Item 1.01. Entry into a Material Definitive Agreement.

The information included under Item 2.03 of this Form 8-K, including Exhibit 10.1, is incorporated by reference under this Item 1.01.

Item 1.02. Termination of a Material Definitive Agreement.

In connection with the closing under the Credit Agreement, on July 11, 2007, as described in Item 2.03 of this Form 8-K, Hercules Offshore, Inc. (the Company or Hercules) terminated its existing credit agreement, dated as of June 30, 2005, among the Company, as borrower, Comerica Bank, as administrative agent, Citicorp North America, Inc., as syndication agent, Credit Suisse, as documentation agent, and the lenders party thereto, as amended to date (the Prior Credit Agreement). The description of the Prior Credit Agreement set forth under the caption Management s Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources Debt in Item 7 of the Company s Annual Report on Form 10-K for the year ending December 31, 2006 is incorporated herein by reference. The termination of the Prior Credit Agreement was a closing condition under the terms of the Credit Agreement. There were no termination penalties incurred by the Company in connection with the termination of the Prior Credit Agreement.

Item 2.01 Completion of Acquisition or Disposition of Assets.

The Company announced on March 19, 2007, that it had agreed to acquire all of the issued and outstanding shares of common stock of TODCO, par value \$0.01 per share, pursuant to an agreement and plan of merger (as amended and restated effective March 18, 2007, the Merger Agreement), by and among the Company, THE Hercules Offshore Drilling Company LLC, a Delaware limited liability company and a direct, wholly owned subsidiary of the Company (Merger Sub), and TODCO, pursuant to which TODCO would merge with and into Merger Sub, with Merger Sub as the surviving entity (the Merger).

In the Merger, Hercules acquired the business and assets of TODCO, a provider of contract oil and gas drilling services in the U.S. Gulf of Mexico, Angola, Brazil, Mexico, Trinidad, Venezuela and other international locations. As a result of the Merger, Hercules will operate TODCO s fleet of 64 drilling rigs, consisting of 27 inland barge rigs, 24 jackup rigs, three submersible rigs, one platform rig, and nine land rigs. Hercules also acquired TODCO s wholly owned subsidiary, Delta Towing LLC, which operates a fleet of U.S. marine support vessels consisting of 42 inland tugs, 19 offshore tugs, 36 crewboats and 55 barges, which operate along the U.S. Gulf Coast and in the U.S. Gulf of Mexico. Following the Merger, Hercules will have operations in 10 different countries on five continents.

Under the Merger Agreement, TODCO stockholders were able to elect to receive cash or common stock of Hercules, par value \$0.01 per share, subject to proration and the payment of cash in lieu of fractional shares. Neither the stock component nor the cash component of the merger consideration was over-subscribed. Therefore, TODCO stockholders who elected to receive cash will receive cash, and TODCO stockholders who elected to receive stock will receive shares of Hercules common stock, with cash in lieu of fractional shares.

On July 11, 2007, the Company completed the Merger, following approval of the Merger by the stockholders of TODCO and approval of the issuance of the shares of Hercules common stock in the Merger by the stockholders of Hercules. Hercules expects to pay a total of approximately \$925.8 million in cash to TODCO stockholders, plus cash in lieu of fractional shares, and to issue approximately 56.6 million shares of Hercules common stock pursuant to the merger agreement, based on the number of shares of TODCO common stock deemed outstanding on July 11, 2007, as calculated under the Merger Agreement.

The issuance of shares of Hercules common stock in the Merger was approved at the annual and special meeting of Hercules stockholders on July 11, 2007. At the stockholder meeting, approximately 22 million votes, or 68 percent of the votes cast by Hercules stockholders entitled to vote at the meeting, were voted in favor of the issuance of Hercules common stock in the Merger.

The allocation of merger consideration was based on the average closing price of Hercules common stock on NASDAQ for the 10 trading days ending on July 6, 2007 (the Final Hercules Stock Price), or \$33.157. Based upon current calculations, TODCO stockholders who elected to receive cash consideration are to receive \$48.4607 in cash per share of TODCO common stock, and TODCO stockholders who elected to receive stock are to receive 1.4616 shares of Hercules common stock per share of TODCO common stock.

TODCO stockholders who failed to make a valid and timely election to receive cash or Hercules common stock are expected to receive merger consideration consisting of a combination of \$20.1601 in cash per share of TODCO common stock and 0.8535 shares of Hercules common stock, plus cash in lieu of fractional shares at a rate of \$33.157 per share. For stockholders of TODCO who did not deliver the required stock certificates or otherwise validly complete an election and/or required guaranteed delivery procedure in time for the election or guaranteed delivery deadline, the shares of TODCO common stock subject to that stockholder's cash or stock election will be treated as shares that did not make a valid election.

The merger consideration and the cash and stock allocation will be determined by Hercules and will be paid in accordance with the formula contained in the Merger Agreement. The formula is based on, among other things, the number of shares of TODCO common stock outstanding immediately prior to the completion of the Merger, the final results of the election and guaranteed delivery process, and the Final Hercules Stock Price.

For important information regarding the Merger, the allocation of cash and stock consideration to be paid under the Merger Agreement, and the risks of the Merger and the businesses of Hercules and TODCO, investors are urged to read the definitive joint proxy statement/prospectus dated June 1, 2007, filed with the Securities and Exchange Commission.

A copy of the Merger Agreement has been filed with the Securities and Exchange Commission as Exhibit 2.1 to the Company's Current Report on Form 8-K filed with the SEC on March 19, 2007 and was included in the joint proxy statement/prospectus as Appendix A to the Company's Registration Statement on Form S-4 (File No. 333-142314) and is incorporated into this Item 2.01 by reference.

