Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the directors and executive officers of the Company and any persons who own more than ten percent of the Company's common stock to file with the Securities and Exchange Commission various reports of beneficial ownership and changes in beneficial ownership. The Company believes all of its directors and executive officers complied with all filing requirements applicable to them with respect to transactions during the fiscal year ended January 31, 2006.

Meetings and Committees

During the fiscal year ended January 31, 2006 the Board of Directors held four formal meetings and two meetings by telephone conference. The Board of Directors has adopted a policy that requires members of the Board to make every effort to attend each annual shareholders meeting. All members of the Board of Directors attended the 2005 annual shareholders meeting.

The Board of Directors currently has three standing committees: an Audit Committee, a Compensation Committee and a Nominating Committee. The members and chairs of each of those committees are appointed each year. Membership of the Audit, Compensation and Nominating Committee is comprised of the Company's three outside directors, Messrs. Hopkins and MacLetchie and Dr. Viets, all of whom are independent as defined under the applicable NASDAQ listing standards and Securities and Exchange Commission (SEC) rules.

Each of the Audit, Compensation and Nominating Committees has a written charter approved by the Board of Directors. A copy of each charter is available on the Company's website at www.astro-medinc.com under "Our Company" Corporate Governance .

Audit Committee. The Audit Committee's primary duties and responsibilities include overseeing the integrity of the Company's financial reports, appointing, setting the compensation and overseeing the Company's independent accountants, and assessing the qualifications and independence and performance of the Company's

independent accountants and the adequacy of internal controls. The Audit Committee meets with the Company's independent accountants to review quarterly financial results, the annual audit scope, the results of the audit and other relevant matters. Mr. Hopkins serves as Chairman of the Audit Committee, which held four in person meetings and four meetings by telephone conference during the fiscal year ended January 31, 2006. The Board of Directors has determined that all three members of the Audit Committee satisfy the financial literacy requirements of the NASDAQ listing standards and are independent as defined under the NASDAQ listing requirements and applicable SEC rules. Additionally, the Board of Directors has determined that Graeme MacLetchie satisfies the financial sophistication requirement of the NASDAQ listing requirements, but that none of the Audit Committee members qualifies as an audit committee financial expert as defined by the SEC rules, which, in the view of the Board of Directors, require an advanced understanding of internal controls and procedures. However, the Board believes that the members of the Audit Committee have a thorough understanding of the Company's business, the accounting issues relevant to the Company's financial statements and audit committee functions and possess the requisite skills to perform effectively their oversight function. The Audit Committee members expect to increase their understanding of internal controls and procedures as the Company assesses and evaluates its internal control processes and procedures in order to provide the attestation report on internal control over financial reporting that the Company must file with respect to its fiscal year ending January 31, 2007.

Compensation Committee. The Compensation Committee assists the Board of Directors in discharging the Board's responsibilities relating to director and executive compensation. The Compensation Committee's responsibilities include establishing and reviewing the Company's executive and director compensation philosophy, strategies, plans and policies, making recommendations with respect to the design of the Company's incentive compensation plans and equity based plans, granting awards under such plans and overseeing generally the administration of such plans, evaluating the performance and determining the compensation of the Chief Executive Officer and reviewing and approving recommendations on compensation of other executives. Dr. Viets serves as chairman of the Compensation Committee, which held two in person meetings during the fiscal year ended January 31, 2006.

Nominating Committee. The Nominating Committee is responsible for identifying individuals qualified to be members of the Board of Directors and recommending such individuals to be nominated by the Board of Directors for election to the Board of Directors by the shareholders. The Nominating Committee held one in-person meeting in the fiscal year ended January 31, 2006. Dr. Viets serves as chairman of the Nominating Committee.

