RISK FACTORS

An investment in our common stock involves a number of risks. Before deciding to invest in our common stock, you should consider carefully the risks and uncertainties described under the section captioned “Risk Factors” contained in Part I, Item 1A of our most recent Annual Report on Form 10-K and other filings we make with the SEC from time to time, which are incorporated by reference into this prospectus and any applicable prospectus supplement. These and other risks could materially harm our business, financial condition or future results. If any such risks materialize, the value of our common stock could decline, and you could lose all or part of your investment. We caution you that the risks and uncertainties we have described, among others, could cause our actual results to differ materially from those expressed in forward-looking statements made by us or on our behalf in filings with the SEC, press releases, communications with investors and oral statements.

CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS

This prospectus, any applicable prospectus supplement and the documents incorporated by reference herein and therein contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These statements relate to future events or to our future financial performance and involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performances or achievements expressed or implied by the forward-looking statements. Specific factors that might cause actual results to differ from our expectations or may affect the value of the common stock, include, but are not limited to those discussed in this prospectus under the caption “Risk Factors” above as well as the risk factors contained in our filings with the Securities and Exchange Commission that are incorporated by reference in this prospectus.

Because the factors discussed in this prospectus or incorporated herein by reference could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements made by us or on our behalf, you should not place undue reliance on any such forward-looking statements. These statements are subject to risks and uncertainties—both known and unknown—which could cause actual results and developments to differ materially from those expressed or implied in such statements. Such risks and uncertainties include, but are not limited to, those and other risks detailed in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2017 and in the other reports that we file from time to time under the Securities Act or the Exchange Act, which are incorporated by reference into this prospectus and any applicable prospectus supplement. You are encouraged to read these filings as they are made.

Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events, except as required by law. New factors emerge from time to time, and it is not possible for us to predict which factors will arise. In addition, we cannot quantify the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

USE OF PROCEEDS

The shares of common stock offered by this prospectus are being registered for the account of the selling shareholder named in this prospectus. All sales of the offered securities will be made by, or for the account of, the selling shareholder named in this prospectus, in any supplement to this prospectus or in an amendment to the registration statement of which this prospectus forms a part. Therefore, we will not receive any proceeds from the disposition by the selling shareholder of any of the shares covered by this prospectus.

If the Warrant is exercised for cash, we will receive proceeds from the exercise of the Warrant. The maximum proceeds that we may receive from the exercise of the Warrants, assuming the Warrant is exercised for cash in full at its exercise price of \$1.96, will be \$1,813,000. We do not know, however, whether all or any portion of the Warrant will be exercised or, if the Warrant is exercised, when it will be exercised. However, the Warrant may be exercised on a cashless basis and if the Warrant is so exercised, we will not receive any proceeds. We intend to use the aggregate net proceeds from the cash exercise of the Warrant, if any, for general corporate purposes. The actual allocation of such net proceeds, if any, will depend upon the amount and timing of such exercise, our revenue and cash position at such time and our working capital requirements.

We have agreed to pay certain expenses, including the legal fees of ESW Holdings, Inc., in connection with the registration of the shares of our common stock. The selling shareholder will pay all brokerage expenses, fees, discounts and selling commissions, if any, in connection with the sale of the shares of common stock.

Relationships with Selling Shareholder

We have not had a material relationship with the selling shareholder, ESW Holdings, Inc. (“ESW”), or its affiliates within the past three years other than as a result of the Credit Agreement and the Warrant, which is summarized as follows:

On January 12, 2018, we and our wholly-owned subsidiary, Qumu, Inc., entered into a term loan credit agreement (the “Credit Agreement”) with ESW, as lender and administrative agent (the “Administrative Agent”).

