Table of Contents**OUR COMPANY**

We are a consumer goods company with a portfolio of leading apparel brands, including *Hanes*, *Champion*, *Playtex*, *Bali*, *L eggs*, *Just My Size*, *barely there*, *Wonderbra*, *Stedman*, *Outer Banks*, *Zorba*, *Rinbros*, *Duofold* and *Gear for Sports*. We design, manufacture, source and sell a broad range of basic apparel such as T-shirts, bras, panties, men's underwear, kids' underwear, casualwear, activewear, socks and hosiery.

The basic apparel sector of the apparel industry is characterized by frequently replenished items, such as T-shirts, bras, panties, men's underwear, kids' underwear, socks and hosiery. Growth and sales in the basic apparel sector are not primarily driven by fashion, in contrast to other areas of the broader apparel industry. We focus on the core attributes of comfort, fit and value, while remaining current with regard to consumer trends. The majority of our core styles continue from year to year, with variations only in color, fabric or design details. Some products, however, such as intimate apparel, activewear and sheer hosiery, do have more of an emphasis on style and innovation. We continue to invest in our largest and strongest brands to achieve our long-term growth goals. In addition to designing and marketing basic apparel, we have a long history of operating a global supply chain that incorporates a mix of self-manufacturing, third-party contractors and third-party sourcing. In November 2010, we completed our acquisition of GearCo, Inc., known as Gear for Sports, a leading seller of licensed logo apparel in collegiate bookstores and other channels.

Our fiscal year ends on the Saturday closest to December 31. All references to 2010, 2009 and 2008 relate to the 52 week fiscal years ended on January 1, 2011 and January 2, 2010 and the 53 week fiscal year ended on January 3, 2009, respectively.

Our operations are managed and reported in five operating segments, each of which is a reportable segment for financial reporting purposes: Innerwear, Outerwear, Hosiery, Direct to Consumer and International. These segments are organized principally by product category, geographic location and distribution channel. Each segment has its own management that is responsible for the operations of the segment's businesses but the segments share a common supply chain and media and marketing platforms. In October 2009, we completed the sale of our yarn operations and, as a result, we no longer have net sales in the Other segment, which was primarily comprised of sales of yarn to third parties. The following table summarizes our operating segments by category:

Segment	Primary Products	Primary Brands

** As a result of the February 2006 sale of the European branded apparel business of Sara Lee Corporation, we are not permitted to sell this brand in the member states of the European Union, several other European countries and South Africa.

Our products are sold through multiple distribution channels. During 2010, approximately 44% of our net sales were to mass merchants in the United States, 15% were to national chains and department stores in the United States, 12% were in our International segment, 9% were in our Direct to Consumer segment in the United States, and 20% were to other retail channels in the United States such as embellishers, specialty retailers, wholesale clubs and sporting goods stores. We have strong, long-term relationships with our top customers, including relationships of more than ten years with each of our top ten customers. The size and operational scale of the high-volume retailers with which we do business require extensive category and product knowledge and specialized services regarding the quantity, quality and planning of product orders. We have organized multifunctional customer management teams, which has allowed us to form strategic long-term relationships with these customers and efficiently focus resources on category, product and service expertise. We also have customer-specific programs such as the *C9 by Champion* products marketed and sold through Target stores and our *Just My Size* program at Wal-Mart stores.

Our ability to react to changing customer needs and industry trends is key to our success. Our design, research and product development teams, in partnership with our marketing teams, drive our efforts to bring innovations to market. We seek to leverage our insights into consumer demand in the basic apparel industry to develop new products within our existing lines and to modify our existing core products in ways that make them more appealing, addressing changing customer needs and industry trends. Examples of our recent innovations include:

Barely There Smart Sizes, a new bra sizing system that simplifies and streamlines the traditional bra sizing configuration from 16 sizes to just five sizes with innovative, shape to fit technology (2010).

Wonderbra Secret Agent No Slip Fit Collection includes bras that feature shaping stay-in-place back and no slip straps that secretly work together to ensure everything stays comfortably in place all day (2010).

Hanes Comfort Flex Underwear feature a softer, more stretchable waistband that comfortably shifts without pinching or binding (2010).

Hanes dyed V-neck underwear T-shirts in black, gray and navy colors (2009).