Nomination of Directors

The Nominating Committee considers suggestions from many sources, including shareholders, regarding possible candidates for director. The Nominating Committee does not set specific criteria for directors but seeks individuals who possess the highest ethical standards and integrity, have a history of achievement that reflects superior standards for themselves and others, have the ability to provide wise, informed and thoughtful counsel to management on a range of issues, exercise independence of thought and possess skills and expertise appropriate to meet the Company's needs and advance the long-term interests of the shareholders. All non-employee directors must be independent within the meaning of applicable NASDAQ rules. The Nominating Committee must also ensure that members of the Board of Directors as a group maintain the requisite qualifications under the NASDAQ listing standards for populating the Audit, Compensation and Nominating Committees. The Nominating Committee will consider shareholder nominees for director in the same manner as nominees for director from other sources.

Shareholders may send recommendations for director nominees to the Nominating Committee at the Company's offices at 600 East Greenwich Avenue, West Warwick, Rhode Island 02893. Submissions should include information regarding a candidate's background, qualifications, experience and willingness to serve as a director. In addition, Section 10 of Article II of the Company's By-Laws set forth specific procedures that, if followed, enable any shareholder entitled to vote in the election of directors to make nominations directly at an annual meeting of shareholders. These procedures include a requirement for written notice to the Company at least 60 days prior to the scheduled annual meeting and must contain the name and certain information concerning the nominee and the Shareholders who support the nominee's election. For the annual meeting to be held in 2007, the notice deadline under the By-Laws is March 15, 2007. A copy of this By-Law provision may be obtained by writing to Astro-Med, Inc., Attn: Investor Relations Department, 600 East Greenwich Avenue, West Warwick, Rhode Island 02893.

Communications with the Board of Directors

The Company's Board of Directors provides a process for shareholders to communicate directly with the members of the Board of Directors or the individual chairman of standing committees. Any shareholder with a concern, question or complaint regarding our compliance with any policy or law, or would otherwise like to contact the Board of Directors may communicate directly with the directors by writing directly to those individuals c/o Astro-Med, Inc., 600 East Greenwich Avenue, West Warwick, Rhode Island 02893. The Company's general policy is to forward, and not to intentionally screen, any mail received at the Company's corporate offices that is sent directly to an individual unless the Company believes the communication may pose a security risk.

Compensation of Directors

Messrs. Hopkins, MacLetchie and Viets are paid an annual retainer of \$3,500 plus \$500 for each Board and committee meeting attended (including attendance through telephonic means). Directors who are also officers or employees of the Company are not entitled to receive any compensation in addition to their compensation for services as officers or employees.

Those directors who are not also officers and employees of the Company receive options to purchase common stock under the Company's Non-Employee Director Stock Option Plan (the "Director Plan") as compensation for their services to the Company. Under the Director Plan, Messrs. Hopkins and Viets each received non-qualified option to purchase 1,100 shares of common stock on May 21, 1996, the date the Company's shareholders approved the Director Plan and Mr. MacLetchie received a non-qualified option to purchase 1,100 share of common stock upon his initial election to the Board of Directors on May 14, 2002. Any non-employee director who is elected in the future will receive non-qualified option to purchase 1,100 shares of common stock on the date of the director's initial election to the Board of Directors. Each non-employee director (other than a director first elected after June 30 of the prior year) receives an annual non-qualified option to purchase 1,100 shares of common stock as of the first business day of January of each year. All options have an exercise price equal to the market price of the common stock on the day of the grant and are exercisable for a term of ten years. Options vest six months after the grant date, unless automatically accelerated in the event of death, disability, or a change of control. A total of 33,000 shares have been reserved for issuance under the Director Plan. Messrs. Hopkins, MacLetchie and Viets each received options to acquire 1,100 shares at \$10.91 per share on January 3, 2006. Options for an aggregate of 23,100 shares, with exercise prices ranging from \$3.41 to \$11.98 per share were outstanding under the Director Plan at January 31, 2006. On March 21, 2005, the non-employee directors of the Company agreed to cancel options to purchase 3,300 shares of the Company's common stock granted under the Director Plan to the non-employee directors on January 2, 2005.

Report On Executive Compensation

The Board of Directors has delegated to the Compensation Committee the authority to fix compensation (including stock options) for the Company's Chief Executive Officer and other key employees. The Compensation Committee is comprised of the Company's three non-employee directors, Dr. Viets (Chairman), Mr. MacLetchie and Mr. Hopkins. Mr. Ondis meets with the Compensation Committee to review the compensation program and make recommendations for senior executive officers. Compensation consists of three principal elements (salary, bonus and stock options).