Pursuant to the Credit Agreement, we borrowed \$10 million as a term loan on January 12, 2018. The term loan is scheduled to mature on January 10, 2020 and requires payment of interest monthly at the prime rate plus 4%. We may prepay the term loan at any time with the payment of 10% of the amount prepaid. We are obligated to prepay the term loan, with the payment of the applicable pre-payment fee, with the net proceeds from certain dispositions, issuances of equity or debt securities, extraordinary transactions and upon a change of control. Notwithstanding the foregoing, the disposition of our interest in BriefCam, Ltd. will not trigger a mandatory pre-payment and the pre-payment fee will not attach to a voluntary pre-payment from proceeds of the disposition of BriefCam, Ltd.

The Credit Agreement contains affirmative and negative covenants and requirements relating to us and our operations. The affirmative covenants require, among other things, that we deliver to the Administrative Agent financial statements, annual operating plan, updated schedules, various reports, compliance certificates and other information. There are also affirmative covenants relating to access to collateral and our books and records, insurance, compliance with laws, payment of taxes, maintenance of existence, employee benefit plans, maintenance of accounts, and environmental matters. The negative covenants prohibit us from incurring debt, encumbering its assets, exceeding operating lease expense amounts, making dividends, distributions or payments on our capital stock, being a party to any acquisition or any merger or consolidation or similar transaction, modifying its organizational documents, entering into certain transactions with affiliates, making certain transfers to or conducting certain business through foreign subsidiaries, and incentivizing accelerated customer payments. The negative covenants of the Credit Agreement also require us to meet financial covenants beginning with the quarter ended September 30, 2018 relating to minimum core bookings, maximum deferred revenue non-current, minimum subscription, and maintenance and support revenue and minimum subscription and maintenance and support dollar renewal rates.

Upon certain events of default relating to bankruptcy or insolvency, the obligations under the Credit Agreement will become immediately due and payable. Upon other events of default – including relating to non-payment of the term loan obligations, non-payment of other debt, default of other material obligations, non-compliance with loan documents, breach of representations or warranties, certain pension plan events, certain judgments, invalidity of collateral documents, termination of our reporting obligations to the Securities and Exchange Commission or failure to be listed on any national stock exchange, material adverse effect and cessation of business – the Administrative Agent may declare all or any part of the obligations under the Credit Agreement to be due and payable.

Pursuant to a Guaranty and Collateral Agreement dated January 12, 2018 in favor of the Administrative Agent (the “Collateral Agreement”), we granted a first priority security interest in substantially all of our properties, rights and assets (including equity interests of our subsidiaries) and Qumu, Inc. provided a full and unconditional guaranty of our obligations under the Credit Agreement.

In connection with the Credit Agreement, on January 12, 2018, we issued to ESW a warrant to purchase 925,000 shares of our common stock. On February 28, 2018, we agreed with ESW to amend and restate the warrant to add a limitation on the number of shares issuable upon exercise of the warrant due to anti-dilution adjustments. That amended and restated warrant is referred to as the “Warrant” and is summarized below.

The Warrant has an exercise price of \$1.96 per share (subject to anti-dilution adjustments), an expiration date of January 12, 2028, and is transferrable. The Warrant may be exercised either for cash or on a cashless “net exercise” basis. Upon a “Fundamental Transaction” as defined in the Warrant, the Warrant holder has right thereafter to receive, upon exercise of the Warrant, the same amount and kind of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if the holder had been, immediately prior to such Fundamental Transaction, the holder of the number of Warrant shares then issuable upon such exercise of the Warrant. Alternatively, the holder may require us to purchase the Warrant from the holder thereof for a cash amount equal to the greater of the Original Issuance Value (\$1,936,535) of the remaining unexercised portion of the Warrant and the Black-Scholes value of the remaining unexercised portion of the Warrant through the date of consummation of the Fundamental Transaction. Pursuant to the terms of the Warrant, we are obligated to file and cause to be effective a registration statement to register the resale of the shares of common stock underlying the Warrant.

