Report of Independent Registered Public Accounting Firm

To the Participants of

The Bristol-Myers Squibb Puerto Rico, Inc.

Savings and Investment Program and the Bristol-Myers Squibb

Company Savings Plan Committee

We have audited the accompanying statements of net assets available for benefits of the Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program (the Program) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Program's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Program is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Program as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 31, 2007 are in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Program's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

General

The Bristol-Myers Puerto Rico, Inc. Savings Plan commenced operations on July 1, 1986. On October 4, 1989, Squibb Corporation merged with a subsidiary of Bristol-Myers Company and Bristol-Myers Company changed its name to Bristol-Myers Squibb Company (the Company). Effective January 1, 1991, the name of the plan was changed to the Bristol-Myers Squibb Puerto Rico, Inc. Savings Plan, and on January 1, 1992 the name was subsequently changed to the Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program (the Program). The Program is a defined contribution plan.

The assets of the Program, as well as the assets of the Bristol-Myers Squibb Company Savings and Investment Program (the Savings Program) and the Bristol-Myers Squibb Company Employee Incentive Thrift Plan (the Thrift Plan) are maintained in the Bristol-Myers Squibb Company Savings Plan Master Trust (the Savings Plan Master Trust) as presented in Note 5 Savings Plan Master Trust. The assets of the Savings Plan Master Trust are maintained by Fidelity Investments (Fidelity).

The Bristol-Myers Squibb Company Savings Plan Committee (Committee) is the Administrator of the Program and is the named fiduciary for the Program assets.

The Program is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In August 2006, the Pension Protection Act of 2006 (the Act) was signed into law. The Plan has adopted all necessary provisions of the Act.

As part of the Company's ongoing restructuring program and Productivity Transformation Initiative, the Company announced the closure of certain manufacturing facilities and production lines in Manati, Barceloneta and Mayaguez, Puerto Rico during 2007 which will result in approximately 720 terminations. These terminations began in 2007 and will continue through 2008.

Eligibility and Contributions

Any employee who meets certain service requirements as defined by the Program is eligible to participate in the Program. Eligible employees may participate in the Program following their date of hire, although the Company matching contributions do not begin until an eligible employee has attained six months of service as prescribed by the Program. An employee electing to participate in the Program can elect to contribute up to 16% of his or her annual benefit salary or wages (as defined in the Program) on an after-tax basis. The Puerto Rico Internal Revenue Code (PR IRC) limits the amount of annual pre-tax contributions to the lesser of 10% of the participant's annual benefit salary or wages (as defined in the Program) or \$8 thousand and if the participant also contributes to a Puerto Rico Individual Retirement Account (PR-IRA), the \$8 thousand limit will further be reduced by the amount of the PR-IRA contribution. Participants may also elect a combination of contributions up to a combined total of 16%, both on an after-tax and pre-tax basis subject to applicable limitations. The Company contributes a matching contribution of 75% for each dollar that the participant contributes at the time of the employee contribution, whether the contributions are made on a pre-tax or after-tax basis, of the first 6% of the participant's pay. Under the PR IRC, after-tax contributions not subject to a matching contribution may not exceed 10% of the participant's annual benefit salary or wages.

As of January 1, 2007, the PR IRC permitted catch-up contributions. Therefore, as of January 1, 2007, the Program allowed for catch-up contributions for eligible participants who were 50 years of age or older. The catch-up contributions is intended to give employees who are approaching retirement age the opportunity to make additional pre-tax contributions over the applicable U.S. IRC, PR IRC and Program limits. Catch-up contributions can be from 1% to 10% of base pay, up to \$1 thousand in 2007. There is no Company match on catch-up contributions.

All Contributions are recorded on an accrual basis. All investment decisions are self-directed by participants. During the year ended December 31, 2007 and December 31, 2006, participant contributions were invested in any one or more of the funds which comprise the Savings Plan Master Trust (see Savings Plan Master Trust Investments below).

