PROXY STATEMENT

Annual Meeting of Shareholders

to be held on April 28, 2006

ABOUT THE MEETING

What You Are Voting On

Proxies are being solicited by the Board of Directors for purposes of voting on the following proposals and any other business properly brought before the meeting:

Proposal 1: Election of the following four directors, each for a three-year term:

John T. Crotty, Richard E. Fogg, James E. Rogers and James E. Ukrop.

Proposal 2: Ratification of KPMG LLP as Owens & Minor's independent registered public accountants.

Who is Entitled to Vote

Shareholders as of the close of business on March 2, 2006 (the Record Date) are entitled to vote. Each share of the Company's Common Stock (Common Stock) is entitled to one vote. As of March 2, 2006, 39,983,923 shares of Common Stock were issued and outstanding.

How to Vote

You can vote by the Internet, by telephone or by mail.

By Internet. You may vote by the Internet by following the specific instructions on the enclosed proxy card. If your shares are held in street name (through a broker), please contact your broker to determine whether you will be able to vote electronically.

By Telephone. You may vote by telephone using the toll-free number and following the instructions listed on the enclosed proxy card. If your shares are held in street name, please contact your broker to determine whether you will be able to vote by telephone.

By Mail. You may vote by mail by completing, signing and dating the enclosed proxy card and returning it in the postage-paid envelope provided.

However you choose to vote, you may revoke a proxy prior to the meeting by (1) submitting a subsequently dated proxy, (2) giving notice in writing to the Corporate Secretary of the Company or (3) voting in person at the meeting.

What Happens if You Don't Make Selections on Your Proxy Card

If you properly vote your proxy card and do not make a selection on one or more proposals, you give authority to the individuals designated on the proxy card to vote on such proposal(s) and any other matter

that may arise at the meeting. If no specific instructions are given, it is intended that all proxies that are signed and returned will be voted FOR the election of all nominees for director and FOR the ratification of the appointment of KPMG LLP.

What it Means if You Get More Than One Proxy Card

Your shares are probably registered differently or are held in more than one account. Sign and return or otherwise vote all proxy cards to ensure that all your shares are voted. Please have all of your accounts registered in the same name and address. You may do this by contacting our transfer agent, The Bank of New York, at 1-800-524-4458.

What Constitutes a Quorum

A majority of the outstanding shares, present or represented by proxy, constitutes a quorum. A quorum is required to conduct the Annual Meeting. If you vote your proxy card, you will be considered part of the quorum. Abstentions and shares held by brokers or banks in street name that are voted on any matter are included in the quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

The Vote Required to Approve Each Item

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked Withhold Authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Ratification of Appointment of KPMG LLP. The ratification of the appointment of KPMG LLP requires that the votes cast in favor of the ratification exceed the number of votes cast opposing the ratification.

Whether Your Shares Will be Voted if You Don't Provide Your Proxy

Whether your shares will be voted if you don't provide your proxy depends on how your ownership of shares of Common Stock is registered. If you own your shares as a registered holder, which means that your shares of Common Stock are registered in your name, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement, which is explained above. If a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own your shares of Common Stock in street name (which means that your shares are registered in the name of your broker), your shares may be voted even if you do not provide your broker with voting instructions. Brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain routine matters.

The election of directors and the ratification of the designation of KPMG LLP as independent registered public accountants of the Company are considered routine matters for which brokerage firms may vote unvoted shares. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. Abstentions, broker non-votes and, with respect to the election of directors, withheld votes will not be included in the vote totals and will not affect the outcome of the vote.

Costs of Soliciting Proxies

Owens & Minor will pay all costs of this proxy solicitation. The Company has retained Georgeson Shareholder Communications, Inc. to aid in the distribution and solicitation of proxies for approximately

\$5,500 plus expenses. The Company will reimburse stockbrokers and other custodians, nominees and fiduciaries for their expenses in forwarding proxy and solicitation materials.

CORPORATE GOVERNANCE

General. The Company is managed under the direction of the Board of Directors, which has adopted Corporate Governance Guidelines to set forth certain corporate governance practices. Each year the Company reviews its corporate governance policies and practices relative to the policies and practices recommended by groups and authorities active in corporate governance as well as the requirements of the Sarbanes-Oxley Act of 2002 and rules promulgated thereunder or adopted by the Securities and Exchange Commission (SEC) and the New York Stock Exchange (NYSE), the exchange on which the Company s common stock is listed. As part of this ongoing effort, the Company revised the charters of the Audit Committee, Governance & Nominating Committee and Compensation & Benefits Committee in 2005. The Company also revised its Corporate Governance Guidelines. For a description of the Governance & Nominating Committee s function with respect to corporate governance, see the Report of the Governance & Nominating Committee below.

