THE 2009 STOCK INCENTIVE PLAN

The 2009 Plan was adopted by the Board of Directors on February 10, 2009 and approved by our shareholders at the annual meeting on April 21, 2009. The Plan authorizes the issuance of up to 500,000 shares of Company Common Stock pursuant to stock options and awards of Common Stock to directors and employees of the Company or a subsidiary selected by the Compensation Committee of the Board of Directors. The material features of the Plan are described below, subject in their entirety to the full text of the Plan. Section references are to sections of the 2009 Plan.

Table of Contents

Administration

The Plan is administered by the Compensation Committee of the Board of Directors (the Committee). Within the parameters set forth in the Plan, the Committee has the authority to determine those employees and directors who will receive an award and the terms and conditions of each award. The Committee may also prescribe rules and regulations for the operation of the Plan and interpret the Plan and the agreements issued under the Plan.

Types of Awards

The Plan authorizes the following types of awards, each of which may be granted alone or in any combination thereof: (i) stock options and (ii) stock awards.

Participation in the Plan

The Committee has exclusive power to select the persons who may participate in the Plan and may grant awards under the Plan to employees or directors of the Company or any subsidiary of the Company, including directors who are not employees.

Maximum Number of Shares that May be Issued; Award Limitations

Subject to adjustment, the maximum aggregate number of shares available for issuance pursuant to awards granted under the 2009 Plan is 500,000. Pursuant to the terms of the Plan and subject to adjustments provided for in the Plan, no eligible person may receive in any one fiscal year stock options or stock awards for more than 10,000 shares of Common Stock. No more than 75,000 common shares in the aggregate may be awarded under the 2009 Plan in any fiscal year. If any shares of Common Stock covered by an award terminate, lapse, or are forfeited or cancelled, or such award is otherwise settled without the delivery of the full number of shares of Common Stock underlying the award, including shares of Common Stock withheld to satisfy tax withholding obligations, then such shares to the extent of any such forfeiture, termination, lapse, cancellation, payment, etc., will again be, or shall become, available for issuance under the Plan.

Stock Options and Stock Awards

Stock options and stock awards may be granted to eligible persons in the discretion of the Committee. Stock options and stock awards granted to non-employee directors are hereinafter referred to as Director Options and Director Awards. The terms and provisions of stock options and stock awards need not be uniform.

Stock options awarded under the 2009 Plan are not intended to be qualified under Section 422 of the Internal Revenue Code of 1986, as amended (the Code). The Committee determines the number of shares which are to be subject to each stock option and establishes the exercise price at the time each stock option is granted. The Plan provides that the option exercise price for each share of Common Stock covered by a stock option will not be less than the fair market value of a share of Common Stock on the date the option is granted and that the term of the option may not exceed ten years from the grant date. For this purpose, fair market value is determined by reference to the closing price of the Common Stock on the date of grant or, if the

Table of Contents

grant date is not a trading day, the trading day immediately preceding the grant date. The exercise price is payable in cash or other medium acceptable to the Committee. Except as otherwise provided in the option agreement, options terminate on the last day of the month after the termination of the optionee's employment or service with the Company for any reason other than death, disability, retirement, voluntary resignation, cause, or change in control of the Company. Stock awards may also be granted to eligible persons in the discretion of the Committee. Such awards become vested pursuant to the terms of the applicable stock award agreement as specified by the Committee.

The Committee, in its sole discretion, may establish such restrictions or conditions that must be satisfied as a condition precedent to the payment of all or a portion of any awards. The Committee also has sole discretion to reduce the amount of any award to a participant if it determines that such reduction is necessary or appropriate based upon certain factors and conditions set forth in the 2009 Plan. The Committee, however, may not use its discretionary authority to increase any award that is intended to be performance-based compensation under Section 162(m) of the Code.

Termination of Employment; Violation of Agreements

Upon termination of employment with the Company, or cessation of a director's service on the Board, an award previously granted to the employee or director, as the case may be, unless otherwise specified in the agreement evidencing such award and, to the extent not inconsistent with Section 13 or 14, shall, to the extent not theretofore exercised with respect to any stock options, or to the extent that any of the designated goals (including any service period) have not been achieved within the designated period prior to the lapse of any restrictions or vesting of any other award, such award shall become null and void and shall be forfeited as of the last day of the month after such termination or cessation, provided, that: (i) if the employee or director dies while in the employ of the Company or while serving on the Board and at a time when he or she was entitled to exercise the stock option, the legal representative of such employee or director, or such person who acquired the award by bequest or inheritance or by reason of the death of the employee or director, may, not later than the last day of the 12th month following the month of death, exercise such award, to the extent not theretofore exercised, as specified by the Committee in the agreement evidencing such award; (ii) if the employment of an employee or the service of a director to whom a stock option was granted shall terminate by reason of his or her retirement (at such age or upon such conditions as shall be specified by the Board), or disability (as described in Section 22(e)(3) of the Code) and while he or she is entitled to exercise such stock option, such employee or director shall have the right to exercise the stock option so granted, to the extent not theretofore exercised, in respect of any or all of such number of common shares as specified by the Committee in the agreement evidencing the stock option at any time up to and including the last day of the 36th month after the month of retirement or disability; (iii) if an employee voluntarily terminates his or her employment or is discharged for cause (as defined), or if a director is discharged for cause, each award shall, unless otherwise specified by the Committee in the agreement evidencing the award, forthwith terminate and be forfeited with respect to any unexercised (with respect to options) or unvested (with respect to stock awards) portion thereof; if a director voluntarily terminates his or her service on the Board, his or her stock options will terminate on the last day of the 12th month after the month he or she

