**ITEM 7.01 REGULATION FD DISCLOSURE**

Tentative SEC Settlement

On October 19, 2009, Navistar International Corporation (the Company) announced that it has reached a tentative settlement of the Securities and Exchange Commission's investigation into the company's December 2007 restatement of its financial results for 2002 through the first three quarters of 2005 that will fully resolve the matters under investigation. The Company's press release announcing the tentative settlement is attached as Exhibit 99.1 to this Current Report and is incorporated by reference herein.

Planned Debt Issuances

On October 20, 2009, the Company announced that it plans to issue, subject to market conditions, \$1 billion of senior notes due 2021 and \$500 million of senior subordinated convertible notes due 2014. The Company's press release announcing the planned debt issuances is attached as Exhibit 99.2 to this Current Report and is incorporated by reference herein.

Earnings Guidance

The company's guidance for net income including and excluding the Ford settlement and related charges for its fiscal year ending October 31, 2009, is expected to be in the mid to low end of the range that was stated on September 10, 2009 during the 3<sup>rd</sup> quarter analyst call. The softness in the U.S. and Canadian truck and bus markets was also referenced on that 3<sup>rd</sup> quarter call and that continued softness has resulted in lower manufacturing segment profit compared to the September 10, 2009 guidance that is expected to be offset by better than expected performance in corporate SG&A and other below the line items. Further, the current guidance does not include certain potential asset impairments, such as those that may arise from developments in our Canadian operations or the potential write-off of certain unamortized debt issuance costs from the company's 2007 term loan that will be triggered as a result of the refinancing.
