Report of Independent Registered Public Accounting Firm

To the Administrative Committee of

Flotek Industries, Inc. 401(k) Plan

Houston, Texas

We have audited the accompanying statements of net assets available for benefits of the Flotek Industries, Inc. 401(k) Plan (the Plan) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in the net assets available for benefits for the year ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FLOTEK INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Flotek Industries Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Effective June 1, 2002, Flotek Industries, Inc. (the Company) established the Plan, a defined contribution plan, in which participation is voluntary on the part of the employees. Employees are eligible to become a participant in the Plan upon satisfying the age and the service requirements. The employee must attain the age of 18 and complete 6 months of service with the Company.

Contributions

A participant may elect to defer a percentage of their compensation during the plan year, which is defined in the plan document and is subject to the limits imposed by the Internal Revenue Code. Contributions can be made on a pre-tax (before federal and state taxes are withheld) basis through payroll deductions. The participant is always fully vested in his or her contributions made on a pre-tax basis. The Company permits compensation deferrals of 1% to 20% in increments of 1% each plan year.

Effective September 1, 2006, the Company makes a matching contribution to the Plan in an amount equal to 25% of each participant's compensation reduction contribution not to exceed 3%. The Company's matching contributions are made in the same ratio as the participant's elective deferrals.

Vesting

Participants are vested in their salary reduction contributions, any rollover contributions, and earnings on these amounts. Matching contributions to the Plan, plus any earnings these amounts generate, are 100% vested after six years of service (20% per year after two years of service). Participants hired prior to January 1, 2001 are 100% vested in the matching contributions and the related earnings.

Investment Elections

The Plan allows the participants to (i) change the percentage of pay withheld through payroll deduction by completing and signing a revised Salary Reduction Agreement and returning it to the Company at least 30 days before the change will take effect or lesser number of days if the Company permits, (ii) change investment fund options for future contributions at any time, directly by telephone with Bisys Retirement Services Inc. (Bisys), the investment custodian, or via the internet and (iii) discontinue participation in the Plan as of the first day of the plan year or the first day of the seventh month of the plan year. Re-enrollment must occur the first day of the plan year or the first day of the seventh month.

Participant Loans

A participant can borrow up to 50 percent of his or her vested account balance while in the Plan. The amount borrowed may be from a minimum of \$1,000 to a maximum of \$50,000, but never more than 50 percent of the participant's vested account balance. Only one loan can be outstanding at any one time. A loan must be repaid by payroll deduction over a period not to exceed five years; however, early payoff is permitted. The loan interest rate is the prime rate printed in the Wall Street Journal at the time of the loan. Loans are limited to participants who are active employees.

Payments of Benefits

A participant can withdraw the total vested amount in the participant's account as a result of either (i) termination of employment, (ii) retirement at age 65 or (iii) permanent and total disability or death. The full value of the participant's account will be paid and will be subject to income tax when the participant retires or qualifies as permanently and totally disabled, unless an election is made by the participant to rollover the funds as allowed by the Internal Revenue Code. If death occurs before retirement, the full value of the account will be paid to the

Table of Contents

FLOTEK INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

designated beneficiary. If the value of the participant's account is less than \$5,000, the beneficiary will receive a lump sum payment of the entire amount. If the value of the participant's account is greater than \$5,000, the beneficiary will receive a payout(s) in a form other than a life annuity.

Disposition of Forfeitures by Participants

A forfeiture of unvested benefits shall be accounted for in the following manner. Forfeitures will be allocated to each participant's individual account in the ratio which each participant's compensation for the plan year bears the total compensation of all participants for the plan year. Forfeitures in the Plan for the year ended December 31, 2007 were immaterial.

Rollover Contributions

Generally, if a participant received a qualified total distribution as defined in the Internal Revenue Code of 1986 as amended, the participant can deposit or rollover those funds into the Plan.

Participant Accounts

Each participant's account is credited with the employee's contribution, the Company contributions and the proportionate allocation of the earnings of the Plan, as defined in the Plan document.

Plan Trustee

Frontier Trust Company (Frontier) was appointed trustee and investment custodian of the Plan by a contract dated June 1, 2002. Under the contract, Frontier has named Bisys as plan record keeper. Under the agreement, Frontier shall hold all property received, manage the Plan and invest and reinvest Plan assets.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments: Investments are recorded at fair market value based on externally quoted and reported market prices.

Net Appreciation/(Depreciation) in Fair Market Value of Investments: The statement of changes in net assets available for plan benefits presents the net appreciation/(depreciation) in the fair market value of investments which consists of realized gains or losses and the unrealized appreciation/(depreciation) on those investments.

Administrative Expenses: Administrative expenses consist of all expenses incidental to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting, investment manager and trustee fees. Substantially all administrative expenses, except for expenses associated with loans to participants, were paid by the Company.