Executive Compensation Philosophy. Compensation of the Company's executive officers should link management initiatives with the actual financial performance of the Company. Similarly, the compensation should attract, retain and motivate highly qualified individuals to achieve the Company's business goals and link their interests with shareholder interests.

Salary. Base salaries for executive officers were established a number of years ago after reviewing compensation for competitive positions at manufacturing companies of comparable size and profitability operating in a similar industry. Historically, base salaries have been increased at annual rates which approximate the general rates of increase of compensation for all employees of the Company and for generally publicized competitive positions elsewhere in the industry. Base salaries for executives were increased 2% from 2005 levels during fiscal 2006, which approximate the rate of increase for all employees at the Company.

Bonus. The Compensation Committee adopted a management bonus plan for the purpose of providing incentive compensation to employees of the Company. Awards are based on the Company's achieving specified financial objectives, such as net income and return on net assets, as well as each individual's specific business objectives. The specified threshold and target financial objectives and business objectives and the related bonus payouts are established annually and, accordingly, individual awards may vary, up or down, from year to year. Bonuses accrued during fiscal year 2006 amounted to \$20,000 none of which was to executives. No bonus payments were made in fiscal year 2005. Bonuses paid or accrued during fiscal year 2004 amounted to \$669,210 of which \$297,058 was to executives.

Stock Options. Total executive compensation includes long-term incentives afforded by stock options. Stock option grants are made by the Compensation Committee upon consideration of recommendations made by senior management. The objectives of option grants are to align the long-term interests of executives and key employees with shareholder interests, by creating a strong and direct link between compensation and total shareholder return. In this connection, grants are intended to enable recipients to develop and maintain significant long-term stock ownership in the Company. Stock options are the principal vehicle for the payment of long-term compensation. Grants of stock options reflect subjective consideration of such matters as other compensation and the employee's position in the Company and contributions to the Company.

Compensation of Chief Executive Officer. Mr. Ondis is eligible to participate in the executive compensation plans available to other senior executives. Effective in February 2006, his base salary was increased from \$241,100 to \$245,900, a 2% increase, deemed consistent with salary increases among executives in comparable position in similar industries. No option grants were made to Mr. Ondis during fiscal year 2006.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid to a public company's five highest paid executive officers to the extent any such officer's annual compensation exceeds \$1,000,000, subject to certain exceptions. The Board of Directors has deferred

adopting a policy on this issue, as it does not expect the compensation of these individuals to reach relevant levels in the near future.

Conclusion. Through the program described above, the Compensation Committee firmly believes a direct link has been established between the Company's financial performance, executive compensation and resultant stock price performance.

Audit Committee Report

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is composed of three directors, each of whom is independent as defined by the NASDAQ listing standards and SEC rules. The Audit Committee operates under a written charter approved by the Board of Directors.

Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee's responsibilities focus on two primary areas: (1) the adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements; and (2) the independence and performance of the Company's independent accountants. The Audit Committee has sole authority to select, evaluate and when appropriate, to replace the Company's independent auditors.

The Audit Committee has met with management and the Company's independent accountants, Grant Thornton LLP, to review and discuss the January 31, 2006 financial statements. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee also discussed with Grant Thornton LLP the matters required by Statement on Auditing Standards No.61 (*Communication with Audit Committees*). The Audit Committee also received from Grant Thornton LLP written disclosures and the letter regarding independence as required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committee*) and has discussed with Grant Thornton LLP that firm's independence.

The Audit Committee received the information concerning the fees of Grant Thornton LLP for the year ended January 31, 2006 set forth below under Independent Accountant Fees and Services. The Audit Committee considered whether the provision of these non-audit services is compatible with maintaining the independence of the independent accountants and has determined that the provision of such services by Grant Thornton LLP is compatible with maintaining that firm's independence.

Based upon the review and discussions referred to above, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended January 31, 2006, to be filed with the SEC.
