted under the California Corporate Securities Law (the "Code") shall cause a copy of this section to be delivered to each issuee or transferee of such security at the time the certificate evidencing the security is delivered to the issuee or transferee.

(b) It is unlawful for the holder of any such security to consummate a sale or transfer of such security, or any interest therein, without the prior written consent of the Commissioner (until this condition is removed pursuant to Section 260.141.12 of the Rules), except:

(1) to the issuer;

(2) pursuant to the order or process of any court;

(3) to any person described in subdivision (i) of Section 25102 of the Code or Section 260.105.14 of the Rules;

(4) to the transferor's ancestors, descendants or spouse, or any custodian or trustee for the account of the transferor or the transferor's ancestors, descendants or spouse; or to a transferee by a trustee or custodian for the account of the transferee or the transferee's ancestors, descendants or spouse;

(5) to holders of securities of the same class of the same issuer;

(6) by way of gift or donation inter vivos or on death;

(7) by or through a broker-dealer licensed under the Code (either acting as such or as a finder) to a resident of a foreign state, territory or country who is neither domiciled in this state to the knowledge of the broker-dealer, nor actually present in this state if the sale of such securities is not in violation of any securities laws of the foreign state, territory or country concerned;

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

(8) to a broker-dealer licensed under the Code in a principal transaction, or as an underwriter or member of an underwriting syndicate or selling group;

(9) if the interest sold or transferred is a pledge or other lien given by the purchaser to the seller upon a sale of the security for which the Commissioner's written consent is obtained or under this rule not required;

(10) by way of a sale qualified under Sections 25111, 25112, 25113 or 25121 of the Code, of the securities to be transferred, provided that no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification;

(11) by a corporation to a wholly owned subsidiary of such corporation, or by a wholly owned subsidiary of a corporation to such corporation;

(12) by way of an exchange qualified under Section 25111, 25112 or 25113 of the Code provided that no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification;

(13) between residents of foreign states, territories or countries who are neither domiciled or actually present in this state;

(14) to the State Controller pursuant to the Unclaimed Property Law or to the administrator of the unclaimed property law of another state;

(15) by the State Controller pursuant to the Unclaimed Property Law or by the administrator of the unclaimed property law of another state if, in either such case, such person (i) discloses to potential purchasers at the sale that transfer of the securities is restricted under this rule, (ii) delivers to each purchaser a copy of this rule, and (iii) advises the Commissioner of the name of each purchaser;

(16) by a trustee to a successor trustee when such transfer does not involve a change in the beneficial ownership of the securities;

(17) by way of an offer and sale of outstanding securities in an issuer transaction that is subject to the qualification requirement of Section 25110 of the Code but exempt from that qualification requirement by subdivision (f) of Section 25102; provided that any such transfer is on the condition that any certificate evidencing the security issued to such transferee shall contain the legend required by this section.

(c) The certificates representing all such securities subject to such a restriction on transfer, whether upon initial issuance or upon any transfer thereof, shall bear on their face a legend, prominently stamped or printed thereon in capital letters of not less than 10-point size, reading as follows:

IT IS UNLAWFUL TO CONSUMMATE A SALE OR TRANSFER OF THIS SECURITY, OR ANY INTEREST THEREIN, OR TO RECEIVE ANY CONSIDERATION THEREFOR, WITHOUT THE PRIOR WRITTEN CONSENT OF THE COMMISSIONER OF CORPORATIONS OF THE STATE OF CALIFORNIA, EXCEPT AS PERMITTED IN THE COMMISSIONER'S RULES.

[Last amended effective January 21, 1988.]

**SPECIAL NOTICE FOR MAINE, MASSACHUSETTS, MINNESOTA, MISSOURI
AND NEBRASKA RESIDENTS ONLY**

In no event may a subscription for Shares be accepted until at least five business days after the date the subscriber receives the Prospectus. Residents of the States of Maine, Massachusetts, Minnesota, Missouri and Nebraska who first received the Prospectus only at the time of subscription may receive a refund of the subscription amount upon request to the Wells REIT within five days of the date of subscription.

STANDARD REGISTRATION REQUIREMENTS

The following requirements have been established for the various forms of registration. Accordingly, complete Subscription Agreements and such supporting material as may be necessary must be provided.

TYPE OF OWNERSHIP AND SIGNATURE(S) REQUIRED

1. **INDIVIDUAL:** One signature required.
2. **JOINT TENANTS WITH RIGHT OF SURVIVORSHIP:** All parties must sign.
3. **TENANTS IN COMMON:** All parties must sign.
4. **COMMUNITY PROPERTY:** Only one investor signature required.
5. **PENSION OR PROFIT SHARING PLANS:** The trustee signs the Signature Page.
6. **TRUST:** The trustee signs the Signature Page. Provide the name of the trust, the name of the trustee and the name of the beneficiary.
7. **PARTNERSHIP:** Identify whether the entity is a general or limited partnership. The general partners must be identified and their signatures obtained on the Signature Page. In the case of an investment by a general partnership, all partners must sign (unless a managing partner has been designated for the partnership, in which case he may sign on behalf of the partnership if a certified copy of the document granting him authority to invest on behalf of the partnership is submitted).

8. **CORPORATION:** The Subscription Agreement must be accompanied by (1) a certified copy of the resolution of the Board of Directors designating the officer(s) of the corporation authorized to sign on behalf of the corporation and (2) a certified copy of the Board's resolution authorizing the investment.

9. **IRA AND IRA ROLLOVERS:** Requires signature of authorized signer (e.g., an officer) of the bank, trust company, or other fiduciary. The address of the trustee must be provided in order for the trustee to receive checks and other pertinent information regarding the investment.

10. **KEOGH (HR 10):** Same rules as those applicable to IRAs.

11. **UNIFORM GIFT TO MINORS ACT (UGMA) or UNIFORM TRANSFERS TO MINORS ACT (UTMA):** The required signature is that of the custodian, not of the parent (unless the parent has been designated as the custodian). Only one child is permitted in each investment under UGMA or UTMA. In addition, designate the state under which the gift is being made.

AMENDED AND RESTATED

DIVIDEND REINVESTMENT PLAN

As of December 20, 1999

Wells Real Estate Investment Trust, Inc., a Maryland corporation (the *Company*), pursuant to its Amended and Restated Articles of Incorporation, adopted a Dividend Reinvestment Plan (the *DRP*), which is hereby amended and restated in its entirety as set forth below. Capitalized terms shall have the same meaning as set forth in the Articles unless otherwise defined herein.

1. *Dividend Reinvestment.* As agent for the shareholders (*Shareholders*) of the Company who (a) purchased shares of the Company's common stock (the *Shares*) pursuant to the Company's initial public offering (the *Initial Offering*), which commenced on January 30, 1998 and will terminate on or before January 30, 2000, (b) purchase Shares pursuant to the Company's second public offering (the *Second Offering*), which will commence immediately upon the termination of the Initial Offering, or (c) purchase Shares pursuant to any future offering of the Company (*Future Offering*), and who elect to participate in the DRP (the *Participants*), the Company will apply all dividends and other distributions declared and paid in respect of the Shares held by each Participant (the *Dividends*), including Dividends paid with respect to any full or fractional Shares acquired under the DRP, to the purchase of the Shares for such Participants directly, if permitted under state securities laws and, if not, through the Dealer Manager or Soliciting Dealers registered in the Participant's state of residence.

2. *Effective Date.* The effective date of this Amended and Restated Dividend Reinvestment Plan (the *DRP*) shall be the date that the Second Offering becomes effective with the Securities and Exchange Commission (the *Commission*).

3. *Procedure for Participation.* Any Shareholder who purchased Shares pursuant to the Initial Offering, the Second Offering or any Future Offering and who has received a prospectus, as contained in the Company's registration statement filed with the Commission, may elect to become a Participant by completing and executing the Subscription Agreement, an enrollment form or any other appropriate authorization form as may be available from the Company, the Dealer Manager or Soliciting Dealer. Participation in the DRP will begin with the next Dividend payable after receipt of a Participant's subscription, enrollment or authorization. Shares will be purchased under the DRP on the date that Dividends are paid by the Company. Dividends of the Company are currently paid quarterly. Each Participant agrees that if, at any time prior to the listing of the Shares on a national stock exchange or inclusion of the Shares for quotation on the National Association of Securities Dealers, Inc. Automated Quotation System (*Nasdaq*), he or she fails to meet the suitability requirements for making an investment in the Company or cannot make the other representations or warranties set forth in the Subscription Agreement, he or she will promptly so notify the Company in writing.

4. *Purchase of Shares.* Participants will acquire DRP Shares from the Company at a fixed price of \$10 per Share until (i) all 2,200,000 of the DRP Shares registered in the Second Offering are issued or (ii) the Second Offering terminates and the Company elects to deregister with the Commission the unsold DRP Shares. Participants in the DRP may also purchase fractional Shares so that 100% of the Dividends will be used to acquire Shares. However, a Participant will not be able to acquire DRP Shares to the extent that any such purchase would cause such Participant to exceed the Ownership Limit as set forth in the Articles.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Shares to be distributed by the Company in connection with the DRP may (but are not required to) be supplied from: (a) the DRP Shares which will be registered with the Commission in connection with the Company's Second Offering, (b) Shares to be registered with the Commission in a Future Offering for use in the DRP (a Future Registration), or (c) Shares of the Company's common stock purchased by the Company for the DRP in a secondary market (if available) or on a stock exchange or Nasdaq (if listed) (collectively, the Secondary Market).

B-1

Table of Contents

Shares purchased on the Secondary Market as set forth in (c) above will be purchased at the then-prevailing market price, which price will be utilized for purposes of purchases of Shares in the DRP. Shares acquired by the Company on the Secondary Market or registered in a Future Registration for use in the DRP may be at prices lower or higher than the \$10 per Share price which will be paid for the DRP Shares pursuant to the Initial Offering and the Second Offering.

If the Company acquires Shares in the Secondary Market for use in the DRP, the Company shall use reasonable efforts to acquire Shares for use in the DRP at the lowest price then reasonably available. However, the Company does not in any respect guarantee or warrant that the Shares so acquired and purchased by the Participant in the DRP will be at the lowest possible price. Further, irrespective of the Company's ability to acquire Shares in the Secondary Market or to complete a Future Registration for shares to be used in the DRP, the Company is in no way obligated to do either, in its sole discretion.

It is understood that reinvestment of Dividends does not relieve a Participant of any income tax liability which may be payable on the Dividends.

5. *Share Certificates.* The ownership of the Shares purchased through the DRP will be in book-entry form only until the Company begins to issue certificates for its outstanding common stock.

6. *Reports.* Within 90 days after the end of the Company's fiscal year, the Company shall provide each Shareholder with an individualized report on his or her investment, including the purchase date(s), purchase price and number of Shares owned, as well as the dates of Dividend distributions and amounts of Dividends paid during the prior fiscal year. In addition, the Company shall provide to each Participant an individualized quarterly report at the time of each Dividend payment showing the number of Shares owned prior to the current Dividend, the amount of the current Dividend and the number of Shares owned after the current Dividend.

7. *Commissions and Other Charges.* In connection with Shares sold pursuant to the DRP, the Company will pay selling commissions of 7%; a dealer manager fee of 2.5%; and, in the event that proceeds from the sale of DRP Shares are used to acquire properties, acquisition and advisory fees and expenses of 3.5%, of the purchase price of the DRP Shares.

8. *Termination by Participant.* A Participant may terminate participation in the DRP at any time, without penalty by delivering to the Company a written notice. Prior to listing of the Shares on a national stock exchange or Nasdaq, any transfer of Shares by a Participant to a non-Participant will terminate participation in the DRP with respect to the transferred Shares. If a Participant terminates DRP participation, the Company will ensure that the terminating Participant's account will reflect the whole number of shares in his or her account and provide a check for the cash value of any fractional share in such account. Upon termination of DRP participation, Dividends will be distributed to the Shareholder in cash.

9. *Amendment or Termination of DRP by the Company.* The Board of Directors of the Company may by majority vote (including a majority of the Independent Directors) amend or terminate the DRP for any reason upon 10 days' written notice to the Participants.

10. *Liability of the Company.* The Company shall not be liable for any act done in good faith, or for any good faith omission to act, including, without limitation, any claims or liability; (a) arising out of failure to terminate a Participant's account upon such Participant's death prior to receipt of notice in writing of such death; and (b) with respect to the time and the prices at which Shares are purchased or sold for a Participant's account. To the extent that indemnification may apply to liabilities arising under the Securities Act of 1933, as amended, or the securities act of a

sate, the Company has been advised that, in the opinion of the Commission and certain state securities commissioners, such indemnification is contrary to public policy and, therefore, unenforceable.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

SUPPLEMENT NO. 1 DATED AUGUST 14, 2002 TO THE PROSPECTUS

DATED JULY 26, 2002

This document supplements, and should be read in conjunction with, the prospectus of Wells Real Estate Investment Trust, Inc. dated July 26, 2002. When we refer to the prospectus in this supplement, we are also referring to any and all supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) Status of the offering of shares in Wells Real Estate Investment Trust, Inc. (Wells REIT);
- (2) Revisions to the Description of Properties section of the prospectus to describe the following real property acquisitions:
 - (A) Acquisition of a two-story office building in San Antonio, Texas (PacifiCare San Antonio Building);
 - (B) Acquisition of a 4.2 acre tract of land in Houston, Texas (Kerr-McGee Property);
 - (C) Acquisition of two adjacent one-story distribution facility buildings in Duncan, South Carolina (BMG Greenville Buildings); and
 - (D) Acquisition of a one-story office building in Suwanee, Georgia (Kraft Atlanta Building);
- (3) Revisions to the Management's Discussion and Analysis of Financial Condition and Results of Operations section of the prospectus;
- (4) Unaudited Financial Statements of the Wells REIT for the quarter ended June 30, 2002; and
- (5) Unaudited pro forma financial statements of the Wells REIT reflecting the acquisitions of the PacifiCare San Antonio Building, the Kerr-McGee Property, the BMG Greenville Buildings and the Kraft Atlanta Building.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132,181,919 in gross offering proceeds from the sale of 13,218,192 shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175,229,193 in gross offering proceeds from the sale of 17,522,919 shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

received approximately \$1,292,032,232 in gross offering proceeds from the sale of 129,203,223 shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of August 10, 2002, we had received gross proceeds of approximately \$46,430,189 from the sale of approximately 4,643,019 shares in our fourth public

offering. Accordingly, as of August 10, 2002, we had received aggregate gross offering proceeds of approximately \$1,645,873,533 from the sale of approximately 164,587,353 shares in all of our public offerings. After payment of \$57,110,749 in acquisition and advisory fees and acquisition expenses, payment of \$183,457,253 in selling commissions and organization and offering expenses, and common stock redemptions of \$14,137,852 pursuant to our share redemption program, as of August 10, 2002, we had raised aggregate net offering proceeds available for investment in properties of \$1,391,167,679, out of which \$968,778,340 had been invested in real estate properties, and \$422,389,339 remained available for investment in real estate properties.

Description of Properties

As of August 10, 2002, we had purchased interests in 57 real estate properties located in 19 states, each of which was 100% leased to tenants. Below are the descriptions of our recent real property acquisitions through August 10, 2002.

The PacifiCare San Antonio Building

On July 12, 2002, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased a two-story office building containing 142,500 rentable square feet located in San Antonio, Texas (PacifiCare San Antonio Building) for a purchase price of \$14,650,000, plus closing costs. The PacifiCare San Antonio Building was built in 2000 and is located at 6200 Northwest Parkway, San Antonio, Texas.

The PacifiCare San Antonio Building is leased entirely to PacifiCare Health Systems, Inc. (PacifiCare), a corporation whose shares are traded on NASDAQ. PacifiCare is one of the leading health and consumer service companies in the United States. The services PacifiCare provides include health insurance products, pharmacy and medical management, behavioral health services, and dental and vision services. PacifiCare reported a net worth, as of December 31, 2001, of approximately \$2 billion.

The PacifiCare lease commenced in November 2000 and expires in November 2010. The current annual base rent payable under the PacifiCare lease is \$1,471,700. PacifiCare, at its option, has the right to extend the initial term of its lease for one additional five-year period at an annual base rent of \$1,967,925, and two subsequent five-year terms at the then-current market rental rate. In addition, PacifiCare has an expansion option for between approximately 20,000 and 45,000 rentable square feet, which it may exercise prior to the end of the 42nd month of the initial term of the PacifiCare lease.

Kerr-McGee Property

Purchase of the Kerr-McGee Property. On July 29, 2002 Wells OP purchased the Kerr-McGee Property, which is a build-to-suit property located in Houston, Texas, for a purchase price of \$1,738,044, plus closing costs. We commenced construction on a four-story office building containing approximately 100,000 rentable square feet (Kerr-McGee Project) on August 1, 2002. Wells OP obtained a construction loan in the amount of \$13,700,000 from Bank of America, N.A. (BOA) to fund the construction of the Kerr-McGee Project. The loan requires monthly payments of interest only and matures on January 29, 2004. The interest rate on the loan, as of August 6, 2002, was 3.80%. The BOA loan is secured by a first priority mortgage on the Kerr-McGee Property.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Wells OP entered into a development agreement, an architect agreement and a construction agreement to construct the Kerr-McGee Project on the Kerr-McGee Property.

Table of Contents

Development Agreement. Wells OP entered into a development agreement (Development Agreement) with Means-Knaus, LLC, a Texas limited liability company (Developer), as the exclusive development manager to supervise, manage and coordinate the planning, design, construction and completion of the Kerr-McGee Project. As compensation for the services to be rendered by the Developer under the Development Agreement, Wells OP is paying a development fee of \$699,740. The fee is due and payable ratably as the construction and development of the Kerr-McGee Project is completed.

We anticipate that the aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the Kerr-McGee Property and the planning, design, development, construction and completion of the Kerr-McGee Project will total approximately \$15,760,000.

Construction Agreement. Wells OP entered into a design and build construction agreement (Construction Agreement) with Hoar Construction, LLC (Contractor) for the construction of the Kerr-McGee Project. The Construction Agreement provides that Wells OP will pay the Contractor a maximum of \$6,391,255 for the construction of the Kerr-McGee Project that includes all estimated fees and costs. The Contractor will be responsible for all costs of labor, materials, construction equipment and machinery necessary for completion of the Kerr-McGee Project. In addition, the Contractor will be required to secure and pay for any additional building permits which may be necessary for construction of the Kerr-McGee Project.

Kerr-McGee Lease. The Kerr-McGee Property is leased to Kerr-McGee Oil & Gas Corporation, a wholly owned subsidiary of Kerr-McGee Corporation (Kerr-McGee), a Delaware corporation whose shares are publicly traded on the New York Stock Exchange (NYSE). Kerr-McGee, which has guaranteed the Kerr-McGee lease, operates a worldwide business in oil and gas exploration and production, and titanium dioxide pigment production and marketing. It has oil fields in the Gulf of Mexico, the North Sea, the South China Sea, and onshore in the United States, Ecuador, Indonesia and Kazakhstan. Kerr-McGee reported a net worth, as of December 31, 2001, of approximately \$3.1 billion.

The Kerr-McGee lease will commence shortly after completion of the Kerr-McGee Project, which we expect to occur in approximately July 2003. The Kerr-McGee lease will expire 11 years and one month after commencement, or approximately July 31, 2014. Kerr-McGee has the right to extend the initial term of this lease for (1) one additional 20-year period or (2) a combination of five-year terms or ten-year terms totaling not more than 20 years at 95% of the then-current market rental rate. The annual base rent payable for the Kerr-McGee lease beginning on the rent commencement date is expected to be approximately \$1,655,000.

BMG Greenville Buildings

On July 31, 2002, Wells OP purchased two adjacent one-story distribution facility buildings containing 473,398 rentable square feet and 313,380 rentable square feet, respectively, located at 110 & 112 Hidden Lake Circle in Duncan, South Carolina (BMG Greenville Buildings) for a purchase price of \$26,900,000, plus closing costs. The BMG Greenville Buildings were originally built in 1987.

The BMG Greenville Buildings are leased to BMG Direct Marketing, Inc. (BMG Marketing) and BMG Music, respectively. BMG Marketing and BMG Music are wholly owned subsidiaries of Bertelsmann AG (Bertelsmann), a German corporation with its international headquarters in Gütersloh, Germany and its U.S. headquarters in New York, New York. Bertelsmann, a guarantor on both the BMG Marketing lease and the BMG Music lease, operates in the media industry, specializing in a wide range of markets including: television and radio; book publishing; magazines and newspapers; music labels; professional information; print and media services; book and music clubs; and media e-commerce.

Table of Contents

Bertelsmann has operations in approximately 51 countries. Bertelsmann reported a net worth, as of June 30, 2001, of approximately \$8.15 billion.

The BMG Marketing lease commenced in March 1988 and expires in March 2011. The current annual base rent payable under the BMG Marketing lease is \$1,394,156. BMG Marketing, at its option, has the right to extend the initial term of its lease for two additional ten-year periods at 95% of the then-current market rental rate.

The BMG Music lease commenced in December 1987 and expires in March 2011. The current annual base rent payable under the BMG Music lease is \$763,600. BMG Music, at its option, has the right to extend the initial term of its lease for two additional ten-year periods at 95% of the then-current market rental rate.

Kraft Atlanta Building

On August 1, 2002, Wells OP purchased a one-story building containing an aggregate of 87,219 rentable square feet located at 4000 Johns Creek Court in Suwanee, Georgia (Kraft Atlanta Building) for a purchase price of \$11,625,000. The Kraft Atlanta Building was built in 2001.

Kraft Foods North America, Inc. (Kraft) leases 73,264 rentable square feet (84%) of the Kraft Atlanta Building. Kraft, a wholly owned subsidiary of Kraft Foods, Inc., a Virginia corporation whose shares are publicly traded on the NYSE, is one of the largest food and beverage companies in the world with operations in 145 countries.

The Kraft lease commenced in February 2002 and expires in January 2012. The annual base rent payable under the Kraft lease beginning on September 1, 2002 will be \$1,263,804. Kraft, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, Kraft may terminate the Kraft lease (1) at the end of the third lease year, by paying a \$7,000,000 termination fee, or (2) at the end of the seventh lease year, by paying a \$1,845,296 termination fee.

PerkinElmer Instruments, LLC (PerkinElmer) leases the remaining 13,955 rentable square feet (16%) of the Kraft Atlanta Building. PerkinElmer provides analytical solutions for the pharmaceutical, food and beverage, environmental, chemical, and semiconductor industries. PerkinElmer is a wholly owned subsidiary of PerkinElmer, Inc., a Massachusetts corporation whose shares are publicly traded on the NYSE. PerkinElmer, Inc. is a global technology company focusing on life sciences, optoelectronics and analytical instruments. PerkinElmer, Inc. operates in more than 125 countries.

The PerkinElmer lease commenced in December 2001 and expires in November 2016. The current annual base rent payable under the PerkinElmer lease is \$194,672. PerkinElmer, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, PerkinElmer may terminate the PerkinElmer lease at the end of the 10th lease year by paying a \$325,000 termination fee.

Property Management Fees

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our advisor, will be paid management and leasing fees in the amount of 4.5% of gross revenues from the PacifiCare San Antonio Building, the Kerr-McGee Property, the BMG Greenville Buildings, and the Kraft Atlanta Building subject to certain limitations. In addition, Wells Management will receive a one-time initial lease-up fee relating to the leasing of the Kerr-McGee Property equal to the first month's rent estimated to be approximately \$140,000.

Management's Discussion and Analysis of Financial Condition and Results of Operation

The following information should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section beginning on page 101 of the prospectus.

Forward Looking Statements

This section and other sections of the prospectus supplement contain forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of the financial condition of the Wells REIT, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to stockholders in the future and certain other matters. Readers of this supplement should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in the supplement, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, inability to invest in properties that will provide targeted rates of return and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow.

Liquidity and Capital Resources

During the six months ended June 30, 2002, we received aggregate gross offering proceeds of \$618,275,931 from the sale of 61,827,594 shares of our common stock. After payment of \$21,406,085 in acquisition and advisory fees and acquisition expenses, payment of \$65,035,665 in selling commissions and organization and offering expenses, and common stock redemptions of \$6,673,412 pursuant to the our share redemption program, we raised net offering proceeds of \$525,160,769 during the first two quarters of 2002, of which \$344,269,118 remained available for investment in properties at quarter end.

During the six months ended June 30, 2001, we received aggregate gross offering proceeds of \$162,606,610 from the sale of 16,260,661 shares of our common stock. After payment of \$5,642,317 in acquisition and advisory fees and acquisition expenses, payment of \$20,151,132 in selling commissions and organizational and offering expenses, and common stock redemptions of \$1,397,561 pursuant to the our share redemption program, we raised net offering proceeds of \$135,415,600 during the first two quarters of 2001, of which \$3,906,869 was available for investment in properties at quarter end.

The significant increase in our available capital resources is due to significantly increased sales of our common stock during the first half of 2002.

As of June 30, 2002, we owned interests in 52 real estate properties either directly or through its interests in joint ventures. These properties are generating operating cash flow sufficient to cover our operating expenses and pay dividends to stockholders. Dividends declared for the first half of 2002 and the first half of 2001 were approximately \$0.39 and \$0.38 per share, respectively. In June 2002, our Board of Directors declared dividends for the third quarter of 2002 in the amount of approximately \$0.19 per share.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Due primarily to the pace of our property acquisitions, as explained in more detail in the following paragraph, dividends paid in the first half of 2002 in the aggregate amount of \$40,867,110 exceeded our Adjusted Funds From Operations for this period by \$4,813,633.

Table of Contents

We acquire properties that meet our standards of quality both in terms of the real estate and the creditworthiness of the tenants. Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused us to add to our internal procedures for ensuring the creditworthiness of our tenants before any commitment to buy a property is made. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our stockholders. Accordingly, because the marketplace is now placing a higher value on our type of properties and because of the additional time it now takes in the acquisition process for us to assess tenant credit plus our commitment to adhere to purchasing properties with tenants that meet our investment criteria it appears likely that, in the future, we will be required to lower our dividends.

Cash Flows From Operating Activities

Our net cash provided by operating activities was \$33,138,287 and \$16,288,309 for the six months ended June 30, 2002 and 2001, respectively. The increase in net cash provided by operating activities was due primarily to the net income generated by additional properties acquired during 2002 and 2001.

Cash Flows Used In Investing Activities

Our net cash used in investing activities was \$278,447,051 and \$23,768,731 for the six months ended June 30, 2002 and 2001, respectively. The increase in net cash used in investing activities was due primarily to investments in properties and the payment of related deferred project costs, partially offset by distributions received from joint ventures.

Cash Flows From Financing Activities

Our net cash provided by financing activities was \$511,632,371 and \$9,257,047 for the six months ended June 30, 2002 and 2001, respectively. The increase in net cash provided by financing activities was due primarily to the raising of additional capital and the lack of debt payments which were \$138.7 million in the prior year. We raised \$618,275,931 in offering proceeds for the six months ended June 30, 2002, as compared to \$162,606,610 for the same period in 2001. Additionally, we paid dividends totaling \$40.9 million in the first half of 2002 compared to \$13.8 million in the first half of 2001.

Results of Operations

As of June 30, 2002, our real estate properties were 100% leased to tenants. Gross revenues were \$43,832,954 and \$21,560,953 for the six months ended June 30, 2002 and 2001, respectively. Gross revenues for the six months ended June 30, 2002 and 2001 were attributable to rental income, interest income earned on funds held by the Wells REIT prior to the investment in properties, and income earned from joint ventures. The increase in revenues in 2002 was primarily attributable to the purchase of \$259,535,578 in additional properties during 2002 and the purchase of \$227,933,858 in additional properties during the second half of 2001 which were not owned for the full first half of 2001. The purchase of additional properties also resulted in an increase in expenses which totaled \$19,296,812 for the six months ended June 30, 2002, as compared to \$13,246,710 for the six months ended June 30, 2001. Expenses in 2002 and 2001 consisted primarily of depreciation, operating costs, interest expense, management and leasing fees and general and administrative costs. As a result, our net income also

increased from \$8,314,243 for the six months ended June 30, 2001 to \$24,536,142 for the six months ended June 30, 2002.

While earnings of \$0.22 per share remained stable for the six months ended June 30, 2002, compared to the six months ended June 30, 2001, earnings per share for the second quarter decreased from \$0.12 per share for the three months ended June 30, 2001 to \$0.11 per share for the three months ended June 30, 2002, primarily due to a substantial increase in the number of shares outstanding which was not completely matched by a corresponding increase in net income from new property investments.

Funds From Operations

Funds From Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with GAAP excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. We believe that FFO is helpful to investors as a measure of the performance of an equity REIT. However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. Adjusted Funds From Operations (AFFO) is defined as FFO adjusted to exclude the effects of straight-line rent adjustments, deferred loan cost amortization and other non-cash and/or unusual items. Neither FFO nor AFFO represent cash generated from operating activities in accordance with GAAP and should not be considered as alternatives to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions. The following table reflects the calculation of FFO and AFFO for the three and six months ended June 30, 2002 and 2001, respectively:

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases which are intended to protect us from the impact of inflation. These provisions include reimbursement billings for common area maintenance charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance.

Critical Accounting Policies

Our reported results of operations are impacted by management judgments related to application of accounting policies. A discussion of the accounting policies that management considers to be critical, in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain, is included in Footnote 1 to the financial statements of the Wells REIT contained in this supplement.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

AND SUBSIDIARY

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2002

(UNAUDITED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) General

Wells Real Estate Investment Trust, Inc. (the Company) is a Maryland corporation formed on July 3, 1997, which qualifies as a real estate investment trust (REIT). Substantially all of the Company's business is conducted through Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership organized for the purpose of acquiring, developing, owning, operating, improving, leasing, and otherwise managing income producing commercial properties for investment purposes on behalf of the Company. The Company is the sole general partner of Wells OP.

On January 30, 1998, the Company commenced its initial public offering of up to 16,500,000 shares of common stock at \$10 per share pursuant to a Registration Statement on Form S-11 filed under the Securities Act of 1933. The Company commenced active operations on June 5, 1998, upon receiving and accepting subscriptions for 125,000 shares. The Company terminated its initial public offering on December 19, 1999 at which time gross proceeds of approximately \$132,181,919 had been received from the sale of approximately 13,218,192 shares. The Company commenced its second public offering of shares of common stock on December 20, 1999, which was terminated on December 19, 2000 after receipt of gross proceeds of approximately \$175,229,193 from the sale of approximately 17,522,919 shares from the second public offering. The Company commenced its third public offering of the shares of common stock on December 20, 2000. As of June 30, 2002, the Company has received gross proceeds of approximately \$1,148,480,413 from the sale of approximately 114,848,041 shares from its third public offering. Accordingly, as of June 30, 2002, the Company has received aggregate gross offering proceeds of approximately \$1,455,891,526 from the sale of 145,589,153 shares of its common stock to investors. (c) Critical Accounting Policies

The Company's accounting policies have been established in accordance with accounting principles generally accepted in the United States (GAAP). The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions.

Table of Contents

These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of our financial statements. Below is a discussion of the accounting policies that we consider to be critical in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain.

Revenue Recognition

The Company recognizes rental income generated from all leases on real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, on a straight-line basis over the terms of the respective leases. If a tenant was to encounter financial difficulties in future periods, the amount recorded as a receivable may not be realized.

Operating Cost Reimbursements

The Company generally bills tenants for operating cost reimbursements, either directly or through investments in joint ventures, on a monthly basis at amounts estimated largely based on actual prior period activity, the current year budget and the respective lease terms. Such billings are generally adjusted on an annual basis to reflect reimbursements owed to the landlord based on the actual costs incurred during the period and the respective lease terms. Financial difficulties encountered by tenants may result in receivables not being realized.

Real Estate

Management continually monitors events and changes in circumstances indicating that the carrying amounts of the real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When such events or changes in circumstances are present, management assesses the potential impairment by comparing the fair market value of the asset, estimated at an amount equal to the future undiscounted operating cash flows expected to be generated from tenants over the life of the asset and from its eventual disposition, to the carrying value of the asset. In the event that the carrying amount exceeds the estimated fair market value, the Company would recognize an impairment loss in the amount required to adjust the carrying amount of the asset to its estimated fair market value. Neither the Company nor its joint ventures have recognized impairment losses on real estate assets in 2002 or 2001.

Deferred Project Costs

The Company records acquisition and advisory fees and acquisition expenses payable to Wells Capital, Inc. (the Advisor) by capitalizing deferred project costs and reimbursing the Advisor in an amount equal to 3.5% of cumulative capital raised to date. As the Company invests its capital proceeds, deferred project costs are applied to real estate assets, either directly or through contributions to joint ventures, and depreciated over the useful lives of the respective real estate assets. Acquisition and advisory fees and acquisition expenses paid as of June 30, 2002, amounted to \$50,528,371 and represented approximately 3.5% of capital contributions received. These fees are allocated to specific properties as they are purchased or developed and are included in capitalized assets of the joint venture, or real estate assets. Deferred project costs at June 30, 2002 and December 31, 2001, represent fees paid, but not yet applied to properties.

Deferred Offering Costs

The Advisor expects to continue to fund 100% of the organization and offering costs and recognize related expenses, to the extent that such costs exceed 3% of cumulative capital raised, on behalf of the Company. Organization and offering costs include items such as legal and accounting fees, marketing and promotional costs, and printing costs, and specifically exclude sales costs and underwriting commissions. The Company records offering costs by accruing deferred offering costs, with an offsetting liability included in due to affiliates, at an amount equal to the lesser of 3% of cumulative capital raised to date or actual costs incurred from third-parties less reimbursements paid to the Advisor. As the actual equity is raised, the Company reverses the deferred offering costs accrual and recognizes a charge to stockholders' equity upon reimbursing the Advisor. As of June 30, 2002, the

Table of Contents

Advisor had paid organization and offering expenses on behalf of the Company in an aggregate amount of \$27,886,146, of which the Advisor had been reimbursed \$25,572,034, which did not exceed the 3% limitation. Deferred offering costs in the accompanying balance sheet represent costs incurred by the Advisor which will be reimbursed by the Company.

(d) Distribution Policy

The Company will make distributions each taxable year (not including a return of capital for federal income tax purposes) equal to at least 90% of its real estate investment trusts' taxable income. The Company intends to make regular quarterly distributions to stockholders. Distributions will be made to those stockholders who are stockholders as of the record date selected by the Directors. The Company currently calculates quarterly dividends based on the daily record and dividend declaration dates; thus, stockholders are entitled to receive dividends immediately upon the purchase of shares.

Dividends to be distributed to the stockholders are determined by the Board of Directors and are dependent on a number of factors related to the Company, including funds available for payment of dividends, financial condition, capital expenditure requirements and annual distribution requirements in order to maintain the Company's status as a REIT under the Code. Operating cash flows are expected to increase as additional properties are added to the Company's investment portfolio.

(e) Income Taxes

The Company has made an election under Section 856 (C) of the Internal Revenue Code of 1986, as amended (the "Code"), to be taxed as a Real Estate Investment Trust ("REIT") under the Code beginning with its taxable year ended December 31, 1998. As a REIT for federal income tax purposes, the Company generally will not be subject to federal income tax on income that it distributes to its shareholders. If the Company fails to qualify as a REIT in any taxable year, it will then be subject to federal income tax on its taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year during which qualification is lost. Such an event could materially adversely affect the Company's net income and net cash available to distribute to shareholders. However, the Company believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner so that the Company will remain qualified as a REIT for federal income tax purposes.

(f) Employees

The Company has no direct employees. The employees of the Advisor and Wells Management Company, Inc. (Wells Management), an affiliate of the Company and the Advisor, perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for the Company. The Company has reimbursed the Advisor and Wells Management for allocated salaries, wages and other payroll related costs totaling \$683,535 and \$254,000 for the six months ended June 30, 2002 and 2001, respectively and \$366,380 and \$163,725 for the three months ended June 30, 2002 and 2001, respectively.

(g) Insurance

Wells Management Company, Inc., an affiliate of the Company and the Advisor, carries comprehensive liability and extended coverage with respect to all the properties owned directly or indirectly by the Company. In the opinion of management, the properties are adequately insured.

(h) Competition

The Company will experience competition for tenants from owners and managers of competing projects, which may include its affiliates. As a result, the Company may be required to provide free rent, reduced charges for tenant improvements and other inducements, all of which may have an adverse impact on results of operations. At the time the Company elects to dispose of its properties, the Company will also be in competition with sellers of similar properties to locate suitable purchasers for its properties.

Table of Contents

(i) Statement of Cash Flows

For the purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents include cash and short-term investments.

(j) Basis of Presentation

Substantially all of the Company's business is conducted through Wells OP. On December 31, 1997, Wells OP issued 20,000 limited partner units to the Advisor in exchange for a capital contribution of \$200,000. The Company is the sole general partner in Wells OP; consequently, the accompanying consolidated balance sheet of the Company includes the amounts of the Company and Wells OP. The Advisor, a limited partner, is not currently receiving distributions from its investment in Wells OP.

The consolidated financial statements of the Company have been prepared in accordance with instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. These quarterly statements have not been examined by independent accountants, but in the opinion of the Board of Directors, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary to present a fair presentation of the results for such periods. Results for interim periods are not necessarily indicative of full year results. For further information, refer to the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2001.

2 INVESTMENT IN JOINT VENTURES

(a) Basis of Presentation

As of June 30, 2002, the Company owned interests in 17 properties in joint ventures with related entities through its ownership in Wells OP, which owns interests in seven such joint ventures. The Company does not have control over the operations of these joint ventures; however, it does exercise significant influence. Accordingly, investment in joint ventures is recorded using the equity method.

(b) Summary of Operations

The following information summarizes the operations of the unconsolidated joint ventures in which the Company, through Wells OP, had ownership interests as of June 30, 2002 and 2001, respectively. There were no additional investments in joint ventures made by the Company during the three months and six months ended June 30, 2002.

3. INVESTMENTS IN REAL ESTATE

As of June 30, 2002, the Company, through its ownership in Wells OP, owns 35 properties directly. The following describes acquisitions made directly by Wells OP during the three months ended June 30, 2002.

The Travelers Express Denver Building

On April 10, 2002, Wells OP purchased the Travelers Express Denver Building, a one-story office building containing 68,165 rentable square feet located in Lakewood, Jefferson County, Colorado for a purchase price of \$10,395,845, excluding closing costs. Travelers Express Building is 100% leased to Travelers Express Company, Inc. ("Travelers Express"). The Travelers Express lease is a net lease that commenced in April 2002 and expires in March 2012. The current annual base rent payable under the Travelers Express lease is \$1,012,250. Travelers Express, at its option, has the right to extend the initial term of its lease for two additional five-year terms. Base rent for the first renewal term shall be \$19.00 per square foot for years 1-3 and \$20.50 per square foot for years 4-5. The base rent for the second renewal term shall be at the then-current market rental rate.

The Agilent Atlanta Building

On April 18, 2002, Wells OP purchased the Agilent Atlanta Building, a two-story office building containing 101,207 rentable square feet located in Alpharetta, Fulton County, Georgia for a purchase price of \$15,100,000, excluding closing costs. The Agilent Atlanta Building is leased to Agilent Technologies, Inc. ("Agilent") and Koninklijke Philips Electronics N.V. ("Philips").

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The Agilent lease is a net lease that covers approximately 66,811 square feet commencing in September 2001 and expiring in September 2011. The initial annual base rent payable under the Agilent lease is \$1,344,905. Agilent, at its option, has the right to extend the initial term of its lease for either (1) one additional three-year period, or (2) one additional five-year period, at the then-current market rental rate. In addition, Agilent may terminate the lease at the end of the seventh lease year by paying a \$763,650 termination fee.

improvement costs to the building. The note receivable will be fully amortized over the remaining lease term, which expires September 2007, at 11% interest with TRW making monthly loan payments of \$107,966.

5. NOTES PAYABLE

Wells OP has established four secured lines of credit with SouthTrust Bank totaling \$72,140,000 which are secured by first priority mortgages against the Cinemark, ASML, Dial, PwC, Motorola Tempe, Alstom Power Richmond and Avnet Buildings. Notes payable at June 30, 2002 consists of (i) \$7,655,600 of draws on a \$7,900,000 line of credit from SouthTrust Bank secured by a first mortgage on the Alstom Power Richmond Building and (ii) \$8,002,541 outstanding on the construction loan from Bank of America, N.A.(Bank of America) which is being used to fund the development of the Nissan Property.

6. INTEREST RATE SWAP

Wells OP entered into an interest rate swap agreement with Bank of America in an attempt to hedge its interest rate exposure on the Bank of America construction loan for the Nissan Property. The interest rate swap became effective January 15, 2002 and terminates on June 15, 2003, the maturity date of the construction loan. The notional amount of the interest rate swap is the balance outstanding on the construction loan on the payment date, which is the fifteenth of each month. The interest rate swap agreement involves the exchange of amounts based on a fixed interest rate for amounts based on a variable interest rate over the life of the loan agreement without an exchange of the notional amount upon which the payments are based. Wells OP, as the fixed rate payer, has an interest rate of 5.9%. Bank of America, the variable rate payer, pays at a rate equal to U.S. dollar LIBOR on the payment date. During the six months ended June 30, 2002, Wells OP made interest payments totaling approximately \$23,100 under the terms of the interest rate swap. At June 30, 2002, the estimated fair value of the interest rate swap was (\$289,379).

On January 1, 2001, the Company adopted SFAS No. 133, as amended by SFAS No. 137 and No. 138 Accounting for Derivative Instruments and Hedging Activities. The effect of adopting the SFAS No. 133 did not have a material effect on the Company's consolidated financial statements.

7. DUE TO AFFILIATES

Due to affiliates consists of amounts due to the Advisor for acquisitions and advisory fees and acquisition expenses, deferred offering costs, and other operating expenses paid on behalf of the Company. Also included in due to affiliates is the amount due to the Fund VIII-IX Joint Venture related to the Matsushita lease guarantee, which is explained in greater detail in the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2001. Payments of \$601,963 have been made as of June 30, 2002 toward funding the obligation under the Matsushita agreement.

8. COMMITMENTS AND CONTINGENCIES

Take Out Purchase and Escrow Agreement

An affiliate of the Advisor (Wells Exchange) has developed a program (the Wells Section 1031 Program) involving the acquisition by Wells Exchange of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are looking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Code. Each of these properties will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Table of Contents

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to pay off the interim financing. In consideration for the payment of a take out fee to the Company, and following approval of the potential property acquisition by the Company's Board of Directors, it is anticipated that Wells OP will enter into a contractual relationship providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells OP will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period. As a part of the initial transaction in the Wells Section 1031 Program, Wells OP entered into a take out purchase and escrow agreement dated April 16, 2001 providing, among other things, that Wells OP would be obligated to acquire, at Wells Exchange's cost, any unsold co-tenancy interests in the building known as the Ford Motor Credit Complex which remained unsold at the expiration of the offering of Wells Exchange, which was extended to April 15, 2002. Wells OP was compensated for its takeout commitment in the amount of \$137,500 in 2001 and \$134,102 in 2002. On April 12, 2002, Wells Exchange paid off the interim financing on the Ford Motor Credit Complex. Pay off of the loan triggered the release of Wells OP from its prior obligations under the take out purchase and escrow agreement relating to such property.

9. SUBSEQUENT EVENTS

The ISS Atlanta Buildings

On July 1, 2002, Wells OP purchased two five-story buildings containing a total of 238,600 rentable square feet located in Atlanta, Georgia for a purchase price of \$40,500,000, excluding closing costs. The ISS Atlanta Buildings were acquired by assigning to Wells OP an existing ground lease with the Development Authority of Fulton County ("Development Authority"). Fee simple title to the land upon which the ISS Atlanta Buildings are located is held by the Development Authority, which issued Development Authority of Fulton County Taxable Revenue Bonds ("Bonds") totaling \$32,500,000 in connection with the construction of these buildings. The Bonds, which entitle Wells OP to certain real property tax abatement benefits, were also assigned to Wells OP at the closing. Fee title interest to the land will be transferred to Wells OP upon payment of the outstanding balance on the Bonds, either by prepayment by Wells OP or at the expiration of the ground lease on December 1, 2015.

The entire rentable area of the ISS Atlanta Buildings is leased to Internet Security Systems, Inc., a Georgia corporation ("ISS"). The ISS Atlanta lease is a net lease that commenced in November 2000 and expires in May 2013. The current annual base rent payable under the ISS Atlanta lease is \$4,623,445. ISS, at its option, has the right to extend the initial term of its lease for three additional five-year periods at 95% of the then-current market rental rate.

The PacifiCare San Antonio Building

On July 12, 2002, Wells OP purchased the PacifiCare San Antonio Building, a two-story office building containing 142,500 rentable square feet located in San Antonio, Texas for a purchase price of \$14,650,000, excluding closing costs. The PacifiCare San Antonio Building is 100% leased to PacifiCare Health Systems, Inc. ("PacifiCare"). The PacifiCare lease is a net lease that commenced on November 20, 2000 and expires on November 30, 2010. The current annual base rent payable under the PacifiCare lease is \$1,471,700. PacifiCare, at its option, has the right to extend the initial term of its lease for three additional five-year periods. Monthly base rent for the first renewal term will be \$163,994 and monthly base rent for the second and third renewal terms will be the then-current market rental rate.

The Kerr McGee Property

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

On July 29, 2002, Wells OP purchased the Kerr McGee Property, a 4.2-acre tract of land located in Houston, Harris County, Texas for a purchase price of \$1,738,044, excluding closing costs. Wells OP has entered into agreements to construct a four-story office building containing approximately 100,000 rentable square feet (the Kerr McGee Project) on the Kerr McGee Property. It is currently anticipated that the aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the Kerr McGee Property and the planning, design, development, construction and completion of the Kerr McGee Project will total approximately \$15,760,000.

Table of Contents

The entire 100,000 rentable square feet of the Kerr McGee Project will be leased to Kerr McGee Oil & Gas Corporation (Kerr McGee), a wholly owned subsidiary of Kerr McGee Corporation. The initial term of the Kerr McGee lease will extend 11 years and 1 month beyond the rent commencement date. Construction on the building is scheduled to be completed by July 2003. The rent commencement date will occur no later than July 1, 2003. Kerr McGee has the right to extend the initial term of this lease for one additional period of twenty years or the option to extend the initial term for any combination of additional periods of ten years or five years for a total additional period of not more than twenty years. The base rental rate will be 95% of the existing market rate. The initial annual base rent payable under the Kerr McGee lease will be calculated as 10.5% of project costs.

Wells OP obtained a construction loan in the amount of \$13,700,000 from Bank of America to fund the construction of a building on the Kerr McGee Property. The loan requires monthly payments of interest only and matures on January 29, 2004. The interest rate on the loan as of August 6, 2002 was 3.80%. The Bank of America loan is secured by a first priority mortgage on the Kerr McGee Property.

The BMG Greenville Building

On July 31, 2002, Wells OP purchased the BMG Greenville Buildings, two one-story office buildings containing 786,778 rentable square feet located in Duncan, Spartanburg County, South Carolina for a purchase price of \$26,900,000, excluding closing costs. The BMG Greenville Buildings are leased to BMG Direct Marketing, Inc. (BMG Marketing) and BMG Music (BMG Music).

The BMG Marketing lease is a net lease that covers approximately 473,398 square feet commencing in March 1988 and expiring in March 2011. The initial annual base rent payable under the BMG Marketing lease is \$1,394,156. BMG Marketing, at its option, has the right to extend the initial term of its lease for two consecutive ten-year periods at 95% of the then-current market rental rate.

The BMG Music lease is a net lease that covers approximately 313,380 rentable square feet commencing in December 1987 and expiring in March 2011. The current annual base rent payable under the BMG Music lease is \$763,600. BMG Music, at its option, has the right to extend the initial term of its lease for two consecutive ten-year periods at 95% of the then-current market rental rate.

The Kraft Atlanta Building

On August 1, 2002, Wells OP purchased the Kraft Atlanta Building, a one-story office building containing 87,219 rentable square feet located in Suwanee, Forsyth County, Georgia for a purchase price of \$11,625,000, excluding closing costs. The Kraft Atlanta Building is leased to Kraft Foods North America, Inc. (Kraft) and PerkinElmer Instruments, LLC (PerkinElmer).

The Kraft lease is a net lease that covers approximately 73,264 square feet commencing in February 2002 and expiring in January 2012. The initial annual base rent payable under the Kraft lease is \$1,263,804. Kraft, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, Kraft may terminate the lease (1) at the end of the third year by paying a \$7,000,000 termination fee, or (2) at the end of the seventh lease year by paying a \$1,845,296 termination fee.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The PerkinElmer lease is a net lease that covers approximately 13,955 rentable square feet commencing in December 2001 and expiring in November 2016. The current annual base rent payable under the PerkinElmer lease is \$194,672. PerkinElmer, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, PerkinElmer may terminate the lease at the end of the tenth lease year by paying a \$325,000 termination fee.

SUPPLEMENT NO. 2 DATED AUGUST 29, 2002 TO THE PROSPECTUS

DATED JULY 26, 2002

This document supplements, and should be read in conjunction with, the prospectus of Wells Real Estate Investment Trust, Inc. dated July 26, 2002, as supplemented and amended by Supplement No. 1 dated August 14, 2002. When we refer to the prospectus in this supplement, we are also referring to any and all supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) Status of the offering of shares in Wells Real Estate Investment Trust, Inc. (Wells REIT);
- (2) The declaration of dividends for the fourth quarter of 2002;
- (3) Revisions to the Description of Real Estate Investments section of the prospectus to describe the following real property matters:
 - (A) Acquisition of three office buildings in Irving, Texas (Nokia Dallas Buildings);
 - (B) Acquisition of a seven-story office building in Austin, Texas (Harcourt Austin Building); and
 - (C) Execution of a lease with AmeriCredit Financial Services in connection with a build-to-suit three-story office building in Chandler, Arizona (AmeriCredit Arizona Building);
- (4) Revisions to the Management's Discussion and Analysis of Financial Condition and Results of Operations section of the prospectus; and
- (5) Unaudited pro forma financial statements of the Wells REIT reflecting the acquisition of the Nokia Dallas Buildings.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132,181,919 in gross offering proceeds from the sale of 13,218,192 shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175,229,193 in gross offering proceeds from the sale of 17,522,919 shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1,292,032,232 in gross offering proceeds from the sale of 129,203,223 shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of August 25, 2002, we had received additional gross proceeds of approximately \$84,871,857 from the sale of approximately 8,487,186 shares in our fourth public offering.

Table of Contents

Dividends

As we described in Supplement No. 1 to the prospectus, we acquire properties that meet our standards of quality both in terms of the real estate and the creditworthiness of the tenants. Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused us to add to our internal procedures for ensuring the creditworthiness of our tenants before any commitment to buy a property is made. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our stockholders. Accordingly, because the marketplace is now placing a higher value on our type of properties and because of the additional time it now takes in the acquisition process for us to assess tenant credit plus our commitment to adhere to purchasing properties with tenants that meet our investment criteria we were required to lower our dividend yield to investors.

As a result of the factors described in the preceding paragraph, on August 29, 2002, our board of directors declared dividends for the fourth quarter of 2002 in an amount equal to a 7.0% annualized percentage rate return on an investment of \$10 per share to be paid in December 2002. Our fourth quarter dividends are calculated on a daily record basis of \$0.001923 (0.1923 cents) per day per share on the outstanding shares of common stock payable to stockholders of record of such shares as shown on the books of the Wells REIT at the close of business on each day during the period, commencing on September 16, 2002, and continuing on each day thereafter through and including December 15, 2002.

Description of Properties

As of August 25, 2002, we had purchased interests in 59 real estate properties located in 19 states, each of which was 100% leased to tenants. Below are the descriptions of our recent real property acquisitions through August 25, 2002.

Nokia Dallas Buildings

On August 15, 2002, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased three adjacent office buildings containing an aggregate of 604,234 rentable square feet located in Irving, Texas for an aggregate purchase price of \$119,550,000, plus closing costs (Nokia Dallas Buildings). The Nokia Dallas Buildings consist of (1) a nine-story office building located at 6031 Connection Drive (Nokia I Building), (2) a seven-story office building located at 6021 Connection Drive (Nokia II Building), and (3) a six-story office building located at 6011 Connection Drive (Nokia III Building). The Nokia I Building and Nokia III Building were built in 1999, and the Nokia II Building was built in 2000.

The Nokia Dallas Buildings are all leased entirely to Nokia, Inc., the U.S. operating subsidiary of Nokia Corporation (Nokia), under long-term net leases (i.e., operating costs and maintenance costs are paid by the tenant) for periods of 10 years, with approximately seven to eight years remaining on such leases. Nokia, the guarantor of the Nokia, Inc. leases, is a Finnish corporation whose shares are traded on the New York Stock Exchange. Nokia is a mobile communications company that supplies mobile phones and mobile, fixed broadband, and Internet protocol networks. Nokia sells its products in over 130 countries worldwide. Nokia reported a net worth, as of December 31, 2001, of approximately \$12 billion Euros.

Table of Contents

Since the Dallas Nokia Buildings are leased to a single tenant on a long-term basis under net leases that transfer substantially all of the operating costs to the tenant, we believe that financial information about the guarantor of the leases, Nokia, is more relevant to investors than financial statements of the property acquired. Nokia is a public company which currently files its financial statements in reports filed with the Securities and Exchange Commission, and following is summary financial data regarding Nokia taken from its previously filed public reports:

If you would like to review more detailed financial information regarding Nokia, please refer to the financial statements of Nokia, which are publicly available with the Securities and Exchange Commission at <http://www.sec.gov>.

The Nokia I Building is a nine-story building containing 228,678 rentable square feet. The Nokia I Building lease fully commenced in July 1999 and expires in July 2009. The current annual base rent payable under the Nokia I Building lease is \$4,413,485.

The Nokia II Building is a seven-story building containing 223,470 rentable square feet. The Nokia II Building lease commenced in December 2000 and expires in December 2010. The current annual base rent payable under the Nokia II Building lease is \$4,547,614.

The Nokia III Building is a six-story building containing 152,086 rentable square feet. The Nokia III Building lease commenced in June 1999 and expires in July 2009. The current annual base rent payable under the Nokia III Building lease is \$3,024,990.

Nokia, Inc. has a right of first offer on the future sale of each of the Nokia Dallas Buildings.

Harcourt Austin Building

On August 15, 2002, Wells OP purchased a seven-story office building containing 195,230 rentable square feet located in Austin, Texas (Harcourt Austin Building) for a purchase price of \$39,000,000, plus closing costs. The Harcourt Austin Building was built in 2001 and is located at 10801 North Mopac Expressway, Austin, Texas.

The Harcourt Austin Building is leased entirely to Harcourt, Inc., a wholly owned subsidiary of Harcourt General, Inc. (Harcourt General), the guarantor of the Harcourt lease. Harcourt General is a Delaware corporation having its corporate headquarters in Newton, Massachusetts. Harcourt General is a worldwide education company that provides books, print, and electronic learning materials, assessments, and professional development programs to students and teachers in pre-kindergarten through 12th grade. Harcourt General was acquired in July 2001, by, and became a wholly owned subsidiary of, Reed Elsevier PLC, a privately held company.

The Harcourt lease commenced in July 2001 and expires in June 2016. The current annual base rent payable under the Harcourt lease is \$3,353,040.

Lease of AmeriCredit Arizona Building

On August 9, 2002, Wells OP entered into a 10-year lease with AmeriCredit Financial Services, Inc. (AmeriCredit) for a build-to-suit property on a 14-acre tract of land located in Chandler, Arizona (AmeriCredit Arizona Property). Wells OP expects to enter into a definitive agreement to acquire the AmeriCredit Arizona Property in the near future.

AmeriCredit is wholly-owned by, and serves as the primary operating subsidiary for, AmeriCredit Corp., a Texas corporation whose common stock is publicly traded on the NYSE. AmeriCredit Corp. is the guarantor of the lease. AmeriCredit is the world's largest independent middle-market automobile finance company. AmeriCredit purchases loans made by franchised and select independent dealers to consumers buying late model used and, to a lesser extent, new automobiles. AmeriCredit Corp. reported a net worth, as of December 31, 2001, of approximately \$1.2 billion.

The AmeriCredit Arizona lease will commence shortly after completion of construction of a three-story office building containing approximately 153,494 rentable square feet on the AmeriCredit Arizona Property, which we expect to occur in approximately March 2003 at a total estimated cost of \$24,700,000. The AmeriCredit Arizona lease expires 10 years and four months after lease commencement. AmeriCredit has the right to extend the initial term of this lease for two additional five-year terms at 95% of the then-current market rental rate. In addition, AmeriCredit may terminate the AmeriCredit Arizona lease at the end of the 88th month by paying a \$2,512,697 termination fee.

As an inducement for Wells OP to enter into the AmeriCredit Arizona lease, AmeriCredit has prepaid to Wells OP the first three years of base rent on the AmeriCredit Arizona Building at a discounted amount equal to \$4,827,945 rather than the amount of base rent that would otherwise have been payable ratably over the first three years of the lease term. Wells OP will be required to repay this prepaid rent or some portion thereof under certain circumstances described in the AmeriCredit Arizona lease such as failure of Wells OP to substantially complete construction of the building in accordance with specifications by August 1, 2003, damage or destruction of the building, eminent domain taking of the property and failure of Wells OP to make required repairs to the building. Wells OP has obtained and delivered an irrevocable stand-by letter of credit from Bank of America, N.A. to AmeriCredit in the amount of the prepaid rent to secure Wells OP's obligation to repay the prepaid rent under these conditions.

Property Management Fees

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our advisor, will be paid management and leasing fees in the amount of 4.5% of gross revenues from the Nokia Dallas Buildings, the Harcourt Austin Building and the AmeriCredit Arizona Building, subject to certain limitations. In addition, Wells Management will receive a one-time initial lease-up fee relating to the leasing of the AmeriCredit Arizona Building equal to one month's rent estimated to be approximately \$207,000.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section beginning on page 101 of the prospectus, as supplemented by Supplement No. 1 dated August 14, 2002.

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132,181,919 in gross offering proceeds from the sale of 13,218,192 shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175,229,193 in gross offering proceeds from the sale of 17,522,919 shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1,292,032,232 in gross offering proceeds from the sale of 129,203,223 shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of August 25, 2002, we had received additional gross proceeds of approximately \$84,871,857 from the sale of approximately 8,487,186 shares in our fourth public offering. Accordingly, as of August 25, 2002, we had received aggregate gross offering proceeds of approximately \$1,684,315,201 from the sale of approximately 168,431,520 shares in all of our public offerings. After payment of \$58,452,949 in acquisition and advisory fees and acquisition expenses, payment of \$187,490,370 in selling commissions and organization and offering expenses, and common stock redemptions of \$14,230,931 pursuant to our share redemption program, as of August 25, 2002, we had raised aggregate net offering proceeds available for investment in properties of \$1,424,140,951, out of which \$1,128,348,590 had been invested in real estate properties, and \$295,792,361 remained available for investment in real estate properties.

Description of Properties

As of October 15, 2002, we had purchased interests in 67 real estate properties located in 22 states. Below are the descriptions of our recent real property acquisitions.

IRS Long Island Buildings

On September 16, 2002, Wells REIT-Holtsville, NY, LLC (REIT-Holtsville), a Georgia limited liability company wholly-owned by Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased a two-story office building (IRS Office Building) and a one-story daycare facility (IRS Daycare Facility) containing an aggregate 259,700 rentable square feet located in Holtsville, New York for a purchase price of \$50,975,000, plus closing costs from HIRS Associates LLC (HIRS). HIRS is not in any way affiliated with the Wells REIT, Wells OP, REIT-Holtsville, or our advisor, Wells Capital, Inc.

The IRS Office Building was built in 2000 and is located at 5000 Corporate Court in Holtsville, New York on a 36.25-acre tract of land. The IRS Daycare Facility was built in 1999 and is located on a 1.87-acre tract of land located at 2 Corporate Drive in Holtsville, New York. The IRS Office Building is located in central Long Island in a campus setting. The property was developed as a flagship campus for the Internal Revenue Service (IRS) and is one of only eight processing and collection facilities in the country.

Approximately 191,050 of the aggregate rentable square feet of the IRS Long Island Buildings (74%) is currently leased to the United States of America (U.S.A.) through the U.S. General Services Administration (GSA) for occupancy by the IRS under three separate lease agreements for the processing & collection division of the IRS (IRS Collection), the compliance division of the IRS (IRS Compliance), and the IRS Daycare Facility. The GSA is a centralized federal procurement and property management agency which acquires office space, equipment, telecommunications, information technology, supplies and services for federal agencies such as the IRS.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

REIT-Holtsville is negotiating for the remaining 26% of the IRS Long Island Buildings to be leased by the U.S.A. on behalf of the IRS or to another suitable tenant. If REIT-Holtsville should lease this space to the U.S.A. or another suitable tenant within 18 months, REIT-Holtsville would owe the seller an additional amount of up to \$14,500,000 as additional purchase price for the IRS Long Island Buildings pursuant to the terms of an earnout agreement entered into between REIT-Holtsville and the seller at the closing.

Table of Contents

All three of the IRS leases are net leases (i.e., operating costs and maintenance costs are paid by the tenant) which include provisions that require the landlord and the property manager to comply with various employment related practices and other various laws typically required by government entities. Although we believe that the Wells REIT, Wells OP and REIT-Holtsville should be deemed exempt from these requirements, if a determination were made that these or other affiliated entities violated these lease provisions, the tenant has the right under each of the IRS leases to terminate the lease or to require compliance by the appropriate entities. REIT-Holtsville, as the landlord, is responsible for maintaining and repairing the roof, structural elements and mechanical systems of the IRS Long Island Buildings.

The IRS Collection lease, which encompasses 128,000 rentable square feet of the IRS Office Building, commenced in August 2000 and expires in August 2005. The current annual base rent payable under the IRS Collection lease is \$5,029,380. The annual base rent payable under the IRS Collection lease for the remaining two years of the initial lease term will be \$2,814,900. The U.S.A., at its option, has the right to extend the initial term of its lease for two additional five-year periods at annual rental rates of \$4,209,869 and \$4,999,219, respectively.

The IRS Compliance lease, which encompasses 50,949 rentable square feet of the IRS Office Building, commenced in December 2001 and expires in December 2011. The annual base rent payable under the IRS Compliance lease for the initial term of the lease is \$1,663,200. The U.S.A., at its option, has the right to extend the initial term of its lease for one additional ten-year period at an annual rental rate of \$2,217,600.

The IRS Daycare Facility lease, which encompasses the entire 12,100 rentable square feet of the IRS Daycare Facility, commenced in October 1999 and expires in September 2004. The annual base rent payable under the IRS Daycare Facility lease for the initial term of the lease is \$486,799. The U.S.A., at its option, has the right to extend the initial term of its lease for two additional five-year periods at an annual rental rate of \$435,600.

AmCap Management Corporation, an affiliate of HIRS, the seller of the property, will serve as the initial property manager of the IRS Long Island Buildings for a period of up to 18 months. AmCap Management Corporation is not in any way affiliated with the Wells REIT, Wells OP, REIT-Holtsville or our advisor. Prior to the expiration of the 18-month term of the property management agreement, REIT-Holtsville will be required to locate and hire a new property manager for the IRS Long Island Buildings.

The AmeriCredit Phoenix Property

On September 12, 2002, Wells OP purchased a 14.74 acre tract of land located in Chandler, Maricopa County, Arizona (AmeriCredit Phoenix Property (formerly referred to as AmeriCredit Arizona Property)) for \$2,632,298, plus closing costs from Price & Germann Roads, L.L.C., an Arizona limited liability company (Price). Price is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

Wells OP has entered into a development agreement and an owner-contractor agreement to construct a three-story office building containing 153,494 rentable square feet (AmeriCredit Phoenix Project) on the AmeriCredit Phoenix Property. Wells OP anticipates that the aggregate of all costs and expenses to be incurred with respect to the acquisition of the AmeriCredit Phoenix Property, and the planning, design, development, construction and completion of the AmeriCredit Phoenix Project will total approximately \$24,700,000.

Development Agreement. Wells OP entered into a Development Agreement (Development Agreement) with ADEVCO Corporation, a Georgia corporation (Developer), as the exclusive development manager to supervise, manage and coordinate the planning, design, construction and completion of the AmeriCredit Phoenix Project. As compensation for the services to be rendered by the Developer under the Development

Agreement, Wells OP will pay a development fee payable ratably (on

Table of Contents

the basis of the percentage of construction completed) as the construction and development of the AmeriCredit Phoenix Project is completed.

Owner-Contractor Agreement. Wells OP entered into an Owner-Contractor Agreement (Construction Agreement) with Bovis Lend Lease, Inc. (Contractor) for the construction of the AmeriCredit Phoenix Project. The Contractor is a worldwide construction company with U.S. headquarters in New York. The Contractor provides services in a variety of sectors in the construction industry, including commercial, residential, industrial, pharmaceutical, sports and leisure, and retail and entertainment. The Contractor began construction in September 2002 of a three-story office building containing approximately 153,494 rentable square feet (AmeriCredit Phoenix Building).

The Construction Agreement provides that Wells OP will pay the Contractor a maximum of \$10,398,274 for the construction of the AmeriCredit Phoenix Project which includes all estimated fees and costs, including the architect fees. The Contractor will be responsible for all costs of labor, materials, construction equipment and machinery necessary for completion of the AmeriCredit Phoenix Project. In addition, the Contractor will be required to secure and pay for any additional business licenses, tap fees and building permits which may be necessary for construction of the AmeriCredit Phoenix Project.

AmeriCredit Phoenix Lease. The AmeriCredit Phoenix Building will be leased entirely to AmeriCredit Financial Services, Inc. (AmeriCredit). AmeriCredit is wholly-owned by, and serves as the primary operating subsidiary for, AmeriCredit Corp., a Texas corporation whose common stock is publicly traded on the New York Stock Exchange (NYSE). AmeriCredit Corp. is the guarantor of the lease. AmeriCredit is the world's largest independent middle-market automobile finance company. AmeriCredit purchases loans made by franchised and select independent dealers to consumers buying late model used and, to a lesser extent, new automobiles. AmeriCredit Corp. reported a net worth, as of December 31, 2001, of approximately \$1.2 billion.

The AmeriCredit Phoenix lease is a net lease (i.e., operating costs and maintenance costs to be paid by the tenant) and will commence shortly after completion of construction of the AmeriCredit Phoenix Building, which we currently expect to occur in approximately March 2003. The AmeriCredit Phoenix lease expires 10 years and four months after lease commencement. AmeriCredit has the right to extend the initial term of this lease for two additional five-year terms at 95% of the then-current market rental rate. In addition, AmeriCredit may terminate the AmeriCredit Phoenix lease at the end of the 88th month by paying a \$2,512,697 termination fee. Wells OP, as the landlord, will be responsible for maintaining the roof, foundation, structural walls, exterior windows, parking lot, driveways, and light poles.

As an inducement for Wells OP to enter into the AmeriCredit Phoenix lease, AmeriCredit has prepaid to Wells OP the first three years of base rent on the AmeriCredit Phoenix Building at a discounted amount equal to \$4,827,945 rather than the amount of base rent that would otherwise have been payable ratably over the first three years of the lease term. Wells OP will be required to repay this prepaid rent or some portion thereof under certain circumstances described in the AmeriCredit Phoenix lease such as failure of Wells OP to substantially complete construction of the building in accordance with specifications by August 1, 2003, damage or destruction of the building, eminent domain taking of the property and failure of Wells OP to make required repairs to the building. Wells OP has obtained and delivered an irrevocable stand-by letter of credit from Bank of America, N.A. to AmeriCredit in the amount of the prepaid rent to secure Wells OP's obligation to repay the prepaid rent under these conditions.

KeyBank Parsippany Building

On September 27, 2002, Wells OP purchased a four-story office building containing 404,515 rentable square feet located on a 19.06 acre tract of land in Parsippany, New Jersey (KeyBank Parsippany Building) for a purchase price of \$101,350,000, plus closing costs from Two Gatehall Associates, L.L.C. (Gatehall) and Asset Preservation, Inc. (Asset). Neither Gatehall nor Asset are in any way affiliated with the Wells REIT, Wells OP or our advisor.

The Key Bank Parsippany Building was completed in 1985 and is located at Two Gatehall Drive in Parsippany, Morris County, New Jersey. The KeyBank Parsippany Building is leased to Key Bank U.S.A., N.A. (KeyBank) and Gemini Technology Services (Gemini).

KeyBank is a national banking association and a wholly-owned subsidiary of KeyCorp, the guarantor on the lease. KeyCorp, whose shares are traded on the NYSE, is a bank-based financial services company that provides investment management, retail and commercial banking, retirement, consumer finance, and investment banking products and services to individuals and companies throughout the United States and internationally. KeyCorp operates approximately 2,300 ATMs across the United States. KeyCorp reported a net worth, as of June 30, 2002, of approximately \$6.6 billion.

The KeyBank lease covers 200,000 rentable square feet (49%) and is a net lease (i.e., operating costs and maintenance costs are paid by the tenant) which commenced in March 2001 and expires in February 2016. The current annual base rent payable under the KeyBank lease is \$3,800,000. KeyBank, at its option, has the right to extend the initial term of its lease for three additional five-year periods at the then-current market rental rate.

Gemini Technology Services is an information technology subsidiary of Deutsch Bank AG (Deutsch Bank). Deutsch Bank provides financial services around the world to individuals and institutional clients and serves more than 12 million customers in 75 countries worldwide.

The Gemini lease covers 204,515 rentable square feet (51%) and is a gross lease (i.e., operating costs and maintenance costs are the responsibility of the landlord) that commenced in December 2000 and expires in December 2013. The current annual base rent payable under the Gemini lease is \$5,726,420. Gemini secured its obligations under the Gemini lease with a \$35,000,000 irrevocable letter of credit, which amount decreases over time during the initial term of the Gemini lease. Gemini, at its option, has the right to extend the initial term of its lease for three additional five-year periods at a rate equal to the greater of (1) the annual rent during the final year of the initial lease term, or (2) 95% of the then-current market rental rate.

Allstate Indianapolis Building

On September 27, 2002, Wells OP purchased a one-story office building containing 89,956 rentable square feet located on a 12.71 acre tract of land in Indianapolis, Indiana (Allstate Indianapolis Building) for a purchase price of \$10,900,000, plus closing costs from Hartsfield Building, LLC (Hartsfield). In addition, at closing, Hartsfield assigned to Wells OP a purchase option agreement for the right to purchase an additional adjacent 2.38 acre tract of land for \$249,000 on or before January 2007. Hartsfield is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The Allstate Indianapolis Building was completed in 2002 and is located at 5757 Decatur Blvd. in Indianapolis, Marion County, Indiana. The Allstate Indianapolis Building is leased to Allstate Insurance Company (Allstate) and Holladay Property Services Midwest, Inc. (Holladay).

Table of Contents

Allstate Corporation, the holding company for Allstate whose shares are traded on the NYSE, provides automobile, homeowner's, and life insurance throughout the United States, as well as numerous investment products, including retirement planning, annuities and mutual funds. Allstate Corporation reported a net worth, as of June 30, 2002, of approximately \$17.2 billion.

The Allstate lease, a gross lease (i.e., operating costs and maintenance costs are paid by the landlord) which covers 84,200 rentable square feet (94%), commenced in March 2002 and expires in August 2012. The current annual base rent payable under the Allstate lease is \$1,246,164. Allstate at its option has the right to (1) terminate the initial term of the Allstate lease at the end of the fifth lease year (August 2007) upon payment of a \$385,000 fee, or (2) reduce its area of occupancy to not less than 20,256 rentable square feet, by providing written notice on or before August 2006. Allstate, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, Allstate has a right of first refusal for the leasing of additional space in the Allstate Indianapolis Building. Wells OP, as the landlord, will be responsible for maintaining the exterior of the building, parking lots, driveways, roof and all structural parts of the building.

Holladay is a property management company that manages the Allstate Indianapolis Building from the site. The Holladay lease, a gross lease (i.e., operating costs and maintenance costs are paid by the landlord) which covers 5,756 rentable square feet (6%), commenced in October 2001 and expires in September 2006. The current annual base rent payable under the Holladay lease is \$74,832.

Federal Express Colorado Springs Building

On September 27, 2002, Wells OP purchased a three-story office building containing 155,808 rentable square feet located on a 28.01 acre tract of land in Colorado Springs, Colorado (Federal Express Colorado Springs Building) for a purchase price of \$26,000,000, plus closing costs from KDC-CO I Investment Limited Partnership (KDC). KDC is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

The Federal Express Colorado Springs Building was completed in 2001 and is located at 350 Spectrum Loop in Colorado Springs, El Paso County, Colorado. The Federal Express Colorado Springs Building is leased entirely to Federal Express Corporation (Federal Express). The Federal Express lease is a net lease (i.e., operating costs and maintenance costs are paid by the tenant) which commenced in July 2001 and expires in October 2016. Federal Express, whose shares are traded on the NYSE, provides transportation, e-commerce and supply chain management services in over 210 countries through its numerous subsidiaries.

Since the Federal Express Colorado Springs Building is leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that financial information about Federal Express is more relevant to investors than financial statements of the property acquired.

Federal Express currently files its financial statements in reports filed with the Securities and Exchange Commission (SEC), and the following summary financial data regarding Federal Express is taken from its previously filed public reports:

Federal Express, at its option, has the right to extend the initial term of its lease for four additional five-year periods at 90% of the then-current market rental rate. In addition, Federal Express has an expansion option under its lease pursuant to which Wells OP would be required to construct an additional office building. Wells OP has agreed to allow Koll Development Company, LLC (Koll Development), an affiliate of the seller of the property, to develop such expansion provided that Wells OP shall have the right of first refusal to purchase such expansion property within three years after completion. Koll Development is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

Wells OP, as the landlord, will be responsible for maintaining the roof, foundation, exterior walls, structural components of the parking areas, drives and sidewalks and the underground utilities of the Federal Express Colorado Springs Building. In addition, Wells OP is responsible for the capital replacements of the mechanical and electrical systems for the Federal Express Colorado Springs Building.