Edgar Filing: BRISTOL MYERS SQUIBB CO - Form 11-K

The default fund for future company matching contributions for participants who do not actively designate a fund for their company matching contributions is the Fixed Income Fund. Employees may invest prior and future company matching contributions in any of the funds available under the Program.

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Program earnings and charged with withdrawals and distributions and Program losses. The benefit to which a participant is entitled is the benefit under the participant's vested account.

Loans

While remaining in employment, a participant may request a loan from the Program. The amount of the loan may not exceed the lesser of (1) 50% of the participant's entire vested interest under the Program, determined as of the valuation date, or (2) \$50 thousand less the highest outstanding loan balance during the previous 12 months. Loans are secured by the balance in the participant accounts and bear interest at rates set by the Committee.

Savings Plan Master Trust Investments

During the years ended December 31, 2007 and 2006, participant contributions were invested in any one or more of the following funds which comprise the Savings Plan Master Trust:

Company Stock Fund Bristol-Myers Squibb Company Common Stock

Fidelity Puritan Fund

Fidelity Growth Company Fund

Fidelity U.S. Bond Index Fund

Managers Special Equity Fund

Vanguard Total International Stock Index Fund Investor Class

American Funds EuroPacific Growth Fund Class R5

Edgar Filing: BRISTOL MYERS SQUIBB CO - Form 11-K

Fidelity U.S. Equity Index Commingled Pool Class 2

The Goldman Sachs Collective Trust Strategic Value Fund CCT

Northern Trust Global Investment QM Daily Russell 2000 Equity Index Fund CCT

Fixed Income Fund

Effective July 1, 2006, The Goldman Sachs Collective Trust Strategic Value Fund CCT was added to the Program and replaced the Fidelity Equity-Income Fund.

The Company Stock Fund consists primarily of shares of common stock of Bristol-Myers Squibb Company, which are registered for the purpose of the Program with the United States Securities and Exchange Commission (SEC). From time to time, the Program may invest in U.S. Government obligations or other investments of a short-term nature, which will ultimately be used for the purchase of shares of Common Stock of Bristol-Myers Squibb Company.

The Fixed Income Fund consists primarily of a group of annuity contracts issued by various insurance companies to the Trustee of the Program under which the insurance companies provide a guarantee of principal and credit interest at a guaranteed rate. All contracts pay interest on a net basis (see Note 6 Fixed Income Fund). From time to time, the Fixed Income Fund may invest in obligations of the U.S Government or its agencies, bank investment contracts, other investments of a short-term nature and/or investments in qualified commingled trust funds managed by the Trustee for the investment of funds of profit sharing and savings plans and programs.

At any point in time, the Fixed Income Fund's average yield will be a combined rate based upon the balances and the interest rates of the investments which comprise the fund, and depends on the amount of contributions invested in the fund, the amounts withdrawn from the fund and the amounts transferred to and from the fund. The fund's average yield is measured by investment performance using general market reporting methods. The average yield of the Program's share of the Fixed Income Fund for the years ended December 31, 2007 and 2006 was 5.1% and 4.6%, respectively. The crediting interest rate of the Fixed Income Fund at December 31, 2007 and 2006 was 5.3% and 4.9% respectively. The crediting interest rate at any date is the weighted average of the yields on the individual contracts and other investments in the Fixed Income Fund on that date.

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN (Continued)

Withdrawals Prior to Retirement

While remaining in employment, a participant may withdraw all or part of the employee and vested employer contributions made, subject to certain restrictions of the Program and excise taxes imposed by the U.S. Internal Revenue Code (U.S. IRC) and PR IRC.