If we, at any time while the Warrant is outstanding, pay a stock dividend on our common stock or otherwise make a distribution on any class of capital stock that is payable in shares of our common stock, then upon exercise of the Warrant, for each Warrant share acquired, ESW will receive, without additional cost to ESW, the total number and kind of securities and property which ESW would have received had ESW owned the Warrant shares as of the date the dividend or distribution occurred. If we subdivide the outstanding shares of our common stock by reclassification or otherwise into a greater number of shares, the number of Warrant shares that may be purchased will be proportionately increased and the exercise price will be proportionately decreased. If the outstanding shares of our common stock are combined or consolidated, by reclassification or otherwise, into a lesser number of shares, the exercise price will be proportionately increased and the number of Warrant shares will be proportionately decreased. If, at any time while the Warrant is outstanding, we issue additional shares of our common stock, rights, warrants, options or other securities or debt convertible, exercisable or exchangeable for shares of common stock (such rights, warrants, options or other securities collectively, “Derivative Securities”) or otherwise entitling any person to acquire shares of our common stock or Derivative Securities (collectively, “Common Stock Equivalents”) without consideration or for consideration per share (the “Effective Price”) less than the exercise price of the Warrant (as adjusted) (each such issuance, a “Dilutive Issuance”), then the exercise price of the Warrant will be reduced to a price per share equal to the quotient obtained by dividing (A) the sum of (1) the product obtained by multiplying the Common Stock Deemed Outstanding (as such term is defined below) immediately prior to the Dilutive Issuance by the exercise price then in effect plus (2) the aggregate consideration, if any, received by us upon such Dilutive Issuance by (B) the sum of (1) the Common Stock Deemed Outstanding immediately prior to the Dilutive Issuance plus (2) the Deemed Number. For purposes of the foregoing, in connection with any issuance of any Common Stock Equivalents, (A) the maximum number of shares of common stock potentially issuable at any time (as set forth in the instrument relating thereto, assuming the satisfaction of any conditions to exercisability, convertibility or exchangeability but without regard to any provision contained therein for a subsequent adjustment of such number) upon conversion, exercise or exchange of the Common Stock Equivalents issued or sold in the Dilutive Issuance (the “Deemed Number”) will be deemed to be outstanding upon issuance of such Common Stock Equivalents, (B) the Effective Price applicable to such Common Stock Equivalents will equal the minimum dollar value of consideration payable to us to purchase such Common Stock Equivalents and to convert, exercise or exchange them into our common stock (net of any discounts, fees, commissions and other expenses), divided by the Deemed Number, and (C) no further adjustment shall be made to the Exercise Price upon the actual issuance of our common stock upon conversion, exercise or exchange of such Common Stock Equivalents. “Common Stock Deemed Outstanding” means the sum of (a) the number of shares of

common stock actually outstanding at such time, (b) the number of shares of common stock reserved for issuance upon exercise of Common Stock Equivalents issued by us under any Approved Plans, (c) the number of shares of our common stock issuable upon exercise of the Warrant No. 1 dated October 21, 2016 issued by us to HCP-FVD, LLC and (d) the number of shares of common stock issuable upon exercise of the Warrant.

If, at any time while the Warrant is outstanding, we directly or indirectly issue Common Stock Equivalents with an Effective Price or a number of underlying shares that floats or resets or otherwise varies or is subject to adjustment based (directly or indirectly) on market prices of our common stock (a “Floating Price Security”), then for purposes of applying the preceding paragraphs in connection with any subsequent exercise, the Effective Price will be determined separately on each Exercise Date and will be deemed to equal the lowest Effective Price at which any holder of such Floating Price Security is entitled to acquire common stock on such Exercise Date (regardless of whether any such holder actually acquires any shares on such date).

