**Item 7.01 Regulation FD Disclosure.**

In connection with the financing for the previously announced acquisition of Psychiatric Solutions, Inc., Universal Health Services, Inc., (the Company), is disclosing the capitalization table and unaudited pro forma condensed combined financial information included as Exhibit 99.1. This information has been provided to certain potential financing sources.

The Company has also provided the following information to the prospective financing sources.

Our patient revenues and payor mix in the second quarter of 2010 were adversely affected by economic conditions, particularly in certain markets, such as Nevada, Texas and California, where a significant portion of our revenues are concentrated and unemployment rates remain high. In our acute care business, we experienced net revenue pressures caused primarily by declining commercial payor utilization and an increase in the number of uninsured and underinsured patients treated at our facilities. We can provide no assurance that these trends will not continue. During the first two months of the third quarter, revenues and payor mix in our acute care facilities have been volatile and are unfavorable compared to the comparable prior year period making it difficult to predict the results for the full quarter, the remainder of 2010 and thereafter.