Vesting

A participant vests in employer contributions at the rate of 20% for each year of qualifying service so that after five years of qualifying service he or she is 100% vested in employer contributions. Upon becoming eligible for long-term disability benefits under the Company's long-term disability benefits plan, death or normal retirement, an employees will become 100% vested in employer contributions regardless of his or her years of qualifying service. If a participant leaves the Company before becoming fully vested, the unvested portion of the employer contributions are forfeited and returned to the Company (see below for further discussions on forfeited accounts). Participants who return to work for the Company who were partially or fully vested will be reinstated to their previous level of vesting and may immediately enroll in the Program. A participant is always 100% vested in his or her own contributions pre-tax, after-tax, rollover contributions from other plans and catch-up contributions and earnings thereon.

Termination of Employment and Payment of Benefits

Upon the termination of a participant's employment, the participant, or in the event of his or her death, the participant's spouse or designated beneficiary, may, under varying circumstances, receive (1) a lump sum payment, or (2) equal annual installments over a period not greater than 15 years. If the participant chooses to have the payments made in annual installments, then the participant may also choose to have payments continue to his or her beneficiary if the participant dies before receiving all of the installments. If the participant chooses to have the payment made in installments and does not elect to have payments continue to his or her beneficiary on an installment basis, in the event of the participant's death, the beneficiary can choose to receive the unpaid balance in a single payment or over a period of two to five years. In each case the payment will be based on the vested value in the respective funds allocated to the participant.

Forfeited Accounts

During the years ended December 31, 2007 and 2006, nonvested accounts forfeited totaled \$28 thousand and \$84 thousand, respectively. These accounts are used to reduce future employer contributions and administration fees. During the year ended December 31, 2007, employer contributions were not reduced by forfeited nonvested accounts.

Net Transfer

A participant's account could also be transferred to another company's savings plan if required under the terms of a divestiture of a business unit. New accounts could be transferred in from another company's savings plan, if required under the terms of an acquisition of a new company. There were no such transfers in the current period.

Table of Contents

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).

Valuation

The Savings Plan Master Trust's investment valuation policies are as follows: The Company Stock Fund is valued based upon quoted prices of underlying assets, and for the Company stock portion at the last reported sales price at the end of the year, or, if there was not a sale that day, the last reported bid price. Shares of the mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Program at year end. Common/collective trust (CCT) funds are stated at fair value, based on the fair value of the underlying investments. Money market instruments are valued at cost plus interest earned, which approximates their fair values. The fully benefit-responsive investment contracts in the Fixed Income Fund are stated at fair value and are adjusted to contract value in the Statements of Net Assets Available for Benefits. Fair value of the contracts are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The value of outstanding participant loans is determined based on the outstanding principal balance as of the last day of the Program year, which approximates fair value.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions to the net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Program provides for various investment options as discussed above. Investment securities, in general, are exposed to various risks, such as interest rate, overall market volatility and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Program but have not yet been paid at December 31, 2007 and 2006.

Income, Expenses and Realized and Unrealized Gains and Losses on Securities

Interest, dividends, and realized and unrealized gains and losses earned from participation in the Savings Plan Master Trust are allocated to the Program based upon participants' account balances and activity. This investment activity is presented on a net basis on the Statement of Changes in Net Assets Available for Benefits as the Program's share of net investment income in the Savings Plan Master Trust.

Edgar Filing: BRISTOL MYERS SQUIBB CO - Form 11-K

Interest is recorded by the Savings Plan Master Trust as earned, and dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded by the Savings Plan Master Trust on a trade-date basis. Realized gains and losses for security transactions are reported using the average cost method. Realized and unrealized gains and losses are included in net appreciation/depreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

Table of Contents

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

All expenses incurred by the Program, other than investment management and trustee fees, which are paid from each fund's assets, are paid by the Company.

Management fees charged to the Program for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Recently Issued Accounting Standards

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*. This pronouncement defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. This Statement is effective for fiscal years beginning after November 15, 2007. The Program's management is currently in the process of evaluating the impact of adopting this pronouncement on the Program's assets and liabilities.

