Item 8.01 Other Events

The following supplemental information is being provided as a result of discussions with a major proxy voting advisory services company.

El Paso Electric Company (EPE or the Company) recently mailed its Proxy Statement for the Annual Meeting of Shareholders to be held on May 26, 2010. The Board found that both the Company's CEO and one non-management director, Ms. Holland-Branch, did not meet the independence criteria of the NYSE. It was disclosed that Ms. Holland-Branch's firm, Facilities Connection (FC), had provided services to EPE during 2009, but the amount of such services, which were less than 2% of FC's revenues, was not disclosed. The amount of such services was approximately \$196,000 and FC has performed these services for the Company pursuant to a competitive procurement process continuously since at least 5 years before Ms. Holland-Branch joined the Board.

The Proxy Statement also reported that EPE had paid \$1.1 million for IT services to a company, Varay, Inc., whose president is Ms. Holland-Branch's son. This exceeds 2% of Varay's gross revenues. EPE's actual relationship is with a professional who installed an optics communications system for the Company in 1995, which preceded Ms. Holland-Branch joining the Board, and prior to Holland-Branch's son becoming associated with Varay. The Company hired this individual because his knowledge of the Company's system permitted him to do the work most economically and not because of the current association with Ms. Holland-Branch's son.