We have restructured our supply chain over the past four years to create more efficient production clusters that utilize fewer, larger facilities and to balance our production capability between the Western Hemisphere and

Table of Contents

Asia. We have closed plant locations, reduced our workforce and relocated some of our manufacturing capacity to lower cost locations in Asia, Central America and the Caribbean Basin. With our global supply chain infrastructure in place, we are focused long-term on optimizing our supply chain to further enhance efficiency, improve working capital and asset turns and reduce costs through several initiatives, such as supplier-managed inventory for raw materials and sourced goods ownership arrangements. We commenced production at our textile production plant in Nanjing, China, which is our first company-owned textile facility in Asia, in the fourth quarter of 2009 and we ramped up production in 2010 to support our growth, with the expectation of ramping up to full capacity by the end of 2011. The Nanjing facility, along with our other textile facilities and arrangements with outside contractors, enables us to expand and leverage our production scale as we balance our supply chain across hemispheres to support our production capacity. We consolidated our distribution network by implementing new warehouse management systems and technology and adding new distribution centers and new third-party logistics providers to replace parts of our legacy distribution network, including relocating distribution capacity to our West Coast distribution facility in California in order to expand capacity for goods we source from Asia.

We were incorporated in Maryland on September 30, 2005 and became an independent public company following our spin off from Sara Lee Corporation on September 5, 2006. Our principal executive offices are located at 1000 East Hanes Mill Road, Winston-Salem, North Carolina 27105. Our main telephone number is (336) 519-8080. Our corporate website is www.hanesbrands.com. By referring to our corporate website, www.hanesbrands.com, or any of our other websites we do not incorporate any such website or its contents into this prospectus.

additions to or changes in the provisions relating to the modification of the indenture both with and without the consent of holders of debt securities issued under the indenture; and

any other terms of the debt securities, which may modify, supplement or delete any provision of the indenture as it applies to that series.

One or more series of debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement.

The term "debt securities" includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of \$1,000 and any integral multiples thereof.

Transfer and Exchange

Unless otherwise stated in the applicable prospectus supplement, each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, as depositary, or a nominee (we will refer to any debt security represented by a global debt security as a book-entry debt security), or a certificate issued in definitive registered form (we will refer to any debt security represented by a certificated security as a certificated debt security) as set forth in the applicable prospectus supplement. Except as set forth under the heading Global Debt Securities and Book-Entry System below, book-entry debt securities will not be issuable in certificated form.

Certificated Debt Securities. You may transfer or exchange certificated debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

You may effect the transfer of certificated debt securities and the right to receive the principal of, and any premium or interest on, certificated debt securities only by surrendering the certificate representing those certificated debt securities and either reissuance by us or the trustee of the certificate to the new holder or the issuance by us or the trustee of a new certificate to the new holder.

Global Debt Securities and Book-Entry System. Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the depositary, and registered in the name of the depositary or a nominee of the depositary.

We anticipate that the depositary will follow the following procedures with respect to book-entry debt securities.

Ownership of beneficial interests in book-entry debt securities will be limited to persons that have accounts with the depositary for the related global debt security, which we refer to as participants, or persons that may hold interests through participants. Upon the issuance of a global debt security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the book-entry debt securities represented by such global debt security beneficially owned by such participants. The accounts to be credited will be designated by any dealers, underwriters or agents participating in the distribution of the book-entry debt securities. Ownership of book-entry debt securities will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by the depositary for the related global debt security (with respect to interests of participants) and on the records of participants (with respect to interests of persons holding through participants). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair the ability to own, transfer or pledge beneficial interests in book-entry debt securities.

So long as the depositary for a global debt security, or its nominee, is the registered owner of that global debt security, the depositary or its nominee, as the case may be, will be considered the sole owner or holder of the book-entry debt securities represented by such global debt security for all purposes under the indenture. Except as described below, beneficial owners of book-entry debt securities will not be entitled to have securities registered in their names, will not receive or be entitled to receive physical delivery of a certificate in definitive form representing securities and will not be considered the owners or holders of those securities under the indenture. Accordingly, each person beneficially owning book-entry debt securities must rely on the procedures of the depositary for the related global debt security and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture.

We understand, however, that under existing industry practice, the depositary will authorize the persons on whose behalf it holds a global debt security to exercise certain rights of holders of debt securities, and the indenture provides that we, the trustee and our respective agents will treat as the holder of a debt security the persons specified in a written statement of the depositary with respect to that global debt security for purposes of

Table of Contents

obtaining any consents or directions required to be given by holders of the debt securities pursuant to the indenture.

We will make payments of principal of, and any premium or interest on, book-entry debt securities to the depositary or its nominee, as the case may be, as the registered holder of the related global debt security. We, the trustee and any other agent of ours or agent of the trustee will not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security or for maintaining, supervising or reviewing any records relating to beneficial ownership interests.