EDS Des Moines Building

On September 27, 2002, Wells OP purchased from KDC-EDS Des Moines Investments, LLC (KDC-EDS), Koll Development and Koll Corporate Development I-Iowa, L.P. (Koll Corporate) all of the partnership interests in KDC-EDS Des Moines Investment Limited Partnership, a Texas limited partnership, which owns a one-story office and distribution building containing 115,000 rentable square feet of office space and 290,000 rentable square feet of warehouse space located on a 27.97 acre tract of land in Des Moines, Iowa (EDS Des Moines Building) for a purchase price of \$26,500,000, plus closing costs. Neither KDC-EDS, Koll Development nor Koll Corporate are in any way affiliated with the Wells REIT, Wells OP or our advisor.

The EDS Des Moines Building was completed in 2002 and is located at 3600 Army Post Road in Des Moines, Polk County, Iowa. The EDS Des Moines Building is leased entirely to EDS Information Services L.L.C. (EDS), a wholly-owned subsidiary of Electronic Data Systems Corporation (EDS Corp). EDS Corp is the guarantor of the EDS lease. The EDS lease is a net lease (i.e., operating costs and maintenance costs are paid by the tenant) which commenced in May 2002 and expires in April 2012. EDS Corp, whose shares are traded on the NYSE, is a global information technology services company with services ranging from computer support to server management to web hosting. EDS Corp operates in 60 countries worldwide.

Since the EDS Des Moines Building is leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that financial information about EDS Corp, the guarantor of the EDS lease, is more relevant to investors than financial statements of the property acquired.

The current annual base rent payable under the EDS lease is \$2,389,500. EDS, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, EDS has an expansion option under its lease for up to an additional 100,000 rentable square feet. Wells OP, as the landlord, is responsible for maintaining the roof, foundation, exterior walls, plumbing and electrical lines for the EDS Des Moines Building.

Intuit Dallas Building

On September 27, 2002, Wells OP purchased a two-story office building with a three-story wing containing 166,238 rentable square feet located on a 10.7 acre tract of land in Plano, Texas (Intuit Dallas Building) for a purchase price of \$26,500,000, plus closing costs from KDC-TX I Investment Limited Partnership (KDC-TX). KDC-TX is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

The Intuit Dallas Building was completed in 2001 and is located at 5601 Headquarters Drive in Plano, Collin County, Texas. The Intuit Dallas Building is leased entirely to Lacerte Software Corporation (Lacerte), a wholly-owned subsidiary of Intuit, Inc. (Intuit). Intuit is the guarantor of the Lacerte lease. The Lacerte lease is a net lease (i.e., operating costs and maintenance costs are paid by the tenant) which commenced in July 2001 and expires in June 2011.

Lacerte is a tax software development company that offers a variety of tax software products and customer support services. Intuit, whose shares are traded on the NASDAQ, provides small business, tax preparation and personal finance software products and Web-based services that simplify complex financial tasks for consumers, small businesses and accounting professionals.

Since the Intuit Dallas Building is leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that financial information about the guarantor of the lease, Intuit, is more relevant to investors than financial statements of the property acquired.

The current annual base rent payable under the Lacerte lease is \$2,461,985. Lacerte, at its option, has the right to extend the initial term of its lease for two additional five-year periods at rental rates of \$17.92 per square foot and \$19.71 per square foot, respectively. In addition, Lacerte has an expansion option through November 2004 pursuant to which Wells OP would be required to purchase an additional 19-acre tract of land and to construct up to an approximately 600,000 rentable square foot building thereon. Wells OP has agreed to allow Koll Development, an affiliate of KDC-TX, the seller of the property, to develop any such expansion. Wells OP, as the landlord, is responsible for maintaining the structural elements of the building, including the parking deck, roof, building facade, foundation, load bearing walls and building and utility systems for the Intuit Dallas Building.

Daimler Chrysler Dallas Building

On September 30, 2002, Wells OP purchased from Hillwood Operating, L.P. (Hillwood) and ABI Commercial L.P. (ABI) all of the partnership interests in CT Corporate Center No. 1, L.P. (CT), a Texas limited partnership, which owns a two-story office building containing 130,290 rentable square feet located in Westlake, Texas (Daimler Chrysler Dallas Building) for a purchase price of \$25,100,000, plus closing costs. Neither Hillwood nor ABI are in any way affiliated with the Wells REIT, Wells OP or our advisor.

The Daimler Chrysler Dallas Building was completed in 2001 and is located at 2050 Roanoke Road in Westlake, Tarrant County, Texas. The Daimler Chrysler Dallas Building is leased entirely to Daimler Chrysler Services North America LLC (Daimler Chrysler NA). Daimler Chrysler NA is a wholly owned subsidiary of DaimlerChrysler AG (DaimlerChrysler). DaimlerChrysler is one of the world's leading automotive,

transportation and services companies and has over 50 operating plants worldwide.

The Daimler Chrysler NA lease is a gross lease (i.e., operating costs and maintenance costs are paid by the landlord) which commenced in January 2002 and expires in December 2011. The current annual base rent payable under the Daimler Chrysler NA lease is \$3,189,499. Daimler Chrysler NA, at its option, has the right to extend the initial term of its lease for three additional five-year periods at 98% of the then-current market rental rate. In addition, Daimler Chrysler NA has an expansion option for up to an additional 70,000 rentable square feet and a right of first offer if Wells OP desires to sell the Daimler Chrysler Dallas Building during the term of the lease. Wells OP, as the landlord, is responsible for maintaining the roof, foundation, and structural members of the exterior walls of the building, trash

removal, janitorial and window-washing services, pest control, landscaping maintenance, water, lighting and passenger elevator service for the Daimler Chrysler Dallas Building.

Property Management Fees

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our advisor, will be paid management and leasing fees in the amount of up to 4.5% of gross revenues from the AmeriCredit Phoenix Building, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building and the Daimler Chrysler Dallas Building subject to certain limitations. In addition, Wells Management will receive a one-time initial lease-up fee relating to the leasing of the AmeriCredit Phoenix Building equal to one month's rent estimated to be approximately \$207,000.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section beginning on page 101 of the prospectus, as supplemented by Supplement No. 1 dated August 14, 2002 and Supplement No. 2 dated August 29, 2002.

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132,181,919 in gross offering proceeds from the sale of 13,218,192 shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175,229,193 in gross offering proceeds from the sale of 17,522,919 shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1,282,976,865 in gross offering proceeds from the sale of 128,297,687 shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of October 15, 2002, we had received additional gross proceeds of approximately \$276,782,914 from the sale of approximately 27,678,291 shares in our fourth public offering. Accordingly, as of October 15, 2002, we had received aggregate gross offering proceeds of approximately \$1,876,226,258 from the sale of approximately 187,622,626 shares in all of our public offerings. After payment of \$65,068,579 in acquisition and advisory fees and acquisition expenses, payment of \$208,356,782 in selling commissions and organization and offering expenses, and common stock redemptions of \$17,123,992 pursuant to our share redemption program, as of October 15, 2002, we had raised aggregate net offering proceeds available for investment in properties of \$1,585,676,905, out of which \$1,400,791,370 had been invested in real estate properties, and \$184,885,535 remained available for investment in real estate properties.

Status of the Nissan Project

As of September 30, 2002, Wells OP had expended \$24,226,880 towards the construction of the three-story approximately 268,290 rentable square foot office building in Irving, Texas. The Nissan Project is approximately 47% complete and is currently expected to be completed in February 2003. We estimate that the aggregate cost and expenses to be incurred by Wells OP with respect to the acquisition and construction of the Nissan Project will total approximately \$41,855,600, which is within the budgeted amount for the property.

We have audited the accompanying statement of revenues over certain operating expenses of the Harcourt Austin Building (the Building) for the year ended December 31, 2001. This statement is the responsibility of the Building's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues over certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues over certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenues over certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues over certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 2, and is not intended to be a complete presentation of the Building's revenues and expenses.

In our opinion, the statement of revenues over certain operating expenses referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 2 of the Harcourt Austin Building for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Description of Real Estate Property Acquired

On August 15, 2002, the Wells Operating Partnership, L.P. ("Wells OP") acquired the Harcourt Austin Building from Carr Development & Construction, LP ("Carr"). Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

Harcourt, Inc. ("Harcourt") currently occupies the entire 195,230 rentable square feet of the seven-story office building under a lease agreement (the "Harcourt Lease"). Harcourt is a Delaware corporation owned equally by Reed Elsevier PLC and Reed Elsevier NV whose shares are traded on the New York Stock Exchange. Carr's interest in the Harcourt Lease was assigned to Wells OP upon acquisition of the building. The initial term of the Harcourt Lease commenced in July 2001 and expires in June 2016. Under the Harcourt Lease, Harcourt is required to pay, as additional rent, all operating costs, including but not limited to electricity, water, sewer, insurance, taxes and a management fee not to exceed 3.5% of rent. Furthermore, Harcourt will be required to reimburse the landlord for costs of capital improvements that are intended to reduce operating costs or improve safety and any replacement or capital repairs to the Building's HVAC systems. Wells OP will be responsible for maintaining and repairing the Building's roof, structural elements and mechanical systems.

Rental Revenues

Rental income is recognized on a straight-line basis over the term of the lease. The accompanying statements of revenues over certain operating expenses include rental revenues from the date of commencement of the Harcourt Lease in July 2001.

2. BASIS OF ACCOUNTING

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, these statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as depreciation and interest. Therefore, these statements are not comparable to the statement of operations of the

Harcourt Austin Building after its acquisition by Wells OP.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Description of Real Estate Property Acquired

On September 13, 2002, Wells REIT Holtsville, NY, LLC (the Company) acquired the IRS Long Island Buildings (the Buildings) from HIRS Associates, LLC (HIRS). The Company, a Georgia limited liability company, was created on September 10, 2002 by the Wells Operating Partnership, L.P. (Wells OP) as the sole member of the Company. Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

The United States of America, through the U.S. General Services Administration (GSA), currently leases 191,049 of the total 259,700 rentable square feet on behalf of the Internal Revenue Service under three leases (the IRS Collection Lease, the IRS Compliance Lease and the IRS Daycare Facility Lease, collectively, the IRS Leases). The GSA is a centralized federal procurement and property management agency created by Congress to improve government efficiency and effectiveness. GSA acquires on the government's behalf, the office space, equipment, telecommunications, information technology, supplies and services they need to achieve their agency's mission of services to the public. HIRS's interests in the GSA Leases were assigned to Wells OP upon acquisition of the Buildings. The IRS Collection Lease commenced in August 2000 and expires in August 2005. The IRS Compliance Lease commenced in December 2001 and expires in December 2011. The IRS Daycare Facility Lease commenced in October 1999 and expires in September 2004. Under the IRS Leases, beginning in the second lease year and each year after, the tenant will pay, as adjusted rent, changes in costs from the first lease year for cleaning services, supplies, materials, maintenance, trash removal, landscaping, sewer charges and certain administrative expenses attributable to occupancy. The amount of the adjustment will be computed using the Cost of Living Index. Wells OP will be responsible for maintaining and repairing the Buildings' roof, structural elements and mechanical systems.

If the Company secures an additional lease with the IRS or another suitable tenant for the remaining 68,651 square feet of vacant space in the Buildings within 18 months, the Company would owe an additional amount of up to \$14,500,000 as additional purchase price for the Buildings pursuant to the terms of an earnout agreement entered into between the Company and HIRS at closing.

Rental Revenues

Rental income is recognized on a straight-line basis over the term of the lease.

2. BASIS OF ACCOUNTING

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Description of Real Estate Property Acquired

On September 27, 2002, the Wells Operating Partnership acquired the KeyBank Parsippany Building (the **Building**), a 404,515 square foot office building in Parsippany, New Jersey, from Two Gatehall Acquisition, L.L.C. and Asset Preservation, Inc. (collectively the **Seller**).

At December 31, 2001, the Building was 100% leased to two tenants, Exodus Communications, Inc. (**Exodus**) and KeyBank USA National Association, under operating leases that were both executed in 2000. Both operating leases expire over the next 15 years.

Exodus filed bankruptcy in 2001. On January 17, 2002, the Exodus lease was assigned to Gemini Technology Services, Inc., an affiliate of Deutsche Bank, AG. Deutsche Bank, AG assumed all of the obligations of Exodus under the lease.

The lease agreements provide for certain reimbursements of real estate taxes, insurance and certain common area maintenance costs.

Revenue Recognition

Rental revenue is recognized on a straight-line basis over the initial term of the lease. The excess of rents so recognized over amounts contractually due pursuant to the underlying leases for the six months ended June 30, 2002 and the year ended December 31, 2001 was \$326 (unaudited) and \$3,279, respectively. Such amounts are included in rental and reimbursement revenues in the accompanying financial statements.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. BASIS OF ACCOUNTING

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, these statements exclude certain historical expenses that are not comparable to the proposed future operations of the Building such as depreciation and interest.

Table of Contents

3. LEASE AGREEMENTS

The minimum rental receipts due on the noncancelable operating leases as of December 31, 2001 are as follows:

2002	\$ 9,526
2003	9,526
2004	9,526
2005	9,526
2006	10,464
Thereafter	88,139
	<u>\$ 136,707</u>

Reimbursement revenue was \$1,117 (unaudited) and \$1,833 for the six months ended June 30, 2002 and the year ended December 31, 2001, respectively.

4. RELATED PARTY TRANSACTIONS

Pursuant to a management agreement, an affiliate of the Seller has responsibilities of property management and leasing of the Building.

5. INTERIM UNAUDITED FINANCIAL INFORMATION

The financial statement for the six months ended June 30, 2002 is unaudited, however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the financial statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.

SUPPLEMENT NO. 4 DATED DECEMBER 10, 2002 TO THE PROSPECTUS

DATED JULY 26, 2002

This document supplements, and should be read in conjunction with, the prospectus of Wells Real Estate Investment Trust, Inc. dated July 26, 2002, as supplemented and amended by Supplement No. 1 dated August 14, 2002, Supplement No. 2 dated August 29, 2002, and Supplement No. 3 dated October 25, 2002. When we refer to the prospectus in this supplement, we are also referring to any and all supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) Status of the offering of shares in Wells Real Estate Investment Trust, Inc. (Wells REIT);
- (2) The declaration of dividends for the first quarter of 2003;
- (3) Revisions to the Management Executive Officers and Directors section of the prospectus to describe the appointment of Randall D. Fretz as a Vice President of the Wells REIT;
- (4) Revisions to the Description of Real Estate Investments section of the prospectus to describe the following real property acquisitions;
 - (A) Acquisition of two nine-story office buildings in Washington, DC (NASA Buildings);
 - (B) Acquisition of three three-story office buildings in Glen Allen, Virginia (Capital One Richmond Buildings); and
 - (C) Acquisition of an 11-story office building in Nashville, Tennessee (Caterpillar Nashville Building);
- (5) Status of Real Estate Loans;
- (6) Revisions to the Management's Discussion and Analysis of Financial Condition and Results of Operations section of the prospectus;
- (7) Status of the leasing of the Vertex Sarasota Building (formerly known as the Arthur Andersen Building);
- (8) Unaudited financial statements of the Wells REIT for the period ended September 30, 2002;
- (9) Audited financial statements relating to the recently acquired NASA Buildings and the Caterpillar Nashville Building; and

- (10) Unaudited pro forma financial statements of the Wells REIT reflecting the acquisition of the NASA Buildings, the Caterpillar Nashville Building and the Capital One Richmond Buildings.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of November 30, 2002, we had received additional gross proceeds of approximately \$448,615,344 from the sale of approximately 44,861,534 shares in our fourth public offering. Accordingly, as of November 30, 2002, we had received aggregate gross offering proceeds of approximately \$2,039,003,318 from the sale of approximately 203,900,332 shares in all of our public offerings. After payment of \$70,676,832 in acquisition and advisory fees and acquisition expenses, payment of \$226,160,588 in selling commissions and organization and offering expenses, and common stock redemptions of \$19,665,247 pursuant to our share redemption program, as of November 30, 2002, we had raised aggregate net offering proceeds available for investment in properties of \$1,722,500,651, out of which \$1,668,713,333 had been invested in real estate properties, and \$53,787,318 remained available for investment in real estate properties.

Dividends

On December 4, 2002, our board of directors declared dividends for the first quarter of 2003 in the amount of a 7.0% annualized percentage rate return on an investment of \$10.00 per share to be paid in March 2003. Our first quarter dividends are calculated on a daily record basis of \$0.00 1944 (0. 1944 cents) per day per share on the outstanding shares of common stock payable to stockholders of record of such shares as shown on the books of the Wells REIT at the close of business on each day during the period, commencing on December 16, 2002, and continuing on each day thereafter through and including March 15, 2003.

Management

The following information should be read in conjunction with the Management Executive Officers and Directors section beginning on page 31 of the prospectus to include background information on Randall D. Fretz. On December 4, 2002, our board of directors appointed Randall D. Fretz as a Vice President of the Wells REIT.

Randall D. Fretz is also a Vice President of Wells Capital, Inc. (Wells Capital), our advisor, and the Chief of Staff and a Senior Vice President of Wells Real Estate Funds, Inc. Mr. Fretz is primarily responsible for corporate strategy and planning and advising and coordinating the executive officers of Wells Capital on corporate matters and special projects. Prior to joining Wells Capital in 2002, Mr. Fretz served as President of US & Canada operations for Larson-Juhl, a world leader in custom art and picture-framing home decor. Mr. Fretz was previously the Division Director at Bausch & Lomb and also held various senior positions at Tandem International and Lever Brothers. Mr. Fretz holds a bachelor degree in each of Sociology and Physical Education from McMaster University in Hamilton, Ontario. He also earned an MBA from the Ivy School of Business in London, Ontario.

Description of Properties

As of December 10, 2002, we had purchased interests in 70 real estate properties located in 23 states. Below are the descriptions of our recent real property acquisitions.

NASA Buildings

On November 22, 2002, Wells REIT-Independence Square, LLC (REIT-Independence), a single member Georgia limited liability company wholly-owned by the Wells REIT, purchased two nine-story office buildings containing an aggregate of approximately 948,800 rentable square feet located in Washington, D.C. (NASA Buildings) for a purchase price of \$345,000,000, plus closing costs from Southwest Market Limited Partnership (Southwest). In order to finance the acquisition of the NASA Buildings, the Wells REIT obtained \$85,000,000 in loan proceeds by having Wells OP draw down on its existing line of credit with Bank of America (BOA). Southwest is not in any way affiliated with the Wells REIT, REIT-Independence, or our advisor, Wells Capital.

The NASA Buildings, consisting of a nine-story office building containing approximately 347,796 rentable square feet (One Independence Square) and a nine-story office building containing approximately 601,017 rentable square feet (Two Independence Square), were built in 1991 and 1992 and are located on a 3.58-acre tract of land at One & Two Independence Square on E. Street in Washington, D.C.

The primary tenant in One Independence Square is the Office of the Comptroller of the Currency, an agency of the United States Government (OCC). Approximately 341,520 of the rentable square feet in the NASA Buildings (36.0%) is currently leased to the OCC. The OCC charters and regulates all national banks. It also supervises the federal branches and agencies of foreign banks. The OCC's nationwide staff of examiners conducts on-site reviews of national banks and provides sustained supervision of bank operations. The OCC issues rules, legal interpretations, and corporate decisions concerning banking, bank investments, bank community development activities, and other aspects of bank operations.

The OCC lease, which encompasses 341,520 rentable square feet (98.2%) in One Independence Square, commenced in May 1991 and expires in May 2006. Under the OCC Lease, operating and maintenance costs are the responsibility of the landlord, but the tenant is required to pay, as additional rent, its share of increases in real estate taxes and changes in costs from the first lease year for various operating expenses including cleaning services, electricity, heating, water, air conditioning and landscaping. The current annual base rent payable under the OCC lease is \$12,159,948, which includes approximately \$1,000,000 per year for the parking facility. The OCC, at its option, has the right to extend the initial term of its lease for two additional five-year periods. The annual rental rate for the first five-year period is 95% of the then-current market rental rate. The annual rental rate for the second five-year period is 90% of the then-current market rental rate.

The primary tenant in Two Independence Square is the National Aeronautics and Space Administration (NASA). Approximately 590,689 of the rentable square feet in the NASA Buildings (62.3%) is currently leased to the United States of America (U.S.A.) through the U.S. General Services Administration (GSA) for occupancy by NASA. The GSA is a centralized federal procurement and property management agency which acquires office space, equipment, telecommunications, information technology, supplies and services for federal agencies such as NASA. NASA, which was created in 1958, is the federal agency which runs the United States government's space program, including the space shuttle program and the launching of unmanned satellites and probes to explore the solar system.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The NASA lease, which encompasses 590,689 rentable square feet (98.3%) in Two Independence Square, commenced in July 1992 and expires in July 2012. Under the terms of the NASA lease, operating and maintenance costs are the responsibility of the landlord but, in order to compensate the landlord for the tenant's share of increases in the operating and maintenance costs of the building, the tenant is required to pay annual rental increases computed by increasing the base year's operating costs of Two Independence Square by the percentage change in the Cost of Living Index each year.

Table of Contents

The current annual base rent payable under the NASA lease is \$21,534,124. The U.S.A., at its option, has the right to extend the initial term of its lease for one additional ten-year period at an annual rental rate of \$31,255,936.

Approximately 14,920 of the remaining aggregate rentable square feet in the NASA Buildings (1.6%) is currently leased to four additional tenants, which account for current annual base rents payable of \$121,686, and 1,684 rentable square feet of the NASA Buildings (0.1%) is currently vacant. REIT-Independence will be responsible for maintaining and repairing the NASA Buildings roof, foundations, common areas, electrical systems and mechanical systems.

Both the OCC lease and the NASA lease include provisions that require the landlord and the property manager to comply with various employment related practices and various other laws typically required in leases with government entities. Although we believe that the Wells REIT and REIT-Independence should be deemed exempt from these requirements, if a determination were made that these or other affiliated entities violated these lease provisions, the tenants have the right under the OCC lease and the NASA lease to terminate the lease or to require compliance by the appropriate entities.

Boston Properties, Inc., an affiliate of the seller, is serving as the property manager of the NASA Buildings. Boston Properties, Inc. is not in any way affiliated with the Wells REIT, REIT-Independence or our advisor.

Capital One Richmond Buildings

On November 26, 2002, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased two three-story office buildings from Highwoods Realty Limited Partnership (Highwoods Realty) and one three-story office building from Highwoods/Florida Holdings, L.P. (Highwoods Florida) located on a 15.25 acre tract of land in Glen Allen, Virginia (Capital One Richmond Buildings) for an aggregate purchase price of \$28,509,000, plus closing costs. In order to finance the acquisition of the Capital One Richmond Buildings, Wells OP obtained approximately \$28,670,000 in loan proceeds by drawing down on an existing line of credit with SouthTrust Bank (SouthTrust). Neither Highwoods Realty nor Highwoods Florida is in any way affiliated with the Wells REIT, Wells OP or our advisor.

The Capital One Richmond Buildings contain an aggregate of 225,220 rentable square feet and were completed in 1999. The Capital One Richmond Buildings are located at 100, 120 & 140 Eastshore Drive in Glen Allen, Henrico County, Virginia. Each of the Capital One Richmond Buildings is leased entirely to Capital One Services, Inc. (Capital One), under separate net lease agreements (i.e., operating costs and maintenance costs are paid by the tenant).

Capital One, a wholly-owned subsidiary of Capital One Financial Corporation (Capital One Financial), provides various operating, administrative and other services to Capital One Financial. Capital One Financial's primary focus is on credit card lending, but it also engages in unsecured installment lending and automobile financing.

The Capital One Richmond I Building contains 68,500 rentable square feet. The Capital One Richmond I lease commenced in March 2000 and expires in March 2010. The current annual base rent payable for the Capital One Richmond I lease is \$786,573. The annual base rent increases each lease year by two percent. Capital One, at its option, has the right to extend the initial term of its lease for three additional five-year periods. The annual rent for each year of each extended term will continue to increase by two percent as described for the initial term.

Table of Contents

The Capital One Richmond II Building contains 77,045 rentable square feet. The Capital One Richmond II lease commenced in June 1999 and expires in May 2004. The current annual base rent payable for the Capital One Richmond II lease is \$940,249. The annual base rent increases each lease year by two percent. Capital One, at its option, has the right to extend the initial term of its lease for two additional five-year periods. The annual rent for each year of each extended term will continue to increase by two percent as described for the initial term.

The Capital One Richmond III Building contains 79,675 rentable square feet. The Capital One Richmond III lease commenced in February 2000 and expires in February 2010. The current annual base rent payable for the Capital One Richmond III lease is \$912,822. The annual base rent increases each lease year by two percent. Capital One, at its option, has the right to extend the initial term of its lease for three additional five-year periods. The annual rent for each year of each extended term will continue to increase by two percent as described for the initial term.

Wells OP, as the landlord, will be responsible for maintaining the roof, foundation, exterior walls, and mechanical and electrical systems of the Capital One Richmond Buildings. In addition, Capital One has a right of first refusal to purchase one or all of the Capital One Richmond Buildings upon Wells OP receiving an offer from any third party.

Highwoods Properties, Inc. (Highwoods), an affiliate of Highwoods Realty, Highwoods Florida and the seller of the Caterpillar Nashville Building (described below), has provided a guarantee of each of the leases for the Capital One Richmond Buildings. Highwoods has guaranteed the leases for the Capital One Richmond I Building and the Capital One Richmond III Building for the first five years of ownership by Wells OP. Highwoods has also guaranteed the lease for the Capital One Richmond II Building for the remainder of the current lease term and for any shortfall in rental income from May 2004 until November 2007 following the expiration of the current lease for the Capital One Richmond II Building. In addition, if the Capital One Richmond II lease expires or is terminated at any time prior to November 2007 and Highwoods provides Wells OP with a suitable replacement tenant which Wells OP declines, Highwoods has the right to repurchase the Capital One Richmond II Building at a purchase price of \$10,126,590. This repurchase right expires if Highwoods fails to exercise such right within 30 days of Wells OP declining a suitable tenant. Further, in the event that Highwoods exercises its right to repurchase, Wells OP, at its option, may rescind the Highwoods right to repurchase within ten days of such exercise, provided that the act of rescinding the repurchase right will release Highwoods from its rental income guaranty with respect to the Capital One Richmond II Building. Highwoods, a public company traded on the New York Stock Exchange, is a self-administered real estate investment trust that provides leasing, management, development, construction and other tenant-related services for its properties and for third parties. Highwoods reported a net worth, as of September 30, 2002, of approximately \$1.57 billion. Highwoods is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our advisor, will be paid management and leasing fees in the amount of up to 4.5% of gross revenues from the Capital One Richmond Buildings, subject to certain limitations. Wells OP has entered into five-year management agreements with Highwoods Realty, an affiliate of the sellers, to serve as the on-site property manager for each of the Capital One Richmond Buildings, which property management fees will be paid out of or credited against the 4.5% fee payable to Wells Management.

Caterpillar Nashville Building

On November 26, 2002, Wells OP purchased all of the membership interests in 2120 West End Avenue, LLC, a Delaware limited liability company, which owned an 11-story office building located in Nashville, Tennessee (Caterpillar Nashville Building) for a purchase price of \$61,525,000, plus closing costs, from Highwoods/Tennessee Holdings, L.P. (Highwoods Tennessee). In order to finance the acquisition of the Caterpillar Nashville Building, Wells OP obtained \$25,000,000 in loan proceeds by drawing down on an existing line of credit with BOA and approximately \$33,560,000 in loan proceeds by drawing down on an existing line of credit with SouthTrust. Subsequent to this acquisition, Wells OP dissolved 2120 West End Avenue, LLC and became the direct owner of the Caterpillar Nashville Building. Highwoods Tennessee is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

Table of Contents

The Caterpillar Nashville Building, which is leased to Caterpillar Financial Services Corporation (Caterpillar), Thoughtworks, LLC (Thoughtworks) and Highwoods, contains 312,297 rentable square feet and was completed in 2000. The Caterpillar Nashville Building is located at 2120 West End Avenue in Nashville, Davidson County, Tennessee.

Caterpillar, as the primary tenant, occupies 300,901 rentable square feet (96.4%) of the Caterpillar Nashville Building. Caterpillar is a wholly owned subsidiary of Caterpillar, Inc. Caterpillar offers financing alternatives for various products manufactured by Caterpillar, Inc. and provides loans to customers and dealers of Caterpillar, Inc. products around the world. Caterpillar, Inc. is the one of the world's largest manufacturers of construction and mining equipment, natural gas and diesel engines, and industrial gas turbines. Caterpillar, which offers a wide variety of financial alternatives for purchasers of Caterpillar, Inc.'s equipment, has locations in over 26 countries worldwide.

The Caterpillar lease commenced in March 2000 and expires in February 2015. The current annual base rent payable under the Caterpillar lease is \$7,384,110. Caterpillar may terminate the Caterpillar lease after the 10th lease year (2010) by paying a termination fee to Wells OP of \$7,644,682.

Caterpillar has a right of first refusal to lease the space currently occupied by Thoughtworks and Highwoods if either terminates its lease. In addition, Caterpillar has expansion rights which it may exercise prior to the fourth and eighth lease years. Caterpillar, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. Under the Caterpillar lease, operating and maintenance costs are the responsibility of the landlord, but Caterpillar is responsible for increases in operating costs, provided that its obligation to pay increases in expenses other than insurance, taxes and utilities is capped at 4.5% annually. Further, under its lease Caterpillar is required to reimburse the landlord management fees up to 4% of annual gross rental receipts. Wells OP, as the landlord, will be responsible for maintaining the roof, foundation, exterior walls, interior structural walls, parking facilities and mechanical and electrical systems of the Caterpillar Nashville Building.

Thoughtworks is a privately held company that provides custom application development and advanced system integration services in the e-commerce industry. The Thoughtworks lease covers 6,400 rentable square feet (2.0%) and commenced in May 2000 and expires in May 2005. The current annual base rent payable under the Thoughtworks lease is \$162,944.

The Highwoods lease covers 4,996 rentable square feet (1.6%) and commenced in October 2000 and expires in September 2005. The current annual base rent payable under the Highwoods lease is \$129,946.

Wells Management, an affiliate of Wells REIT and our advisor, will be paid management and leasing fees in the amount of up to 4.5% of gross revenues from the Caterpillar Nashville Building, subject to certain limitations. Wells OP has entered into a 10-year management agreement with Highwoods Realty, an affiliate of the sellers of the Capital One Richmond Buildings and the Caterpillar Nashville Building, to serve as the property manager of the Caterpillar Nashville Building which property management fees will be paid out of or credited against the 4.5% fee payable to Wells Management.

Real Estate Loans

In November, 2002, Wells OP increased its existing line of credit with BOA to \$110 million. In addition, Wells OP is currently in the process of increasing its existing line of credit with SouthTrust to approximately \$98 million. As described above, Wells OP drew down on existing lines of

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

credit with BOA and SouthTrust an aggregate approximately \$172,230,000 to finance the acquisitions of the NASA Buildings, the Capital One Richmond Buildings and the Caterpillar Nashville Building. As of November 30, 2002, the outstanding principal balance due under the BOA line of credit was approximately \$110,000,000, the outstanding principal balance due under the SouthTrust line of credit was approximately \$72,000,000, and the Wells REIT had a debt leverage ratio of approximately 11.5% to the value of its properties.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section beginning on page 101 of the prospectus, as supplemented by Supplement No. 1 dated August 14, 2002, Supplement No. 2 dated August 29, 2002 and Supplement No. 3 dated October 25, 2002.

Forward Looking Statements

This supplement contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to shareholders in the future and certain other matters. Readers of this supplement should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in this supplement, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, inability to invest in properties on a timely basis or in properties that will provide targeted rates of return and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow.

We have made an election under Section 856 (c) of the Internal Revenue Code (Internal Revenue Code) to be taxed as a REIT under the Internal Revenue Code beginning with its taxable year ended December 31, 1999. As a REIT for federal income tax purposes, we generally will not be subject to federal income tax on income that we distribute to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on our taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year in which our qualification is lost. Such an event could materially adversely affect our net income. However, management believes that we are organized and operate in a manner which will enable us to qualify for treatment as a REIT for federal income tax purposes during this fiscal year. In addition, management intends to continue to operate the Wells REIT so as to remain qualified as a REIT for federal income tax purposes.

Liquidity and Capital Resources

During the nine months ended September 30, 2002, we received aggregate gross offering proceeds of \$988.5 million from the sale of 98.8 million shares of our common stock. After payment of \$34.8 million in acquisition and advisory fees and acquisition expenses, payment of \$104.3 million in selling commissions and organization and offering expenses, and common stock redemptions of \$11.6 million pursuant to our share redemption program, we raised net offering proceeds of \$837.8 million during the first three quarters of 2002, of which \$144.5 million remained available for investment in properties at quarter end. In October, we reached our limit on stock redemptions for the year and, accordingly, there will be no further stock redemptions under our stock redemption program for the remainder of 2002.

During the nine months ended September 30, 2001, we received aggregate gross offering proceeds of \$297.8 million from the sale of 29.8 million shares of its common stock. After payment of \$10.3 million in acquisition and advisory fees and acquisition expenses, payment of \$35.6 million in selling commissions and organizational and offering expenses, and common stock redemptions of \$2.1 million pursuant to our share redemption program, we raised net offering proceeds of \$249.8 million during the first three quarters of 2001, of which \$8.7 million remained available for investment in properties at quarter end.

Table of Contents

The significant increase in capital resources we have available is due to significantly increased sales of our common stock during the first three quarters of 2002.

As of September 30, 2002, we owned interests in 67 real estate properties either directly or through interests in joint ventures. Dividends declared for the third quarter of 2002 and 2001 were approximately \$0.1938 and \$0.1875 per share, respectively. In August 2002, our board of directors declared dividends for the fourth quarter of 2002 in the amount of approximately \$0.175 per share.

Due primarily to the pace of our property acquisitions, as explained in more detail in the following paragraphs, dividends paid in the first three quarters of 2002 in the aggregate amount of approximately \$71.4 million exceeded our Adjusted Funds From Operations for this period by approximately \$11 million.

We continue to acquire properties that meet our standards of quality both in terms of the real estate and the creditworthiness of the tenants. Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused us to add to our internal procedures for ensuring the creditworthiness of our tenants before any commitment to buy a property is made. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our shareholders. Accordingly, because the marketplace is now placing a higher value on our type of properties and because of the additional time it now takes in the acquisition process for us to assess tenant credit plus our commitment to adhere to purchasing properties with tenants that meet our investment criteria we were required to lower our dividend yield to investors.

As a result of the factors described in the preceding paragraph, on August 29, 2002, our board of directors declared dividends for the fourth quarter of 2002 in an amount equal to a 7.0% annualized percentage rate return on an investment of \$10 per share to be paid in December 2002. Our fourth quarter dividends are calculated on a daily record basis of \$0.001923 (0.1923 cents) per day per share on the outstanding shares of common stock payable to shareholders of record of such shares as shown on our books at the close of business on each day during the period, commencing on September 16, 2002, and continuing on each day thereafter through and including December 15, 2002.

Cash Flows From Operating Activities

Our net cash provided by operating activities was \$68.2 million and \$26.5 million for the nine months ended September 30, 2002 and 2001, respectively. The increase in net cash provided by operating activities was due primarily to the net income generated by additional properties acquired during 2002 and 2001.

Cash Flows Used In Investing Activities

Our net cash used in investing activities was \$826.9 million and \$155.7 million for the nine months ended September 30, 2002 and 2001, respectively. The increase in net cash used in investing activities was due primarily to investments in properties and the payment of related deferred project costs, partially offset by distributions received from joint ventures.

Table of Contents

Cash Flows From Financing Activities

Our net cash provided by financing activities was \$827.1 million and \$136.1 million for the nine months ended September 30, 2002 and 2001, respectively. The increase in net cash provided by financing activities was due primarily to the raising of additional capital and the lack of debt payments, which were \$208.1 million in the prior year. We raised \$988.5 million in offering proceeds for the nine months ended September 30, 2002, as compared to \$297.8 million for the same period in 2001. Additionally, we paid dividends totaling \$23.5 million in the first three quarters of 2001 compared to \$71.4 million in the same period of 2002.

Results of Operations

Gross revenues were \$74.5 million and \$34.1 million for the nine months ended September 30, 2002 and 2001, respectively. Gross revenues for the nine months ended September 30, 2002 and 2001 were attributable to rental income, interest income earned on funds we held prior to the investment in properties, and income earned from joint ventures. The increase in revenues in 2002 was primarily attributable to the purchase of \$805.5 million in additional properties during 2002 and the purchase of \$114.1 million in additional properties during the fourth quarter of 2001 which were not owned for the first three quarters of 2001. The purchase of additional properties also resulted in an increase in expenses, which totaled \$34.7 million for the nine months ended September 30, 2002, as compared to \$19.6 million for the nine months ended September 30, 2001. Expenses in 2002 and 2001 consisted primarily of depreciation, operating costs, interest expense, management and leasing fees and general and administrative costs. As a result, our net income also increased from \$14.4 million for the nine months ended September 30, 2001 to \$39.8 million for the nine months ended September 30, 2002.

Earnings per share for the nine months ended September 30, 2002 decreased from \$0.33 per share for the nine months ended September 30, 2001 to \$0.31 per share for the nine months ended September 30, 2002. Earnings per share for the third quarter decreased from \$0.11 per share for the three months ended September 30, 2001 to \$0.09 per share for the three months ended September 30, 2002. These decreases were primarily due to the substantial increase in the number of shares outstanding as a result of capital raised in 2002 which was not completely matched by a corresponding increase in net income because such capital proceeds were not fully invested in properties.

Funds From Operations

Funds From Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with GAAP excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. We believe that FFO is helpful to investors as a measure of the performance of an equity REIT. However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. Adjusted Funds From Operations (AFFO) is defined as FFO adjusted to exclude the effects of straight-line rent adjustments, deferred loan cost amortization and other non-cash and/or unusual items. Neither FFO nor AFFO represent cash generated from operating activities in accordance with GAAP and should not be considered as alternatives to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions. The following table reflects the calculation of FFO and AFFO for the three and nine months ended September 30, 2002 and 2001, respectively:

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases that are intended to protect us from the impact of inflation. These provisions include reimbursement billings for common area maintenance charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance.

Critical Accounting Policies

We reported results of operations are impacted by management judgments related to application of accounting policies. A discussion of the accounting policies that management considers to be critical, in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain, is included in Footnote 1 to the financial statements.

Subsequent Events

Effective October 31, 2002, Arthur Andersen LLP (Andersen) and Wells OP entered into a termination agreement with respect to the lease for the three-story office building containing 157,700 rentable square feet located in Sarasota, Florida formerly known as the Arthur Andersen

Building. In consideration for releasing Andersen from its obligation to pay rent under the lease, Andersen paid Wells OP a termination fee of \$979,760 and conveyed to Wells OP an approximately 1.3 acre tract of land adjacent to the property which was used for parking.

Status of the leasing of the Vertex Sarasota Building (*formerly the Arthur Andersen Building*)

As set forth in the Subsequent Events subsection of the Management's Discussion and Analysis of Financial Condition and Results of Operations section of this supplement, effective October 31, 2002, Andersen and Wells OP entered into a termination agreement with respect to the lease for the three-story office building containing 157,700 rentable square feet located in Sarasota, Florida, formerly known as the Arthur Andersen Building (Vertex Sarasota Building). On November 1, 2002, Wells OP entered into a net lease agreement with Vertex Tax Technology Enterprises, LLC (Vertex) for a portion of the Vertex Sarasota Building.

Approximately 47,388 rentable square feet of the Vertex Sarasota Building is currently under a net lease agreement with Vertex. The current term of the lease is seven years, which commenced on November 1, 2002 and expires on October 31, 2009. The current annual base rent payable under the Vertex lease is \$621,257. Pursuant to the Vertex lease, Vertex has a right of first refusal to lease an additional 5,695 square feet of rentable space in the third floor of the building. Wells OP, as the landlord, will be responsible for maintaining the building's exterior walls, HVAC system, plumbing, elevators, fire protection, other mechanical systems, public areas, including parking lot, building structure, foundation and roof.

Vertex, a wholly owned subsidiary of Vertex, Inc., is a successor company of Andersen's corporate income tax technology solutions division. The Vertex lease is guaranteed by Vertex, Inc, which is a privately held company providing corporate customers with tax compliance software and research services for sales and use tax, property tax, payroll tax, telecommunications tax, and income tax.

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

SEPTEMBER 30, 2002

(UNAUDITED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) General

Wells Real Estate Investment Trust, Inc. (the "Company") is a Maryland corporation formed on July 3, 1997, which qualifies as a real estate investment trust ("REIT"). Substantially all of the Company's business is conducted through Wells Operating Partnership, L.P. ("Wells OP"), a Delaware limited partnership organized for the purpose of acquiring, developing, owning, operating, improving, leasing, and otherwise managing income producing commercial properties for investment purposes on behalf of the Company. The Company is the sole general partner of Wells OP.

On January 30, 1998, the Company commenced its initial public offering of up to 16.5 million shares of common stock at \$10 per share pursuant to a Registration Statement on Form S-11 filed under the Securities Act of 1933. The Company commenced active operations on June 5, 1998. The Company terminated its initial public offering on December 19, 1999 at which time gross proceeds of approximately \$132.2 million had been received from the sale of approximately 13.2 million shares. The Company commenced its second public offering of shares of common stock on December 20, 1999, which was terminated on December 19, 2000 after receipt of gross proceeds of approximately \$175.2 million from the sale of approximately 17.5 million shares. The Company commenced its third public offering of shares of common stock on December 20, 2000, which terminated on July 26, 2002 after receipt of gross proceeds of approximately \$1.3 billion from the sale of approximately 128.3 million shares. As of September 30, 2002, the Company has received gross proceeds of approximately \$235.7 million from the sale of approximately 23.6 million shares from its fourth public offering. Accordingly, as of September 30, 2002, the Company has received aggregate gross offering proceeds of approximately \$1.8 billion from the sale of 182.6 million shares of its common stock to investors. After payment of \$63.3 million in acquisition and advisory fees and acquisition expenses, payment of \$202.9 million in selling commissions and organization and offering expenses, capital contributions to joint ventures and acquisitions expenditures by Wells OP of \$1.4 billion for property acquisitions, and common stock redemptions of \$17.2 million pursuant to the Company's share redemption program, the Company was holding net offering proceeds of \$144.5 million available for investment in properties, as of September 30, 2002.

(c) Critical Accounting Policies

The Company's accounting policies have been established in accordance with accounting principles generally accepted in the United States (GAAP). The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

possible that different accounting policies would have been applied; thus, resulting in a different presentation of our financial statements. Below is a discussion of the accounting policies that we consider to be critical in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain.

Revenue Recognition

The Company recognizes rental income generated from all leases on real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, on a straight-line basis over the terms of the respective leases. If a tenant was to encounter financial difficulties in future periods, the amount recorded as a receivable may not be realized.

Operating Cost Reimbursements

The Company generally bills tenants for operating cost reimbursements, either directly or through investments in joint ventures, on a monthly basis at amounts estimated largely based on actual prior period activity, the current year budget and the respective lease terms. Such billings are generally adjusted on an annual basis to reflect reimbursements owed to the landlord based on the actual costs incurred during the period and the respective lease terms. Financial difficulties encountered by tenants may result in receivables not being realized.

Table of Contents

Real Estate

Management continually monitors events and changes in circumstances indicating that the carrying amounts of the real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When such events or changes in circumstances are present, management assesses the potential impairment by comparing the fair market value of the asset, estimated at an amount equal to the future undiscounted operating cash flows expected to be generated from tenants over the life of the asset and from its eventual disposition, to the carrying value of the asset. In the event that the carrying amount exceeds the estimated fair market value, the Company would recognize an impairment loss in the amount required to adjust the carrying amount of the asset to its estimated fair market value. Neither the Company nor its joint ventures have recognized impairment losses on real estate assets to date.

Deferred Project Costs

The Company records acquisition and advisory fees and acquisition expenses payable to Wells Capital, Inc. (the Advisor) by capitalizing deferred project costs and reimbursing the Advisor in an amount equal to 3.5% of cumulative capital raised to date. As the Company invests its capital proceeds, deferred project costs are applied to real estate assets, either directly or through contributions to joint ventures, and depreciated over the useful lives of the respective real estate assets. Acquisition and advisory fees and acquisition expenses paid as of September 30, 2002, amounted to \$63.3 million and represented approximately 3.5% of capital contributions received. These fees are allocated to specific properties as they are purchased or developed and are included in capitalized assets of the joint venture, or real estate assets. Deferred project costs at September 30, 2002 and December 31, 2001, represent fees paid, but not yet applied to properties.

Deferred Offering Costs

The Advisor expects to continue to fund 100% of the organization and offering costs and recognize related expenses, to the extent that such costs exceed 3% of cumulative capital raised, on behalf of the Company. Organization and offering costs include items such as legal and accounting fees, marketing and promotional costs, and printing costs, and specifically exclude sales costs and underwriting commissions. The Company records offering costs by accruing deferred offering costs, with an offsetting liability included in due to affiliates, at an amount equal to the lesser of 3% of cumulative capital raised to date or actual costs incurred from third-parties less reimbursements paid to the Advisor. As equity is raised, the Company reverses the deferred offering costs accrual and recognizes a charge to stockholders' equity upon reimbursing the Advisor. As of September 30, 2002, the Advisor had paid organization and offering expenses on behalf of the Company in an aggregate amount of \$34.2 million, of which the Advisor had been reimbursed \$29.7 million, which did not exceed the 3% limitation. Deferred offering costs in the accompanying balance sheet represent costs incurred by the Advisor which will be reimbursed by the Company.

(d) Distribution Policy

The Company will make distributions each taxable year (not including a return of capital for federal income tax purposes) equal to at least 90% of its real estate investment trusts' taxable income. The Company intends to make regular quarterly distributions to stockholders. Distributions will be made to those stockholders who are stockholders as of the record date selected by the Directors. The Company currently calculates quarterly dividends based on the daily record and dividend declaration dates; thus, stockholders are entitled to receive dividends immediately upon the purchase of shares.

Table of Contents

Dividends to be distributed to the stockholders are determined by the Board of Directors and are dependent on a number of factors related to the Company, including funds available for payment of dividends, financial condition, capital expenditure requirements and annual distribution requirements in order to maintain the Company's status as a REIT under the Code. Operating cash flows are expected to increase as additional properties are added to the Company's investment portfolio.

(e) Income Taxes

The Company has made an election under Section 856 (C) of the Internal Revenue Code of 1986, as amended (the "Code"), to be taxed as a Real Estate Investment Trust ("REIT") under the Code beginning with its taxable year ended December 31, 1998. As a REIT for federal income tax purposes, the Company generally will not be subject to federal income tax on income that it distributes to its shareholders. If the Company fails to qualify as a REIT in any taxable year, it will then be subject to federal income tax on its taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year during which qualification is lost. Such an event could materially adversely affect the Company's net income and net cash available to distribute to shareholders. However, the Company believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner so that the Company will remain qualified as a REIT for federal income tax purposes.

(f) Employees

The Company has no direct employees. The employees of the Advisor and Wells Management Company, Inc. (Wells Management), an affiliate of the Company and the Advisor, perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for the Company. The Company has reimbursed the Advisor and Wells Management for allocated salaries, wages and other payroll related costs totaling \$1.1 million and \$0.4 million for the nine months ended September 30, 2002 and 2001, respectively, and \$0.5 million and \$0.1 million for the three months ended September 30, 2002 and 2001, respectively.

(g) Insurance

Wells Management Company, Inc., an affiliate of the Company and the Advisor, carries comprehensive liability and extended coverage with respect to all the properties owned directly or indirectly by the Company. In the opinion of management, the properties are adequately insured.

(h) Competition

The Company will experience competition for tenants from owners and managers of competing projects, which may include its affiliates. As a result, the Company may be required to provide free rent, reduced charges for tenant improvements and other inducements, all of which may have an adverse impact on results of operations. At the time the Company elects to dispose of its properties, the Company will also be in competition with sellers of similar properties to locate suitable purchasers for its properties.

(i) Statement of Cash Flows

For the purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents include cash and short-term investments.

Table of Contents**(j) Basis of Presentation**

Substantially all of the Company's business is conducted through Wells OP. On December 31, 1997, Wells OP issued 20,000 limited partner units to the Advisor in exchange for a capital contribution of \$200,000. The Company is the sole general partner in Wells OP; consequently, the accompanying consolidated balance sheet of the Company includes the amounts of the Company and Wells OP. The Advisor, a limited partner, is not currently receiving distributions from its investment in Wells OP.

The consolidated financial statements of the Company have been prepared in accordance with instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. These quarterly statements have not been examined by independent accountants, but in the opinion of management of the Company, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary to present a fair presentation of the results for such periods. Results for interim periods are not necessarily indicative of full year results. For further information, refer to the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2001.

2. INVESTMENT IN JOINT VENTURES**(a) Basis of Presentation**

As of September 30, 2002, the Company owned interests in 17 properties in joint ventures with related entities through its ownership in Wells OP, which owns interests in seven such joint ventures. The Company does not have control over the operations of these joint ventures; however, it does exercise significant influence. Accordingly, investment in joint ventures is recorded using the equity method.

(b) Summary of Operations

The following information summarizes the operations of the unconsolidated joint ventures in which the Company, through Wells OP, had ownership interests as of September 30, 2002 and 2001, respectively. There were no additional investments in joint ventures made by the Company during the three months and nine months ended September 30, 2002.

3. INVESTMENTS IN REAL ESTATE

As of September 30, 2002, the Company, through its ownership in Wells OP, owns 50 properties directly. The following describes acquisitions made directly by Wells OP during the three months ended September 30, 2002.

The ISS Atlanta Buildings

On July 1, 2002, Wells OP purchased two five-story buildings containing a total of 238,600 rentable square feet located in Atlanta, Georgia for a purchase price of \$40.5 million, excluding closing costs. The ISS Atlanta Buildings were acquired by assigning to Wells OP an existing ground lease with the Development Authority of Fulton County ("Development Authority"). Fee simple title to the land upon which the ISS Atlanta Buildings are located is held by the Development Authority, which issued Development Authority of Fulton County Taxable Revenue Bonds ("Bonds") totaling \$32.5 million in connection with the construction of these buildings. The Bonds, which entitle Wells OP to certain real property tax abatement benefits, were also assigned to Wells OP at the closing. Fee title interest to the land will be transferred to Wells OP upon payment

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

of the outstanding balance on the Bonds, either by prepayment by Wells OP or at the expiration of the ground lease on December 1, 2015.

The entire rentable area of the ISS Atlanta Buildings is leased to Internet Security Systems, Inc., a Georgia corporation (ISS). The ISS Atlanta lease is a net lease that commenced in November 2000 and expires in May 2013. The current annual base rent payable under the ISS Atlanta lease is approximately \$4.6 million. ISS, at its option, has the right to extend the initial term of its lease for three additional five-year periods at 95% of the then-current market rental rate.

The PacifiCare San Antonio Building

On July 12, 2002, Wells OP purchased the PacifiCare San Antonio Building, a two-story office building containing 142,500 rentable square feet located in San Antonio, Texas for a purchase price of \$14.7 million, excluding closing costs. The PacifiCare San Antonio Building is 100% leased to PacifiCare Health Systems, Inc. (PacifiCare). The PacifiCare lease is a net lease that commenced in November 2000 and expires in November 2010. The current annual base rent payable under the PacifiCare lease is approximately \$1.5 million. PacifiCare, at its option, has the right to extend the initial term of its lease for three additional five-year periods. Monthly base rent for the first renewal term will be approximately \$0.2

Table of Contents

million and monthly base rent for the second and third renewal terms will be the then-current market rental rate.

The Kerr-McGee Property

On July 29, 2002, Wells OP purchased the Kerr-McGee Property, a 4.2-acre tract of land located in Houston, Harris County, Texas for a purchase price of approximately \$1.7, excluding closing costs. Wells OP has entered into agreements to construct a four-story office building containing approximately 100,000 rentable square feet (the Kerr-McGee Project) on the Kerr-McGee Property. It is currently anticipated that the aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the Kerr-McGee Property and the planning, design, development, construction and completion of the Kerr McGee Project will total approximately \$15.8 million.

The entire 100,000 rentable square feet of the Kerr-McGee Project will be leased to Kerr-McGee Oil & Gas Corporation (Kerr-McGee), a wholly owned subsidiary of Kerr-McGee Corporation. The initial term of the Kerr-McGee lease will extend 11 years and 1 month beyond the rent commencement date. Construction on the building is scheduled to be completed by July 2003. The rent commencement date will occur no later than July 1, 2003. Kerr-McGee has the right to extend the initial term of this lease for one additional period of twenty years or the option to extend the initial term for any combination of additional periods of ten years or five years for a total additional period of not more than twenty years. The base rental rate will be 95% of the existing market rate. The initial annual base rent payable under the Kerr-McGee lease will be calculated as 10.5% of project costs.

Wells OP obtained a construction loan in the amount of \$13.7 million from Bank of America, to fund the construction of a building on the Kerr-McGee Property. The loan requires monthly payments of interest only and matures on January 29, 2004. The interest rate on the loan as of August 6, 2002 was 3.80%. The Bank of America loan is secured by a first priority mortgage on the Kerr-McGee Property.

The BMG Greenville Buildings

On July 31, 2002, Wells OP purchased the BMG Greenville Buildings, two one-story office buildings containing 786,778 rentable square feet located in Duncan, Spartanburg County, South Carolina for a purchase price of \$26.9 million, excluding closing costs. The BMG Greenville Buildings are leased to BMG Direct Marketing, Inc. (BMG Marketing) and BMG Music (BMG Music).

The BMG Marketing lease is a net lease that covers approximately 473,398 square feet that commenced in March 1988 and expires in March 2011. The current annual base rent payable under the BMG Marketing lease is approximately \$1.4 million. BMG Marketing, at its option, has the right to extend the initial term of its lease for two consecutive ten-year periods at 95% of the then-current market rental rate.

The BMG Music lease is a net lease that covers approximately 313,380 rentable square feet that commenced in December 1987 and expires in March 2011. The current annual base rent payable under the BMG Music lease is approximately \$0.8 million. BMG Music, at its option, has the right to extend the initial term of its lease for two consecutive ten-year periods at 95% of the then-current market rental rate.

The Kraft Atlanta Building

On August 1, 2002, Wells OP purchased the Kraft Atlanta Building, a one-story office building containing 87,219 rentable square feet located in Suwanee, Forsyth County, Georgia for a purchase price of approximately \$11.6 million, excluding closing costs. The Kraft Atlanta Building is leased to Kraft Foods North America, Inc. (Kraft) and PerkinElmer Instruments, LLC (PerkinElmer).

Table of Contents

The Kraft lease is a net lease that covers approximately 73,264 square feet that commenced in February 2002 and expires in January 2012. The current annual base rent payable under the Kraft lease is approximately \$1.3 million. Kraft, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, Kraft may terminate the lease (1) at the end of the third year by paying a \$7.0 million termination fee, or (2) at the end of the seventh lease year by paying an approximately \$1.8 million termination fee.

The PerkinElmer lease is a net lease that covers approximately 13,955 rentable square feet that commenced in December 2001 and expires in November 2016. The current annual base rent payable under the PerkinElmer lease is approximately \$0.2 million. PerkinElmer, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, PerkinElmer may terminate the lease at the end of the tenth lease year by paying a \$0.3 million termination fee.

The Nokia Dallas Buildings

On August 15, 2002, Wells OP purchased the Nokia Dallas Buildings, three adjacent office buildings containing an aggregate of 604,234 rentable square feet located in Irving, Texas for an aggregate purchase price of approximately \$119.6 million, excluding closing costs. The Nokia Dallas Buildings are all leased entirely to Nokia, Inc (Nokia) under three long-term net leases for periods of 10 years, with approximately seven to eight years remaining on such leases.

The Nokia I Building is a nine-story building containing 228,678 rentable square feet. The Nokia I Building lease fully commenced in July 1999 and expires in July 2009. The current annual base rent payable under the Nokia I Building lease is approximately \$4.4 million. The Nokia II Building is a seven-story building containing 223,470 rentable square feet. The Nokia II Building lease commenced in December 2000 and expires in December 2010. The current annual base rent payable under the Nokia II Building lease is approximately \$4.5 million. The Nokia III Building is a six-story building containing 152,086 rentable square feet. The Nokia III Building lease commenced in June 1999 and expires in July 2009. The current annual base rent payable under the Nokia III Building lease is approximately \$3.0 million.

The Harcourt Austin Building

On August 15, 2002, Wells OP purchased the Harcourt Austin Building, a seven-story office building containing 195,230 rentable square feet located in Austin, Texas for a purchase price of \$39.0 million, excluding closing costs. The Harcourt Austin Building is leased entirely to Harcourt, Inc. (Harcourt), a wholly owned subsidiary of Harcourt General, Inc., the guarantor of the Harcourt lease. The Harcourt lease commenced in July 2001 and expires in June 2016. The current annual base rent payable under the Harcourt lease is approximately \$3.4 million.

The AmeriCredit Phoenix Property

On September 12, 2002, Wells OP purchased the AmeriCredit Phoenix Property, a 14.74-acre tract of land located in Chandler, Maricopa County, Arizona for a purchase price of approximately \$2.6 million, excluding closing costs. Wells OP has entered into agreements to construct a three-story office building containing approximately 153,494 rentable square feet (the AmeriCredit Phoenix Project) on the AmeriCredit Phoenix Property. It is currently anticipated that the aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the AmeriCredit Phoenix Project and the planning, design, development, construction and completion of the AmeriCredit Phoenix Project will total approximately \$24.7 million.

Table of Contents

The entire 153,494 rentable square feet of the AmeriCredit Phoenix Project will be leased to AmeriCredit Financial Services, Inc. (AmeriCredit), a wholly owned subsidiary of AmeriCredit Corporation. The initial term of the AmeriCredit lease will extend 10 years and 4 month beyond the rent commencement date. Construction on the building is scheduled to be completed by August 2003. AmeriCredit has the right to extend the initial term of this lease for two additional periods of five years at 95% of the then-market rate. As an inducement for Wells OP to enter into the AmeriCredit Phoenix lease, AmeriCredit has prepaid to Wells OP the first three years of base rent at a discounted amount equal to approximately \$4.8 million.

The IRS Long Island Buildings

On September 16, 2002, Wells REIT-Holtsville, NY, LLC (REIT-Holtsville), a Georgia limited liability company wholly-owned by Wells OP purchased the IRS Long Island Buildings, a two-story office building and a one-story daycare facility containing an aggregate 259,700 rentable square feet located in Holtsville, New York for a purchase price of approximately \$51.0 million, excluding closing costs. Approximately 191,050 of the aggregate rentable square feet of the IRS Long Island Buildings (74%) is currently leased to the United States of America through the U.S. General Services Administration (U.S.A.) for occupancy by the IRS under three separate lease agreements for the processing & collection division of the IRS (IRS Collection), the compliance division of the IRS (IRS Compliance), and the IRS Daycare Facility. REIT-Holtsville is negotiating for the remaining 26% of the IRS Long Island Buildings to be leased by the U.S.A. on behalf of the IRS or to another suitable tenant. If REIT-Holtsville should lease this space to the U.S.A. or another suitable tenant within 18 months, REIT-Holtsville would owe the seller an additional amount of up to \$14.5 million as additional purchase price for the IRS Long Island Buildings pursuant to the terms of an earnout agreement entered into between REIT-Holtsville and the seller at the closing.

The IRS Collection lease, which encompasses 128,000 rentable square feet of the IRS Office Building, commenced in August 2000 and expires in August 2005. The current annual base rent payable under the IRS Collection lease is approximately \$5.0 million. The annual base rent payable under the IRS Collection lease for the remaining two years of the initial lease term will be approximately \$2.8 million. The U.S.A., at its option, has the right to extend the initial term of its lease for two additional five-year periods at annual rental rates of approximately \$4.2 million and \$5.0 million, respectively.

The IRS Compliance lease, which encompasses 50,949 rentable square feet of the IRS Office Building, commenced in December 2001 and expires in December 2011. The annual base rent payable under the IRS Compliance lease for the initial term of the lease is approximately \$1.7 million. The U.S.A., at its option, has the right to extend the initial term of its lease for one additional ten-year period at an annual rental rate of approximately \$2.2 million.

The IRS Daycare Facility lease, which encompasses the entire 12,100 rentable square feet of the IRS Daycare Facility, commenced in October 1999 and expires in September 2004. The annual base rent payable under the IRS Daycare Facility lease for the initial term of the lease is approximately \$0.5 million. The U.S.A., at its option, has the right to extend the initial term of its lease for two additional five-year periods at an annual rental rate of approximately \$0.4 million.

The KeyBank Parsippany Building

On September 27, 2002, Wells OP purchased the KeyBank Parsippany Building, a four-story office building containing 404,515 rentable square feet located in Parsippany, New Jersey for a purchase price of approximately \$101.4 million, excluding closing costs. The KeyBank Parsippany Building is leased to Key Bank U.S.A., N.A. (KeyBank) and Gemini Technology Services (Gemini).

Table of Contents

The KeyBank lease covers 200,000 rentable square feet (49%) under a net lease that commenced in March 2001 and expires in February 2016. The current annual base rent payable under the KeyBank lease is \$3.8 million. KeyBank, at its option, has the right to extend the initial term of its lease for three additional five-year periods at the then-current market rental rate.

The Gemini lease covers 204,515 rentable square feet (51%) under a gross lease that commenced in December 2000 and expires in December 2013. The current annual base rent payable under the Gemini lease is approximately \$5.7 million. Gemini, at its option, has the right to extend the initial term of its lease for three additional five-year periods at a rate equal to the greater of (1) the annual rent during the final year of the initial lease term, or (2) 95% of the then-current market rental rate.

The Federal Express Colorado Springs Building

On September 27, 2002, Wells OP purchased the Federal Express Colorado Springs Building, a three-story office building containing 155,808 rentable square feet located in Colorado Springs, Colorado for a purchase price of \$26.0 million, excluding closing costs. The Federal Express Colorado Springs Building is leased entirely to Federal Express Corporation (Federal Express). The Federal Express lease commenced in July 2001 and expires in October 2016. The current annual base rent payable under the Federal Express lease is approximately \$2.2 million. Federal Express, at its option, has the right to extend the initial term of its lease for four additional five-year periods at 90% of the then-current market rental rate. In addition, Federal Express has an expansion option under its lease pursuant to which Wells OP would be required to construct an additional office building.

The EDS Des Moines Building

On September 27, 2002, Wells OP purchased the EDS Des Moines Building, a one-story office and distribution building containing 115,000 rentable square feet of office space and 290,000 rentable square feet of warehouse space located in Des Moines, Iowa for a purchase price of \$26.5 million, excluding closing costs. The EDS Des Moines Building is leased entirely to EDS Information Services L.L.C. (EDS), a wholly-owned subsidiary of Electronic Data Systems Corporation (EDS Corp.). EDS Corp. is the guarantor of the EDS lease. The EDS lease commenced in May 2002 and expires in April 2012. The current annual base rent payable under the EDS lease is approximately \$2.4 million. EDS, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, EDS has an expansion option under its lease for up to an additional 100,000 rentable square feet.

The Intuit Dallas Building

On September 27, 2002, Wells OP purchased the Intuit Dallas Building, a two-story office building with a three-story wing containing 166,238 rentable square feet located in Plano, Texas for a purchase price of \$26.5 million, excluding closing costs. The Intuit Dallas Building is leased entirely to Lacerte Software Corporation (Lacerte), a wholly-owned subsidiary of Intuit, Inc. (Intuit). Intuit is the guarantor of the Lacerte lease. The Lacerte lease commenced in July 2001 and expires in June 2011. The current annual base rent payable under the Lacerte lease is approximately \$2.5 million. Lacerte, at its option, has the right to extend the initial term of its lease for two additional five-year periods at rental rates of \$17.92 per square foot and \$19.71 per square foot, respectively. In addition, Lacerte has an expansion option through November 2004 pursuant to which Wells OP would be required to purchase an additional 19 acre tract of land and to construct up to an approximately 600,000 rentable square foot building thereon.

The Allstate Indianapolis Building

On September 27, 2002, Wells OP purchased the Allstate Indianapolis Building, a one-story office building containing 89,956 rentable square feet located in Indianapolis, Indiana for a purchase price of \$10.9 million, excluding closing costs. The Allstate Indianapolis Building is leased to Allstate Insurance Company (Allstate) and Holladay Property Services Midwest, Inc. (Holladay).

The Allstate lease, which covers 84,200 rentable square feet (94%), commenced in March 2002 and expires in August 2012. The current annual base rent payable under the Allstate lease is approximately \$1.2 million. Allstate at its option has the right to (1) terminate the initial term of the Allstate lease at the end of the fifth lease year (August 2007) upon payment of an approximately \$0.4 million fee, or (2) reduce its area of occupancy to not less than 20,256 rentable square feet, by providing written notice on or before August 2006. Allstate, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, Allstate has a right of first refusal for the leasing of additional space in the Allstate Indianapolis Building.

Holladay is a property management company that manages the Allstate Indianapolis Building from the site. The Holladay lease, which covers 5,756 rentable square feet (6%), commenced in October 2001 and expires in September 2006. The current annual base rent payable under the Holladay lease is approximately \$.07 million.

The Daimler Chrysler Dallas Building

On September 30, 2002, Wells OP purchased the Daimler Chrysler Dallas Building, a two-story office building containing 130,290 rentable square feet located in Westlake, Texas for a purchase price of \$25.1 million, excluding closing costs. The Daimler Chrysler Dallas Building is leased entirely to Daimler Chrysler Services North America LLC (Daimler Chrysler NA). The Daimler Chrysler NA lease commenced in January 2002 and expires in December 2011. The current annual base rent payable under the Daimler Chrysler NA lease is approximately \$3.2 million. Daimler Chrysler NA, at its option, has the right to extend the initial term of its lease for three additional five-year periods at 98% of the then-current market rental rate. In addition, Daimler Chrysler NA has an expansion option for up to an additional 70,000 rentable square feet and a right of first offer if Wells OP desires to sell the Daimler Chrysler Dallas Building during the term of the lease.

4. NOTE RECEIVABLE

In connection with the purchase of the TRW Denver Building on May 29, 2002, Wells OP acquired a note receivable from the building's sole tenant, TRW, Inc., in the amount of \$5.2 million. The loan was made to fund above-standard tenant improvement costs to the building. The note receivable is structured to be fully amortized over the remaining lease term, which expires September 2007, at 11% interest with TRW making monthly loan payments of \$.1 million. At September 30, 2002, the principal balance of this note receivable was \$5.0 million.

6. INTEREST RATE SWAPS

Wells OP has entered into interest rate swap agreements with Bank of America in order to hedge its interest rate exposure on the Bank of America construction loans for the Nissan Property (the Nissan Loan) and the Kerr McGee Property (the Kerr McGee Loan). The interest rate swap agreements involve the exchange of amounts based on a fixed interest rate for amounts based on a variable interest rate over the life of the loan agreement without an exchange of the notional amount upon which the payments are based. The notional amount of both interest rate swaps is the balance outstanding on the construction loan on the payment date.

The interest rate swap for the Nissan Loan became effective January 15, 2002 and terminates on June 15, 2003. Wells OP, as the fixed rate payer, has an interest rate of 3.9%. Bank of America, the variable rate payer, pays at a rate equal to U.S. dollar LIBOR on the payment date. The result is an effective interest rate of 5.9% on the Nissan Loan.

The interest rate swap for the Kerr McGee Loan became effective September 15, 2002 and terminates on July 15, 2003. Wells OP as fixed rate payer has an interest rate of 2.27%. Bank of America, the variable rate payer, pays at a rate equal to U.S. dollar LIBOR on the payment date. The result is an effective interest rate of 4.27% on the Kerr McGee Loan.

During the nine months ended September 30, 2002, Wells OP made interest payments totaling approximately \$45,221 under the terms of the interest rate swap agreements. At September 30, 2002, the estimated fair value of the interest rate swap for the Nissan Loan and the Kerr McGee Loan was \$(384,855) and \$(30,180), respectively. The interest rate swaps are accounted for by mark-to-market accounting on a monthly basis and are included in prepaid and other assets on the accompanying consolidated balance sheet.

On January 1, 2001, the Company adopted SFAS No. 133, as amended by SFAS No. 137 and No. 138 Accounting for Derivative Instruments and Hedging Activities. The effect of adopting the SFAS No. 133 did not have a material effect on the Company's consolidated financial statements.

7. INVESTMENT IN BONDS AND OBLIGATIONS UNDER CAPITAL LEASES

In connection with the purchase of a ground leasehold interest in the Ingram Micro Distribution Facility pursuant to a Bond Real Property Lease dated December 20, 1995 (the Bond Lease), Wells OP acquired an Industrial Development Revenue Note (the Bond) dated December 20, 1995 in the principal amount of \$22 million. As part of the same transaction, Wells OP also acquired a Fee Construction Mortgage Deed of Trust Assignment of Rents and Leases (the Bond Deed of Trust), also dated December 20, 1995, which was executed by the Industrial Development Board in order to secure the Bond. Beginning in 2006, the holder of the Bond Lease has the option to purchase the land underlying the Ingram Micro Distribution Facility for \$100 plus satisfaction of the indebtedness evidenced by the Bond. Because Wells OP is technically subject to the obligation to pay the \$22 million indebtedness evidenced by the Bond, the obligation to pay the Bond is carried on the Company's books as a liability. However, since Wells OP is also the owner of the Bond, the Bond is also carried on the Company's books as an asset.

As part of the transaction to acquire a ground leasehold interest in the ISS Atlanta Buildings, Wells OP was assigned Development Authority of Fulton County Taxable Revenue Bonds totaling \$32.5 million, which were originally issued in connection with the development of the ISS Atlanta Buildings (the Bonds). The Bonds entitle Wells OP to certain property tax abatement benefits. Upon payment of the outstanding balance on the Bonds, on or before the expiration of the ground lease on December 1, 2015, fee title interest to the underlying land will be transferred to

Wells OP. Because Wells OP is technically subject to the obligation to pay the \$32.5 million indebtedness evidenced by the Bond, the

Table of Contents

obligation to pay the Bonds is carried on the Company's books as a liability. However, since Wells OP is also the owner of the Bonds, the Bonds are also carried on the Company's books as an asset.

8. Due to affiliates

Due to affiliates consists of amounts due to the Advisor for acquisitions and advisory fees and acquisition expenses, deferred offering costs, and other operating expenses paid on behalf of the Company. Also included in due to affiliates is the amount due to the Fund VIII-IX Joint Venture related to the Matsushita lease guarantee, which is explained in greater detail in the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2001. Payments of \$.6 million have been made as of September 30, 2002 toward funding the obligation under the Matsushita agreement.

9. COMMITMENTS AND CONTINGENCIES

Take Out Purchase and Escrow Agreement

An affiliate of the Advisor (Wells Exchange) has developed a program (the Wells Section 1031 Program) involving the acquisition by Wells Exchange of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are looking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Code. Each of these properties will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to pay off the interim financing. In consideration for the payment of a take out fee to the Company, and following approval of the potential property acquisition by the Company's Board of Directors, it is anticipated that Wells OP will enter into a contractual relationship providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells OP will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period. As a part of the initial transaction in the Wells Section 1031 Program, Wells OP entered into a take out purchase and escrow agreement dated April 16, 2001 providing, among other things, that Wells OP would be obligated to acquire, at Wells Exchange's cost, any unsold co-tenancy interests in the building known as the Ford Motor Credit Complex which remained unsold at the expiration of the offering of Wells Exchange, which was extended to April 15, 2002. Wells OP was compensated for its takeout commitment in the amount of \$.1 million in each of 2001 and 2002 by payment of a take out fee to Wells OP in an amount equal to 1.25% of its maximum financial obligation under the Ford Motor Credit take out purchase and escrow agreement. On April 12, 2002, Wells Exchange paid off the interim financing on the Ford Motor Credit Complex. This pay off of the loan triggered the release of Wells OP from its prior obligations under the take out purchase and escrow agreement relating to such property.

Letters of Credit

At September 30, 2002, Wells OP had three letters of credit totaling \$19.2 million outstanding from financial institutions, which were not recorded in the accompanying consolidated balance sheet. These letters of credit were required by three of the Company's tenants to ensure

completion of the Company's contractual obligations. The Company's management does not anticipate a need to draw on these letters of credit.

Table of Contents

Properties under Contract

At September 30, 2002, the Company had three executed contracts for the acquisition of properties totaling \$82.0 million. Escrows of \$1.3 million have been paid out for these properties and are included in prepaid and other assets on the accompanying consolidated balance sheet.

10. SUBSEQUENT EVENTS

Issuance of Common Stock

From October 1, 2002 through October 25, 2002, the Company has raised approximately \$91.5 million through the issuance of 9.1 million shares of common stock in the Company.

Termination Agreement

Effective October 31, 2002, Arthur Andersen LLP (Andersen) and Wells OP entered into a termination agreement with respect to the lease for the three-story office building containing 157,700 rentable square feet located in Sarasota, Florida known as the Arthur Andersen Building. In consideration for releasing Andersen from its obligation to pay rent under the lease, Andersen paid Wells OP a termination fee of \$979,760 and conveyed to Wells OP an approximately 1.3 acre tract of land adjacent to the property which was used for parking.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Description of Real Estate Property Acquired

On November 22, 2002, Wells REIT-Independence Square, LLC (the Company) acquired the NASA Buildings from Southwest Market Limited Partnership (Southwest Market). The Company, a Georgia limited liability company, was created on November 22, 2002 by Wells Real Estate Investment Trust, Inc., a Maryland corporation, the sole member of the Company.

