Stock Option Grants In Fiscal 2003

The following table presents information regarding the grant of stock options under our 1998 Equity Incentive Plan during fiscal 2003 to each of our Named Executive Officers. Generally, the options become exercisable with respect to one-third of the total shares subject to the option on each of the first three anniversaries of the grant date. The options have a term of 10 years.

Potential realizable value is based on the assumption that our common stock appreciates at the annual rate shown, compounded annually, from the date of grant until the expiration of the ten-year term. These numbers are calculated based on Securities and Exchange Commission (SEC) requirements and do not reflect our projection or estimate of future stock price growth. Actual gains, if any, on stock option exercises will be dependent on the future performance of our common stock. Potential realizable values are computed by:

multiplying the number of shares of common stock subject to a given option by the market price per share of our common stock on the date of grant;

assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire 10 year term of the option; and

subtracting from that result the aggregate option exercise price.

We granted options to purchase an aggregate of 952,640 shares of common stock to all employees during 2003. Options are granted at an exercise price equal to the fair market value of our common stock on the date of grant.

an amount equal to the then-current base salary, payable in twelve monthly installments plus the target bonus for the year in which such termination occurs; and

acceleration of vesting for all shares subject to the options held by her; such options will remain exercisable for the remainder of the periods specified in the respective option agreements.

Joan P. Platt

We entered into an employment agreement with Joan P. Platt, our Chief Financial Officer, effective as of March 15, 2003. In December 2003, the board of directors approved an increase in Mr. McLernon's base salary to \$200,000. The employment agreement has a term of three years.

If Mr. McLernon's employment is terminated without cause (as defined in his employment agreement) or he resigns for good reason (as defined in his employment agreement), he will be entitled to receive:

acceleration of vesting for all shares subject to the options held by him; such options will remain exercisable for the remainder of the periods specified in the respective option agreements.

Mr. McLernon also is subject to a commission plan, pursuant to which receives a commission of 3% of the revenue recognized from advertising sales and a quarterly sales bonus if his sales quota is exceeded. Pursuant to this plan, Mr. McLernon received a commission and sales bonus of \$69,333 in 2003.

Director Compensation

Cash Compensation. Each of our independent directors, as defined by National Association of Securities Dealers listing standards, is entitled to receive an annual fee of \$20,000, paid quarterly, for his or her services on the board. Each member of the audit committee who is an independent director shall receive an additional annual fee of \$10,000, paid quarterly, for his or her services on the audit committee. Each member of the compensation committee and mergers and acquisitions committee who is an independent director shall receive an additional annual fee of \$10,000, paid quarterly, for his or her services on each respective committee. Each member of any committee hereinafter authorized and established by our Board of Directors and who is an independent director shall receive an additional annual fee of \$5,000, paid quarterly, for his or her services on such a committee. Our directors are entitled to reimbursement of all reasonable out-of-pocket expenses incurred in connection with their attendance at board and board committee meetings.

1998 Directors Stock Option Plan. In September 1998, our board adopted, and our stockholders subsequently approved, our 1998 Directors Stock Option Plan (Directors Plan). The total number of shares of common stock initially reserved for issuance under the Directors Plan was 50,000 shares. In May 2002, our stockholders approved an amendment to the Directors Plan to increase the number of shares of common stock reserved under the plan by 50,000 shares. In May 2003, we granted an option under our Directors Plan to each of Jeffrey Rayport, Christie Hefner and Robert Lessin to purchase 2,000 shares of common stock at \$7.97 per share, the fair market value of our common stock on the date of grant, and in December 2003 we granted an option under our Directors Plan to Doug McCormick to purchase 10,000 shares of common stock at \$8.42 per share, the fair market value of our common stock at the date of grant. The Directors Plan terminated on January 16, 2004, upon consummation of the acquisition of Pinnacor Inc., and the 2004 Stock Option Plan (the 2004 Plan) became effective at that time.

2004 Stock Option Plan. In September 2003, our board adopted and our stockholders subsequently approved, our 2004 Plan, which became effective upon consummation of the Pinnacor acquisition. Beginning in 2004, stock options will be granted to non-employee directors pursuant to the 2004 Plan.