Corporate Governance Materials. The Company s Bylaws, Corporate Governance Guidelines, Code of Honor and the charters of the Audit, Compensation & Benefits, and Governance & Nominating Committees are available on the Company s website at www.owens-minor.com/corporate-governance and are available in print to any shareholder upon request to Corporate Secretary, Owens & Minor, Inc., 9120 Lockwood Boulevard, Mechanicsville, VA 23116.

Code of Honor. The Board of Directors has adopted a Code of Honor that is applicable to all employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer, as well as the members of the Board of Directors. The Code of Honor is available on the Company s website at www.owens-minor.com/corporate-governance. The Company intends to post any amendments to or waivers from its Code of Honor (to the extent applicable to the Company s chief executive officer, principal financial officer, principal accounting officer, any other executive officer or any director) on its website.

Director Independence. The Board of Directors determined in 2006 that the following ten members of its twelve-member Board are independent within the meaning of NYSE listing standards and the Company s Corporate Governance Guidelines: A. Marshall Acuff, Jr., J. Alfred Broaddus, Jr., John T. Crotty, James B Farinholt, Jr., Richard E. Fogg, Eddie N. Moore, Jr., Peter S. Redding, James E. Rogers, James E. Ukrop and Anne Marie Whittemore. To assist it in making determinations of independence, the Board has adopted categorical standards which are contained in the Company s Corporate Governance Guidelines included in this proxy statement as Appendix A. The Board has determined that all directors identified as independent in this proxy statement meet these standards.

REPORT OF THE GOVERNANCE & NOMINATING COMMITTEE

The Governance & Nominating Committee was formed by the Board of Directors in 1996 to promote good corporate governance practices. Composed of five independent directors who met six times during 2005, the Governance & Nominating Committee operates under a charter that sets forth its purpose:

- (i) to assist the Board by identifying and recommending nominees for election to the Board;
- (ii) to oversee the governance of the Company, including recommending to the Board corporate governance guidelines for the Company;
- (iii) to lead the Board in its annual review of the Board s performance; and
- (iv) to recommend to the Board director nominees for each Board committee and each committee chairman.

The Governance & Nominating Committee continues to study and implement good corporate governance practices at Owens & Minor as it endeavors to stay on the leading edge of corporate governance matters. During 2005, the Governance & Nominating Committee recommended, and the Board of Directors adopted, amendments to the Company's Corporate Governance Guidelines (1) to include more specific criteria to assist the Board of Directors in making director independence determinations and (2) to include general criteria for identifying and evaluating qualified director candidates. The revised Corporate Governance Guidelines are included in this proxy statement as Appendix A.

In addition, during the past year, the Governance & Nominating Committee continued its focus on director education. All twelve of the Company's directors attended continuing education programs in the past year, including programs accredited by Institutional Shareholder Services. The Audit Committee members participated in two additional in-house director education seminars presented by outside experts on earnings release disclosure guidelines and investigations of accounting, auditing and internal controls matters.

During 2005, the Governance & Nominating Committee, with the advice of an outside compensation consultant, undertook a comprehensive review and analysis of the Company's director compensation program. Although this evaluation is still ongoing, the Governance & Nominating Committee expects that there will be modifications to the current director compensation program to ensure that the Company remains competitive and continues to attract and retain qualified Board members.

The Governance & Nominating Committee's charter, as well as the Corporate Governance Guidelines, are available on the Company's website. The Governance & Nominating Committee will continue to monitor and support the implementation of corporate governance best practices at Owens & Minor.

DIRECTOR NOMINATING PROCESS

Director Candidate Recommendations and Nominations by Shareholders. The Governance & Nominating Committee charter provides that the Governance & Nominating Committee will consider director candidate recommendations by shareholders. Shareholders should submit any such recommendations to the Governance & Nominating Committee through the method described under Communications with the Board of Directors on page 8. In addition, the Company's Bylaws provide that any shareholder of record and entitled to vote for the election of directors at the applicable meeting of shareholders may nominate directors by complying with the notice procedures set forth in the bylaws and summarized in Shareholder Proposals on page 25.

Process for Identifying and Evaluating Director Candidates. The Governance & Nominating Committee evaluates all director candidates in accordance with the director qualification standards and the General Criteria for Nomination to the Board described in the Corporate Governance Guidelines. The Governance & Nominating Committee evaluates any candidate's qualifications to serve as a member of the Board based on the skills and characteristics of individual Board members as well as the composition of the Board as a whole. In addition, the Governance & Nominating Committee will evaluate a candidate's

independence and diversity, age, skills and experience in the context of the Board's needs. The Company's Bylaws provide that no director nominee can stand for election if, at the time of appointment or election, the nominee is over the age of 69. There are no differences in the manner in which the Governance & Nominating Committee evaluates director candidates based on whether the candidate is recommended by a shareholder. The Governance & Nominating Committee did not receive any recommendations from any shareholders in connection with the Annual Meeting.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has approved a process for shareholders to send communications to the Board. Shareholders can send written communications to the Board, any committee of the Board, the Lead Director or any other individual director at the following address: P.O. The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has discussed with management its assessment of the effectiveness of internal control over financial reporting and has discussed with KPMG LLP its opinion as to both the effectiveness of the Company's internal control over financial reporting and management's assessment thereof.