If the terms of any Common Stock Equivalents, the issuance of which resulted in an adjustment to the Exercise are revised as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Common Stock Equivalent to provide for either (A) any increase or decrease in the number of shares of common stock issuable upon the exercise, conversion and/or exchange of such Common Stock Equivalents or (B) any increase or decrease in the consideration payable to us upon such exercise, conversion and/or exchange, then, effective upon such increase or decrease becoming effective, the Exercise Price computed upon the original issue of such Common Stock Equivalent will be readjusted to such Exercise Price as would have obtained had such revised terms been in effect upon the original date of issuance of such Common Stock Equivalent (not to exceed the Exercise Price then existing immediately prior to such Dilutive Issuance as adjusted for any subsequent Dilutive Issuances prior to the readjustment date).

Notwithstanding the foregoing, no adjustment will be made with respect to any Excluded Issuances. “Excluded Issuances” means any issuance or sale of: (A) shares of common stock issued or issuable upon the exercise of the Warrant (B) shares of common stock issued or issuable in connection with awards under our Second Amended and Restated 2007 Stock Incentive Plan or any other compensatory or incentive plan or arrangement approved by our shareholders (the “Approved Plans”) or (C) shares of common stock or Common Stock Equivalents issued after obtaining the prior written consent of ESW pursuant to which ESW agrees that such proposed issuance of shares of common stock or Common Stock Equivalents constitutes an Excluded Issuance, which agreement shall, subject to the foregoing paragraphs, cover the shares of our common stock issued upon exercise, conversion or exchange of the Common Stock Equivalents (as set forth in the instrument relating thereto, assuming the satisfaction of any conditions to exercisability, convertibility or exchangeability but without regard to any provision contained therein for a subsequent adjustment of such number).

Simultaneously with any adjustment to the exercise price described above, the number of shares of our common stock that may be purchased upon exercise of the Warrant shall be increased or decreased proportionately, so that after such adjustment the aggregate exercise price payable under the Warrant for the increased or decreased number of Warrant shares shall be the same as the aggregate Exercise Price in effect immediately prior to such adjustment. However, in the case of an adjustment to the exercise price due to a Dilutive Issuance, the number of Warrant shares shall not be increased in excess of 1,878,049 (subject to adjustment as provided in the Warrant for other adjustments not relating to Dilutive Issuances). This limitation applies to a successor holder of the Warrant.

PLAN OF DISTRIBUTION

- privately negotiated transactions;
- short sales;

- broker-dealers may agree with the selling shareholder to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted by applicable law.

The selling shareholder may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by it and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling shareholders to include the pledgee, transferee or other successors in interest as selling shareholders under this prospectus. The selling shareholder also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of our common stock or interests therein, the selling shareholder may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling shareholder may also sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling shareholder may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such

broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling shareholder from the sale of the common stock offered by it will be the purchase price of the common stock less discounts or commissions, if any. The selling shareholder reserves the right to accept and, together with its agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents.

The selling shareholder also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act of 1933, provided that they meet the criteria and conform to the requirements of that rule. To the extent required, the shares of our common stock to be sold, the names of the selling shareholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus. In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have advised the selling shareholder that the anti-manipulation rules of Regulation M under the Securities Exchange Act of 1934, as amended, may apply to sales of shares in the market and to the activities of the selling shareholder and its affiliates. In addition, to the extent applicable we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling shareholder for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling shareholder may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling shareholder against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus. We have also agreed to pay or reimburse ESW Holdings, Inc. for legal fees and expenses incurred by it in connection with the registration of the resale of the shares of common stock underlying the Warrant.

We have agreed with the selling shareholder to keep the registration statement of which this prospectus constitutes a part effective until the earlier of (i) the fifth anniversary of the effective date of such registration statement, (ii) such time as all of the shares of common stock covered by the registration statement have been sold publicly or (iii) such time as all of the shares of common stock covered by the registration statement may be sold by the selling shareholder pursuant to Rule 144 without volume limitations and without the requirement that there be adequate current public information with regards to us.

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

II-2

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

(A) the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

II-3

(e) The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

(h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