Table of Contents

ceases to be a director; and (iv) if an optionee ceases to be a director or an employee within 24 months following a change-in-control as defined in Section 10 (other than an employee's termination for cause), his or her option will terminate on the last day of the 12th month after the month he or she ceases to be an employee or director.

In the case of an optionee who is an employee, all options and shares of Common Stock issued to the holder under the Plan shall be forfeited if the Company in its sole discretion determines that the optionee has, at any time during the earlier of the expiration date of the option or the last day of the 12-month period following termination of employment, violated the terms of any agreement with the Company or a subsidiary regarding (i) engaging in a business that competes with the business of the Company or any subsidiary, (ii) interfering in any material respect with any contractual or business relationship of the Company or any subsidiary, or (iii) soliciting the employment of any person who was, during such period, a director, officer, partner, employee, agent or consultant of the Company or a subsidiary.

Amendments and Termination

The terms of any outstanding award agreement may be amended by the Committee in any manner that it deems appropriate (including, but not limited to, acceleration of the date of exercise of any award or the payment under any award) if the Committee could grant such amended award under the terms of the Plan at the time of such amendment; provided that no such amendment shall: (i) accelerate the vesting or exercisability of any award, other than in connection with a participant's death, disability (as described in Section 22(e)(3) of the Code), retirement (at such age or upon such conditions as shall be specified by the Board) or a change-in-control or other transaction contemplated by Section 10 or (ii) adversely affect in a material manner any right of a participant under the award without his or her written consent. Notwithstanding the foregoing or any provision of an award to the contrary, the Committee may at any time amend or terminate any or all of the provisions of an award to the extent necessary to conform the provisions of the award with Section 162(m), Section 409A or any other provision of the Code or other applicable law, the Treasury regulations issued thereunder or an exception thereto, regardless of whether such amendment or termination of the award shall adversely affect the rights of a participant. The Committee may, to the extent not inconsistent with Section 13, permit holders of awards to surrender outstanding awards in order to exercise or realize the rights under other awards, or in exchange for the grant of new awards, or require holders of awards to surrender outstanding awards as a condition precedent to the grant of new awards under the Plan.

The Board of Directors or the Committee may at any time amend or suspend the 2009 Plan for the purpose of satisfying any legal requirement or for any other permissible purpose; provided that an amendment that would result in Rule 16b-3 under the Exchange Act being inapplicable to any award is not permissible, and no amendment shall be made without shareholder approval if such approval is necessary to qualify for or comply with any tax or regulatory or other applicable law for which the Board or Committee deems it necessary or desirable to qualify or comply. The Board may terminate the Plan at any time, but no such termination shall adversely affect the rights of any participant under any award previously granted in which the participant has a vested interest. Notwithstanding, the Board or Committee may at any time modify, amend or terminate any or all of the provisions of the Plan to conform with Section 409A, Section 162(m) or any other provision of the Code or other applicable law, the regulations promulgated thereunder or an exception thereto.

Dilution and Other Adjustments

In the event a dividend (other than a regular cash dividend) or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation or other similar corporate transaction or event affects the common shares such that an adjustment is necessary in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in an equitable manner, (i) adjust any or all of (a) the aggregate maximum number of common shares or other securities or property with respect to which awards may be granted under the Plan pursuant to Section 5(b), (b) the individual maximum number of common shares that may be granted as stock options to a participant pursuant to Section 5(b), (c) the number of common shares or other securities or property subject to outstanding awards and (d) the grant or exercise price with respect to any outstanding award, (ii) if deemed appropriate, provide for an equivalent award or substitute award in respect of securities of the surviving entity of any merger, consolidation or other event having a similar effect or (iii) if deemed appropriate, make provision for a cash payment to the holder of an outstanding award; provided that any such adjustment shall be performed in accordance with the applicable provisions of the Code and the Treasury regulations issued thereunder so as to not affect the status of: (A) any award intended to qualify as performance-based compensation under Section 162(m) of the Code or (B) any award intended to comply with, or qualify for an exception to, Section 409A of the Code. Unless otherwise provided by the Committee, all outstanding Awards shall terminate immediately prior to the consummation of any dissolution or liquidation of the Company.