Based upon its discussions with management and KPMG LLP and its review of the representations of management and the report of KPMG LLP to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC.

STOCK OWNERSHIP INFORMATION**Compliance With Section 16(a) Reporting**

Section 16(a) of the Exchange Act requires the Company's directors and executive officers to file reports with the SEC of holdings and transactions in the Company's Common Stock. Based on the Company's records and information provided by the directors and officers, the Company believes that the filing requirements were satisfied in 2005 except that Mr. Minor inadvertently reported a 2004 gift transaction late.

Stock Ownership Guidelines

Under the Company's Management Equity Ownership Program (MEOP) adopted in 1997, officers are expected, over a five-year period, to achieve the following levels of ownership of Common Stock:

Executive Vice Presidents	2.0 x Base Salary
Senior Vice Presidents	1.5 x Base Salary
Vice Presidents, Regional Vice Presidents	1.0 x Base Salary

Each officer who has served as an officer of the Company for at least five years has achieved his or her ownership objective.

In addition, the Board of Directors adopted a policy in 1997 that each director achieve, over a five-year period, a level of ownership in Common Stock equal to at least five times the annual retainer fee (including both cash and stock retainer). Each Director who has served on the Board of Directors for at least five years has achieved this ownership objective.

RETIREMENT PLANS

Pension Plan. The Company provides retirement benefits under a defined benefit pension plan to substantially all employees who had earned benefits as of December 31, 1996. Benefits under the pension plan are based upon both length of service and compensation and are determined under a formula based on an individual's earnings and years of credited service. Funding is determined on an actuarial basis. Effective December 31, 1996, participants in the pension plan ceased to accrue additional benefits; provided, however, that participants who had completed at least five years of service as of January 1, 1997 and whose age plus years of service equaled at least 65 continued to earn an accrued benefit until the earlier of (i) December 31, 2001 or (ii) retirement, death or termination of employment (with the exception of certain highly compensated employees if the pension plan did not meet certain coverage requirements of the Internal Revenue Code).

The following table shows estimated annual benefits payable under the pension plan at normal retirement age of 65 years based on the specified remuneration and years of service:

(1) Average compensation represents compensation based upon a benefit formula applied to an employee's career average earnings, which approximates the amount of salary set forth in the Summary Compensation Table.

The maximum amount of covered compensation is \$170,000, or some other amount as may be determined by the Secretary of Treasury pursuant to Section 401(a)(17) of the Internal Revenue Code.

Benefits are computed on a straight life annuity basis and are not subject to offset for Social Security benefits or other amounts. The years of service credited to the Named Executive Officers and the annual benefits payable to the Named Executive Officers under the pension plan at normal retirement age of 65 years based on remuneration and years of service as of December 31, 2001 are as follows: Mr. Minor, 36 years, \$77,819; Mr. Smith, 11 years, \$10,144; Mr. Van Sumeren, not eligible; Mr. Kaczka, not eligible; and Ms. den Hartog, not eligible.

Supplemental Executive Retirement Plan. The Company provides supplemental retirement benefits to certain employees selected by the Compensation Committee under the Supplemental Executive Retirement Plan (SERP). The SERP entitles participants who meet its age and service requirements to receive a specified percentage (in the case of Messrs. Minor and Smith, 65%, and the other Named Executive Officers, 60%) of the participant's average base monthly salary (plus bonus for certain participants, including the Named Executive Officers) during the five years preceding his or her retirement reduced by the benefit payable under the pension plan, Social Security and any defined benefit pension plan of a prior employer. The estimated annual benefits payable under the SERP upon retirement at normal retirement age for the Named Executive Officers are:

Mr. Minor \$659,272, Mr. Smith \$556,597, Mr. Van Sumeren \$261,493, Mr. Kaczka \$287,335, and Ms. den Hartog \$213,362.

SEVERANCE AGREEMENTS

The Company has entered into severance agreements with certain officers (including the Named Executive Officers), the purpose of which is to encourage key management personnel to remain with the Company and to avoid distractions regarding potential or actual changes in control of the Company.

The severance agreements provide for the payment of a severance benefit if the officer's employment with the Company is terminated within two years after a change in control unless such termination is (i) due to death or disability, (ii) by the Company for cause (as defined therein) or (iii) by the officer for good reason (as defined therein). For the Named Executive Officers, the severance benefit is equal to 2.99 times the officer's annual base salary plus bonus. In consideration for any severance benefits paid, the severance agreements impose certain non-competition and non-solicitation restrictive covenants on the officers and prohibit the disclosure and use of confidential Company information.