The two nine-story buildings contain 948,813 square feet of net rentable area and are leased to six tenants, including the National Aeronautics and Space Administration (NASA) and The Office of the Comptroller of the Currency (OCC), which occupy a total of 932,209 square feet. The remaining square footage is leased to several retail tenants under lease agreements that expire over the next eight years. NASA occupies 590,689 square feet under a gross lease (NASA Lease) that commenced in July 1992 and expires in July 2012. OCC occupies 341,520 square feet under a lease (OCC Lease) that commenced in May 1991 and expires in May 2006. Southwest Market's interests in the NASA Lease, the OCC Lease and other retail lease agreements were assigned to the Company upon the acquisition of the NASA Buildings.

Under the NASA Lease, the tenant is required to pay, as adjusted rent, its share of increases in real estate taxes and changes in costs from the first lease year for cleaning services, supplies, materials, maintenance, trash removal, landscaping, sewer charges and certain administrative expenses attributable to occupancy. The amount of the adjustment will be computed using the Cost of Living Index. Under the OCC Lease, the tenant is required to pay, as additional rent, its share of increases in real estate taxes and changes in costs from the first lease year for, including but not limited to, cleaning services, electricity, heating, water, air conditioning and landscaping. The Company will be responsible for maintaining and repairing the NASA Buildings' roof, foundations, common areas, electrical systems and mechanical systems.

Rental Revenues

Rental income is recognized on a straight-line basis over the terms of the leases.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Description of Real Estate Property Acquired

On November 26, 2002, the Wells Operating Partnership, L.P. (Wells OP) acquired the Caterpillar Nashville Building from Highwoods/Tennessee Holdings, LP. (Highwoods/Tennessee). Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

The 312,297 square foot 11-story Caterpillar Nashville Building is 100% leased to three tenants, Caterpillar Financial Services Corporation (Caterpillar), Thoughtworks, LLC (Thoughtworks) and Highwoods Properties, Inc. (Highwoods). Caterpillar currently occupies 300,901 square feet under a gross lease (Caterpillar Lease) that commenced in March 2000 and expires in February 2015. Thoughtworks currently occupies 6,400 square feet under a gross lease (Thoughtworks Lease) that commenced in May 2000 and expires in May 2005. Highwoods currently occupies 4,996 square feet under a gross lease (Highwoods Lease) that commenced in October 2000 and expires in September 2005. Highwoods/Tennessee's interests in the Caterpillar Lease, Thoughtworks Lease and Highwoods Lease were assigned to Wells OP upon acquisition of the Caterpillar Nashville Building.

Under the Caterpillar Lease, the Thoughtworks Lease and the Highwoods Lease, the tenants are required to pay, as additional rent, all operating costs in excess of a \$6.50 per square foot expense stop. Under the Caterpillar Lease, Caterpillar's responsibility for increases in expenses other than insurance, taxes and utilities is capped at 4.5% annually. Furthermore, Caterpillar will reimburse the landlord a management fee equal to 4% of gross rental receipts. Wells OP will be responsible for the maintenance and repair of the structural elements of the building and the capital repairs and replacement of the roof.

Rental Revenues

Rental income is recognized on a straight-line basis over the terms of the leases.

2. BASIS OF ACCOUNTING

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, these statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as depreciation and interest. Therefore, these statements are not comparable to the statement of operations of the Caterpillar Nashville Building after its acquisition by Wells OP.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland corporation (the Wells REIT), included in its annual report on Form 10-K for the year ended December 31, 2001 and quarterly report on Form 10-Q for the period ended September 30, 2002. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of September 30, 2002 has been prepared to give effect to the fourth quarter 2002 acquisitions of the NASA Buildings by the Wells REIT and the Caterpillar Nashville Building and the Capital One Richmond Buildings by Wells OP (collectively, the Recent Acquisitions) as if the acquisitions occurred on September 30, 2002.

The following unaudited pro forma statement of income for the nine months ended September 30, 2002 has been prepared to give effect to the first, second and third quarter 2002 acquisitions of the Vertex Sarasota Building (formerly the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building (collectively, the 2002 Acquisitions) and the Recent Acquisitions as if the acquisitions occurred on January 1, 2001. The Kerr McGee Property and the AmeriCredit Phoenix Property had no operations during the nine months ended September 30, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2001 has been prepared to give effect to the 2001 acquisitions of the Comdata Building, the AmeriCredit Building, the State Street Bank Building, the IKON Buildings, the Ingram Micro Building, the Lucent Building, the ADIC Buildings, the Convergys Building, the Windy Point Buildings (collectively, the 2001 Acquisitions), the 2002 Acquisitions and the Recent Acquisitions as if the acquisitions occurred on January 1, 2001. The Nissan Property, the Travelers Express Denver Buildings, the Kerr McGee Property, the AmeriCredit Phoenix Property and the EDS Des Moines Building had no operations during 2001.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of the Wells REIT. As the sole general partner of Wells OP, the Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with the accompanying pro forma financial statements of Wells REIT.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisitions of the 2001 Acquisitions, 2002 Acquisitions and the Recent Acquisitions been consummated as of January 1, 2001.

Description of Properties

As of January 15, 2003, we had purchased interests in 73 real estate properties located in 23 states. Below are the descriptions of our recent real property acquisitions.

John Wiley Indianapolis Building

On December 12, 2002, Wells Fund XIII REIT Joint Venture Partnership (XIII-REIT Joint Venture), a joint venture partnership between Wells Real Estate Fund XIII, L.P. (Wells Fund XIII) and Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased a four-story office building on a 10.28 acre tract of land located at 10475 Crosspoint Boulevard in Fishers, Hamilton County, Indiana (John Wiley Indianapolis Building) from Crosspoint Seven, LLC for a purchase price of \$17,450,000, plus closing costs. Crosspoint Seven, LLC is not in any way affiliated with the XIII-REIT Joint Venture, Wells REIT, Wells OP, or our advisor, Wells Capital, Inc.

Wells OP contributed \$8,928,915 and Wells Fund XIII contributed \$8,577,787 to the Wells Fund XIII REIT Joint Venture to fund their respective shares of the acquisition costs for the John Wiley Indianapolis Building. As of December 31, 2002, Wells OP held an equity percentage interest in the XIII REIT Joint Venture of approximately 61.28% and Wells Fund XIII held an equity percentage interest in the Wells Fund XIII REIT Joint Venture of approximately 38.72%.

The John Wiley Indianapolis Building, which was completed in 1999, contains approximately 141,047 rentable square feet and is leased to John Wiley & Sons, Inc. (John Wiley), United Student Aid Funds, Inc. (USA Funds) and Robert Half International, Inc. (Robert Half).

John Wiley, as the primary tenant, occupies 123,674 rentable square feet (87.7%) of the John Wiley Indianapolis Building. John Wiley, a New York corporation publicly traded on the New York Stock Exchange (NYSE), publishes books and journals in print and electronic media specializing in scientific, technical, medical, professional, and educational materials. John Wiley has operations in the United States, Europe, Canada, Asia, and Australia. John Wiley reported a net worth, as of April 30, 2002, of approximately \$276 million.

The John Wiley lease commenced in November 1999 and expires in October 2009. The current annual base rent payable under the John Wiley lease is \$1,940,892. John Wiley is obligated to lease the remaining 17,373 rentable square feet of the John Wiley Indianapolis Building upon the expiration of the USA Funds lease and the Robert Half lease described below. John Wiley has the right, at its option, to extend the initial term of its lease for two additional five-year periods at 95% of the then-current market rental rate. The XIII-REIT Joint Venture, as the landlord, is responsible for paying the operating and maintenance costs; however, under the John Wiley lease, John Wiley is responsible for its share of operating and maintenance costs in excess of \$3.55 per rentable square foot, along with its share of real estate taxes.

USA Funds is a wholly owned subsidiary of SLM Corporation, which is a leading source of funding and servicing support for education loans. USA Funds is a nonprofit corporation that supports access to education by providing financial and other services to those who pursue, provide or promote education. The USA Funds lease covers 14,413 rentable square feet (10.2%) and commenced in February

Table of Contents

2001 and expires in July 2005. The current annual base rent payable under the USA Funds lease is \$223,401. Under the USA Funds lease, USA Funds is responsible for its share of operating and maintenance costs in excess of \$4.00 per rentable square foot, along with its share of real estate taxes.

Robert Half is a staffing services agency publicly traded on the NYSE. Robert Half specializes in the staffing of accountants, attorneys, finance professionals, administrative support technicians, information technology professionals, and web design professionals. Robert Half has more than 325 locations in North America, Europe, Australia and New Zealand. The Robert Half lease covers 2,960 rentable square feet (2.1%) and commenced in April 2000 and expires in April 2005. The current annual base rent payable under the Robert Half lease is \$55,256. Under the Robert Half lease, Robert Half is responsible for operating and maintenance costs and real estate taxes in excess of \$4.01 per rentable square foot.

The XIII-REIT Joint Venture, as landlord, is responsible for the maintenance and repair of the elevators, plumbing, heating, and air conditioning, exterior walls, doors, windows, corridors and other common areas of the John Wiley Indianapolis Building.

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our advisor, will manage the John Wiley Indianapolis Building on behalf of the XIII-REIT Joint Venture and will be paid management and leasing fees in the amount of 4.5% of the gross revenues from the John Wiley Indianapolis Building.

Nestle Building

On December 20, 2002, Wells REIT Glendale, CA, LLC (REIT Glendale), a Georgia limited liability company wholly-owned by Wells OP, purchased a 20-story office building containing approximately 505,115 rentable square feet located in Glendale, California (Nestle Building) for a purchase price of \$157,000,000, plus closing costs, from Douglas Emmett Joint Venture (Douglas Emmett). Douglas Emmett is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

In connection with the acquisition of the Nestle Building, REIT Glendale assumed an existing \$90,000,000 loan in favor of Landesbank Schleswig-Holstein Girozentrale, Kiel (Landesbank Loan), a German chartered bank, secured by the property. The interest rate on the Landesbank Loan is equal to LIBOR plus 1.15%, and the current interest rate on the Landesbank Loan is fixed for the next six months at 2.53% per annum. The Landesbank Loan requires monthly payments of interest only and matures on December 27, 2006. REIT Glendale may prepay the Landesbank Loan any time after December 28, 2003 without incurring any penalty. REIT Glendale paid a \$450,000 loan assumption fee at closing in connection with the assumption of the Landesbank Loan.

The Nestle Building was built in 1990 and is located on a 4.02-acre tract of land at 800 N. Brand Boulevard in Glendale, California. Approximately 502,994 rentable square feet of the Nestle Building (99.6%) is leased to Nestle USA, Inc. (Nestle USA), a wholly-owned subsidiary of Nestle S.A., a Swiss company. Nestle USA operates manufacturing centers which produce various foods and beverages, including chocolate, prepared foods, juices and milk products. Some of Nestle USA's famous brands include Stouffer's, Carnation, Libby's, Taster's Choice and Nestle.

The Nestle USA lease commenced in August 1990 and expires in August 2010. The current annual base rent payable under the Nestle USA lease is \$14,839,519. Nestle has the right, at its option, to extend the initial term of its lease for four additional five-year periods at the

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

then-current market rental rate. Nestle also has a right of first refusal to lease any additional available space in the Nestle Building. REIT Glendale, as the landlord, is responsible for paying the operating and maintenance costs under the Nestle USA lease; however, Nestle USA is responsible for its share of operating and maintenance costs in excess of the base year operating allowance established in the first lease year. REIT Glendale, as the landlord, is also responsible for

maintaining and repairing the structural portions and mechanical systems of the Nestle Building, including plumbing, heating, air conditioning, and electrical systems.

Wells Management will manage the Nestle Building on behalf of REIT Glendale and will be paid management and leasing fees in the amount of 4.5% of the gross revenues from the Nestle Building, subject to certain limitations.

East Point Buildings

On January 9, 2003, Wells OP purchased two three-story office buildings containing approximately 187,735 aggregate rentable square feet located in Mayfield Heights, Ohio (East Point Buildings) for a purchase price of \$21,968,000, plus closing costs, from Best Property Fund, L.P. (Best Property). Best Property is not in any way affiliated with the Wells REIT, Wells OP, or our advisor.

The East Point Buildings, which were built in 2000, are located at 6085 Parkland Boulevard (East Point I) and 6095 Parkland Boulevard (East Point II) in Mayfield Heights, Cuyahoga County, Ohio. The entire 102,484 rentable square feet of East Point I is leased to Progressive Casualty Insurance Company (Progressive Casualty). Progressive Casualty is the principal operating subsidiary of Progressive Corporation (Progressive Corp.), the fourth largest auto insurance company in the United States. Progressive Corp., a public company traded on the NYSE, provides various insurance products, including personal automobile insurance, D&O insurance and employee misconduct insurance.

The Progressive Casualty lease is a net lease (i.e., operating costs and maintenance costs are paid by the tenant) which commenced in January 2003 and expires in December 2012. The current annual base rent payable under the Progressive Casualty lease is \$947,977. Progressive Casualty has the right, at its option, to extend the initial term of its lease for one additional five-year period for an annual base rent of \$1,332,292 and a second additional five-year period at 95% of the then-current market rental rate. If Progressive Casualty does not exercise the first five-year extension option described above, it has the right to exercise a six-month extension option for a monthly base rent of \$111,024. Progressive Casualty has a right of first offer to lease additional space in the East Point Buildings upon space becoming available, which is subordinate to the rights of the tenants of East Point II described below. In addition, Progressive Casualty has a right of first offer to purchase the East Point Buildings, which right is also subordinate to the right of The Austin Company (Austin) described below. If Wells OP subdivides East Point I and East Point II, Progressive Casualty's right of first offer will then apply only to East Point I.

East Point II contains approximately 85,251 rentable square feet, of which 70,585 is currently leased to Austin, Danaher Power Solutions LLC (Danaher) and Moreland Management Co. (Moreland). Approximately 14,666 rentable square feet (17.2%) of East Point II is vacant.

Austin leases 40,900 rentable square feet (48.0%) of East Point II. Austin is a private company with corporate headquarters in Cleveland, Ohio. Austin offers a wide range of in-house architectural, engineering, design-build and construction management services. Austin has offices in many major U.S. cities, London and Puerto Rico. The Austin lease is a net lease which commenced in June 2000 and expires in June 2010. The current annual base rent payable under the Austin lease is \$1,002,050. Austin has the right, at its option, to extend the initial term of its lease for one additional five-year period for an annual base rent of \$1,042,950. Austin has a right of first refusal to lease additional space on the second floor in East Point II upon space becoming available. In addition, Austin has a right of first offer to purchase the East Point Buildings upon the landlord's receipt of a third-party offer.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Danaher leases 15,553 rentable square feet (18.2%) of East Point II. Danaher is a wholly owned subsidiary of Danaher Corporation (Danaher Corp.). Danaher designs, manufactures and provides power quality and reliability products and services. Danaher Corp., a public company traded on the NYSE, is located in 30 countries worldwide and conducts business in the process and environmental controls industry and the tools and components industry. The Danaher lease commenced in July 2002 and expires in November 2007. The current annual base rent payable under the Danaher lease is \$324,348. Wells OP, as the landlord, is responsible for paying the operating and maintenance costs under the Danaher lease; however, Danaher is responsible for its share of (1) operating

Table of Contents

and maintenance costs in excess of \$1.85 per rentable square foot, and (2) real estate taxes in excess of \$4.65 per rentable square foot.

Moreland leases 14,132 rentable square feet (16.6%) of East Point II. The Moreland lease commenced in August 2001 and expires in October 2011. The current annual base rent payable under the Moreland lease is \$325,036. Moreland has the right, at its option, to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. Moreland has a right of first refusal to lease additional space on the floor Moreland currently occupies in East Point II upon space becoming available.

Wells OP, as the landlord, is responsible for maintaining all common areas, building mechanical systems, exterior doors and walls, and the roof of the East Point Buildings.

Wells Management will be paid management and leasing fees in the amount of up to 4.5% of gross revenues from the East Point Buildings, subject to certain limitations. Wells OP has entered into a management agreement with CB Richard Ellis to serve as the on-site property manager for the East Point Buildings, which property management fees will be paid out of or credited against the fees payable to Wells Management. CB Richard Ellis is not in any way affiliated with the Wells REIT, Wells OP, or our advisor.

Second Transaction under the Section 1031 Exchange Program

As described in the Investment Objectives and Criteria Section 1031 Exchange Program section of our prospectus, an affiliate of our advisor has developed a program (Section 1031 Exchange Program) involving the acquisition of income-producing commercial properties and the formation of a series of single member limited liabilities companies (Wells Exchange) for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to persons (1031 Participants) who are looking to invest the proceeds from a sale of real estate held for investment into another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Internal Revenue Code. The initial transaction in the Section 1031 Exchange Program involved the acquisition by Wells Exchange and resale of co-tenancy interests in the Ford Motor Credit Complex located in Colorado Springs, Colorado. Since all of the co-tenancy interests in the Ford Motor Credit Complex were sold to 1031 Participants, Wells OP neither acquired any unsold co-tenancy interests in the Ford Motor Credit Complex, nor has any additional exposure under the Take Out Purchase and Escrow Agreement entered into in connection with the acquisition of the Ford Motor Credit Complex.

The second transaction in the Section 1031 Exchange Program involves the acquisition by Wells Exchange and resale of co-tenancy interests in two single tenant office buildings each containing approximately 98,216 rentable square feet located in Birmingham, Alabama (Meadow Brook Corporate Park) currently under lease agreements with Allstate Insurance Company (Allstate) and Computer Sciences Corporation (Computer Sciences). Allstate is a wholly owned subsidiary of Allstate Corporation, a Fortune 100 company. Allstate sells private passenger auto and homeowners insurance in the United States and Canada, as well as other lines of personal property and casualty insurance, including landlords, personal umbrella, renters, condominium, residential fire, manufactured housing, boat owners and selected commercial property and casualty. Computer Sciences, a public company traded on the NYSE, is in the technology services business and provides broad-based technology services that include management consulting, systems integration, and systems outsourcing to commercial markets and the federal government. Wells Exchange is currently engaged in the offer and sale of co-tenancy interests in the Meadow Brook Corporate Park to 1031 Participants.

In consideration for the payment of a Take Out Fee in the amount of \$175,000, and following approval of the potential property acquisition by our board of directors, Wells OP entered into a Take Out Purchase and Escrow Agreement relating to the Meadow Brook Corporate Park. Pursuant to the terms of

Table of Contents

the Take Out Purchase and Escrow Agreement, Wells OP is obligated to acquire, at Wells Exchange's cost (\$419,916 in cash for each 2.9994% co-tenancy interest), any co-tenancy interests in the Meadow Brook Corporate Park which remain unsold on September 30, 2003.

The obligations of Wells OP under the Take Out Purchase and Escrow Agreement are secured by a line of credit with Bank of America, N.A. (BOA). If, for any reason, Wells OP fails to acquire any of the co-tenancy interests in the Meadow Brook Corporate Park which remain unsold as of September 30, 2003, or if there is otherwise an uncured default under the interim loan between Wells Exchange and BOA or Wells OP's loan documents, BOA is authorized to draw down on Wells OP's line of credit in the amount necessary to pay the outstanding balance of the interim loan in full, in which event the appropriate amount of unsold co-tenancy interests in the Meadow Brook Corporate Park would be deemed to Wells OP. Wells OP's maximum economic exposure in the transaction is \$14,000,000, in which event Wells OP would acquire the Meadow Brook Corporate Park for \$14,000,000 in cash plus assumption of the first mortgage financing in the amount of \$13,900,000. If Wells Exchange successfully sells 100% of the co-tenancy interests to 1031 Participants, Wells OP will not acquire any interest in the Meadow Brook Corporate Park. If some, but not all, of the co-tenancy interests are sold by Wells Exchange, Wells OP's exposure would be less, and it would end up owning an interest in the property in co-tenancy with 1031 Participants who had previously acquired co-tenancy interests in the Meadow Brook Corporate Park from Wells Exchange.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information amends and restates the information contained in the Management's Discussion and Analysis of Financial Condition and Results of Operations section of Supplement No. 4 dated December 10, 2002, and should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section beginning on page 101 of the prospectus, as supplemented by Supplement No. 1 dated August 14, 2002, Supplement No. 2 dated August 29, 2002 and Supplement No. 3 dated October 25, 2002. We amended our previously filed third quarter Form 10-Q by amending the Consolidated Statements of Income for the three and nine months ended September 30, 2002 and Notes 1(k) and 2 to the Condensed Notes to Financial Statements and the Results of Operations subsection of the Management's Discussion and Analysis of Financial Condition and Results of Operations in order to restate the presentation of certain of our operating costs reimbursed by tenants as revenue and the gross property operating costs as expenses pursuant to a FASB Emerging Issues Task Force release issued in November 2001. In addition, interest income and interest expense related to certain bonds held by the Wells REIT have been restated to reflect such amounts on a gross basis consistent with this revised presentation. The comparative financial information for prior periods was also reclassified to conform the presentation. Since this presentation does not impact the amount of reimbursements we received or the property operating costs incurred and requires equal adjustments to revenues and expenses, the adoption of this guidance will have no impact on our financial position, net income, earnings per share or cash flows.

Forward Looking Statements

This supplement contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to shareholders in the future and certain other matters. Readers of this supplement should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in this supplement, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, inability to invest in properties on a timely basis or in properties

Table of Contents

that will provide targeted rates of return and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow.

We have made an election under Section 856 (c) of the Internal Revenue Code (Internal Revenue Code) to be taxed as a REIT under the Internal Revenue Code beginning with its taxable year ended December 31, 1999. As a REIT for federal income tax purposes, we generally will not be subject to federal income tax on income that we distribute to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on our taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year in which our qualification is lost. Such an event could materially adversely affect our net income. However, management believes that we are organized and operate in a manner which will enable us to qualify for treatment as a REIT for federal income tax purposes during this fiscal year. In addition, management intends to continue to operate the Wells REIT so as to remain qualified as a REIT for federal income tax purposes.

Liquidity and Capital Resources

During the nine months ended September 30, 2002, we received aggregate gross offering proceeds of \$988.5 million from the sale of 98.8 million shares of our common stock. After payment of \$34.8 million in acquisition and advisory fees and acquisition expenses, payment of \$104.3 million in selling commissions and organization and offering expenses, and common stock redemptions of \$11.6 million pursuant to our share redemption program, we raised net offering proceeds of \$837.8 million during the first three quarters of 2002, of which \$144.5 million remained available for investment in properties at quarter end. In October, we reached our limit on stock redemptions for the year and, accordingly, there will be no further stock redemptions under our stock redemption program for the remainder of 2002.

During the nine months ended September 30, 2001, we received aggregate gross offering proceeds of \$297.8 million from the sale of 29.8 million shares of its common stock. After payment of \$10.3 million in acquisition and advisory fees and acquisition expenses, payment of \$35.6 million in selling commissions and organizational and offering expenses, and common stock redemptions of \$2.1 million pursuant to our share redemption program, we raised net offering proceeds of \$249.8 million during the first three quarters of 2001, of which \$8.7 million remained available for investment in properties at quarter end.

The significant increase in capital resources we have available is due to significantly increased sales of our common stock during the first three quarters of 2002.

As of September 30, 2002, we owned interests in 67 real estate properties either directly or through interests in joint ventures. Dividends declared for the third quarter of 2002 and 2001 were approximately \$0.1938 and \$0.1875 per share, respectively. In August 2002, our board of directors declared dividends for the fourth quarter of 2002 in the amount of approximately \$0.175 per share.

Due primarily to the pace of our property acquisitions, as explained in more detail in the following paragraphs, dividends paid in the first three quarters of 2002 in the aggregate amount of approximately \$71.4 million exceeded our Adjusted Funds From Operations for this period by approximately \$11 million.

We continue to acquire properties that meet our standards of quality both in terms of the real estate and the creditworthiness of the tenants. Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused us to add to our internal procedures for ensuring the

Table of Contents

creditworthiness of our tenants before any commitment to buy a property is made. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our shareholders. Accordingly, because the marketplace is now placing a higher value on our type of properties and because of the additional time it now takes in the acquisition process for us to assess tenant credit plus our commitment to adhere to purchasing properties with tenants that meet our investment criteria we were required to lower our dividend yield to investors.

As a result of the factors described in the preceding paragraph, on August 29, 2002, our board of directors declared dividends for the fourth quarter of 2002 in an amount equal to a 7.0% annualized percentage rate return on an investment of \$10 per share to be paid in December 2002. Our fourth quarter dividends are calculated on a daily record basis of \$0.001923 (0.1923 cents) per day per share on the outstanding shares of common stock payable to shareholders of record of such shares as shown on our books at the close of business on each day during the period, commencing on September 16, 2002, and continuing on each day thereafter through and including December 15, 2002.

For information relating to the dividends declared for the first quarter of 2003, see the Subsequent Events section below.

Cash Flows From Operating Activities

Our net cash provided by operating activities was \$68.2 million and \$26.5 million for the nine months ended September 30, 2002 and 2001, respectively. The increase in net cash provided by operating activities was due primarily to the net income generated by additional properties acquired during 2002 and 2001.

Cash Flows Used In Investing Activities

Our net cash used in investing activities was \$826.9 million and \$155.7 million for the nine months ended September 30, 2002 and 2001, respectively. The increase in net cash used in investing activities was due primarily to investments in properties and the payment of related deferred project costs, partially offset by distributions received from joint ventures.

Cash Flows From Financing Activities

Our net cash provided by financing activities was \$827.1 million and \$136.1 million for the nine months ended September 30, 2002 and 2001, respectively. The increase in net cash provided by financing activities was due primarily to the raising of additional capital and the lack of debt payments, which were \$208.1 million in the prior year. We raised \$988.5 million in offering proceeds for the nine months ended September 30, 2002, as compared to \$297.8 million for the same period in 2001. Additionally, we paid dividends totaling \$23.5 million in the first three quarters of 2001 compared to \$71.4 million in the same period of 2002.

Results of Operations

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Gross revenues were \$87.9 million and \$38.5 million for the nine months ended September 30, 2002 and 2001, respectively. Gross revenues for the nine months ended September 30, 2002 and 2001 were attributable to rental income, operating cost reimbursements, interest income earned on funds held by the Company prior to the investment in properties, and income earned from joint ventures. The increase in revenues in 2002 was primarily attributable to the purchase of \$805.5 million in additional properties during 2002 and the purchase of \$114.1 million in additional properties during the fourth quarter of 2001 which were not owned for the first three quarters of 2001. The purchase of additional properties also resulted in an increase in expenses, which totaled \$48.1 million for the nine months ended September 30, 2002, as compared to \$24.1 million for the nine months ended September 30, 2001. Expenses in 2002 and 2001 consisted primarily of depreciation, operating costs, interest expense, management and leasing fees and general and administrative costs. As a result, our net income also increased from \$14.4 million for the nine months ended September 30, 2001 to \$39.8 million for the nine months ended September 30, 2002.

Table of Contents

Earnings per share for the nine months ended September 30, 2002 decreased from \$0.33 per share for the nine months ended September 30, 2001 to \$0.31 per share for the nine months ended September 30, 2002. Earnings per share for the third quarter decreased from \$0.11 per share for the three months ended September 30, 2001 to \$0.09 per share for the three months ended September 30, 2002. These decreases were primarily due to the substantial increase in the number of shares outstanding as a result of capital raised in 2002 which was not completely matched by a corresponding increase in net income because such capital proceeds were not fully invested in properties.

Funds From Operations

Funds From Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with GAAP excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. We believe that FFO is helpful to investors as a measure of the performance of an equity REIT. However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. Adjusted Funds From Operations (AFFO) is defined as FFO adjusted to exclude the effects of straight-line rent adjustments, deferred loan cost amortization and other non-cash and/or unusual items. Neither FFO nor AFFO represent cash generated from operating activities in accordance with GAAP and should not be considered as alternatives to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions. The following table reflects the calculation of FFO and AFFO for the three and nine months ended September 30, 2002 and 2001, respectively:

	Three Months Ended (in thousands)		Nine Months Ended (in thousands)	
	September 30, 2002	September 30, 2001	September 30, 2002	September 30, 2001

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases that are intended to protect us from the impact of inflation. These provisions include reimbursement billings for common area maintenance charges, real estate tax and insurance reimbursements on a per square foot

Table of Contents

basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance.

Critical Accounting Policies

Our reported results of operations are impacted by management judgments related to application of accounting policies. A discussion of the accounting policies that management considers to be critical, in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain, is included in Footnote 1 to the financial statements.

Subsequent Events

Effective October 31, 2002, Arthur Andersen LLP (Andersen) and Wells OP entered into a termination agreement with respect to the lease for the three-story office building containing 157,700 rentable square feet located in Sarasota, Florida formerly known as the Arthur Andersen Building. In consideration for releasing Andersen from its obligation to pay rent under the lease, Andersen paid Wells OP a termination fee of \$979,760 and conveyed to Wells OP an approximately 1.3 acre tract of land adjacent to the property which was used for parking. On November 1, 2002, Wells OP entered into a net lease agreement with Vertex Tax Technology Enterprises, LLC (Vertex) for approximately 47,388 rentable square feet of the building. The current term of the lease is seven years, which commenced on November 1, 2002 and expires on October 31, 2009. The current annual base rent payable under the Vertex lease is \$621,257.

In November 2002, Shoreview Associates LLC (Shoreview), the owner of an office building located in Ramsey County, Minnesota that Wells OP had contracted to purchase, filed a lawsuit against Wells OP in state court in Minnesota alleging that it was entitled to the \$750,000 in earnest money that Wells OP had deposited under the contract. Wells OP has filed a counterclaim in the case asserting that it is entitled to the \$750,000 earnest money deposit. Procedurally, Wells OP had the case transferred to U.S. District Court in Minnesota and Shoreview has moved to transfer the case back to the state court. The dispute currently remains in litigation.

On December 4, 2002, our board of directors declared dividends for the first quarter of 2003 in the amount of a 7.0% annualized percentage rate return on an investment of \$10.00 per share to be paid in March 2003. Our first quarter dividends are calculated on a daily record basis of \$0.001944 (0.1944 cents) per day per share on the outstanding shares of common stock payable to stockholders of record of such shares as shown on the books of the Wells REIT at the close of business on each day during the period, commencing on December 16, 2002, and continuing on each day thereafter through and including March 15, 2003.

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

SEPTEMBER 30, 2002

(UNAUDITED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) General

Wells Real Estate Investment Trust, Inc. (the Company) is a Maryland corporation formed on July 3, 1997, which qualifies as a real estate investment trust (REIT). Substantially all of the Company's business is conducted through Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership organized for the purpose of acquiring, developing, owning, operating, improving, leasing, and otherwise managing income producing commercial properties for investment purposes on behalf of the Company. The Company is the sole general partner of Wells OP.

On January 30, 1998, the Company commenced its initial public offering of up to 16.5 million shares of common stock at \$10 per share pursuant to a Registration Statement on Form S-11 filed under the Securities Act of 1933. The Company commenced active operations on June 5, 1998. The Company terminated its initial public offering on December 19, 1999 at which time gross proceeds of approximately \$132.2 million had been received from the sale of approximately 13.2 million shares. The Company commenced its second public offering of shares of common stock on December 20, 1999, which was terminated on December 19, 2000 after receipt of gross proceeds of approximately \$175.2 million from the sale of approximately 17.5 million shares. The Company commenced its third public offering of shares of common stock on December 20, 2000, which terminated on July 26, 2002 after receipt of gross proceeds of approximately \$1.3 billion from the sale of approximately 128.3 million shares. As of September 30, 2002, the Company has received gross proceeds of approximately \$235.7 million from the sale of approximately 23.6 million shares from its fourth public offering. Accordingly, as of September 30, 2002, the Company has received aggregate gross offering proceeds of approximately \$1.8 billion from the sale of 182.6 million shares of its common stock to investors. After payment of \$63.3 million in acquisition and advisory fees and acquisition expenses, payment of \$202.9 million in selling commissions and organization and offering expenses, capital contributions to joint ventures and acquisitions expenditures by Wells OP of \$1.4 billion for property acquisitions, and common stock redemptions of \$17.2 million pursuant to the Company's share redemption program, the Company was holding net offering proceeds of \$144.5 million available for investment in properties, as of September 30, 2002.

(c) Critical Accounting Policies

The Company's accounting policies have been established in accordance with accounting principles generally accepted in the United States (GAAP). The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of our financial statements. Below is a discussion of the accounting policies that we consider to be critical in that they may require complex judgment in their application or require estimates about matters which are inherently uncertain.

Revenue Recognition

The Company recognizes rental income generated from all leases on real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, on a straight-line basis over the terms of the respective leases. If a tenant was to encounter financial difficulties in future periods, the amount recorded as a receivable may not be realized.

Operating Cost Reimbursements

The Company generally bills tenants for operating cost reimbursements, either directly or through investments in joint ventures, on a monthly basis at amounts estimated largely based on actual prior period activity, the current year budget and the respective lease terms. Such billings are generally adjusted on an annual basis to reflect reimbursements owed to the landlord based on the actual costs incurred during the period and the respective lease terms. Financial difficulties encountered by tenants may result in receivables not being realized.

Table of Contents

Real Estate

Management continually monitors events and changes in circumstances indicating that the carrying amounts of the real estate assets in which the Company has an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When such events or changes in circumstances are present, management assesses the potential impairment by comparing the fair market value of the asset, estimated at an amount equal to the future undiscounted operating cash flows expected to be generated from tenants over the life of the asset and from its eventual disposition, to the carrying value of the asset. In the event that the carrying amount exceeds the estimated fair market value, the Company would recognize an impairment loss in the amount required to adjust the carrying amount of the asset to its estimated fair market value. Neither the Company nor its joint ventures have recognized impairment losses on real estate assets to date.

Deferred Project Costs

The Company records acquisition and advisory fees and acquisition expenses payable to Wells Capital, Inc. (the Advisor) by capitalizing deferred project costs and reimbursing the Advisor in an amount equal to 3.5% of cumulative capital raised to date. As the Company invests its capital proceeds, deferred project costs are applied to real estate assets, either directly or through contributions to joint ventures, and depreciated over the useful lives of the respective real estate assets. Acquisition and advisory fees and acquisition expenses paid as of September 30, 2002, amounted to \$63.3 million and represented approximately 3.5% of capital contributions received. These fees are allocated to specific properties as they are purchased or developed and are included in capitalized assets of the joint venture, or real estate assets. Deferred project costs at September 30, 2002 and December 31, 2001, represent fees paid, but not yet applied to properties.

Deferred Offering Costs

The Advisor expects to continue to fund 100% of the organization and offering costs and recognize related expenses, to the extent that such costs exceed 3% of cumulative capital raised, on behalf of the Company. Organization and offering costs include items such as legal and accounting fees, marketing and promotional costs, and printing costs, and specifically exclude sales costs and underwriting commissions. The Company records offering costs by accruing deferred offering costs, with an offsetting liability included in due to affiliates, at an amount equal to the lesser of 3% of cumulative capital raised to date or actual costs incurred from third-parties less reimbursements paid to the Advisor. As equity is raised, the Company reverses the deferred offering costs accrual and recognizes a charge to stockholders' equity upon reimbursing the Advisor. As of September 30, 2002, the Advisor had paid organization and offering expenses on behalf of the Company in an aggregate amount of \$34.2 million, of which the Advisor had been reimbursed \$29.7 million, which did not exceed the 3% limitation. Deferred offering costs in the accompanying balance sheet represent costs incurred by the Advisor which will be reimbursed by the Company.

(d) Distribution Policy

The Company will make distributions each taxable year (not including a return of capital for federal income tax purposes) equal to at least 90% of its real estate investment trusts' taxable income. The Company intends to make regular quarterly distributions to stockholders. Distributions will be made to those stockholders who are stockholders as of the record date selected by the Directors. The Company currently calculates quarterly dividends based on the daily record and dividend declaration dates; thus, stockholders are entitled to receive dividends immediately upon the purchase of shares.

Table of Contents

Dividends to be distributed to the stockholders are determined by the Board of Directors and are dependent on a number of factors related to the Company, including funds available for payment of dividends, financial condition, capital expenditure requirements and annual distribution requirements in order to maintain the Company's status as a REIT under the Code. Operating cash flows are expected to increase as additional properties are added to the Company's investment portfolio.

(e) Income Taxes

The Company has made an election under Section 856 (C) of the Internal Revenue Code of 1986, as amended (the "Code"), to be taxed as a Real Estate Investment Trust ("REIT") under the Code beginning with its taxable year ended December 31, 1998. As a REIT for federal income tax purposes, the Company generally will not be subject to federal income tax on income that it distributes to its shareholders. If the Company fails to qualify as a REIT in any taxable year, it will then be subject to federal income tax on its taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year during which qualification is lost. Such an event could materially adversely affect the Company's net income and net cash available to distribute to shareholders. However, the Company believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner so that the Company will remain qualified as a REIT for federal income tax purposes.

(f) Employees

The Company has no direct employees. The employees of the Advisor and Wells Management Company, Inc. (Wells Management), an affiliate of the Company and the Advisor, perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for the Company. The Company has reimbursed the Advisor and Wells Management for allocated salaries, wages and other payroll related costs totaling \$1.1 million and \$0.4 million for the nine months ended September 30, 2002 and 2001, respectively, and \$0.5 million and \$0.1 million for the three months ended September 30, 2002 and 2001, respectively.

(g) Insurance

Wells Management Company, Inc., an affiliate of the Company and the Advisor, carries comprehensive liability and extended coverage with respect to all the properties owned directly or indirectly by the Company. In the opinion of management, the properties are adequately insured.

(h) Competition

The Company will experience competition for tenants from owners and managers of competing projects, which may include its affiliates. As a result, the Company may be required to provide free rent, reduced charges for tenant improvements and other inducements, all of which may have an adverse impact on results of operations. At the time the Company elects to dispose of its properties, the Company will also be in competition with sellers of similar properties to locate suitable purchasers for its properties.

(i) Statement of Cash Flows

For the purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents include cash and short-term investments.

Table of Contents

(j) Basis of Presentation

Substantially all of the Company's business is conducted through Wells OP. On December 31, 1997, Wells OP issued 20,000 limited partner units to the Advisor in exchange for a capital contribution of \$200,000. The Company is the sole general partner in Wells OP; consequently, the accompanying consolidated balance sheet of the Company includes the amounts of the Company and Wells OP. The Advisor, a limited partner, is not currently receiving distributions from its investment in Wells OP.

The consolidated financial statements of the Company have been prepared in accordance with instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. These quarterly statements have not been examined by independent accountants, but in the opinion of management of the Company, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary to present a fair presentation of the results for such periods. Results for interim periods are not necessarily indicative of full year results. For further information, refer to the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2001.

(k) Reclassifications and Change in Presentation

The Company has historically reported property operating costs net of reimbursements from tenants as an expense in its Consolidated Statements of Income. These costs include property taxes, property insurance, utilities, repairs and maintenance, management fees and other expenses related to the ownership and operation of the Company's properties that are required to be reimbursed by the properties' tenants in accordance with the terms of their leases. In response to a FASB Emerging Issues Task Force release issued in November 2001, the Company will now present the reimbursements received from tenants as revenue and the gross property operating costs as expenses commencing in the first quarter of 2002. Consequently, the accompanying Consolidated Statements of Income for the three and nine months ended September 30, 2002 have been amended and restated to reflect the effects of this revised presentation. In addition, the comparative financial information for prior periods has been reclassified to conform to the presentation in the 2002 financial statements.

Since this presentation does not impact the amount of reimbursements received or property operating costs incurred and requires equal adjustments to revenues and expenses, the adoption of this guidance will have no impact on the financial position, net income, earnings per share or cash flows of the Company.

2. INVESTMENT IN JOINT VENTURES

(a) Basis of Presentation

As of September 30, 2002, the Company owned interests in 17 properties in joint ventures with related entities through its ownership in Wells OP, which owns interests in seven such joint ventures. The Company does not have control over the operations of these joint ventures; however, it does exercise significant influence. Accordingly, investment in joint ventures is recorded using the equity method.

(b) Summary of Operations

The following information summarizes the results of operations of the unconsolidated joint ventures in which the Company, through Wells OP, had ownership interests as of September 30, 2002 and 2001, respectively. There were no additional investments in joint ventures made by the Company during the three and nine months ended September 30, 2002.

Total revenues for the three and nine months ended September 30, 2002 presented above have been amended and restated to include operating cost reimbursements from tenants as revenue, consistent with the presentation described in Note 1(k).

3. INVESTMENTS IN REAL ESTATE

As of September 30, 2002, the Company, through its ownership in Wells OP, owns 50 properties directly. The following describes acquisitions made directly by Wells OP during the three months ended September 30, 2002.

The ISS Atlanta Buildings

On July 1, 2002, Wells OP purchased two five-story buildings containing a total of 238,600 rentable square feet located in Atlanta, Georgia for a purchase price of \$40.5 million, excluding closing costs. The ISS Atlanta Buildings were acquired by assigning to Wells OP an existing ground lease with

Table of Contents

the Development Authority of Fulton County (*Development Authority*). Fee simple title to the land upon which the ISS Atlanta Buildings are located is held by the Development Authority, which issued Development Authority of Fulton County Taxable Revenue Bonds (*Bonds*) totaling \$32.5 million in connection with the construction of these buildings. The Bonds, which entitle Wells OP to certain real property tax abatement benefits, were also assigned to Wells OP at the closing. Fee title interest to the land will be transferred to Wells OP upon payment of the outstanding balance on the Bonds, either by prepayment by Wells OP or at the expiration of the ground lease on December 1, 2015.

The entire rentable area of the ISS Atlanta Buildings is leased to Internet Security Systems, Inc., a Georgia corporation (*ISS*). The ISS Atlanta lease is a net lease that commenced in November 2000 and expires in May 2013. The current annual base rent payable under the ISS Atlanta lease is approximately \$4.6 million. ISS, at its option, has the right to extend the initial term of its lease for three additional five-year periods at 95% of the then-current market rental rate.

The PacifiCare San Antonio Building

On July 12, 2002, Wells OP purchased the PacifiCare San Antonio Building, a two-story office building containing 142,500 rentable square feet located in San Antonio, Texas for a purchase price of \$14.7 million, excluding closing costs. The PacifiCare San Antonio Building is 100% leased to PacifiCare Health Systems, Inc. (*PacifiCare*). The PacifiCare lease is a net lease that commenced in November 2000 and expires in November 2010. The current annual base rent payable under the PacifiCare lease is approximately \$1.5 million. PacifiCare, at its option, has the right to extend the initial term of its lease for three additional five-year periods. Monthly base rent for the first renewal term will be approximately \$0.2 million and monthly base rent for the second and third renewal terms will be the then-current market rental rate.

The Kerr-McGee Property

On July 29, 2002, Wells OP purchased the Kerr-McGee Property, a 4.2-acre tract of land located in Houston, Harris County, Texas for a purchase price of approximately \$1.7, excluding closing costs. Wells OP has entered into agreements to construct a four-story office building containing approximately 100,000 rentable square feet (the *Kerr-McGee Project*) on the Kerr-McGee Property. It is currently anticipated that the aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the Kerr-McGee Property and the planning, design, development, construction and completion of the Kerr McGee Project will total approximately \$15.8 million.

The entire 100,000 rentable square feet of the Kerr-McGee Project will be leased to Kerr-McGee Oil & Gas Corporation (*Kerr-McGee*), a wholly owned subsidiary of Kerr-McGee Corporation. The initial term of the Kerr-McGee lease will extend 11 years and 1 month beyond the rent commencement date. Construction on the building is scheduled to be completed by July 2003. The rent commencement date will occur no later than July 1, 2003. Kerr-McGee has the right to extend the initial term of this lease for one additional period of twenty years or the option to extend the initial term for any combination of additional periods of ten years or five years for a total additional period of not more than twenty years. The base rental rate will be 95% of the existing market rate. The initial annual base rent payable under the Kerr-McGee lease will be calculated as 10.5% of project costs.

Wells OP obtained a construction loan in the amount of \$13.7 million from Bank of America, to fund the construction of a building on the Kerr-McGee Property. The loan requires monthly payments of interest only and matures on January 29, 2004. The interest rate on the loan as of August 6, 2002 was 3.80%. The Bank of America loan is secured by a first priority mortgage on the Kerr-McGee Property.

The BMG Greenville Buildings

On July 31, 2002, Wells OP purchased the BMG Greenville Buildings, two one-story office buildings containing 786,778 rentable square feet located in Duncan, Spartanburg County, South Carolina for a purchase price of \$26.9 million, excluding closing costs. The BMG Greenville Buildings are leased to BMG Direct Marketing, Inc. (BMG Marketing) and BMG Music (BMG Music).

The BMG Marketing lease is a net lease that covers approximately 473,398 square feet that commenced in March 1988 and expires in March 2011. The current annual base rent payable under the BMG Marketing lease is approximately \$1.4 million. BMG Marketing, at its option, has the right to extend the initial term of its lease for two consecutive ten-year periods at 95% of the then-current market rental rate.

The BMG Music lease is a net lease that covers approximately 313,380 rentable square feet that commenced in December 1987 and expires in March 2011. The current annual base rent payable under the BMG Music lease is approximately \$0.8 million. BMG Music, at its option, has the right to extend the initial term of its lease for two consecutive ten-year periods at 95% of the then-current market rental rate.

The Kraft Atlanta Building

On August 1, 2002, Wells OP purchased the Kraft Atlanta Building, a one-story office building containing 87,219 rentable square feet located in Suwanee, Forsyth County, Georgia for a purchase price of approximately \$11.6 million, excluding closing costs. The Kraft Atlanta Building is leased to Kraft Foods North America, Inc. (Kraft) and PerkinElmer Instruments, LLC (PerkinElmer).

The Kraft lease is a net lease that covers approximately 73,264 square feet that commenced in February 2002 and expires in January 2012. The current annual base rent payable under the Kraft lease is approximately \$1.3 million. Kraft, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, Kraft may terminate the lease (1) at the end of the third year by paying a \$7.0 million termination fee, or (2) at the end of the seventh lease year by paying an approximately \$1.8 million termination fee.

The PerkinElmer lease is a net lease that covers approximately 13,955 rentable square feet that commenced in December 2001 and expires in November 2016. The current annual base rent payable under the PerkinElmer lease is approximately \$0.2 million. PerkinElmer, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, PerkinElmer may terminate the lease at the end of the tenth lease year by paying a \$0.3 million termination fee.

The Nokia Dallas Buildings

On August 15, 2002, Wells OP purchased the Nokia Dallas Buildings, three adjacent office buildings containing an aggregate of 604,234 rentable square feet located in Irving, Texas for an aggregate purchase price of approximately \$119.6 million, excluding closing costs. The Nokia Dallas Buildings are all leased entirely to Nokia, Inc (Nokia) under three long-term net leases for periods of 10 years, with approximately seven to eight years remaining on such leases.

The Nokia I Building is a nine-story building containing 228,678 rentable square feet. The Nokia I Building lease fully commenced in July 1999 and expires in July 2009. The current annual base rent payable under the Nokia I Building lease is approximately \$4.4 million. The Nokia II Building is a seven-story building containing 223,470 rentable square feet. The Nokia II Building lease commenced in December 2000 and expires in December 2010. The current annual base rent payable under the Nokia II Building lease is approximately \$4.5 million. The Nokia III Building is a six-story building containing

152,086 rentable square feet. The Nokia III Building lease commenced in June 1999 and expires in July 2009. The current annual base rent payable under the Nokia III Building lease is approximately \$3.0 million.

The Harcourt Austin Building

On August 15, 2002, Wells OP purchased the Harcourt Austin Building, a seven-story office building containing 195,230 rentable square feet located in Austin, Texas for a purchase price of \$39.0 million, excluding closing costs. The Harcourt Austin Building is leased entirely to Harcourt, Inc. (Harcourt), a wholly owned subsidiary of Harcourt General, Inc., the guarantor of the Harcourt lease. The Harcourt lease commenced in July 2001 and expires in June 2016. The current annual base rent payable under the Harcourt lease is approximately \$3.4 million.

The AmeriCredit Phoenix Property

On September 12, 2002, Wells OP purchased the AmeriCredit Phoenix Property, a 14.74-acre tract of land located in Chandler, Maricopa County, Arizona for a purchase price of approximately \$2.6 million, excluding closing costs. Wells OP has entered into agreements to construct a three-story office building containing approximately 153,494 rentable square feet (the AmeriCredit Phoenix Project) on the AmeriCredit Phoenix Property. It is currently anticipated that the aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the AmeriCredit Phoenix Project and the planning, design, development, construction and completion of the AmeriCredit Phoenix Project will total approximately \$24.7 million.

The entire 153,494 rentable square feet of the AmeriCredit Phoenix Project will be leased to AmeriCredit Financial Services, Inc. (AmeriCredit), a wholly owned subsidiary of AmeriCredit Corporation. The initial term of the AmeriCredit lease will extend 10 years and 4 month beyond the rent commencement date. Construction on the building is scheduled to be completed by August 2003. AmeriCredit has the right to extend the initial term of this lease for two additional periods of five years at 95% of the then-market rate. As an inducement for Wells OP to enter into the AmeriCredit Phoenix lease, AmeriCredit has prepaid to Wells OP the first three years of base rent at a discounted amount equal to approximately \$4.8 million.

The IRS Long Island Buildings

On September 16, 2002, Wells REIT-Holtsville, NY, LLC (REIT-Holtsville), a Georgia limited liability company wholly-owned by Wells OP purchased the IRS Long Island Buildings, a two-story office building and a one-story daycare facility containing an aggregate 259,700 rentable square feet located in Holtsville, New York for a purchase price of approximately \$51.0 million, excluding closing costs. Approximately 191,050 of the aggregate rentable square feet of the IRS Long Island Buildings (74%) is currently leased to the United States of America through the U.S. General Services Administration (U.S.A.) for occupancy by the IRS under three separate lease agreements for the processing & collection division of the IRS (IRS Collection), the compliance division of the IRS (IRS Compliance), and the IRS Daycare Facility. REIT-Holtsville is negotiating for the remaining 26% of the IRS Long Island Buildings to be leased by the U.S.A. on behalf of the IRS or to another suitable tenant. If REIT-Holtsville should lease this space to the U.S.A. or another suitable tenant within 18 months, REIT-Holtsville would owe the seller an additional amount of up to \$14.5 million as additional purchase price for the IRS Long Island Buildings pursuant to the terms of an earnout agreement entered into between REIT-Holtsville and the seller at the closing.

The IRS Collection lease, which encompasses 128,000 rentable square feet of the IRS Office Building, commenced in August 2000 and expires in August 2005. The current annual base rent payable under the IRS Collection lease is approximately \$5.0 million. The annual base rent payable under the

Table of Contents

IRS Collection lease for the remaining two years of the initial lease term will be approximately \$2.8 million. The U.S.A., at its option, has the right to extend the initial term of its lease for two additional five-year periods at annual rental rates of approximately \$4.2 million and \$5.0 million, respectively.

The IRS Compliance lease, which encompasses 50,949 rentable square feet of the IRS Office Building, commenced in December 2001 and expires in December 2011. The annual base rent payable under the IRS Compliance lease for the initial term of the lease is approximately \$1.7 million. The U.S.A., at its option, has the right to extend the initial term of its lease for one additional ten-year period at an annual rental rate of approximately \$2.2 million.

The IRS Daycare Facility lease, which encompasses the entire 12,100 rentable square feet of the IRS Daycare Facility, commenced in October 1999 and expires in September 2004. The annual base rent payable under the IRS Daycare Facility lease for the initial term of the lease is approximately \$0.5 million. The U.S.A., at its option, has the right to extend the initial term of its lease for two additional five-year periods at an annual rental rate of approximately \$0.4 million.

The KeyBank Parsippany Building

On September 27, 2002, Wells OP purchased the KeyBank Parsippany Building, a four-story office building containing 404,515 rentable square feet located in Parsippany, New Jersey for a purchase price of approximately \$101.4 million, excluding closing costs. The KeyBank Parsippany Building is leased to Key Bank U.S.A., N.A. (KeyBank) and Gemini Technology Services (Gemini).

The KeyBank lease covers 200,000 rentable square feet (49%) under a net lease that commenced in March 2001 and expires in February 2016. The current annual base rent payable under the KeyBank lease is \$3.8 million. KeyBank, at its option, has the right to extend the initial term of its lease for three additional five-year periods at the then-current market rental rate.

The Gemini lease covers 204,515 rentable square feet (51%) under a gross lease that commenced in December 2000 and expires in December 2013. The current annual base rent payable under the Gemini lease is approximately \$5.7 million. Gemini, at its option, has the right to extend the initial term of its lease for three additional five-year periods at a rate equal to the greater of (1) the annual rent during the final year of the initial lease term, or (2) 95% of the then-current market rental rate.

The Federal Express Colorado Springs Building

On September 27, 2002, Wells OP purchased the Federal Express Colorado Springs Building, a three-story office building containing 155,808 rentable square feet located in Colorado Springs, Colorado for a purchase price of \$26.0 million, excluding closing costs. The Federal Express Colorado Springs Building is leased entirely to Federal Express Corporation (Federal Express). The Federal Express lease commenced in July 2001 and expires in October 2016. The current annual base rent payable under the Federal Express lease is approximately \$2.2 million. Federal Express, at its option, has the right to extend the initial term of its lease for four additional five-year periods at 90% of the then-current market rental rate. In addition, Federal Express has an expansion option under its lease pursuant to which Wells OP would be required to construct an additional office building.

The EDS Des Moines Building

On September 27, 2002, Wells OP purchased the EDS Des Moines Building, a one-story office and distribution building containing 115,000 rentable square feet of office space and 290,000 rentable square feet of warehouse space located in Des Moines, Iowa for a purchase price of \$26.5 million, excluding closing costs. The EDS Des Moines Building is leased entirely to EDS Information Services

Table of Contents

L.L.C. (EDS), a wholly-owned subsidiary of Electronic Data Systems Corporation (EDS Corp.). EDS Corp. is the guarantor of the EDS lease. The EDS lease commenced in May 2002 and expires in April 2012. The current annual base rent payable under the EDS lease is approximately \$2.4 million. EDS, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, EDS has an expansion option under its lease for up to an additional 100,000 rentable square feet.

The Intuit Dallas Building

On September 27, 2002, Wells OP purchased the Intuit Dallas Building, a two-story office building with a three-story wing containing 166,238 rentable square feet located in Plano, Texas for a purchase price of \$26.5 million, excluding closing costs. The Intuit Dallas Building is leased entirely to Lacerte Software Corporation (Lacerte), a wholly-owned subsidiary of Intuit, Inc. (Intuit). Intuit is the guarantor of the Lacerte lease. The Lacerte lease commenced in July 2001 and expires in June 2011. The current annual base rent payable under the Lacerte lease is approximately \$2.5 million. Lacerte, at its option, has the right to extend the initial term of its lease for two additional five-year periods at rental rates of \$17.92 per square foot and \$19.71 per square foot, respectively. In addition, Lacerte has an expansion option through November 2004 pursuant to which Wells OP would be required to purchase an additional 19 acre tract of land and to construct up to an approximately 600,000 rentable square foot building thereon.

The Allstate Indianapolis Building

On September 27, 2002, Wells OP purchased the Allstate Indianapolis Building, a one-story office building containing 89,956 rentable square feet located in Indianapolis, Indiana for a purchase price of \$10.9 million, excluding closing costs. The Allstate Indianapolis Building is leased to Allstate Insurance Company (Allstate) and Holladay Property Services Midwest, Inc. (Holladay).

The Allstate lease, which covers 84,200 rentable square feet (94%), commenced in March 2002 and expires in August 2012. The current annual base rent payable under the Allstate lease is approximately \$1.2 million. Allstate at its option has the right to (1) terminate the initial term of the Allstate lease at the end of the fifth lease year (August 2007) upon payment of an approximately \$0.4 million fee, or (2) reduce its area of occupancy to not less than 20,256 rentable square feet, by providing written notice on or before August 2006. Allstate, at its option, has the right to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. In addition, Allstate has a right of first refusal for the leasing of additional space in the Allstate Indianapolis Building.

Holladay is a property management company that manages the Allstate Indianapolis Building from the site. The Holladay lease, which covers 5,756 rentable square feet (6%), commenced in October 2001 and expires in September 2006. The current annual base rent payable under the Holladay lease is approximately \$.07 million.

The Daimler Chrysler Dallas Building

On September 30, 2002, Wells OP purchased the Daimler Chrysler Dallas Building, a two-story office building containing 130,290 rentable square feet located in Westlake, Texas for a purchase price of \$25.1 million, excluding closing costs. The Daimler Chrysler Dallas Building is leased entirely to Daimler Chrysler Services North America LLC (Daimler Chrysler NA). The Daimler Chrysler NA lease commenced in January 2002 and expires in December 2011. The current annual base rent payable under the Daimler Chrysler NA lease is approximately \$3.2 million. Daimler Chrysler NA, at its option, has the right to extend the initial term of its lease for three additional five-year periods at 98% of the

then-current market rental rate. In addition, Daimler Chrysler NA has an expansion option for up to an

additional 70,000 rentable square feet and a right of first offer if Wells OP desires to sell the Daimler Chrysler Dallas Building during the term of the lease.

4. NOTE RECEIVABLE

In connection with the purchase of the TRW Denver Building on May 29, 2002, Wells OP acquired a note receivable from the building's sole tenant, TRW, Inc., in the amount of \$5.2 million. The loan was made to fund above-standard tenant improvement costs to the building. The note receivable is structured to be fully amortized over the remaining lease term, which expires September 2007, at 11% interest with TRW making monthly loan payments of \$.1 million. At September 30, 2002, the principal balance of this note receivable was \$5.0 million.

5. NOTES PAYABLE

At September 30, 2002, Wells OP had the following debt:

<u>Lender</u>	<u>Collateral</u>	<u>Type of Debt</u>	<u>Maturity Date</u>	<u>Balance Outstanding (in millions)</u>

6. INTEREST RATE SWAPS

Wells OP has entered into interest rate swap agreements with Bank of America in order to hedge its interest rate exposure on the Bank of America construction loans for the Nissan Property (the Nissan Loan) and the Kerr McGee Property (the Kerr McGee Loan). The interest rate swap agreements involve the exchange of amounts based on a fixed interest rate for amounts based on a variable interest rate over the life of the loan agreement without an exchange of the notional amount upon which the payments are based. The notional amount of both interest rate swaps is the balance outstanding on the construction loan on the payment date.

The interest rate swap for the Nissan Loan became effective January 15, 2002 and terminates on June 15, 2003. Wells OP, as the fixed rate payer, has an interest rate of 3.9%. Bank of America, the variable rate payer, pays at a rate equal to U.S. dollar LIBOR on the payment date. The result is an effective interest rate of 5.9% on the Nissan Loan.

The interest rate swap for the Kerr McGee Loan became effective September 15, 2002 and terminates on July 15, 2003. Wells OP as fixed rate payer has an interest rate of 2.27%. Bank of America, the variable rate payer, pays at a rate equal to U.S. dollar LIBOR on the payment date. The result is an effective interest rate of 4.27% on the Kerr McGee Loan.

During the nine months ended September 30, 2002, Wells OP made interest payments totaling approximately \$45,221 under the terms of the interest rate swap agreements. At September 30, 2002, the estimated fair value of the interest rate swap for the Nissan Loan and the Kerr McGee Loan was \$(384,855) and \$(30,180), respectively. The interest rate swaps are accounted for by mark-to-market accounting on a monthly basis and are included in prepaid and other assets on the accompanying consolidated balance sheet.

On January 1, 2001, the Company adopted SFAS No. 133, as amended by SFAS No. 137 and No. 138 Accounting for Derivative Instruments and Hedging Activities. The effect of adopting the SFAS No. 133 did not have a material effect on the Company's consolidated financial statements.

7. INVESTMENT IN BONDS AND OBLIGATIONS UNDER CAPITAL LEASES

In connection with the purchase of a ground leasehold interest in the Ingram Micro Distribution Facility pursuant to a Bond Real Property Lease dated December 20, 1995 (the Bond Lease), Wells OP acquired an Industrial Development Revenue Note (the Bond) dated December 20, 1995 in the principal amount of \$22 million. As part of the same transaction, Wells OP also acquired a Fee Construction Mortgage Deed of Trust Assignment of Rents and Leases (the Bond Deed of Trust), also dated December 20, 1995, which was executed by the Industrial Development Board in order to secure the Bond. Beginning in 2006, the holder of the Bond Lease has the option to purchase the land underlying the Ingram Micro Distribution Facility for \$100 plus satisfaction of the indebtedness evidenced by the Bond. Because Wells OP is technically subject to the obligation to pay the \$22 million indebtedness evidenced by the Bond, the obligation to pay the Bond is carried on the Company's books as a liability. However, since Wells OP is also the owner of the Bond, the Bond is also carried on the Company's books as an asset.

As part of the transaction to acquire a ground leasehold interest in the ISS Atlanta Buildings, Wells OP was assigned Development Authority of Fulton County Taxable Revenue Bonds totaling \$32.5 million, which were originally issued in connection with the development of the ISS Atlanta Buildings (the Bonds). The Bonds entitle Wells OP to certain property tax abatement benefits. Upon payment of the outstanding balance on the Bonds, on or before the expiration of the ground lease on December 1, 2015, fee title interest to the underlying land will be transferred to

Wells OP. Because Wells OP is technically subject to the obligation to pay the \$32.5 million indebtedness evidenced by the Bond, the

Table of Contents

obligation to pay the Bonds is carried on the Company's books as a liability. However, since Wells OP is also the owner of the Bonds, the Bonds are also carried on the Company's books as an asset.

8. DUE TO AFFILIATES

Due to affiliates consists of amounts due to the Advisor for acquisitions and advisory fees and acquisition expenses, deferred offering costs, and other operating expenses paid on behalf of the Company. Also included in due to affiliates is the amount due to the Fund VIII-IX Joint Venture related to the Matsushita lease guarantee, which is explained in greater detail in the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2001. Payments of \$.6 million have been made as of September 30, 2002 toward funding the obligation under the Matsushita agreement.

9. COMMITMENTS AND CONTINGENCIES

Take Out Purchase and Escrow Agreement

An affiliate of the Advisor (Wells Exchange) has developed a program (the Wells Section 1031 Program) involving the acquisition by Wells Exchange of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are looking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Code. Each of these properties will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to pay off the interim financing. In consideration for the payment of a take out fee to the Company, and following approval of the potential property acquisition by the Company's Board of Directors, it is anticipated that Wells OP will enter into a contractual relationship providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells OP will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period. As a part of the initial transaction in the Wells Section 1031 Program, Wells OP entered into a take out purchase and escrow agreement dated April 16, 2001 providing, among other things, that Wells OP would be obligated to acquire, at Wells Exchange's cost, any unsold co-tenancy interests in the building known as the Ford Motor Credit Complex which remained unsold at the expiration of the offering of Wells Exchange, which was extended to April 15, 2002. Wells OP was compensated for its takeout commitment in the amount of \$.1 million in each of 2001 and 2002 by payment of a take out fee to Wells OP in an amount equal to 1.25% of its maximum financial obligation under the Ford Motor Credit take out purchase and escrow agreement. On April 12, 2002, Wells Exchange paid off the interim financing on the Ford Motor Credit Complex. This pay off of the loan triggered the release of Wells OP from its prior obligations under the take out purchase and escrow agreement relating to such property.

Letters of Credit

At September 30, 2002, Wells OP had three letters of credit totaling \$19.2 million outstanding from financial institutions, which were not recorded in the accompanying consolidated balance sheet. These letters of credit were required by three of the Company's tenants to ensure

completion of the Company's contractual obligations. The Company's management does not anticipate a need to draw on these letters of credit.

Table of Contents

Properties under Contract

At September 30, 2002, the Company had three executed contracts for the acquisition of properties totaling \$82.0 million. Escrows of \$1.3 million have been paid out for these properties and are included in prepaid and other assets on the accompanying consolidated balance sheet.

10. SUBSEQUENT EVENTS

Issuance of Common Stock

From October 1, 2002 through October 25, 2002, the Company has raised approximately \$91.5 million through the issuance of 9.1 million shares of common stock in the Company.

Termination Agreement

Effective October 31, 2002, Arthur Andersen LLP (Andersen) and Wells OP entered into a termination agreement with respect to the lease for the three-story office building containing 157,700 rentable square feet located in Sarasota, Florida known as the Arthur Andersen Building. In consideration for releasing Andersen from its obligation to pay rent under the lease, Andersen paid Wells OP a termination fee of \$979,760 and conveyed to Wells OP an approximately 1.3 acre tract of land adjacent to the property which was used for parking.

Report of Independent Auditors

Shareholders and Board of Directors

Wells Real Estate Investment Trust, Inc.

We have audited the accompanying statement of revenues over certain operating expenses of the Nestle Building for the year ended December 31, 2001. This statement is the responsibility of the Nestle Building's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues over certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues over certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenues over certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues over certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 2, and is not intended to be a complete presentation of the Nestle Building's revenues and expenses.

In our opinion, the statement of revenues over certain operating expenses referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 2 of the Nestle Building for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Description of Real Estate Property Acquired

On December 20, 2002, Wells REIT-Glendale, CA, LLC (the Company) acquired the Nestle Building from Douglas Emmett Joint Venture (Douglas Emmett). The Company, a Georgia limited liability company, was created on December 20, 2002. Wells Operating Partnership, L.P. (Wells OP) is the sole member of the Company. Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

The twenty-story building contains 505,115 square feet of net rentable area and is 100% leased to several tenants, including Nestle USA, Inc. (Nestle). Nestle occupies a total of 502,994 square feet, or 99.6%, under a lease (Nestle Lease) that commenced in August 1990 and expires in August 2010. The remaining square footage is leased to several retail tenants under lease agreements that expire over the next seven years. Douglas Emmett's interests in the Nestle Lease and other retail lease agreements were assigned to the Company upon acquisition of the Nestle Building. Under the Nestle Lease, the tenant is required to pay, as additional rent, its pro rata share of operating expenses over the base year operating allowance established in the first lease year. Operating expenses shall consist of all direct costs of operation and maintenance of the building including, but not limited to, real estate taxes, water and sewer charges, utilities, janitorial services, security and labor. Additionally, the Nestle Lease entitles Nestle to a specified number of parking spaces, and Nestle is required to pay monthly rental payments for the spaces which the Company records as parking revenues. The Company will be responsible for maintaining and repairing the Nestle Building's roof, foundation, common areas, electrical and mechanical systems.

Rental Revenues

Rental income is recognized on a straight-line basis over the terms of the leases.

2. BASIS OF ACCOUNTING

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, these statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as depreciation and interest. Therefore, these statements are not comparable to the statement of operations of the Nestle Building after its acquisition by the Company.

4. INTERIM UNAUDITED FINANCIAL INFORMATION

The statement of revenues over certain operating expenses for the nine months ended September 30, 2002 is unaudited, however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2001 and quarterly report on Form 10-Q/A for the period ended September 30, 2002. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of September 30, 2002 has been prepared to give effect to the fourth quarter 2002 acquisitions of the NASA Buildings by Wells REIT-Independence Square, LLC, of which Wells REIT is the sole member, the Caterpillar Nashville Building, the Capital One Richmond Buildings (the "Other Recent Acquisitions") by Wells Operating Partnership, L.P. ("Wells OP"), the Nestle Building by Wells REIT Glendale, CA, LLC, of which Wells OP is the sole member, and the John Wiley Indianapolis Building by Wells XIII-REIT Joint Venture ("Wells XIII-REIT"), a joint venture partnership between Wells Real Estate Fund XIII, L.P. and Wells OP, and the first quarter 2003 acquisition of the East Point Buildings (collectively, the "Recent Acquisitions") by Wells OP as if the acquisitions occurred on September 30, 2002.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with the accompanying pro forma financial statements of Wells REIT.

The following unaudited pro forma statement of income for the nine months ended September 30, 2002 has been prepared to give effect to the first, second and third quarter 2002 acquisitions of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacificCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the Harcourt Austin Building, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building (collectively, the "2002 Acquisitions") and the Recent Acquisitions as if the acquisitions occurred on January 1, 2001. The Kerr McGee Property and the AmeriCredit Phoenix Property had no operations during the nine months ended September 30, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2001 has been prepared to give effect to the 2001 acquisitions of the Comdata Building, the AmeriCredit Building, the State Street Bank Building, the IKON Buildings, the Ingram Micro Building, the Lucent Building, the ADIC Buildings, the Convergys Building, the Windy Point Buildings (collectively, the "2001 Acquisitions"), the 2002 Acquisitions and the Recent Acquisitions as if the acquisitions occurred on January 1, 2001. The Nissan Property, the Travelers Express Denver Buildings, the Kerr McGee Property, the AmeriCredit Phoenix Property and the EDS Des Moines Building had no operations during 2001.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisitions of the 2001 Acquisitions, 2002 Acquisitions and the Recent Acquisitions been consummated as of January 1, 2001. In addition, the pro forma balance sheet includes allocations of the purchase price for certain

acquisitions based upon preliminary estimates of the fair value of the assets and liabilities acquired. Therefore, these allocations may be adjusted in the future upon finalization of these preliminary estimates.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

SUPPLEMENT NO. 6 DATED APRIL 14, 2003 TO THE PROSPECTUS

DATED JULY 26, 2002

This document supplements, and should be read in conjunction with, the prospectus of Wells Real Estate Investment Trust, Inc. dated July 26, 2002, as supplemented and amended by Supplement No. 1 dated August 14, 2002, Supplement No. 2 dated August 29, 2002, Supplement No. 3 dated October 25, 2002, Supplement No. 4 dated December 10, 2002, and Supplement No. 5 dated January 15, 2003. When we refer to the prospectus in this supplement, we are also referring to any and all supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) Status of the offering of shares in Wells Real Estate Investment Trust, Inc. (Wells REIT);
- (2) The declaration of dividends for the second quarter of 2003;
- (3) Revisions to the ERISA Considerations Annual Valuation section of the prospectus;
- (4) Revisions to the Description of Real Estate Investments section of the prospectus to describe the acquisition of a 25-story office building in Detroit, Michigan (150 West Jefferson Detroit Building);
- (5) Revisions to the Management's Discussion and Analysis of Financial Condition and Results of Operations section of the prospectus;
- (6) Updated audited financial statements of the Wells REIT;
- (7) Updated unaudited prior performance tables; and
- (8) Unaudited pro forma financial statements of the Wells REIT reflecting the acquisition of the 150 West Jefferson Detroit Building.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132,181,919 in gross offering proceeds from the sale of 13,218,192 shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175,229,193 in gross offering proceeds from the sale of 17,522,919 shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1,282,976,865 in gross offering proceeds from the sale of 128,297,687 shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of March 31, 2003, we had received additional gross proceeds of approximately \$1.0 billion from the sale of approximately 101.4 million shares in our fourth public offering. Accordingly, as of March 31, 2003, we had received aggregate gross offering proceeds of approximately \$2.6 billion from the sale of approximately 260.5 million shares in all of our public offerings. After payment of approximately \$90.0 million in acquisition and advisory fees and acquisition expenses, payment of \$291.4 million in selling commissions and organization and offering expenses, and common stock redemptions of approximately \$33.9 million pursuant to our share redemption program, as of March 31, 2003, we had raised aggregate net offering proceeds available for investment in properties of

Table of Contents

approximately \$2.2 billion, out of which approximately \$2.1 billion had been invested in real estate properties, and approximately \$108.6 million remained available for investment in real estate properties.

Dividends

On March 12, 2003, our board of directors declared dividends for the second quarter of 2003 in the amount of a 7.0% annualized percentage rate return on an investment of \$10.00 per share to be paid in June 2003. Our second quarter dividends are calculated on a daily record basis of \$0.001922 (0.1922 cents) per day per share on the outstanding shares of common stock payable to stockholders of record of such shares as shown on the books of the Wells REIT at the close of business on each day during the period, commencing on March 16, 2003, and continuing on each day thereafter through and including June 15, 2003.

ERISA Considerations Annual Valuation

The information contained on page 136 in the ERISA Considerations Annual Valuation section of the prospectus is revised as of the date of this supplement by the deletion of that section in its entirety and the insertion of the following paragraphs in lieu thereof:

Annual Valuation

A fiduciary of an employee benefit plan subject to ERISA is required to determine annually the fair market value of each asset of the plan as of the end of the plan's fiscal year and to file a report reflecting that value with the Department of Labor. When the fair market value of any particular asset is not available, the fiduciary is required to make a good faith determination of that asset's fair market value assuming an orderly liquidation at the time the determination is made. In addition, a trustee or custodian of an IRA must provide an IRA participant with a statement of the value of the IRA each year. In discharging its obligation to value assets of a plan, a fiduciary subject to ERISA must act consistently with the relevant provisions of the plan and the general fiduciary standards of ERISA.

Unless and until our shares are listed on a national securities exchange or are included for quotation on NASDAQ, it is not expected that a public market for the shares will develop. To date, neither the Internal Revenue Service nor the Department of Labor has promulgated regulations specifying how a plan fiduciary should determine the fair market value of common stock in a corporation in circumstances where the fair market value of the shares is not determined in the marketplace.

We have included in the past and intend to continue to include in the future estimated share values in our annual reports on Form 10-K each year. Currently, we have estimated the value of the shares to be \$10 per share, which represents the price per share at which we are currently offering our shares to the public. However, please note that there is no public trading market for the shares at this time, and it is unlikely that you would be able to receive \$10 per share if such a market did exist and you sold your shares. In addition, we have not performed an evaluation of our properties and, therefore, this valuation is not based upon the value of our properties, nor does it represent the amount you would receive if our properties were sold and the proceeds distributed to you in a liquidation of the Wells REIT. Such amount would most likely be less than \$10 per share as a result of the fact that, at the time we purchase our properties, the amount of funds available for investment in properties is reduced by the approximately 15% to 16% of offering proceeds we raise which is used to pay selling commissions and dealer manager fees, organization and offering expenses and acquisition and advisory fees and expenses.

