**ITEM 7.01. Regulation FD Disclosure**

On April 1, 2008, FTI Consulting, Inc. held a conference call regarding its announcement of acquisitions that closed in the first quarter ended March 31, 2008. The full text of the transcript of the conference call is set forth in and furnished as Exhibit 99.1 hereto and is hereby incorporated by reference herein. The transcript contains some discussion regarding earnings before interest, taxes, depreciation and amortization ( EBITDA ). Although EBITDA is not a measure of financial condition or performance determined in accordance with generally accepted accounting principles, FTI believes that it is a useful operating performance measure for evaluating results of operations from period to period and as compared to FTI s competitors. EBITDA is a common alternative measure of operating performance used by investors, financial analysts and rating agencies to value and compare the financial performance of companies in our industry. FTI uses EBITDA to evaluate and compare the operating performances of its segments and it is one of the primary measures used to determine employee bonuses. FTI also uses EBITDA to value businesses it considers acquiring or acquires. EBITDA is not defined in the same manner by all companies and may not be comparable to other similarly titled measures of other companies unless the definition is the same. We believe that EBITDA as a supplemental financial measure is also indicative of a company s capacity to incur and service debt and thereby provides additional useful information to investors regarding a company s financial condition and results of operations. EBITDA for purposes of the covenants set forth in our senior secured credit facility are not calculated in the same manner as calculated for other purposes.

The information included in the transcript furnished as Exhibit 99.1 shall be deemed not to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into any filing pursuant to the Securities Act or the Exchange Act, regardless of any incorporation by reference language in any such filing, except as expressly set forth by specific reference in such filing.