Each severance agreement continues in effect through December 31, 2006, and unless notice is given to the contrary, the term is automatically extended for an additional year at the end of each year.

REPORT OF THE COMPENSATION & BENEFITS COMMITTEE

The Compensation & Benefits Committee (the Committee) is comprised of four independent directors who are not current or past employees of the Company. The Committee is responsible for establishing compensation levels and evaluating performance for the CEO and other senior officers of the Company, currently 12 in total. The Committee's Charter can be found on the Company's website.

The Committee's philosophy is to:

establish and maintain programs and practices that promote achievement of the Company's strategic objectives,

provide rewards that reflect the Company's performance, and

align executives' financial interests with those of shareholders.

Accordingly, compensation for executives is based on measures of the Company's financial performance and strategic results intended to translate into increased shareholder value. As shown on the graph on page 24,

the Company's stock price has increased approximately 55% since January 1, 2001 through December 31, 2005 and total shareholder return over the period was 69%. The Committee considers program cost and internal equity with compensation paid to non-executive employees when making its decisions.

The Committee also strives to maintain market competitive compensation levels. To meet this objective, the Committee evaluates executive compensation levels through comparisons to the peer companies included in the performance graph of this Proxy Statement and other companies of similar size and operating characteristics. Base salaries are targeted at the competitive market median for similarly experienced executives. Annual incentive compensation opportunities, when combined with base salaries, are intended to reach competitive median total cash compensation levels as warranted by the Company's and the individual officer's performance. Longer-term incentive compensation opportunities, such as stock options and restricted stock, link executive compensation with achievement of strategic objectives and shareholder value growth. This combination is intended to focus management on both the annual and longer-term success of the Company.

Committee Process and Compensation Administration

To maintain the desired level of competitiveness and technically sound compensation and benefit programs, the Committee obtains information and guidance from the Company's Human Resources Department as well as independent outside advisors. It reviews available compensation information for executive officers of the peer and other comparable companies. Through the use of tally sheets, the Committee reviews the total value of the annual compensation for each executive and all executives as a group. The Committee also reviews the total compensation that would be paid to executive officers upon the occurrence of certain events, particularly an officer's retirement or a change in control of the Company.

In deciding base salary levels, incentive payments and granting of stock options and restricted stock, the Committee seeks recommendations from the Chief Executive Officer on senior executives. The Committee meets in executive session, without the presence of management (including the Chief Executive Officer), to evaluate the performance of and determine compensation levels for the Chief Executive Officer.

2005 Developments

During 2005, the Committee, with the assistance of an independent outside consultant, reviewed the Company's long-term incentive strategy and determined to reduce its use of stock options, to introduce restricted stock as a regular component of long-term compensation and to attach performance conditions to certain restricted stock grants made in 2006 which would accelerate vesting of the awards.

The Committee also adopted an Executive Officer Severance policy to cover involuntary not-for-cause employment terminations of officers or their resignation at the request of the Company. The new policy provides severance based on years of service and officer level in the Company, with senior vice-presidents and above receiving a minimum of 9 months and a maximum of 18 months salary and annual bonus. In addition to severance, executives will generally receive a pro-rata portion of their restricted stock awards and other benefits as more fully described in the Company's December 23, 2005 Form 8-K filing.

Components of Executive Compensation

Base Salary

Executive officer base salaries in 2005 were based on median competitive compensation data, overall individual and Company performance levels and expected future contribution to the Company. The Committee reviews base salaries each April and makes appropriate adjustments. The 2005 salaries for the Named Executive Officers presented in the Summary Compensation Table are the actual salaries received by such officers during the year. In April 2005, G. Gilmer Minor, III, the Company's Chief Executive Officer until July 1, 2005, received an increase in base salary of 3% from \$757,483 to \$780,207. The Company's new Chief Executive Officer, Craig R. Smith, received two increases. His first increase was 3.2% in April 2005, from \$595,204 to \$614,100. His salary was further increased to \$700,000 on July 1, 2005 when he assumed the role of Chief Executive Officer.

Annual Incentive

Each year the Committee meets to review key aspects of the upcoming year's business plan and establish annual incentive goals for each corporate officer (the Annual Incentive Plan). These goals are weighted to reflect their importance and contribution to Company performance.

The Annual Incentive Plan for 2005 was designed to provide incentive compensation targets of between 40% and 75% of base salary for the Named Executive Officers, subject to the achievement of the Company's target performance objectives. The target incentive was based on achievement of financial performance targets established in the Company's annual business plan for company net income (35%), company net sales (20%), company SG&A (20%) and company gross margin (25%). The incentive amount increased or decreased in relationship to the financial performance targets and no incentive would have been payable (other than possible discretionary bonuses) if financial performance was below a specified minimum level. The performance targets were established by the Committee and approved by the Board of Directors in the fourth quarter of 2004.