Members of our board who are not our employees or employees of any company affiliated with us are eligible to participate in the 2004 Plan. Option grants under the 2004 Plan are automatic and nondiscretionary. The exercise price of these options is the fair market value of the common stock on the date of grant. Each eligible director who becomes a member of our board will automatically be granted an option to purchase 10,000 shares. At each annual meeting of stockholders, each eligible director will automatically be granted an additional option to purchase 2,000 shares if he or she has served continuously as a member of the board since the date of such director's initial grant. The options have a term of 10 years. The options will terminate seven months after the date the director ceases to be a director or a consultant of the company, or 12 months after a termination of service due to death or disability. All options granted under the 2004 Plan vest as to one-third of the total shares subject to the option on each of the first three anniversaries of the grant date. Additionally, immediately prior to our dissolution or liquidation or entering into a change in control transaction, the vesting of these options will accelerate, and the options will be exercisable in full for a period of up to seven months following the transaction. After that time, any unexercised options will expire.

Compensation Committee Interlocks and Insider Participation

The compensation committee is currently comprised of Jeffrey Rayport and Doug McCormick. Our board of directors has determined that all current members of the compensation committee are independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers. The committee's functions are to establish and apply our compensation policies with respect to our executive

officers.

No interlocking relationship exists between members of our compensation committee and the members of the compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Relationships Among Directors or Executive Officers

There are no family relationships among any of our directors or executive officers.

REPORT OF THE COMPENSATION COMMITTEE

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings by reference, including this proxy statement, with the Securities and Exchange Commission, in whole or in part, the following report shall not be deemed to be incorporated by reference into any such filings, nor shall the following report be deemed to be incorporated by reference into any future filings under the Securities Act or the Exchange Act.

To the Board of Directors:

The compensation committee of the board of directors administers the Company's executive compensation program. The current members of the compensation committee are Jeffrey Rayport and Doug McCormick. Andrew Heyward resigned as a compensation committee member in February 2004, and Mr. McCormick became a compensation committee member in February 2004. Each of these persons is (A) independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers; (B) a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, and (C) an outside director within the meaning of Section 162(m) of the Code. None of the compensation committee members has any interlocking relationships as defined by the Securities and Exchange Commission.

General Compensation Philosophy

The role of the compensation committee is to set the salaries and other compensation of the Company's executive officers and other key employees, and to make grants under, and to administer, the stock option and other employee equity and bonus plans. Grants of options to purchase up to 1,200 shares of the Company's common stock per \$10,000 of an employee's salary may be authorized by the Chief Executive Officer and Chief Financial Officer and subject to ratification by the compensation committee. The Company's compensation philosophy for executive officers is to relate compensation to corporate performance and increases in stockholder value, while providing a total compensation package that is competitive and enables the Company to attract, motivate, reward and retain key executives and employees. Accordingly, each executive officer's compensation package may, in one or more years, be comprised of the following three elements:

base salary that is designed primarily to be competitive with base salary levels in effect at high technology companies in the San Francisco Bay Area that are of comparable size to the Company and with which the Company competes for executive personnel;

annual variable performance awards, such as bonuses, payable in cash and tied to the achievement of performance goals, financial or otherwise, established by the compensation committee; and

long-term stock-based incentive awards that focus the Company's executive officers on increasing stockholder value and strengthen the mutuality of interests between the Company's executive officers and stockholders.

Fiscal 2003 Executive Compensation

Base Salary. Salaries for executive officers for 2003 were generally determined on an individual basis by evaluating each executive's scope of responsibility, performance, prior experience and salary history, as well as the salaries for similar positions at comparable companies.

Annual Incentive Awards. The Company has established a management incentive plan. Certain employees, including executive officers, are eligible to participate in this plan. Target bonuses are established based on a percentage of base salary and become payable upon the achievement of specified total company financial goals and personal and team objectives. The compensation committee administers this plan with regard to all executive officers. In 2003, the compensation committee determined and paid bonuses to executives for performance based on the achievement of certain of these goals and objectives.

Long-Term Incentive Awards. The compensation committee believes that equity-based compensation in the form of stock options links the interests of executive officers with the long-term interests of the Company's stockholders and encourages executive officers to remain employed by the Company. Stock options generally have

value for executive officers only if the price of the Company's stock increases above the fair market value on the grant date and the officer remains employed by the Company for the period required for the shares to vest.

The Company granted stock options during 2003 in accordance with the 1998 Equity Incentive Plan, and beginning in January 2004 in accordance with the 2004 Stock Incentive Plan. In 2003, stock options were granted to certain executive officers to more closely align their interests with those of the Company's stockholders and to aid in the retention of executive officers. Stock options typically have been granted to executive officers when the executive first joins the Company. The compensation committee may, however, grant additional stock options to executive officers for other reasons. The number of shares subject to each stock option granted is within the discretion of the compensation committee and is based on anticipated future contribution and ability to impact the Company's results, past performance or consistency within the officer's peer group. At the discretion of the compensation committee, executive officers may also be granted stock options to provide greater incentives to continue their employment with the Company and to strive to increase the value of the Company's common stock. The stock options generally become exercisable over a three-year period and are granted at a price that is equal to the fair market value of the Company's common stock on the date of grant. In fiscal 2003, the compensation committee considered these factors. The compensation committee approved stock option grants to the four most highly compensated executives in fiscal 2003, and the stock option grant for Mr. Kramer, the Company's CEO, was approved by the entire board.