We previously indicated that we would implement a process by the end of year 2003 to produce estimated valuations of our shares based upon estimating the fair market values of our properties at the end of each year. When we initially determined to implement such a process by the end of 2003, we did not expect we would be continuing to raise substantial new funds through the public offering of our

Table of Contents

shares in 2003. As noted herein, after the costs associated with raising funds and acquiring properties are taken into account, only approximately 84% to 85% of offering proceeds are available for investment in properties. As a result, so long as we are still in the process of raising significant new funds and acquiring new properties with those funds, it would be expected that, in the absence of other factors affecting property values, our aggregate net asset value would be significantly less than the proceeds of our offerings and may not be the best indicator of the value of shares purchased as a long term income producing investment. Instead, we believe that, during periods in which significant amounts of shares are still being offered and sold to investors, the price paid by such investors may better reflect the estimated value of the shares. Accordingly, as long as we continue to publicly offer our shares, we expect to continue to use the current offering price of our shares as estimated per share value reported in our annual reports on Form 10-K.

Beginning three full fiscal years after we have ceased to sell significant amounts of shares, we will reevaluate the best method to value our shares. Currently, we intend, at that time, to have our advisor begin preparing estimated valuations utilizing the methodology described below and intend to continue to provide reports to plan fiduciaries and IRA trustees and custodians who identify themselves to us and request this information using these valuations. The methodology to be utilized for determining such estimated share values will be for our advisor to estimate the amount a stockholder would receive if our properties were sold at their estimated fair market values at the end of the fiscal year and the proceeds from such sales (without reductions for selling expenses and other costs) were distributed to the stockholders in liquidation. While, in connection with the advisor's estimated valuations, the advisor will be obtaining a third party opinion that its estimates of value are reasonable, due to the expense involved in obtaining annual appraisals for all of our properties, we do not anticipate that actual appraisals will be obtained. These estimated values for our shares will also be reported in our annual reports on Form 10-K.

You should be cautioned that such valuations will be estimates only and will be based upon a number of assumptions that may not be accurate or complete. As set forth above, we do not anticipate obtaining appraisals for our properties and, accordingly, the advisor's estimates should not be viewed as an accurate reflection of the fair market value of our properties, nor will they represent the amount of net proceeds that would result from an immediate sale of our properties. In addition, property values are subject to change and can always decline in the future. For these reasons, our estimated valuations should not be utilized for any purpose other than to assist plan fiduciaries in fulfilling their valuation and annual reporting responsibilities. Further, we cannot assure you:

that the estimated values our advisor prepares could or will actually be realized by us or by our stockholders upon liquidation (in part because estimated values do not necessarily indicate the price at which assets could be sold and because no attempt will be made to estimate the expenses of selling any of our assets);

that you would be able to realize estimated net asset values if you were to attempt to sell your shares; or

that the estimated values, or the method used to establish such values, would comply with the ERISA or IRA requirements described above.

Description of Properties

As of March 31, 2003, we had purchased interests in 74 real estate properties located in 23 states. Below is a description of our recent real property acquisition.

150 West Jefferson Detroit Building

On March 31, 2003, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased a 25-story office building containing approximately 505,417 rentable square feet located at 150 West Jefferson Avenue, downtown Detroit, Michigan (150 West Jefferson Detroit Building) for a purchase price of \$93,750,000, from 150 West Jefferson Partners LLC (Seller). Seller is not in any way affiliated with the Wells REIT, Wells OP or Wells Capital, Inc., our advisor.

The 150 West Jefferson Detroit Building was built in 1989 and is located on a 1.527-acre tract of land at 150 West Jefferson Avenue in downtown Detroit, Michigan. The 150 West Jefferson Detroit Building is leased to 17 different tenants. Miller, Canfield, Paddock & Stone (Miller Canfield), Butzel Long PC (Butzel Long) and MCN Energy Group, Inc., formerly known as MCN Corporation (MCN) lease, in the aggregate, approximately 311,285 rentable square feet (61.6%) of the 150 West Jefferson Detroit Building. The other 14 tenants lease approximately 190,863 rentable square feet (37.8%) of the 150 West Jefferson Detroit Building for an aggregate annual base rent payable of approximately \$3,900,000. Approximately 3,269 rentable square feet (0.6%) of the 150 West Jefferson Detroit Building is vacant.

Approximately 129,902 rentable square feet of the 150 West Jefferson Detroit Building (25.7%) is leased to Miller Canfield, a law firm with eight offices in the state of Michigan, as well as offices in New York, Florida, Washington, D.C., Canada, and Poland. Miller Canfield, which engages in a variety of practice areas such as litigation, employment, real estate, business and bankruptcy, has approximately 350 attorneys.

The Miller Canfield lease commenced in June 1989 and expires in June 2009, except for the lease of the 14th and 20th floors, which expires in June 2004. The current annual base rent payable under the Miller Canfield lease is \$2,335,994. In addition, Miller Canfield leases storage space in the 150 West Jefferson Detroit Building at an annual rate of \$38,619. Miller Canfield has the right, at its option, to extend the initial term of its lease for three additional five-year periods at rental rates specified in the Miller Canfield lease, except that Miller Canfield has the right to extend the lease of the 14th and 20th floors for four additional five-year periods. Miller Canfield also has a right of first refusal to lease any additional available space in the 150 West Jefferson Detroit Building. Under the Miller Canfield lease, Miller Canfield is generally responsible for its pro rata share of operating and maintenance costs, including real estate taxes. Wells OP, as the landlord, is also responsible for maintaining and repairing the structural portions and mechanical systems of the 150 West Jefferson Detroit Building.

Approximately 101,147 rentable square feet of the 150 West Jefferson Detroit Building (20.0%) is leased to Butzel Long, a Michigan-based law firm with five offices in Michigan and two offices in Florida. Butzel Long has approximately 200 attorneys and provides services in a wide variety of legal practice areas. Butzel Long serves clients from numerous business sectors, including automotive, manufacturing, banking and financial services, retail and wholesale distribution, insurance, professional services, health care, advertising, media, publishing, technology and computers, marine, transportation, construction, utilities and real estate.

The Butzel Long lease commenced in February 1990 and expires in July 2013. The current annual base rent payable under the Butzel Long lease is \$1,770,073. In addition, Butzel Long leases storage space in the 150 West Jefferson Detroit Building at an annual rate of \$71,857. Butzel

Long has the right, at its option, to extend the initial term of its lease for two additional five-year periods at 95%

of the then-current market rental rate. Butzel Long also has a right of first refusal to lease any additional available space accessible by the low rise bank of elevators in the 150 West Jefferson Detroit Building. Under the Butzel Long lease, Butzel Long is responsible for its pro rata share of operating and maintenance costs. Wells OP, as the landlord, is also responsible for maintaining and repairing the structural portions and mechanical systems of the 150 West Jefferson Detroit Building.

Approximately 80,236 rentable square feet of the 150 West Jefferson-Detroit Building (15.9%) is leased to MCN, a wholly-owned subsidiary of DTE Energy Company (DTE), as a result of the acquisition by DTE of all of MCN's stock in May 2001. DTE is a Michigan corporation with corporate headquarters in Detroit, Michigan, and is a leader in the gas and energy service industry. DTE provides approximately 2.1 million customers with electric service and approximately 1.2 million customers with gas service in Michigan. DTE's three main operating units include energy resources, energy distribution, and gas. MCN, through its primary subsidiary, Michigan Consolidated Gas Company, specializes in the natural gas distribution industry.

The MCN lease commenced in February 1994 and expires in January 2006. The current annual base rent payable under the MCN lease is \$1,816,027. MCN has the right, at its option, to extend the initial term of its lease for two additional five-year periods at rental rates specified in the MCN lease. Under the MCN lease, MCN is required to pay for its share of real estate taxes and operating expenses relating to its lease of space on the 10th floor of the 150 West Jefferson Detroit Building. Wells OP, as the landlord, is also responsible for maintaining and repairing the structural portions and mechanical systems of the 150 West Jefferson Detroit Building.

Wells Management will manage the 150 West Jefferson Detroit Building on behalf of Wells OP and will be paid management and leasing fees in the amount of 4.5% of the gross revenues from the 150 West Jefferson Detroit Building, subject to certain limitations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The information contained on page 101 in the Management's Discussion and Analysis of Financial Condition and Results of Operations section of the prospectus is revised as of the date of this supplement by the deletion of that entire section and the insertion of the information below. The following discussion and analysis should also be read in conjunction with our accompanying financial statements and notes thereto.

Forward Looking Statements

This supplement contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to stockholders in the future and certain other matters. Readers of this supplement should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in this supplement, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, inability to invest in properties on a timely basis or in properties that will provide targeted rates of return and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow. (See generally Risk Factors.)

REIT Qualification

We have made an election under Section 856 (c) of the Internal Revenue Code of 1986 (Internal Revenue Code) to be taxed as a REIT under the Internal Revenue Code beginning with our taxable year ended December 31, 1998. As a REIT for federal income tax purposes, we generally will not be subject to federal income tax on income that we distribute to our stockholders. If we fail to qualify as a REIT in

Table of Contents

any taxable year, we will be subject to federal income tax on our taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year in which our qualification is lost. Such an event could materially adversely affect our financial position and results of operations. However, management believes that we are organized and operate in a manner which will enable us to qualify for treatment as a REIT for federal income tax purposes during this fiscal year. In addition, management intends to continue to operate the Wells REIT so as to remain qualified as a REIT for federal income tax purposes.

Liquidity and Capital Resources

General

During the fiscal year ended December 31, 2002, we received aggregate gross offering proceeds of \$1,340.3 million from the sale of 134.0 million shares of our common stock. After payment of \$46.4 million in acquisition and advisory fees and acquisition expenses, payment of \$127.3 million in selling commissions, and payment of \$20.5 million in organization and offering expenses, and common stock redemptions of \$15.4 million pursuant to our share redemption program, we raised net offering proceeds available for investment in properties of \$1,130.7 million during the year ended December 31, 2002.

During the fiscal year ended December 31, 2001, we received aggregate gross offering proceeds of \$522.5 million from the sale of 52.3 million shares of our common stock. After payment of \$18.1 million in acquisition and advisory fees and acquisition expenses, payment of \$58.4 million in selling commissions and organization and offering expenses, and common stock redemptions of \$4.1 million pursuant to our share redemption program, we raised net offering proceeds available for investment in properties of \$441.8 million during the year ended December 31, 2001.

As of December 31, 2002, we had received aggregate gross offering proceeds from all of our offerings of approximately \$2,177.9 million from the sale of 217.8 million shares of our common stock to approximately 58,000 investors. After our payment of \$75.5 million in acquisition and advisory fees and acquisition expenses, payment of \$206.4 million in selling commissions, payment of \$40.0 million in organization and offering expenses, capital contributions to joint ventures and property acquisitions expenditures of \$1,808.5 million, and common stock redemptions of \$20.9 million pursuant to our share redemption program, we were holding net offering proceeds of \$26.6 million available for investment in properties, as of December 31, 2002.

The net decrease in cash and cash equivalents of approximately \$30.1 million during the year ended December 31, 2002 is primarily the result of the higher level of investment in real estate as compared to the level of fund raising and borrowing during the period. The increase in cash and cash equivalents of \$71.3 million during 2001 is primarily the result of higher levels of fund raising and borrowings as compared to the levels of investment in real estate during those periods.

As of December 31, 2002, we owned interests in 72 real estate properties either directly or through interests in joint ventures. These properties are currently generating operating cash flow sufficient to cover our operating expenses and pay dividends to shareholders. We pay dividends on a quarterly basis. Dividends will be paid to investors who are stockholders as of the record dates selected by our board of directors. We currently calculate quarterly dividends based on the daily record and dividend declaration dates; thus, stockholders are entitled to receive dividends immediately upon the purchase of shares. Dividends declared during 2002 and 2001 totaled \$0.76 per share in each year. Dividends declared for the fourth quarter of 2002 and the first and second quarters of 2003 were at an annualized rate of \$0.70 per share.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Due primarily to the pace of our property acquisitions from late 2001 through 2002, as explained in more detail in the following paragraphs, dividends paid during 2002 in the aggregate amount of

Table of Contents

approximately \$105.0 million exceeded Funds From Operations for the year by approximately \$3.2 million. Dividends paid during 2002 also exceeded taxable income of \$80.5 million and, accordingly, the company exceeded the minimum distribution requirement to be taxed as a REIT for federal income tax purposes.

We continue to acquire properties that meet our standards and quality both in terms of the real estate and the creditworthiness of the tenants. Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused our advisor to add to its internal procedures for ensuring the creditworthiness of our tenants before any commitment to buy a property is made. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our stockholders. Accordingly, because of the additional time it now takes in the acquisition process for our advisor to assess tenant credit plus our commitment to adhere to purchasing properties with tenants that meet our investment criteria we have been required to lower the dividend yield to our stockholders.

As a result of the factors described in the preceding paragraph, our board of directors declared dividends for the fourth quarter of 2002 and the first and second quarters of 2003 in an amount equal to a 7.0% annualized percentage rate return on an investment of \$10 per share.

Dividends to be distributed to our stockholders are determined by our board of directors and are dependent on a number of factors related to the Wells REIT, including funds available for payment of dividends, financial condition, amounts paid for properties, the timing of property acquisitions, capital expenditure requirements and annual distribution requirements in order to maintain our status as a REIT under the Internal Revenue Code.

Cash Flows From Operating Activities

Our net cash provided by operating activities was \$104.6 million, \$42.3 million, and \$7.3 million for the years ended December 31, 2002, 2001, and 2000, respectively. The increase in net cash provided by operating activities was due primarily to the additional net income generated by 32, 11, and 12 properties acquired during the years ended December 31, 2002, 2001, and 2000, respectively. We do not recognize in operations the full annual effect from the properties during the year of acquisition, as the operations of the properties are only included in operations from the date of acquisition. Operating cash flows are expected to increase as we acquire additional properties in future periods and as we obtain the benefit of a full year of operations for properties acquired during the year ended December 31, 2002.

Cash Flows Used In Investing Activities

Comparison of 2002 vs 2001

Our net cash used in investing activities was \$1,362.5 million for the year ended December 31, 2002 compared to \$274.6 million for the year ended December 31, 2001. The increase in net cash used in investing activities was due primarily to investments in properties, directly and through contributions to joint ventures, and the payment of related deferred project costs. Investments and related deferred project costs totaled \$1,369.5 million and \$278.8 million for the years ended December 31, 2002 and 2001, respectively. The increase in investments during the year ended December 31, 2002 was due to our ability to increase investor proceeds and identify property investments meeting our objectives. The investment in real estate assets and joint venture cash outflows were partially offset by distributions from joint ventures of \$7.4 million and \$4.2

million for the years ended December 31, 2002 and 2001, respectively. The increase in distributions from joint ventures is due to the additional investments in joint

Table of Contents

ventures during the year ended December 31, 2001 in which we recognized a full year's benefit during the year ended December 31, 2002.

Comparison of 2001 vs 2000

Our net cash used in investing activities was \$274.6 million and \$249.3 million for the years ended December 31, 2001 and 2000, respectively. The increase in net cash used in investing activities was due primarily to investments in properties directly or through contributions to joint ventures, and the payment of related deferred project costs. Investments and related deferred project costs totaled \$278.8 million and \$252.8 million for the years ended December 31, 2001 and 2000, respectively. Investments in real estate assets and joint venture cash outflows were partially offset by distributions from joint ventures of \$4.2 million and \$3.5 million for the years ended December 31, 2001 and 2000, respectively.

Cash flows used in investment in real estate assets and joint ventures in future periods will be dependent upon the availability of funds either through capital contributions raised from the sale of stock or debt facilities and the availability of real estate assets or joint venture investments that meet our investment objectives.

The cash flows provided by joint ventures are expected to increase in 2003, when we recognize a full year of benefit for the 2002 joint venture investments. Increases to cash flows provided by joint venture distributions will be dependent upon whether we invest in additional properties through joint ventures in the future as expected cash flows from existing joint ventures are expected to provide nominal increases based on scheduled rent increases.

Cash Flows From Financing Activities

Comparison of 2002 vs 2001

Our net cash provided by financing activities was \$1,227.8 million and \$303.5 million for the years ended December 31, 2002 and 2001, respectively. The increase in net cash provided by financing activities was due primarily to the raising of additional capital of \$1,340.3 million during the year ended December 31, 2002 compared to \$522.5 million during the year ended December 31, 2001. The amounts raised were partially offset by the payment of commissions and offering costs totaling \$140.5 million and \$58.6 million for the years ended December 31, 2002 and 2001, respectively and redemptions of our stock of \$15.4 million and \$4.1 million for the years ended December 31, 2002, and 2001, respectively.

Additionally, we obtained funds from financing arrangements totaling \$212.9 million and \$110.2 million and made debt repayments of \$62.8 million and \$229.8 million for the years ended December 31, 2002 and 2001, respectively. As a result of our increased operations and activities during the years ended December 31, 2002 and 2001, we paid dividends of \$105.0 million and \$36.7 million, respectively.

Comparison of 2001 vs 2000

Our net cash provided by financing activities was \$303.5 million and \$243.4 million for the years ended December 31, 2001 and 2000, respectively. The increase in net cash provided by financing activities was due primarily to the raising of additional capital of \$522.5 million during the year ended December 31, 2001 compared to \$180.4 million for the year ended December 31, 2000. The amounts raised were partially offset by the payment of commissions and offering costs totaling \$58.6 million and \$22.4 million for the years ended December 31, 2001 and 2000, respectively, and redemptions of our stock of \$4.1 million and \$1.4 million for the years ended December 31, 2001 and 2000, respectively.

Table of Contents

Additionally, we obtained funds from financing arrangements totaling \$110.2 million and \$187.6 million and made debt repayments of \$229.8 million and \$83.9 million for the years ended December 31, 2001 and 2000, respectively. As a result of our increased operations and activities during the years ended December 31, 2001 and 2000, we paid dividends of \$36.7 million and \$17.0 million, respectively.

The amounts of cash provided by and used in financing activities in the future will be dependent upon our ability to raise additional funds from investors and from the ability to secure debt facilities for the acquisition of real estate assets in future periods, and may not be comparable to the amounts of cash provided in past periods.

Results of Operations

As of December 31, 2002, our 72 real estate properties were 98.3% leased. Our results of operations have changed significantly for the years ended December 31, 2002, 2001, and 2000, generally as a result of the 32, 11, and 12 property acquisitions during the years ended December 31, 2002, 2001, and 2000, respectively. We expect that rental income, equity income of joint ventures, tenant reimbursements, operating expenses, management and leasing fees, and net income will each increase in future periods as a result of owning real estate assets acquired in 2002 for a full year and as a result of future acquisitions of real estate assets. Due to the average remaining terms of the long-term leases currently in place at our properties, management does not anticipate significant changes in near-term rental revenues from properties currently owned.

Comparison of 2002 vs 2001

Rental income was \$107.5 million and \$44.2 million for the years ended December 31, 2002 and 2001, respectively. Tenant reimbursements were \$19.0 million and \$6.8 million for the years ended December 31, 2002 and 2001, respectively. Tenant reimbursements were equivalent to 70% and 63% of the property operating costs for these respective years. The variance in the costs is dependent upon the terms of the lease agreements for the real estate assets in each year.

Equity in income of joint ventures was \$4.7 million and \$3.7 million for the years ended December 31, 2002 and 2001, respectively. The increase is primarily a result of recognizing a full year of operations in 2002 for the investments in joint ventures made during 2001. Equity in income of joint ventures is expected to increase in future periods as additional investments in joint ventures are made; however, returns from existing joint venture investments are not expected to change materially from the historical results.

Lease termination income was \$1.4 million for the year ended December 31, 2002 compared to \$0 for the year ended December 31, 2001. The 2002 activity relates to a single lease termination at the Vertex-Sarasota Building (formerly the Andersen Building), in which, in consideration for releasing Arthur Andersen from its obligations to pay rent under the lease, Arthur Andersen paid Wells OP a termination fee of approximately \$1.0 million and conveyed to Wells OP an adjacent parcel of land which we valued at \$0.4 million.

Interest and other income was \$7.0 million and \$1.5 million for the years ended December 31, 2002 and 2001, respectively. Of this amount \$2.8 million and \$0.5 million was attributable to interest on the bonds related to the Ingram Micro and ISS Buildings, which is offset by the related interest expense associated with the bonds. We invest any funds received from stockholders in short-term investments until the funds are invested in real estate asset investments. At certain times during the years ended December 31, 2002 and 2001, we held a significant amount of cash on hand resulting in the relatively high interest income. The level of interest income is dependent upon our ability to find suitable real estate asset investments on a pace consistent with investor proceeds, therefore interest income amounts

Table of Contents

for the years ended December 31, 2002 and 2001, may or may not be indicative of interest income for future periods.

Depreciation expense was \$38.8 million and \$15.3 million for the years ended December 31, 2002 and 2001, representing 36% and 35%, of rental income for the respective year. The change between periods is generally due to a change in applicable cost of the real estate assets compared to the straight-line revenues generated by the real estate assets. Operating costs were \$26.9 million and \$10.9 million for the years ended December 31, 2002 and 2001, representing 21% of the sum of the rental income and tenant reimbursements revenue amounts for each year. Management and leasing fees were \$5.2 million, and \$2.5 million for the years ended December 31, 2002, and 2001, respectively.

General and administrative costs were \$3.2 million and \$1.2 million for the years ended December 31, 2002 and 2001, respectively, and legal and accounting expenses were \$1.0 million and \$0.4 million, for the years ended December 31, 2002 and 2001, respectively. The increase in the expenses are attributable to our increased size over the years, but represent 3% of total revenues for each year ended December 31, 2002 and 2001. In the future, such costs as a percentage of total revenues are expected to be materially consistent with the historical periods, but may change as we continue to grow.

Interest expense and amortization of deferred financing costs was \$4.6 million and \$4.2 million for the years ended December 31, 2002 and 2001, respectively. Of this amount \$2.8 million and \$0.5 million was attributable to interest on the bonds related to the Ingram Micro and ISS Buildings for the years ended December 31, 2002 and 2001, respectively, which is offset by the related interest income associated with the bonds as noted above. Interest expense is dependent upon the amount of borrowings outstanding during the period as well as the interest rate. Interest expense payable to third parties (excluding the interest on the bonds) for the year ended December 31, 2002 decreased as compared to the year ended December 31, 2001 due to lower average amounts of borrowings outstanding during the periods as well as lower interest rates.

Comparison of 2001 vs 2000

Rental income revenues were \$44.2 million and \$20.5 million for the years ended December 31, 2001 and 2000, respectively. Tenant reimbursements were \$6.8 million and \$2.3 million for the years ended December 31, 2001 and 2000, respectively. Tenant reimbursements were equivalent to 63% and 71% of the property operating costs for the respective years. The variance in the cost is dependent upon the terms of the lease agreements for the real estate assets in each year.

Equity in income of joint ventures was \$3.7 million and \$2.3 million for the years ended December 31, 2001 and 2000, respectively. The increase is due to the investments in joint ventures during 2001 and recognizing a full year of operations for investments in joint ventures during 2000.

Interest and other income was \$1.5 million and \$0.6 million for the years ended December 31, 2001 and 2000, respectively. Of this amount \$0.5 million and \$0 during the years ended December 31, 2001 and 2000, respectively was attributable to interest on the bonds related to the Ingram Micro Building, which is offset by the related interest expense associated with the bonds. We invest any funds received from our stockholders in short-term investments until the funds are placed in real estate asset investments. At certain times during the years ended December 31, 2001 and 2000, we held varying amounts of cash on hand resulting in the increases in interest income between years.

Depreciation expense was \$15.3 million and \$7.7 million for the years ended December 31, 2001 and 2000, representing 35% and 38% of rental income for the respective year. The change between years is generally due to a change in applicable cost of the real estate assets compared to the

straight-line revenues generated by the real estate assets. Operating costs were \$10.9 million and \$3.2 million for the

Table of Contents

years ended December 31, 2001 and 2000, respectively, representing 21% and 14%, respectively, of the sum of the rental income and tenant reimbursements revenue amounts. Management and leasing fees were \$2.5 million and \$1.3 million for the years ended December 31, 2001 and 2000, respectively.

General and administrative costs were \$1.2 million and \$0.4 million for the years ended December 31, 2001 and 2000, respectively, and legal and accounting expenses were \$0.4 million and \$0.2 million for the years ended December 31, 2001 and 2000, respectively. The increase in the expenses are attributable to our increased size, but represent 3% of total revenues for each year ended December 31, 2001 and 2000.

Interest expense and amortization of deferred financing costs was \$4.2 million for each of the years ended December 31, 2001 and 2000. Of this amount \$0.5 million and \$0.0 million was attributable to interest on the bonds related to the Ingram Micro Building for the years ended December 31, 2001 and 2000, respectively, which is offset by the related interest income associated with the bonds as noted above. Interest expense is dependent upon the amount of borrowings outstanding during the period as well as the interest rate. Interest expense payable to third parties (excluding the interest on the bonds) for the years ended December 31, 2001 compared to the year ended December 31, 2000 decreased due to a lower average amount of borrowings outstanding during the year as well as lower interest rates.

Subsequent Events

Sale of shares of our common stock

From January 1, 2003 through March 31, 2003, we had raised approximately \$426.8 million through the issuance of 42.7 million shares of our common stock.

Redemptions of our common stock

From January 1, 2003 through March 31, 2003, we redeemed approximately 1.3 million shares of our common stock at an aggregate cost of approximately \$12.9 million pursuant to its share redemption program. Our current share redemption plan will allow for redemptions totaling \$40 million for the year ending December 31, 2003.

Property Acquisitions

On January 9, 2003, Wells OP purchased two three-story office buildings containing approximately 187,735 aggregate rentable square feet located in Mayfield Heights, Ohio, (the East Point Buildings) for a purchase price of \$22.0 million, excluding closing costs and acquisition and advisory fees paid to the Advisor. The East Point Buildings, which were built in 2000, are located at 6085 Parkland Boulevard (East Point I) and 6095 Parkland Boulevard (East Point II) in Mayfield Heights, Cuyahoga County, Ohio. The entire 102,484 rentable square feet of East Point I is leased to Progressive Casualty Insurance Company. East Point II contains approximately 85,251 rentable square feet, of which 70,585 rentable square feet (83%) is currently leased to Austin, Danaher Power Solutions LLC and Moreland Management Co. Approximately 14,666 rentable square feet (17%) of East Point II is vacant.

In connection with the acquisition of the East Point Buildings, we entered into an earn-out agreement, whereby we are required to pay the seller for each new lease fully executed after the date of acquisition of the property but on or before March 31, 2004, or on or before July 31, 2004 if the tenant thereunder is a leasing prospect as defined by the agreement. Payments shall be in the amounts of the anticipated first year's annual rent less operating expenses with the sum divided by 0.105 and the result reduced by tenant improvement costs related to the space.

Table of Contents

On March 31, 2003, Wells OP purchased a 25-story office building containing approximately 505,417 rentable square feet located in Detroit, Michigan, (the 150 West Jefferson Detroit Building) for a purchase price of \$93.75 million, excluding closing costs and acquisition and advisory fees paid to the Advisor. The 150 West Jefferson Detroit Building, which was built in 1989, is located at 150 West Jefferson Avenue in Detroit, Michigan. Miller, Canfield, Paddock & Stone, Butzel Long PC and MCN Energy Group, Inc., formerly known as MCN Corporation aggregately lease approximately 311,285 rentable square feet of the 150 West Jefferson Detroit Building (61.6%). Approximately 190,863 rentable square feet (37.8%) is leased to an additional 14 tenants. Approximately 3,269 rentable square feet (0.6%) of the 150 West Jefferson Detroit Building is vacant.

Dividend Declaration

On March 12, 2003, our board of directors declared dividends for the second quarter of 2003 in the amount of a 7.0% annualized percentage return on an investment of \$10 per share, payable our shareholders on a daily record basis.

Commitments and Contingencies

Take Out Purchase and Escrow Agreement

We entered into a take out purchase and escrow agreement with an affiliate of our advisor whereby we earn a fee in return for agreeing to purchase any unsold co-tenancy interests related to the Section 1031 exchange program established by an affiliate of our advisor. See Note 8 to our consolidated financial statements included in this supplement for discussion of this potential obligation.

Letters of Credit

We have three unused letters of credit as required by other parties to ensure completion of the our obligations under certain contracts. See Note 8 to our consolidated financial statements included in this supplement for further discussion of the letters of credit.

Property Under Contract

We entered into an agreement to purchase a third building at the ISS Atlanta Buildings development upon completion of construction for \$10 million. See Note 8 to our consolidated financial statements included in this supplement for further discussion of the property under contract and related obligations.

Properties Under Construction

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We entered into three agreements for the construction and development of certain properties. See Note 8 to our consolidated financial statements included in this supplement for a more detailed discussion of the properties under construction and the related obligation.

Commitments Under Existing Lease Agreements

We entered into lease agreements with tenants that may include provisions that, at the option of the tenants, may require us to incur certain capital costs. See Note 8 to our consolidated financial statements included in this supplement for further discussion of these potential obligations.

Table of Contents

Earn-out Agreements

We entered into a purchase agreement containing an earn-out clause that may result in us being obligated to pay \$14.5 million to the seller of a property. See Note 8 to our consolidated financial statements included in this supplement for a more detailed discussion of this potential obligation.

Leasehold Property Obligations

We own certain properties that are subject to ground leases and require us to pay rent in future years. See Note 8 to our consolidated financial statements included in this supplement for further discussion of the lease terms and required payments.

Pending Litigation

We have certain pending litigation related to a dispute over the right to a \$750,000 escrow money deposit for a property that was not acquired. See Note 8 to our consolidated financial statements included in this supplement for further discussion of the litigation.

Funds from Operations

Funds from Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with accounting principles generally accepted in the United States (GAAP) excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. Management believes that FFO is helpful to investors as a measure of the performance of an equity REIT. However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions.

The following table reflects the calculation of FFO for the three years ended December 31, 2002, 2001, and 2000, respectively:

	December 31, 2002	December 31, 2001	December 31, 2000

In order to recognize revenues on a straight line basis over the terms of the respective leases, we recognized straight line revenue of \$7.6 million, \$2.8 million, and \$1.7 million during the years ended December 31, 2002, 2001, and 2000 respectively.

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases, which would protect us from the impact of inflation. These provisions include reimbursement billings for operating expense pass-through charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance. However, due to the long-term nature of the leases, the leases may not re-set frequently enough to cover inflation.

Application of Critical Accounting Policies

Our accounting policies have been established to conform with GAAP. The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If management's judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of the financial statements. Additionally, other companies may utilize different estimates that may impact comparability of our results of operations to those of companies in similar businesses.

The critical accounting policies outlined below have been discussed with members of our audit committee. There have been no significant changes in the critical accounting policies, methodology, or assumptions in the current period.

Below is a discussion of the accounting policies that management considers to be critical in that they may require complex judgment in their application or require estimates about matters that are inherently uncertain. Additional discussion of accounting policies that management considers to be significant, including further discussion of the critical accounting policies described below, is presented in Note 2 to our consolidated financial statements included in this supplement.

Investment in Real Estate Assets

We are required to make subjective assessments as to the useful lives of our depreciable assets. We consider the period of future benefit of the asset to determine the appropriate useful lives. These assessments have a direct impact on net income. The estimated useful lives of our assets by class are as follows:

Building	25 years
Building improvements	10-25 years

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Land improvements	20-25 years
Tenant Improvements	Lease term

In the event that management uses inappropriate useful lives or methods for depreciation, our net income would be misstated.

Table of Contents

Valuation of Real Estate Assets

We continually monitor events and changes in circumstances that could indicate that the carrying amounts of the real estate assets, both operating properties and properties under construction, in which we have an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When indicators of potential impairment are present which indicate that the carrying amounts of real estate assets may not be recoverable, management assesses the recoverability of the real estate assets by determining whether the carrying value of the real estate assets will be recovered through the undiscounted future operating cash flows expected from the use of the asset and its eventual disposition. In the event that such expected undiscounted future cash flows do not exceed the carrying value, management adjusts the real estate assets to the fair value and recognizes an impairment loss. We have determined that there has been no impairment in the carrying value of real estate assets we held and any unconsolidated joint ventures at December 31, 2002 and 2001.

Projections of expected future cash flows requires management to estimate future market rental income amounts subsequent to the expiration of current lease agreements, property operating expenses, discount rates, the number of months it takes to re-lease the property, and the number of years the property is held for investment. The use of inappropriate assumptions in the future cash flow analysis would result in an incorrect assessment of the property's future cash flows and fair value, and could result in the overstatement of our carrying value of real estate assets and net income.

Intangible Lease Asset/Liability

As part of the acquisition of real estate assets, we determine whether an intangible asset or liability related to above or below market leases was acquired as part of the acquisition of the real estate. As a result of adopting the standards, amounts totaling \$12.1 million have been recorded as intangible lease assets and \$32.7 million have been recorded as intangible lease liabilities, relating to above and below market lease arrangements for properties acquired in 2002. The intangible assets and liabilities are recorded at their estimated fair market values at the date of acquisition, and are amortized over the remaining term of the respective lease to rental income.

The determination of the estimated fair values of the intangible lease asset or liability requires the use of significant assumptions with regard to the current market rental rates, rental growth rates, discount rates and other variables. If inappropriate estimates with regard to these variables are used, misclassification of assets or liabilities and incorrect calculation of depreciation amounts would occur, which would misstate our net income.

Related Party Transactions and Agreements

We have entered into agreements with our advisor and other affiliates, whereby we pay certain fees or reimbursements to our advisor or such affiliates for acquisition and advisory fees, organization and offering costs, sales commissions, dealer manager fees, property management and leasing fees, and reimbursement of operating costs. See Note 12 to our consolidated financial statements included in this supplement for a discussion of the various related party transactions, agreements, and fees.

Conflicts of Interest

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Our advisor is also a general partner in and advisor to various Wells Real Estate Funds. As such, there are conflicts of interest in which the advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with us in connection with property acquisitions or for tenants in similar geographic markets.

REPORT OF INDEPENDENT AUDITORS

Board of Directors and Shareholders

Wells Real Estate Investment Trust, Inc.

We have audited the accompanying consolidated balance sheet of Wells Real Estate Investment Trust, Inc. and subsidiaries as of December 31, 2002 and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended. Our audit also included financial statement Schedule III Real Estate Assets and Accumulated Depreciation as of December 31, 2002. These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audit. The financial statements and schedule of Wells Real Estate Investment Trust, Inc. and subsidiary as of December 31, 2001, and for the years ended December 31, 2001 and 2000 were audited by other auditors who have ceased operations, and whose report dated January 25, 2002 expressed an unqualified opinion on those financial statements and schedule before the restatement adjustments and disclosures described in Note 2.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2002 financial statements referred to above present fairly, in all material respects, the consolidated financial position of Wells Real Estate Investment Trust, Inc. and subsidiaries at December 31, 2002 and the consolidated results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States. Also, in our opinion, the related 2002 financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

As discussed above, the financial statements of Wells Real Estate Investment Trust, Inc. and subsidiary as of December 31, 2001 and for the years ended December 31, 2001 and 2000 were audited by other auditors who have ceased operations. As described in Note 2, these financial statements have been restated. We audited the adjustments described in Note 2 that were applied to restate the 2001 and 2000 financial statements. Our procedures included (a) agreeing the amounts in the restatement adjustments columns to the corresponding accounts maintained in the underlying records of the Company, and (b) testing the application of the adjustments to the historical amounts. In our opinion, such adjustments are appropriate and have been properly applied. Additionally, as described in Note 2, these financial statements have been revised to include disclosure of the number of weighted average shares outstanding for the years ended December 31, 2001 and 2000 on the consolidated statements of income. Our audit procedures with respect to this disclosure included recalculating the number of weighted average shares outstanding for the years ended December 31, 2001 and 2000 by dividing the net income amount previously reported on the consolidated statements of income in 2001 and 2000 by the earnings per share amount previously reported on the consolidated statements of income in 2001 and 2000. In our opinion, the disclosure of the number of weighted average shares outstanding on the consolidated statements of income for the years ended December 31, 2001 and 2000 is appropriate. However, we were not engaged to audit, review, or apply any procedures to the 2001 and 2000 financial statements of Wells Real Estate Investment Trust, Inc. and subsidiary other than with respect to such restatement adjustments and disclosures and, accordingly, we do not express an opinion or any other form of assurance on the 2001 and 2000 financial statements taken as a whole.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

As discussed in Note 2, in 2002 the Company adopted Statement of Financial Accounting Standards No. 141, Business Combinations and No. 142, Goodwill and Other Intangible Assets .

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To Wells Real Estate Investment Trust, Inc.:

We have audited the accompanying consolidated balance sheets of **WELLS REAL ESTATE INVESTMENT TRUST, INC.** (a Maryland corporation) **AND SUBSIDIARY** as of December 31, 2001 and 2000 and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2001. These financial statements and the schedule referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and schedule are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wells Real Estate Investment Trust, Inc. and subsidiary as of December 31, 2001 and 2000 and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2001 in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. Schedule III Real Estate Investments and Accumulated Depreciation as of December 31, 2001 is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic financial statements. This schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, fairly states, in all material respects, the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

Table of Contents**WELLS REAL ESTATE INVESTMENT TRUST, INC.****AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****DECEMBER 31, 2002, 2001 AND 2000****1. Organization**

Wells Real Estate Investment Trust, Inc. (the Company) is a Maryland corporation that qualifies as a real estate investment trust (REIT). The Company was incorporated in 1997 and commenced operations on June 5, 1998.

The Company engages in the acquisition and ownership of commercial real estate properties, throughout the United States, including properties which are under construction, are newly constructed or have operating histories. At December 31, 2002, the Company has invested in commercial and industrial real estate assets, either directly or through joint ventures with real estate limited partnership programs sponsored by Wells Capital, Inc. (the Advisor) or its affiliates.

Substantially all of the Company's business is conducted through Wells Operating Partnership, L.P., (Wells OP), a Delaware limited partnership, and its subsidiaries. Wells OP was formed to acquire, develop, own, lease, and operate real properties on behalf of the Company, either directly, through wholly-owned subsidiaries, or through joint ventures. The Company is the sole general partner in Wells OP and possesses full legal control and authority over the operations of Wells OP. In addition, the Company owns Wells REIT-Independence Square, LLC (Wells REIT-Independence), a single member Georgia limited liability company. Wells REIT-Independence was formed for the purpose of acquiring two office buildings located in Washington, D.C. (the NASA Buildings). Wells OP, and its subsidiaries, and Wells REIT-Independence comprise the Company's subsidiaries.

The Company has initiated four offerings of the Company's stock as follows:

Offering #	Date Commenced	Termination Date	Gross Proceeds	Shares Issued
1	January 30, 1998	December 19, 1999	\$ 132.2 million	13.2 million
2	December 20, 1999	December 19, 2000	\$ 175.2 million	17.5 million
3	December 20, 2000	July 26, 2002	\$ 1,283.0 million	128.3 million
4	July 26, 2002	Offering will terminate on or before July 25, 2004	\$ 587.5 million (through December 31, 2002)	58.8 million (through December 31, 2002)
Total as of December 31, 2002			\$ 2,177.9 million	217.8 million

After payment of \$75.5 million in acquisition and advisory fees and acquisition expenses to the Advisor, payment of \$206.4 million in selling commissions, payment of \$40.0 million in organization and offering expenses to the Advisor, investment in real estate assets and joint ventures of \$1,808.5 million, and common stock redemptions of \$20.9 million pursuant to the Company's share redemption program, the Company was holding net offering proceeds of approximately \$26.6 million available for investment in properties at December 31, 2002.

Table of Contents

The Company's stock is not listed on a national exchange. However, the Company's Articles of Incorporation currently require that, in the event that the Company's stock is not listed on a national exchange by January 30, 2008, the Company must begin liquidating its investments and distributing the resulting proceeds to the shareholders.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation and Basis of Presentation

The consolidated financial statements include the accounts of the Company, Wells OP and its subsidiaries, and Wells REIT-Independence. The financial statements of the Company's subsidiaries are prepared using accounting policies consistent with the Company. All significant inter-company balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Investments in Joint Ventures

The Company and its subsidiaries do not consolidate investments in ventures in which the Company or a subsidiary does not control the venture, including joint ventures requiring consent of both partners for all major decisions, regardless of whether the Company or a subsidiary owns a majority interest in the venture. These investments are accounted for using the equity method of accounting, whereby original investments are recorded at cost, and subsequently adjusted for contributions, distributions, and the investor's share of income or losses of the joint ventures. Allocations of income and loss and distributions by the joint ventures are made in accordance with the terms of the individual joint venture agreements. Generally, these items are allocated in proportion to the partners' respective ownership interests, which approximates economic ownership. Generally, cash distributions are made from the joint ventures to the investor on a quarterly basis.

Real Estate Assets

Real estate assets are stated at cost, less accumulated depreciation. Amounts capitalized to real estate assets consist of the cost of acquisition or construction, and any tenant improvements or major improvements and betterments which extend the useful life of the related asset. All repairs and maintenance are expensed as incurred. Additionally, the Company capitalizes interest when development of a real estate asset is in progress. Approximately \$0.8 million, \$0.1 million, and \$0.2 million of interest was capitalized for the years ended December 31, 2002, 2001, and 2000, respectively.

The estimated useful lives of the Company's real estate assets by class are as follows:

Building	25 years
Building improvements	10-25 years
Land improvements	20-25 years
Tenant Improvements	Lease term

Table of Contents

Management continually monitors events and changes in circumstances that could indicate that carrying amounts of real estate assets may not be recoverable. When indicators of potential impairment are present, management assesses the recoverability of the assets by determining whether the carrying value of the real estate assets will be recovered through the undiscounted future cash flows expected from the use and eventual disposition of the asset. In the event the expected undiscounted future cash flows do not exceed the carrying value, management adjusts the real estate assets to the fair value and recognizes an impairment loss. Management has determined that there has been no impairment in the carrying value of real estate assets held by the Company, its subsidiaries, and any unconsolidated joint ventures to date.

Effective January 1, 2002, the Company adopted the Statement of Financial Accounting Standards No. 144 *Accounting for the Impairment or Disposal of Long Lived Assets* (SFAS 144), which supersedes Statement of Financial Accounting Standards No. 121 *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of* (SFAS 121) and Accounting Principles Board No. 30 *Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual or Infrequently Occurring Events or Transactions*, with regard to impairment assessment and discontinued operations respectively. In the current year, adoption of this standard did not have a significant impact on the Company, as SFAS 144 did not significantly change the measurement criteria for impairment under SFAS 121 and no properties were disposed of in the current year resulting in discontinued operations.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents include cash and short-term investments. Short-term investments are stated at cost, which approximates fair value, and consists of investments in money market accounts. At December 31, 2002 and 2001, there are no restrictions on the use of the Company's cash.

Rent Receivable

Receivables are recognized and carried at original amount earned less a provision for any uncollectible amounts, which approximates fair value. An allowance for uncollectible amounts is made when collection of the full amount is no longer probable. Bad debt expense was \$0.1 million, \$0.0 million, and \$0.0 million for the years ended December 31, 2002, 2001, and 2000, respectively.

Deferred Project Costs

The Company pays certain fees to the Advisor with regard to the acquisition of properties which are capitalized to the cost of the properties and depreciated on the same basis and over the respective useful life of the related asset. Deferred project costs represent costs incurred for properties to be acquired.

Prepaid Expenses and Other Assets, net

Prepaid expenses and other assets include deferred financing costs, prepaid property operating expenses, earnest money amounts, and purchase price escrows. Deferred financing costs are capitalized and amortized to interest expense on a straight-line basis over the terms of the related

financing arrangement. Accumulated amortization of deferred financing costs totaled \$1.2 million and \$1.0 million at December 31, 2002 and 2001, respectively.

Deferred Lease Acquisition Costs

Costs incurred to procure operating leases are capitalized and amortized on a straight-line basis over the terms of the related lease. Accumulated amortization of deferred lease acquisition costs totaled \$0.8 million and \$0.5 million at December 31, 2002 and 2001, respectively. The related amortization expense for

deferred lease acquisition costs was \$0.3 million, \$0.3 million and \$0.4 million for the years ended December 31, 2002, 2001, and 2000, respectively, which is included in management and leasing fees in the consolidated statements of income.

Intangible Lease Asset/Liability

On January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 141 *Business Combinations*, and Statement of Financial Accounting Standards No. 142 *Goodwill and Intangibles*. These standards govern business combinations and asset acquisitions, and the accounting for acquired intangibles. As part of the acquisition of real estate assets, the Company determines whether an intangible asset or liability related to above or below market leases was acquired as part of the acquisition of the real estate. As a result of adopting the standards, amounts totaling \$12.1 million have been recorded as intangible lease assets and \$32.7 million have been recorded as intangible lease liabilities, relating to above and below market lease arrangements for properties acquired in 2002. The intangible assets and liabilities are recorded at their estimated fair market values at the date of acquisition, and are amortized over the remaining term of the respective lease to rental income. The weighted average amortization period for the intangible lease assets and liabilities was approximately 10 years and 9 years, respectively. These intangibles will be amortized as follows:

	Intangible Lease Asset	Intangible Lease Liability
	(000s)	(000s)
For the year ending December 31:		
2003	\$ 1,909	\$ 4,144
2004	1,909	4,144
2005	1,807	4,144
2006	677	3,602
2007	677	2,842
Thereafter	5,081	13,821

Investments in Bonds and Obligations Under Capital Leases

As a result of certain purchase transactions, the Company has acquired investments in bonds and certain obligations under capital leases. The Company records the bonds and obligations under capital leases at the amounts the Company expects to pay and receive. Because the Company is obligated to pay the indebtedness evidenced by the bonds, the Company has recorded these obligations as liabilities; however, since the Company is also the owner of the bonds, the bonds are carried on the Company's books as assets. The related offsetting interest amounts are recorded as interest income and interest expense in the period that the amounts accrue. See Note 5 for a more detailed discussion of the bonds and obligations under capital leases.

Notes Payable

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

All loans are measured at the stated principal amount, which approximates fair value. Interest is charged to interest expense as it accrues, except for interest qualifying for capitalization relating to properties under development.

Table of Contents

Dividends Payable and Distribution Policy

The Company will make distributions each taxable year (not including a return of capital for federal income tax purposes) equal to at least 90% of the Company's taxable income. The Company intends to make regular quarterly distributions to shareholders. Currently, dividends are declared in advance of the quarter to which they relate based on a daily rate for the upcoming quarter. Thus, shareholders are entitled to receive dividends immediately upon purchase of shares.

Dividends to be distributed to the shareholders are determined by the board of directors of the Company and are dependent upon a number of factors relating to the Company, including funds available for payment of dividends, financial condition, the timing of property acquisitions, capital expenditure requirements and annual distribution requirements in order to maintain the Company's status as a REIT under the Internal Revenue Code.

Offering and Related Costs

Offering costs are charged by the Advisor for costs incurred by the Advisor for raising capital for the Company. Such costs include legal and accounting fees, printing costs, sales, promotional, and other offering costs. Such costs, as well as sales commissions and dealer manager fees associated with the offering of shares, which are currently 7% and 2.5%, respectively, of gross offering proceeds, are accounted for as a reduction of equity.

Treasury Stock

The Company currently has a share redemption plan in place whereby the Company acquires shares from shareholders, subject to certain limitations. The Company accounts for these share repurchases using the treasury stock method.

Revenue Recognition

All leases on real estate assets held by the Company or its subsidiaries are classified as operating leases, and the related rental income is recognized on a straight-line basis over the terms of the respective leases. Tenant reimbursements are recognized as revenue in the period that the related operating cost is incurred and therefore contractually earned and billable pursuant to the terms of the underlying lease. Rents paid in advance, which do not qualify for revenue recognition, are deferred to future periods.

Revenues earned relating to lease termination agreements are recognized at the time the tenant loses the right to lease the space and when the Company has earned the right to receive such payments.

Stock-Based Compensation

The Company has adopted the disclosure provisions in Statement of Financial Accounting Standards No. 123 *Accounting and Disclosure for Stock-Based Compensation* (SFAS 123). As permitted by the provisions of SFAS 123, the Company applies Accounting Principles Board Opinion No. 25 *Accounting for Stock Issued to Employees* (APB 25) and the related interpretations in accounting for its stock option grants to members of the board of directors, and accordingly, does not recognize compensation cost in the consolidated statements of income but instead provides pro forma disclosure in the notes to the consolidated financial statements. For the years ended December 31, 2002, 2001, and 2000, stock option grants did not have any impact on the consolidated statements of income as the fair value at the date of issue for each grant is estimated at \$0.

Table of Contents

Earnings Per Share

Earnings per share are calculated based on the weighted average number of common shares outstanding during each period. The weighted average number of common shares outstanding is identical for basic and fully diluted earnings per share. Outstanding stock options and warrants have been excluded from the diluted earnings per share calculation as their impact would be anti-dilutive using the treasury stock method, as the exercise price of the options and warrants exceed the stock offering price.

Financial Instruments

The Company considers its cash, accounts receivable, accounts payable, bonds, obligations under capital leases, notes payable, and interest rate swaps to meet the definition of financial instruments. At December 31, 2002 and 2001, the carrying value of the Company's financial instruments approximated their fair value. Notes payable bear interest based on variable interest rates that periodically adjust to market or are fixed rate debt that is due within twelve months.

Interest Rate Swap Agreements

On January 1, 2001, the Company adopted Statement of Financial Accounting Standards No. 133 *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133) as amended by Statement of Financial Accounting Standards No. 137 *Accounting for Derivative Instruments and Hedging Activities - Deferral of the Effective Date of SFAS 133* and Statement of Financial Accounting Standards No. 138 *Accounting for Certain Derivative Instruments and Certain Hedging Activities*. SFAS 133 requires recording all derivative instruments as assets or liabilities, measured at fair value in the consolidated balance sheet. The effect of adopting SFAS 133 did not have a material effect on the Company's consolidated financial statements.

The Company has entered into certain interest rate swap agreements to minimize the Company's exposure to increases in interest rates on certain variable interest rate agreements. At the time of entering into the agreement and on an ongoing basis, the Company considers effectiveness of the interest rate swap at hedging the Company's exposure to interest rate fluctuations. The Company recognizes interest rate swap agreements at fair value at each balance sheet date. If the agreement is deemed to effectively hedge the risk, the corresponding change in value is recorded as an adjustment to other comprehensive income. In the event that the swap is not effective, the corresponding change in fair value of the swap is recorded in the consolidated statements of income. Currently, each interest rate swap agreement entered into by the Company has been deemed effective and therefore reflected as a component of other comprehensive income, with no impact on the consolidated statements of income. The fair value of the swap agreements are included in prepaid and other assets or accounts payable and accrued expenses in the consolidated balance sheets. Net receipts and payments are recognized as adjustments to interest expense.

Income Taxes

The Company has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the Code), and has operated as such beginning with its taxable year ended December 31, 1998. To qualify as a REIT, the Company must meet certain organizational and operational requirements, including a requirement to currently distribute at least 90% (95% in 2000) of the REIT's ordinary taxable income to shareholders. As a REIT, the Company generally will not be subject to federal income tax on taxable income that it distributes to its shareholders. If the Company fails to qualify as a REIT in any taxable year, it will then be subject to federal income taxes on its taxable income at regular corporate

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year during which qualification is lost unless the Internal Revenue Service granted the Company relief under certain statutory provisions. Such an event could materially adversely affect the Company's net income and net cash

Table of Contents

available for distribution to shareholders. However, the Company believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner so that the Company will remain qualified as a REIT for federal income tax purposes. No provision for federal income taxes has been made in the accompanying consolidated financial statements, as the Company made distributions in excess of its taxable income in the years ended December 31, 2002, 2001, and 2000.

Restatement Adjustments and Disclosures

The Company and its joint ventures have historically reported property operating costs net of reimbursements from tenants as an expense in its consolidated statements of income. These costs include property taxes, property insurance, utilities, repairs and maintenance, management fees and other expenses related to the ownership and operation of the Company's properties that are required to be reimbursed by the properties tenants in accordance with the terms of their leases. In response to FASB Emerging Issues Task Force consensus reached in November 2001, the Company and its joint ventures will now present these reimbursements as revenue and the gross property operating costs as expenses. Consequently, the accompanying consolidated statements of income of the Company for the years ended December 31, 2001 and 2000 have been restated to reflect the effects of this revised presentation.

In addition, the condensed combined statements of income disclosed in Note 4 have also been restated to reflect the effects of this revised presentation.

Since this presentation does not impact the amount of reimbursements received or property operating costs incurred and requires equal adjustments to revenues and expenses, the adoption of this guidance will have no impact on the financial position, net income, earnings per share or cash flows of the Company.

Furthermore, the statements of income for the years ended December 31, 2001 and 2000 have been revised to include disclosure of the weighted average shares outstanding for the years ended December 31, 2001 and 2000.

The investment objectives of each joint venture in which Wells OP is a partner are consistent with those of the Company. Wells OP is acting as the initial administrative venturer, as defined in the respective joint venture agreements, of each of the joint ventures included above, and as such, is responsible for establishing policies and operating procedures with respect to the business and affairs of each of these joint ventures. However, approval of the other joint venturers is required for any major decision or any action that materially affects these joint ventures or their real property investments.

Wells OP's investment balance and percentage ownership in joint ventures at December 31, 2002 and 2001 are summarized as follows:

The Company has historically presented the condensed balance sheets, statements of income, statements of partners' capital, and statements of cash flows for each joint venture investment in the notes to the consolidated financial statements, although such disclosure is not required. In prior years, the joint venture investments had a more significant impact on the financial position and results of operations of the Company. However, with the continued acquisition of properties in the current year, the significance of the joint venture investments has been diluted. Management has determined that inclusion of the information presented in prior years is unnecessary due to the insignificance of the joint ventures as a percentage of total assets and net income.

Table of Contents**5. INVESTMENTS IN BONDS AND OBLIGATIONS UNDER CAPITAL LEASES**

In connection with the purchase of a ground leasehold interest in the Ingram Micro Distribution Facility pursuant to a Bond Real Property Lease dated December 20, 1995 (the Ingram Bond Lease), Wells OP acquired an Industrial Development Revenue Note (the Ingram Bond) dated December 20, 1995 in the principal amount of \$22 million. As part of the same transaction, Wells OP also acquired a Fee Construction Mortgage Deed of Trust Assignment of Rents and Leases (the Ingram Bond Deed of Trust), also dated December 20, 1995, which was executed by the Industrial Development Board in order to secure the Ingram Bond. The Ingram Bond Lease expires on December 31, 2026. Beginning in 2006, the Company has the option to purchase the land underlying the Ingram Micro Distribution Facility for \$100 plus satisfaction of the indebtedness.

As part of the transaction to acquire a ground leasehold interest in the ISS Atlanta Buildings, Wells OP was assigned Development Authority of Fulton County Taxable Revenue Bonds totaling \$32.5 million, which were originally issued in connection with the development of the ISS Atlanta Buildings (the ISS Bonds). The ISS Bonds entitle Wells OP to certain property tax abatement benefits. Upon payment of the outstanding balance on the ISS Bonds, on or before the expiration of the ground lease on December 1, 2015, fee title interest to the underlying land will be transferred to Wells OP.

The net carrying value of the ISS Atlanta Buildings and Ingram Micro Building is \$62.4 million at December 31, 2002. Depreciation of the assets under capital leases is included with depreciation expense in the consolidated statements of income.

6. BORROWINGS

The Company has financed its investments, acquisitions, and developments through various lenders as described below. On December 31, 2002 and 2001, the Company had the following amounts outstanding:

The debt agreements contain requirements with regard to certain operating and financial covenants, including, but not limited to, maintaining insurance on the properties, distribution limits, and other financial ratios. For the year ended December 31, 2002, the Company was in violation of a debt covenant which limits the amount of the Company's dividend payments to the Company's funds from operations for the period. The lender provided a waiver for this violation for the year ended December 31, 2002. The Company's compliance with this covenant in periods subsequent to December 31, 2002 will be dependent upon the future operations and dividends of the Company. Management projects that distributions will not exceed funds from operations for the year ended December 31, 2003.

7. INTEREST RATE SWAP AGREEMENTS

The Company has entered into interest rate swap agreements with Bank of America in order to hedge its interest rate exposure on the Bank of America construction loans for the Nissan Property (the Nissan Loan) and the Kerr McGee Property (the Kerr McGee Loan). The interest rate swap agreements involve the exchange of amounts based on a fixed interest rate for amounts based on a variable interest rate over the life of the loan agreement without an exchange of the notional amount upon which the payments are based. The notional amount of both interest rate swaps is the balance outstanding on the construction loan on the payment date.

The interest rate swap for the Nissan Loan became effective January 15, 2002 and terminates on June 15, 2003. The Company, as the fixed rate payer, has an interest rate of 3.9%, plus 200 basis points. Bank of America, the variable rate payer, pays at a rate equal to U.S. dollar LIBOR on the payment date. The result is an effective interest rate of 5.9% on the Nissan Loan.

The interest rate swap for the Kerr McGee Loan became effective September 15, 2002 and terminates on July 15, 2003. The Company as the fixed rate payer has an interest rate of 2.27%, plus 200 basis points. Bank of America, the variable rate payer, pays at a rate equal to U.S. dollar LIBOR on the payment date. The result is an effective interest rate of 4.27% on the Kerr McGee Loan.

For the year ended December 31, 2002, the Company made interest payments totaling approximately \$0.2 million under the terms of the interest rate swap agreements. At December 31, 2002, the combined estimated fair value of the interest rate swaps for the Nissan Loan and the Kerr McGee Loan was approximately \$(0.4 million).

8. COMMITMENTS AND CONTINGENCIES

Take Out Purchase and Escrow Agreement

The Advisor and its affiliates have developed a program (the Wells Section 1031 Program) involving the acquisition by a subsidiary of Wells Management Company (Wells Exchange) of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are seeking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Code. The acquisition of each of the properties acquired by Wells Exchange will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to repay a prorata portion of the interim financing. In

consideration for the payment of a take out fee to Wells OP, and following approval of the potential property acquisition by the Company's board of directors, it is anticipated that Wells OP will enter into a take out purchase and escrow agreement or similar contract providing that, in the event that Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells OP will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period.

Ford Motor Credit Transaction

As a part of the initial transaction in the Wells Section 1031 Program, and in consideration for the payment of a take out fee in the amount of \$0.1 million to the Company, Wells OP entered into a take out purchase and escrow agreement dated April 16, 2001. However, Wells OP was not required to satisfy any of the requirements under the agreement as all co-tenancy interests were sold prior to the extended deadline. The payoff of the loan on April 12, 2002 by Wells Exchange-Federal Drive-Colorado Springs, LLC triggered the release of Wells OP from its prior obligations under the take out agreement. The \$0.1 million take out fee was recognized as income in 2001.

Meadow Brook Corporate Park Transaction

The second transaction in the Section 1031 Exchange Program involves the acquisition by Wells Exchange-Meadow Brook Park, Birmingham, LLC (Wells Exchange-Meadow Brook Park), a wholly owned subsidiary of Wells Management Company, and resale of co-tenancy interests in two single tenant office buildings each containing approximately 98,216 rentable square feet located in Birmingham, Alabama (Meadow Brook Corporate Park) currently under lease agreements with Allstate Insurance Company and Computer Sciences Corporation. Wells Exchange-Meadow Brook Park is currently engaged in the offer and sale of co-tenancy interests in the Meadow Brook Corporate Park to 1031 Participants.

In consideration for the payment of a take out fee in the amount of \$0.2 million, which was recognized as income in the year ended December 31, 2002, Wells OP entered into a take out purchase and escrow Agreement relating to the Meadow Brook Corporate Park. Pursuant to the terms of the take out purchase and escrow agreement, Wells OP is obligated to acquire, at Wells Exchange-Meadow Brook Park's cost (\$0.4 million in cash for each 2.9994% co-tenancy interest), any co-tenancy interests in the Meadow Brook Corporate Park that remain unsold on September 30, 2003.

The obligation of Wells OP under the Take Out Purchase and Escrow Agreement relating to Meadow Brook Corporate Park is secured by a line of credit with Bank of America, N.A. (BOA). If, for any reason, Wells OP fails to acquire any of the co-tenancy interests in the Meadow Brook Corporate Park which remain unsold as of September 30, 2003, or if there is otherwise an uncured default under the interim loan, BOA is authorized to draw down on Wells OP's line of credit in the amount necessary to pay the outstanding balance of the interim loan in full, in which event the appropriate amount of unsold co-tenancy interests in the Meadow Brook Corporate Park would be deeded to Wells OP. Wells OP's maximum economic exposure in the transaction is \$14 million, in which event Wells OP would acquire the Meadow Brook Corporate Park for \$14 million in cash plus assumption of the first mortgage financing in the amount of \$13.9 million. If Wells Exchange-Meadow Brook Park successfully sells 100% of the co-tenancy interests to 1031 participants, Wells OP will not acquire any interest in the Meadow Brook Corporate Park. If some, but not all, of the co-tenancy interests are sold by Wells Exchange-Meadow Brook Park, Wells OP's exposure would be less, and it would end up owning an interest in the property in co-tenancy with 1031 Participants who had previously acquired co-tenancy interests in the Meadow Brook Corporate Park from Wells Exchange-Meadow Brook Park.

Letters of Credit

At December 31, 2002, Wells OP had three unused letters of credit totaling approximately \$19.7 million outstanding from financial institutions, consisting of letters of credit of approximately \$14.5 million; \$4.8 million; and \$0.4 million with expiration dates of February 28, 2004; August 12, 2003; and February 2, 2004; respectively. These amounts are not recorded in the accompanying consolidated balance sheet as of December 31, 2002. These letters of credit were required by three unrelated parties to ensure completion of the Company's obligations under certain earn-out and construction agreements. Management does not anticipate a need to draw on these letters of credit.

Properties Under Contract

At December 31, 2002, the Company has a contract to acquire a third building at the Company's ISS Atlanta Buildings development upon completion of construction for a fixed purchase price of \$10.0 million. The property is currently under construction, with an expected completion date in June 2003.

Commitments Under Existing Lease Agreements

Certain lease agreements include provisions that, at the option of the tenant, the Company may be obligated to expend certain amounts of capital to expand an existing property, construct on adjacent property, or provide other expenditures for the benefit of the tenant, which would then be leased to the tenant upon completion, in favor of additional rental revenue. No such options have been exercised by tenants.

Properties Under Construction

Wells OP has entered into an agreement with an independent third-party general contractor for the purpose of designing and constructing a three-story office building containing 268,290 rentable square feet on the Nissan Property. The construction agreement provides that Wells OP will pay the contractor a fee of \$25.3 million for the design and construction of the building, plus \$5.6 million for acquisition of the land. Construction commenced in January 2002 and the building was completed in February 2003. Construction was funded through a construction loan with Bank of America (see Note 6). As of December 31, 2002, approximately \$25.7 million of costs had been incurred to construct the property, with minimal additional costs incurred subsequently to complete the building.

Wells OP has entered into an agreement with an independent third-party general contractor for the purpose of developing, designing, and constructing the Kerr-McGee Building. The building's completion is projected for July 2003. Construction is being funded through the construction loan with Bank of America (see Note 6). The total anticipated aggregate of all costs and expenses to be incurred by Wells OP with respect to the acquisition of the Kerr-McGee Property and the planning design, development, construction, and completion of the Kerr-McGee Building will total approximately \$15.8 million, plus \$2.1 million for acquisition of the land. At December 31, 2002, \$5.4 million had been incurred.

Wells OP has entered into an agreement with an independent third-party general contractor for the purpose of designing and constructing the Americredit Phoenix Building. Construction commenced in September 2002 with budgeted costs of \$24.7 million with scheduled completion in May 2003. The cost of the underlying land was \$2.7 million. Construction is being funded through the use of investor proceeds. As of December 31, 2002, approximately \$6.3 million of costs had been incurred to construct the property, with an additional \$15.7 million of additional costs anticipated to complete the building.

Table of Contents**Earn-out Agreements**

As part of the acquisition of the IRS Building, the Company entered into an agreement whereby the Company is obligated to pay the seller an additional \$14.5 million if the Company or the seller locates a suitable tenant and leases the vacant space of the building within 18 months after the date of acquisition of the property, or March 2004. If the space is not leased within this time, the Company is released from any obligation to pay this additional purchase consideration. The 26% of the building that was unleased at the time of acquisition remains unleased at December 31, 2002.

Leasehold Property Obligations

The ASML, Motorola Tempe, Avnet, and Bellsouth Ft. Lauderdale Buildings are subject to certain ground leases with expiration dates of 2082, 2082, 2083, and 2049, respectively. Required payments, under the terms of the leases are as follows at December 31, 2002, in thousands:

	Amount
	(000s)

2003	\$ 726
2004	726
2005	726
2006	726
2007	726
Thereafter	92,366

Total	\$95,996

Ground rent expense for the years ended December 31, 2002, 2001, and 2000 was approximately \$0.7 million, \$0.7 million, and \$0.5 million, respectively. The net book value of the related land improvements subject to operating leases is \$50.3 million at December 31, 2002.

Pending Litigation

In the normal course of business, the Company and its subsidiaries may become subject to litigation or claims. In November 2002, Shoreview Associates LLC (Shoreview), the owner of an office building located in Ramsey County, Minnesota that Wells OP had contracted to purchase, filed a lawsuit against Wells OP in state court in Minnesota alleging that Shoreview was entitled to the \$750,000 in earnest money that Wells OP had deposited under the contract. Wells OP has filed a counterclaim in the case asserting that it is entitled to the \$750,000 earnest money deposit. Procedurally, Wells OP had the case transferred to U.S. District Court in Minnesota, and Shoreview has moved to transfer the case back to state court. The dispute currently remains in litigation. After consultation with legal counsel, management does not believe that a reserve for a loss contingency is necessary.

9. SHAREHOLDERS EQUITY

General

Under the Company's Articles of Incorporation, the total number of shares of stock authorized for issuance is 1 billion, consisting of 750 million common shares, 100 million preferred shares, and 150 million shares-in-trust, each as defined by the Company's Articles of Incorporation as amended and restated on June 26, 2002.

The common shares shall have a par value of \$0.01 per share and shall entitle the holders to one vote per share on all matters upon which shareholders, subject to the express terms of any series preferred shares, are entitled to vote pursuant to the Articles of Incorporation.

The Company is authorized to issue one or more series of preferred shares. Prior to the issuance of such shares, the board of directors shall fix the number of shares outstanding to be included in each series, and the designation, preferences, terms, rights, restrictions, limitations and qualifications and terms and conditions of redemption of the shares of each class or series. As of December 31, 2002, the Company has not issued any preferred shares.

In order to ensure that certain ownership restrictions are not violated and the Company's REIT status is not violated, the Articles of Incorporation of the Company authorize the Company to issue certain shares-in-trust and exchange these for such shares causing violation. Such shares shall be deemed transferred to and held in a trust established on behalf of the violator and administered by the trustee, as defined in the Articles of Incorporation. Such shares-in-trust shall be issued and outstanding stock of the Company and are entitled to the same rights and privileges as all other shares of the same class or series, except that the trust will receive all distributions on such shares, the trustee will be entitled to the vote associated with the shares-in-trust, and shares-in-trust are not transferable. Upon liquidation, such shares-in-trust shall be treated consistently with all other shares of the same class or series. As of December 31, 2002, the Company has not issued any shares-in-trust.

2000 Employee Stock Option Plan

On June 28, 2000, the shareholders approved the 2000 Employee Stock Option Plan of Wells Real Estate Investment Trust, Inc. (the "Employee Option Plan"), which provides for grants of "non-qualified" stock options to be made to selected employees of Wells Capital and Wells Management, subject to the discretion of the Compensation Committee and the limitations of the Employee Option Plan. A total of 750,000 shares have been authorized and reserved for issuance under the Employee Option Plan. At December 31, 2002, no stock options have been granted or exercised under the Employee Stock Option Plan; therefore, 750,000 shares are available for issue.

The exercise price for the employee options shall be the greater of (1) \$11.00 per share, or (2) the Fair Market Value, as defined in the Employee Option Plan, of the shares on the date the option is granted. The Compensation Committee has the authority to set the term and vesting period of the stock option except that no option shall have a term greater than five years from the later of (1) the date the Company's shares are listed on a national securities exchange, or (2) the date the stock option is granted. In the event that the Compensation Committee determines that the potential benefits of the stock options may be inappropriately diluted or enlarged as a result of a certain corporate transaction or event, the Compensation Committee may adjust the number and kind of shares or the exercise price with respect to any option. Upon exercise, the employee agrees to remain in the employment of Wells Capital or Wells Management for a period of one year after the date of grant. No stock option may be exercised if such exercise would jeopardize the Company's status as a REIT under the Internal Revenue Code. No option may be sold, pledged, assigned or transferred by an employee in any manner other than by will or the laws of descent or distribution.

Table of Contents**Independent Director Stock Option Plan**

On June 16, 1999, the shareholders approved the Wells Real Estate Investment Trust, Inc. Independent Director Stock Option Plan (the Independent Director Plan), which provides for grants of stock to be made to independent non-employee directors of the Company. A total of 100,000 shares have been authorized and reserved for issuance under the Independent Director Plan. At December 31, 2002, 41,000 options have been granted, with 59,000 available to be granted.

Options to purchase 2,500 shares of common stock at the greater of (1) \$12 per share or (2) the Fair Market Value, as defined in the Independent Director Plan, are granted upon initially becoming an independent director of the Company, or at the date of the approval of the Independent Stock Option Plan for existing independent directors. Of these shares, 20% are exercisable immediately on the date of grant. An additional 20% of these shares become exercisable on each anniversary following the date of grant for a period of four years. Additionally, effective on the date of each annual meeting of shareholders of the Company, beginning in 2000, each independent director will be granted an option to purchase 1,000 additional shares of common stock. These options are 100% exercisable at the completion of two years of service after the date of grant. All options granted under the Independent Director Plan expire no later than the date immediately following the tenth anniversary of the date of grant and may expire sooner in the event of the disability or death of the independent director or if the independent director ceases to serve as a director. In the event that the potential benefits of the stock options may be inappropriately diluted or enlarged as a result of a certain corporate transaction or event, a corresponding adjustment to the consideration payable with respect to all stock options shall be made. No option may be sold, pledged, assigned or transferred by an independent director in any manner other than by will or the laws of descent or distribution.

A summary of the Company's stock option activity for the years ended December 31, 2002, 2001, and 2000 is as follows:

	Number	Exercise Price	Exercisable
Outstanding at December 31, 1999	17,500	\$ 12	
Granted in 2000	7,000	12	
Outstanding at December 31, 2000	24,500	12	7,000
Granted in 2001	7,000	12	
Outstanding at December 31, 2001	31,500	12	10,500
Granted in 2002	9,500	12	
Outstanding at December 31, 2002	41,000	12	21,500

For SFAS 123 purposes, the fair value of each stock option for 2002, 2001, and 2000 has been estimated as of the date of the grant using the Black-Scholes minimum value method. The weighted average risk-free interest rates assumed for 2002, 2001 and 2000 were 4.57%, 5.05% and 6.45%, respectively. Projected future dividend yields of 7.0%, 7.8% and 7.3% were estimated for the options granted in 2002, 2001, and 2000, respectively. The expected life of an option was assumed to be six, six, and four years for 2002, 2001, and 2000, respectively. Based on these assumptions, the fair value of the options granted during the years ended December 31, 2002, 2001, and 2000 is \$0. All options granted have an exercise price of \$12 per share. The weighted average contractual remaining life for options that are exercisable at December 31, 2002 was approximately 8.7 years.

Independent Director Warrant Plan

The Independent Director Warrant Plan (the "Independent Director Warrant Plan"), was approved by the shareholders on June 28, 2000, providing for the issuance of one warrant to purchase common stock for every 25 shares of common stock purchased by the independent director. A total of 500,000 warrants have been authorized and reserved for issuance under the Independent Director Warrant Plan. The exercise price of the warrants shall be \$12 per share. No warrant may be sold, pledged, assigned or transferred by an independent director in any manner other than by the laws of descent or distribution. At December 31, 2002, approximately 5,000 warrants have been earned under the Independent Director Warrant Plan, but no warrants have been issued under the Independent Director Warrant Plan.

Dividend Reinvestment Plan

During 1999, the Company's board of directors authorized a dividend reinvestment plan (the "DRP"), through which common shareholders may elect to reinvest an amount equal to the dividends declared on their common shares into additional shares of the Company's common stock in lieu of receiving cash dividends. The shares may be purchased at a fixed price per share and participants in the DRP may purchase fractional shares so that 100% of the dividends will be used to acquire shares of the Company's stock. With respect to such shares, the Company will pay selling commissions of 7%, a dealer manager fee of 2.5%, organization and offering costs of up to 3% of the reinvestment, acquisition and advisory fees and expenses of 3.5% of the purchase price, which is consistent with the costs paid in connection with the current offering of shares of the Company's common stock. The board of directors, by majority vote, may amend or terminate the DRP for any reason upon 10 days notice to the participants of the DRP.

Share Redemption Program

As the Company's stock is currently not listed on a national exchange, there is no market for the Company's stock. As a result, there is risk that a shareholder may not be able to sell the Company's stock at a time or price acceptable to the shareholder. During 2000, the Company's board of directors authorized a common stock redemption plan for investors who held the shares for more than one year, subject to the limitation that aggregate shares redeemed under the plan could not exceed the lesser of (i) the amount reinvested in the Company's common shares through the DRP, less shares already redeemed, or (ii) 3% of the average common shares outstanding during the preceding year. The Company has no obligation to repurchase shares under its share redemption program. Shares redeemed under the share redemption program are purchased by the Company at the amount contributed by the shareholder, including any commissions paid at issuance. During 2002, 2001, and 2000, the Company repurchased 1.5 million; 0.4 million; and 0.1 million of its own common shares at an aggregate cost of \$15.3 million; \$4.1 million; and \$1.4 million, respectively. These transactions were funded with cash on hand and did not exceed any of the foregoing limitations. At the time of such redemption, Wells Investment Securities, Inc. ("WIS") has refunded to the Company the 2.5% commission earned upon the issuance of such shares. The board of directors, by majority vote, may amend or terminate the Company's share redemption program at any time.

