Alliance gives individuals and families access to healthcare providers offering up to 16 major healthcare services at significantly discounted fees for a low annual fee. Results of Operations

Three Months Ended March 31, 2004, Compared to Three Months Ended March 31, 2003

Net revenues for the Company decreased to \$950,756 for the three months ended March 31, 2004 from \$1,040,232 for the three months ended March 31, 2003. The decrease is attributable to a decline of card revenue related to the CVS Pharmacy, Inc. contract for the quarter ended March 31, 2004.

Gross profit increased \$266,663 to \$662,660 for the three months ended March 31, 2004 from \$395,997 for the same prior year period. The increase in gross profit was primarily attributable to a reduction of network expense due to a change in a majority of the Company's networks. The change resulted in lower monthly fees and also increased the number of providers available to its card members. In addition to a change in networks, there was also a decrease of implementation expense for the State Farm Mutual Automobile Insurance Company. For total contract implementation costs in excess of \$5,000, the Company records that expense over the first twelve-month term of the contract. The first twelve-month term of the State Farm contract ended on June 30, 2003.

Marketing and sales expenses decreased to \$100,968 for the three months ended March 31, 2004, from \$336,133 in the same prior year period. The decrease is due to a reduction of royalty expense resulting from an amendment to the CVS Pharmacy, Inc. contract in 2003.

General and administrative expenses decreased to \$343,999 for the three months ended March 31, 2004 from \$360,467 in the same prior year period. The decrease is primarily attributable to a decrease in telecommunication expense from the Company's existing provider.

Other income decreased \$112,750 for the three months ended March 31, 2004. The Company received reimbursement of expenses of \$112,750 for the prior year quarter from CVS Pharmacy, Inc. related to a direct mail campaign.

The Company reported net income of \$211,924 for the three months ended March 31, 2004 compared to a net loss of \$193,885 for the same prior year period. The increase of net income was primarily attributable to the decline in the Company's network and royalty expenses as discussed above.