The cash portion of the consideration paid in the Merger was funded by a new senior secured credit facility described in Item 2.03 of this Form 8-K, and Item 2.03 is incorporated into this Item 2.01 by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On July 11, 2007, Hercules Offshore, Inc. (the Company) entered into a Credit Agreement among the Company, as borrower, its subsidiaries party thereto, as guarantors, UBS AG, Stamford Branch, as issuing bank, administrative agent and collateral agent, Amegy Bank National Association and Comerica Bank, as co-syndication agents, Deutsche Bank AG Cayman Islands Branch and Jefferies Finance LLC, as co-documentation agents, and the lenders party thereto (the Credit Agreement). The Credit Agreement provides for a \$150.0 million senior secured revolving credit facility (the Revolving Credit Facility) and a \$900.0 million senior secured term loan (the Term Loan Facility). The Credit Agreement includes procedures for increasing the commitments under the Revolving Credit Facility and the Term Loan Facility by adding additional financial institutions as lenders, or by allowing existing lenders to increase their commitment, subject to a maximum of \$500.0 million for all such increases in revolving and term commitments of new or existing lenders. The Credit Agreement provides for swing line loans of up to \$15.0 million and for the issuance of up to \$50.0 million of letters of credit, which swing line loans and letters of credit reduce availability for revolving loans under the Revolving Credit Facility.

On July 11, 2007, the Company borrowed \$900.0 million under the Term Loan Facility, the proceeds of which are being used, together with cash on hand, as necessary, to finance the cash portion of the Company's acquisition of TODCO, to repay amounts under the Company's and TODCO's existing senior secured credit facilities outstanding at the closing of the facility, to make certain other payments in connection with the Company's acquisition of TODCO and to pay fees and expenses related to the foregoing. The Company terminated both of those credit facilities in connection with the repayment. As of July 12, 2007, the Company has \$149.2 million available to be drawn under the Revolving Credit Facility, the proceeds of which may be used for working capital and general corporate purposes.

All borrowings under the Revolving Credit Facility mature on July 11, 2012, and the Revolving Credit Facility requires interest-only payments on a quarterly basis until the maturity date. The Company is permitted to prepay amounts outstanding under the Revolving Credit Facility at any time without penalty. Amounts outstanding under the Revolving Credit Facility bear interest at either the eurodollar rate or the base prime rate plus a margin that is initially 1.75% for revolving loans bearing interest at the eurodollar rate and 0.75% for revolving loans bearing interest at the base prime rate. After the Company delivers to the lenders under the Credit Agreement its financial statements for the fiscal year ending December 31, 2007, the applicable margin under the Revolving Credit Facility will vary depending on the Company's leverage ratio, with the applicable margin for revolving loans bearing interest at the eurodollar rate ranging between 1.25% and 1.75% per annum and the applicable margin for revolving loans bearing interest at the base prime rate ranging between 0.25% and 0.75% per annum. The Company pays a commitment fee on the unused portion of the Revolving Credit Facility, which fee ranges between 0.25% and 0.375% depending on the Company's leverage ratio. The Company pays a letter of credit fee of between 1.25% and 1.75% per annum with respect to the undrawn amount of each letter of credit issued under the Revolving Credit Facility.

The principal amount of the term loan under the Term Loan Facility amortizes in equal quarterly installments of \$2.25 million, with the balance due on July 11, 2013. In addition, the Company is required to prepay the term loans with:

the net proceeds from sales of certain assets to the extent that the Company does not reinvest the proceeds in its business within one year;

the net proceeds from casualties or condemnations of assets to the extent that the Company does not reinvest the proceeds in its business within one year;

the net proceeds of debt that the Company incurs to the extent that such debt is not permitted by the Credit Agreement;

50% of the net proceeds that the Company receives from any issuance of preferred stock; and

commencing with the fiscal year ending December 31, 2008, 50% of the Company's excess cash flow until the outstanding principal balance of the term loans is less than \$550.0 million.

Other than the quarterly payments referred to above and these mandatory prepayments, the Term Loan Facility requires interest-only payments on a quarterly basis until maturity. The Company is permitted to prepay amounts outstanding under the Term Loan Facility at any time without penalty. Amounts outstanding under the Term Loan Facility bear interest at either the eurodollar rate or the base prime rate plus a margin that is initially 1.75% for term loans bearing interest at the eurodollar rate and 0.75% for term loans bearing interest at the base prime rate. After the Company delivers to the lenders under the Credit Agreement its financial statements for the fiscal year ending December 31, 2007, the applicable margin under the Term Loan Facility will vary depending on the Company's leverage ratio, with the applicable margin for term loans bearing interest at the eurodollar rate ranging between 1.50% and 1.75% per annum and the applicable margin for term loans bearing interest at the base prime rate ranging between 0.50% and 0.75% per annum.

The Company's obligations under the Credit Agreement are secured by liens on a majority of its vessels and substantially all of its other personal property. Substantially all of the Company's domestic subsidiaries guarantee the Company's obligations under the Credit Agreement and have granted similar liens on the majority of their vessels and substantially all of their other personal property.

The Credit Agreement contains financial covenants that are tested quarterly relating to leverage and fixed charge coverage. Other covenants contained in the Credit Agreement restrict, among other things, asset dispositions, mergers and acquisitions, dividends, stock repurchases and redemptions, other restricted payments, debt, liens, investments and affiliate transactions. The Credit Agreement contains customary events of default.

The foregoing summary is qualified in its entirety by reference to the full text of the Credit Agreement, which is attached as Exhibit 10.1 hereto and incorporated by reference herein.