Dealer Warrant Plan

Under the terms of each offering of the Company's stock, warrants to purchase shares of the Company's stock were delivered to WIS. Currently such warrants are issued in book form only and warrant certificates are not issued. For each warrant, the warrant-holder shall have the right to purchase one share from the Company at a price of \$12 during the time period beginning one year from the effective date of the respective offering and ending on the date five years after the effective date. Warrants outstanding as of December 31, 2002 for the first, second, third, and fourth offerings to date are approximately 0.5 million, 0.7 million, 4.7 million, and 1.1 million, respectively. As of December 31, 2002, no warrants have been exercised under the plan.

At December 31, 2002, the tax basis carrying value of the Company's total assets was approximately \$2,237.2 million.

12. RELATED-PARTY TRANSACTIONS

Advisory Agreement

The Company has entered into an Advisory Agreement with the Advisor, which entitles the Advisor to specified fees upon the completion of certain services with regard to the offering of shares to the public and investment of funds in real estate projects. The current Advisory Agreement dated January 30, 2002 has been temporarily extended by the board of directors until May 19, 2003.

The Company pays a percentage of shareholder contributions to the Advisor for acquisition and advisory services and acquisition expenses. These payments, as stipulated in the Company's current offering prospectus, are limited to 3.5% of shareholder contributions, subject to certain overall operating expense limitations contained in the prospectus. Aggregate fees incurred through December 31, 2002 and 2001 were \$75.5 million and \$29.1 million, respectively, and approximated 3.5% of shareholder contributions received. As of December 31, 2002, \$67.8 million had been paid to the Advisor through December 31, 2002, with \$7.7 million payable to the Advisor.

Under the terms of the Advisory Agreement, the Company reimburses the Advisor for organization and offering costs not to exceed 3% of the offering proceeds raised. To the extent that organization and offering costs exceed 3% of gross offering proceeds, offering costs will be paid by the Advisor and not by the Company. As of December 31, 2002 the Advisor had paid fund to date organization and offering expenses on behalf of the Company in the aggregate amount of approximately \$40.0 million, which did not exceed the 3% limitation. The Advisor had been reimbursed \$31.7 million as of December 31, 2002.

Additionally, the Advisory Agreement provides that if the Advisor provides a substantial amount of the associated services, as determined by the Independent Directors, the Advisor shall earn a disposition fee in the event that properties are disposed of, in the amount of 50% of a competitive real estate commission or 3.0% of the sales price of the property. At December 31, 2002, no such fees had been paid to the Advisor as no properties had been disposed of to date. The disposition fee will be paid only if shareholders have received total dividends in an amount equal to the sum of their aggregate invested capital, plus an 8% return on invested capital.

The Advisory Agreement also provides that the Advisor shall earn an amount equal to 10% of the net sales proceeds remaining after shareholders have received dividends equal to the sum of the shareholders' invested capital plus an 8% return of invested capital. The Advisor will not earn this fee in the event that the Company's shares are listed on a national stock exchange. As of December 31, 2002, no such fees have been paid.

If the Company's shares are listed on a national stock exchange at any future date, the Advisor shall be entitled to an incentive fee in an amount equal to 10.0% of the amount by which (1) the market value of the outstanding stock of the Company as defined in the Advisory Agreement, exceeds (2) the sum of 100% of invested capital and the total dividends required to be paid to the shareholders in order to pay the shareholders an 8.0% return on invested capital from inception through the date of listing. No such amounts have been incurred as of December 31, 2002. In the event the fee is paid to the Advisor following listing, no other performance fee will be paid to the Advisor.

Table of Contents

Administrative Services Reimbursement

The Company has no direct employees. The employees of the Advisor and Wells Management Company, Inc. ("Wells Management"), an affiliate of the Advisor, perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for the Company. The related expenses are allocated among the Company and the various Wells Real Estate Funds based on time spent on each entity by individual administrative personnel. The Company was allocated salaries, wages, and other payroll related costs by the Advisor and Wells Management totaling \$2.0 million, \$0.7 million, and \$0.2 million for the years ended December 31, 2002, 2001, and 2000, respectively. These amounts are included in general and administrative expenses in the consolidated statements of income.

Property Management and Leasing Agreements

The Company entered into a property management and leasing agreement with Wells Management. In consideration for supervising the management and leasing of the Company's properties, the Company will pay management and leasing fees to Wells Management equal to the lesser of (a) 4.5% of the gross revenues generally paid over the life of the lease or (b) 0.6% of the net asset value of the properties (excluding vacant properties) owned by the Company. These management and leasing fees are calculated on an annual basis plus a separate competitive fee for the one-time initial lease-up of newly constructed properties generally paid in conjunction with the receipt of the first month's rent. Management and leasing fees incurred for services provided by Wells Management were \$5.0 million, \$2.5 million, and \$1.1 million for the years ended December 31, 2002, 2001, and 2000, respectively.

Dealer Manager Agreement

The Company has entered into a dealer manager agreement, whereby, WIS, performs the dealer manager function for the Company. For these services, WIS earns fees of 7% of the gross proceeds from the sale of the shares of the Company, which is reallocated to participating broker-dealers. Additionally, WIS earns a dealer manager fee of 2.5% of the gross offering proceeds at the time the shares are sold, of which up to 1.5% may be reallocated to the broker-dealer. WIS has elected, although is not obligated, to reduce the dealer manager fee amount in each period by 2.5% of the gross redemptions under the Company's redemption plan. The amount of such reduction was \$0.4 million, \$0.1 million, and \$0.0 million for the years ended December 31, 2002, 2001, and 2000, respectively. During the years ended December 31, 2002, 2001, and 2000, the Company incurred commissions and dealer manager fees of \$127.3 million, \$49.2 million, and \$17.0 million, respectively.

Table of Contents**Due From Affiliates**

Due from affiliates included in the consolidated balance sheets at December 31, 2002 and 2001 represents the Company's share of the cash to be distributed from its joint venture investments for the fourth quarter of 2002 and 2001 and other amounts payable to the Company from other related parties:

Conflict of Interest

The Advisor also is a general partner in various Wells Real Estate Funds. As such, there are conflicts of interest where the Advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with the Company in connection with property acquisitions or for tenants in similar geographic markets.

13. OPERATING LEASES

Virtually all of the Company's real estate assets are leased to tenants under operating leases for which the terms and expirations vary. The leases frequently have provisions to extend the lease agreement, options for early termination after paying a specified penalty, and other terms and conditions as negotiated. The Company retains substantially all of the risks and benefits of ownership of the real estate assets leased to tenants. Amounts required as security deposits vary depending upon the terms of the respective leases and the creditworthiness of the tenant, but generally are not significant amounts. Therefore exposure to credit risk is limited to the extent that the receivables exceed this amount. Security deposits related to tenant leases are included in accounts payable and accrued expenses in the consolidated balance sheets.

The future minimum rental income from the Company's investment in real estate assets under non-cancelable operating leases, excluding properties under development, at December 31, 2002 is as follows:

Amount

	(000s)
Year ending December 31:	
2003	\$ 195,677
2004	197,680
2005	197,852
2006	192,666
2007	183,494
Thereafter	759,559
	\$ 1,726,928

Table of Contents

No individual tenant accounted for greater than 10% of the rental income for the year ended December 31, 2002. At December 31, 2002, approximately 12% of the future rental amounts are attributable to one tenant, the National Aeronautics and Space Administration.

14. QUARTERLY RESULTS (UNAUDITED)

Presented below is a summary of the unaudited quarterly financial information for the years ended December 31, 2002 and 2001, in thousands, except per share data:

	2002 Quarters Ended

Dividends per share (a)	\$ 0.19	\$ 0.19	\$ 0.19	\$ 0.19

- (a) The totals of the four quarterly amounts for the years ended December 31, 2002, and 2001, do not equal the totals for the years then ended. This difference results from rounding differences between quarters.

15. ECONOMIC DEPENDENCY

The Company is dependent on the Advisor for certain services which are essential to the Company, including the sale of the Company's shares of common stock available for issue, asset acquisition and disposition decisions and other general administrative responsibilities. Additionally, the Company is dependent upon Wells Management to provide certain property management and leasing services. In the event that these companies were unable to provide the respective services to the Company, the Company would be required to obtain such services from other sources.

The Company is dependent upon the ability of its current tenants to pay their contractual rent amounts as they become due. The inability of a tenant to pay future rental amounts would have a negative impact on the Company. One tenant, the National Aeronautics and Space Administration, represents approximately 12% of the future rental income under non-cancelable leases at December 31, 2002. No other tenants exceed 10% of future rental income. Except for the tenant that has filed for corporate dissolution as discussed in Note 4, the Company is not aware of any reason that its current tenants would not be able to pay their contractual rental amounts as they become due.

Property Acquisitions

On January 9, 2003, Wells OP purchased two three-story office buildings containing approximately 187,735 aggregate rentable square feet located in Mayfield Heights, Ohio, for a purchase price of \$22.0 million, excluding closing costs and acquisition and advisory fees paid to the Advisor. The entire 102,484 rentable square feet of East Point I is leased to Progressive Casualty Insurance Company. East Point II contains approximately 85,251 rentable square feet, of which 70,585 is currently leased to Austin, Danaher Power Solutions LLC and Moreland Management Co. Approximately 14,666 rentable square feet (17%) of East Point II is vacant.

In connection with the acquisition of the property, the Company entered into an earn-out agreement whereby the Company is required to pay the seller certain amounts for each new lease fully executed after the date of acquisition of the property but on or before March 31, 2004, or on or before July 31, 2004, if the tenant thereunder is a leasing prospect as defined by the agreement. Payments shall be the anticipated first year's annual rent less operating expenses with the sum divided by 0.105 and the result reduced by tenant improvement costs related to the space.

PRIOR PERFORMANCE TABLES

The following Prior Performance Tables (Tables) provide information relating to real estate investment programs sponsored by Wells Capital, Inc., our advisor, and its affiliates (Wells Public Programs) which have investment objectives similar to Wells Real Estate Investment Trust, Inc. (Wells REIT). (See Investment Objectives and Criteria.) Except for the Wells REIT, all of the Wells Public Programs have used capital, and no acquisition indebtedness, to acquire their properties.

Prospective investors should read these Tables carefully together with the summary information concerning the Wells Public Programs as set forth in the Prior Performance Summary section of this prospectus.

Investors in the Wells REIT will not own any interest in the other Wells Public Programs and should not assume that they will experience returns, if any, comparable to those experienced by investors in other Wells Public Programs.

Our advisor is responsible for the acquisition, operation, maintenance and resale of the real estate properties. For both the Wells REIT and other Wells Public Programs. The financial results of other Wells Public Programs, thus, may provide some indication of our advisor's performance of its obligations during the periods covered. However, general economic conditions affecting the real estate industry and other factors contribute significantly to financial results.

The following tables are included herein:

Table I Experience in Raising and Investing Funds (As a Percentage of Investment)

Table II Compensation to Sponsor (in Dollars)

Table III Annual Operating Results of Wells Public Programs

Table IV (Results of completed programs) has been omitted since none of the Wells Public Programs have been liquidated.

Table V Sales or Disposals of Property

Additional information relating to the acquisition of properties by the Wells Public Programs is contained in **Table VI**, which is included in Part II of the registration statement which the Wells REIT has filed with the Securities and Exchange Commission. Copies of any or all information will be provided to prospective investors at no charge upon request.

The following are definitions of certain terms used in the Tables:

Acquisition Fees shall mean fees and commissions paid by a Wells Public Program in connection with its purchase or development of a property, except development fees paid to a person not affiliated with the Wells Public Program or with a general partner or advisor of the Wells Public Program in connection with the actual development of a project after acquisition of the land by the Wells Public Program.

Organization Expenses shall include legal fees, accounting fees, securities filing fees, printing and reproduction expenses and fees paid to the sponsor in connection with the planning and formation of the Wells Public Program.

Underwriting Fees shall include selling commissions and wholesaling fees paid to broker-dealers for services provided by the broker-dealers during the offering.

Table of Contents**TABLE I****EXPERIENCE IN RAISING AND INVESTING FUNDS****(UNAUDITED)**

This Table provides a summary of the experience of the sponsors of Wells Public Programs for which offerings have been completed since December 31, 1999. Information is provided with regard to the manner in which the proceeds of the offerings have been applied. Also set forth is information pertaining to the timing and length of these offerings and the time period over which the proceeds have been invested in the properties. All figures are as of December 31, 2002.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2002. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of December 31, 2002 has been prepared to give effect to the first quarter 2003 acquisition of the East Point Buildings and the 150 West Jefferson Building (collectively, the "Recent Acquisitions") by Wells Operating Partnership, L.P. ("Wells OP") as if the acquisitions occurred on December 31, 2002.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with the accompanying pro forma financial statements of Wells REIT.

The following unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the 2002 acquisition of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the Harcourt Austin Building, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building, the NASA Buildings, the Caterpillar Nashville Building, the Capital One Richmond Buildings, the John Wiley Indianapolis Building and the Nestle Los Angeles Building (collectively, the "2002 Acquisitions") and the Recent Acquisitions as if the acquisitions occurred on January 1, 2002. The Kerr McGee Property and the AmeriCredit Phoenix Property had no operations during the year ended December 31, 2002.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisition of the 2002 Acquisitions and the Recent Acquisitions been consummated as of January 1, 2002. In addition, the pro forma balance sheet includes allocations of the purchase price for certain acquisitions based upon preliminary estimates of the fair value of the assets and liabilities acquired. Therefore, these allocations may be adjusted in the future upon finalization of these preliminary estimates.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132.2 million in gross offering proceeds from the sale of 13.2 million shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175.2 million in gross offering proceeds from the sale of 17.5 million shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1.3 billion in gross offering proceeds from the sale of 128.3 million shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of May 15, 2003, we had received additional gross proceeds of approximately \$1.3 billion from the sale of approximately 126.8 million shares in our fourth public offering. Accordingly, as of May 15, 2003, we had received aggregate gross offering proceeds of approximately \$2.9 billion from the sale of approximately 285.9 million shares in all of our public offerings. After payment of approximately \$98.6 million in acquisition and advisory fees and acquisition expenses, payment of \$319.4 million in selling commissions and organization and offering expenses, and common stock redemptions of approximately \$42.7 million pursuant to our share redemption program, as of May 15, 2003, we had raised aggregate net offering proceeds available for investment in properties of approximately \$2.4 billion, out of which approximately \$2.3 billion had been invested in real estate properties, and approximately \$74.3 million remained available for investment in real estate properties.

Description of Properties

As of May 15, 2003, we had purchased interests in 78 real estate properties located in 23 states. Below is a description of our recent real property acquisitions.

Citicorp Englewood Cliffs, NJ Building

On April 30, 2003, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased a three-story office building containing approximately 410,000 rentable square feet located on an approximately 27-acre tract of land at 111 Sylvan Avenue in Englewood Cliffs, New Jersey (Citicorp Englewood Cliffs, NJ Building) for a purchase price of \$70.5 million. The Citicorp Englewood Cliffs, NJ Building was purchased from US Fund Sylvan Avenue, L.P., a Delaware limited partnership not in any way affiliated with the Wells REIT, Wells OP or Wells Capital, Inc., our advisor. In order to finance the acquisition of the Citicorp Englewood Cliffs, NJ Building, Wells OP obtained approximately \$50 million in loan proceeds by drawing down on its existing line of credit with SouthTrust Bank, N.A.

The Citicorp Englewood Cliffs, NJ Building, which was originally built in 1953 and renovated in 1998, is leased under a net lease (i.e., operating costs and maintenance costs are paid by the tenant) entirely to Citicorp North America, Inc. (Citicorp North America), a wholly-owned subsidiary of Citicorp, Inc. (Citicorp). Citicorp, which is a guarantor of the Citicorp North America lease, is a financial services holding company whose four main business segments include consumer financial services, corporate and institutional financial services, investment management services, and private investment services. Citicorp provides its services in approximately 100 countries worldwide.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The Citicorp North America lease commenced in June 1998 and expires in November 2010. The current annual base rent payable under the Citicorp North America lease is approximately \$6.0 million. Citicorp North America has the right, at its option, to extend the initial term of its lease for two additional five-year periods at the then-current market rental rate. Under the Citicorp North America lease, the tenant is responsible for maintaining the Citicorp Englewood Cliffs, NJ Building and for the payment of

Table of Contents

all operating expenses relating to the property and Wells OP, as the landlord, is responsible for maintaining and repairing the structural portions and mechanical systems of the Citicorp Englewood Cliffs, NJ Building.

Since the Citicorp Englewood Cliffs, NJ Building is leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that financial information about the guarantor of the lease, Citicorp, is more relevant to investors than financial statements of the property acquired.

Citicorp currently files its financial statements in reports filed with the SEC, and the following summary financial data regarding Citicorp is taken from its previously filed public reports:

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our advisor, will manage the Citicorp Englewood Cliffs, NJ Building on behalf of Wells OP and will be paid management and leasing fees in the amount of up to 4.5% of the gross revenues from the Citicorp Englewood Cliffs, NJ Building, subject to certain limitations.

US Bancorp Minneapolis Building

On May 1, 2003, Wells OP purchased a 32-story office building containing approximately 929,694 rentable square feet located at 800 Nicollet Mall, Minneapolis, Minnesota (US Bancorp Minneapolis Building) for a purchase price of \$174 million from MN-Nicolet Mall, L.L.C. (Nicolet Mall), a Delaware limited liability company not in any way affiliated with the Wells REIT, Wells OP or our advisor.

The US Bancorp Minneapolis Building was built in 2000 and is located on an approximately 1.2-acre tract of land in downtown Minneapolis, Minnesota. The US Bancorp Minneapolis Building is leased to 29 different tenants.

U.S. Bancorp Piper Jaffray Companies, Inc. (US Bancorp Piper Jaffray) leases approximately 718,171 rentable square feet of the US Bancorp Minneapolis Building (77.2%). US Bancorp Piper Jaffray is currently a wholly-owned subsidiary of U.S. Bancorp. U.S. Bancorp, which is a guarantor of the US Bancorp Piper Jaffray lease, is a financial services holding company having its corporate

headquarters in Minneapolis, Minnesota. U.S. Bancorp reported a net worth, as of December 31, 2002, of approximately \$18.1 billion. US Bancorp Piper Jaffray provides investment products and services, including securities, mutual funds and annuities, and insurance products, to individuals, institutions and businesses. In February 2003, U.S. Bancorp announced a plan to spin-off its capital markets business unit, including US Bancorp Piper Jaffray, in late 2003. In connection with the spin-off, shareholders of U.S. Bancorp will receive a stock dividend of the shares in US Bancorp Piper Jaffray, as a result of which US Bancorp Piper Jaffray will become an independent company and will no longer be a wholly-owned subsidiary of U.S. Bancorp. U.S. Bancorp will remain as a guarantor of the US Bancorp Piper Jaffray lease after the spin-off.

The US Bancorp Piper Jaffray lease commenced in June 2000 and expires in May 2014. The current annual base rent payable under the US Bancorp Piper Jaffray lease is approximately \$10.8 million. US Bancorp Piper Jaffray has the right, at its option, to extend the initial term of its lease for one additional six-year period, and two additional five-year periods. US Bancorp Piper Jaffray also has options to lease additional available space in the US Bancorp Minneapolis Building in 2004, 2006, 2008, 2010, and 2012, as well as a right of first refusal to lease additional available space beginning in June 2003. Under the US Bancorp Piper Jaffray lease, US Bancorp Piper Jaffray is responsible for its pro rata share of operating and maintenance costs. Wells OP, as the landlord, is responsible for maintaining and repairing the structural portions and mechanical systems of the US Bancorp Minneapolis Building.

The other 28 tenants lease approximately 205,056 rentable square feet (22.1%) of the US Bancorp Minneapolis Building for an aggregate annual base rent payable of approximately \$3.7 million. Approximately 6,467 rentable square feet (0.7%) of the US Bancorp Minneapolis Building is currently vacant.

Wells Management will be paid management and leasing fees in the amount of up to 4.5% of gross revenues from the US Bancorp Minneapolis Building, subject to certain limitations. Wells OP has entered into a two-year management agreement with Equity Office Management, L.L.C. (Equity Office Management), an affiliate of the seller of the US Bancorp Minneapolis Building, to serve as the on-site property manager for the US Bancorp Minneapolis Building. The property management fees payable to Equity Office Management will be paid out of or credited against the fees payable to Wells Management. Equity Office Management is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

Aon Center Chicago Building

On May 9, 2003, Wells REIT Chicago Center, Chicago, LLC (REIT Chicago Center), a single member Delaware limited liability company wholly-owned by Wells OP, purchased an 83-story office building containing approximately 2,577,000 rentable square feet located at 200 East Randolph Street in Chicago, Illinois (Aon Center Chicago Building) for a purchase price of approximately \$465.2 million, from BRE/Randolph Drive, L.L.C. (BRE/Randolph), a Delaware limited liability company. BRE/Randolph is not in any way affiliated with the Wells REIT, REIT Chicago Center, Wells OP or our advisor. In order to finance the acquisition of the Aon Center Chicago Building, REIT Chicago Center obtained (1) approximately \$350 million in loan proceeds by having Wells OP draw down on its existing \$500 million unsecured line of credit described below, and (2) approximately \$112.3 million in seller financing from BRE/Randolph. The seller financing in favor of BRE/Randolph (a) was provided on an interest free basis, (b) is due and payable in full on January 31, 2004, (c) is secured by a first priority mortgage on the Aon Center Chicago Building, and (d) is guaranteed by Wells OP.

The Aon Center Chicago Building, which was built in 1972 and is located on an approximately 3.7-acre tract of land in downtown Chicago, is the third tallest building in North America. The Aon Center Chicago Building is leased or subleased to approximately 40 different tenants. BP Corporation North America Inc., Aon Corporation, Kirkland & Ellis, DDB & Needham Chicago Inc., Daniel J. Edelman, Inc., PricewaterhouseCoopers, Deloitte and Touche USA LLP, and Jones Lang LaSalle

GMAC Detroit Building

On May 9, 2003, Wells OP purchased a three-story office building containing approximately 119,122 rentable square feet located at 900 Squirrel Road in Auburn Hills, Michigan (GMAC Detroit Building) for a purchase price of approximately \$17.8 million, from KDC-SW, Auburn Hills 1, L.P., a Texas limited partnership (KDC-SW). KDC-SW is not in any way affiliated with the Wells REIT, Wells OP or our advisor. KDC-SW is an affiliate of the sellers of the Federal Express Colorado Springs Building, the EDS Des Moines Building, and the Intuit Dallas Building, which were purchased by Wells OP in September 2002.

The GMAC Detroit Building was built in 2001 and is located on an approximately 7.3-acre tract of land in Auburn Hills, Michigan, 30 miles north of downtown Detroit. The GMAC Detroit Building is leased to General Motors Acceptance Corp and Delmia Corp. Approximately 16,182 rentable square feet (13.6%) of the GMAC Detroit Building is vacant. Wells OP entered into an earn-out agreement with the seller at closing, pursuant to which Wells OP is required to pay the seller certain amounts for each new lease executed before November 8, 2004 for any portion of the currently vacant space.

Approximately 60,034 rentable square feet of the GMAC Detroit Building (50.4%) is leased to General Motors Acceptance Corp (GMAC), a wholly-owned subsidiary of General Motors Corporation (GM). GMAC provides financing, mortgage and insurance services directly and through its subsidiaries to consumers and businesses on a global basis. GMAC reported a net worth, as of December 31, 2002, of approximately \$17.8 billion.

The GMAC lease commenced in January 2002 and expires in March 2007. The current annual base rent payable under the GMAC lease is approximately \$1.4 million. GMAC has the right, at its option, to extend the initial term of its lease for two additional five-year periods at 95% of the then-current market rental rate. Under the GMAC lease, Wells OP, as the landlord, is responsible for maintaining and repairing the structural portions and mechanical systems of the GMAC Detroit Building and for paying operating expenses and maintenance costs relating to the GMAC Detroit Building, subject to reimbursement obligations described below. Beginning in the lease year after 95% of the GMAC Detroit Building is occupied, GMAC will be responsible for its pro rata share of increases in operating and maintenance costs which exceed the expenses incurred by Wells OP in the first lease year in which 95% of the GMAC Detroit Building is occupied.

Approximately 42,906 rentable square feet of the GMAC Detroit Building (36.0%) is leased to Delmia Corp. (Delmia). Delmia designs digital manufacturing software products for process planning, detailing, verification and simulation of digital factories. Delmia, which has its corporate headquarters in the GMAC Detroit Building, is a subsidiary of Dassault Systemes, S.A. (Dassault), a French corporation. Dassault, which is a guarantor of the Delmia lease, provides product lifecycle management software using three-dimensional digital technology. Dassault reported a net worth, as of December 31, 2002, of approximately \$735 million.

The Delmia lease commenced in January 2003 and expires in July 2013. The initial annual base rent payable under the Delmia lease is approximately \$0.9 million. Delmia has the right, at its option, to extend the initial term of its lease for two additional five-year periods at 95% of the then-current market rental rate. Delmia also has a right of first refusal to lease additional available space in the GMAC Detroit Building during the first 2 years of the Delmia lease and a right of first offer on available space for the remainder of the Delmia lease. Delmia, at its option, may terminate the Delmia lease at the end of the 66th month by paying a termination fee of approximately \$1 million plus other costs and commissions. Under the Delmia lease, Wells OP, as the landlord, is responsible for maintaining and repairing the structural portions and

mechanical systems of the GMAC Detroit Building and for paying operating expenses and maintenance costs relating to the GMAC Detroit Building, subject to reimbursement obligations described below. Beginning in 2004, Delmia will be responsible for its pro rata share of increases in operating and maintenance costs which exceed the expenses incurred by Wells OP in 2003.

Wells Management will be paid management and leasing fees in the amount of up to 4.5% of gross revenues from the GMAC Detroit Building, subject to certain limitations. Wells OP has entered into an agreement with Trammell Crow Company (Trammell Crow) to serve as the on-site property manager for the GMAC Detroit Building. The property management fees payable to Trammell Crow will be paid out of or credited against the fees payable to Wells Management. Trammell Crow is not in any way affiliated with the Wells REIT, Wells OP or our advisor.

Status of the Nissan Building

In March 2003, the construction of the Nissan Building, a three-story approximately 268,290 rentable square foot office building in Irving, Texas, was substantially completed. The aggregate cost and expenses incurred by Wells OP with respect to the acquisition and construction of the Nissan Building totaled approximately \$41.7 million, which is within the budgeted amount for the property. Nissan Motor Acceptance Corporation occupied the building under a net lease agreement commencing on April 1, 2003. The construction was financed through a loan that was paid off in March 2003, when the building was substantially completed.

Status of the AmeriCredit Phoenix Building

In April 2003, the construction of the AmeriCredit Phoenix Building, a three-story approximately 153,494 rentable square foot office building in Chandler, Arizona, was substantially completed. The aggregate cost and expenses incurred by Wells OP with respect to the acquisition and construction of the AmeriCredit Phoenix Building totaled approximately \$25.6 million. The revised total cost, which reflects an increase of approximately \$0.9 million from the budgeted amount for the property, is due to certain recently requested additional tenant improvements and requirements by the City of Chandler. AmeriCredit Financial Services, Inc. occupied the building under a net lease agreement commencing on April 15, 2003.

Status of the Kerr-McGee Building

As of May 15, 2003, Wells OP had expended approximately \$11.0 million towards the construction of the four-story approximately 100,000 rentable square foot office building in Houston, Texas. The Kerr-McGee Building is approximately 65% complete and is currently expected to be completed in July 2003. We estimate that the aggregate cost and expenses to be incurred by Wells OP with respect to the acquisition and construction of the Kerr-McGee Building will total approximately \$15.8 million, which is within the budgeted amount for the property.

Description of \$500 Million Line of Credit

Wells OP established an unsecured secured line of credit in the amount of \$500 million with Bank of America, N.A. (BOA) and a consortium of other financial institutions (\$500 Million Line of Credit). This unsecured line of credit replaces the \$110 million secured line of credit with BOA. The interest rate on the \$500 Million Line of Credit is an annual variable rate equal to the London InterBank Offered Rate (LIBOR) for a 30-day period plus up to 1.625% or certain other alternative rates. Wells OP paid up-front commitment fees in an amount equal to approximately \$2.3 million in connection with the \$500 Million Line of Credit. In addition, Wells OP is required to pay a quarterly facility fee of .25% per annum on the entire amount of the \$500 Million Line of Credit. As of May 15, 2003, the interest rate on the \$500 Million Line of Credit was 4.4% per annum, and the outstanding principal balance on the \$500 Million Line of Credit was \$350 million.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section contained in Supplement No. 6 dated April 14, 2003 and should also be read in conjunction with our accompanying financial statements and notes thereto.

Forward Looking Statements

This supplement contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to stockholders in the future and certain other matters. Readers of this supplement should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in this supplement, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, inability to invest in properties on a timely basis or in properties that will provide targeted rates of return and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow.

REIT Qualification

We have made an election under Section 856 of the Internal Revenue Code to be taxed as a REIT beginning with our taxable year ended December 31, 1998. As a REIT for federal income tax purposes, we generally will not be subject to federal income tax on income that we distribute to shareholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year in which our qualification is lost. Such an event could materially, adversely affect our financial position and results of operations. However, management believes that we are organized and operate in a manner which will enable us to qualify for treatment as a REIT for federal income tax purposes during the year ending December 31, 2003. In addition, we intend to continue to operate to remain qualified as a REIT for federal income tax purposes.

Liquidity and Capital Resources

During the three months ended March 31, 2003, we received aggregate gross offering proceeds of \$426.8 million from the sale of 42.7 million shares of our common stock. After incurring costs of \$14.4 million in acquisition and advisory fees and acquisition expenses, \$45.0 million in selling commissions and organization and offering expenses and common stock redemptions of \$12.9 million pursuant to our share redemption program, we raised net offering proceeds of \$354.5 million during the three months ended March 31, 2003.

During the three months ended March 31, 2002, we received aggregate gross offering proceeds of \$255.7 million from the sale of 25.7 million shares of our common stock. After incurring costs of \$8.9 million in acquisition and advisory fees and acquisition expenses, \$27.1 million in selling commissions and organizational and offering expenses and common stock redemptions of \$3.0 million pursuant to our share redemption program, we raised net offering proceeds of \$216.7 million during the three months ended March 31, 2002.

The significant increase in capital resources available to us is due to significantly increased sales of our common stock during the first quarter of 2003. After payment of the costs described above associated with the sale of shares of common stock and acquisitions of properties, we have \$108.6 million available for investment in real estate assets as of March 31, 2003.

Table of Contents

As of March 31, 2003, we owned interests in 74 real estate properties either directly or through our interests in joint ventures located throughout the United States. Our real estate investment policies are to identify and invest in high-grade commercial office and industrial buildings located in densely populated metropolitan markets which are newly constructed, under construction or which have been previously constructed and have operating histories. However, we are not limited to such investments. We expect to continue to acquire commercial properties which meet our standards of quality in terms of the real estate and the creditworthiness of the tenants.

We have developed specific standards for determining creditworthiness of potential tenants of our properties in order to reduce the risk of tenant default. Although authorized to enter into leases with any type of tenant, we anticipate that a majority of our tenants will be large corporations or other entities which have a net worth in excess of \$100 million or whose lease obligations are guaranteed by another corporation or entity with a net worth in excess of \$100 million.

Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused us to add to our internal procedures for ensuring the creditworthiness of our tenants before entering into any commitment to buy a property. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our stockholders.

Dividends during the three months ended March 31, 2003, were \$39.7 million compared to \$17.6 million during the three months ended March 31, 2002. For each \$10 share of our common stock, our board of directors declared dividends for the period December 16, 2002 through March 15, 2003, at an annualized percentage rate of return of 7.0% compared to an annualized percentage rate of return of 7.75% for the period December 16, 2001 through March 15, 2002. The reduction of the annualized percentage rate of return for the dividends resulted from the higher value placed on our type of properties and the additional time it now takes in the acquisition process for us to assess tenant creditworthiness and, therefore, invest proceeds in properties.

Our board of directors has declared dividends for the period March 16, 2003, through June 15, 2003, at an annualized percentage rate of return of 7.0%. Second quarter dividends are calculated on a daily record basis of \$0.001902 (0.1902 cents) per day per share on the outstanding shares of our common stock payable to stockholders of record as shown on our books at the close of business on each day during the period commencing on March 16, 2003, and continuing on each day thereafter through and including June 15, 2003.

The payment of dividends in the future will generally be dependent upon the cash flows from operating the properties currently owned and acquired in future periods, our financial condition, amounts paid for properties acquired, the timing of property acquisitions, capital expenditure requirements and distribution requirements in order to maintain our REIT status under the Internal Revenue Code.

Subsequent to March 31, 2003, we obtained an additional variable rate unsecured line of credit in the amount of \$500 million to provide us with increased flexibility for funding acquisitions at times when real estate investments are available at appropriate prices but sufficient offering proceeds to fund such acquisitions have not been raised.

Table of Contents

Cash Flows From Operating Activities

Our net cash provided by operating activities was \$38.7 million and \$13.5 million for the three months ended March 31, 2003 and 2002, respectively. The increase in net cash provided by operating activities was due primarily to the net income generated by \$1.4 billion of additional properties acquired during 2002 and \$115.8 million of properties acquired during the three months ended March 31, 2003. We do not recognize in operations the full effect from the properties during the year of acquisition, as the operations of the properties are only included in operations from the date of acquisition. Operating cash flows are expected to increase as we acquire additional properties in future periods and as we obtain the benefit of a full quarter of operations for properties acquired during the three months ended March 31, 2003.

Cash Flows Used In Investing Activities

Our net cash used in investing activities was \$151.9 million and \$112.2 million for the three months ended March 31, 2003 and 2002, respectively. The increase in net cash used in investing activities was due primarily to greater investments in properties and the payment of the related deferred project costs resulting from raising a greater amount of offering proceeds. Our investments in real estate assets and intangible lease assets and payment of acquisition and advisory costs totaled \$153.6 million and \$113.5 million for the three months ended March 31, 2003 and 2002, respectively. The cash outflow from the investments in properties and the payment of deferred project costs were partially offset by distributions from joint ventures of \$1.8 million and \$1.7 million during the three months ended March 31, 2003, and 2002, respectively. The increase in distributions from joint ventures is primarily due to additional investment in joint ventures during the fourth quarter of 2002.

Cash Flows From Financing Activities

Our net cash provided by financing activities was \$185.8 million and \$210.1 million for the three months ended March 31, 2003 and 2002, respectively. The raising of additional capital increased to \$426.8 million during the three months ended March 31, 2003, as compared to \$255.7 million during the three months ended March 31, 2002. The amounts raised were partially offset by the payment of commissions and offering costs totaling \$49.2 million and \$27.9 million and redemptions of \$13.0 million and \$3.0 million during the three months ended March 31, 2003 and 2002, respectively.

Additionally, we obtained funds from debt financing arrangements totaling \$5.2 million and \$2.9 million and made debt repayments of \$144.4 million and \$0 during the three months ended March 31, 2003 and 2002, respectively, based on the availability and need of cash for investment in real estate assets during the period. Primarily as a result of the increased cash flow from operations, during the three months ended March 31, 2003 and 2002, we paid dividends of \$39.7 million and \$17.6 million, respectively.

Results of Operations

As of March 31, 2003, our 74 real estate properties were 98% leased. Our results of operations have changed significantly for the three months ended March 31, 2003, as compared to the three months ended March 31, 2002, generally as result of the acquisition of approximately \$1.4 billion of real estate assets during the year ended December 31, 2002, and an additional \$115.8 million of real estate assets acquired during the three months ended March 31, 2003. We expect that rental income, tenant reimbursements, depreciation expense, operating expenses, management and leasing fees and net income will each increase in future periods as a result of owning the assets acquired during the three months ended March 31, 2003, for an entire quarter and as a result of anticipated future acquisitions of real estate assets. Due to the average

remaining terms of the long-term leases currently in place at our properties,

Table of Contents

management does not anticipate significant changes in near-term rental revenues from properties currently owned.

Rental income increased by \$36.6 million, during the first quarter of 2003, from \$16.7 million for the three months ended March 31, 2002, to \$53.3 million for the three months ended March 31, 2003. Tenant reimbursements were \$9.6 million and \$4.4 million for the three months ended March 31, 2003 and 2002, respectively, for an increase of \$5.2 million. The increases were primarily due to the rental income and tenant reimbursements for properties acquired subsequent to March 31, 2002, which totaled \$35.0 million and \$5.3 million, respectively, for the three months ended March 31, 2003. Revenues in future periods are expected to increase compared to historical periods as additional properties are acquired.

Our equity in income of joint ventures was \$1.3 million and \$1.2 million for the three months ended March 31, 2003 and 2002, respectively. Equity in income of joint ventures is not anticipated to change significantly in future periods unless we invest additional proceeds in future joint venture investments.

Depreciation expense for the three months ended March 31, 2003 and 2002, was \$19.2 million and \$5.7 million, respectively comprising approximately 36% and 34% of rental income for the respective three month periods. The change in the percentages between periods is generally due to a change in the applicable cost of the real estate assets compared to the revenues generated by the real estate assets. Depreciation expense relating to assets acquired after March 31, 2002, was \$12.9 million. Depreciation expense is expected to increase in future periods as additional properties are acquired, however should remain consistent as a percentage of revenues unless the relationship between the cost of the assets and the revenues earned changes.

Property operating costs were \$15.2 million and \$5.0 million for the three months ended March 31, 2003 and 2002, respectively, representing approximately 24% of the sum of the rental income and tenant reimbursements for each three month period. Property operating costs for the properties acquired subsequent to March 31, 2002, were \$9.1 million for the three months ended March 31, 2003. Property operating costs are expected to increase as more properties are acquired, but expenses should remain relatively consistent as a percentage of the sum of rental income and tenant reimbursements.

Management and leasing fees expenses were \$2.3 million and \$0.9 million for the three months ended March 31, 2003 and 2002, respectively, representing approximately 4% of the sum of the rental income and tenant reimbursements for each three month period. Management and leasing fees for properties acquired after March 31, 2002, were \$1.3 million for the three months ended March 31, 2003. Management and leasing fees are expected to increase as additional properties are acquired but, as a percentage of the sum of rental income and tenant reimbursements, should remain relatively consistent with historical results.

General and administrative expenses increased from \$0.5 million for the three months ended March 31, 2002, to \$1.6 million for the three months ended March 31, 2003, representing approximately 2% of the total revenues for each three month period. General and administrative expenses are expected to increase in future periods as our assets continue to increase as additional properties are acquired, but are expected remain relatively constant as a percentage of total revenues.

Interest expense was \$2.6 million and \$0.6 million for the three months ended March 31, 2003 and 2002, respectively. Interest expense of \$1.0 and \$0.4 million for the three months ended March 31, 2003 and 2002, respectively, was attributable to interest on the bonds related to the Ingram Micro and ISS Buildings, which is offset by the interest income associated with the bonds, which results in no net impact on our operating results. The remaining \$1.6 million and \$0.2 million is due to the interest on our

Table of Contents

outstanding borrowings for each period. We had significantly more borrowings outstanding during the three months ended March 31, 2003, as compared to the three months ended March 31, 2002, resulting in a significant increase in the interest expense between the two periods. Interest expense in future periods will be dependent upon the amount of borrowings outstanding during those periods and current interest rates. Historical results may not be indicative of interest expense in future periods.

Earnings per share for the three months ended March 31, 2003, decreased to \$0.10 per share compared to \$0.11 per share for the three months ended March 31, 2002. This decrease is primarily a result of the higher cost of investments in real estate assets resulting in lower revenues and higher depreciation expense as a percentage of the cost of those assets, as described above.

Funds From Operations

Funds from Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with accounting principles generally accepted in the United States (GAAP) excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. Management believes that FFO is helpful to investors as a measure of the performance of an equity REIT. However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions.

The following table reflects the calculation of FFO for the three month periods ended March 31, 2003 and 2002:

	For the three months ended March 31,	
	2003	2002
Funds from operations:		
Net income	\$ 24,364	\$ 10,780
Add:		
Depreciation of real estate assets	19,218	5,744
Amortization of deferred leasing costs	78	73
Depreciation and amortization unconsolidated investments in joint ventures	785	706
Funds from operations (FFO)	\$ 44,445	\$ 17,303
Weighted average shares		
Basic and diluted	233,247	95,130

In order to recognize revenues on a straight line basis over the terms of the respective leases, we recognized straight line rental revenue of \$0.8 million and \$1.0 million during the three months ended March 31, 2003 and 2002, respectively.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Amortization of the intangible lease assets and liabilities resulted in a net increase in rental revenue of \$0.5 million for the three months ended March 31, 2003.

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases, which would protect us from the impact of inflation. These provisions include reimbursement billings for operating expense pass-through charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance. However, due to the long-term nature of the leases, the leases may not re-set frequently enough to cover inflation.

Application of Critical Accounting Policies

Our accounting policies have been established to conform with generally accepted accounting principles (GAAP). The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If management's judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of the financial statements. Additionally, other companies may utilize different estimates that may impact comparability of our results of operations to those of companies in similar businesses.

The critical accounting policies outlined below have been discussed with members of our audit committee. There have been no significant changes in the critical accounting policies, methodology, or assumptions in the current period.

Below is a discussion of the accounting policies that management considers to be critical in that they may require complex judgment in their application or require estimates about matters that are inherently uncertain.

Investment in Real Estate Assets

We are required to make subjective assessments as to the useful lives of our depreciable assets. We consider the period of future benefit of the asset to determine the appropriate useful lives. These assessments have a direct impact on net income. The estimated useful lives of our assets by class are as follows:

Building	25 years
Building improvements	10-25 years
Land improvements	20-25 years
Tenant Improvements	Lease term

In the event that inappropriate useful lives or methods are used for depreciation, our net income would be misstated.

Valuation of Real Estate Assets

We continually monitor events and changes in circumstances that could indicate that the carrying amounts of the real estate assets, both operating properties and properties under construction, in which we have an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When indicators of potential impairment are present which indicate that the carrying amounts of real estate assets may not be recoverable, we assess the recoverability of the real estate assets by determining whether the carrying value of the real estate assets will be recovered through the undiscounted future

Table of Contents

operating cash flows expected from the use of the asset and its eventual disposition. In the event that such expected undiscounted future cash flows do not exceed the carrying value, we adjust the real estate assets to the fair value and recognize an impairment loss. We have determined that there has been no impairment in the carrying value of real estate assets held by us and any unconsolidated joint ventures at March 31, 2003.

Projections of expected future cash flows requires us to estimate future market rental income amounts subsequent to the expiration of current lease agreements, property operating expenses, discount rates, the number of months it takes to re-lease the property and the number of years the property is held for investment. The use of inappropriate assumptions in the future cash flow analysis would result in an incorrect assessment of the property's future cash flows and fair value and could result in the overstatement of the carrying value of our real estate assets and net income.

Intangible Lease Asset/Liability

We determine whether an intangible asset or liability related to above or below market leases was acquired as part of the acquisition of the real estate assets. The intangible assets and liabilities are recorded at their estimated fair market values at the date of acquisition and amortized over the remaining term of the respective lease to rental income.

The determination of the estimated fair values of the intangible lease asset or liability requires the use of significant assumptions with regard to the current market rental rates, rental growth rates, discount rates and other variables. If inappropriate estimates with regard to these variables are used, misclassification of assets or liabilities and incorrect calculation of depreciation amounts would occur, which would misstate our net income.

Commitments and Contingencies

Take Out Purchase and Escrow Agreement

Wells Capital, Inc., our advisor, and its affiliates have developed a program (Wells Section 1031 Program) involving the acquisition by a subsidiary of Wells Management Company (Wells Exchange) of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are seeking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Internal Revenue Code. The acquisition of each of the properties acquired by Wells Exchange will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to repay a prorata portion of the interim financing. In consideration for the payment of a take out fee to us and following approval of the potential property acquisition by our board of directors, it is anticipated that we will enter into a take out purchase and escrow agreement or similar contract providing that, if Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, we will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

In consideration for the payment of a take out fee in the amount of approximately \$0.2 million, on December 31, 2002, Wells OP entered into a take out purchase and escrow agreement providing, among other things, that we would be obligated to acquire, at Wells Exchange's cost (\$0.4 million in cash plus \$0.4 million of assumed debt for each 2.9994% interest of co-tenancy

Table of Contents

interest unsold), any unsold co-tenancy interests in two buildings known as Meadow Brook Corporate Park located in Birmingham, Alabama, which remain unsold at the expiration of the offering of Wells Exchange on September 30, 2003.

Our obligations under the take out purchase and escrow agreement are secured by reserving against our existing line of credit with Bank of America, N.A. (Interim Lender). If, for any reason, we fail to acquire any of the co-tenancy interests in Meadow Brook Corporate Park which remain unsold as of September 30, 2003, or there is otherwise an uncured default under the interim loan or the line of credit documents, the Interim Lender is authorized to draw down our line of credit in the amount necessary to pay the outstanding balance of the interim loan in full, in which event the appropriate amount of co-tenancy interest in Meadow Brook Corporate Park would be deeded to us. Our maximum economic exposure in the transaction was initially \$14.0 million in cash plus assumption of the first mortgage financing in the amount of \$13.9 million. As of March 31, 2003, due to the number of co-tenancy interests sold in Meadow Brook Corporate Park through such date, our maximum exposure has been reduced to \$6.7 million in cash plus the assumption of the first mortgage financing in the amount of \$6.7 million.

Letters of Credit

At March 31, 2003, we had three unused letters of credit totaling approximately \$19.7 million outstanding from financial institutions, consisting of letters of credit of approximately \$14.5 million, \$4.8 million and \$0.4 million with expiration dates of February 28, 2004; August 12, 2003; and February 2, 2004, respectively. These amounts are not recorded in the accompanying consolidated balance sheet as of March 31, 2003. These letters of credit were required by three unrelated parties to ensure completion of our obligations under certain earn-out and construction agreements. We do not anticipate a need to draw on these letters of credit.

Properties Under Contract

At March 31, 2003, we have a contract to acquire a third building at our ISS Atlanta Buildings development upon completion of construction (expected in June 2003) for a fixed purchase price of \$10.0 million.

Commitments Under Existing Lease Agreements

Certain lease agreements include provisions that, at the option of the tenant, we may be obligated to expend certain amounts of capital to expand an existing property, construct on adjacent property or provide other expenditures for the benefit of the tenant, in favor of additional rental revenue. At March 31, 2003, tenants have exercised no such options.

Properties Under Construction

As of March 31, 2003, we have executed construction agreements with unrelated third parties for the purpose of constructing two buildings. The table below details the status of the properties under construction as of March 31, 2003:

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Property	Total Projected	Construction	Expected	Expected	Primary
	Cost	Costs to Date	Future Costs	Completion Date	Source of Funds
Kerr-McGee	\$ 15.8 million	\$ 9.7 million	\$ 6.1 million	July 2003	Debt

Earn-out Agreements

As part of the acquisition of the IRS Building, we entered into an agreement to pay the seller an additional \$14.5 million if we or the seller locates a suitable tenant and leases the vacant space of the building within 18 months after the date of acquisition of the property, or March 2004. If the space is not leased within this time, we are released from any obligation to pay this additional purchase consideration. The 26% of the building that was unleased at the time of acquisition remains unleased at March 31, 2003.

In connection with the acquisition of East Point I and II Buildings, we entered into an earn-out agreement whereby we are required to pay the seller certain amounts for each new, fully executed lease after the date of acquisition of the property but on or before March 31, 2004. Payments shall be the anticipated first year's annual rent less operating expenses with the sum divided by 0.105 and the result reduced by tenant improvement costs related to the space.

Leasehold Property Obligations

The ASML, Motorola Tempe, Avnet, and Bellsouth Ft. Lauderdale Buildings are subject to certain ground leases with expiration dates of 2082, 2082, 2083 and 2049, respectively.

Pending Litigation

In the normal course of business, we may become subject to litigation or claims. In November 2002, we contracted to purchase an office building located in Ramsey County, Minnesota, from Shoreview Associates LLC (Shoreview), who filed a lawsuit against us in Minnesota state court alleging that Shoreview was entitled to the \$0.8 million in earnest money that we had deposited under the contract. We have filed a counterclaim in the case asserting that we are entitled to the \$0.8 million earnest money deposit. Procedurally, we had the case transferred to U.S. District Court in Minnesota, and Shoreview has moved to transfer the case back to state court. The dispute currently remains in litigation. After consultation with legal counsel, we do not believe that a reserve for a loss contingency is necessary.

Related Party Transactions and Agreements

We have entered into agreements with our advisor and its affiliates, whereby we pay certain fees or reimbursements to our advisor or its affiliates for acquisition and advisory fees and expenses, organization and offering costs, sales commissions dealer manager fees, property management and leasing fees and reimbursement of operating costs. See Note 5 to our consolidated financial statements included in this report for a discussion of the various related party transactions, agreements and fees.

Conflicts of Interest

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Our advisor is also a general partner in and advisor to various Wells Real Estate Funds. As such, there are conflicts of interest where our advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with us in connection with property acquisitions or for tenants in similar geographic markets.

Subsequent Events

Sale of shares of our Common Stock

From April 1, 2003 through May 15, 2003, we raised approximately \$271.6 million through the issuance of approximately 27.2 million shares of our common stock.

Table of Contents

Property Acquisitions

On April 30, 2003, we purchased the Citicorp Englewood Cliffs, NJ Building, a three-story office building containing approximately 410,000 rentable square feet located in Englewood Cliffs, New Jersey, for a purchase price of \$70.5 million, excluding closing costs and acquisition and advisory fees and expenses paid to our advisor. The building is leased entirely to Citicorp North America, Inc., a wholly-owned subsidiary of Citicorp, Inc.

On May 1, 2003, we purchased the US Bancorp Minneapolis Building, a 32-story office building containing approximately 929,694 rentable square feet located in Minneapolis, Minnesota, for a purchase price of \$174 million, excluding closing costs and acquisition and advisory fees and expenses paid to our advisor. The building is approximately 99% leased under leases to various tenants with varying terms, including US Bancorp Piper Jaffray Companies, Inc. which leases approximately 77% of the building.

On May 9, 2003, we purchased the Aon Center Chicago Building, an 83-story office building containing approximately 2.6 million rentable square feet located in Chicago, Illinois, for a purchase price of \$465.2 million, excluding closing costs and acquisition and advisory fees and expenses paid to our advisor. The building is approximately 92% leased under leases to various tenants with varying lease terms, including BP Corporation North America, Inc, DDB & Needham Chicago, Inc. and Kirkland & Ellis, which collectively lease approximately 54% of the building.

On May 9, 2003, we acquired the GMAC Detroit Building, a three-story office building containing approximately 119,122 square feet located in Auburn Hills, Michigan, for a purchase price of approximately \$17.8 million, excluding closing costs and acquisition and advisory fees and expenses paid to our advisor. The building is approximately 86% leased to the GMAC Corporation and Delmia Corporation. For the remaining approximately 14% unleased portion of the building, we are required to pay the seller certain amounts for each new, fully executed lease entered into after the date of acquisition of the building but on or before November 8, 2004. Payments are calculated by dividing the sum of the anticipated first year's annual rent less operating expenses by 0.095 and the result reduced by tenant improvement costs related to the space.

Line of Credit

On April 23, 2003, we entered into the \$500 Million Line of Credit, an unsecured revolving credit facility with a consortium of banks, including Bank of America, N.A. (BOA). The agreement expires in April 2005 and replaced the \$110 million line of credit with BOA. We paid up-front commitment fees totaling \$2.3 million to the lenders based on each financial institution's relative commitment level. The agreement contains alternative borrowing arrangements that provide for interest costs based on LIBOR plus up to 1.625% or certain other alternative rates. Additionally, we are required to pay a quarterly facility fee of .25% per annum on the entire amount of this credit facility.

AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2003

(UNAUDITED)

1. Organization

General

Wells Real Estate Investment Trust, Inc. (the "Company") is a Maryland corporation that qualifies as a real estate investment trust ("REIT"). The Company was incorporated in 1997 and commenced operations on June 5, 1998.

The Company engages in the acquisition and ownership of commercial real estate properties throughout the United States, including properties which are under construction, are newly constructed or have operating histories. At March 31, 2003, the Company has invested in commercial office and industrial real estate assets, either directly or through joint ventures with real estate limited partnership programs sponsored by Wells Capital, Inc. (the "Advisor") or its affiliates.

The Company's business is conducted through Wells Operating Partnership, L.P. ("Wells OP"), a Delaware limited partnership, and its subsidiaries, and Wells REIT-Independence Square, LLC ("Wells REIT-Independence"), a single member Georgia limited liability company. Wells OP was formed to acquire, develop, own, lease and operate properties on behalf of the Company, directly, through wholly-owned subsidiaries or through joint ventures. Wells REIT-Independence was formed to acquire the NASA building located in Washington, D.C. The Company is the sole general partner in Wells OP and the sole member of Wells REIT-Independence and possesses full legal control and authority over the operations of Wells OP and Wells REIT-Independence. Wells OP, and its subsidiaries, and Wells REIT-Independence comprise the Company's subsidiaries.

Four offerings of the Company's stock have been initiated as follows:

March 31, 2003				

After incurring costs from all offerings of \$90.0 million in acquisition and advisory fees and expenses, \$246.6 million in selling commissions, \$44.8 million in organization and offering expenses to the Advisor, investment in real estate assets and joint ventures of \$2,080.8 million and common stock redemptions pursuant to the Company's share redemption program of \$33.9 million, the Company was holding net offering proceeds of approximately \$108.6 million available for investment in properties at March 31, 2003.

Table of Contents

The Company's stock is not listed on a national exchange. However, the Company's Articles of Incorporation currently require if the Company's stock is not listed on a national exchange by January 30, 2008, the Company must begin the process of liquidating its investments and distributing the resulting proceeds to the shareholders. The Company's Articles of Incorporation can only be amended by a proxy vote of the Company's shareholders.

Basis of Presentation

The consolidated financial statements of the Company have been prepared in accordance with instructions to Form 10-Q and Article 10 of Regulation S-X and do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. Independent auditors have not examined these quarterly statements, but in the opinion of management, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary to present a fair presentation of the results for such periods. Results for interim periods are not necessarily indicative of full year results. For further information, refer to the financial statements and footnotes included in the Company's Form 10-K for the year ended December 31, 2002.

Income Taxes

The Company has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, and has operated as such beginning with its taxable year ended December 31, 1998. To qualify as a REIT, the Company must meet certain organizational and operational requirements, including a requirement to currently distribute at least 90% of the REIT's ordinary taxable income to shareholders. As a REIT, the Company generally will not be subject to federal income tax on taxable income that it distributes to its shareholders. If the Company fails to qualify as a REIT in any taxable year, it will then be subject to federal income taxes on its taxable income for four years following the year during which qualification is lost, unless the Internal Revenue Service grants the Company relief under certain statutory provisions. Such an event could materially adversely affect the Company's net income and net cash available for distribution to shareholders. However, the Company believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner that the Company will remain qualified as a REIT for federal income tax purposes. No provision for federal income taxes has been made in the accompanying consolidated financial statements, as the Company made distributions in excess of its taxable income for the periods presented.

Recent Pronouncements

On January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 141 *Business Combinations*, and Statement of Financial Accounting Standards No. 142 *Goodwill and Intangibles*. These standards govern business combinations, asset acquisitions and the accounting for acquired intangibles. The Company determines whether an intangible asset or liability related to above or below market leases was acquired as part of the acquisition of real estate assets. The resulting intangible lease assets and liabilities are recorded at their estimated fair market values at the date of acquisition and amortized over the remaining term of the respective lease to rental income. Amortization of the intangible lease assets and liabilities resulted in a net increase in rental revenue of \$0.5 million for the three months ended March 1, 2003.

In January 2003, the Financial Accounting Standards Board issued Interpretation No. 46 (FIN 46), *Consolidation of Variable Interest Entities*, which clarifies the application of Accounting Research Bulletin (ARB) No. 51, *Consolidated Financial Statements*, relating to consolidation of certain entities. FIN 46 requires the identification of the Company's participation in variable interest entities (VIEs), which are defined as entities with a level of invested equity that is not sufficient to fund future activities to permit them to operate on a stand alone basis, or whose equity holders lack certain characteristics of a controlling financial interest. For entities identified as VIEs, FIN 46 sets forth a model to

evaluate potential

Table of Contents

consolidation based on an assessment of which party to the VIE, if any, bears a majority of the exposure to its expected losses, or stands to gain from a majority of its expected returns. FIN 46 is effective for all new VIEs created or acquired after January 31, 2003. For VIEs created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. FIN 46 also sets forth certain disclosures regarding interests in VIEs that are deemed significant, even if consolidation is not required. As the Company's joint ventures do not fall under the definition of VIEs provided above, we do not believe that the adoption of FIN 46 will result in the consolidation of any previously unconsolidated entities.

2. Real Estate Assets

Significant Events

During the three months ended March 31, 2003, the Company acquired ownership interests in two properties for a total purchase price of \$115.8 million, exclusive of related closing costs and acquisition and advisory fees paid to the Advisor as described below.

East Point I & II Buildings

On January 9, 2003, the Company purchased two three-story office buildings containing approximately 187,735 aggregate rentable square feet located in Mayfield Heights, Ohio, for a purchase price of \$22.0 million. Progressive Casualty Insurance; Austin, Danaher Power Solutions; and Moreland Management Company occupy approximately 92% of the rentable square feet in the two buildings. The remaining approximately 8% of the rentable square feet is vacant. At closing, the Company entered into an earn-out agreement with the seller with regard to the vacant space that requires the Company to pay the seller certain amounts for each new, fully-executed lease after the date of acquisition but on or before March 31, 2004, relating to the vacant space. Payments are calculated by dividing the anticipated first year's annual rent less operating expenses 0.105, with the result being reduced by tenant improvement costs related to the space.

150 West Jefferson Detroit Building

On March 31, 2003, the Company purchased a 25-story office building containing approximately 505,417 rentable square feet located at 150 West Jefferson Avenue, downtown Detroit, Michigan, for a purchase price of \$93.8 million. The building is 99% occupied under leases to various tenants with varying lease terms, including Miller, Canfield, Paddock, & Stone; Butzel Long PC; and MCN Energy Group, Inc., which collectively occupy approximately 62% of the building.

Nissan Building

In March 2003, the Company substantially completed the construction of the Nissan Building located in Dallas, Texas, and transferred total construction costs for the project from construction in progress to building and improvements. Nissan Motor Acceptance Corporation will occupy the building under a lease commencing on April 1, 2003. The construction was financed through a loan that was paid off in March 2003, when the building was substantially complete.

3. Investment in Joint Ventures

The information below summarizes the operations of the seven unconsolidated joint ventures that the Company, through Wells OP, had ownership interests as of March 31, 2003.

- (1) The Company repaid this loan in March 2003, upon substantial completion of the construction of the property. At that time, the Company terminated the interest rate swap at a cost of \$0.3 million, which was reclassified from other comprehensive income to interest expense.
- (2) The Company has entered into an interest rate swap for this construction loan. The swap has the effect of fixing the interest rate at 4.27% through July 15, 2003.

5. Related-Party Transactions**Advisory Agreement**

The Company has entered into an Advisory Agreement with the Advisor, which entitles the Advisor to specified fees upon the completion of certain services with regard to the offering of shares to the public and investment of funds in real estate projects. The current Advisory Agreement dated January 30, 2002, has been temporarily extended by the board of directors until May 19, 2003.

Under the terms of the agreement, the Advisor receives the following fees and reimbursements:

Acquisition and advisory fees and expenses of 3.5% of gross offering proceeds, subject to certain limitations;

Reimbursement of organization and offering costs paid on behalf of the Company, not to exceed 3% of gross offering proceeds;

Disposition fee of 50% of the lesser of a competitive real estate commission or 3% of the sales price of the property, subordinated to the payment of dividends to shareholders equal to the sum of the shareholders' invested capital plus an 8% return on invested capital;

Incentive fee of 10% of net sales proceeds remaining after shareholders have received dividends equal to the sum of the shareholders' invested capital plus an 8% return on invested capital; and

Listing fee of 10% of the excess by which the market value of the stock plus dividends paid prior to listing exceeds the sum of 100% of the invested capital plus an 8% return on invested capital.

Acquisition and advisory fees and expenses incurred for the quarters ended March 31, 2003 and 2002, totaled \$14.5 million and \$8.8 million, respectively. Organizational and offering costs incurred for the quarters ended March 31, 2003 and 2002, totaled \$4.8 million and \$1.8 million, respectively. The Company incurred no disposition, incentive or listing fees during the quarters ended March 31, 2003 and 2002.

Administrative Services Reimbursement

The Company has no direct employees. The employees of the Advisor and Wells Management Company, Inc. (Wells Management), an affiliate of the Advisor, perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for the Company. The related expenses are allocated among the Company and the various Wells Real Estate Funds based on time spent on each entity by individual administrative personnel. These expenses are

Table of Contents

included in general and administrative expenses in the consolidated statements of income. These expenses totaled \$1.0 million and \$0.3 million for the three months ended March 31, 2003 and 2002, respectively.

Property Management and Leasing Agreements

The Company has entered into a property management and leasing agreement with Wells Management. In consideration for supervising the management and leasing of the Company's properties, the Company will pay management and leasing fees to Wells Management equal to the lesser of (a) 4.5% of the gross revenues generally paid over the life of the lease or (b) 0.6% of the net asset value of the properties (excluding vacant properties) owned by the Company. These management and leasing fees are calculated on an annual basis plus a separate competitive fee for the one-time initial lease-up of newly constructed properties generally paid in conjunction with the receipt of the first month's rent. These expenses totaled \$2.2 million and \$0.8 million for the three months ended March 31, 2003 and 2002, respectively.

Dealer Manager Agreement

The Company has entered into a dealer manager agreement with Wells Investment Securities, Inc. ("WIS"), an affiliate of the Advisor, whereby WIS performs the dealer manager function for the Company. For these services, WIS earns fees of 7% of the gross proceeds from the sale of the shares of the Company, most of which are reallocated to participating broker-dealers. Additionally, WIS earns a dealer manager fee of 2.5% of the gross offering proceeds at the time the shares are sold, of which up to 1.5% may be reallocated to participating broker-dealers. WIS has elected, although is not obligated, to reduce the dealer manager fee amount in each period by 2.5% of the gross redemptions under the Company's share redemption plan. During the three months ended March 31, 2003 and 2002, the Company incurred commissions of \$29.9 million and \$17.9 million, respectively, of which more than 99% was reallocated to participating broker-dealers. Dealer manager fees of \$10.3 million and \$6.3 million were incurred for the quarters ended March 31, 2003 and 2002, respectively. Of these amounts, \$5.0 million and \$2.0 million were reallocated to participating broker-dealers for the quarters ended March 31, 2003 and 2002, respectively.

Due From Affiliates

Due from affiliates included in the consolidated balance sheets primarily represents the Company's share of the cash to be distributed from its joint venture investments for the first quarter of 2003 and the fourth quarter 2002 and other amounts payable to the Company from other related parties.

Conflicts of Interest

The Advisor also is a general partner in various Wells Real Estate Funds. As such, there are conflicts of interest where the Advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with the Company in connection with property acquisitions or for tenants in similar geographic markets.

7. Commitments and Contingencies***Take Out Purchase and Escrow Agreement***

The Advisor and its affiliates have developed a program (the Wells Section 1031 Program) involving the acquisition by a subsidiary of Wells Management Company (Wells Exchange) of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are seeking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Internal Revenue Code. The acquisition of each of the properties acquired by Wells Exchange will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to repay a prorata portion of the interim financing. In consideration for the payment of a take out fee to the Company and following approval of the potential property acquisition by the Company's board of directors, it is anticipated that the Company will enter into a take out purchase and escrow agreement or similar contract providing that, if Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, the Company will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

In consideration for the payment of a take out fee in the amount of approximately \$0.2 million, on December 31, 2002, Wells OP entered into a take out purchase and escrow agreement providing, among other things, that Wells OP would be obligated to acquire, at Wells Exchange's cost (\$0.4 million in cash plus \$0.4 million of assumed debt for each 2.9994% interest of co-tenancy interest unsold), any unsold co-tenancy interests in two buildings known as Meadow Brook Corporate Park located in Birmingham, Alabama, which remain unsold at the expiration of the offering of Wells Exchange on September 30, 2003.

The obligations of Wells OP under the take out purchase and escrow agreement are secured by reserving against Well OP's existing line of credit with Bank of America, N.A. (the Interim Lender). If, for any

Table of Contents

reason, Wells OP fails to acquire any of the co-tenancy interests in Meadow Brook Corporate Park which remain unsold as of September 30, 2003, or there is otherwise an uncured default under the interim loan or the line of credit documents, the Interim Lender is authorized to draw down Wells OP's line of credit in the amount necessary to pay the outstanding balance of the interim loan in full, in which event the appropriate amount of co-tenancy interest in Meadow Brook Corporate Park would be deeded to Wells OP. Wells OP's maximum economic exposure in the transaction was initially \$14.0 million in cash plus assumption of the first mortgage financing in the amount of \$13.9 million. As of March 31, 2003, due to the number of co-tenancy interests sold in Meadow Brook Corporate Park through such date, Wells OP's maximum exposure has been reduced to \$6.7 million in cash plus the assumption of the first mortgage financing in the amount of \$6.7 million.

Letters of Credit

At March 31, 2003, the Company had three unused letters of credit totaling approximately \$19.7 million outstanding from financial institutions, consisting of letters of credit of approximately \$14.5 million, \$4.8 million and \$0.4 million with expiration dates of February 28, 2004; August 12, 2003; and February 2, 2004, respectively. These amounts are not recorded in the accompanying consolidated balance sheet as of March 31, 2003. These letters of credit were required by three unrelated parties to ensure completion of the Company's obligations under certain earn-out and construction agreements. The Company does not anticipate a need to draw on these letters of credit.

Properties Under Contract

At March 31, 2003, the Company has a contract to acquire a third building at the ISS Atlanta Buildings development upon completion of construction (expected in June 2003) for a fixed purchase price of \$10.0 million.

Commitments Under Existing Lease Agreements

Certain lease agreements include provisions that, at the option of the tenant, the Company may be obligated to expend certain amounts of capital to expand an existing property, construct on adjacent property or provide other expenditures for the benefit of the tenant, in favor of additional rental revenue. At March 31, 2003, no tenants have exercised such options.

Properties Under Construction

As of March 31, 2003, the Company had executed construction agreements with unrelated third parties for the purpose of constructing two buildings. The table below details the status of the properties under construction as of March 31, 2003:

Property	Total	Construction	Expected	Expected	Primary
	Projected Cost	Costs to Date	Future Costs	Completion Date	Source of Funds

Earn-out Agreements

As part of the acquisition of the IRS Building, the Company entered into an agreement to pay the seller an additional \$14.5 million if the Company or the seller locates a suitable tenant and leases the vacant space of

the building within 18 months after the date of acquisition of the property, or March 2004. If the space is not leased within this time, the Company is released from any obligation to pay this additional purchase consideration. The 26% of the building that was vacant at the time of acquisition remains unleased at March 31, 2003.

In connection with the acquisition of the East Point I and II Buildings, the Company entered into an earn-out agreement whereby the Company is required to pay the seller certain amounts for each new, fully executed lease after the date of acquisition of the property but on or before March 31, 2004. Payments shall be the anticipated first year's annual rent less operating expenses with the sum divided by 0.105 and the result reduced by tenant improvement costs related to the space.

Leasehold Property Obligations

The ASML, Motorola Tempe, Avnet and Bellsouth Ft. Lauderdale Buildings are subject to certain ground leases with expiration dates of 2082, 2082, 2083 and 2049, respectively.

Pending Litigation

In the normal course of business, the Company may become subject to litigation or claims. In November 2002, the Company contracted to purchase an office building located in Ramsey County, Minnesota, from Shoreview Associates LLC ("Shoreview"), who filed a lawsuit against the Company in Minnesota state court alleging that Shoreview was entitled to the \$0.8 million in earnest money the Company had deposited under the contract. The Company has filed a counterclaim in the case asserting that the Company is entitled to the \$0.8 million earnest money deposit. Procedurally, the Company had the case transferred to U.S. District Court in Minnesota, and Shoreview has moved to transfer the case back to state court. The dispute currently remains in litigation. After consultation with legal counsel, management does not believe that a reserve for a loss contingency is necessary.

8. Subsequent Events

Sale of Shares of Common Stock

From April 1, 2003 through April 30, 2003, the Company has raised approximately \$179.2 million through the issuance of 17.9 million shares of common stock of the Company.

Property Acquisitions

On April 30, 2003, the Company purchased the Citicorp Englewood Cliffs, NJ Building, a three-story office building containing approximately 410,000 rentable square feet located in Englewood Cliffs, New Jersey, for a purchase price of \$70.5 million, excluding closing costs and acquisition and advisory fees and expenses paid to the Advisor. The building is leased entirely to Citicorp North America, Inc., a wholly-owned

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

subsidiary of Citicorp, Inc.

On May 1, 2003, the Company purchased the US Bancorp Minneapolis Building, a 32-story office building containing approximately 929,694 rentable square feet located in Minneapolis, Minnesota, for a purchase price of \$174.0 million, excluding closing costs and acquisition and advisory fees and expenses paid to the Advisor. The building is approximately 99% leased under leases to various tenants with varying terms, including US Bancorp Piper Jaffray Companies, Inc., which leases approximately 77% of the building.

On May 9, 2003, the Company purchased the Aon Center Chicago Building, an 83-story office building containing approximately 2.6 million rentable square feet located in Chicago, Illinois, for a purchase price of approximately \$465.2 million, excluding closing costs and acquisition and advisory costs paid to the Advisor. The building is approximately 92% leased under leases to various tenants with varying lease

Table of Contents

terms, including BP Corporation North American, Inc., DDB Needham Chicago, Inc. and Kirkland & Ellis, which collectively lease approximately 54% of the building.

On May 9, 2003, the Company acquired the GMAC Detroit Building, a three story office building containing approximately 119,122 square feet located in Auburn Hills, Michigan, for a purchase price of approximately \$17.8 million, excluding closing costs and acquisition and advisory fees and expenses paid to the Advisor. The building is approximately 86% leased to the GMAC Corporation and Delmia Corporation. For the remaining approximately 14% of the building, the Company is required to pay the seller certain amounts for each new, fully executed lease entered into after the date of acquisition of the building but on or before November 8, 2004. Payments are calculated by dividing the sum of the anticipated first year's annual rent less operating expenses by 0.095, with the result being reduced by tenant improvement costs related to the space.

Line of Credit

On April 23, 2003, the Company entered into a \$500 million unsecured revolving credit facility with a consortium of banks. The agreement expires in April 2005 and replaced the \$110 million line of credit with Bank of America. The Company paid up-front commitment fees totaling \$2.3 million to the lenders based on each financial institution's relative commitment level. The agreement contains alternative borrowing arrangements that provide for interest costs based on LIBOR plus up to 1.625%, or certain other alternative rates. Additionally, the Company is required to pay a quarterly facility fee of .25% per annum on the entire amount of this credit facility.

We have audited the accompanying statement of revenues over certain operating expenses of the US Bancorp Minneapolis Building for the year ended December 31, 2002. This statement is the responsibility of the US Bancorp Minneapolis Building's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues over certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues over certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenues over certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues over certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 2, and is not intended to be a complete presentation of the US Bancorp Minneapolis Building's revenues and expenses.

In our opinion, the statement of revenues over certain operating expenses referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 2 of the US Bancorp Minneapolis Building for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States.

Notes to Statement of Revenues Over Certain Operating Expenses

For the year ended December 31, 2002

1. Description of Real Estate Property Acquired

On May 1, 2003, Wells Operating Partnership, L.P. (Wells OP) acquired the US Bancorp Minneapolis Building, a 929,694 square foot Class A office tower located in Minneapolis, Minnesota, from MN-Nicollet Mall, LLC (Nicollet Mall). Total consideration for the acquisition was approximately \$174 million, excluding acquisition costs. Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

2. Basis of Accounting

The accompanying statement of revenues over certain operating expenses is presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, the statement excludes certain historical expenses that are not comparable to the proposed future operations of the property such as certain ancillary income, amortization, depreciation, interest and corporate expenses. Therefore, this statement is not comparable to the statement of operations of the US Bancorp Minneapolis Building after its acquisition by Wells OP.

3. Significant Accounting Policies

Rental Revenues

Rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of recognized rentals over amounts due pursuant to lease terms is recorded as straight-line rent receivable. The impact of the straight-line rent adjustment increased revenue by approximately \$1.6 million for the year ended December 31, 2002.

Use of Estimates

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2002 and its quarterly report on Form 10-Q for the three months ended March 31, 2003. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of March 31, 2003 has been prepared to give effect to the second quarter 2003 acquisitions of the Citicorp Englewood Cliffs, NJ Building, the US Bancorp Minneapolis Building and the GMAC Detroit Building by Wells Operating Partnership, L.P. ("Wells OP") and the acquisition of the Aon Center Chicago Building (collectively, the "Recent Acquisitions") by Wells REIT Chicago Center, Chicago, LLC, a single member limited liability company of which Wells OP is the sole member, as if the acquisitions occurred on March 31, 2003.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with the accompanying pro forma financial statements of Wells REIT.

