CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This Report may contain or incorporate by reference information that includes or is based upon forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Forward-looking statements give expectations or forecasts of future events. The reader can identify these statements by the fact that they do not relate strictly to historical or current facts. They use words such as believe(s), goal(s), target(s), estimate(s), anticipate(s), forecast(s), project(s), plan(s), intend(s), expect(s), might, may, or of similar meaning in connection with a discussion of future operating or financial performance. Forward-looking statements, in particular, include statements relating to future actions, prospective services or products, future performance or results of current and anticipated services or products, sales efforts, expenses, the outcome of contingencies such as legal proceedings, trends in operations and financial results.

Any or all forward-looking statements may turn out to be wrong, and, accordingly, readers are cautioned not to place undue reliance on such statements, which speak only as of the date of this Report. Forward-looking statements can be affected by inaccurate assumptions or by known or unknown risks and uncertainties. Many such factors will be important in determining the Company's actual future results. These statements are based on current expectations and the current economic environment. They involve a number of risks and uncertainties that are difficult to predict. These statements are not guarantees of future performance; actual results could differ materially from those expressed or implied in the forward-looking statements.

Among the general factors that could cause actual results to differ materially from estimated results are:

Changes in general economic conditions, including performance of financial markets, interest rates, unemployment rates and fluctuating values of particular investments held by the Company;

Heightened competition, including, with respect to pricing, entry of new competitors and the development of new products by new and existing competitors;

The number and severity of insurance claims (including those associated with catastrophe losses) and their impact on the adequacy of loss reserves;

The impact of inflation on insurance claims, including, but not limited to, the effects attributed to scarcity of resources available to rebuild damaged structures, including labor and materials and the amount of salvage value recovered for damaged property;

Orders, interpretations or other actions by regulators that impact the reporting, adjustment and payment of claims;

Changes in the pricing or availability of reinsurance;

Changes in the financial condition of reinsurers and amounts recoverable therefrom;

Changes in industry trends and significant industry developments;

Edgar Filing: UNITRIN INC - Form 8-K

Governmental actions, including new laws or regulations or court decisions interpreting existing laws and regulations or policy provisions;

Adverse outcomes in litigation or other legal or regulatory proceedings involving Unitrin or its subsidiaries;

Regulatory, accounting or tax changes that may affect the cost of, or demand for, the Company's products or services;

The impact of residual market assessments and assessments for insurance industry insolvencies;

Changes in distribution channels, methods or costs resulting from changes in laws or regulations, lawsuits or market forces;

Changes in ratings by credit rating agencies including A.M. Best Co., Inc.;

Changes in laws or regulations governing or affecting the regulatory status of industrial banks, such as Fireside Bank, and their parent companies, including restrictions on the non-financial activities and equity investments of companies that acquire control of industrial banks;

Changes in the estimated rates of automobile loan receivables net charge-off used to estimate Fireside Bank's reserve for loan losses;

Increased costs and risks related to data security;

Absolute and relative performance of the Company's products or services; and

Other risks and uncertainties described from time to time in the Company's filings with the SEC.

No assurances can be given that the results contemplated in any forward-looking statements will be achieved or will be achieved in any particular timetable.