NOTE 3 TAX STATUS

The Program is designed to meet the requirements of Sections 401(a) and 401(k) of the U.S. IRC, and Sections 1165(a) and 1165(e) of the PR IRC. In the Program's latest determination letter dated July 8, 2003, the U.S. Internal Revenue Service (U.S. IRS) stated that the Program, as then designed, was in compliance with the applicable requirements of the U.S. IRC. Because the Program is intended to qualify under both the U.S. IRC and the PR IRC, it must meet the qualification requirements of both statutes, although certain amendments required under the Economic Growth and Tax Reconciliation Act of 2001 (EGTRRA) are inconsistent with the PR IRC. In August 2005, Bristol-Myers Squibb Puerto Rico, Inc. (BMSPR) submitted a compliance statement under the U.S. IRS Voluntary Correction Program with Service Approval, pursuant to U.S. IRS Revenue Procedure 2003-44, with respect to the failure of the Program to be timely amended to comply with the EGTRRA. In March 2006, BMSPR submitted a supplement to its current compliance statement under the U.S. IRS Voluntary Correction Program to include plan documents and operational failures under the Program with respect to the Program's loan provisions and accepting rollover contributions from Puerto Rico qualified plans and U.S. Individual Retirement Accounts. The U.S. IRS Voluntary Compliance Group issued a compliance statement dated July 5, 2006 for the Program. The Program was restated in November 2005 to comply with U.S. and Puerto Rico law, as applicable. In March 2006, the Program was submitted by the Company to the U.S. IRS for a determination letter as to whether the restated Program meets the qualification requirements of Section 401 of the U.S. IRC and that the Trust under the Program continues to be tax-exempt under Section 501(a) of the U.S. IRC. We are awaiting a response from the U.S. IRS with respect to this request. In August 2006, the Program was submitted by BMSPR to the Department of the Treasury of the Commonwealth of Puerto Rico (the PR Treasury) for a determination letter as to whether the Program meets the qualification requirements of Section 1165 of the PR IRC. On May 2, 2007, the PR Treasury issued a favorable determination letter for the Program. The Program administrator believes that the Program is currently designed and operated in compliance with the applicable requirements of the PR IRC and the Program and related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Program's financial statements.

Table of Contents

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - TERMINATION OF THE PROGRAM

Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions and to terminate the Program in accordance with the provisions of ERISA. If the Program is terminated, the interest of each participant in all funds will vest immediately. In accordance with Program provisions, the Company has the right to amend or replace the Program for any reason.

NOTE 5 - SAVINGS PLAN MASTER TRUST

The Program's investment assets are held in the Savings Plan Master Trust. The Program's share of the Savings Plan Master Trust's net assets and investment activities is based upon the total of each individual participant's share of the Savings Plan Master Trust. The Program's approximate share of the net assets of the Savings Plan Master Trust at December 31, 2007 and 2006 was 2% in each year.

At December 31, 2007 and 2006, the Statements of Net Assets Available for Benefits of the Savings Plan Master Trust were as follows:

(Dollars in Thousands)	2007	2006
Investments:		
Determined based on quoted market-price:

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE 6 FIXED INCOME FUND

The Savings Plan Master Trust holds group annuity investment contracts in several fully benefit-responsive investment contracts with various insurance companies within the Fixed Income Fund. The insurance companies maintain the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each contract is presented in the Statements of Net Assets Available for Benefits at fair value and then adjusted on a separate line item in the Statement of Net Assets Available for Benefits to contract value as reported to the Program by such insurance companies per Financial Accounting Standards Board Staff Position, AICPA Audit and Accounting Guide, Investment Companies INV-1 and Statements of Position 94-4-1, *Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP). Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Program management believes that the occurrence of events that would cause the Program to transact at less than contract value is not probable. The insurance companies may not terminate a contract at any amount less than contract value.

The fully benefit-responsive investment contracts held in the Fixed Income Fund as of December 31, 2007 and 2006 are as follows:

	Per Annum Interest Rates on Contracts as of December 31, 2007		Maturity Date As of December 31, 2007	2006	Per Annum Interest Rates on Contracts as of December 31, 2006		Maturity Date As of December 31, 2006