In the event of a change-in-control of the Company (as defined), and to the extent not inconsistent with Section 13, all then outstanding awards will immediately become exercisable and will vest and all restrictions shall lapse. The Committee may, however, determine that each award will terminate within a specified number of days after notice to the holder, and that such holder will receive cash in an amount equal to the fair market value of the award (if any) as determined by the Committee.

Transferability

No award or any right thereto is assignable or transferable by a participant except by will or by the laws of descent and distribution; provided, however, that the Committee in its discretion may permit the transfer of any award to a permitted transferee within the meaning of the Plan, such as executors or administrators of the estates of deceased participants, subject to the terms and conditions of the award.

Table of Contents

Plan Termination

The 2009 Plan will terminate upon the earlier of (i) adoption of a resolution of the Board terminating the Plan and (ii) the end of the day on February 9, 2019.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of the principal United States federal income tax consequences applicable to participants in the 2009 Plan and to the Company, and is based upon an interpretation of present federal tax laws and regulations and may be inapplicable if such laws and regulations are changed. This summary is not intended to be exhaustive or constitute tax advice and does not describe state, local or foreign tax consequences. To the extent any awards under the Plan are subject to Section 409A of the Code, the following description assumes that such awards will be designed to conform to the requirements of Section 409A of the Code and the regulations promulgated thereunder (or an exception thereto). The Plan is not subject to the protective provisions of ERISA and is not qualified under Section 401(a) of the Code.

Stock Options

Stock options granted under the 2009 Plan are non-qualified. The Company is not entitled to a tax deduction with respect to the grant of a non-qualified stock option. Upon exercise of a non-qualified stock option, the excess of the fair market value of the Common Stock on the exercise date over the option exercise price is taxable as compensation income to the optionee and is subject to applicable withholding taxes. The Company is generally entitled to a tax deduction at that time in the amount of that compensation income. The optionee's tax basis for the Common Stock received pursuant to the exercise of a non-qualified stock option is equal to the sum of the compensation income recognized and the exercise price. The recipient, after exercising the option, will realize long-term capital gain or ordinary income upon the sale of the stock, depending upon the length of time he or she retained ownership.

Stock Awards

A grantee does not recognize any income upon the grant of stock if that stock is subject to a substantial risk of forfeiture on the date of grant, unless the holder elects under Section 83(b) of the Code, within 30 days of the grant, to recognize ordinary income in an amount equal to the fair market value of the restricted stock at the time of receipt, less any amount paid for the shares. If the Section 83(b) election is made, the holder is not allowed a deduction in the event that the shares are subsequently forfeited. If the election is not made, the holder will generally recognize ordinary income on the date that the restricted stock is no longer subject to a substantial risk of forfeiture, in an amount equal to the fair market value of those shares on that date, less any amount paid for the shares. At the time the holder recognizes ordinary income, the Company generally is entitled to a deduction in the same amount. Generally, upon a sale or other disposition of restricted stock with respect to which the holder has recognized ordinary income (i.e., a Section 83(b) election was previously made) or the restrictions have lapsed, the holder recognizes capital gain or loss in an amount equal to the difference between the amount of that sale or other disposition and the holder's basis in those shares.

Table of Contents

Section 162(m)

With certain exceptions, Section 162(m) of the Code limits the Company's deduction for compensation in excess of \$1,000,000 paid to certain covered employees (generally our chief executive officer and three other highest-paid executive officers). Compensation paid to covered employees is not subject to the deduction limitation if it is considered "qualified performance-based compensation" within the meaning of Section 162(m) of the Code. The Company believes that stock options granted to covered employees under the 2009 Plan will satisfy the requirements of qualified performance-based compensation, and therefore the Company will be entitled to a deduction with respect to such awards.

Section 409A

Participation in and compensation paid under the 2009 Plan may result in the deferral of compensation that is subject to the requirements of Code Section 409A. Failure to meet certain requirements under that section could result in the compensation being subject to immediate taxation and tax penalties.

Awards of stock options under the 2009 Plan may, in some cases, result in the deferral of compensation that is subject to the requirements of Section 409A. Awards under the Plan are intended to comply with Section 409A, the regulations issued thereunder or an exception thereto. Notwithstanding, Section 409A of the Code may impose upon a participant certain taxes or interest charges for which the participant is responsible. Section 409A does not impose any penalties on the Company and does not limit the Company's deduction with respect to compensation paid to a participant.

Because of the complexity of the federal income tax laws and the possibility of changes therein, and because the tax consequences to a particular optionee or participant will at least in part depend upon his or her personal financial situation, optionees and other participants are urged to consult their personal tax advisors before exercising their options or reselling shares acquired under the 2009 Plan. Optionees and other participants should also consult their personal tax advisors as to the state, local and federal estate tax consequences of such transactions.