The following unaudited pro forma statement of income for the three months ended March 31, 2003 has been prepared to give effect to the first quarter 2003 acquisitions of the East Point Cleveland Buildings and the 150 West Jefferson Detroit Building (collectively, the "2003 Acquisitions") and the Recent Acquisitions as if the acquisitions occurred on January 1, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the 2002 acquisition of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the Harcourt Austin Building, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building, the NASA Buildings, the Caterpillar Nashville Building, the Capital One Richmond Buildings, the John Wiley Indianapolis Building and the Nestle Los Angeles Building (collectively, the "2002 Acquisitions"), the 2003 Acquisitions and the Recent Acquisitions as if the acquisitions occurred on January 1, 2002. The Kerr McGee Property and the AmeriCredit Phoenix Property had no operations during the year ended December 31, 2002.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisition of the 2002 Acquisitions, 2003 Acquisitions and the Recent Acquisitions been consummated as of January 1, 2002. In addition, the pro forma balance sheet includes allocations of the purchase price for certain acquisitions based upon preliminary estimates of the fair value of the assets and liabilities acquired. Therefore, these allocations may be adjusted in the future upon finalization of these preliminary estimates.

SUPPLEMENT NO. 8 DATED JUNE 15, 2003 TO THE PROSPECTUS

DATED JULY 26, 2002

This document supplements, and should be read in conjunction with, the prospectus of Wells Real Estate Investment Trust, Inc. dated July 26, 2002, as supplemented and amended by Supplement No. 1 dated August 14, 2002, Supplement No. 2 dated August 29, 2002, Supplement No. 3 dated October 25, 2002, Supplement No. 4 dated December 10, 2002, Supplement No. 5 dated January 15, 2003, Supplement No. 6 dated April 14, 2003, and Supplement No. 7 dated May 15, 2003. When we refer to the prospectus in this supplement, we are also referring to any and all supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) Status of the offering of shares in Wells Real Estate Investment Trust, Inc. (Wells REIT);
- (2) The declaration of dividends for the third quarter of 2003; and
- (3) Notice received from the NASD of its determination to institute an enforcement action against Wells Investment Securities, Inc. (Wells Investment Securities), our Dealer Manager, and Leo F. Wells, III for alleged NASD Rule violations relating to the educational and due diligence conferences sponsored by Wells Investment Securities in 2001 and 2002.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132.2 million in gross offering proceeds from the sale of 13.2 million shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175.2 million in gross offering proceeds from the sale of 17.5 million shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1.3 billion in gross offering proceeds from the sale of 128.3 million shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of May 31, 2003, we had received additional gross proceeds of approximately \$1.4 billion from the sale of approximately 137.3 million shares in our fourth public offering. Accordingly, as of May 31, 2003, we had received aggregate gross offering proceeds of approximately \$3.0 billion from the sale of approximately 296.3 million shares in all of our public offerings. After payment of approximately \$102.2 million in acquisition and advisory fees and acquisition expenses, payment of \$329.2 million in selling commissions and organization and offering expenses, and common stock redemptions of approximately \$43.6 million pursuant to our share redemption program, as of May 31, 2003, we had raised aggregate net offering proceeds available for investment in properties of approximately \$2.5 billion, out of which approximately \$2.0 billion had been invested in real estate properties, and approximately \$50.6 million remained available for investment in real estate properties.

Table of Contents

Dividends

On June 11, 2003, our board of directors declared dividends for the third quarter of 2003 in the amount of a 7.0% annualized percentage rate return on an investment of \$10.00 per share to be paid in September 2003. Our third quarter dividends are calculated on a daily record basis of \$0.001902 (0.1902 cents) per day per share on the outstanding shares of common stock payable to stockholders of record of such shares as shown on the books of the Wells REIT at the close of business on each day during the period, commencing on June 16, 2003, and continuing on each day thereafter through and including September 15, 2003.

NASD Enforcement Action

On June 6, 2003, the enforcement division of NASD, Inc. (NASD) informed Wells Investment Securities, our Dealer Manager, and Leo F. Wells, III, our President and a director, that the NASD has made a determination to institute disciplinary proceedings against both Wells Investment Securities and Mr. Wells, as registered principal of Wells Investment Securities, for alleged violations of various NASD Conduct Rules entirely related to providing non-cash compensation of more than \$100 to associated persons of NASD member firms in connection with their attendance at the annual educational and due diligence conferences sponsored by Wells Investment Securities in 2001 and 2002.

While the NASD has not yet instituted a formal action against Wells Investment Securities or Mr. Wells and, in its notice, only cited alleged rule violations in general terms, Wells Investment Securities and Mr. Wells are in the process of ascertaining the specific factual details forming the basis for these allegations. Based upon what we know at this time, however, we believe that these alleged rule violations will relate primarily to (1) the failure to obtain full reimbursement from some of the registered representatives for travel expenses of guests and the cost of golf in connection with attendance at our 2001 educational conference, and (2) the payment for meals of guests of attendees at our 2001 and 2002 educational conferences. We are unable to predict at this time the potential outcome of any such enforcement action against Wells Investment Securities and Mr. Wells or the potential effect such an enforcement action may have on the operations of Wells Capital, Inc., our advisor, and, accordingly, on our operations, if any.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132.2 million in gross offering proceeds from the sale of approximately 13.2 million shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175.2 million in gross offering proceeds from the sale of approximately 17.5 million shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1.3 billion in gross offering proceeds from the sale of approximately 128.3 million shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of August 15, 2003, we had received additional gross proceeds of approximately \$1.974 billion from the sale of approximately 197.4 million shares in our fourth public offering. Accordingly, as of August 15, 2003, we had received aggregate gross offering proceeds of approximately \$3.565 billion from the sale of approximately 3.565 million shares in all of our public offerings. After payment of approximately \$122.7 million in acquisition and advisory fees and acquisition expenses, payment of approximately \$389.0 million in selling commissions and organization and offering expenses, and common stock redemptions of approximately \$59.4 million pursuant to our share redemption program, as of August 15, 2003, we had raised aggregate net offering proceeds available for investment in properties of approximately \$2.994 billion, out of which approximately \$2.955 billion had been invested in real estate properties, and approximately \$38.8 million remained available for investment in real estate properties.

Redemptions of Common Stock under our Share Redemption Plan

Our current share redemption plan allows for the redemption of approximately 4.37 million shares at an aggregate cost of \$43.7 million for the year ending December 31, 2003. From January 1, 2003 through August 15, 2003, we had redeemed approximately 3.85 million shares of common stock available for redemption for the year at an aggregate cost of approximately \$38.5 million. We anticipate that the remaining shares eligible for redemption during the year ending December 31, 2003 will be exhausted in the very near future. All other requests for potential redemption will not be eligible for redemption on a first come, first served

basis until after January 1, 2004, subject to our board's ability to change or terminate our share redemption program at any time in its discretion.

Settlement of NASD Enforcement Action

As described in more detail in Supplement No. 8 dated June 15, 2003, in a letter dated June 6, 2003, Wells Investment Securities, our Dealer Manager, and Leo F. Wells, III, registered principal of Wells Investment Securities and our president and chairman of our board of directors, were informed that the NASD had made a determination to institute certain disciplinary proceedings against them. On August 26, 2003, Wells Investment Securities and Mr. Wells settled this contemplated NASD enforcement action against them by entering into a Letter of Acceptance, Waiver and Consent (AWC) with the NASD which contained findings by the NASD that Wells Investment Securities and Mr. Wells had violated certain of its Conduct Rules related to providing non-cash compensation of more than \$100 to associated persons of NASD member firms in connection with their attendance at the annual educational conferences sponsored by Wells Investment Securities in 2001 and 2002.

Without admitting or denying the allegations and findings against them, Wells Investment Securities and Mr. Wells consented in the AWC to various findings by the NASD which are summarized in the following paragraph:

In 2001 and 2002, Wells Investment Securities sponsored conferences attended by registered representatives who sold its real estate investment products. Wells Investment Securities also paid for certain expenses of guests of the registered representatives who attended the conferences. In 2001, Wells Investment Securities paid the costs of travel to the conference and meals for many of the guests, and paid the costs of playing golf for some of the registered representatives and their guests. Wells Investment Securities later invoiced registered representatives for the cost of golf and for travel expenses of guests, but was not fully reimbursed for such. In 2002, Wells Investment Securities paid for meals for the guests. Wells Investment Securities also conditioned most of the 2001 conference invitations on attainment by the registered representatives of a predetermined sales goal for Wells Investment Securities products. This conduct violated the prohibitions against payment and receipt of non-cash compensation in connection with the sales of these products contained in NASD's Conduct Rules 2710, 2810, and 3060. In addition, Wells Investment Securities and Mr. Wells failed to adhere to all of the terms of their written undertaking made in March 2001 not to engage in the conduct described above, and thereby engaged in conduct that was inconsistent with high standards of commercial honor and just and equitable principles of trade in violation of NASD Conduct Rule 2110.

Wells Investment Securities consented to a censure and Mr. Wells consented to suspension from acting in a principal capacity with an NASD member firm for one year. Wells Investment Securities and Mr. Wells also agreed to the imposition of a joint and several fine in the amount of \$150,000. Although Mr. Wells is now prohibited from acting in a principal capacity with Wells Investment Securities and has, therefore, resigned from all relevant positions in that regard, he will continue to engage in selling efforts on behalf of Wells Investment Securities and other non-principal activities. Mr. Wells will also continue to serve as our president and chairman of our board of directors and as the president of both Wells Capital, Inc., our advisor, and Wells Management Company, Inc., our property manager.

Management

Executive Officers and Directors

The following information should be read in conjunction with the Management Executive Officers and Directors section beginning on page 34 of the prospectus to include background information on W. Wayne Woody. On July 15, 2003, our board of directors unanimously approved an increase in the number of our directors from 10 to 11 and elected W. Wayne Woody as a new independent director to fill the vacancy. Mr. Woody was also appointed as a member of our Audit Committee. Of our 11 directors, nine are considered independent of Wells Capital, Inc. (Wells Capital), our advisor.

Table of Contents

W. Wayne Woody served as the Interim Chief Financial Officer for Legacy Investment Group, a boutique investment firm, from 2000 to 2001 where he was responsible for guiding the company through a transition in accounting and reporting.

From 1968 until his retirement in 1999, Mr. Woody was employed by KMPG LLP and its predecessor firms, Peat Marwick Mitchell & Co. and Peat Marwick Main. As a Senior Partner, he served in a number of key positions in the firm, including Securities and Exchange Commission Reviewing Partner and Partner-in-Charge of Professional Practice and Firm Risk Management for the southeastern United States and Puerto Rico. Mr. Woody was also a member of the Board of Directors of KMPG LLP from 1990 through 1994. Prior to joining KMPG, Mr. Woody was the Principal Budget Analyst for the State of Georgia Office of Planning and Budget where he reviewed, analyzed and presented the Governor's budget proposals to the state legislature.

Mr. Woody currently serves as Chairman of the Audit Committee for the City of Atlanta. He is also a director and the Chairman of the Audit Committee of the Metropolitan Atlanta Chapter of the American Red Cross. Mr. Woody is a member of the Board of Directors for the Metropolitan Atlanta Chapter of the American Heart Association. In addition, he is a trustee and the Chairman of the Finance Committee for the Georgia State University Foundation. Mr. Woody previously served a three-year term as Chairman of the Board of Trustees for the Georgia Center for the Visually Impaired.

Mr. Woody received a Bachelor of Science degree from Middle Tennessee State University and a Masters of Business Administration degree from Georgia State University. He is a Certified Public Accountant in the states of Georgia and North Carolina.

Compensation of Directors

The paragraph contained in the Management Compensation of Directors section of the prospectus on page 38 should be replaced by the following paragraph to reflect a change in the manner in which we compensate our independent directors:

We pay each of our independent directors an annual retainer of \$12,000, \$2,500 per regularly scheduled board meeting attended, \$1,500 per regularly scheduled committee meeting attended (committee chairpersons receive an additional \$500 per committee meeting for serving in that capacity) and \$250 per special board meeting attended whether held in person or by telephone conference. Members of our Audit Committee will receive \$2,500 per meeting attended for each of the four meetings necessary to review our quarterly and annual financial statements. In addition, we have reserved 100,000 shares of common stock for future issuance upon the exercise of stock options granted to the independent directors pursuant to our Independent Director Stock Option Plan and 500,000 shares for future issuance upon the exercise of warrants to be granted to the independent directors pursuant to our Independent Director Warrant Plan. All directors receive reimbursement of reasonable out-of-pocket expenses incurred in connection with attendance at meetings of the board of directors. If a director also is an officer of the Wells REIT, we do not pay separate compensation for services rendered as a director.

Description of Properties

As of August 20, 2003, we had purchased interests in 83 real estate properties located in 24 states. Below is a description of our recent real property acquisitions.

IBM Reston Buildings

On June 27, 2003, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased a six-story office building and a two-story office building containing approximately 141,000 aggregate rentable square feet located on an approximately 4.56-acre tract of land at 11107 & 11109 Sunset Hills Road in Reston, Virginia (IBM Reston Buildings) for a purchase price of approximately \$28.6 million, plus closing costs. The IBM Reston Buildings were purchased from Sunset Hills, LLC, a Delaware limited liability company not in any way affiliated with the Wells REIT, Wells OP or Wells Capital, Inc. (Advisor).

The IBM Reston Buildings, which were built in 1984 and 1985, respectively, are leased to International Business Machines Corporation (IBM) (approximately 71%) and Tellabs Reston, Inc. (Tellabs) (approximately 29%).

IBM, a company whose shares are publicly traded on the New York Stock Exchange (NYSE), manufactures and sells computer services, hardware and software and is the most diversified provider of computer products and services in the United States. IBM reported a net worth, as of December 31, 2002, of approximately \$22.8 billion. The current annual base rent payable under the IBM lease, which expires in 2012, is approximately \$2.4 million. In addition, IBM has the right to terminate the IBM lease (1) in 2007 by paying an approximately \$2.3 million termination fee, or (2) in 2009 by paying an approximately \$1.1 million termination fee.

Tellabs is a wholly-owned subsidiary of Tellabs, Inc., a company whose shares are publicly traded on NASDAQ which designs, manufactures, markets and services optical networking, broadband access and voice-quality enhancement solutions. The current annual base rent payable under the Tellabs lease, which expires in 2011, is approximately \$1.2 million. In addition, Tellabs has obtained an approximately \$2.5 million letter of credit from Silicon Valley Bank to serve as additional security for payments under the lease.

ISS Atlanta III Building

On July 1, 2003, Wells OP purchased a three-story office building containing approximately 50,400 rentable square feet (ISS Atlanta III Building) located at 859 Mount Vernon Highway in Atlanta, Georgia for a purchase price of \$10.0 million, plus closing costs. The ISS Atlanta III Building was purchased from Spring Creek Partners, LLC, a Georgia limited liability company not in any way affiliated with the Wells REIT, Wells OP or our Advisor. The ISS Atlanta III Building is the third building in a three building complex. In 2002, Wells OP purchased two five-story office buildings containing approximately 238,600 aggregate rentable square feet which are immediately adjacent to the ISS Atlanta III Building.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The entire rentable area of the ISS Atlanta III Building is leased to Internet Security Systems, Inc., a Georgia corporation (ISS). The ISS Atlanta lease is guaranteed by the parent of ISS, Internet Security Systems, Inc., a Delaware corporation (ISS, Inc.), whose shares are traded on NASDAQ. ISS, Inc. provides computer security solutions to networks, servers and desktop computers for organizational customers, including corporate customers and governmental units. ISS, Inc. reported a net worth, as of December 31, 2002, of approximately \$464.6 million.

Table of Contents

The ISS Atlanta III lease is a net lease (i.e., operating costs and maintenance costs are paid by the tenant) that expires in 2013. The current annual base rent payable under the ISS Atlanta III lease is approximately \$1.0 million. In addition, ISS has obtained a \$2.5 million letter of credit from Wachovia Bank, N.A. to serve as additional security for payments under the lease. ISS has the right to apply to the Development Authority of Fulton County (Development Authority) for tax abatement benefits in connection with the recent construction of the ISS Atlanta III Building, which, if successful, will result in Wells OP transferring fee simple title to the land and improvements to the Development Authority in connection with the issuance of Development Authority of Fulton County Taxable Revenue Bonds (Bonds) and retaining ownership of an interest in the ISS Atlanta III Building by taking back a ground lease on the land and improvements. Fee title interest to the land and improvements will be transferred back to Wells OP upon payment of the outstanding balance on the Bonds, either by prepayment by Wells OP or at the expiration of the ground lease. Pursuant to the ISS Atlanta III lease, ISS is required to pay all costs associated with the application for tax abatement benefits.

Since the ISS Atlanta III Building is leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that financial information about the guarantor of the lease, ISS, Inc., is more relevant to investors than financial statements of the property acquired.

ISS, Inc. currently files its financial statements in reports filed with the SEC, and the following summary financial data regarding ISS, Inc. is taken from its previously filed public reports:

Lockheed Martin Rockville Buildings

On July 30, 2003, Wells OP purchased all of the membership interest in Meridian/Northwestern Shady Grove North, LLC (North), a Delaware limited liability company, which owns two four-story office buildings containing approximately 231,000 aggregate rentable square feet located

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

on an approximately 8.91-acre tract of land at 9211 & 9221 Corporate Boulevard in Rockville, Maryland (Lockheed Martin Rockville Buildings) for a purchase price of approximately \$51.6 million, plus closing costs. The Lockheed Martin Rockville Buildings were purchased from Meridian/Northwestern Shady Grove Holdings, LLC (Holdings), a Delaware limited liability company which owned the entire membership interest in North. Neither North nor Holdings is in any way affiliated with the Wells REIT, Wells OP or our Advisor.

Table of Contents

The entire rentable square feet of the Lockheed Martin Rockville Buildings are leased under two separate lease agreements to Lockheed Martin Corporation (Lockheed Martin). Lockheed Martin, a company whose shares are publicly traded on the NYSE, is a technology company formed in March of 1995 with the merger of two other technology companies, Lockheed Corporation and Martin Marietta Corporation. Lockheed Martin is principally engaged in the research, design, development, manufacture and integration of advanced technology systems, products and services. Lockheed Martin reported a net worth, as of December 31, 2002, of approximately \$5.9 billion. The current aggregate annual base rent payable under the Lockheed Martin leases, which expire in 2009, is approximately \$4.7 million.

Cingular Atlanta Building

On August 1, 2003, Wells OP purchased a 19-story office building containing approximately 413,000 aggregate rentable square feet located on an approximately 5.2-acre tract of land at 5565 Glenridge Connector, N.E. in Atlanta, Georgia (Cingular Atlanta Building) for a purchase price of approximately \$83.9 million, plus closing costs. The Cingular Atlanta Building was purchased from Teachers Insurance and Annuity Association of America, a New York corporation not in any way affiliated with the Wells REIT, Wells OP or our Advisor.

The Cingular Atlanta Building, which was built in 2000, is primarily leased to Cingular Wireless, LLC (Cingular) (approximately 76%). Approximately 21% of the Cingular Atlanta Building is leased to four additional tenants, and approximately 3% of the Cingular Atlanta Building is currently vacant.

Cingular is a joint venture between the domestic wireless divisions of SBC Communications, Inc. and BellSouth Corporation. Cingular serves more than 22 million voice and data customers across the United States, provides cellular/PCS service in 43 of the top 50 markets nationwide, and provides corporate e-mail and other advanced data services. Cingular reported a net worth, as of December 31, 2002, of approximately \$7.5 billion.

The current annual base rent payable under the Cingular lease, which expires in 2010, is approximately \$8.9 million. Cingular has the right to terminate the Cingular lease in 2008 by paying a termination fee equal to all unamortized tenant improvement allowances and leasing commissions incurred by the landlord in connection with the Cingular lease, which is currently estimated to be approximately \$2.7 million. The Cingular lease prohibits Wells OP from leasing any space in the Cingular Atlanta Building to another tenant in the telecommunications business.

The current aggregate annual base rent for the remaining four tenants is approximately \$2.0 million.

Aventis Northern NJ Building

On August 14, 2003, Wells Bridgewater I, LLC (Wells Bridgewater), a Georgia limited liability company wholly-owned by Wells OP, purchased an eight-story office building containing approximately 297,000 rentable square feet located on an approximately 10.47 acre tract of land at 200 Crossing Boulevard in Bridgewater, New Jersey (Aventis Northern NJ Building) for a purchase price of \$96.3 million, plus closing costs, from PGC Bridgewater, LLC, a Delaware limited liability company not in any way affiliated with the Wells REIT, Wells OP, Wells Bridgewater or our Advisor.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The entire Aventis Northern NJ Building is leased to Aventis, Inc. (Aventis), the U.S. pharmaceuticals division and a subsidiary of Aventis SA, a French company whose shares are publicly traded on the NYSE. Aventis Pharma AG, an affiliate of Aventis and a subsidiary of Aventis SA is a guarantor of the Aventis lease. Aventis develops pharmaceutical products in areas such as oncology, cardiology, diabetes, respiratory/allergy and anti-infectives. The current annual net base rent payable under the Aventis lease, which expires in 2012, is approximately \$7.3 million.

Property Management

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our Advisor, will manage the IBM Reston Buildings, the ISS Atlanta III Building, the Lockheed Martin Buildings, the Cingular Atlanta Building and the Aventis Northern NJ Building on behalf of Wells OP. Wells Management will be paid asset and property management fees in the amount of up to 4.5% of the gross revenues from the IBM Reston Buildings, the ISS Atlanta III Building, the Lockheed Martin Buildings, the Cingular Atlanta Building and the Aventis Northern NJ Building, subject to certain limitations. Hines Interests Limited Partnership (Hines) is the current on-site property manager of the Aventis Northern NJ Building and Wells OP anticipates entering into a new management agreement with Hines to continue to serve as the on-site property manager. The property management fees payable to Hines will be paid out of or credited against the fees payable to Wells Management. Hines is not in any way affiliated with the Wells REIT, Wells OP, Wells Bridgewater or our Advisor.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section contained in Supplement No. 6 dated April 14, 2003 and Supplement No. 7 dated May 15, 2003 and should also be read in conjunction with our accompanying financial statements and notes thereto.

Forward Looking Statements

This supplement contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to stockholders in the future and certain other matters. Readers of this supplement should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in this supplement, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, inability to invest in properties on a timely basis or in properties that will provide targeted rates of return and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow.

REIT Qualification

We have made an election under Section 856 of the Internal Revenue Code to be taxed as a REIT beginning with our taxable year ended December 31, 1998. As a REIT for federal income tax purposes, we generally will not be subject to federal income tax on income that we distribute to shareholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year in which our qualification is lost. Such an event could materially, adversely affect our financial position and results of operations. However, management believes that we are organized and operate in a manner which will enable us to qualify for treatment as a REIT for federal income tax purposes during the year ending December 31, 2003. In addition, we intend to continue to operate to remain qualified as a REIT for federal income tax purposes.

Liquidity and Capital Resources

During the six months ended June 30, 2003, we received aggregate gross offering proceeds of \$1.04 billion from the sale of 104.4 million shares of our common stock. After incurring costs of \$35.5 million in acquisition and advisory fees and acquisition expenses, \$108.9 million in selling commissions

Table of Contents

and organization and offering expenses and common stock redemptions of \$31.0 million pursuant to our share redemption program, we raised net offering proceeds of \$868.9 million during the six months ended June 30, 2003.

The significant increase in capital resources available to us is due to significantly increased sales of our common stock during the first half of 2003. After payment of the costs described above associated with the sale of shares of common stock and acquisitions of properties, we had approximately \$44.0 million available for investment in real estate assets as of June 30, 2003.

As of June 30, 2003, we owned interests in 79 real estate properties either directly or through our interests in joint ventures located throughout the United States. Our real estate investment policies are to identify and invest in high-grade commercial office and industrial buildings located in densely populated metropolitan markets which are newly constructed, under construction or which have been previously constructed and have operating histories. However, we are not limited to such investments. We expect to continue to acquire commercial properties that meet our standards of quality in terms of the real estate and the creditworthiness of the tenants.

We have developed specific standards for determining creditworthiness of potential tenants of our properties in order to reduce the risk of tenant default. Although authorized to enter into leases with any type of tenant, we anticipate that a majority of our tenants will be large corporations or other entities which have a net worth in excess of \$100 million or whose lease obligations are guaranteed by another corporation or entity with a net worth in excess of \$100 million.

Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused us to add to our internal procedures for ensuring the creditworthiness of our tenants before entering into any commitment to buy a property. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our stockholders.

Dividends paid during the six months ended June 30, 2003 were \$87.6 million compared to \$40.9 million during the six months ended June 30, 2002. For each \$10 share of our common stock, our board of directors declared dividends for the period December 16, 2002 through June 15, 2003, at an annualized percentage rate of return of 7.0%, compared to an annualized percentage rate of return of 7.75% for the period December 16, 2001 through June 15, 2002. The reduction of the annualized percentage rate of return for the dividends resulted from the higher value placed on our type of properties and the additional time it now takes in the acquisition process for us to assess tenant creditworthiness and, therefore, invest proceeds in properties.

Our board of directors has declared dividends for the period June 16, 2003, through September 15, 2003, at an annualized percentage rate of return of 7.0%. Third quarter dividends are calculated on a daily record basis of \$0.001902 (0.1902 cents) per day per share on the outstanding shares of our common stock payable to stockholders of record as shown on our books at the close of business on each day during the period commencing on June 16, 2003, and continuing on each day thereafter through and including September 15, 2003.

The payment of dividends in the future will generally be dependent upon the cash flows from operating the properties currently owned and acquired in future periods, our financial condition, amounts paid for properties acquired, the timing of property acquisitions, capital expenditure requirements and distribution requirements in order to maintain our REIT status under the Internal Revenue Code.

Table of Contents

Cash Flows From Operating Activities

Our net cash provided by operating activities was \$88.5 million and \$33.1 million for the six months ended June 30, 2003 and 2002, respectively. The increase in net cash provided by operating activities was due primarily to the net income generated by \$1.4 billion of additional properties acquired during 2002 and an additional \$871.9 million of real estate assets acquired and \$76.8 million in build-to-suit projects completed during the six months ended June 30, 2003. We do not recognize in income the full effect from the properties during the year of acquisition, as the operations of the properties are only included in income from the date of acquisition. Operating cash flows are expected to increase as we acquire additional properties in future periods and as we obtain the benefit of a full quarter of operations for properties acquired during the six months ended June 30, 2003.

Cash Flows Used In Investing Activities

Our net cash used in investing activities was \$829.6 million and \$278.4 million for the six months ended June 30, 2003 and 2002, respectively. The increase in net cash used in investing activities was due primarily to greater investments in properties and the payment of the related deferred project costs resulting from raising a greater amount of offering proceeds. Our investments in real estate assets, lease acquisitions and intangible lease assets and payment of acquisition and advisory costs totaled \$833.6 million and \$281.9 million for the six months ended June 30, 2003 and 2002, respectively. The cash outflow from the investments in properties and the payment of deferred project costs were partially offset by distributions from joint ventures of \$4.0 million and \$3.5 million during the six months ended June 30, 2003, and 2002, respectively. The increase in distributions from joint ventures is primarily due to additional investment in joint ventures during the fourth quarter of 2002.

Cash Flows From Financing Activities

Our net cash provided by financing activities was \$754.7 million and \$511.6 million for the six months ended June 30, 2003 and 2002, respectively. Capital fund raising increased to \$1.04 billion during the six months ended June 30, 2003, as compared to \$618.3 million during the six months ended June 30, 2002. The amounts raised were partially offset by the payment of commissions and offering costs totaling \$114.8 million and \$65.8 million and redemptions of \$31.0 million and \$6.7 million during the six months ended June 30, 2003 and 2002, respectively.

Additionally, we obtained funds from financing arrangements totaling \$549.3 million and \$7.5 million and made repayments of borrowings of \$601.1 million and \$0 during the six months ended June 30, 2003 and 2002, respectively, based on the availability and need of cash for investment in real estate assets during the period. Related to the acquisition of new financing facilities we incurred deferred financing costs of \$4.4 million and \$0.9 million during the six months ended June 30, 2003 and 2002. Primarily as a result of the increased cash flow from operations, during the six months ended June 30, 2003 and 2002, we paid dividends of \$87.6 million and \$40.9 million, respectively.

Results of Operations

As of June 30, 2003, our 79 real estate properties were approximately 97% leased. Our results of operations have changed significantly for the three and six months ended June 30, 2003, as compared to the three and six months ended June 30, 2002, generally as result of the acquisition of approximately \$1.4 billion of real estate assets during the year ended December 31, 2002, and an additional \$871.9 million of real estate assets acquired and \$76.8 million in build-to-suit projects completed during the six months ended June 30, 2003. We expect that rental income, tenant reimbursements, depreciation expense,

Table of Contents

operating expenses, asset and property management and leasing fees and net income will each increase in future periods as a result of owning the assets acquired during the six months ended June 30, 2003, for an entire period and as a result of anticipated future acquisitions of real estate assets. Due to the average remaining terms of the long-term leases currently in place at our properties, management does not anticipate significant changes in near-term rental revenues from properties currently owned.

Three months ended June 30, 2003 vs. three months ended June 30, 2002

Rental income increased by \$47.1 million, during the second quarter of 2003, from \$21.8 million for the three months ended June 30, 2002, to \$69.0 million for the three months ended June 30, 2003. Tenant reimbursements were \$16.5 million and \$4.8 million for the three months ended June 30, 2003 and 2002, respectively, for an increase of \$11.7 million. The increases were primarily due to the rental income and tenant reimbursements for properties acquired subsequent to March 31, 2002, which totaled \$49.5 million and \$12.1 million, respectively, for the three months ended June 30, 2003 and \$2.4 million and \$1.1 million for the three months ended June 30, 2002. Revenues in future periods are expected to increase compared to historical periods as additional properties are acquired.

Our equity in income of joint ventures was \$1.1 million and \$1.3 million for the three months ended June 30, 2003 and 2002, respectively. Equity in income of joint ventures is not anticipated to change significantly in future periods unless we invest additional proceeds in future joint venture investments or dispose of joint venture investments.

Depreciation expense for the three months ended June 30, 2003 and 2002, was \$25.1 million and \$7.2 million, respectively comprising approximately 36% and 33% of rental income for the respective three month periods. The change in the percentages between periods is generally due to a change in the applicable cost of the real estate assets compared to the revenues generated by the real estate assets. Depreciation expense relating to assets acquired after March 31, 2002, was \$18.4 million and \$0.9 million for the three months ended June 30, 2003 and June 30, 2002, respectively. Depreciation expense is expected to increase in future periods as additional properties are acquired, however should remain consistent as a percentage of revenues unless the relationship between the cost of the assets and the revenues earned changes.

Property operating costs were \$25.8 million and \$6.2 million for the three months ended June 30, 2003 and 2002, respectively, representing 30% and 23% of the sum of the rental income and tenant reimbursements for each respective three month period. The increase of property operating costs as a percentage of the sum of the rental income and tenant reimbursements is primarily due to the recent acquisition of certain full service properties that have a higher ratio of property operating costs to revenues. Property operating costs for the properties acquired subsequent to March 31, 2002 were \$19.7 million and \$1.1 million for the three months ended June 30, 2003 and 2002, respectively. Property operating costs are expected to increase as more properties are acquired, but expenses should remain relatively consistent as a percentage of the sum of rental income and tenant reimbursements.

Asset and property management and leasing fees expenses were \$3.2 million and \$1.0 million for the three months ended June 30, 2003 and 2002, respectively, representing approximately 4% of the sum of the rental income and tenant reimbursements for each three month period. Asset and property management fees for properties acquired after March 31, 2002, were \$1.9 million and \$0.1 million for the three months ended June 30, 2003 and 2002, respectively. Asset and property management fees are expected to increase as additional properties are acquired but, as a percentage of the sum of rental income and tenant reimbursements, should remain relatively consistent with historical results.

Table of Contents

General and administrative expenses increased from \$0.6 million for the three months ended June 30, 2002, to \$0.9 million for the three months ended June 30, 2003, representing approximately 2% and 1% of the total revenues for each respective three month period. The decrease from the prior period is primarily due to greater efficiencies resulting from economies of scale. General and administrative expenses are expected to increase in future periods as additional properties are acquired, but are expected remain relatively constant as a percentage of total revenues.

Interest expense was \$4.8 million and \$0.7 million for the three months ended June 30, 2003 and 2002, respectively. Interest expense of \$1.0 and \$0.4 million for the three months ended June 30, 2003 and 2002, respectively, was attributable to interest on the bonds related to the Ingram Micro and ISS Buildings, which is offset by the interest income associated with the bonds, which results in no net impact on our operating results. The remaining \$3.8 million and \$0.3 million is due to the interest on our outstanding borrowings and amortization of deferred financing costs for each period. We had significantly more borrowings outstanding during the three months ended June 30, 2003, as compared to the three months ended June 30, 2002, resulting in a significant increase in the interest expense between the two periods. Additionally, in the period ending June 30, 2003, we wrote-off approximately \$0.5 million of deferred financing costs associated with the Bank of America \$110.0 million line of credit termination (See Note 4 of our consolidated financial statements for further information). Interest expense in future periods will be dependent upon the amount of borrowings outstanding during those periods and current interest rates. Historical results may not be indicative of interest expense in future periods.

Earnings per share for the three months ended June 30, 2003, decreased to \$0.10 per share compared to \$0.11 per share for the three months ended June 30, 2002. This decrease is primarily a result of the higher cost of investments in real estate assets relative to returns on those investments.

Six months ended June 30, 2003 vs. six months ended June 30, 2002

Rental income increased by \$83.7 million, during the first half of 2003, from \$38.6 million for the six months ended June 30, 2002, to \$122.3 million for the six months ended June 30, 2003. Tenant reimbursements were \$26.1 million and \$9.2 million for the six months ended June 30, 2003 and 2002, respectively, for an increase of \$16.9 million. The increases were primarily due to the rental income and tenant reimbursements for properties acquired subsequent to December 31, 2001, which totaled \$89.3 million \$17.9 million, respectively, for the six months ended June 30, 2003, and \$6.0 million and \$1.3 million for the first half of 2002. Revenues in future periods are expected to increase compared to historical periods as additional properties are acquired.

Our equity in income of joint ventures was \$2.4 million and \$2.5 million for the six months ended June 30, 2003 and 2002, respectively. Equity in income of joint ventures is not anticipated to change significantly in future periods unless we invest additional proceeds in future joint venture investments or dispose of joint venture investments.

Depreciation expense for the six months ended June 30, 2003 and 2002, was \$44.3 million and \$12.9 million, respectively comprising approximately 36% and 33% of rental income for the respective six month periods. The increase in the percentages between periods is generally due to an increase in the applicable cost of the real estate assets compared to the revenues generated by the real estate assets. Depreciation expense relating to assets acquired after December 31, 2001, was \$33.1 million and \$2.3 million for the six months ended June 30, 2003 and 2002, respectively. Depreciation expense is expected to increase in future periods as additional properties are acquired, however should remain consistent as a percentage of revenues unless the relationship between the cost of the assets and the revenues earned changes.

Table of Contents

Property operating costs were \$41.0 million and \$11.2 million for the six months ended June 30, 2003 and 2002, respectively, representing approximately 28% and 24% of the sum of the rental income and tenant reimbursements for each respective six month period. The increase in the property operating costs as a percentage of the sum of the rental income and tenant reimbursements is primarily due to operating costs of the recently acquired full service properties as a percentage of revenues. Property operating costs for the properties acquired subsequent to December 31, 2001, were \$30.1 million and \$1.7 million for the six months ended June 30, 2003 and 2002, respectively. Property operating costs are expected to increase as more properties are acquired, but expenses should remain relatively consistent as a percentage of the sum of rental income and tenant reimbursements.

Management and leasing fees expenses were \$5.5 million and \$1.9 million for the six months ended June 30, 2003 and 2002, respectively, representing approximately 4% of the sum of the rental income and tenant reimbursements for each six month period. Management and leasing fees for properties acquired after June 30, 2002, were \$3.5 million and \$0.2 million for the six months ended June 30, 2003 and 2002, respectively. Management and leasing fees are expected to increase as additional properties are acquired; however, as a percentage of the sum of rental income and tenant reimbursements, should remain relatively consistent with historical results.

General and administrative expenses increased from \$1.1 million for the six months ended June 30, 2002, to \$2.5 million for the six months ended June 30, 2003, representing approximately 2% of the total revenues for each respective six month period. General and administrative expenses are expected to increase in future periods as our assets continue to increase as additional properties are acquired, but are expected remain relatively constant as a percentage of total revenues.

Interest expense was \$7.4 million and \$1.3 million for the six months ended June 30, 2003 and 2002, respectively. Interest expense of \$1.9 and \$0.9 million for the six months ended June 30, 2003 and 2002, respectively, was attributable to interest on the bonds related to the Ingram Micro and ISS Buildings, which is offset by the interest income associated with the bonds, which results in no net impact on our operating results. The remaining \$5.5 million and \$0.4 million, respectively, is due to the interest on our outstanding borrowings for each period and amortization of deferred finance costs. We had significantly more borrowings outstanding during the six months ended June 30, 2003, as compared to the six months ended June 30, 2002, resulting in a significant increase in the interest expense between the two periods. Additionally, in the period ending June 30, 2003, we wrote-off approximately \$0.5 million of deferred costs associated with the Bank of America \$110.0 million line of credit termination (See Note 4 of our consolidated financial statements for further information). Interest expense in future periods will be dependent upon the amount of borrowings outstanding during those periods and current interest rates. Historical results may not be indicative of interest expense in future periods.

Earnings per share for the six months ended June 30, 2003, decreased to \$0.20 per share compared to \$0.22 per share for the six months ended June 30, 2002. This decrease is primarily a result of the higher cost of investments in real estate assets relative to returns on those investments resulting in lower returns.

Funds From Operations

Funds from Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with accounting principles generally accepted in the United States (GAAP) excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. Management believes that FFO is helpful to investors as a measure of the performance of an equity REIT.

Table of Contents

However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions.

The following table reflects the calculation of FFO for the three and six month periods ended June 30, 2003 and 2002:

	For the three months ended June 30,		For the six months ended June 30,	
	2003	2002	2003	2002
FUNDS FROM OPERATIONS:				
Net income	\$ 27,985	\$ 13,756	\$ 52,349	\$ 24,536
Add:				
Depreciation of real estate assets	25,060	7,159	44,278	12,903
Amortization of deferred leasing costs	271	78	349	151
Depreciation & amortization unconsolidated investments in joint assets	779	701	1,565	1,407
Funds from Operations (FFO)	\$ 54,095	\$ 21,694	\$ 98,541	\$ 38,997
WEIGHTED AVERAGE SHARES BASIC AND DILUTED	283,903	126,038	258,575	110,886

In order to recognize revenues on a straight line basis over the terms of the respective leases, we recognized straight line rental revenue of \$4.3 million and \$2.1 million during the three months ended June 30, 2003 and 2002, respectively. For the six months ended June 30, 2003 and 2002, we recognized straight line rental revenue of \$5.1 million and \$3.2 million, respectively.

Amortization of the intangible lease assets and liabilities resulted in a net increase in rental revenue of \$0.6 million and \$1.1 million, respectively for the three and six months periods ended June 30, 2003.

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases, which would protect us from the impact of inflation. These provisions include reimbursement billings for operating expense pass-through charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance. However, due to the long-term nature of the leases, the leases may not re-set frequently enough to cover inflation.

Application of Critical Accounting Policies

Our accounting policies have been established to conform with GAAP. The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If management's judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of the financial statements. Additionally, other companies may utilize

Table of Contents

different estimates that may impact comparability of our results of operations to those of companies in similar businesses.

The critical accounting policies outlined below have been discussed with members of our Audit Committee. There have been no significant changes in the critical accounting policies, methodology, or assumptions in the current period.

Below is a discussion of the accounting policies that management considers to be critical in that they may require complex judgment in their application or require estimates about matters that are inherently uncertain.

Investment in Real Estate Assets

We are required to make subjective assessments as to the useful lives of our depreciable assets. We consider the period of future benefit of the asset to determine the appropriate useful lives. These assessments have a direct impact on net income. The estimated useful lives of our assets by class are as follows:

Building	25 years
Building improvements	10-25 years
Land improvements	20-25 years
Tenant Improvements	Lease term

In the event that inappropriate useful lives or methods are used for depreciation, our net income would be misstated.

Valuation of Real Estate Assets

We continually monitor events and changes in circumstances that could indicate that the carrying amounts of the real estate assets, both operating properties and properties under construction, in which we have an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When indicators of potential impairment are present which indicate that the carrying amounts of real estate assets may not be recoverable, we assess the recoverability of the real estate assets by determining whether the carrying value of the real estate assets will be recovered through the undiscounted future operating cash flows expected from the use of the asset and its eventual disposition. In the event that such expected undiscounted future cash flows do not exceed the carrying value, we adjust the real estate assets to the fair value and recognize an impairment loss. We have determined that there has been no impairment in the carrying value of real estate assets held by us and any unconsolidated joint ventures at June 30, 2003.

Projections of expected future cash flows requires us to estimate future market rental income amounts subsequent to the expiration of current lease agreements, property operating expenses, discount rates, the number of months it takes to re-lease the property and the number of years the property is held for investment. The use of inappropriate assumptions in the future cash flow analysis would result in an incorrect assessment of the property's future cash flows and fair value and could result in the overstatement of the carrying value of our real estate assets and net income.

Intangible Lease Asset/Liability

We determine whether an intangible asset or liability related to above or below market leases was acquired as part of the acquisition of the real estate assets. The intangible assets and liabilities are

Table of Contents

recorded at their estimated fair market values at the date of acquisition and amortized over the remaining term of the respective lease to rental income.

The determination of the estimated fair values of the intangible lease asset or liability requires the use of significant assumptions with regard to the current market rental rates, rental growth rates, discount rates and other variables. If inappropriate estimates with regard to these variables are used, misclassification of assets or liabilities and incorrect calculation of depreciation amounts would occur, which would misstate our net income.

Commitments and Contingencies

Take Out Purchase and Escrow Agreement

Wells Management Company has developed a program (Wells Section 1031 Program) involving the acquisition by a subsidiary of Wells Management Company (Wells Exchange) of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are seeking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Internal Revenue Service Code. The acquisition of each of the properties acquired by Wells Exchange will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to repay a prorata portion of the interim financing. In consideration for the payment of a take out fee to us and following approval of the potential property acquisition by our board of directors, it is anticipated that we will enter into a take out purchase and escrow agreement or similar contract providing that, if Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, we will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period.

See Note 7 to our consolidated financial statements included in this supplement for discussion of this potential obligation.

Letters of Credit

At June 30, 2003, we had three unused letters of credit as required by other parties to ensure completion of our obligations under certain contracts. See Note 7 to our consolidated financial statements included in this supplement for further discussion of the letters of credit.

Commitments Under Existing Lease Agreements

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We entered into lease agreements with tenants that may include provisions that, at the option of the tenant, may require us to incur certain capital costs. See Note 7 to our consolidated financial statements included in this supplement for further discussion of these potential obligations.

Earn-out Agreements

We entered into certain purchase agreements containing various earn-out clauses that may result in Wells REIT being obligated to pay additional amounts to the seller of a property. See Note 7 to our consolidated financial statements included in this supplement for a more detailed discussion of these potential obligations.

Table of Contents

Leasehold Property Obligations

We own certain properties that are subject to ground leases and require us to pay rent in future years. See Note 7 to our consolidated financial statements included in this supplement for further discussion of the lease terms and required payments.

Pending Litigation

We have certain pending litigation related to a dispute over the right to an approximately \$0.8 million escrow deposit for a property that was not acquired. See Note 7 to our consolidated financial statements included in this supplement for further discussion of the litigation.

NASD Enforcement Action

On June 6, 2003, the enforcement division of NASD, Inc. (NASD) informed Wells Investment Securities, Inc., our Dealer Manager, and Leo F. Wells, III, our president and a director, that the NASD has made a determination to institute disciplinary proceedings against both Wells Investment Securities and Mr. Wells, as registered principal of Wells Investment Securities, for alleged violations of various NASD Conduct Rules. Please see the Settlement of NASD Enforcement Action section of this supplement for a discussion of the settlement with the NASD.

Related Party Transactions and Agreements

We have entered into agreements with our Advisor and its affiliates, whereby we pay certain fees or reimbursements to our Advisor or its affiliates for acquisition and advisory fees and expenses, organization and offering costs, sales commissions dealer manager fees, asset and property management fees and reimbursement of operating costs. See Note 5 to our consolidated financial statements included in this supplement for a discussion of the various related party transactions, agreements and fees.

Conflicts of Interest

Our Advisor is also a general partner in and advisor to various Wells Real Estate Funds. As such, there are conflicts of interest where our Advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with us in connection with property acquisitions or for tenants in similar geographic markets.

Subsequent Events

Sale of Shares of Common Stock

From July 1, 2003 through August 15, 2003, Wells REIT has raised approximately \$342.4 million through the issuance of approximately 34.2 million shares of common stock of Wells REIT. At August 15, 2003 approximately 111.1 million shares remain available under the current offering of Wells REIT's stock, excluding shares available under our dividend reinvestment plan.

Redemptions of Common Stock under our Share Redemption Plan

Our current share redemption plan allows for the redemption of approximately 4.37 million shares at an aggregate cost of \$43.7 million for the year ending December 31, 2003. From January 1, 2003 through August 15, 2003, we had redeemed approximately 3.85 million shares of common stock available for redemption for the year at an aggregate cost of approximately \$38.5 million. We anticipate that the remaining shares eligible for redemption during the year ending December 31, 2003 will be exhausted in the very near future. All other requests for potential redemption will not be eligible for redemption on a first come, first served

Table of Contents

basis until after January 1, 2004, subject to our board's ability to change or terminate our share redemption program at any time in its discretion.

Property Acquisitions

ISS Atlanta III

On July 1, 2003, Wells REIT purchased the third Internet Security Systems (ISS) Building, a five-story building containing approximately 50,400 rentable square feet located in Atlanta, Georgia for a purchase price of approximately \$10.0 million. The building is 100% leased to ISS. The first two ISS Buildings were purchased in July 2002. The three-building project now totals approximately 289,000 rentable square feet.

Lockheed Martin Rockville

On July 30, 2003, Wells REIT purchased all the membership interest in Meridian/Northwestern Shady Grove North, LLC, a Delaware limited liability company, which owns two four-story office buildings containing approximately 231,000 aggregate rentable square feet located in Rockville, Maryland, for a purchase price of approximately \$51.6 million. The buildings are 100% leased to Lockheed Martin.

Cingular Atlanta

On August 1, 2003, Wells REIT purchased the Cingular Atlanta Building, a 19-story building containing approximately 413,000 rentable square feet located in Atlanta, Georgia, for a purchase price of \$83.9 million. The building is 97% leased under leases to various tenants with varying terms, including Cingular Wireless, LLC, which leases 76% of the building.

Aventis Northern NJ Building

On August 14, 2003, Wells Bridgewater purchased an eight-story office building containing approximately 297,000 rentable square feet located in Bridgewater, New Jersey for a purchase price of \$96.3 million. The building is 100% leased to Aventis, Inc.

Underwriting Compensation and Terms

Notwithstanding the volume discount table contained in the first paragraph on page 148 in the "Plan of Distribution - Underwriting Compensation and Terms" section of the prospectus, the Wells REIT is offering a volume discount reduction of 6.0% for sales of 500,000 or more shares of the Wells REIT through the end of this offering. Therefore, purchasers of 500,000 or more shares will pay only 1% sales commissions resulting in a purchase price of \$9.40 per share. The net proceeds to the Wells REIT will not be affected by use of this volume discount available to purchasers

of 500,000 or more shares.

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2003

(unaudited)

1. ORGANIZATION

General

Wells Real Estate Investment Trust, Inc. ("Wells REIT") is a Maryland corporation that qualifies as a real estate investment trust ("REIT"). Wells REIT was incorporated in 1997 and commenced operations on June 5, 1998.

Wells REIT engages in the acquisition and ownership of commercial real estate properties throughout the United States, including properties that are under construction, are newly constructed or have operating histories. At June 30, 2003, Wells REIT has invested in commercial office and industrial real estate assets, either directly or through joint ventures with real estate limited partnership programs sponsored by Wells Capital, Inc. (the "Advisor") or its affiliates.

Wells REIT's business is conducted through Wells Operating Partnership, L.P. ("Wells OP"), a Delaware limited partnership, and its subsidiaries, and Wells REIT-Independence Square, LLC ("Wells REIT-Independence"), a single member Georgia limited liability company. Wells OP was formed to acquire, develop, own, lease and operate properties on behalf of Wells REIT, directly, through wholly-owned subsidiaries or through joint ventures. Wells REIT-Independence was formed to acquire the NASA building located in Washington, D.C. Wells REIT is the sole general partner in Wells OP and the sole member of Wells REIT-Independence and possesses full legal control and authority over the operations of Wells OP and Wells REIT-Independence. Wells OP, and its subsidiaries, and Wells REIT-Independence comprise Wells REIT's subsidiaries.

Four offerings of Wells REIT stock have been initiated as follows:

Offering #	Date Commenced	Termination Date	Gross Proceeds	Shares Issued
1	January 30, 1998	December 19, 1999	\$132.2 million	13.2 million
2	December 20, 1999	December 19, 2000	\$175.2 million	17.5 million
3	December 20, 2000	July 26, 2002	\$ 1,283.0 million	128.3 million
4	July 26, 2002	Offering will terminate on or before July 25,	\$ 1,631.8 million (through June 30, 2003)	163.2 million (through June 30,

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

	2004	2003)
Total as of June 30, 2003	\$ 3,222.2 million	322.2 million

After incurring costs from all offerings of \$111.0 million in acquisition and advisory fees and expenses, \$304.8 million in selling commissions, \$50.5 million in organization and offering expenses to the Advisor, investment in real estate assets and joint ventures of \$2,660.0 million and common stock redemptions pursuant to Wells REIT's share redemption program of \$51.9 million, Wells REIT was holding net offering proceeds of approximately \$44.0 million available for investment in properties at June 30, 2003.

Wells REIT's stock is not listed on a national exchange. However, the Wells REIT's Articles of Incorporation currently require the Wells REIT to begin the process of liquidating its investments and distributing the resulting proceeds to the shareholders if its shares are not listed on a national exchange by January 30, 2008 Wells REIT Articles of Incorporation can only be amended by a proxy vote of Wells REIT's shareholders.

Basis of Presentation

The consolidated financial statements of Wells REIT have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission, including the instructions to Form 10-Q and Article 10 of Regulation S-X, and do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. Independent auditors have not examined these quarterly statements, but in the opinion of management, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary to present a fair presentation of the results for such periods. Results for interim periods are not necessarily indicative of full year results. For further information, refer to the financial statements and footnotes included in the Wells REIT's Form 10-K for the year ended December 31, 2002.

Income Taxes

Wells REIT has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, and has operated as such beginning with its taxable year ended December 31, 1998. To qualify as a REIT, Wells REIT must meet certain organizational and operational requirements, including a requirement to currently distribute at least 90% of the REIT's ordinary taxable income to shareholders. As a REIT, Wells REIT generally will not be subject to federal income tax on taxable income that it distributes to its shareholders. If Wells REIT fails to qualify as a REIT in any taxable year, it will then be subject to federal income taxes on its taxable income for four years following the year during which qualification is lost, unless the Internal Revenue Service grants Wells REIT relief under certain statutory provisions. Such an event could materially adversely affect Wells REIT's net income and net cash available for distribution to shareholders. However, Wells REIT believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner that Wells REIT will remain qualified as a REIT for federal income tax purposes. No provision for federal income taxes has been made in the accompanying consolidated financial statements, as Wells REIT made distributions in excess of its taxable income for the periods presented.

Recent Pronouncements

On January 1, 2002, Wells REIT adopted Statement of Financial Accounting Standards No. 141 *Business Combinations*, and Statement of Financial Accounting Standards No. 142 *Goodwill and Intangibles*. These standards govern business combinations, asset acquisitions and the accounting for acquired intangibles. Wells REIT determines whether an intangible asset or liability related to above or below market leases was acquired as part of the acquisition of real estate assets. The resulting intangible lease assets and liabilities are recorded at their estimated fair market values at the date of acquisition and amortized over the remaining term of the respective lease to rental income. Amortization of the intangible lease assets and liabilities resulted in a net increase in rental revenue of \$0.6 million and \$1.1 million for the three and six months ended June 30, 2003, respectively.

In January 2003, the Financial Accounting Standards Board issued Interpretation No. 46 (FIN 46), *Consolidation of Variable Interest Entities*, which clarifies the application of Accounting Research Bulletin (ARB) No. 51, *Consolidated Financial Statements*, relating to consolidation of certain entities. FIN 46 requires the identification of Wells REIT's participation in variable interest entities (VIEs), which are defined as entities with a level of invested equity that is not sufficient to fund future activities to permit them to operate on a stand alone basis, or

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

whose equity holders lack certain characteristics of a controlling financial interest. For entities identified as VIEs, FIN 46 sets forth a model to evaluate potential consolidation based on an assessment of which party to the VIE, if any, bears a majority of the exposure to its expected losses, or stands to gain from a majority of its expected returns. FIN 46 is effective for all new VIEs created or acquired after January 31, 2003. For VIEs created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. FIN 46 also sets forth certain disclosures regarding interests in VIEs that are deemed significant, even if consolidation is not required. As Wells REIT's joint ventures do not fall under the definition of VIEs provided above, we do not believe that the adoption of FIN 46 will result in the consolidation of any previously unconsolidated entities.

Acquisitions

During the six months ended June 30, 2003, Wells REIT acquired ownership interests in seven properties for a total purchase price of \$871.9 million, exclusive of related closing costs and acquisition and advisory fees paid to the Advisor as described below.

East Point I & II

On January 9, 2003, Wells REIT purchased two three-story office buildings containing approximately 187,735 aggregate rentable square feet located in Mayfield Heights, Ohio, for a purchase price of approximately \$22.0 million. Progressive Casualty Insurance; Austin, Danaher Power Solutions; and Moreland Management Company occupy approximately 92% of the rentable square feet in the two buildings. The remaining approximately 8% of the rentable square feet is vacant as of June 30, 2003. At closing, Wells REIT entered into an earn-out agreement with the seller with regard to the vacant space that requires Wells REIT to pay the seller certain amounts for each new, fully-executed lease after the date of acquisition but on or before March 31, 2004, relating to the vacant space. Payments are calculated by dividing the anticipated first year's annual rent less operating expenses 0.105, with the result being reduced by tenant improvement costs related to the space.

150 West Jefferson Detroit

On March 31, 2003, Wells REIT purchased a 25-story office building containing approximately 505,417 rentable square feet located at 150 West Jefferson Avenue, downtown Detroit, Michigan, for a purchase price of approximately \$93.8 million. The building is 99% occupied under leases to various tenants with varying lease terms, including Miller, Canfield, Paddock, & Stone; Butzel Long PC; and MCN Energy Group, Inc., which collectively occupy approximately 62% of the building.

Citicorp Englewood Cliffs

On April 30, 2003, Wells REIT purchased the Citicorp Englewood Cliffs, NJ Building, a three-story office building containing approximately 410,000 rentable square feet located in Englewood Cliffs, New Jersey, for a purchase price of \$70.5 million. The building is leased entirely to Citicorp North America, Inc., a wholly-owned subsidiary of Citicorp, Inc.

US Bancorp

On May 1, 2003, Wells REIT purchased the US Bancorp Minneapolis Building, a 32-story office building containing approximately 929,694 rentable square feet located in Minneapolis, Minnesota, for a purchase price of \$174.0 million. The building is approximately 99% leased under leases to various tenants with varying terms, including US Bancorp Piper Jaffray Companies, Inc., which leases approximately 77% of the building.

AON Center Chicago

On May 9, 2003, Wells REIT purchased the AON Center Chicago Building, an 83-story office building containing approximately 2.6 million rentable square feet located in Chicago, Illinois, for a purchase price of approximately \$465.2 million. The building is approximately 92% leased under leases to various tenants with varying lease terms, including BP Corporation North American, Inc., DDB Needham Chicago, Inc., and Kirkland & Ellis which collectively lease approximately 54% of the building.

GMAC Detroit

On May 9, 2003, Wells REIT acquired the GMAC Detroit Building, a three-story office building containing approximately 119,122 square feet located in Auburn Hills, Michigan, for a purchase price of approximately \$17.8 million. The building is approximately 86% leased to the GMAC Corporation and Delmia Corporation. For the remaining approximately 14% of the building, Wells REIT is required to pay the seller certain amounts for each new, fully executed lease entered into after the date of acquisition of the building but on or before November 8, 2004. Payments are calculated by dividing the sum of the anticipated first year's annual rent less operating expenses by 0.095, with the result being reduced by tenant improvement costs related to the space.

IBM Reston I & II

On June 30, 2003, Wells REIT purchased the IBM Reston Buildings, one six-story and one two-story office building containing approximately 140,994 aggregate rentable square feet located in Reston, Virginia for a purchase price of approximately \$28.6 million. The buildings are 100% occupied by the IBM Corporation and Tellabs Reston, Inc.

Build-to-Suit Projects

During the six month period ended June 30, 2003, Wells REIT completed three build-to-suit projects with a total investment amount totaling approximately \$76.8 million as discussed below.

Nissan

In March 2003, Wells REIT substantially completed the construction of the Nissan Building located in Dallas, Texas, and transferred total construction costs of approximately \$41.8 million for the project from construction in progress to building and improvements. Nissan Motor Acceptance Corporation occupied the building under a lease commencing on April 1, 2003. The construction was financed through a loan that was paid off in March 2003, when the building was substantially complete.

AmeriCredit

In April 2003, Wells REIT substantially completed the construction of the AmeriCredit Building located in Phoenix, Arizona, and transferred total construction costs of approximately \$23.5 million for the project from construction in progress to building and improvements. AmeriCredit Corporation occupied the building under a lease commencing on April 15, 2003. The entire construction was financed completely with investor proceeds.

Kerr-McGee

In June 2003, Wells REIT substantially completed the construction of the Kerr-McGee located in Houston, Texas, and transferred total construction costs of approximately \$11.5 million for the project from construction in progress to building and improvements. Kerr-McGee Corporation will occupy the building under a lease commencing on July 1, 2003. The construction of this property was financed through a loan that was paid off in July 2003.

3. INVESTMENT IN JOINT VENTURES

The information below summarizes the operations of the seven unconsolidated joint ventures that Wells REIT, through Wells OP, had ownership interests as of June 30, 2003.

5. RELATED-PARTY TRANSACTIONS

Advisory Agreement

Wells REIT has entered into an Advisory Agreement with the Advisor, which entitles the Advisor to specified fees in consideration for certain services with regard to the offering of shares to the public and investment of funds in real estate projects. The current Advisory Agreement expires January 30, 2004.

Under the terms of the agreement, the Advisor receives the following fees and reimbursements:

Acquisition and advisory fees and acquisitions expenses of 3.5% of gross offering proceeds, subject to certain limitations;

Reimbursement of organization and offering costs paid on behalf of Wells REIT, not to exceed 3% of gross offering proceeds;

Disposition fee of 50% of the lesser of a competitive real estate commission or 3% of the sales price of the property, subordinated to the payment of dividends to shareholders equal to the sum of the shareholders' invested capital plus an 8% return on invested capital;

Incentive fee of 10% of net sales proceeds remaining after shareholders have received distributions equal to the sum of the shareholders' invested capital plus an 8% return of invested capital; and

Listing fee of 10% of the excess by which the market value of the stock plus dividends paid prior to listing exceeds the sum of 100% of the invested capital plus an 8% return on invested capital.

The Advisor has elected, but is not obligated, to reduce the acquisition and advisory fees and organizational and offering costs by the amounts attributable to shares redeemed under the share redemption program for shares redeemed through June 30, 2003.

Acquisition and advisory fees and expenses incurred for the three months ended June 30, 2003 and 2002, totaled \$21.0 million and \$12.6 million, respectively. Organizational and offering costs incurred for the three months ended June 30, 2003 and 2002, totaled \$5.7 million and \$3.6 million, respectively.

Acquisition and advisory fees and acquisition expenses incurred for the six months ended June 30, 2003 and 2002, totaled \$35.5 million and \$21.4 million, respectively. Organizational and offering costs incurred for the six months ended June 30, 2003 and 2002, totaled \$10.5 million and \$5.4 million, respectively. Wells REIT incurred no disposition, incentive or listing fees during the six months ended June 30, 2003 or 2002.

Administrative Services Reimbursement

Wells REIT has no direct employees. The employees of the Advisor and Wells Management Company, Inc. (Wells Management), an affiliate of the Advisor, perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for Wells REIT. The related expenses are allocated among Wells REIT and the various Wells Real Estate Funds based on time spent on each entity by individual administrative personnel. These expenses are included in general and administrative expenses in the consolidated statements of income. These expenses totaled \$1.0 million and \$0.4 million for the three months ended June 30, 2003 and 2002, respectively. Administrative services reimbursements totaled \$2.0 million and \$0.7 million for the six months ended June 30, 2003 and 2002, respectively.

Asset and Property Management Agreement

Wells REIT has entered into an asset and property management agreement with Wells Management. In consideration for asset management services and for supervising the management and leasing of Wells REIT's properties, Wells REIT will pay asset and property management fees to Wells Management equal to the lesser of (a) 4.5% of the gross revenues generally paid over the life of the lease or (b) 0.6% of the net asset value of the properties (excluding vacant properties) owned by Wells REIT. These asset and property management fees are calculated on an annual basis plus a separate competitive fee for the one-time initial lease-up of newly constructed properties generally paid in conjunction with the receipt of the first month's rent. These expenses totaled \$2.9 million and \$1.0 million for the three months ended June 30, 2003 and 2002, respectively, and \$5.1 million and \$1.9 million for the six months ended June 30, 2003 and 2002, respectively.

Dealer Manager Agreement

Wells REIT has entered into a dealer manager agreement with Wells Investment Securities, Inc. (WIS), an affiliate of the Advisor, whereby WIS performs the dealer manager function for Wells REIT. For these services, WIS earns fees of 7% of the gross proceeds from the sale of the shares of Wells REIT, most of which are reallocated to participating broker-dealers. Additionally, WIS earns a dealer manager fee of 2.5% of the gross offering proceeds at the time the shares are sold, of which up to 1.5% may be reallocated to participating broker-dealers. WIS has elected, although is not obligated, to reduce the dealer manager fee by 2.5% of the gross redemptions under Wells REIT's share redemption plan for shares redeemed through June 30, 2003. During the three months ended June 30, 2003 and 2002, Wells REIT incurred commissions of \$43.2 million and \$25.8 million, respectively, of which more than 99% was reallocated to participating broker-dealers. Dealer manager fees of \$15.0 million and \$9.0 million were incurred for the three months ended June 30, 2003 and 2002, respectively. Of these amounts, \$7.1 million and \$5.1 million were reallocated to participating broker-dealers for the three months ended June 30, 2003 and 2002, respectively. For the six months ended June 30, 2003 and 2002, Wells REIT incurred commissions of \$73.1 million and \$43.3 million, respectively, of which more than 99% was reallocated to participating broker-dealers. Dealer manager fees of \$25.3 million and \$15.3 million were incurred for the six months ended June 30, 2003 and 2002. Of these amounts, \$12.1 million and \$7.1 million were reallocated to participating broker-dealers.

Due From Affiliates

Due from affiliates included in the consolidated balance sheets primarily represents Wells REIT's share of the cash to be distributed from its joint venture investments and other amounts payable to Wells REIT from other related parties.

Conflicts of Interest

The Advisor also is a general partner in various Wells Real Estate Funds. As such, there are conflicts of interest where the Advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with Wells REIT in connection with property acquisitions or for tenants in similar geographic markets.

7. COMMITMENTS AND CONTINGENCIES***Take Out Purchase and Escrow Agreement***

The Advisor and its affiliates have developed a program (the "Wells Section 1031 Program") involving the acquisition by a subsidiary of Wells Management Company ("Wells Exchange") of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons ("1031 Participants") who are seeking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Internal Revenue Service Code. The acquisition of each of the properties acquired by Wells Exchange will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to repay a prorata portion of the interim financing. In consideration for the payment of a take out fee to Wells REIT and following approval of the potential property acquisition by Wells REIT's board of directors, it is anticipated that Wells REIT will enter into a take out purchase and escrow agreement or similar contract providing that, if Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells REIT will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period.

In consideration for the payment of a take out fee in the amount of approximately \$0.2 million, on December 31, 2002, Wells OP entered into a take out purchase and escrow agreement providing, among other things, that Wells OP would be obligated to acquire, at Wells Exchange's cost (\$0.4 million in cash plus \$0.4 million of assumed debt for each 2.9994% interest of co-tenancy interest unsold), any unsold co-tenancy interests in two buildings known as Meadow Brook Corporate Park located in Birmingham, Alabama, which remain unsold at the expiration of the offering of Wells Exchange on September 30, 2003.

The obligations of Wells OP under the take out purchase and escrow agreement were secured by reserving against Wells OP's existing line of credit with Bank of America, N.A. (the Interim Lender). However, in April 2003, Wells Exchange repaid the loan amount in full to the Interim Lender and now Wells OP is obligated to pay Wells Exchange for any unsold units. Wells OP's maximum economic exposure in the transaction was initially \$14.0 million in cash plus assumption of the first mortgage financing in the amount of \$13.9 million. As of June 30, 2003, due to the number of co-tenancy interests sold in Meadow Brook Corporate Park through such date, Wells OP's maximum exposure has been reduced to \$2.8 million in cash plus the assumption of the first mortgage financing in the amount of \$2.8 million.

Letters of Credit

At June 30, 2003, Wells REIT had three unused letters of credit totaling approximately \$19.7 million outstanding from financial institutions, consisting of letters of credit of approximately \$14.5 million, \$4.8 million and \$0.4 million with expiration dates of February 28, 2004; August 12, 2003; and February 2, 2004, respectively. These amounts are not recorded in the accompanying consolidated balance sheet as of June 30, 2003 or December 31, 2002. These letters of credit were required by three unrelated parties to ensure completion of Wells REIT's obligations under certain earn-out and construction agreements. Wells REIT does not anticipate a need to draw on these letters of credit.

Commitments Under Existing Lease Agreements

Certain lease agreements include provisions that, at the option of the tenant, Wells REIT may be obligated to expend certain amounts of capital to expand an existing property, construct on adjacent property or provide other expenditures for the benefit of the tenant, in favor of additional rental revenue. At June 30, 2003, no tenants have exercised such options.

Earn-out Agreements

As part of the acquisition of the IRS Building, Wells REIT entered into an agreement to pay the seller an additional \$14.5 million if Wells REIT or the seller locates a suitable tenant and leases the vacant space of the building within 18 months after the date of acquisition of the property, or March 2004. If the space is not leased within this time, Wells REIT is released from any obligation to pay this additional purchase consideration. The 26% of the building that was vacant at the time of acquisition remains unleased at June 30, 2003. As of June 30, 2003, no payments have been made under this agreement.

In connection with the acquisition of the East Point I and II Buildings, Wells REIT entered into an earn-out agreement whereby Wells REIT is required to pay the seller certain amounts for each new, fully executed lease after the date of acquisition of the property but on or before June 30, 2004. Payments shall be the anticipated first year's annual rent less operating expenses with the sum divided by 0.105 and the result reduced by tenant improvement costs related to the space. As of June 30, 2003, no payments have been made under this agreement.

As part of the acquisition of the GMAC Detroit Building, Wells REIT entered into an agreement to pay the seller certain amounts for each new, fully executed lease entered into after the date of acquisition of the building but on or before November 8, 2004. Payments are calculated by dividing the sum of the anticipated first year's annual rent less operating expenses by 0.095, with the result being reduced by tenant improvement costs related to the space. As of June 30, 2003, no payments have been made under this agreement.

Leasehold Property Obligations

The ASML, Motorola Tempe, Avnet and Bellsouth Ft. Lauderdale Buildings are subject to certain ground leases with expiration dates of 2082, 2082, 2083 and 2049, respectively.

Pending Litigation

In the normal course of business, Wells REIT may become subject to litigation or claims. In November 2002, Wells REIT contracted to purchase an office building located in Ramsey County, Minnesota, from Shoreview Associates LLC (Shoreview), who filed a lawsuit against Wells REIT in Minnesota state court alleging that Shoreview was entitled to approximately \$0.8 million in earnest money Wells REIT had deposited under the contract. Wells REIT has filed a counterclaim in the case asserting that Wells REIT is entitled to the earnest money deposit. Procedurally, Wells REIT had the case transferred to U.S. District Court in Minnesota, and Shoreview has moved to transfer the case back to state court. The dispute currently remains in litigation. After consultation with legal counsel, management does not believe that a reserve for a loss contingency is necessary.

NASD Enforcement Action

On June 6, 2003, the enforcement division of NASD, Inc. (NASD) informed Wells Investment Securities, the Wells REIT Dealer Manager, and Leo F. Wells, III, President and a director of Wells REIT, that the NASD has made a determination to institute disciplinary proceedings against both Wells Investment Securities and Mr. Wells, as registered principal of Wells Investment Securities, for alleged violations of various NASD Conduct Rules entirely related to providing non-cash compensation of more than \$100 to associated persons of NASD member firms in connection with their attendance at the annual educational and due diligence conferences sponsored by Wells Investment Securities in 2001 and 2002.

Management is unable to predict at this time the potential outcome of any such enforcement action against Wells Investment Securities and Mr. Wells or the potential effect such an enforcement action may have on the operations of the Advisor, and, accordingly, on the operations of Wells REIT, if any.

8. SUBSEQUENT EVENTS

Sale of Shares of Common Stock

From July 1, 2003 through July 31, 2003, Wells REIT has raised approximately \$233.5 million through the issuance of approximately 23.5 million shares of common stock of Wells REIT. At July 31, 2003 approximately 130.5 million shares remain available under the current offering of Wells REIT's stock.

Redemptions of Common Stock

Wells REIT's current share redemption plan allows for the redemption of approximately 4.0 million shares at an aggregate cost of \$40.0 million for the year ending December 31, 2003. From January 1, 2003 through July 31, 2003, Wells REIT had redeemed 3.6 million shares of common stock available for redemption for the year at an aggregate cost of approximately \$36.0 million. Wells REIT anticipates that the remaining shares eligible for redemption during the year ending December 31, 2003 will be exhausted in the very near future. All other requests for potential redemption will be eligible on a first come first serve basis beginning in the first quarter 2004, subject to the Board's ability to change or terminate the Wells REIT's share redemption program at any time in its discretion.

Property Acquisitions

Internet Security Systems Atlanta

On July 1, 2003, Wells REIT purchased the third Internet Security Systems (ISS) Building, a five-story building containing approximately 50,400 rentable square feet located in Atlanta, Georgia for a purchase price of approximately \$10.0 million. The building is 100% leased to ISS. The first two ISS Buildings were purchased in July 2002. The three-building project now totals approximately 289,000 rentable square feet.

Lockheed Martin Rockville

On July 30, 2003, Wells REIT purchased all the membership interest in Meridian/Northwestern Shady Grove North, LLC, a Delaware limited liability company, which owns two four-story office buildings containing approximately 231,000 aggregate rentable square feet located in Rockville, Maryland, for a purchase price of approximately \$51.6 million. The buildings are 100% leased by Lockheed Martin.

Cingular Atlanta

On August 1, 2003, Wells REIT purchased the Cingular Atlanta Building, a 19-story building containing approximately 413,279 rentable square feet located in Atlanta, Georgia, for a purchase price of \$83.9 million. The building is 97% leased under leases to various tenants with varying terms, including Cingular Wireless, LLC, which leases 76% of the building.

We have audited the accompanying statement of revenues over certain operating expenses of the Lockheed Martin Rockville Buildings for the year ended December 31, 2002. This statement is the responsibility of the Lockheed Martin Rockville Buildings management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues over certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues over certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenues over certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues over certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 2, and is not intended to be a complete presentation of the Lockheed Martin Rockville Buildings revenues and expenses.

In our opinion, the statement of revenues over certain operating expenses referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 2 of the Lockheed Martin Rockville Buildings for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States.

Notes to Statements of Revenues Over Certain Operating Expenses

For the year ended December 31, 2002

and the six months ended June 30, 2003 (unaudited)

1. Description of Real Estate Property Acquired

On July 30, 2003, Wells Operating Partnership, L.P. (Wells OP) acquired all of the membership interest in Meridian/Northwestern Shady Grove North, LLC, a Delaware limited liability company, which owns the Lockheed Martin Rockville Buildings, two four-story office buildings containing approximately 230,000 square feet located in Rockville, Maryland, from Meridian/Northwestern Shady Grove Holdings, LLC (Holdings). Total consideration for the acquisition was approximately \$51.6 million. Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

2. Basis of Accounting

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, the statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as certain ancillary income, amortization, depreciation, interest and corporate expenses. Therefore, the statements will not be comparable to the statements of operations of the Lockheed Martin Rockville Buildings after their acquisition by Wells OP.

3. Significant Accounting Policies

Rental Revenues

Rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of recognized rental income over amounts due pursuant to lease terms is recorded as straight-line rent receivable. The impact of the straight-line rent adjustment increased revenue by approximately \$0 for the year ended December 31, 2002 and \$375,000 for the six months ended June 30, 2003.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Description of Leasing Arrangements

The Lockheed Martin Rockville Buildings are 100% leased to Lockheed Martin Corporation (Lockheed) under leases (Lockheed Leases) that commenced in February 1999 and expire in January 2009. The Lockheed Leases were amended in March 2003 to extend the lease expiration dates to January 2009 and increase base rents. Under the Lockheed Leases, Lockheed is required to pay, as additional rent, any increases in operating expenses, excluding electricity, and real estate taxes over a base year amount. Lockheed will be billed directly by Wells OP for annual electrical costs. Holdings interests in all lease agreements were assigned to Wells OP upon its acquisition of the Lockheed Martin Rockville Buildings.