In February 2006, the Committee met to discuss performance compared to Annual Incentive Plan goals as well as the Company's longer-term strategic business goals. These longer-term business goals centered around the Company's strategic objectives to increase profitable revenue growth through innovative programs and operational efficiencies while maintaining its focus on customer service excellence.

For 2005 the Company reported a 6.6% increase in revenue to \$4.82 billion from \$4.53 billion in 2004. Net income increased 6.5% to \$64.4 million compared to \$60.5 million in 2004. Net income per diluted common share increased 5.2% to \$1.61 compared to \$1.53 in 2004. Gross margin for 2005 was 10.7% of revenue compared to 10.2% in 2004 and SG&A expense 7.9% of revenue compared to 7.5% in 2004.

Based on these and other financial and operational results, the Company achieved 46% of its overall annual incentive target. Upon consideration of these results, the Committee awarded payments ranging from 4.8% to 18.6% of base salary for the Named Executive Officers (other than the Chief Executive Officer) for performance achieved in 2005. Mr. Minor earned a bonus of \$226,261 (computed on base salary pro rated for his tenure as chief executive officer), 20% of which was paid in Common Stock as discussed below. Mr. Smith's bonus was \$219,240, 25.1% of his blended base salary for the year.

Under the Company's Annual Incentive Plan, 80% of the annual incentive is paid in cash and 20% in Common Stock. This feature of the plan is designed to align the interests of executives with shareholders by increasing executive stock ownership while furthering executive retention. The shares are restricted and vest after three years, provided the officer remains an employee of the Company. Mr. Minor received a cash award of \$181,009 and a restricted stock award of 1,496 shares for 2005, and Mr. Smith received a cash award of \$175,392 and a restricted stock award of 1,450 shares for 2005. In addition, the Committee recommended and the Board of Directors approved a discretionary cash bonus of \$150,000 to Mr. Minor in consideration of his 42 years of service and leadership to the Company.

Long-Term Incentive

The Company's 2005 Stock Incentive Plan permits the Committee to consider grants of non-qualified stock options, incentive stock options, restricted and performance-based awards, and stock appreciation rights. The Committee's decision to approve stock awards in addition to those granted in connection with the Annual Incentive Plan as described above is discretionary and largely determined by financial performance, strategic accomplishments and individual contributions, although there are no specific performance targets for this purpose. Stock award decisions may also be based upon outstanding individual performance, job promotions and the assumption of greater responsibility within the Company.

The Committee believes stock option grants have historically been effective in focusing executives on enhancing long-term profitability and shareholder value. In 2005, the Committee granted 37,500 stock options to Mr. Minor and a total of 87,500 options to Mr. Smith to encourage future growth in shareholder returns. The options were granted at fair market value and have a term of seven years. The Committee believes a seven-year term incorporates a greater performance requirement than the traditional ten-year term used by many companies.

In addition, the Committee granted 2,800 restricted shares each to Messrs. Minor and Smith as part of their long-term incentives.

Stock option grants and restricted stock awards were also provided to the other Named Executive Officers.

The Committee recognizes the significance of dilution and, accordingly, equity usage historically has been conservative compared to the Company's peer group. The Committee will continue to take a responsible approach to dilution and equity usage by managing annual equity grants and adopting appropriate plan provisions, such as the seven-year option term. Through these practices, as well as monitoring of the competitive landscape, the Committee intends to continue the Company's equity grant programs while maintaining an appropriate balance with shareholder interests.

Management Equity Ownership Program

In 1997 the Committee approved the Owens & Minor, Inc. Management Equity Ownership Program (MEOP) for members of the management team, including each of the Named Executive Officers. This program is intended to strengthen the alignment of management and shareholder interests by creating meaningful levels of stock ownership by management. An ownership target has been determined for each level of the management team. These targets range from four times salary for the Chief Executive Officer to one times salary for Vice Presidents. Eligible holdings in meeting these targets include direct holdings, indirect holdings, shares held through Company plans such as the 401(k) plan and stock purchase plan and restricted stock holdings. To encourage ownership and help senior officers meet their equity investment targets, participants may elect to receive a portion of their annual cash incentive award in restricted stock.

Participants are given a five-year period to reach the full target ownership amount with interim ownership targets to meet each year. As of December 31, 2005, the value of the stock owned by participants, in aggregate, exceeded the aggregate full target ownership amount. The Named Executive Officers as a group have beneficial ownership levels (excluding stock options held) well above the median level of the Company's peer group, reflecting the Company's strong commitment to executive stock ownership.

If a participant meets his or her target level of ownership, a 10% annual equity ownership dividend (the dividend is reduced to 5% for the years subsequent to a participant reaching his or her full target ownership amount) is paid on all Common Stock owned up to the participant's full target level. The dividend is paid in the form of restricted stock that will vest five years after grant if the desired ownership level is maintained. If a participant's ownership falls below the desired level, a portion of his or her annual bonus and/or salary increase, if earned, will be paid in the form of restricted stock and dividend shares will be forfeited until the target ownership level is met. During 2005, Mr. Smith was granted a dividend of 4,871 shares of restricted stock under the MEOP.