Chief Executive Officer Compensation

Mr. Kramer's base salary, target bonus, bonus paid and long-term incentive awards for 2003 were determined by the board of directors in accordance with the employment agreement described in Employment Agreements with Named Executive Officers, as well as in a manner consistent with the factors described above for all executive officers and were based on the achievement of certain of those factors.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1.0 million for compensation paid to certain executives of public companies. Having considered the requirements of Section 162(m), the compensation committee believes that options granted by the Company's predecessor business outside of any stock option plans and grants made under the 1998 Equity Incentive Plan meet the requirements that such grants be performance based and are, therefore, exempt from the limitations on deductibility. Historically, the combined salary and bonus of each executive officer has been below the \$1.0 million limit. The compensation committee's present intention is to meet the requirements for deductibility under Section 162(m) unless the compensation committee feels that such compliance would not be in the best interest of the Company and/or its stockholders.

Submitted by the Compensation Committee.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS*Amended and Restated License Agreement with CBS*

We entered into an amended and restated license agreement with CBS in January 1999 under which CBS grants us a non-exclusive license to utilize the CBS marks CBS and the CBS eye design for use in connection with the operation of the CBS.MarketWatch.com Web site. CBS also granted us a license to use current CBS Television News content related to business and financial news on the CBS.MarketWatch.com Web site. The amended and restated license agreement will expire on October 29, 2005. The agreement was assigned to the surviving MarketWatch entity upon consummation of the acquisition of Pinnacor Inc.

Under the agreement, we will pay CBS through October 29, 2005 a royalty based on (A) 8% of gross revenues up to and including \$50.0 million, and (B) 6% of gross revenues in excess of \$50.0 million. Gross revenues means gross operating revenues that are derived from an Internet service or Web site that (i) provides information or services of a financial nature; or (ii) uses the CBS trademarks licensed to us. Gross revenue excludes revenues from Interactive Data Corporation, or IDC, a subsidiary of Pearson, an amount equal to certain commissions paid to sales representatives, revenues received from CBS affiliates and an amount equal to certain revenues attributable to an acquired company's results of operations for the 12 months prior to the acquisition. Under our amended and restated license agreement, we expensed approximately \$3.0 million in the 2003 fiscal year related to licensing of CBS news content and trademarks.

Under the amended and restated license agreement, CBS retains significant editorial control over the use and presentation of CBS Television News content and the CBS logo. As a result of these provisions, CBS has the ability to prevent us from displaying content on the CBS.MarketWatch.com Web site that it deems inappropriate, and from producing materials, such as marketing materials, that it does not approve. This control by CBS could prevent us from engaging in desired marketing activities or from being perceived as an independent news organization, either of which could adversely affect our brand awareness and brand name.

Edgar Filing: MARKETWATCH COM INC - Form 10-K/A

CBS is able to terminate our right to use the CBS name, logo and news content or terminate the amended and restated license agreement in the event that a competitor of CBS directly or indirectly beneficially owns 15% or more of our outstanding common stock or total voting power, or if we:

issue to a CBS competitor a number of voting securities or actively participate in the acquisition by a CBS competitor, such that after the issuance or acquisition, such CBS competitor beneficially owns 9% or more of our outstanding common stock or total voting power;

breach a material term or condition of the amended and restated license agreement:

become insolvent or subject to bankruptcy or similar proceedings; or

discontinue using our mark and do not establish a substitute mark acceptable to CBS in its sole discretion.

Under the terms of the amended and restated license agreement, CBS is not permitted to license, or authorize another to license, the use of the CBS logo or name to others in connection with promoting any other Internet service or Web site in the U.S. that has as its primary function and its principal theme and format the delivery of comprehensive real-time or delayed stock market quotations and financial news in the English language to consumers, which we refer to as a Business Site. However, the following activities by CBS would be permitted:

licensing its logo or name to a Web site or internet service that delivers general news, sports or entertainment, with a financial news segment or portion included;

licensing its name or logo to a Web site or Internet service outside the U.S.;

licensing its name or logo to Web sites that provide stock price ticker displays on the site;

any activity conducted by CBS and/or its affiliates prior to CBS's signing of the amended and restated license agreement;

any activities of non-CBS owned television and radio station affiliates;

any Internet service in which CBS has an interest prior to signing the amended and restated license agreement;

any activity of Westwood One, Inc., if such activity does not produce a substantial portion of its revenues from a business site (as defined in the amended and restated license agreement); or

any transmissions of any signal of any type by and through CBS's cable television operations.