1. Description of Real Estate Property Acquired

On August 14, 2003, Wells Bridgewater I, LLC (the Company) acquired the Aventis Northern NJ Building, an eight-story office building containing approximately 297,000 square feet located in Bridgewater, New Jersey, from PGC Bridgewater, LLC (PGC Bridgewater). Total consideration for the acquisition was approximately \$96.3 million. The Company, a Georgia limited liability company, was created on August 8, 2003. Wells Operating Partnership, L.P. (Wells OP) is the sole member of the Company. Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

Rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of recognized rental income over amounts due pursuant to lease terms is recorded as straight-line rent receivable. The impact of the straight-line rent adjustment increased revenue by approximately \$450,000 for the year ended December 31, 2002 and by approximately \$246,000 for the six months ended June 30, 2003.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

For the year ended December 31, 2002

and the six months ended June 30, 2003 (unaudited)

4. Description of Leasing Arrangements

The Aventis Northern NJ Building is 100% leased to Aventis, Inc. (Aventis) under a net lease (Aventis Lease) that commenced in February 2002 and expires in March 2012. Under the Aventis Lease, Aventis is required to pay, as additional rent, the costs of electrical energy consumed, its proportionate share of operating expenses and a management fee equal to 3% of gross revenue. PGC Bridgewater's interest in the Aventis lease agreement was assigned to the Company upon its acquisition of the Aventis Northern NJ Building.

5. Future Minimum Rental Commitments

Future minimum rental commitments for the years ended December 31 are as follows (in thousands):

2003	\$ 7,286
2004	7,286
2005	7,286
2006	7,286
2007	8,171

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2002 and its quarterly report on Form 10-Q for the six months ended June 30, 2003. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of June 30, 2003 has been prepared to give effect to the third quarter 2003 acquisitions of the ISS Atlanta III Building, the Lockheed Martin Rockville Buildings, the Cingular Atlanta Building by Wells Operating Partnership, L.P. ("Wells OP") and the Aventis Northern NJ Building (collectively, the "Recent Acquisitions") by Wells Bridgewater I, LLC, of which Wells OP is the sole member, as if the acquisitions occurred on June 30, 2003.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with the accompanying pro forma financial statements of Wells REIT.

The following unaudited pro forma statement of income for the six months ended June 30, 2003 has been prepared to give effect to the first quarter 2003 acquisitions of the East Point Cleveland Buildings and the 150 West Jefferson Detroit Building, the second quarter 2003 acquisitions of the Citicorp Englewood Cliffs, NJ Building, the US Bancorp Minneapolis Building, the Aon Center Chicago Building, the GMAC Detroit Building and the IBM Reston Buildings (collectively, the "2003 Acquisitions") and the Recent Acquisitions as if the acquisitions occurred on January 1, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the 2002 acquisition of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the Harcourt Austin Building, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building, the NASA Buildings, the Caterpillar Nashville Building, the Capital One Richmond Buildings, the John Wiley Indianapolis Building and the Nestle Los Angeles Building (collectively, the "2002 Acquisitions"), the 2003 Acquisitions and the Recent Acquisitions as if the acquisitions occurred on January 1, 2002. The Kerr McGee Property, the AmeriCredit Phoenix Property and the ISS Atlanta III Building had no operations during the year ended December 31, 2002.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisition of the 2002 Acquisitions, 2003 Acquisitions and the Recent Acquisitions been consummated as of January 1, 2002. In addition, the pro forma balance sheet includes allocations of the purchase price for certain acquisitions based upon preliminary estimates of the fair value of the assets and liabilities acquired. Therefore, these allocations may be adjusted in the future upon finalization of these preliminary estimates.

SUPPLEMENT NO. 10 DATED SEPTEMBER 15, 2003 TO THE PROSPECTUS

DATED JULY 26, 2002

This document supplements, and should be read in conjunction with, the prospectus of Wells Real Estate Investment Trust, Inc. dated July 26, 2002, as supplemented and amended by Supplement No. 1 dated August 14, 2002, Supplement No. 2 dated August 29, 2002, Supplement No. 3 dated October 25, 2002, Supplement No. 4 dated December 10, 2002, Supplement No. 5 dated January 15, 2003, Supplement No. 6 dated April 14, 2003, Supplement No. 7 dated May 15, 2003, Supplement No. 8 dated June 15, 2003, and Supplement No. 9 dated August 27, 2003. When we refer to the prospectus in this supplement, we are also referring to any and all supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) Status of the offering of shares in Wells Real Estate Investment Trust, Inc. (Wells REIT);
- (2) Revisions to the Description of Real Estate Investments section of the prospectus to describe the following real property acquisitions:
 - (A) Acquisition of a five-story office building in Pasadena, California (Applera Pasadena Building);
 - (B) Acquisition of a three-story office building in Brea, California (Continental Casualty Orange County Building); and
 - (C) Acquisition of a 10-story office building in Lyndhurst, New Jersey (Polo Ralph Lauren Newark Building); and
- (3) Unaudited pro forma financial statements of the Wells REIT reflecting the acquisitions of the Applera Pasadena Building, the Continental Casualty Orange County Building and the Polo Ralph Lauren Newark Building.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132.2 million in gross offering proceeds from the sale of approximately 13.2 million shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175.2 million in gross offering proceeds from the sale of approximately 17.5 million shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1.3 billion in gross offering proceeds from the sale of approximately 128.3 million shares in our third public offering.

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of September 10, 2003, we had received additional gross proceeds of approximately \$2.2 billion from the sale of approximately 217.0 million shares in our fourth public

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

offering. Therefore, there were approximately \$914 million in shares (91.4 million shares) remaining available for sale to the public under the fourth public offering, which excludes shares available under our dividend reinvestment plan.

Table of Contents

Accordingly, as of September 10, 2003, we had received aggregate gross offering proceeds of approximately \$3.8 billion from the sale of approximately 376.0 million shares in all of our public offerings. After payment of approximately \$129.5 million in acquisition and advisory fees and acquisition expenses, payment of approximately \$408.6 million in selling commissions and organization and offering expenses, and common stock redemptions of approximately \$60.4 million pursuant to our share redemption program, as of September 10, 2003, we had raised aggregate net offering proceeds available for investment in properties of approximately \$3.2 billion, out of which approximately \$3.1 billion had been invested in real estate properties, and approximately \$38.7 million remained available for investment in real estate properties.

Description of Properties

As of September 10, 2003, we had purchased interests in 86 real estate properties located in 24 states. Below is a description of our recent real property acquisitions.

Applera Pasadena Building

On August 21, 2003, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, through a wholly-owned subsidiary, purchased a five-story office building containing approximately 176,000 aggregate rentable square feet located on an approximately 1.9-acre tract of land at 1055 East Colorado Boulevard in Pasadena, California (Applera Pasadena Building) for a purchase price of approximately \$37.9 million, plus closing costs. Wells OP formed Wells REIT Pasadena, CA, L.P., a Delaware limited partnership, to purchase the Applera Pasadena Building from KN Colorado, LLC, a Delaware limited liability company not in any way affiliated with the Wells REIT, Wells OP, Wells REIT Pasadena, CA, L.P. or Wells Capital, Inc., our advisor (Advisor). Wells OP previously purchased four buildings from an affiliate of KN Colorado, LLC (the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building and the GMAC Detroit Building).

The Applera Pasadena Building, which was built in 2001, is primarily leased to Paracel, Inc. (Paracel) (approximately 48%). Approximately 28% of the Applera Pasadena Building is leased to six additional tenants, and approximately 24% of the Applera Pasadena Building is currently vacant.

Paracel, a wholly-owned subsidiary of Applera Corporation (Applera), is a provider of high-performance genomic data and text analysis systems for the pharmaceutical, biotechnology, academic and government markets. Applera, the guarantor of the Paracel lease, is a worldwide life sciences and genomics company with headquarters in Norwalk, Connecticut. Applera provides technology and information solutions to scientists through its two business units, Applied Biosystems Group and Celera Genomics Group. Applera reported a net worth, as of March 31, 2003, of approximately \$2.25 billion.

The current annual base rent payable under the Paracel lease, which expires in 2011, is approximately \$2.6 million. Paracel is actively marketing a majority of its current space for sublease. Paracel and Applera will remain liable for any subleased space in the Applera Pasadena Building.

The current aggregate annual base rent for the remaining six tenants in the Applera Pasadena Building is approximately \$1.5 million.

Table of Contents

Continental Casualty Orange County Building

On August 29, 2003, Wells OP purchased a three-story office building containing approximately 134,000 aggregate rentable square feet located on a approximately 7.8-acre tract of land at 675 Placentia Avenue in Brea, California (Continental Casualty Orange County Building) for a purchase price of approximately \$25.6 million, plus closing costs. The Continental Casualty Orange County Building was purchased from Fairway II-VEF III, LLC, a Delaware limited liability company not in any way affiliated with the Wells REIT, Wells OP or our Advisor.

The Continental Casualty Orange County Building, which was built in 2003, is entirely leased to Continental Casualty Company (Continental Casualty) (approximately 84%) and Phoenix American Insurance Group, Inc. (Phoenix) (approximately 16%).

Continental Casualty, which has its corporate headquarters in Chicago, Illinois, is a subsidiary of CNA Financial Corporation (CNA). CNA is a global insurance organization providing businesses and individuals with a wide range of insurance products and insurance-related services. Continental Casualty, along with other CNA affiliates, conducts the property and casualty insurance operations of CNA.

The current annual base rent payable under the Continental Casualty lease, which expires in 2013, is approximately \$2.7 million. Continental Casualty has the right to terminate the Continental Casualty lease in 2010 by paying a termination fee equal to various unamortized allowances, commissions, fees and concessions incurred by the landlord in connection with the Continental Casualty lease, which is currently estimated to be approximately \$2.7 million. The Continental Casualty lease prohibits Wells OP from leasing any space in the Continental Casualty Orange County Building to 22 competitor insurance companies. In addition, Continental Casualty has various expansion options and a right of first refusal to lease additional space in the Continental Casualty Orange County Building.

Phoenix is an independent service contract and mechanical breakdown insurance administrator with corporate offices in Miami, Florida. Phoenix provides comprehensive insurance coverage for automobiles, motorcycles, recreational vehicles, travel trailers, and marine craft to individual consumers, car dealers, credit unions, and lending institutions.

The current annual base rent payable under the Phoenix lease, which expires in 2008, is approximately \$0.5 million.

Polo Ralph Lauren Newark Building

On September 5, 2003, Wells OP purchased a 10-story office building containing approximately 268,000 aggregate rentable square feet located on an approximately 6.15-acre tract of land at 9 Polito Avenue in Lyndhurst, New Jersey (Polo Ralph Lauren Newark Building) for a purchase price of approximately \$46.6 million, plus closing costs. The Polo Ralph Lauren Newark Building was purchased from Utah State Retirement Investment Fund, a Utah Common Trust Fund not in any way affiliated with the Wells REIT, Wells OP or our Advisor.

The Polo Ralph Lauren Newark Building, which was built in 1986, is primarily leased to Polo Ralph Lauren Corporation (Polo) (approximately 60%) and Scandinavian Airlines of North America, Inc. (Scandinavian) (approximately 13%). Approximately 19% of the Polo Ralph Lauren Newark Building is leased to nine additional tenants, and approximately 8% of the Polo Ralph Lauren Newark Building is currently vacant.

Table of Contents

Polo designs, manufactures, and distributes premium lifestyle products, including apparel, accessories, fragrances, and home products. Polo, a company whose shares are publicly traded on the New York Stock Exchange (NYSE), operates through numerous brand names, including Polo, Polo Sport, Ralph Lauren, and Chaps. Polo reported a net worth, as of June 28, 2003, of approximately \$1.2 billion. Polo's senior unsecured debt is currently rated by S&P as BBB and by Moody's as Baa2. The current annual base rent payable under the Polo lease, which expires in 2008, is approximately \$3.0 million. In addition, Polo has a right of first refusal to lease additional space in the Polo Ralph Lauren Newark Building should space become available.

Scandinavian is a wholly-owned subsidiary of Scandinavian Airlines System (SAS), which has its corporate headquarters in Stockholm, Sweden. SAS operates Scandinavian Airlines, as well as several affiliated airlines, and other airline-related businesses. Ownership interests of SAS are traded on stock exchanges in Stockholm, Oslo, and Copenhagen. SAS reported a net worth, as of June 30, 2003, of approximately \$1.65 billion. The current annual base rent payable under the Scandinavian lease, which expires in 2007, is approximately \$1.0 million.

The current aggregate annual base rent for the remaining nine tenants in the Polo Ralph Lauren Newark Building is approximately \$1.3 million.

Property Management

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and our Advisor, will manage the Applera Pasadena Building, the Continental Casualty Orange County Building and the Polo Ralph Lauren Newark Building on behalf of Wells OP. Wells Management will be paid asset and property management fees in the amount of up to 4.5% of the gross revenues from the Applera Pasadena Building, the Continental Casualty Orange County Building and the Polo Ralph Lauren Newark Building, subject to certain limitations.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2002 and its quarterly report on Form 10-Q for the six months ended June 30, 2003. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of June 30, 2003 has been prepared to give effect to the third quarter 2003 acquisitions of the ISS Atlanta III Building, the Lockheed Martin Rockville Buildings and the Cingular Atlanta Building by Wells Operating Partnership, L.P. ("Wells OP") and the Aventis Northern NJ Building by Wells Bridgewater I, LLC, of which Wells OP is the sole member, (collectively, the "Other Recent Acquisitions") and the acquisitions of the Continental Casualty Orange County Building and the Polo Ralph Lauren Newark Building by Wells OP, and the Applera Pasadena Building by Wells REIT - Pasadena, CA, L.P., a Delaware limited partnership wholly-owned by Wells OP, (collectively, the "Recent Acquisitions") as if the acquisitions occurred on June 30, 2003.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with the accompanying pro forma financial statements of Wells REIT.

The following unaudited pro forma statement of income for the six months ended June 30, 2003 has been prepared to give effect to the first quarter 2003 acquisitions of the East Point Cleveland Buildings and the 150 West Jefferson Detroit Building, the second quarter 2003 acquisitions of the Citicorp Englewood Cliffs, NJ Building, the US Bancorp Minneapolis Building, the Aon Center Chicago Building, the GMAC Detroit Building and the IBM Reston Buildings (collectively, the "2003 Acquisitions") and the Recent Acquisitions as if the acquisitions occurred on January 1, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the 2002 acquisition of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the Harcourt Austin Building, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building, the NASA Buildings, the Caterpillar Nashville Building, the Capital One Richmond Buildings, the John Wiley Indianapolis Building and the Nestle Los Angeles Building (collectively, the "2002 Acquisitions"), the 2003 Acquisitions and the Recent Acquisitions as if the acquisitions occurred on January 1, 2002. The Kerr McGee Property, the AmeriCredit Phoenix Property, the ISS Atlanta III Building and the Continental Casualty Orange County Building had no operations during the year ended December 31, 2002.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisition of the 2002 Acquisitions, 2003 Acquisitions and the Recent Acquisitions been consummated as of January 1, 2002. In addition, the pro forma balance sheet includes allocations of the purchase price for certain acquisitions based upon preliminary estimates of the fair value of the assets and liabilities acquired. Therefore, these allocations may be adjusted

in the future upon finalization of these preliminary estimates.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

SUPPLEMENT NO. 11 DATED SEPTEMBER 25, 2003 TO THE PROSPECTUS

DATED JULY 26, 2002

This document supplements, and should be read in conjunction with, the prospectus of Wells Real Estate Investment Trust, Inc. dated July 26, 2002, as supplemented and amended by Supplement No. 1 dated August 14, 2002, Supplement No. 2 dated August 29, 2002, Supplement No. 3 dated October 25, 2002, Supplement No. 4 dated December 10, 2002, Supplement No. 5 dated January 15, 2003, Supplement No. 6 dated April 14, 2003, Supplement No. 7 dated May 15, 2003, Supplement No. 8 dated June 15, 2003, Supplement No. 9 dated August 27, 2003, and Supplement No. 10 dated September 15, 2003. When we refer to the prospectus in this supplement, we are also referring to any and all supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) Status of the offering of shares in Wells Real Estate Investment Trust, Inc. (Wells REIT);
- (2) Status of our Share Redemption Program;
- (3) Formation of Wells Real Estate Investment Trust II, Inc. (Wells REIT II), a recently formed REIT which is also sponsored and advised by Wells Capital, Inc. (Wells Capital), our advisor;
- (4) Revisions to the Conflicts of Interest section of the prospectus describing potential conflicts of interest related to the common directors of the Wells REIT and Wells REIT II;
- (5) Revisions to the Management The Advisor section of the prospectus describing the addition of Donald A. Miller as a newly appointed Senior Vice President of Wells Capital; and
- (6) Revisions to the Management Affiliated Companies Dealer Manager section of the prospectus describing the election of Philip M. Taylor, Douglas P. Williams and Randall D. Fretz as officers and directors of Wells Investment Securities, Inc., our dealer manager.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998. Our initial public offering was terminated on December 19, 1999. We received approximately \$132.2 million in gross offering proceeds from the sale of approximately 13.2 million shares in our initial public offering. We commenced our second offering of common stock on December 20, 1999. Our second public offering was terminated on December 19, 2000. We received approximately \$175.2 million in gross offering proceeds from the sale of approximately 17.5 million shares in our second public offering. We commenced our third public offering of common stock on December 20, 2000. Our third public offering was terminated on July 26, 2002. We received approximately \$1.3 billion in gross offering proceeds from the sale of approximately 128.3 million shares in our third public offering.

Table of Contents

Pursuant to the prospectus, we commenced our fourth public offering of common stock on July 26, 2002. As of September 19, 2003, we had received additional gross proceeds of approximately \$2.2 billion from the sale of approximately 223.8 million shares in our fourth public offering. Therefore, as of September 19, 2003, there were approximately \$847.1 million in shares (84.7 million shares) remaining available for sale to the public under our fourth public offering, exclusive of shares available under our dividend reinvestment plan.

Accordingly, as of September 19, 2003, we had received aggregate gross offering proceeds of approximately \$3.8 billion from the sale of approximately 382.8 million shares in all of our public offerings. After payment of approximately \$131.9 million in acquisition and advisory fees and acquisition expenses, payment of approximately \$415.4 million in selling commissions and organization and offering expenses, and common stock redemptions of approximately \$60.5 million pursuant to our share redemption program, as of September 19, 2003, we had raised aggregate net offering proceeds available for investment in properties of approximately \$3.2 billion, substantially all of which has been invested in real estate properties.

Status of our Share Redemption Program

Our current share redemption program allows for the redemption of approximately 4.37 million shares at an aggregate cost of approximately \$43.7 million for the year ending December 31, 2003. From January 1, 2003 through September 19, 2003, we had redeemed approximately 4.06 million shares of common stock available for redemption for the year at an aggregate cost of approximately \$40.6 million and, accordingly, there are approximately 310,000 shares remaining for redemption for the year ending December 31, 2003.

On September 19, 2003, our board of directors voted to reserve the approximately 310,000 shares of our common stock remaining under the share redemption program which may be repurchased during the calendar year ending December 31, 2003 exclusively for the following types of share repurchases:

- (1) repurchase of shares following the death of a stockholder; and
- (2) repurchase of shares necessary to fund minimum distribution requirements for stockholders who own their shares through IRAs or other qualified retirement plans and are over the age of 70 ½.

All other requests for potential redemption will not be eligible for redemption until after January 1, 2004, unless our board of directors decides to terminate our share redemption program prior to that time and subject, in all cases, to our board's ability to change or terminate our share redemption program at any time in its discretion.

Formation of Wells REIT II

Wells REIT II is a recently formed REIT also sponsored and advised by Wells Capital, our advisor, which has investment objectives substantially identical to ours. Several of our directors (namely Leo F. Wells, III, Douglas P. Williams, Richard W. Carpenter, Bud Carter, Donald S. Moss, Walter W. Sessoms and Neil H. Strickland) are also directors of Wells REIT II. Wells REIT II has filed a registration statement with the Securities and Exchange Commission (SEC) for the sale of up to \$6 billion in common stock, which has not yet been declared effective by the SEC. Since Wells REIT II is in a different stage of its life cycle from our REIT, the potential for conflicts of interest resulting from these members of our board of directors also serving on the board of directors of Wells REIT II may be

Table of Contents

lessened; however, please consider and analyze the additional risk factors described below relating to the potential conflicts of interest which may arise as a result of several of our directors also serving as directors of Wells REIT II.

Conflicts of Interest Common Directors of Wells REIT II

The following information should be read in conjunction with the **Conflicts of Interest** section beginning on page 54 of the prospectus to include conflicts of interest related to the common directors between the Wells REIT and Wells REIT II.

Our board of directors may face additional conflicts of interest in making decisions and taking actions resulting from certain members of our board of directors also serving on the board of directors of Wells REIT II.

The individuals serving on our board of directors who also serve on the board of directors of Wells REIT II will have statutory and fiduciary obligations to our stockholders and the stockholders of Wells REIT II. Therefore, the loyalties of these members of our board of directors to Wells REIT II may influence the judgment of our board when considering issues for us that may affect Wells REIT II, such as the following:

Our board of directors must evaluate the performance of Wells Capital with respect to whether Wells Capital is presenting to us our fair share of investment opportunities or otherwise performing its duties under our advisory agreement. If Wells Capital is not performing its duties for us as our advisor or is giving preferential treatment to Wells REIT II, the divided loyalties of the members of our board who also serve on the board of directors of Wells REIT II could adversely affect our board's willingness to enforce our rights under the terms of the advisory agreement or to seek a new advisor.

Our board of directors may have to make a similar evaluation with respect to the performance of Wells Management Company, Inc. (Wells Management), as our property manager. If Wells Management is not performing well as a property manager because of the similar services it provides for Wells REIT II, the divided loyalties of the members of our board who also serve on the board of directors of Wells REIT II could adversely affect our board's willingness to enforce our rights under the terms of the asset/property management agreement or to seek a new property manager.

Our board of directors approves every property acquisition we make. Decisions of our board regarding whether we should purchase a property may be influenced by the divided loyalties of the members of our board who also serve on the board of directors of Wells REIT II based on the potential that Wells Capital would present the opportunity to Wells REIT II if we did not pursue it.

We may enter into transactions with Wells REIT II, such as property sales and acquisitions, joint ventures or financing arrangements. Decisions of our board regarding the terms of those transactions may be influenced by the divided loyalties of the members of our board who also serve on the board of directors of Wells REIT II.

Management

The Advisor

The following information should be read in conjunction with the Management The Advisor section beginning on page 43 of the prospectus to include background information on Donald A. Miller as a newly appointed Senior Vice President of Wells Capital.

Donald A. Miller is a Senior Vice President of Wells Capital. Mr. Miller is responsible for directing the efforts of our advisor's acquisitions, dispositions, property management, construction and leasing groups. Mr. Miller joined Wells in August 2003 and has more than 16 years of experience in the real estate industry. He is the former Head of Real Estate Operations for Lend Lease Corporation Limited, which he joined in 1994. Prior to his role as the Head of Real Estate Operations, Mr. Miller ran Lend Lease's Midwest Region and Hotel Investment Group. Prior to joining Lend Lease, Mr. Miller worked at Prentiss Properties Realty Advisors, Inc. and in pension investment management at Delta Air Lines, Inc.

Affiliated Companies

Dealer Manager

The information contained in the third paragraph in the Management Affiliated Companies Dealer Manager section of the prospectus is revised as of the date of this supplement by the deletion of that paragraph in its entirety and the insertion of the following paragraphs in lieu thereof:

The directors and executive officers of Wells Investment Securities are as follows:

<u>Name</u>	<u>Age</u>	<u>Positions</u>
Philip M. Taylor	60	President and Director
Douglas P. Williams	52	Vice President, CFO, Treasurer and Director
Randall D. Fretz	50	Vice President and Director

The background of Mr. Williams is described in the Management Executive Officers and Directors section on page 35 of the prospectus, and the background of Mr. Fretz is described in Supplement No. 4 to the prospectus dated December 10, 2002.

Philip M. Taylor is President and a director of Wells Investment Securities, Inc. Mr. Taylor joined Wells in March 2001 and supervises and directs the national sales effort. - (9) Unaudited pro forma financial statements of the Wells REIT reflecting the acquisitions of the 1901 Main Irvine Building, the AIU Chicago Building, and the IBM Portland Buildings, and the sale of the Cort Furniture Building.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998, which terminated on December 19, 1999, our second public offering of common stock on December 20, 1999, which terminated on December 19, 2000, and our third public offering of common stock on December 20, 2000, which terminated on July 26, 2002. We received approximately \$1.59 billion in aggregate gross offering proceeds from the sale of approximately 159.0 million shares in these three prior public offerings.

Pursuant to the prospectus, we commenced our fourth public offering of \$3 billion in shares (300 million shares) of common stock on July 26, 2002. As of October 25, 2003, we had received additional gross proceeds of approximately \$2.4 billion from the sale of approximately 241.6 million shares in our fourth public offering. Accordingly, as of October 25, 2003, there were approximately \$583.6 million in shares (58.4 million shares) remaining available for sale to the public under our fourth public offering, exclusive of shares available under our dividend reinvestment plan.

As of October 25, 2003, we had received aggregate gross offering proceeds of approximately \$4.1 billion from the sale of approximately 412.5 million shares in all of our public offerings. After payment of approximately \$142.1 million in acquisition and advisory fees and acquisition expenses, payment of approximately \$444.9 million in selling commissions and organization and offering expenses, and aggregate common stock redemptions of approximately \$64.4 million pursuant to our share redemption program, as of October 25, 2003, we had raised aggregate net offering proceeds available for investment in properties of approximately \$3.48 billion out of which approximately \$3.23 billion had been invested in real estate properties, and approximately \$244.7 million remained available for investment in real estate properties.

Legal Proceedings

On October 9, 2003, Stephen L. Flood, the Luzerne County Controller, and the Luzerne County Retirement Board (Luzerne Board) on behalf of the Luzerne County Employee Retirement System (Plan) filed a lawsuit in the U.S. District Court, Middle District of Pennsylvania against 26 separate defendants including the Wells REIT, Wells Investment Securities, Inc., our dealer manager, and Wells Real Estate Funds, Inc., the parent company of Wells Investment Securities, Inc. (Wells Defendants) (Wells Real Estate Funds, Inc. is also the parent company of Wells Capital, Inc., our advisor). The complaint alleges (1) that certain former members of the Luzerne Board named as defendants breached their fiduciary duties to the Plan by, among other things, permitting the investment of the Plan's funds in investments not suitable for the Plan because they were long-term illiquid investments, permitting the Plan to pay excessive fees and commissions to co-defendants, and accepting political contributions in exchange for awarding advisory and management agreements, (2) that the other defendants (including the Wells Defendants) aided and abetted such breaches of fiduciary duty, (3) that all defendants violated the Racketeer Influenced and Corrupt Organizations Act (RICO) by engaging in and conspiring to engage in an improper scheme to intentionally defraud the Plan for their own monetary benefit, and (4) that certain defendants (including the Wells Defendants) were unjustly enriched by the fees and commissions paid in connection with the Plan's investments.

The complaint specifically alleges, among other things, (1) that certain former board member defendants invested \$10 million in the Wells REIT on behalf of the Plan, (2) that the investment was not approved by a majority of the Luzerne Board at a public meeting and, consequently, the investment was an inappropriate and void action, (3) that the Wells Defendants and others

knew or should have known that the investment, and the fees and commissions associated with the investment, was not a proper investment for the Plan because it was a long-term illiquid investment, and (4) that the Wells Defendants and others knew or should have known that certain Luzerne Board members and certain investment advisors and managers were breaching their fiduciary duties to the Plan.

The Plan is seeking damages of not less than \$25 million, treble damages and punitive damages from all defendants on a joint and several liability basis. The Wells REIT believes that this lawsuit is without merit with respect to the Wells Defendants and intends to vigorously defend this lawsuit.

Status of our Share Redemption Program

Our current share redemption program allowed for the redemption of approximately 4.37 million shares at an aggregate cost of approximately \$43.7 million for the year ending December 31, 2003. From January 1, 2003 through October 25, 2003, we had redeemed the entire 4.37 million shares of common stock available for redemption for the year at an aggregate cost of approximately \$43.7 million and, accordingly, there are no remaining shares available for redemption for the year ending December 31, 2003.

Requests for potential redemption will not be eligible for redemption until after January 1, 2004, subject, in all cases, to our board's ability to change or terminate our share redemption program at any time in its discretion.

Description of Real Estate Investments

As of October 20, 2003, we had purchased and own interests in 88 real estate properties located in 25 states, exclusive of properties sold. Below is a description of our recent real property acquisitions.

1901 Main Irvine Building

On September 17, 2003, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased an eight-story office building containing approximately 172,000 aggregate rentable square feet located on an approximately 4.8-acre tract of land at 1901 Main Street in Irvine, California (1901 Main Irvine Building) for a purchase price of \$45.5 million, plus closing costs. The 1901 Main Irvine Building was purchased from Main & Mac II, L.P., which is not in any way affiliated with the Wells REIT, Wells OP or Wells Capital, Inc., our advisor (Advisor). Wells OP previously purchased five buildings from affiliates of Main & Mac II, L.P. (the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the GMAC Detroit Building and the Applera Pasadena Building).

The 1901 Main Irvine Building, which was built in 2001, is leased to BNC Mortgage, Inc. (BNC) (approximately 43%), Aon Service Corporation (Aon) (approximately 26%), General Electric Capital Corporation (GE Capital) (approximately 13%), Citigroup Global Markets Inc. (Citigroup) (approximately 13%) and Alliance Bank (Alliance) (approximately 5%).

Table of Contents

BNC is a privately-held corporation engaged in the business of originating, purchasing and selling non-conforming residential mortgage loans. BNC originates loans through a nationwide network of independent mortgage brokers through its full service branch offices and is currently ranked as one of the nation's top 100 mortgage lenders according to National Mortgage News. The current annual base rent payable under the BNC lease, which expires in 2008, is approximately \$2.0 million. In addition, BNC has a right of first refusal to lease additional space in the 1901 Main Irvine Building should space become available, subject to certain expansion rights and rights of first offer of Aon, GE Capital, Citigroup and Alliance.

Aon is a wholly owned subsidiary of Aon Corporation which has its headquarters located in the Aon Center Chicago Building and is a holding company whose subsidiaries provide insurance brokerage, consulting, and insurance underwriting services. Aon Corporation, the guarantor on the Aon lease, has approximately 550 offices in 120 countries worldwide. The current annual base rent payable under the Aon lease, which expires in 2012, is approximately \$1.4 million. Aon has the right to terminate the Aon lease in 2009 by paying a termination fee equal to all unamortized tenant improvement allowances and leasing commissions incurred by the landlord in connection with the Aon lease, which is currently estimated to be approximately \$0.65 million. In addition, Aon has expansion options and a right of first offer to lease additional space in the 1901 Main Irvine Building should space become available.

The current aggregate annual base rent for GE Capital, Citigroup and Alliance, the remaining three tenants in the 1901 Main Irvine Building, is approximately \$1.6 million.

AIU Chicago Building

On September 19, 2003, Wells Fund XIII REIT Joint Venture Partnership (Wells Fund XIII-REIT Joint Venture), a joint venture partnership between Wells Real Estate Fund XIII, L.P. (Wells Fund XIII) and Wells OP, purchased a four-story office building on a 2.7 acre tract of land located at 5550 Prairie Stone Parkway in Hoffman Estates, Illinois (AIU Chicago Building) from Two Park Center, L.L.C. (Two Park) for a purchase price of \$26.3 million, plus closing costs. Two Park is not in any way affiliated with the Wells Fund XIII-REIT Joint Venture, Wells OP, the Wells REIT or our Advisor.

Wells OP contributed approximately \$24.0 million and Wells Fund XIII contributed \$3 million to the Wells Fund XIII REIT Joint Venture for their respective shares of the acquisition costs for the AIU Chicago Building. Subsequent to the acquisition of the AIU Chicago Building, Wells OP held an equity percentage interest in the Wells Fund XIII REIT Joint Venture of approximately 71.89%, and Wells Fund XIII held an equity percentage interest in the Wells Fund XIII REIT Joint Venture of approximately 28.11%.

The AIU Chicago Building, which was completed in 1999, contains approximately 193,700 rentable square feet and is primarily leased under a net lease (i.e., operating costs and maintenance costs are paid by the tenants) to American Intercontinental University, Inc. (AIU) (approximately 66%). Approximately 31% of the AIU Chicago Building is leased to four additional tenants, and approximately 3% of the AIU Chicago Building is currently vacant.

AIU is a wholly owned subsidiary of EduTrek International, Inc., which is a wholly owned subsidiary of Career Education Corporation (Career Education), a company whose shares are publicly traded on NASDAQ. AIU provides post-secondary education at campuses in Los Angeles, Houston, Fort Lauderdale, London and Atlanta. AIU also provides an online Internet degree program. Career Education, the guarantor of the AIU lease, provides private for-profit post-secondary education at over 75 schools, colleges and universities worldwide. Career Education reported a net worth, as of June 30, 2003, of approximately \$473.6 million.

Table of Contents

The AIU lease commenced in May 2002 and expires in June 2008, except for approximately 48,933 rentable square feet of the AIU lease (Expansion Space) which expires in December 2010. The current annual base rent payable under the AIU lease is approximately \$1.7 million. AIU has the right, at its option, to extend the initial term of its lease, excluding the Expansion Space, for one additional five-year period at the then-current market rental rate. The AIU lease prohibits the Wells Fund XIII REIT Joint Venture from leasing any space in the AIU Chicago Building to any business which offers post-high school or corporate training as its primary function.

The current aggregate annual base rent for the remaining four tenants in the AIU Chicago Building is approximately \$0.8 million.

IBM Portland Buildings

On October 9, 2003, Wells OP purchased four multi-story office buildings and one industrial building containing approximately 364,000 aggregate rentable square feet on an approximately 20.9-acre tract of land (IBM Portland Buildings) and an additional adjacent 31.8-acre tract of land (IBM Land) in Beaverton, Oregon for an aggregate purchase price of approximately \$38.2 million, plus closing costs. The IBM Portland Buildings and IBM Land were purchased from International Business Machines Corporation (IBM), which is not in any way affiliated with the Wells REIT, Wells OP or our Advisor.

Three of the five IBM Portland Buildings, located at 15300 SW Koll Parkway, 15350 SW Koll Parkway and 15400 SW Koll Parkway, which were built between 1988 and 1990 and contain an aggregate of approximately 220,000 rentable square feet, are entirely leased under three separate net leases to IBM. The remaining two buildings located at 1345 SW Burlington Drive and 15757 SW Jay Street are currently vacant.

IBM, a company whose shares are publicly traded on the New York Stock Exchange (NYSE), manufactures and sells computer services, hardware and software and is the most diversified provider of computer products and services in the United States. IBM reported a net worth, as of June 30, 2003, of approximately \$26.6 billion. The current aggregate annual base rent payable under the IBM leases, which expire in 2008, 2010 and 2012 respectively, is approximately \$2.9 million.

Property Management

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells Fund XIII REIT Joint Venture, the Wells REIT and our Advisor, will manage the 1901 Main Irvine Building and the IBM Portland Buildings on behalf of Wells OP and the AIU Chicago Building on behalf of the Wells Fund XIII REIT Joint Venture. Wells Management will be paid asset and property management fees in the amount of up to 4.5% of the gross revenues from the 1901 Main Irvine Building, the AIU Chicago Building and the IBM Portland Buildings, subject to certain limitations.

Sale of the Cort Furniture Building

On September 11, 2003, Wells/Orange County Associates (Cort Joint Venture), a joint venture partnership between Wells OP and Fund X and Fund XI Associates, sold a warehouse and office building containing approximately 52,000 rentable square feet located in Fountain Valley,

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

California (Cort Furniture Building) for a \$5.77 million sales price.

Wells OP holds an approximately 43.6% equity percentage interest in the Cort Joint Venture. The net sale proceeds allocable to Wells OP as a result of the sale of the Cort Furniture Building were approximately \$2.4 million. Wells OP recognized a loss of approximately \$165,000 from the sale of the Cort Furniture Building.

Report of Independent Auditors

Joint Ventures Partners

Wells Fund XIII REIT Joint Venture Partnership:

We have audited the accompanying statement of revenues over certain operating expenses of the AIU Chicago Building for the year ended December 31, 2002. This statement is the responsibility of the AIU Chicago Building's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues over certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues over certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenues over certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues over certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 2, and is not intended to be a complete presentation of the AIU Chicago Building's revenues and expenses.

In our opinion, the statement of revenues over certain operating expenses referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 2 of the AIU Chicago Building for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States.

Notes to Statements of Revenues Over Certain Operating Expenses

For the year ended December 31, 2002

and the six months ended June 30, 2003 (unaudited)

1. Description of Real Estate Property Acquired

On September 19, 2003, the Wells Fund XIII REIT Joint Venture Partnership (Wells Fund XIII REIT) acquired the AIU Chicago Building, a four-story office building containing approximately 194,000 square feet located in Hoffman Estates, Illinois, from Two Park Center, L.L.C. (Two Park Center), an unrelated third-party. Total consideration for the acquisition was approximately \$26.3 million. Wells Fund XIII REIT is a joint venture partnership between Wells Real Estate Fund XIII, L.P. and Wells Operating Partnership, L.P. (Wells OP). Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

2. Basis of Accounting

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, the statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as certain ancillary income, amortization, depreciation, interest and corporate expenses. Therefore, the statements will not be comparable to the statements of operations of the AIU Chicago Building after its acquisition by Wells Fund XIII REIT.

3. Significant Accounting Policies

Rental Revenues

Rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of rental income recognized over the amounts due pursuant to lease terms is recorded as straight-line rent receivable. The adjustment to straight-line rent receivable increased revenue by approximately \$36,000 for the year ended December 31, 2002 and approximately \$40,000 for the six months ended June 30, 2003.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Description of Leasing Arrangements

Two Park Center's interests in all lease agreements were assigned to Wells Fund XIII REIT upon its acquisition of the AIU Chicago Building. The office space is leased to tenants under leases with terms that vary in length. Certain leases contain reimbursement clauses and renewal options. One tenant, Hartford Computer Group, Inc. (Hartford), terminated its lease for approximately 49,000 square feet in March 2003. Hartford paid Two Park Center a termination fee of \$700,000, which is included in Other Revenue for the six months ended June 30, 2003.

5. Future Minimum Rental Commitments

Future minimum rental commitments for the years ended December 31 are as follows (in thousands):

2003	\$ 1,976
2004	2,557
2005	2,632
2006	2,621
2007	2,445
Thereafter	3,106
	\$ 15,337

Four tenants, Hartford, American Intercontinental University, Inc. (AIU), Future Electronics Corporation (Future) and Philips Electronics North America Corporation (Philips) contributed approximately 45%, 15%, 14% and 13%, respectively, of rental income for the year ended December 31, 2002. AIU, Philips, Hartford and Future contributed approximately 35%, 25%, 14% and 13%, respectively, of rental income for the six months ended June 30, 2003. Subsequent to December 31, 2002, AIU and Philips will contribute approximately 74% and 13%, respectively, of the future minimum rental income of those leases in place as of that date.

6. Interim Unaudited Financial Information

The statement of revenues over certain operating expenses for the six months ended June 30, 2003 is unaudited; however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the financial statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2002 and its quarterly report on Form 10-Q for the six months ended June 30, 2003. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of June 30, 2003 has been prepared to give effect to the third quarter 2003 acquisitions of the ISS Atlanta III Building, the Lockheed Martin Rockville Buildings, the Cingular Atlanta Building, the Applera Pasadena Building, the Continental Casualty Orange County Building and the Polo Ralph Lauren Newark Building by Wells Operating Partnership, L.P. ("Wells OP") and the Aventis Northern NJ Building by Wells Bridgewater I, LLC, of which Wells OP is the sole member, (the "Other Recent Acquisitions") and the 1901 Main Building and the IBM Portland Buildings by Wells OP and the AIU Chicago Building by Wells Fund XIII-REIT Joint Venture Partnership ("Wells Fund XIII-REIT"), a joint venture partnership between Wells Real Estate Fund XIII, L.P and Wells OP, (collectively, the "Recent Acquisitions") and the disposition of the Cort Furniture Building by Wells/Orange County Associates, a joint venture partnership between Fund X and Fund XI Associates and Wells OP, as if the acquisitions and disposition occurred on June 30, 2003. Wells OP's ownership percentage in Wells Fund XIII-REIT increased from 61.28% to 71.89% as a result of its disproportionate contribution, which was used to partially fund the acquisition of the AIU Chicago Building. Wells OP held an interest of approximately 43.67% in the Cort Furniture Building through its indirect equity interest in Wells/Orange County Associates.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with those of Wells REIT.

The following unaudited pro forma statement of income for the six months ended June 30, 2003 has been prepared to give effect to the first quarter 2003 acquisitions of the East Point Cleveland Buildings and the 150 West Jefferson Detroit Building, the second quarter 2003 acquisitions of the Citicorp Englewood Cliffs, NJ Building, the US Bancorp Minneapolis Building, the Aon Center Chicago Building, the GMAC Detroit Building and the IBM Reston Buildings (collectively, the "2003 Acquisitions"), the Recent Acquisitions and the disposition of the Cort Furniture Building as if the acquisitions and disposition occurred on January 1, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the 2002 acquisition of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the Harcourt Austin Building, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building, the NASA Buildings, the Caterpillar Nashville Building, the Capital One Richmond Buildings, the John Wiley Indianapolis Building and the Nestle Los Angeles Building (collectively, the "2002 Acquisitions"), the 2003 Acquisitions, the Recent Acquisitions and the disposition of the Cort Furniture Building as if the acquisitions and disposition occurred on January 1, 2002. The Kerr McGee Property, the AmeriCredit Phoenix Property, the ISS Atlanta III Building and the Continental Casualty Orange County Building had no operations during the year ended December 31, 2002.

Status of the Offering

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

We commenced our initial public offering of common stock on January 30, 1998, which terminated on December 19, 1999, our second public offering of common stock on December 20, 1999, which terminated on December 19, 2000, and our third public offering of common stock on December 20, 2000, which terminated on July 26, 2002. We received approximately \$1.59 billion in aggregate gross offering proceeds from the sale of approximately 159.0 million shares in these three prior public offerings.

Table of Contents

Pursuant to the prospectus, we commenced our fourth public offering of \$3 billion in shares (300 million shares) of common stock on July 26, 2002. As of December 8, 2003, we had received aggregate gross offering proceeds of approximately \$4.5 billion from the sale of approximately 453.5 million shares in all of our public offerings. After payment of approximately \$156.5 million in acquisition and advisory fees and acquisition expenses, payment of approximately \$486.0 million in selling commissions and organization and offering expenses, and aggregate common stock redemptions of approximately \$64.4 million pursuant to our share redemption program, as of December 8, 2003, we had raised aggregate net offering proceeds available for investment in properties of approximately \$3.8 billion out of which approximately \$3.6 billion had been invested in real estate properties, and approximately \$223.2 million remained available for investment in real estate properties.

As of December 11 2003, there were no shares remaining available for sale to the public under our fourth public offering, exclusive of (1) shares available for sale to current stockholders of the Wells REIT pursuant to our dividend reinvestment plan, and (2) shares reserved to complete requests for transfer of asset transactions which were received on or before November 21, 2003.

Plan of Distribution

The following information should be read in conjunction with the Plan of Distribution - General section beginning on page 146 of the prospectus.

Of the maximum 300 million shares offered for sale to the public pursuant to our fourth public offering, there are no remaining shares available for sale to the public, exclusive of the approximately 3.6 million shares reserved to complete requests for transfer of asset transactions received by us on or before November 21, 2003. Of the maximum 30 million shares offered for sale pursuant to our dividend reinvestment plan, as of December 11, 2003, approximately 11.8 million shares had been sold and approximately 18.2 million shares remained available to be sold to our current stockholders through our dividend reinvestment plan. We intend to continue to offer the remaining shares available pursuant to our dividend reinvestment plan until the earlier of (1) the date of sale of all 30 million shares, or (2) the termination of this offering on July 25, 2004.

Description of Real Estate Investments

As of December 10, 2003, we had purchased and own interests in 102 real estate properties located in 26 states, exclusive of properties sold. Below is a description of our recent real property acquisitions.

Acquisition of Leo Burnett Chicago Building

On November 6, 2003, Wells 35 W. Wacker, LLC, a single member Delaware limited liability company wholly owned by Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of the Wells REIT, purchased a 97.9396% general partnership interest in VV City-Buck Venture, L.P. (VV City), a Delaware limited partnership, which is the owner of a 96.5007% general partnership interest in 35 W. Wacker Venture, L.P. (Wacker Venture), which owns a 50-story office building containing approximately 1.1 million aggregate rentable square feet at 35 W. Wacker Drive in Chicago, Illinois (Leo Burnett Chicago Building), for a purchase price of approximately \$267.5 million, plus closing costs. As a result of this two-tier partnership structure, Wells OP indirectly acquired a 94.5124% interest in the Leo Burnett Chicago Building. Wells OP received a credit against the purchase price paid at closing in the amount of approximately \$139.3 million representing Wells OP's pro rata portion of the existing first mortgage loan against the Leo Burnett Chicago Building in the amount of approximately \$147.4 million. Buck 35 Wacker, L.L.C. (Buck) retained a 2.0604% limited partnership

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

interest in VV City, and Leo Burnett USA, Inc. (Leo Burnett) retained a 3.4993% limited partnership interest in Wacker Venture. The partnership interest in VV City was purchased from VV USA City, L.P. (VV USA), a Delaware limited partnership. VV USA, Buck, and Leo Burnett are not in any way affiliated with the Wells REIT, Wells OP or Wells Capital, Inc., our advisor (Advisor).

Table of Contents

The existing indebtedness secured by a first mortgage loan against the Leo Burnett Chicago Building is in favor of New York Life Insurance Company and Teachers Insurance and Annuity Association of America, bears interest at the rate of 7.25% per annum, requires monthly payments of principal and interest in the amount of approximately \$1.2 million, and matures on March 1, 2006.

In exchange for certain concessions given as part of this transaction, Wells OP entered into an amendment to the current partnership agreement of Wacker Venture to extend and modify certain restrictions contained in the partnership agreement relating to a future sale or refinance of the Leo Burnett Chicago Building prior to December 31, 2012. In addition, Wells OP agreed to guarantee certain tax indemnification payments required to be made to compensate Leo Burnett from adverse tax consequences resulting from a future sale or refinancing of the Leo Burnett Chicago Building. As a result, unless Wells OP obtains the prior consent of Leo Burnett to the transaction, Wells OP will be required to make a tax indemnity payment to Leo Burnett upon any sale or refinancing of the Leo Burnett Chicago Building prior to December 2012 which will result in an adverse tax impact on Leo Burnett. The maximum potential liability to Wells OP of such tax indemnification obligation is \$6.5 million, which decreases over time to \$1.0 million in 2012. In addition, at closing, Wells OP amended the partnership agreement of VV City to change the name of VV City to Wells-Buck Venture, L.P.

The Leo Burnett Chicago Building, which was built in 1989, is primarily leased under net leases (i.e., operating costs and maintenance costs are paid by the tenants) to Leo Burnett and Winston & Strawn LLP, which together lease approximately 89% of the Leo Burnett Chicago Building. Various other tenants lease an additional approximately 9% of the Leo Burnett Chicago Building, and approximately 2% of the Leo Burnett Chicago Building is currently vacant.

Leo Burnett is a worldwide advertising company with U.S. corporate headquarters in Chicago, Illinois. Leo Burnett operates 98 different full service advertising agencies in 85 countries worldwide. It also operates several specialized agencies and marketing services. Leo Burnett is a subsidiary of Publicis Group S.A. (Publicis), a French company with corporate headquarters in Paris. The current annual base rent payable under the Leo Burnett lease, which expires in 2012, is approximately \$10.6 million. Leo Burnett has the right, at its option, to extend the initial term of its lease for four additional five-year periods at 95% of the then-current market rental rate. In addition, Leo Burnett has expansion options and a right of first refusal to lease additional space in the Leo Burnett Chicago Building. Further, Leo Burnett has certain limited rental space contraction options in 2005 and 2010, subject to certain restrictions.

Winston and Strawn LLP is a full-service law firm with offices in Chicago, New York, Los Angeles, San Francisco, Washington, Geneva, London and Paris. Winston & Strawn LLP's practice areas include litigation, corporate, employment, real estate, tax, intellectual property and environmental law. Winston & Strawn LLP has approximately 900 attorneys. The current annual base rent payable under the Winston & Strawn LLP lease, which expires in 2009, is approximately \$10.0 million. Winston & Strawn LLP has the right, at its option, to extend the initial term of its lease for one additional 10-year period at the then-current market rental rate. In addition, Winston & Strawn LLP has expansion options should space become available in the Leo Burnett Chicago Building.

The current aggregate annual base rent for the remaining tenants in the Leo Burnett Chicago Building is approximately \$2.3 million.

Acquisition of Washington, DC Portfolio

On November 19, 2003, Wells OP acquired: (1) all of the outstanding common stock in BCSP II Washington Properties, Inc. (Washington Properties REIT), a Maryland corporation qualifying as a real estate investment trust, which owns interests in three office buildings in the Washington, DC area (Washington, DC REIT Buildings), through its ownership in various operating entities; and (2) all of the membership interest in 4250 North Fairfax Property LLC (Fairfax Property LLC), a Delaware limited liability company which owns a 14-story office

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

building located in Arlington, Virginia (4250 North Fairfax Arlington Building) (collectively, the Washington, DC Portfolio). The Washington, DC Portfolio

Table of Contents

was acquired from Beacon Capital Strategic Partners II, L.P. (Beacon Capital Partners), a Delaware limited partnership, for an aggregate purchase price of approximately \$347.0 million. Beacon Capital Partners is not in any way affiliated with the Wells REIT, Wells OP or our Advisor. At closing, the name of the Washington Properties REIT was changed to Wells Washington Properties, Inc.

Washington, DC REIT Buildings

The Washington, DC REIT Buildings consist of an eight-story office building located at 400 Virginia Avenue (400 Virginia Building); a 12-story office building located at 1201 Eye Street (US Park Service Building); and a 12-story office building located at 1225 Eye Street (1225 Eye Street Building). Wells OP received a credit against the purchase price paid at closing in the amount of approximately \$115.6 million consisting of (1) approximately \$115.2 million representing the amount of the existing indebtedness secured by the US Park Service Building and the 1225 Eye Street Building held by Metropolitan Life Insurance Company (MetLife); and (2) the liquidation price of the Series A Preferred Stock (Washington Properties REIT Preferred Stock) of Washington Properties REIT, plus dividends payable to the holders of such stock from November 20, 2003 until December 31, 2003, in the amount of approximately \$0.4 million. 369 shares of Washington Properties REIT Preferred Stock remained outstanding to various stockholders at closing. The Washington Properties REIT has the right to redeem any or all of the outstanding Washington Properties REIT Preferred Stock on or after December 31, 2003 for an aggregate redemption price of approximately \$0.4 million.

400 Virginia Building

The Washington Properties REIT owns all of the membership interest in 400 Virginia Avenue LLC (Virginia Avenue LLC), a Delaware limited liability company which owns the 400 Virginia Building containing approximately 213,000 aggregate rentable square feet. The 400 Virginia Building, which was completed in 1985, is leased to various agencies of the United States government (approximately 37%), Lockheed Martin Corporation (approximately 22%), and 12 additional tenants (approximately 41%), with the weighted average lease term remaining of approximately four years. The current aggregate annual base rent for the 14 tenants in the 400 Virginia Building is approximately \$7.4 million.

US Park Service Building

The Washington Properties REIT owns all of the membership interest in 1201 Equity LLC, a Delaware limited liability company which owns a 49.5% membership interest in 1201 Eye Street, N.W. Associates LLC (1201 Associates), a Delaware limited liability company which owns the US Park Service Building containing approximately 269,000 aggregate rentable square feet. Approximately 50.0% of 1201 Associates is owned by One Franklin Plaza, LLC (One Franklin), a Delaware limited liability company, and the remaining approximately 0.5% of 1201 Associates is owned by six additional owners. Neither One Franklin nor any of the other owners of membership interests in 1201 Associates are affiliated in any way with the Wells REIT, Wells OP, or our Advisor.

The US Park Service Building, which was completed in 2001, is primarily leased to the United States of America on behalf of the United States National Park Service (approximately 82%). Approximately 18% of the US Park Service Building is leased to four additional tenants.

The United States National Park Service (US Park Service) is a bureau of the Department of the Interior of the United States government. The Park Service administers natural, historical, and recreational areas that are set aside as such by the United States government. The US Park Service manages approximately 83 million acres in 49 states, the District of Columbia, American Samoa, Guam, Puerto Rico, Saipan, and the

1201 Associates has three outstanding mortgage loans having an aggregate outstanding principal balance, as of November 19, 2003, of approximately \$96.9 million. The first mortgage loan is held by MetLife and had an outstanding principal balance, as of November 19, 2003, of approximately \$67.6 million. The outstanding principal balance of the second mortgage loan, as of November 19, 2003, was approximately \$7.5 million and is held by TZO Lending LLC (TZO), a Delaware limited liability company which is wholly owned by Washington Properties REIT. The outstanding principal balance of the third mortgage loan, as of November 19, 2003, was approximately \$21.9 million and is held by 1215 ESDI LLC (ESDI), a Delaware limited liability company which is wholly owned by TZO.

The first mortgage loan held by MetLife secured by the US Park Service Building bears interest at the rate of 4.4% per annum, requires monthly payments of interest only in the amount of approximately \$0.3 million, and matures on November 1, 2007. The MetLife loan documents impose certain restrictions on the transfer of the US Park Service Building and upon the transfer of the ownership of entities owning interests in the US Park Service Building. The second and third mortgage loans secured by the US Park Service Building provide for base interest in the amount of 15% per annum plus additional interest currently equal to 95% of the excess cash flow, if any, generated by the US Park Service Building. The second and third mortgage loans secured by the US Park Service Building mature on November 20, 2017, and contain substantial prepayment penalties except in conjunction with prepayments made pursuant to the provisions described in the following paragraph.

1201 Associates is prohibited from selling the US Park Service Building without the consent of One Franklin prior to November 1, 2007, and from prepaying the outstanding balance of the first mortgage loan held by MetLife, except that the MetLife loan may be replaced by substantially similar non-recourse debt in an amount not less than the then current outstanding principal balance of the MetLife loan and so long as the maturity date of such debt is not prior to November 1, 2007. Thereafter, 1201 Associates is required to use commercially reasonable efforts to maintain similar non-recourse debt through December 31, 2011. 1201 Associates has a right to prepay up to 50% of the outstanding principal balance of the second mortgage loan, which is required to be exercised during specific time periods in 2004 through 2006. If 1201 Associates exercises such prepayment right, TZO has the option to acquire up to 50% of the membership interest in 1201 Associates. In addition, 1201 Associates has a right to prepay up to 50% of the outstanding principal balance of the third mortgage loan, which is also required to be exercised during specific time periods in 2004 through 2006. If 1201 Associates exercises such prepayment right, ESDI has the option to acquire up to 50% of the membership interest in 1201 Associates.

1225 Eye Street Building

The Washington Properties REIT owns all of the membership interest in 1225 Equity LLC, a Delaware limited liability company which owns a 49.5% membership interest in 1225 Eye Street, N.W. Associates LLC (1225 Associates), a Delaware limited liability company which owns the 1225 Eye Street Building containing approximately 218,000 aggregate rentable square feet. Approximately 50.0% of 1225 Associates is owned by One Franklin, and the remaining approximately 0.5% of 1225 Associates is owned by seven additional owners. None of the other owners of membership interests in 1225 Associates are affiliated in any way with the Wells REIT, Wells OP, or our Advisor.

The 1225 Eye Street Building, which was completed in 1985, is approximately 93% leased to 24 tenants, and approximately 7% of the 1225 Eye Street Building is currently vacant. The current aggregate annual base rent for the 24 tenants in the 1225 Eye Street Building is approximately \$6.6 million. The current weighted average remaining lease term of the 24 tenants is five years.

1225 Associates has two outstanding mortgage loans for an aggregate outstanding principal balance, as of November 19, 2003, of approximately \$67.8 million. The first mortgage loan is held by MetLife and had an outstanding principal balance, as of November 19, 2003, of approximately \$47.6

million. The outstanding principal balance of the second mortgage loan, as of November 19, 2003, was approximately \$20.2 million and is held by TTF Lending LLC (TTF), a Delaware limited liability company which is wholly owned by Washington Properties REIT.

The first mortgage loan held by MetLife secured by the 1225 Eye Street Building bears interest at the rate of 4.4% per annum, requires monthly payments of interest only in the amount of approximately \$0.2 million, and matures on November 1, 2007. The MetLife loan documents impose certain restrictions on the transfer of the 1225 Eye Street Building and upon the transfer of the ownership of entities owning interests in the 1225 Eye Street Building. The second mortgage loan secured by the 1225 Eye Street Building held by TTF provides for base interest in the amount of 15% per annum plus additional interest currently equal to 96% of the excess cash flow generated by the 1225 Eye Street Building. The second mortgage loan held by TTF matures on October 31, 2017, and contains substantial prepayment penalties except in conjunction with prepayments made pursuant to the provisions described in the following paragraph.

1225 Associates is prohibited from selling the 1225 Eye Street Building without the consent of One Franklin prior to November 1, 2007, and from prepaying the outstanding balance of the first mortgage loan held by MetLife, except that the MetLife loan may be replaced by substantially similar non-recourse debt in an amount not less than the then current outstanding principal balance of the MetLife loan and so long as the maturity date of such debt is not prior to November 1, 2007. Thereafter, 1225 Associates is required to use commercially reasonable efforts to maintain similar non-recourse debt through December 31, 2011. 1225 Associates has a right to prepay up to 50% of the outstanding principal balance of the second mortgage loan, which is required to be exercised during specific time periods in 2004 through 2006. If 1201 Associates exercises such prepayment right, TTF has the option to acquire up to 50% of the membership interest in 1201 Associates.

4250 North Fairfax Arlington Building

As a part of the same transaction involving the acquisition of all of the common stock of the Washington Properties REIT, on November 19, 2003, Wells OP acquired all of the membership interest in Fairfax Property LLC, which owns the 4250 North Fairfax Arlington Building, a 14-story office building containing approximately 304,000 aggregate rentable square feet located at 4250 North Fairfax Street in Arlington, Virginia.

The 4250 North Fairfax Arlington Building, which was completed in 1998, is approximately 53% leased to Qwest Communications Corporation. Approximately 46% of the 4250 North Fairfax Arlington Building is leased to four additional tenants, and approximately 1% of the 4250 North Fairfax Arlington Building is currently vacant.

Qwest Communications Corporation (Qwest) is a wholly-owned subsidiary of Qwest Communications International, Inc. (Qwest Intl.), which provides long distance, wireless, data and video services in the western and mid-western United States to residential and business customers. The current annual base rent payable under the Qwest lease, which expires in 2014, is approximately \$3.0 million. Qwest has obtained a \$4.2 million letter of credit from U.S. Bank, N.A., which expires in June 2004, to serve as security for payments under the lease. The Qwest lease contains a right of first offer provision with respect to a future sale of the 4250 North Fairfax Arlington Building. In addition, Qwest, at its option, has the right to extend the initial term of its lease for two additional five-year periods at 95% of the then-current market rental rate. The current aggregate annual base rent for the remaining six tenants in the 4250 North Fairfax Arlington Building is approximately \$1.5 million.

Property Management

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and the Advisor, will manage the Leo Burnett Chicago Building, the 1225 Eye Street Building and the 4250 North Fairfax Arlington Building. Wells Management will be paid asset and property management fees in the amount of up to 4.5% of the gross revenues from the Leo Burnett Chicago Building, the 1225 Eye Street Building, and the 4250 North Fairfax Arlington Building, subject to certain limitations. The Buck Management Group, Inc. (Buck Management), an affiliate of Buck 35 Wacker, L.L.C., The John Akridge Management Company (John Akridge), an affiliate of One Franklin, and Trammell Crowe Company (Trammell Crowe) are the current on-site property managers for the Leo Burnett Chicago Building, the 1225 Eye Street Building, and the 4250 North Fairfax Arlington Building, respectively. The property management fees payable to Buck Management, John Akridge, and Trammell Crowe will be paid out of or credited against the fees payable to Wells Management.

John Akridge was retained to serve as the property manager for the US Park Service Building. Trammell Crowe was retained to serve as the property manager for the 400 Virginia Building. Neither Buck Management, John Akridge nor Trammell Crowe are in any way affiliated with the Wells REIT, Wells OP or our Advisor.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations section contained in Supplement No. 6 dated April 14, 2003, Supplement No. 7 dated May 15, 2003, and Supplement No. 9 dated August 27, 2003, and should also be read in conjunction with our accompanying financial statements and notes thereto.

Forward Looking Statements

This supplement contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and 21E of the Securities Exchange Act of 1934, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete certain projects, amounts of anticipated cash distributions to stockholders in the future and certain other matters. Readers of this supplement should be aware that there are various factors that could cause actual results to differ materially from any forward-looking statements made in this supplement, which include changes in general economic conditions, changes in real estate conditions, construction costs which may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, inability to invest in properties on a timely basis or in properties that will provide targeted rates of return and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow.

REIT Qualification

We have made an election under Section 856 of the Internal Revenue Code to be taxed as a REIT beginning with our taxable year ended December 31, 1998. As a REIT for federal income tax purposes, we generally will not be subject to federal income tax on income that we distribute to shareholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year in which our qualification is lost. Such an event could materially, adversely affect our financial position and results of operations. However, management believes that we are organized and operate in a manner which will enable us to qualify for treatment as a REIT for federal income

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

tax purposes during the year ending December 31, 2003. In addition, we intend to continue to operate to remain qualified as a REIT for federal income tax purposes.

Liquidity and Capital Resources

During the nine months ended September 30, 2003, we received aggregate gross offering proceeds of \$1,782.5 million from the sale of 178.2 million shares of our common stock. After incurring costs of \$61.0 million in acquisition and advisory fees and acquisition expenses, \$183.1 million in selling commissions and organization and offering expenses and common stock redemptions of \$41.2 million pursuant to our share redemption program, we raised net offering proceeds of \$1,497.2 million during the nine months ended September 30, 2003.

Table of Contents

The significant increase in capital resources available to us is due to significantly increased sales of our common stock during the first nine months of 2003. After payment of the costs described above associated with the sale of shares of common stock and acquisitions of properties, we had approximately \$146.0 million available for investment in real estate assets as of September 30, 2003.

As of September 30, 2003, we owned interests in 87 real estate properties either directly or through our interests in joint ventures located throughout the United States. Our real estate investment policies are to identify and invest in high-grade commercial office and industrial buildings located in densely populated metropolitan markets which are newly constructed, under construction or which have been previously constructed and have operating histories. However, we are not limited to such investments. We expect to continue to acquire commercial properties that meet our standards of quality in terms of the real estate and the creditworthiness of the tenants.

We have developed specific standards for determining creditworthiness of potential tenants of our properties in order to reduce the risk of tenant default. Although authorized to enter into leases with any type of tenant, we anticipate that a majority of our tenants will be large corporations or other entities which have a net worth in excess of \$100 million or whose lease obligations are guaranteed by another corporation or entity with a net worth in excess of \$100 million.

Creditworthy tenants of the type we target are becoming more and more highly valued in the marketplace and, accordingly, there is increased competition in acquiring properties with these creditworthy tenants. As a result, the purchase prices for such properties have increased with corresponding reductions in cap rates and returns on investment. In addition, changes in market conditions have caused us to add to our internal procedures for ensuring the creditworthiness of our tenants before entering into any commitment to buy a property. We continue to remain steadfast in our commitment to invest in quality properties that will produce quality income for our shareholders.

Dividends paid during the nine months ended September 30, 2003, were \$147.0 million compared to \$71.4 million during the nine months ended September 30, 2002. For each \$10 share of our common stock, our board of directors declared dividends for the period December 16, 2002 through September 15, 2003, at an annualized percentage rate of return of 7.0%, compared to an annualized percentage rate of return of 7.75% for the period December 16, 2001 through September 15, 2002. The reduction of the annualized percentage rate of return for the dividends resulted from the higher value placed on our type of properties and the additional time it now takes in the acquisition process for us to assess tenant creditworthiness and, therefore, invest proceeds in properties.

Our board of directors has declared dividends for the period September 16, 2003, through December 15, 2003, at an annualized percentage rate of return of 7.0%. Fourth quarter dividends are calculated on a daily record basis of \$0.001923 (0.1923 cents) per day per share on the outstanding shares of our common stock payable to shareholders of record as shown on our books at the close of business on each day during the period commencing on September 16, 2003, and continuing on each day thereafter through and including December 15, 2003.

The payment of dividends in the future will generally be dependent upon the cash flows from operating the properties currently owned and acquired in future periods, our financial condition, amounts paid for properties acquired, the timing of property acquisitions, capital expenditure requirements and distribution requirements in order to maintain our REIT status under the Internal Revenue Code.

Cash Flows From Operating Activities

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Our net cash provided by operating activities was \$150.3 million and \$68.2 million for the nine months ended September 30, 2003 and 2002, respectively. The increase in net cash provided by operating activities was due primarily to the net income generated by \$1.4 billion of additional properties acquired

Table of Contents

during 2002 and an additional \$1.3 billion of real estate assets acquired and \$80.9 million in build-to-suit projects completed during the nine months ended September 30, 2003. We do not recognize in income the full effect from the properties during the year of acquisition, as the operations of the properties are only included in income from the date of acquisition. Operating cash flows are expected to increase as we acquire additional properties in future periods and as we obtain the benefit of a full quarter of operations for properties acquired during the quarter ended September 30, 2003.

Cash Flows Used In Investing Activities

Our net cash used in investing activities was \$1,275.9 million and \$826.9 million for the nine months ended September 30, 2003 and 2002, respectively. The increase in net cash used in investing activities was due primarily to greater investments in properties and the payment of the related deferred project costs resulting from raising a greater amount of offering proceeds. Our investments in real estate and related assets and payment of acquisition and advisory costs totaled \$1,283.6 million and \$832.2 million for the nine months ended September 30, 2003 and 2002, respectively. The cash outflow from the investments in properties and the payment of deferred project costs were partially offset by distributions from joint ventures of \$7.7 million and \$5.3 million during the nine months ended September 30, 2003, and 2002, respectively. The increase in distributions from joint ventures is primarily due to the distribution of proceeds from the disposition of the Cort property.

Cash Flows From Financing Activities

Our net cash provided by financing activities was \$1,260.9 million and \$827.1 million for the nine months ended September 30, 2003 and 2002, respectively. Capital fund raising increased to \$1,782.5 million during the nine months ended September 30, 2003, as compared to \$988.5 million during the nine months ended September 30, 2002. The amounts raised were partially offset by the payment of commissions and offering costs totaling \$182.0 million and \$105.0 million and redemptions of \$41.2 million and \$11.6 million during the nine months ended September 30, 2003 and 2002, respectively.

Additionally, we obtained funds from financing arrangements totaling \$649.3 million and \$27.7 million and made repayments of borrowings of \$796.1 million and \$0.04 million during the nine months ended September 30, 2003 and 2002, respectively, based on the availability and need of cash for investment in real estate assets during those periods. We incurred deferred financing costs related to new financing facilities of \$4.6 million and \$1.1 million during the nine months ended September 30, 2003 and 2002. Primarily as a result of the increased cash flow from operations, during the nine months ended September 30, 2003 and 2002, we paid dividends of \$147.0 million and \$71.4 million, respectively.

Results of Operations

As of September 30, 2003, our 87 real estate properties were approximately 97% leased. Our results of operations have changed significantly for the three and nine months ended September 30, 2003, as compared to the three and nine months ended September 30, 2002, generally as result of the acquisition of approximately \$1.4 billion of real estate assets during the year ended December 31, 2002, and an additional \$1.3 billion of real estate assets acquired and \$80.9 million in build-to-suit projects completed during the nine months ended September 30, 2003. We expect that rental income, tenant reimbursements, depreciation expense, operating expenses, asset and property management and leasing fees and net income will each increase in future periods as a result of owning the assets acquired during the nine months ended September 30, 2003, for an entire period and as a result of anticipated future acquisitions of real estate assets. Due to the average remaining terms of the long-term leases currently in place at our properties, management does not anticipate significant changes in near-term rental revenues from properties currently owned.

Table of Contents

Three months ended September 30, 2003 vs. three months ended September 30, 2002

Rental income increased by \$52.4 million, during the third quarter of 2003, from \$27.5 million for the three months ended September 30, 2002, to \$79.9 million for the three months ended September 30, 2003. Tenant reimbursements were \$25.5 million and \$3.7 million for the three months ended September 30, 2003 and 2002, respectively, for an increase of \$21.8 million. The increases were primarily due to the rental income and tenant reimbursements for properties acquired subsequent to June 30, 2002, which totaled \$56.2 million and \$20.3 million, respectively, for the three months ended September 30, 2003 and \$4.8 million and \$0.9 million for the three months ended September 30, 2002. Revenues in future periods are expected to increase compared to historical periods as additional properties are acquired.

Our equity in income of joint ventures was \$1.1 million and \$1.3 million for the three months ended September 30, 2003 and 2002, respectively. The decrease is primarily due to the loss related to the sale of the Cort property in September 2003. Equity in income of joint ventures is not anticipated to change significantly in future periods unless we invest additional proceeds in future joint venture investments or dispose of joint venture investments.

Depreciation expense for the three months ended September 30, 2003 and 2002, was \$29.0 million and \$10.3 million, respectively comprising approximately 36% and 37% of rental income for the respective three month periods. The increase in depreciation expense is primarily due to the acquisitions of properties since June 30, 2002. Depreciation expense relating to assets acquired after June 30, 2002, was \$20.7 million and \$2.7 million for the three months ended September 30, 2003 and September 30, 2002, respectively. Depreciation expense is expected to increase in future periods as additional properties are acquired, however should remain relatively consistent as a percentage of revenues unless the relationship between the cost of the assets and the revenues earned changes.

Property operating costs were \$34.6 million and \$5.9 million for the three months ended September 30, 2003 and 2002, respectively, representing 33% and 19% of the sum of the rental income and tenant reimbursements for each respective three month period. The increase of property operating costs as a percentage of the sum of the rental income and tenant reimbursements is primarily due to the recent acquisition of certain full service properties that have a higher ratio of property operating costs to revenues. Property operating costs for the properties acquired subsequent to June 30, 2002 were \$27.5 million and \$0.8 million for the three months ended September 30, 2003 and 2002, respectively. Property operating costs are expected to increase as more properties are acquired, but expenses should remain relatively consistent as a percentage of the sum of rental income and tenant reimbursements.

Asset and property management and leasing fees expenses were \$3.9 million and \$1.4 million for the three months ended September 30, 2003 and 2002, respectively, representing approximately 4% of the sum of the rental income and tenant reimbursements for each three month period. Asset and property management fees for properties acquired after June 30, 2002, were \$2.7 million and \$0.2 million for the three months ended September 30, 2003 and 2002, respectively. Asset and property management fees are expected to increase as additional properties are acquired but as a percentage of the sum of rental income and tenant reimbursements, should remain relatively consistent with historical results.

General and administrative expenses increased from \$0.7 million for the three months ended September 30, 2002, to \$1.6 million for the three months ended September 30, 2003, representing approximately 2% of the total revenues for each respective three month period. General and administrative expenses are expected to increase in future periods as additional properties are acquired, but are expected to remain relatively constant as a percentage of total revenues.

Table of Contents

Interest expense was \$3.8 million and \$1.3 million for the three months ended September 30, 2003 and 2002, respectively. Interest expense of \$1.0 million for both the three months ended September 30, 2003 and 2002, was attributable to interest on the bonds related to the Ingram Micro and ISS Buildings, which is offset by the interest income associated with the bonds, which results in no net impact on our operating results. The remaining \$2.8 million and \$0.3 million is due to the interest on our outstanding borrowings and amortization of deferred financing costs for each period. We had significantly more borrowings outstanding during the three months ended September 30, 2003, as compared to the three months ended September 30, 2002, resulting in a significant increase in the interest expense between the two periods. Interest expense in future periods will be dependent upon the amount of borrowings outstanding during those periods and current interest rates. Historical results may not be indicative of interest expense in future periods.

Earnings per share for the three months ended September 30, 2003, increased to \$0.10 per share compared to \$0.09 per share for the three months ended September 30, 2002. In 2003, a higher percentage of investor proceeds raised were invested in income producing real estate assets than during the same period in 2002, which resulted in increased earnings in 2003 relative to 2002. This increase in earnings is partially offset by higher costs of investment.

Nine months ended September 30, 2003 vs. nine months ended September 30, 2002

Rental income increased by \$136.1 million, during the first nine months of 2003, from \$66.1 million for the nine months ended September 30, 2002, to \$202.2 million for the nine months ended September 30, 2003. Tenant reimbursements were \$51.5 million and \$12.9 million for the nine months ended September 30, 2003 and 2002, respectively, for an increase of \$38.6 million. The increases were primarily due to the rental income and tenant reimbursements for properties acquired subsequent to December 31, 2001, which totaled \$152.0 million and \$38.9 million, respectively, for the nine months ended September 30, 2003, and \$17.5 million and \$1.8 million for the first nine months of 2002. Revenues in future periods are expected to increase compared to historical periods as additional properties are acquired.

Our equity in income of joint ventures was \$3.5 million and \$3.7 million for the nine months ended September 30, 2003 and 2002, respectively. The decrease is primarily due to the loss related to the sale of the Cort property in September 2003. Equity in income of joint ventures is not anticipated to change significantly in future periods unless we invest additional proceeds in future joint venture investments or dispose of joint venture investments.

Depreciation expense for the nine months ended September 30, 2003 and 2002, was \$73.2 million and \$23.2 million, respectively comprising approximately 36% and 35% of rental income for the respective nine month periods. Depreciation expense relating to assets acquired after December 31, 2001, was \$56.4 million and \$7.3 million for the nine months ended September 30, 2003 and 2002, respectively. Depreciation expense is expected to increase in future periods as additional properties are acquired, however should remain relatively consistent as a percentage of revenues unless the relationship between the cost of the assets and the revenues earned changes.