Corporate Tax Considerations

Section 162(m) of the Internal Revenue Code disallows corporate tax deductions for executive compensation in excess of \$1 million paid annually to Named Executive Officers. This law allows for certain exemptions to the deduction cap, including performance-based compensation as defined in the rules adopted under Section 162(m).

The Committee intends that the Company's pay plans generally be performance-based and therefore eligible for compensation expense deductions. The Committee, however, may exercise discretion to award compensation that is not tax deductible when it determines that doing so will better support the long-term goals of the Company and the interests of shareholders. All compensation paid or awarded in 2005 is expected to be fully deductible.

OWENS & MINOR, INC.

CORPORATE GOVERNANCE GUIDELINES

The following shall constitute the Corporate Governance Guidelines (the "Corporate Governance Guidelines") of the Board of Directors of Owens & Minor, Inc. (the "Corporation"):

I. BOARD COMPOSITION AND STRUCTURE

1. Director Qualifications

The Board of Directors of the Corporation (the "Board") will satisfy any independence requirement of the New York Stock Exchange as then in effect.

The Governance & Nominating Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of Board members as well as the composition of the Board as a whole.

This assessment will include members' qualifications as independent (directors shall inform the Chairman of that Committee of any matter bearing on the director's independence), as well as consideration of diversity, age, skills and experience in the context of the Board's needs as well as the members of the Board. Attached to these Guidelines as Annex A is the General Criteria for Nomination to the Board which has been adopted by the Governance & Nominating Committee. These General Criteria set forth the traits, abilities and experience that the Board looks for in determining candidates for election to the Board.

Nominees for directorship will be recommended to the Board by the Governance & Nominating Committee in accordance with the policies and principles in its charter.

The invitation to join the Board will be extended by the Board through the Chairman of the Governance & Nominating Committee and the Chairman of the Board.

2. Independence Standards

A majority of the Directors shall be independent.

In order for a Director to be considered independent by the Board, he or she must (i) be free of any relationship that, applying the rules of the New York Stock Exchange, would preclude a finding of independence and (ii) not have a material relationship (either directly or as a partner, shareholder or officer of an organization) with the Company or any of its affiliates or any executive officer of the Company or any of its affiliates. The Independence Determination Guidelines attached to these Corporate Governance Guidelines as Annex B have been established to assist the Board of Directors in making these independence determinations.

3. Change in Principal Position

It is the sense of the Board that individual directors who change the responsibility they held when they were elected to the Board should volunteer to resign from the Board. Such a step provides an opportunity for the Board, through the Governance & Nominating Committee, to review the continued appropriateness of Board membership under the circumstances.

Directors should advise the Chairman of the Board and the Chairman of the Governance & Nominating Committee in advance of accepting an invitation to serve on another public company board.

4. Term Limits

The Board does not believe that it is in the best interest of the Corporation or its shareholders to establish term limits for directors. The Governance & Nominating Committee will review each director's continuation on the Board every three years. This will allow each director the opportunity to conveniently confirm his or her desire to continue as a member of the Board. The Board does not believe it should establish term limits. While term limits could help insure that there are fresh ideas and viewpoints available to the Board, they have the significant disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into the Corporation and its operations and, therefore, provide an increasing contribution to the Board as a whole.

II. DIRECTOR RESPONSIBILITIES

1. Basic Responsibilities

The director's basic responsibility is to exercise his or her good faith business judgment of the best interests of the Corporation. In discharging that obligation, each director should be entitled to rely on the honesty and integrity of the Corporation's senior executives and its outside advisors and auditors absent evidence that makes such reliance unwarranted.

Directors are expected to attend Board meetings and meetings of committees on which they serve, to spend the time needed and meet as frequently as necessary to discharge properly their responsibilities. Information and data that are important to the Board's understanding of the business to be conducted at a Board or committee meeting should generally be distributed in writing to the directors before the meeting. Directors should review these materials in advance of the meeting.

The directors shall also be entitled (1) to have the Corporation purchase reasonable levels of directors' and officers' liability insurance on their behalf; (2) to the benefits of indemnification to the fullest extent permitted by law and the Corporation's Articles of Incorporation, Bylaws and any indemnification agreements; and (3) to exculpation as provided by Virginia law and the Corporation's Articles of Incorporation.

2. Separation of Offices of Chairman and CEO/Lead Director

The Board has no policy with respect to the separation of the offices of Chairman and the Chief Executive Officer. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Corporation for the Board to make a determination when it elects a new chief executive officer.

