ITEM 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES

As previously disclosed in a Current Report on Form 8-K filed on November 12, 2008, Navistar International Corporation (the Company) concluded that it would incur material charges related to its VEE Business Unit. These charges were occasioned by the significant reduction in demand from Ford Motor Company (Ford) for diesel engines produced by Navistar, Inc. (the principal manufacturing subsidiary of the Company) at the VEE Business Unit and the expectation that Ford's demand for diesel engines would continue to be below previously anticipated levels.

The Company further disclosed in a Current Report on Form 8-K filed on January 14, 2009 that Ford and the Company reached an agreement to restructure their ongoing business relationship, settle all existing litigation between the companies and end their diesel engine supply agreement effective December 31, 2009. In this Form 8-K, the Company further disclosed that it was assessing the impact of the Ford settlement on its ongoing business and would take the necessary actions to address excess capacity and fixed costs.

On January 23, 2009, executive management of the Company concluded that as a result of the foregoing, it committed to close its Indianapolis Engine Plant (IEP) and its foundry, Indianapolis Casting Corporation (ICC) by July 31, 2009. The major type of charges expected to be incurred relate to employee related costs and other contractual obligations. The assessment of these costs is ongoing and the Company will provide an estimate of the amount or range of charges expected to be incurred once a good faith determination can be made.

Navistar International Corporation (NYSE: NAV) is a holding company whose wholly owned subsidiaries produce International® brand commercial and military trucks, MaxxForce brand diesel engines, IC brand school and commercial buses, and Workhorses® brand chassis for motor homes and step vans. It also is a private-label designer and manufacturer of diesel engines for the pickup truck, van and SUV markets. The Company also provides truck and diesel engine parts and service. Another affiliate offers financing services. Additional information is available at www.navistar.com.