Stock Purchase Agreement with CBS

Under the terms of a stock purchase agreement that we entered into with CBS in March 2000, CBS agreed to provide an additional \$30.0 million in advertising during the period from March 1, 2000 through May 5, 2002. In March 2002, \$460,000 of the remaining advertising was extended to December 31, 2002. We recorded \$56,000 in advertising expense for the 2003 fiscal year for advertising and promotion provided by CBS under this agreement. The \$30.0 million contribution was delivered in full by June 30, 2003.

Stockholders' Agreement with CBS and Pearson

Edgar Filing: MARKETWATCH COM INC - Form 10-K/A

We entered into a stockholders' agreement with CBS and Pearson in January 1999, which was subsequently amended and restated effective January 2004 and assigned to the surviving MarketWatch entity upon consummation of the acquisition of Pinnacor Inc.

Board Nomination Rights. The amended and restated stockholders' agreement provides that CBS and Pearson each has the right to nominate a number of candidates to our board of directors based upon the percentage of our outstanding voting securities then held by them, rounded up to the nearest whole number. So long as the amended and restated license agreement is in effect, CBS and Pearson each has the right to appoint at least one member to our board of directors, regardless of their percentage ownership of our common stock. Each of CBS and Pearson currently has two representatives on our board.

Right of First Refusal and Participation Rights. The amended and restated stockholders' agreement provides that CBS and Pearson each has a right of first refusal in the event that either party desires to sell any of our securities held by it to a third party. In addition, each of CBS and Pearson has the right to purchase from our additional shares of our

common stock, or our other voting securities or securities convertible into or exchangeable for common stock if we propose to issue additional securities. In such a case, they would be able to purchase an amount, subject to certain limitations, necessary to maintain their then current percentage ownership, not to exceed their percentage ownership interest immediately after the closing of our initial public offering, which was 38.3%.

If a competitor of CBS directly or indirectly acquires more than 30% of the voting power of Pearson or substantially all of Pearson's assets at a time when Pearson beneficially owns at least 10% of our outstanding common stock, CBS may within 45 days either:

purchase all of our securities held by Pearson; or

require Pearson to place these securities in a trust, which would then dispose of the securities with a view to maximizing the sale price while disposing of such shares as promptly as reasonably practicable.

Pearson would forfeit its board representation in either event. We cannot predict which option, if any, CBS would elect in such an event.

Registration Rights Agreement with CBS and Pearson

We entered into a registration rights agreement with CBS and Pearson in January 1999. Either CBS or Pearson may demand that we file a registration statement under the Securities Act covering all or a portion of the shares of our common stock held by either of them, their affiliates or certain transferees. However, the securities to be registered must have a reasonably anticipated aggregate public offering price of at least \$3.0 million. CBS and Pearson may each affect two such demand registrations. CBS and Pearson may also request that we file a registration statement on Form S-3, provided that the aggregate public offering price is at least \$1.0 million. CBS and Pearson can each request one Form S-3 registration per year, subject to our right to delay the filing under specified circumstances. In addition, CBS and Pearson will have certain "piggyback" registration rights. However, the managing underwriter, if any, of any such offering has certain rights to limit the number of securities proposed to be included in such registration.

We would bear all registration expenses incurred in connection with these registrations. Each of CBS and Pearson would pay all underwriting discounts, selling commissions and stock transfer taxes applicable to the sale of its securities.

The registration rights of CBS and Pearson as the case may be, under the registration rights agreement will terminate when either CBS or Pearson, as the case may be, may sell all of its shares in a three-month period under Rule 144 promulgated under the Securities Act.

The registration rights agreement was assigned to the surviving MarketWatch entity upon consummation of the acquisition of Pinnacor Inc.

Other Relationships with CBS

Edgar Filing: MARKETWATCH COM INC - Form 10-K/A

In the 2003 fiscal year we recognized revenue of \$2.6 million from CBS for television and radio programming on CBS stations, and incurred expenses of \$1.2 million for the production and distribution of television and radio programming provided by CBS.

We lease certain facilities from CBS in San Francisco and New York under leases that expire in March 2008 and June 2010, respectively. For the 2003 fiscal year, we paid CBS approximately \$1.2 million in rent payments.

Other Relationships with Pearson