The Governance & Nominating Committee shall recommend for Board approval an independent director to serve as Lead Director. The Lead Director shall be elected annually by the Board following the election of directors at the annual meeting of the shareholders. The Lead Director shall:

preside at Board meetings in the absence of the Chairman;

preside at meetings of the independent directors;

serve as principal liaison on behalf of the independent directors;

advise the Chairman and the Committee Chairmen with respect to agendas and information needs relating to Board and Committee meetings;

be authorized to call meetings of the Board and meetings of the independent directors, set agenda items for such meetings and perform such other duties as the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities.

The identity of the Lead Director shall be disclosed in the annual proxy statement, together with a method for interested parties to communicate directly with the Lead Director.

3. Agenda

The Chairman will establish the agenda for each Board meeting in consultation with the Lead Director. At the beginning of the year the Chairman will establish a schedule of significant agenda subjects to be discussed during the year (to the degree this can be foreseen). Each Board member is encouraged to suggest the inclusion of items on the agenda. Each Board member is free to raise at any Board meeting subjects that are not on the agenda for that meeting. The Board will review the Corporation's long-term strategic plans and the principal issues that the Corporation will face in the future during at least one Board meeting each year.

4. Executive Session

The non-management directors will meet in executive session following each regularly scheduled Board meeting and at such other times as they may determine. The independent directors (excluding any non-management director who does not qualify as an independent director under the rules of the NYSE, if any) will meet in executive session at least annually. The Lead Director shall preside at these meetings.

5. Communication Policy

The Board believes that the management speaks for the Corporation. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Corporation. It is expected that Board members would do this with the knowledge of the management and, absent unusual circumstances or as contemplated by the committee charters, only at the request of management.

6. Code of Honor

At all times, directors will comply with the provisions of the Corporation's Code of Honor.

III. BOARD COMMITTEES

The Board will have at all times an Audit Committee, a Compensation & Benefits Committee and a Governance & Nominating Committee. The members of these committees will comply with any requirements of the New York Stock Exchange as then in effect. Committee members will be appointed by the Board upon recommendation of the Governance & Nominating Committee with consideration of the desires of individual directors. It is the sense of the Board that consideration should be given to rotating committee members periodically, but the Board does not feel that rotation should be mandated as a policy.

Each committee will have its own charter. The charters will set forth the purposes, goals and responsibilities of the committees as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure and operations and committee reporting to the Board. The charters will also provide that each committee will annually evaluate its performance.

The Chairman of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairman of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda. At the beginning of the year each committee will establish a schedule of the principal agenda subjects to be discussed during the year (to the degree these can be foreseen). The schedule for each committee will be furnished to all directors.

The Board may, from time to time, establish or maintain additional committees as necessary or appropriate.

IV. DIRECTOR ACCESS TO OFFICERS AND TEAMMATES

Directors have full and free access to officers and teammates of the Corporation and, as necessary and appropriate, to the Corporation's independent advisors. Any meetings or contacts that a director wishes to initiate may be arranged through the CEO or the Secretary or directly by the director. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Corporation and will, to the extent not inappropriate, copy the CEO on any written communications between a director and an officer or teammate of the Corporation, or advise the CEO of any such oral communications.

The Board welcomes regular attendance at each Board meeting of the Corporation's senior officers. If the CEO wishes to have additional Corporation personnel attend on a regular basis, this suggestion should be brought to the Board for approval.

V. DIRECTOR COMPENSATION

The form and amount of director compensation will be determined by the Board based on a recommendation of the Governance & Nominating Committee in accordance with the policies and principles set forth in its charter. The Governance & Nominating Committee will conduct an annual review of director compensation. The Governance & Nominating Committee will consider that directors' independence may be jeopardized if director compensation and perquisites exceed customary levels, if the Corporation makes substantial charitable contributions to organizations with which a director is affiliated, or if the Corporation enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated.

VI. DIRECTOR ORIENTATION AND CONTINUING EDUCATION

All new directors must participate in the Corporation's Orientation Program, which should be conducted within two months of the new director's election to the Board. This orientation will include presentations by senior management to familiarize new directors with the Corporation's strategic plans, its significant financial, accounting and risk management issues, its compliance programs, these Guidelines, its Code of Honor, its principal officers and its internal and independent auditors. In addition, the Orientation Program will include visits to Corporation headquarters and, to the extent practical, certain of the Corporation's significant facilities. All other directors are also invited to attend the Orientation Program.

All directors are encouraged to attend programs and seminars dealing with the role and responsibility of publicly owned company directors.

VII. CEO EVALUATION AND MANAGEMENT SUCCESSION

The Compensation & Benefits Committee and Governance & Nominating Committee will conduct annual reviews of the CEO's performance, as set forth in their charters. The Board of Directors will review the Committee reports in order to ensure that the CEO is providing the best leadership for the Corporation in the long- and short-term.