Risks and Uncertainties: The Plan provides for various investment options in any combination of stocks and mutual funds. Investment securities are exposed to various risks, such as market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

Effective for second quarter 2008, the Company adopted FASB Statement No. 157, Fair Value Measurements (SFAS 157), except as it applies to those nonfinancial assets and nonfinancial liabilities addressed in FASB Staff Position FAS 157-2 (FSP SFAS 157-2). The FASB

Table of Contents

FLOTEK INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

issued FSP SFAS 157-2 which delays the effective date of SFAS No. 157 to fiscal years beginning after November 15, 2008 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). The Company is currently evaluating the effect FSP SFAS 157-2 will have on its financial statements.

In February 2007, the FASB issued Statement No. 159, The Fair Value Option for Financial Assets and Financial Liabilities (SFAS 159). SFAS 159 provides an option to report selected financial assets and liabilities at fair value and establishes presentation and disclosure requirements. The fair value option established by SFAS 159 permits the Plan to elect to measure eligible items at fair value on an instrument-by-instrument basis and then report unrealized gains and losses for those items in the Plan's earnings. SFAS 159 is effective for fiscal years beginning after November 15, 2007. We will continue to evaluate the application of SFAS 159, and we currently do not expect there to be a material, if any, impact on our financial statements as a result of this adoption.

NOTE C - INVESTMENTS

The following table presents the fair value of investments held by the Plan. Individual investments that represent five percent or more in any of the Plan's net assets available for benefits in either plan year are shown separately:

	December 31,			
	2007		2006	
	Value	Shares	Value	Shares
Investments at estimated fair value:				
Collective trust funds:				
BlackRock Eurofund	\$ 133,428	8,062	\$ 90,059	4,863
BlackRock Global Allocation Fund	233,238	12,060	155,498	8,746
BlackRock Value Opportunities Fund	180,168	10,289	172,258	8,016
BlackRock Large Cap Value Fund	330,357	18,867	261,290	14,532
Investments at fair value as determined by quoted market price:				
Flotek Industries, Inc. Common Stock (a)	306,837	8,514	68,758	4,902
Total investments exceeding 5%	1,184,028		747,863	
Other	622,762		209,937	
TOTAL INVESTMENTS	\$ 1,806,790		\$ 957,800	

- (a) On July 11, 2007, the Company effected a two-for-one stock split in the form of a 100% stock dividend to stockholders of record on July 3, 2007. The Company's share information has been retroactively adjusted to reflect the stock split. During the year ended December 31, 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	Year Ended December 31, 2007
Common stock	\$ 136,432
Mutual funds	83,851

TOTAL NET APPRECIATION	\$ 220,283
------------------------	------------

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and all assets remaining in the Plan would be paid to the participants and their beneficiaries in accordance with the Plan provisions.

Table of Contents

FLOTEK INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

If the Plan terminates, benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC). Under the law, PBGC insurance does not cover this type of plan. This Plan is a defined contribution plan and, therefore, is not covered.

NOTE E - INCOME TAX STATUS

The Employer adopted the Bisys Prototype Standardized Profit Sharing Plan with CODA. Bisys received a letter dated November 27, 2001 from the Internal Revenue Service (IRS) that the form of the plan and amendment thereto is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan s financial statements.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various mutual funds and other funds offered by the Trustee. These investments are considered party-in-interest transactions because Frontier Trust Company serves as trustee of the Plan. The Plan management has approved these investment options.

The Plan also invests in the Company s common stock. Transactions in Company stock are considered party-in-interest transactions because the Company is the Plan sponsor.

NOTE G - SUBSEQUENT EVENTS

Effective January 1, 2008, the plan administrator changed the trustee of the Plan to JP Morgan Chase Bank and the record keeper of the Plan to ADP Retirement Services, Inc. (ADP).

Amendments to the Plan effective January 1, 2008 include the following:

Implement a safe harbor design using a qualified automatic contribution arrangement. Participants meeting eligibility criteria will be automatically enrolled in the Plan and automatically contribute 4% per year.

Employer matching contributions were increased to 100% of the first 4% of compensation. Participants are immediately 100% vested in the matching contributions. The Company s matching contributions continue to be made in the same ratio as the participants elective deferrals.

After-tax deferral option of a Roth 401(k) was added to the Plan.

Employer matching contributions made prior to the January 1, 2008 safe-harbor adoption vest in accordance to the original schedule as described in Note A of this annual report.

Effective January 1, 2008, the Employer adopted ADP s Prototype Standardized Profit Sharing Plan with CODA. ADP received a letter dated May 3, 2002 from the IRS that the form of the plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for benefit of their employees.