Property operating costs were \$75.6 million and \$17.1 million for the nine months ended September 30, 2003 and 2002, respectively, representing approximately 30% and 22% of the sum of the rental income and tenant reimbursements for each respective nine month period. The increase in the property operating costs as a percentage of the sum of the rental income and tenant reimbursements is primarily due to operating costs of the recently acquired full service properties as a percentage of revenues. Property operating costs for the properties acquired subsequent to December 31, 2001, were \$58.9 million and \$2.7 million for the nine months ended September 30, 2003 and 2002, respectively. Property operating costs are expected to increase as more properties are acquired, but expenses should remain relatively consistent as a percentage of the sum of rental income and tenant reimbursements.

Table of Contents

Asset and property management and leasing fees expenses were \$9.1 million and \$3.1 million for the nine months ended September 30, 2003 and 2002, respectively, representing approximately 4% of the sum of the rental income and tenant reimbursements for each nine month period. Management and leasing fees for properties acquired after December 31, 2002, were \$6.4 million and \$0.7 million for the nine months ended September 30, 2003 and 2002, respectively. Management and leasing fees are expected to increase as additional properties are acquired; however, as a percentage of the sum of rental income and tenant reimbursements should remain relatively consistent with historical results.

General and administrative expenses increased from \$1.9 million for the nine months ended September 30, 2002, to \$4.2 million for the nine months ended September 30, 2003, representing approximately 2% of the total revenues for each respective nine month period. General and administrative expenses are expected to increase in future periods as our assets continue to increase as additional properties are acquired, but are expected to remain relatively constant as a percentage of total revenues.

Interest expense was \$11.2 million and \$2.6 million for the nine months ended September 30, 2003 and 2002, respectively. Interest expense of \$2.9 million and \$1.8 million for the nine months ended September 30, 2003 and 2002, respectively, was attributable to interest on the bonds related to the Ingram Micro and ISS Buildings, which is offset by the interest income associated with the bonds, which results in no net impact on our operating results. The remaining \$8.3 million and \$0.8 million, respectively, is due to the interest on our outstanding borrowings for each period and amortization of deferred financing costs. We had significantly more borrowings outstanding during the nine months ended September 30, 2003, as compared to the nine months ended September 30, 2002, resulting in a significant increase in the interest expense between the two periods. Additionally, in the period ending September 30, 2003, we wrote-off approximately \$0.5 million of deferred costs associated with the Bank of America \$110.0 million line of credit termination (See Note 4 of our consolidated financial statements for further information). Interest expense in future periods will be dependent upon the amount of borrowings outstanding during those periods and current interest rates. Historical results may not be indicative of interest expense in future periods.

Earnings per share for the nine months ended September 30, 2003, decreased to \$0.30 per share compared to \$0.31 per share for the nine months ended September 30, 2002. This decrease is primarily a result of the higher cost of investments in the real estate assets we acquired in 2003 relative to returns on those investments resulting in lower per share earnings in 2003.

Funds From Operations

Funds from Operations (FFO), as defined by the National Association of Real Estate Investment Trusts (NAREIT), generally means net income, computed in accordance with accounting principles generally accepted in the United States (GAAP) excluding extraordinary items (as defined by GAAP) and gains (or losses) from sales of property, plus depreciation and amortization on real estate assets, and after adjustments for unconsolidated partnerships, joint ventures and subsidiaries. Management believes that FFO is helpful to investors as a measure of the performance of an equity REIT. However, our calculation of FFO, while consistent with NAREIT's definition, may not be comparable to similarly titled measures presented by other REITs. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income as an indication of our performance or to cash flows as a measure of liquidity or ability to make distributions.

Table of Contents

The following table reflects the calculation of FFO for the three and nine month periods ended September 30, 2003 and 2002:

	For the three months ended September 30,		For the nine months ended September 30,	
	2003	2002	2003	2002
FUNDS FROM OPERATIONS:				
Net income	\$ 33,820	\$ 15,285	\$ 86,169	\$ 39,821
Add:				
Depreciation of real estate assets	28,963	10,282	73,241	23,185
Amortization of deferred leasing costs	895	78	1,244	229
Depreciation & amortization unconsolidated investments in joint venture assets	805	708	2,370	2,115
Funds from Operations (FFO)	\$ 64,483	\$ 26,353	\$ 163,024	\$ 65,350
WEIGHTED AVERAGE SHARES BASIC AND DILUTED	350,741	163,395	289,521	128,541

In order to recognize revenues on a straight line basis over the terms of the respective leases, we recognized straight line rental revenue of \$5.7 million and \$2.1 million during the three months ended September 30, 2003 and 2002, respectively. For the nine months ended September 30, 2003 and 2002, we recognized straight line rental revenue of \$10.8 million and \$5.3 million, respectively.

Amortization of the intangible lease assets included in deferred leasing costs in the accompanying consolidated balance sheets resulted in an increase in amortization of deferred leasing costs of approximately \$0.6 million for the nine months ended September 30, 2003. Amortization of the other intangible lease assets and liabilities resulted in a net decrease in rental revenue of \$1.3 million and \$0.2 million for the three and nine months ended September 30, 2003, respectively.

Inflation

The real estate market has not been affected significantly by inflation in the past three years due to the relatively low inflation rate. However, there are provisions in the majority of tenant leases, which would protect us from the impact of inflation. These provisions include reimbursement billings for operating expense pass-through charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance. However, due to the long-term nature of the leases, the leases may not re-set frequently enough to cover inflation.

Application of Critical Accounting Policies

Our accounting policies have been established to conform with GAAP. The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

the reported amounts of revenue and expenses during the reporting periods. If management's judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied; thus, resulting in a different presentation of the financial statements. Additionally, other companies may utilize different estimates that may impact comparability of our results of operations to those of companies in similar businesses.

Table of Contents

Investment in Real Estate Assets

We are required to make subjective assessments as to the useful lives of our depreciable assets. We consider the period of future benefit of the asset to determine the appropriate useful lives. These assessments have a direct impact on net income. The estimated useful lives of our assets by class are as follows:

Building	25 years
Building improvements	10-25 years
Land improvements	20-25 years
Tenant improvements	Lease term
Intangible lease assets	Lease term

In the event that inappropriate useful lives or methods are used for depreciation, our net income would be misstated.

Allocation of Purchase Price of Acquired Assets

On January 1, 2002, we adopted Statement of Financial Accounting Standards No. 141 *Business Combinations*, (FAS 141) and Statement of Financial Accounting Standards No. 142 *Goodwill and Intangibles* (FAS 142). These standards govern business combinations, asset acquisitions and the accounting for acquired intangibles.

Upon the acquisition of real properties, it is our policy to allocate the purchase price of properties to acquired tangible assets, consisting of land and building, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, and the value of in-place leases, based in each case on their fair values.

The fair values of the tangible assets of an acquired property (which includes land and building) are determined by valuing the property as if it were vacant, and the as-if-vacant value is then allocated to land and building based on management's determination of the relative fair value of these assets. We determine the as-if vacant fair value of a property using methods similar to those used by independent appraisers. Factors we considered in performing these analyses include an estimate of carrying costs during the expected lease-up periods considering current market conditions and costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance, and other operating expenses during the expected lease-up periods based on current market demand. We estimate costs to execute similar leases including leasing commissions, and other related costs.

The fair values of above-market and below-market in-place leases are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) our estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining term of the leases. The capitalized above-market and below-market lease values are amortized as an adjustment to rental income over the remaining terms of the respective leases.

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

The fair values of in-place leases include direct costs associated with obtaining a new tenant, opportunity costs associated with lost rentals which are avoided by acquiring an in-place lease, and tenant relationships. Direct costs associated with obtaining a new tenant include commissions, tenant improvements and other direct costs and are estimated based on our consideration of current market costs to execute a similar lease. These direct costs are included in deferred leasing costs in the accompanying consolidated balance sheets and are amortized to expense over the remaining terms of the respective leases. The value of opportunity costs is calculated using the contractual amounts to be paid pursuant to the in-place leases over a market absorption period for a similar lease. Customer relationships are valued

Table of Contents

based on expected renewal of a lease or the likelihood of obtaining a particular tenant for other locations. These lease intangibles are included in intangible lease assets in the accompanying consolidated balance sheets and are amortized to rental income over the remaining term of the respective leases.

Estimates of the fair values of the tangible and intangible assets requires us to estimate market lease rates, property operating expenses, carrying costs during lease-up periods, discount rates, market absorption periods and the number of years the property is held for investment. The use of inappropriate estimates would result in an incorrect assessment of our purchase price allocations, which could impact the amount of our reported net income.

Valuation of Real Estate Assets

We continually monitor events and changes in circumstances that could indicate that the carrying amounts of the real estate assets, both operating properties and properties under construction, in which we have an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When indicators of potential impairment are present which indicate that the carrying amounts of real estate assets may not be recoverable, we assess the recoverability of the real estate assets by determining whether the carrying value of the real estate assets will be recovered through the undiscounted future operating cash flows expected from the use of the asset and its eventual disposition. In the event that such expected undiscounted future cash flows do not exceed the carrying value, we adjust the real estate assets to the fair value and recognize an impairment loss. We have determined that there has been no impairment in the carrying value of real estate assets held by us and any unconsolidated joint ventures at September 30, 2003.

Commitments and Contingencies

We are subject to certain contingent liabilities and commitments with regard to certain transactions. Refer to Notes 7 and 8 to our consolidated financial statements for further explanation. Examples of such commitments and contingencies include:

- Take Out Purchase and Escrow Agreements
- Letters of Credit
- Commitments Under Existing Lease Agreements
- Earn-out Agreements
- Leasehold Property Obligations
- Pending Litigation
- NASD Enforcement Action

Related Party Transactions and Agreements

We have entered into agreements with the Advisor and its affiliates, whereby we pay certain fees or reimbursements to the Advisor or its affiliates for acquisition and advisory fees and expenses, organization and offering costs, sales commissions dealer manager fees, asset and property management fees and reimbursement of operating costs. See Note 5 to our consolidated financial statements included in this report for a

discussion of the various related party transactions, agreements and fees.

Conflicts of Interest

The Advisor is also a general partner in and advisor to various Wells Real Estate Funds. As such, there are conflicts of interest where the Advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with us in connection with property acquisitions or for tenants in similar geographic markets.

Table of Contents

Additionally, certain members of the board also serve on the board of another REIT sponsored by the Advisor and will encounter certain conflicts of interest regarding investment and operations decisions.

Subsequent Events

Sale of Shares of Common Stock

From October 1, 2003 through December 8, 2003, we had raised approximately \$574.7 million through the issuance of approximately 57.5 million shares of our common stock. As of December 11, 2003, there were no shares remaining available for sale to the public under our fourth public offering, exclusive of (1) shares available for sale to current stockholders of the Wells REIT pursuant to our dividend reinvestment plan and (2) shares reserved to complete requests for transfer of asset transactions which were received on or before November 21, 2003.

Status of our Share Redemption Program

Our share redemption program allowed for the redemption of approximately 4.37 million shares at an aggregate cost of approximately \$43.7 million for the year ending December 31, 2003. From January 1, 2003 through October 31, 2003, we had redeemed the entire 4.37 million shares of common stock available for redemption for the year at an aggregate cost of approximately \$43.7 million and, accordingly, there are no remaining shares available for redemption for the year ending December 31, 2003. Requests for potential redemption will not be eligible for redemption until after January 1, 2004, subject, in all cases, to the board's ability to change or terminate our share redemption program at any time in its discretion.

Legal Proceedings

On October 9, 2003, Stephen L. Flood, the Luzerne County Controller, and the Luzerne County Retirement Board (Luzerne Board) on behalf of the Luzerne County Employee Retirement System (Plan) filed a lawsuit in the U.S. District Court, Middle District of Pennsylvania against 26 separate defendants including the Wells REIT, Wells Investment Securities, Inc., the dealer manager, and Wells Real Estate Funds, Inc., the parent company of both the Advisor and Wells Investment Securities, Inc. (Wells Defendants). The complaint alleges, among other things, (1) that certain former members of the Luzerne Board named as defendants invested \$10 million in the Wells REIT on behalf of the Plan, (2) that certain former board member defendants breached their fiduciary duties to the Plan by, among other things, permitting the investment of the Plan's funds in investments not suitable for the Plan because they were long-term illiquid investments, permitting the Plan to pay excessive fees and commissions to co-defendants, and accepting political contributions in exchange for awarding advisory and management agreements, (3) that the Wells Defendants and others knew or should have known that the investment, and the fees and commissions associated with the investment, was not a proper investment for the Plan because it was a long-term illiquid investment, (4) that the Wells Defendants and others knew or should have known that certain Luzerne Board members and certain investment advisors and managers were breaching their fiduciary duties to the Plan, (5) that the defendants engaged in and conspired to engage in an improper scheme to intentionally defraud the Plan, and (6) that the investment was not approved by a majority of the Luzerne Board at a public meeting and, consequently, the investment was an inappropriate and void action. The Plan is seeking damages of not less than \$25 million, treble damages and punitive damages from all defendants on a joint and several liability basis. The Wells REIT believes that this lawsuit is without merit with respect to the Wells Defendants. While it is too early to determine the likely outcome of this lawsuit, after consultation with legal counsel, management does not believe that a reserve for a loss contingency is necessary.

Property Acquisitions

IBM Portland

On October 9, 2003, Wells REIT purchased four multi-story office buildings and one industrial building containing approximately 364,000 aggregate rentable square feet on an approximately 20.9-acre tract of land (IBM Portland Buildings) and an additional adjacent 31.8-acre tract of land in Beaverton, Oregon, for an aggregate purchase price of approximately \$38.2 million, plus closing costs. Three of the five IBM Portland Buildings contain approximately 220,000 aggregate rentable square feet, are entirely leased under three separate net leases to IBM. The remaining two buildings contain approximately 144,000 aggregate rentable square footage are currently vacant.

Leo Burnett Chicago

On November 6, 2003, Wells 35 W. Wacker, LLC, a single member Delaware limited liability company wholly owned by Wells OP, purchased a 97.9396% general partnership interest in VV City-Buck Venture, L.P. (VV City), a Delaware limited partnership, which is the owner of a 96.5007% general partnership interest in 35 W. Wacker Venture, L.P. (Wacker Venture), which owns a 50-story office building containing approximately 1.1 million aggregate rentable square feet at 35 W. Wacker Drive in Chicago, Illinois (Leo Burnett Chicago Building) for a purchase price of approximately \$267.5 million, plus closing costs. As a result of this two-tier partnership structure, Wells OP indirectly acquired a 94.5124% interest in the Leo Burnett Chicago Building. Wells OP received a credit against the purchase price at closing in the amount of approximately \$139.3 million representing its pro rata portion of the existing indebtedness against the Leo Burnett Chicago Building in the amount of approximately \$147.4 million. Buck 35 Wacker, L.L.C. retained a 2.0604% limited partnership interest in VV City, and Leo Burnett USA, Inc. (Leo Burnett) retained a 3.4993% limited partnership interest in Wacker Venture. The Leo Burnett Chicago Building is primarily leased to Leo Burnett and Winston & Strawn LLP, which together lease approximately 89% of the Leo Burnett Chicago Building. Various other tenants lease an additional approximately 9% of the Leo Burnett Chicago Building, and approximately 2% of the Leo Burnett Chicago Building is currently vacant.

Acquisition of Washington, DC Portfolio

On November 19, 2003, Wells OP acquired: (1) all of the common stock in BCSP II Washington Properties, Inc., a Maryland corporation qualifying as a real estate investment trust, which owns interests in three office buildings in the Washington, DC area (Washington, DC REIT Buildings), through its ownership in various operating entities; and (2) all of the membership interest in 4250 North Fairfax Property LLC (Fairfax Property LLC), a Delaware limited liability company which owns a 14-story office building located in Arlington, Virginia (4250 North Fairfax Arlington Building) (collectively, Washington, DC Portfolio). The Washington, DC Portfolio was acquired from Beacon Capital Strategic Partners II, L.P., a Delaware limited partnership, for an aggregate purchase price of approximately \$347.0 million.

(unaudited)

1. ORGANIZATION

General

Wells Real Estate Investment Trust, Inc. (Wells REIT or Registrant) is a Maryland corporation that qualifies as a real estate investment trust (REIT). Wells REIT was incorporated in 1997 and commenced operations on June 5, 1998.

Wells REIT engages in the acquisition and ownership of commercial real estate properties throughout the United States, including properties that are under construction, are newly constructed or have operating histories. At September 30, 2003, Wells REIT had invested in commercial office and industrial real estate assets, either directly or through joint ventures with real estate limited partnership programs sponsored by Wells Capital, Inc. (the Advisor) or its affiliates.

Wells REIT's business is conducted through Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership, and its subsidiaries, and Wells REIT-Independence Square, LLC (Wells REIT-Independence), a single member Georgia limited liability company. Wells OP was formed to acquire, develop, own, lease and operate properties on behalf of Wells REIT, directly, through wholly-owned subsidiaries or through joint ventures. Wells REIT-Independence was formed to acquire the NASA Buildings located in Washington, D.C. Wells REIT is the sole general partner in Wells OP and the sole member of Wells REIT-Independence and possesses full legal control and authority over the operations of Wells OP and Wells REIT-Independence. Wells OP, and its subsidiaries, and Wells REIT-Independence comprise Wells REIT's subsidiaries.

Four offerings of Wells REIT stock have been initiated as follows:

Total as of		
September 30, 2003:	\$ 3,960.4 million	396.0 million

After incurring costs from all offerings of \$136.4 million in acquisition and advisory fees and expenses, \$374.7 million in selling commissions, \$54.7 million in organization and offering expenses to the Advisor, investment in related real estate assets of \$3,186.5 million and common stock redemptions pursuant to Wells REIT's share redemption program of \$62.1 million, Wells REIT was holding net offering proceeds of approximately \$146.0 million available for investment in properties at September 30, 2003.

Wells REIT's stock is not listed on a national exchange. However, the Wells REIT's Articles of Incorporation currently require the Wells REIT to begin the process of liquidating its investments and distributing the resulting proceeds to the shareholders if its shares are not listed on a national exchange by January 30, 2008. Wells REIT's Articles of Incorporation can only be amended by a proxy vote of Wells REIT's shareholders.

Basis of Presentation

The consolidated financial statements of Wells REIT have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission, including the instructions to Form 10-Q and Article 10 of Regulation S-X, and do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary to present a fair presentation of the results for such periods. Results for interim periods are not necessarily indicative of full year results. For further information, refer to the financial statements and footnotes included in the Wells REIT's Form 10-K for the year ended December 31, 2002.

Income Taxes

Wells REIT has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, and has operated as such beginning with its taxable year ended December 31, 1998. To qualify as a REIT, Wells REIT must meet certain organizational and operational requirements, including a requirement to currently distribute at least 90% of the REIT's ordinary taxable income to shareholders. As a REIT, Wells REIT generally will not be subject to federal income tax on taxable income that it distributes to its shareholders. If Wells REIT fails to qualify as a REIT in any taxable year, it will then be subject to federal income taxes on its taxable income for four years following the year during which qualification is lost, unless the Internal Revenue Service grants Wells REIT relief under certain statutory provisions. Such an event could materially adversely affect Wells REIT's net income and net cash available for distribution to shareholders. However, Wells REIT believes that it is organized and operates in such a manner as to qualify for treatment as a REIT and intends to continue to operate in the foreseeable future in such a manner that Wells REIT will remain qualified as a REIT for federal income tax purposes. No provision for federal income taxes has been made in the accompanying consolidated financial statements, as Wells REIT made distributions in excess of its taxable income for the periods presented.

Reclassifications

Certain prior period amounts have been reclassified to conform with the current period financial statement presentation.

Recent Pronouncements

Business Combinations / Goodwill and Intangibles

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

On January 1, 2002, Wells REIT adopted Statement of Financial Accounting Standards No. 141 *Business Combinations*, (FAS 141) and Statement of Financial Accounting Standards No. 142 *Goodwill and Intangibles* (FAS 142). These standards govern business combinations, asset acquisitions and the accounting for acquired intangibles.

Upon the acquisition of real properties, it is Wells REIT's policy to allocate the purchase price of properties to acquired tangible assets, consisting of land and building, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, and the value of in-place leases, based in each case on their fair values.

The fair values of the tangible assets of an acquired property (which includes land and building) are determined by valuing the property as if it were vacant, and the as-if-vacant value is then allocated to land and building based on management's determination of the relative fair value of these assets. Management determines the as-if vacant fair value of a property using methods similar to those used by independent appraisers. Factors considered by management in performing these analyses include an estimate of carrying costs during the expected lease-up periods considering current market conditions and costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance, and other operating expenses during the expected lease-up periods based on current market demand. Management estimates costs to execute similar leases including leasing commissions, and other related costs.

Table of Contents

WELLS REAL ESTATE INVESTMENT TRUST, INC.

AND SUBSIDIARIES

The fair values of above-market and below-market in-place leases are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining term of the leases. The capitalized above-market and below-market lease values are amortized as an adjustment to rental income over the remaining terms of the respective leases.

The fair values of in-place leases include direct costs associated with obtaining a new tenant, opportunity costs associated with lost rentals which are avoided by acquiring an in-place lease, and tenant relationships. Direct costs associated with obtaining a new tenant include commissions, tenant improvements and other direct costs and are estimated based on management's consideration of current market costs to execute a similar lease. These direct costs are included in deferred leasing costs in the accompanying consolidated balance sheets and are amortized to expense over the remaining terms of the respective leases. The value of opportunity costs is calculated using the contractual amounts to be paid pursuant to the in-place leases over a market absorption period for a similar lease. Customer relationships are valued based on expected renewal of a lease or the likelihood of obtaining a particular tenant for other locations. These lease intangibles are included in intangible lease assets in the accompanying consolidated balance sheets and are amortized to rental income over the remaining term of the respective leases.

Variable Interest Entities

In January 2003, the Financial Accounting Standards Board issued Interpretation No. 46 (FIN 46), *Consolidation of Variable Interest Entities*, which clarifies the application of Accounting Research Bulletin (ARB) No. 51, *Consolidated Financial Statements*, relating to consolidation of certain entities. FIN 46 requires the identification of Wells REIT's participation in variable interest entities (VIEs), which are defined as entities with a level of invested equity that is not sufficient to fund future activities to permit them to operate on a stand alone basis, or whose equity holders lack certain characteristics of a controlling financial interest. For entities identified as VIEs, FIN 46 sets forth a model to evaluate potential consolidation based on an assessment of which party to the VIE, if any, bears a majority of the exposure to its expected losses, or stands to gain from a majority of its expected returns. FIN 46 is effective for all new VIEs created or acquired after January 31, 2003. For VIEs created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period ending after December 15, 2003. FIN 46 also sets forth certain disclosures regarding interests in VIEs that are deemed significant, even if consolidation is not required. As Wells REIT's joint ventures do not fall under the definition of VIEs provided above, we do not believe that the adoption of FIN 46 will result in the consolidation of any previously unconsolidated entities.

Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity

In May 2003, the Financial Accounting Standards Board (FASB) issued Statement No. 150 *Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity* (FAS 150), certain components of which were deferred by the FASB in October 2003 for an indefinite period. This statement establishes standards for classifying and measuring as liabilities certain financial instruments that embody obligations of the issuer and have characteristics of both liabilities and equity. FAS 150 requires, among other things, that a minority interest in a consolidated entity be classified as a liability and reported at settlement value if an unconditional obligation to exercise or redeem the minority interest exists. As Wells OP is a finite life partnership, Wells REIT's interest therein represents an unconditional obligation. Prior to its deferral, FAS 150 required this minority interest to be accounted for as a liability and reported at settlement value. Until further guidance is provided during the deferral period for FAS 150, this interest will continue to be recorded as minority interest in Wells REIT's consolidated financial statements. The settlement value of this minority interest is believed to be an immaterial amount at September 30, 2003.

2. REAL ESTATE ASSETS

Acquisitions

During the nine months ended September 30, 2003, Wells REIT acquired ownership interests in fifteen properties for a total purchase price of approximately \$1.3 billion, exclusive of related closing costs and acquisition and advisory fees paid to the Advisor, as described below.

East Point I & II

On January 9, 2003, Wells REIT purchased two three-story office buildings containing approximately 187,735 aggregate rentable square feet located in Mayfield Heights, Ohio, for a purchase price of approximately \$22.0 million. Progressive Casualty Insurance Company, The Austin Company, Danaher Power Solutions LLC and Moreland Management Company occupy approximately 93% of the rentable square feet in the two buildings. At closing, Wells REIT entered into an earn-out agreement that requires Wells REIT to pay the seller certain amounts for each new, fully-executed lease after the date of acquisition but on or before March 31, 2004, relating to the vacant space. Payments are calculated by dividing the anticipated first year's annual rent less operating expenses by 0.105, with the result being reduced by tenant improvement costs related to the space. In July 2003, a payment of approximately \$1.4 million resulted from an executed lease with a tenant for approximately 9,814 square feet. At September 30, 2003, approximately 3% of the building remains vacant and subject to the terms of the earn-out agreement.

150 West Jefferson Detroit

On March 31, 2003, Wells REIT purchased a 25-story office building containing approximately 505,417 rentable square feet located at 150 West Jefferson Avenue, downtown Detroit, Michigan, for a purchase price of approximately \$93.8 million. The building is approximately 99% occupied under leases to various tenants with varying lease terms, including Miller, Canfield, Paddock, & Stone; Butzel Long PC; and MCN Energy Group, Inc., which collectively occupy approximately 62% of the building.

Citicorp Englewood Cliffs, NJ

On April 30, 2003, Wells REIT purchased the Citicorp Englewood Cliffs, NJ Building, a three-story office building containing approximately 410,000 rentable square feet located in Englewood Cliffs, New Jersey, for a purchase price of \$70.5 million. The building is leased entirely to Citicorp North America, Inc., a wholly-owned subsidiary of Citicorp, Inc.

US Bancorp Minneapolis

On May 1, 2003, Wells REIT purchased the US Bancorp Minneapolis Building, a 32-story office building containing approximately 929,694 rentable square feet located in Minneapolis, Minnesota, for a purchase price of \$174.0 million. The building is approximately 99% leased under leases to various tenants with varying terms, including US Bancorp Piper Jaffray Companies, Inc., which leases approximately 77% of the building.

AON Center Chicago

On May 9, 2003, Wells REIT purchased the AON Center Chicago Building, an 83-story office building containing approximately 2.6 million rentable square feet located in Chicago, Illinois, for a purchase price of approximately \$465.2 million. The building is approximately 92% leased under leases to various tenants with varying lease terms, including BP Corporation North America, Inc., DDB & Needham Chicago, Inc., and Kirkland & Ellis which collectively lease approximately 54% of the building.

GMAC Detroit

On May 9, 2003, Wells REIT acquired the GMAC Detroit Building, a three-story office building containing approximately 119,122 square feet located in Auburn Hills, Michigan, for a purchase price of approximately \$17.8 million. The building is approximately 86% leased to the General Motors Acceptance Corp. and Delmia Corp. For the remaining approximately 14% of the building, Wells REIT is required to pay the seller certain amounts for each new, fully executed lease entered into after the date of acquisition of the building but on or before November 8, 2004. Payments are calculated by dividing the sum of the anticipated first year's annual rent less operating expenses by 0.095, with the result being reduced by tenant improvement costs related to the space.

Build-to-Suit Projects

During the nine month period ended September 30, 2003, Wells REIT completed three build-to-suit projects with a total investment amount of approximately \$80.9 million, as discussed below.

Nissan

In March 2003, Wells REIT substantially completed the construction of the Nissan Building located in Dallas, Texas. Nissan Motor Acceptance Corporation occupied the building under a lease commencing on April 1, 2003. The construction was financed through a loan that was paid off in March 2003, when the building was substantially complete. As of September 30, 2003, investment in real estate related to this project totaled approximately \$41.6 million.

AmeriCredit

In April 2003, Wells REIT substantially completed the construction of the AmeriCredit Building located in Phoenix, Arizona. AmeriCredit Corporation occupied the building under a lease commencing on April 15, 2003. The entire construction was financed completely with investor proceeds. As of September 30, 2003, investment in real estate related to this project totaled approximately \$24.9 million.

Kerr-McGee

In June 2003, Wells REIT substantially completed the construction of the Kerr-McGee Building located in Houston, Texas. Kerr-McGee Corporation occupied the building under a lease commencing on July 1, 2003. The construction of this property was financed through a loan that was paid off in July 2003. As of September 30, 2003, investment in real estate related to this project totaled approximately \$14.4 million.

3. INVESTMENT IN JOINT VENTURES

Acquisitions

AIU Chicago

On September 19, 2003, Wells Fund XIII REIT Joint Venture Partnership (Wells Fund XIII-REIT Joint Venture), a joint venture partnership between Wells Real Estate Fund XIII, L.P. (Wells Fund XIII) and Wells OP, purchased a four-story office building on a 2.7 acre tract of land located at 5550 Prairie Stone Parkway in Hoffman Estates, Illinois (AIU Chicago Building) from Two Park Center, L.L.C. for a purchase price of approximately \$26.3 million, plus closing costs.

Wells OP contributed approximately \$24.0 million and Wells Fund XIII contributed \$3 million to the Wells Fund XIII REIT Joint Venture for their respective shares of the acquisition costs for the AIU Chicago Building. Subsequent to the acquisition of the AIU Chicago Building, Wells OP held an equity percentage interest in the Wells Fund XIII REIT Joint Venture of approximately 71.9%.

Dispositions

On September 11, 2003, Wells/Orange County Associates (Cort Joint Venture), a joint venture partnership between Wells OP and Fund X and Fund XI Associates, sold a warehouse and office building containing approximately 52,000 rentable square feet located in Fountain Valley, California (Cort Furniture Building) for approximately a \$5.8 million gross sales price.

Wells OP holds an approximately 43.6% equity percentage interest in the Cort Joint Venture. The net sale proceeds allocable to Wells OP as a result of the sale of the Cort Furniture Building were approximately \$2.4 million. Wells OP's share of the loss from the sale of the Cort Furniture Building was approximately \$0.2 million.

5. RELATED-PARTY TRANSACTIONS

Advisory Agreement

Wells REIT has entered into an Advisory Agreement with the Advisor, which entitles the Advisor to specified fees in consideration for certain services with regard to the offering of shares to the public and investment of funds in real estate projects. The current Advisory Agreement expires January 30, 2004.

Under the terms of the agreement, the Advisor receives the following fees and reimbursements:

Acquisition and advisory fees and acquisition expenses of 3.5% of gross offering proceeds, subject to certain limitations;

Reimbursement of organization and offering costs paid on behalf of Wells REIT, not to exceed 3% of gross offering proceeds;

Disposition fee of 50% of the lesser of a competitive real estate commission or 3% of the sales price of the property, subordinated to the payment of dividends to shareholders equal to the sum of the shareholders' invested capital plus an 8% return on invested capital;

Incentive fee of 10% of net sales proceeds remaining after shareholders have received distributions equal to the sum of the shareholders' invested capital plus an 8% return of invested capital; and

Listing fee of 10% of the excess by which the market value of the stock plus dividends paid prior to listing exceeds the sum of 100% of the invested capital plus an 8% return on invested capital.

The Advisor has elected, but is not obligated, to reduce the acquisition and advisory fees by the amounts attributable to shares redeemed under the share redemption program for shares redeemed through September 30, 2003.

Acquisition and advisory fees and acquisition expenses incurred for the three months ended September 30, 2003 and 2002, totaled \$25.5 million and \$12.8 million, respectively. Organizational and offering costs incurred for the three months ended September 30, 2003 and 2002, totaled \$4.2 million and \$4.8 million, respectively.

Acquisition and advisory fees and acquisition expenses incurred for the nine months ended September 30, 2003 and 2002, totaled \$61.0 million and \$34.2 million, respectively. Organizational and offering costs incurred for the nine months ended September 30, 2003 and 2002, totaled \$14.7 million and \$10.2 million, respectively. Wells REIT incurred no disposition, incentive or listing fees during the nine months ended September 30, 2003 or 2002.

Administrative Services Reimbursement

Wells REIT has no direct employees. The employees of the Advisor and Wells Management Company, Inc. (Wells Management), an affiliate of the Advisor, perform a full range of real estate services including leasing and property management, accounting, asset management and investor relations for Wells REIT. The related expenses are allocated among Wells REIT and the various Wells Real Estate Funds based on time spent on each entity by individual administrative personnel. These expenses are included in general and administrative expenses in the consolidated statements of income. These expenses totaled \$1.2 million and \$0.5 million for the three months ended September 30, 2003 and 2002, respectively. Administrative services reimbursements totaled \$3.2 million and \$1.2 million for the nine months ended September 30, 2003 and 2002, respectively.

Asset and Property Management Agreement

Wells REIT has entered into an asset and property management agreement with Wells Management. In consideration for asset management services and for supervising the management and leasing of Wells REIT's properties, Wells REIT will pay asset and property management fees to Wells Management equal to the lesser of (a) 4.5% of the gross revenues generally paid over the life of the lease or (b) 0.6% of the net asset value of the properties (excluding vacant properties) owned by Wells REIT. These asset and property management fees are calculated on an annual basis. These

expenses totaled \$3.9 million and \$1.3 million for the three months ended September 30, 2003 and 2002, respectively, and \$9.0 million and \$3.2 million for the nine months ended September 30, 2003 and 2002, respectively. Additionally, a separate competitive fee for the one-time initial lease-up of newly constructed properties is generally paid in conjunction with the receipt of the first month's rent. These costs totaled approximately \$0.7 million for the nine months ended September 30, 2003.

Dealer Manager Agreement

Wells REIT has entered into a dealer manager agreement with Wells Investment Securities, Inc. (WIS), an affiliate of the Advisor, whereby WIS performs the dealer manager function for Wells REIT. For these services, WIS earns fees of 7% of the gross proceeds from the sale of the shares of Wells REIT, most of which are reallocated to participating broker-dealers. Additionally, WIS earns a dealer manager fee of 2.5% of the gross offering proceeds at the time the shares are sold, of which up to 1.5% may be reallocated to participating broker-dealers. WIS has elected, although is not obligated, to reduce the dealer manager fee by 2.5% of the gross redemptions under Wells REIT's share redemption plan for shares redeemed through September 30, 2003. During the three months ended September 30, 2003 and 2002, Wells REIT incurred commissions of \$51.7 million and \$26.4 million, respectively, of which more than 99% were reallocated to participating broker-dealers. Dealer manager fees of \$18.2 million and \$9.1 million were incurred for the three months ended September 30, 2003 and 2002, respectively. Of these amounts, \$8.7 million and \$4.0 million were reallocated to participating broker-dealers for the three months ended September 30, 2003 and 2002, respectively. For the nine months ended September 30, 2003 and 2002, Wells REIT incurred commissions of \$124.8 million and \$69.7 million, respectively, of which more than 99% was reallocated to participating broker-dealers. Dealer manager fees of \$43.5 million and \$24.4 million were incurred for the nine months ended September 30, 2003 and 2002. Of these amounts, \$20.8 million and \$11.1 million were reallocated to participating broker-dealers.

Due From Affiliates

Due from affiliates included in the consolidated balance sheets represents Wells REIT's share of the cash to be distributed from its joint venture investments and other amounts payable to Wells REIT from other related parties.

Conflicts of Interest

The Advisor also is a general partner in various Wells Real Estate Funds. As such, there are conflicts of interest where the Advisor, while serving in the capacity as general partner for Wells Real Estate Funds, may be in competition with Wells REIT in connection with property acquisitions or for tenants in similar geographic markets.

Additionally, certain members of the board of Wells REIT also serve on the board of another REIT sponsored by the Advisor and will encounter certain conflicts of interest regarding investment and operating decisions.

7. COMMITMENTS AND CONTINGENCIES

Take Out Purchase and Escrow Agreement

The Advisor and its affiliates have developed a program (the Wells Section 1031 Program) involving the acquisition by a subsidiary of Wells Management Company (Wells Exchange) of income-producing commercial properties and the formation of a series of single member limited liability companies for the purpose of facilitating the resale of co-tenancy interests in such real estate properties to be owned in co-tenancy arrangements with persons (1031 Participants) who are seeking to invest the proceeds from a sale of real estate held for investment in another real estate investment for purposes of qualifying for like-kind exchange treatment under Section 1031 of the Internal Revenue Service Code. The acquisition of each of the properties acquired by Wells Exchange will be financed by a combination of permanent first mortgage financing and interim loan financing obtained from institutional lenders.

Following the acquisition of each property, Wells Exchange will attempt to sell co-tenancy interests to 1031 Participants, the proceeds of which will be used to repay a prorata portion of the interim financing. In consideration for the payment of a take out fee to Wells REIT and following approval of the potential property acquisition by Wells REIT's board of directors, it is anticipated that Wells REIT will enter into a take out purchase and escrow agreement or similar contract providing that, if Wells Exchange is unable to sell all of the co-tenancy interests in that particular property to 1031 Participants, Wells REIT will purchase, at Wells Exchange's cost, any co-tenancy interests remaining unsold at the end of the offering period.

In consideration for the payment of a take out fee in the amount of approximately \$0.2 million, on December 31, 2002, Wells OP entered into a take out purchase and escrow agreement providing, among other things, that Wells OP would be obligated to acquire, at Wells Exchange's cost (\$0.4 million in cash plus \$0.4 million of assumed debt for each 2.9994% interest of co-tenancy interest unsold), any unsold co-tenancy interests in two buildings known as Meadow Brook Corporate Park located in Birmingham, Alabama, which remain unsold at the expiration of the offering of Wells Exchange on September 30, 2003.

Wells OP's maximum economic exposure in the transaction was initially \$14.0 million in cash plus assumption of the first mortgage financing in the amount of \$13.9 million. As of September 30, 2003, all co-tenancy interests had been sold, and Wells OP has no remaining economic exposure as a result of this transaction.

Letters of Credit

At September 30, 2003, Wells REIT had two unused letters of credit totaling approximately \$14.9 million outstanding from financial institutions, consisting of letters of credit of approximately \$14.5 million and \$0.4 million with expiration dates of February 28, 2004 and February 2, 2004, respectively. These amounts are not recorded in the accompanying consolidated balance sheets as of September 30, 2003 or December 31, 2002. These letters of credit were required by two unrelated parties to ensure completion of Wells REIT's obligations under certain earn-out and construction agreements. Wells REIT does not anticipate a need to draw on these letters of credit.

Commitments Under Existing Lease Agreements

Certain lease agreements include provisions that, at the option of the tenant, Wells REIT may be obligated to expend certain amounts of capital to expand an existing property, construct on adjacent property or provide other expenditures for the benefit of the tenant, in favor of additional rental revenue. At September 30, 2003, no tenants have exercised such options.

Earn-out Agreements

As part of the acquisition of the IRS Building, Wells REIT entered into an agreement to pay the seller an additional \$14.5 million if Wells REIT or the seller locates a suitable tenant and leases the vacant space of the building within 18 months after the date of acquisition of the property, or March 2004. If the space is not leased within this time, Wells REIT is released from any obligation to pay this additional purchase consideration. The 26% of the building that was vacant at the time of acquisition remains unleased at September 30, 2003. As of September 30, 2003, no payments have been made under this agreement.

WELLS REAL ESTATE INVESTMENT TRUST, INC.

AND SUBSIDIARIES

In connection with the acquisition of the East Point I and II Buildings, Wells REIT entered into an earn-out agreement relating to approximately 15,000 square feet whereby Wells REIT is required to pay the seller certain amounts for each new, fully executed lease after the date of acquisition of the property but on or before June 30, 2004. Payments shall be the anticipated first year's annual rent less operating expenses with the sum divided by 0.105 and the result reduced by tenant improvement costs related to the space. As of September 30, 2003, payments totaling \$1.4 million have been made under this agreement and approximately 6,000 square feet remain subject to the agreement.

As part of the acquisition of the GMAC Detroit Building, Wells REIT entered into an agreement to pay the seller certain amounts for each new, fully executed lease entered into after the date of acquisition of the building but on or before November 8, 2004. Payments are calculated by dividing the sum of the anticipated first year's annual rent less operating expenses by 0.095, with the result being reduced by tenant improvement costs related to the space. As of September 30, 2003, no payments have been made under this agreement.

Leasehold Property Obligations

The ASML, Motorola Tempe, Avnet and Bellsouth Ft. Lauderdale Buildings are subject to certain ground leases with expiration dates of 2082, 2082, 2083 and 2049, respectively.

Pending Litigation

In the normal course of business, Wells REIT may become subject to litigation or claims.

In November 2002, Wells REIT contracted to purchase an office building located in Ramsey County, Minnesota, from Shoreview Associates LLC (Shoreview), who filed a lawsuit against Wells REIT in Minnesota state court alleging that Shoreview was entitled to approximately \$0.8 million in earnest money Wells REIT had deposited under the contract. Wells REIT has filed a counterclaim in the case asserting that Wells REIT is entitled to the earnest money deposit. Procedurally, Wells REIT had the case transferred to U.S. District Court in Minnesota, and Shoreview has moved to transfer the case back to state court. The dispute currently remains in litigation. After consultation with legal counsel, management does not believe that a reserve for a loss contingency is necessary.

NASD Enforcement Action

On August 26, 2003, Wells Investment Securities, the Wells REIT Dealer Manager, and Leo F. Wells, III, President and a director of Wells REIT, settled an NASD enforcement action against them by entering into a Letter of Acceptance, Waiver and Consent (AWC) with the NASD which contained findings by the NASD including that WIS and Mr. Wells had violated certain of its Conduct Rules related to providing non-cash compensation of more than \$100 to associated persons of NASD member firms in connection with their attendance at the annual

educational conferences sponsored by WIS in 2001 and 2002, and that WIS and Mr. Wells failed to adhere to all the terms of a written undertaking made in March 2001. WIS consented to a censure and Mr. Wells consented to suspension from acting in a principal capacity with a member firm for one year. WIS and Mr. Wells also agreed to the imposition of a joint and several fine in the amount of \$150,000. Wells REIT does not expect any material impact on the financial position or results of operations of Wells REIT as a result of this settlement.

8. SUBSEQUENT EVENTS

Sale of Shares of Common Stock

From October 1, 2003 through October 31, 2003, Wells REIT had raised approximately \$243.2 million through the issuance of approximately 24.3 million shares of common stock of Wells REIT. As of October 31, 2003, approximately \$505.2 million in shares (50.5 million shares) remained available for sale to the public under the fourth offering, exclusive of shares available under Wells REIT's dividend reinvestment plan.

Status of our Share Redemption Program

Wells REIT's share redemption program allowed for the redemption of approximately 4.37 million shares at an aggregate cost of approximately \$43.7 million for the year ending December 31, 2003. From January 1, 2003 through October 31, 2003, Wells REIT had redeemed the entire 4.37 million shares of common stock available for redemption for the year at an aggregate cost of approximately \$43.7 million and, accordingly, there are no remaining shares available for redemption for the year ending December 31, 2003. Requests for potential redemption will not be eligible for redemption until after January 1, 2004, subject, in all cases, to the board's ability to change or terminate our share redemption program at any time in its discretion.

Legal Proceedings

On October 9, 2003, Stephen L. Flood, the Luzerne County Controller, and the Luzerne County Retirement Board (Luzerne Board) on behalf of the Luzerne County Employee Retirement System (Plan) filed a lawsuit in the U.S. District Court, Middle District of Pennsylvania against 26 separate defendants including the Wells REIT, Wells Investment Securities, Inc., the dealer manager, and Wells Real Estate Funds, Inc., the parent company of both the Advisor and Wells Investment Securities, Inc. (Wells Defendants). The complaint alleges, among other things, (1) that certain former members of the Luzerne Board named as defendants invested \$10 million in the Wells REIT on behalf of the Plan, (2) that certain former board member defendants breached their fiduciary duties to the Plan by, among other things, permitting the investment of the Plan's funds in investments not suitable for the Plan because they were long-term illiquid investments, permitting the Plan to pay excessive fees and commissions to co-defendants, and accepting political contributions in exchange for awarding advisory and management agreements, (3) that the Wells Defendants and others knew or should have known that the investment, and the fees and commissions associated with the investment, was not a proper investment for the Plan because it was a long-term illiquid investment, (4) that the Wells Defendants and others knew or should have known that certain Luzerne Board members and certain investment advisors and managers were breaching their fiduciary duties to the Plan, (5) that the defendants engaged in and conspired to engage in an improper scheme to intentionally defraud the Plan, and (6) that the investment was not approved by a majority of the Luzerne Board at a public meeting and, consequently, the investment was an inappropriate and void action. The Plan is seeking damages of not less than \$25 million, treble damages and punitive damages from all defendants on a joint and several liability basis. The Wells REIT believes that this lawsuit is without merit with respect to the Wells Defendants. While it is too early to determine the likely outcome of this lawsuit, after consultation with legal counsel, management does not believe that a reserve for a loss contingency is necessary.

Property Acquisitions

IBM Portland

On October 9, 2003, Wells REIT purchased four multi-story office buildings and one industrial building containing approximately 364,000 aggregate rentable square feet on an approximately 20.9-acre tract of land (the IBM Portland Buildings) and an additional adjacent 31.8-acre tract of land in Beaverton, Oregon, for an aggregate purchase price of approximately \$38.2 million, plus closing costs. Three of the five IBM Portland Buildings contain approximately 220,000 aggregate rentable square feet, are entirely leased under three separate net leases to IBM. The remaining two buildings contain approximately 144,000 aggregate rentable square footage are currently vacant.

Leo Burnett Chicago

On November 6, 2003, Wells 35 W. Wacker, LLC, a single member Delaware limited liability company wholly owned by Wells OP, purchased a 97.9396% general partnership interest in VV City-Buck Venture, L.P. (VV City), a Delaware limited partnership, which is the owner of a 96.5007% general partnership interest in 35 W. Wacker Venture, L.P. (Wacker Venture), which owns a 50-story office building containing approximately 1.1 million aggregate rentable square feet at 35 W. Wacker Drive in Chicago, Illinois (Leo Burnett Chicago Building) for a purchase price of approximately \$267.5 million, plus closing costs. As a result of this two-tier partnership structure, Wells OP indirectly acquired a 94.5124% interest in the Leo Burnett Chicago Building. Wells OP received a credit

against the purchase price at closing in the amount of approximately \$139.3 million representing its pro rata portion of the existing indebtedness against the Leo Burnett Chicago Building in the amount of approximately \$147.4 million. The purchaser received a credit against the purchase price at closing for Wells OP's pro rata portion of existing indebtedness against the Leo Burnett Chicago Building in the amount of approximately \$139.3 million. Buck 35 Wacker, L.L.C. retained a 2.0604% limited partnership interest in VV City, and Leo Burnett USA, Inc. retained a 3.4993% limited partnership interest in Wacker Venture. The Leo Burnett Chicago Building is primarily leased to The Leo Burnett Company and Winston & Strawn, which lease approximately 96% of the Leo Burnett Chicago Building, and various other tenants which lease an additional 2% of the Leo Burnett Chicago Building. Approximately 2% of the Leo Burnett Building is currently vacant.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2002 and its quarterly report on Form 10-Q for the nine months ended September 30, 2003. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of September 30, 2003 has been prepared to give effect to the fourth quarter 2003 acquisitions of the IBM Portland Buildings (the "Other Recent Acquisition"), the 4250 N. Fairfax Arlington Building and the Wells Washington Properties, Inc., a Maryland corporation qualifying as a real estate investment trust that commenced operations on September 17, 2002, by Wells Operating Partnership, L.P. ("Wells OP") and the Leo Burnett Chicago Building (collectively, the "Recent Acquisitions") by Wells 35 W. Wacker, LLC, of which Wells OP is the sole member, as if the acquisitions occurred on September 30, 2003.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with those of Wells REIT.

The following unaudited pro forma statement of income for the nine months ended September 30, 2003 has been prepared to give effect to the first quarter 2003 acquisitions of the East Point Cleveland Buildings and the 150 West Jefferson Detroit Building, the second quarter 2003 acquisitions of the Citicorp Englewood Cliffs, NJ Building, the US Bancorp Minneapolis Building, the Aon Center Chicago Building, the GMAC Detroit Building and the IBM Reston Buildings, the third quarter 2003 acquisitions of the ISS Atlanta III Building, the Lockheed Martin Rockville Buildings, the Cingular Atlanta Building, the Applera Pasadena Building, the Continental Casualty Orange County Building, the Polo Ralph Lauren Newark Building, the Aventis Northern NJ Building, the 1901 Main Irvine Building and the AIU Chicago Building (collectively, the "2003 Acquisitions"), the Other Recent Acquisition, the Leo Burnett Chicago Building, the 4250 North Fairfax Arlington Building, and the disposition of the Cort Furniture Building as if the acquisitions and disposition occurred on January 1, 2002. The unaudited pro forma statement of income for the nine months ended September 30, 2003 has been prepared to give effect to the acquisition of Wells Washington Properties, Inc. as if the acquisition occurred on September 17, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the 2002 acquisition of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the Harcourt Austin Building, the IRS Long Island Buildings, the KeyBank Parsippany Building, the Allstate Indianapolis Building, the Federal Express Colorado Springs Building, the EDS Des Moines Building, the Intuit Dallas Building, the Daimler Chrysler Dallas Building, the NASA Buildings, the Caterpillar Nashville Building, the Capital One Richmond Buildings, the John Wiley Indianapolis Building and the Nestle Los Angeles Building (collectively, the "2002 Acquisitions"), the 2003 Acquisitions, Other Recent Acquisition, the Leo Burnett Chicago Building, the 4250 North Fairfax Arlington Building, and the disposition of the Cort Furniture Building as if the acquisitions and disposition occurred on January 1, 2002. The unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the acquisition of Wells Washington Properties, Inc. as if the acquisition occurred on September 17, 2002. The Kerr McGee Property, the AmeriCredit Phoenix Property, the ISS Atlanta III Building and the Continental Casualty Orange County Building had no operations during the year ended December 31, 2002.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the 2002 Acquisitions, the 2003 Acquisitions, the Recent Acquisitions and the disposition of the Cort Furniture Building been consummated as of January 1, 2002. In addition, the pro forma balance sheet includes allocations of the purchase price for certain acquisitions based upon preliminary estimates of the fair value of the assets and liabilities acquired. Therefore, these allocations may be adjusted in the future upon finalization of these preliminary estimates.

Status of the Offering

We commenced our initial public offering of common stock on January 30, 1998, which terminated on December 19, 1999, our second public offering of common stock on December 20, 1999, which terminated on December 19, 2000, and our third public offering of common stock on December 20, 2000, which terminated on July 26, 2002. We received approximately \$1.59 billion in aggregate gross offering proceeds from the sale of approximately 159.0 million shares in these three prior public offerings.

Pursuant to the prospectus, we commenced our fourth public offering of \$3 billion in shares (300 million shares) of common stock on July 26, 2002. As of January 10, 2004, we had received aggregate gross offering proceeds of approximately \$4.7 billion from the sale of approximately 471.7 million shares in all of our public offerings. After payment of approximately \$162.9 million in acquisition and advisory fees and acquisition expenses, payment of approximately \$508.2 million in selling commissions and organization and offering expenses, and aggregate common stock redemptions of approximately \$65.2 million pursuant to our share redemption program, as of January 10, 2004, we had raised aggregate net offering proceeds available for investment in properties of approximately \$4.0 billion, substantially all of which has been invested in real estate properties.

We have now exhausted our public shares available for sale to the public, and there are no shares remaining available for sale to the public pursuant to our fourth public offering, exclusive of (1) shares available for sale to current stockholders of the Wells REIT under our dividend reinvestment plan, and (2) shares reserved to complete requests for transfer of asset transactions which were received on or before November 21, 2003.

Plan of Distribution

The following information should be read in conjunction with the **Plan of Distribution** **General** section beginning on page 146 of the prospectus.

Of the maximum 30 million shares offered for sale pursuant to our dividend reinvestment plan, as of January 10, 2004, approximately 15.8 million shares had been sold and approximately 14.2 million shares remained available to be sold to our current stockholders through our dividend reinvestment plan. We intend to continue to offer the remaining shares available pursuant to our dividend reinvestment plan until the earlier of (1) the date of sale of all 30 million shares, or (2) the termination of this offering on July 25, 2004.

Description of Shares Share Redemption Program

The information contained on pages 141-142 in the **Description of Shares Share Redemption Program** section of the prospectus is revised as of the date of this supplement by the deletion of that section in its entirety and the insertion of the following paragraphs in lieu thereof:

Share Redemption Program

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

Prior to the time that our shares are listed on a national securities exchange, stockholders of the Wells REIT who have held their shares for at least one year may receive the benefit of limited interim liquidity by presenting for redemption all or any portion of their shares to us at any time in accordance with the procedures outlined herein. At that time, we may, subject to the conditions and limitations described below, redeem the shares presented for redemption for cash to the extent that we have sufficient funds available to us to fund such redemption.

Table of Contents

If you have held your shares for the required one-year period, you may redeem your shares for a purchase price equal to the lesser of (1) \$10 per share, or (2) the purchase price per share that you actually paid for your shares of the Wells REIT. In the event that you are redeeming all of your shares, shares purchased pursuant to our dividend reinvestment plan may be excluded from the foregoing one-year holding period requirement, in the discretion of our board of directors. In addition, for purposes of the one-year holding period, limited partners of Wells OP who exchange their limited partnership units for shares in the Wells REIT shall be deemed to have owned their shares as of the date they were issued their limited partnership units in Wells OP. In addition, our board of directors has delegated to our officers the right to waive the one-year holding period in the event of the death or bankruptcy of a stockholder or other exigent circumstances.

Subject to funds being available, we will limit the number of shares redeemed pursuant to our share redemption program as follows: (1) during any calendar year, we will not redeem in excess of 3.0% of the weighted average number of shares outstanding during the prior calendar year; and (2) funding for the redemption of shares will come exclusively from the proceeds we receive from the sale of shares under our dividend reinvestment plan such that in no event shall the aggregate amount of redemptions under our share redemption program exceed aggregate proceeds received from the sale of shares pursuant to our dividend reinvestment plan. In addition, beginning with the calendar year 2004, our board of directors decided to set aside up to 20% of the funds available for redemption during each calendar year for redemptions upon the death of a stockholder, thereby reducing the amount of funds available for other redemption requests.

Beginning with redemption requests received in January 2004, we will redeem shares on the last business day of each month. Requests for redemption must be received at least five business days before that date in order for us to repurchase the shares that month. If we cannot purchase all shares presented for redemption in any month, we will attempt to honor redemption requests on a pro rata basis. We will deviate from pro rata purchases in two minor ways: (1) if a pro rata redemption would result in you owning less than half of the minimum amounts described in the Suitability Standards section of this prospectus, then we would redeem all of your shares; and (2) if a pro rata redemption would result in you owning more than half but less than all of the minimum amounts described in the Suitability Standards section of this prospectus, then we would not redeem such portion of your shares to the extent it would result in your remaining holdings of our shares to be below the minimum required amounts. Our board of directors reserves the right in its sole discretion upon 30 days notice to (1) change the purchase price for redemptions, (2) reduce the number of shares purchased under the share redemption program, or (3) otherwise amend the terms of or terminate our share redemption program for any reason. (See Risk Factors Investment Risks.).

We cannot guarantee that the funds set aside for our share redemption program will be sufficient to accommodate all requests made in any year or in any given month. If we do not have sufficient funds available, at the time when redemption is requested, you can (1) withdraw your request for redemption, or (2) ask that we honor your request at such time in the future, if any, when sufficient funds become available.

If we do not completely satisfy a stockholder's redemption request at month-end because the request was not received in time or because of the restrictions on the number of shares we could redeem under the program, we intend to treat the unsatisfied portion of the redemption request as a request for redemption in the following month unless the stockholder withdraws his or her request before the next date for redemptions. A stockholder can withdraw a redemption request upon written notice to the Wells REIT received at least five business days prior to the date for redemption.

Our board of directors can amend, suspend or terminate our share redemption program at any time upon 30 days notice. We will notify you of such developments either (1) by disclosure in the annual

Table of Contents

or quarterly reports of the Wells REIT filed under the Securities Exchange Act of 1934, or (2) by means of a separate mailing to you, accompanied by disclosure in a current or periodic report filed under the Securities Exchange Act of 1934.

Our share redemption program is only intended to provide interim liquidity for our stockholders until such time, if ever, that a secondary market develops for the shares, at which time the program would terminate. No such market presently exists, and we cannot assure you that any market for your shares will ever develop.

The shares we redeem under our share redemption program will be cancelled, and will be held as treasury stock. We will not resell such shares to the public unless they are first registered with the Securities and Exchange Commission under the Securities Act of 1933 and under appropriate state securities laws or otherwise sold in compliance with such laws.

Description of Real Estate Investments

As of January 10, 2004, we had purchased and own interests in 111 real estate properties located in 26 states, exclusive of properties sold. Below is a description of our recent real property acquisitions.

Boeing Seattle Building

On December 10, 2003, Wells Operating Partnership, L.P. (Wells OP), a Delaware limited partnership formed to acquire, own, lease, and operate real properties on behalf of the Wells REIT, purchased a five-story office building containing approximately 158,000 rentable square feet located on an approximately 5.8-acre tract of land at 22833 SE Black Nugget Road in Issaquah, Washington (Boeing Seattle Building) for a purchase price of approximately \$30.0 million, plus closing costs. The Boeing Seattle Building was purchased from Opus Northwest, L.L.C., which is not in any way affiliated with the Wells REIT, Wells OP, or Wells Capital, Inc., our advisor (Advisor). Wells OP previously purchased three properties from Opus Northwest, L.L.C. (the Metris Minnetonka Building, the ADIC Buildings, and the Travelers Express Denver Buildings).

The Boeing Seattle Building, which was built in 2001, is entirely leased under a net lease (i.e., operating costs and maintenance costs are paid by the tenant) to The Boeing Company (Boeing). Boeing is a large aerospace company with corporate headquarters in Chicago, Illinois. Boeing serves customers in approximately 145 countries and has employees in approximately 70 countries worldwide. Boeing reported a net worth, as of September 30, 2003, of approximately \$7.4 billion. The current annual base rent payable under the Boeing lease, which expires in 2006, is approximately \$3.8 million. In addition, Boeing has the right, at its option, to extend the initial term of its lease for two additional five-year periods.

Bank of America Orange County Building

On December 18, 2003, Wells Brea I, L.P., a Delaware limited partnership whose general partner is a Delaware limited liability company wholly owned by Wells OP, and whose sole limited partner is Wells OP, purchased a three-story office building containing approximately 638,000

Edgar Filing: WELLS REAL ESTATE INVESTMENT TRUST INC - Form POS AM

rentable square feet located on an approximately 30.6-acre tract of land at 275 Valencia Avenue in Brea, California (Bank of America Orange County Building) for a purchase price of \$94.0 million, plus closing costs. The Bank of America Orange County Building was purchased from PIC Realty Corporation (PIC), along with the 1901 Market Street Philadelphia Building described below. PIC is a wholly owned subsidiary of The Prudential Insurance Company of America (Prudential). Neither PIC nor Prudential are in any way affiliated with the Wells REIT, Wells OP, or our Advisor.

Table of Contents

The Bank of America Orange County Building, which was built in 1983, is entirely leased under a net lease to Bank of America N.A. (BOA). BOA is a subsidiary of Bank of America Corporation, a bank holding company and financial holding company with corporate headquarters in Charlotte, North Carolina. BOA operates the retail subsidiary banks of Bank of America Corporation, and has full-service branches in approximately 21 states and the District of Columbia. The current annual base rent payable under the BOA lease, which expires in 2009, is approximately \$7.6 million. Wells Brea I, L.P., as the landlord, has the right, at its option, to extend the initial term of the BOA lease for one additional three-year period. BOA has the right, at its option, to extend the term of the BOA lease for two additional five-year periods. In addition, BOA has a right of first refusal to purchase the Bank of America Orange County Building should Wells Brea I, L.P. decide to sell the Bank of America Orange County Building in the future. Wells OP and the Registrant have various significant lines of credit with BOA.

1901 Market Street Philadelphia Building

On December 18, 2003, Wells 1901 Market Business Trust, a Delaware statutory trust whose sponsor and beneficial owner is the Wells REIT, purchased all of the membership interest in a Delaware limited liability company (Wells 1901 Market Street LLC) which owns a 45-story office building containing approximately 761,000 rentable square feet located on an approximately 0.8-acre tract of land at 1901 Market Street in Philadelphia, Pennsylvania (1901 Market Street Philadelphia Building) for a purchase price of \$174.0 million, plus closing costs. The 1901 Market Street Philadelphia Building was purchased from PIC, along with the Bank of America Orange County Building described above. The \$174.0 million purchase price included approximately \$160.0 million of debt loaned from Wells OP to Wells 1901 Market Street LLC which was used to pay off the existing indebtedness against the 1901 Market Street Philadelphia Building held by Prudential. The promissory note from Wells 1901 Market Street LLC to Wells OP is secured by an assignment of Wells 1901 Market Business Trust's membership interest in Wells 1901 Market Street LLC.

The 1901 Market Street Philadelphia Building, which was built in 1990, is entirely leased under a net lease to Independence Blue Cross (Independence). Independence is a health insurance provider with headquarters in the 1901 Market Street Philadelphia Building. Independence offers products in all health care market segments, including managed care, traditional indemnity, Medicare and Medicaid. Independence is an independent licensee of the Blue Cross and Blue Shield Association, the national coordinating body for the nationwide federation of independent Blue Cross and Blue Shield corporations. The current annual base rent payable under the Independence lease, which expires in 2023, is approximately \$12.9 million. Independence has the right, at its option, to extend the initial term of the Independence lease for four additional five-year periods.

60 Broad Street New York Building

On December 31, 2003, Wells OP, through Wells 60 Broad Street, LLC, a single-member Delaware limited liability company, purchased a 39-story office building containing approximately 989,000 rentable square feet at 60 Broad Street in New York, New York (60 Broad Street New York Building) for a purchase price of \$213.6 million, plus closing costs. The 60 Broad Street New York Building was purchased from 60 Broad Street LLC, an unaffiliated limited liability company among Cogswell Realty Group, L.L.C. and two limited liability companies managed by Lend Lease Real Estate Investments, Inc. (collectively, Cogswell). Cogswell was retained as one of the managers of Wells 60 Broad Street, LLC with authority to perform certain leasing functions. Affiliates of Cogswell Realty Group, L.L.C. will be the on-site property managers of the 60 Broad Street New York Building. In addition, Wells 60 Broad Street, LLC will be required to pay Cogswell an additional amount based on the performance of the 60 Broad Street New York Building.

The 60 Broad Street New York Building, which was completed in 1962 and renovated in 1999, is primarily leased to the State of New York (approximately 46%) and the City of New York (approximately

Table of Contents

27%). Approximately 24% of the 60 Broad Street New York Building is leased to 22 additional tenants, and approximately 3% of the 60 Broad Street New York Building is currently vacant.

The State of New York lease serves as the offices for various departments of the State of New York including the Office of Court Administration, the Department of Insurance, and the Division of Housing and Community Renewal. The current annual base rent payable under the State of New York lease, which expires in 2007, is approximately \$9.7 million.

The City of New York lease serves as the offices for New York City's Department of Homeless Services, and the Department of Probation. The current annual base rent payable under the City of New York lease, which expires in 2010, is approximately \$6.1 million. In addition, the City of New York, at its option, has the right to extend the initial term of its lease for two additional five-year periods.

The current aggregate annual base rent for the 22 additional tenants in the 60 Broad Street New York Building is approximately \$7.5 million. The current weighted average remaining lease term of the 22 tenants is approximately 7 years.

1414 Massachusetts Avenue Cambridge Building

On January 8, 2004, Wells OP purchased a five-story office building containing approximately 78,000 rentable square feet located at 1414 Massachusetts Avenue in Cambridge, Massachusetts (1414 Massachusetts Avenue Cambridge Building) for a purchase price of approximately \$42.1 million, plus closing costs. The 1414 Massachusetts Avenue Cambridge Building was purchased from Fleet National Bank (Fleet), which is not in any way affiliated with the Wells REIT, Wells OP, or our Advisor.

The 1414 Massachusetts Avenue Cambridge Building, which was completed in 1873 and completely renovated in 2001, is leased to President and Fellows of Harvard College (Harvard) (approximately 63%) and Fleet (approximately 34%). Approximately 3% of the 1414 Massachusetts Avenue Cambridge Building is currently vacant.

Harvard is one of the leading educational institutions in the United States. Located in Cambridge, Massachusetts, Harvard has an undergraduate program which enrolls over 6,000 students and 10 graduate and professional schools with a total of approximately 12,000 students. Harvard employs approximately 2,000 faculty members and has an endowment which was valued at approximately \$18.3 billion at the end of fiscal year 2001. The current annual base rent payable under the Harvard lease, which expires in 2018, is approximately \$1.6 million. Harvard has a right of first offer and a right of first refusal to purchase the 1414 Massachusetts Avenue Cambridge Building should Wells OP decide to sell the 1414 Massachusetts Avenue Cambridge Building in the future. In addition, Harvard has the right, at its option, to extend the initial term of its lease for 15 additional five-year periods.

Fleet is the principal banking subsidiary of FleetBoston Financial Corporation (FleetBoston). FleetBoston is a diversified financial services company which provides corporate and retail banking and investment services in New England and throughout the United States. The current annual base rent payable under the Fleet lease, which expires in 2014, is approximately \$1.1 million. Fleet has a right of first offer and a right of first refusal to purchase the 1414 Massachusetts Avenue Cambridge Building should Wells OP decide to sell the 1414 Massachusetts Avenue Cambridge Building in the future. In addition, Fleet has the right, at its option, to extend the initial term of its lease for eight additional 10-year periods.

Russell Tacoma Building

On January 9, 2004, Wells OP purchased a 12-story office building containing approximately 225,000 rentable square feet located on an approximately 1.3-acre tract of land at 909 A Street in Tacoma, Washington (Russell Tacoma Building) for a purchase price of approximately \$52.0 million, plus closing

Table of Contents

costs. The Russell Tacoma Building was purchased from Stellar Tacoma LLC and Jonsson Security, LLC, which are not in any way affiliated with the Wells REIT, Wells OP, or our Advisor.

The Russell Tacoma Building, which was built in 1988, is entirely leased under a net lease to Frank Russell Company (Russell). Russell is a global investment services firm which has its corporate headquarters in the Russell Tacoma Building. Russell provides investment services in approximately 35 countries worldwide to retirement plans, foundations, endowments, and investment plans of all types. The current annual base rent payable under the Russell lease, which expires in 2013, is approximately \$4.1 million. In addition, Russell has the right, at its option, to extend the initial term of its lease for one additional five-year period.

Property Management

Wells Management Company, Inc. (Wells Management), an affiliate of the Wells REIT and the Advisor, will be paid asset and property management fees in the amount of up to 4.5% of the gross revenues from the Boeing Seattle Building, the Bank of America Orange County Building, the 1901 Market Street Philadelphia Building, the 60 Broad Street New York Building, the 1414 Massachusetts Avenue Cambridge Building, and the Russell Tacoma Building, subject to certain limitations. CRG Management, LLC and CRG Real Estate Services, LLC (collectively, CRG), affiliates of Cogswell, the seller of the 60 Broad Street New York Building, are the current on-site property managers for the 60 Broad Street New York Building. Wells Real Estate Investment Trust, Inc.

We have audited the accompanying statement of revenues over certain operating expenses of the Bank of America Orange County Building for the year ended December 31, 2002. This statement is the responsibility of the Bank of America Orange County Building's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues over certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues over certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenues over certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues over certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 2, and is not intended to be a complete presentation of the Bank of America Orange County Building's revenues and expenses.

In our opinion, the statement of revenues over certain operating expenses referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 2 of the Bank of America Orange County Building for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States.

Notes to Statements of Revenues Over Certain Operating Expenses

For the year ended December 31, 2002

and the nine months ended September 30, 2003 (unaudited)

1. Description of Real Estate Property Acquired

On December 18, 2003, Wells Operating Partnership, L.P. (Wells OP), through a wholly owned subsidiary, acquired the Bank of America Orange County Building, a three-story office building containing approximately 638,000 square feet located in Brea, California, from PIC Realty Corporation. Total consideration for the acquisition was approximately \$94 million. Wells OP is a Delaware limited partnership formed to acquire, own, lease, operate, and manage real properties on behalf of Wells Real Estate Investment Trust, Inc., a Maryland corporation. As the sole general partner of Wells OP, Wells Real Estate Investment Trust, Inc. possesses full legal control and authority over the operations of Wells OP.

2. Basis of Accounting

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, the statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as certain ancillary income, amortization, depreciation, interest, and corporate expenses. Therefore, the statements will not be comparable to the statements of operations of the Bank of America Orange County Building after its acquisition by Wells OP.

3. Significant Accounting Policies

Rental Revenues

Rental revenue is recognized on a straight-line basis over the term of the related lease. The excess of rental income recognized over the amounts due pursuant to the lease term is recorded as straight-line rent receivable. The adjustment to straight-line rent receivable increased revenue by approximately \$0.3 million for the year ended December 31, 2002 and decreased revenue by approximately \$0.2 million for the nine months ended September 30, 2003.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Description of Leasing Arrangements

The Bank of America Orange County Building is 100% leased to Bank of America NA (Bank of America) under a net lease (Bank of America Lease). Under the Bank of America Lease, Bank of America is required to pay directly to service provider, governmental agency and/or vendor all costs and expenses attributable to the premises including, but not limited to, all real estate taxes, special and general assessments, insurance premiums, utilities and maintenance and repair costs.

6. Interim Unaudited Financial Information

The statement of revenues over certain operating expenses for the nine months ended September 30, 2003 is unaudited, however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the financial statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.

SUMMARY OF UNAUDITED PRO FORMA FINANCIAL STATEMENTS

This pro forma information should be read in conjunction with the financial statements and notes of Wells Real Estate Investment Trust, Inc., a Maryland Corporation (the "Wells REIT"), included in its annual report on Form 10-K for the year ended December 31, 2002 and its quarterly report on Form 10-Q for the nine months ended September 30, 2003. In addition, this pro forma information should be read in conjunction with the financial statements and notes of certain acquired properties included in various Form 8-Ks previously filed.

The following unaudited pro forma balance sheet as of September 30, 2003 has been prepared to give effect to the fourth quarter 2003 acquisitions of the IBM Portland Buildings; the 4250 N. Fairfax Arlington Building; Wells Washington Properties, Inc., a Maryland corporation qualifying as a real estate investment trust that commenced operations on September 17, 2002, and the Boeing Seattle Building by Wells Operating Partnership, L.P. ("Wells OP"), the Leo Burnett Chicago Building by Wells 35 W. Wacker, LLC, of which Wells OP is the sole member, the Bank of America Orange County Building by Wells Brea I, L.P., whose general partner is a Delaware limited liability company wholly owned by Wells OP; the 1901 Market Street Philadelphia Building by Wells 1901 Market Business Trust, of which Wells REIT is the sponsor and beneficial owner (the "Other Recent Acquisitions"); the 1414 Massachusetts Avenue Cambridge Building and the Russell Tacoma Building by Wells OP; and the 60 Broad Street New York Building by Wells 60 Broad Street LLC, of which Wells OP is the sole member (collectively, the "Recent Acquisitions"), as if the acquisitions occurred on September 30, 2003.

Wells OP is a Delaware limited partnership that was organized to own and operate properties on behalf of Wells REIT. As the sole general partner of Wells OP, Wells REIT possesses full legal control and authority over the operations of Wells OP. Accordingly, the accounts of Wells OP are consolidated with those of Wells REIT.

The following unaudited pro forma statement of income for the nine months ended September 30, 2003 has been prepared to give effect to the first quarter 2003 acquisitions of the East Point Cleveland Buildings and the 150 West Jefferson Detroit Building; the second quarter 2003 acquisitions of the Citicorp Englewood Cliffs, NJ Building, the US Bancorp Minneapolis Building, the Aon Center Chicago Building, the GMAC Detroit Building, and the IBM Reston Buildings; the third quarter 2003 acquisitions of the ISS Atlanta III Building, the Lockheed Martin Rockville Buildings, the Cingular Atlanta Building, the Applera Pasadena Building, the Continental Casualty Orange County Building, the Polo Ralph Lauren Newark Building, the Aventis Northern NJ Building, the 1901 Main Irvine Building, and the AIU Chicago Building (collectively, the "2003 Acquisitions"); the Recent Acquisitions and the disposition of the Cort Furniture Building as if the acquisitions and disposition occurred on January 1, 2002. The unaudited pro forma statement of income for the nine months ended September 30, 2003 has been prepared to give effect to the acquisition of the Wells Washington Properties, Inc. as if the acquisition occurred on September 17, 2002.

The following unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the 2002 acquisition of the Vertex Sarasota Building (formerly, the Arthur Andersen Building), the Transocean Houston Building, the Novartis Atlanta Building, the Dana Corporation Buildings, the Travelers Express Denver Buildings, the Agilent Atlanta Building, the BellSouth Ft. Lauderdale Building, the Experian/TRW Buildings, the Agilent Boston Building, the TRW Denver Building, the MFS Phoenix Building, the ISS Atlanta Buildings, the PacifiCare San Antonio Building, the BMG Greenville Buildings, the Kraft Atlanta Building, the Nokia Dallas Buildings, the

The unaudited pro forma statement of income for the year ended December 31, 2002 has been prepared to give effect to the acquisition of the Wells Washington Properties, Inc. as if the acquisition occurred on September 17, 2002. The Kerr-McGee Property, the AmeriCredit Phoenix Property, the ISS Atlanta III Building and the Continental Casualty Orange County Building had no operations during the year ended December 31, 2002.

These unaudited pro forma financial statements are prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the 2002 Acquisitions, 2003 Acquisitions, the Recent Acquisitions, and the disposition of the Cort Furniture Building been consummated as of January 1, 2002. In addition, the pro forma balance sheet includes allocations of the purchase price for certain acquisitions based upon preliminary estimates of the fair value of the assets and liabilities acquired. Therefore, these allocations may be adjusted in the future upon finalization of these preliminary estimates.