The Governance & Nominating Committee should make an annual report to the Board on succession planning. The Board will work with the Governance & Nominating Committee to nominate and evaluate potential successors to the CEO. The CEO should at all times make available his or her recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

VIII. ANNUAL PERFORMANCE EVALUATION

The Board of Directors will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Governance & Nominating Committee will receive comments from all directors and

report annually to the Board with an assessment of the Board's performance. The assessment will focus on the Board's contribution to the Corporation and specifically focus on areas in which the Board or management believes that the Board can improve.

IX. DIRECTOR ATTENDANCE AT ANNUAL SHAREHOLDER MEETINGS

It is the Board's policy that, absent unusual or unforeseen circumstances, all of the directors of the Corporation are expected to attend each Annual Meeting of the Corporation's shareholders.

X. CONSISTENCY WITH ARTICLES

To the extent that any provision or section of the Corporate Governance Guidelines may be inconsistent with any article, provision or section of the Articles of Incorporation or the Bylaws of the Corporation, the Articles of Incorporation or the Bylaws, as appropriate, shall fully control.

XI. AMENDMENT

These Corporate Governance Guidelines may be amended or altered at any meeting of the Board of Directors by affirmative vote of a majority of the number of Directors fixed by the Bylaws.

XII. CERTIFICATION

This Corporate Governance Guidelines, as amended, was duly approved and adopted by the Board of the Corporation on the 26th day October, 2005.

INDEPENDENCE DETERMINATION GUIDELINES
FOR BOARD OF DIRECTORS OF OWENS & MINOR

For a director to be deemed independent, the Board of Directors of the Company shall affirmatively determine that the director has no material relationship with the Company directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. In making such determinations, the Board will broadly consider all relevant facts and circumstances. In particular, when assessing the materiality of a director's relationship with the Company, the Board should consider the issue from both the standpoint of the director and the persons or organizations with which the director is affiliated. The Board has established the following guidelines to assist it in determining director independence, which conform to or are more exacting than the independence requirements in the NYSE rules:

1. A director who is, or has been within the last three years, an employee of the company, or whose immediate family member is, or has been within the last three years, an executive officer of the company, is not independent. Employment as an interim chairman or chief executive officer or other executive officer will not disqualify a director from being considered independent following such employment.
2. A director who has received (or whose immediate family member, serving as an executive officer, has received) during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company (excluding director and committee fees and pensions or other forms of deferred compensation for prior service, provided such compensation is not contingent in any way on continued service) is not independent. 3. A director is not independent if (A) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time.
4. A director who is, or whose immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee is not independent.
5. A director who is a current employee, or whose immediate family is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 1% of such other company's consolidated gross revenues is not independent.
6. A director who is, or whose immediate family member is, (i) a partner, officer or 10% owner of a firm or company that has provided consulting, legal or financial advisory services to Owens & Minor within the last three years and (ii) the services that were provided during any twelve-month period of the three years were in an amount which, in the company's or firm's fiscal year, exceeded the greater of \$1 million or 1% of such company's or firm's consolidated gross revenues, is not independent.

At least one member of the Committee shall be an audit committee financial expert; as such term is defined by the Securities and Exchange Commission. If an audit committee member simultaneously serves on the audit committee of three public companies, the Board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Corporation s Audit Committee and disclose such determination in the annual proxy statement.

The members of the Audit Committee shall be appointed by the Board, at the Board s annual meeting, on the recommendation of the Governance & Nominating Committee, and may be removed by the Board. The members of the Audit Committee shall serve for one year or until their successors are duly elected and qualified. Unless a Chairman is elected by the full Board, the members of the Audit Committee shall designate a Chairman by majority vote of the full Audit Committee membership.

The duties and responsibilities of Audit Committee members contained herein shall be in addition to those duties otherwise required for members of the Board.

(5) the performance of the Corporation's independent auditors and internal audit functions; and

(6) issues involving the Corporation's ethical and legal compliance responsibilities.

The independent auditor shall be accountable to the Board through the Audit Committee. The Audit Committee shall consult with management but shall not delegate these responsibilities.

The Audit Committee may form subcommittees and delegate authority to subcommittees when appropriate.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain and obtain advice and assistance from internal, external or independent legal, accounting, financial or other advisors. The Audit Committee shall have the authority to retain and compensate such advisors without seeking further approval and shall receive appropriate funding, as determined by the Audit Committee, from the Corporation to compensate such advisors and for payment to the independent auditors for the purpose of rendering or issuing an audit report and internal control attestation report. The Audit Committee shall have the authority to conduct or authorize investigations into any matters within its scope of responsibilities and shall have the authority to retain outside advisors to assist the Committee in the conduct of any investigation.

The Audit Committee shall make regular reports to the Board, and shall review with the Board any issues that arise with respect to the quality or integrity of the Corporation's financial statements, the Corporation's compliance with legal or regulatory requirements, the performance and independence of the Corporation's independent auditors, or the performance of the internal audit function.

The Audit Committee shall review and reassess the adequacy of this Charter, at least annually, and shall recommend any proposed changes to the Board for approval.