We expect that the depositary, upon receipt of any payment of principal of, and any premium or interest on, a global debt security, will immediately credit participants' accounts with payments in amounts proportionate to the respective amounts of book-entry debt securities held by each participant as shown on the records of such depositary. We also expect that payments by participants to owners of beneficial interests in book-entry debt securities held through those participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

We will issue certificated debt securities in exchange for each global debt security if the depositary is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days. In addition, we may at any time and in our sole discretion determine not to have the book-entry debt securities of any series represented by one or more global debt securities and, in that event, will issue certificated debt securities in exchange for the global debt securities of that series. Global debt securities will also be exchangeable by the holders for certificated debt securities if an event of default with respect to the book-entry debt securities represented by those global debt securities has occurred and is continuing. Any certificated debt securities issued in exchange for a global debt security will be registered in such name or names as the depositary shall instruct the trustee. We expect that such instructions will be based upon directions received by the depositary from participants with respect to ownership of book-entry debt securities relating to such global debt security.

We have obtained the foregoing information concerning the depositary and the depositary's book-entry system from sources we believe to be reliable, but we take no responsibility for the accuracy of this information.

Change of Control

Unless otherwise stated in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) which could adversely affect holders of debt securities.

Covenants

We will set forth in the applicable prospectus supplement any restrictive covenants applicable to any issue of debt securities.

Consolidation, Merger and Sale of Assets

Unless otherwise stated in the applicable prospectus supplement, we may not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to, any person, which we refer to as a successor person, unless:

we are the surviving corporation or the successor person (if other than Hanesbrands) is a corporation organized and validly existing under the laws of any U.S. domestic jurisdiction and expressly assumes our obligations on the debt securities and under the indenture;

Table of Contents

immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time, or both, would become an event of default, shall have occurred and be continuing under the indenture; and

certain other conditions that may be set forth in the applicable prospectus supplement are met.

Events of Default

Unless otherwise stated in the applicable prospectus supplement, event of default means, with respect to any series of debt securities, any of the following:

default in the payment of any interest upon any debt security of that series when it becomes due and payable, and continuance of that default for a period of 30 days (unless the entire amount of the payment is deposited by us with the trustee or with a paying agent prior to the expiration of the 30-day period);

default in the payment of principal of any debt security of that series when due and payable at maturity, upon redemption or otherwise;

default in the deposit of any sinking fund payment, when and as due in respect of any debt security of that series;

default in the performance or breach of any other covenant or warranty by us in the indenture (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or we and the trustee receive written notice from the holders of not less than a majority in principal amount of the outstanding debt securities of that series as provided in the indenture;

certain events of bankruptcy, insolvency or reorganization; and

any other event of default provided with respect to debt securities of that series that is described in the applicable prospectus supplement accompanying this prospectus.

No event of default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an event of default with respect to any other series of debt securities. The occurrence of an event of default may constitute an event of default under our bank credit agreements in existence from time to time. In addition, the occurrence of certain events of default or an acceleration under the indenture may constitute an event of default under certain of our other indebtedness outstanding from time to time.

If an event of default with respect to debt securities of any series at the time outstanding occurs and is continuing, then the trustee or the holders of not less than a majority in principal amount of the outstanding debt securities of that series may, by a notice in writing to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) of and accrued and unpaid interest, if any, on all debt securities of that series. In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) of and accrued and unpaid interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if all events of default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture. We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to

Table of Contents

acceleration of a portion of the principal amount of such discount securities upon the occurrence of an event of default.

The indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of outstanding debt securities, unless the trustee receives indemnity reasonably satisfactory to it against any loss, liability or expense. Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

Unless stated otherwise in the applicable prospectus supplement, no holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless:

that holder has previously given to the trustee written notice of a continuing event of default with respect to debt securities of that series;

the holders of at least a majority in principal amount of the outstanding debt securities of that series have made written request to the trustee to pursue the remedy;

the holder or holders offer and, if requested, provide to the trustee indemnity reasonably satisfactory to the trustee against any loss, liability or expense;

the trustee does not comply with the request within 60 days; and

the trustee has not received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding the foregoing, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, and any premium or interest on, that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee a statement as to compliance with the indenture. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default or event of default (except in payment on any debt securities of that series) with respect to debt securities of that series if it in good faith determines that withholding notice is in the interest of the holders of those debt securities.

Modification and Waiver

We may modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments. We may not make any modification or amendment without the consent of the holders of each affected debt security then outstanding if that amendment will:

reduce the amount of debt securities whose holders must consent to an amendment, supplement or waiver;

reduce the rate of or extend the time for payment of interest (including default interest) on any debt security;

Edgar Filing: GFSI INC - Form S-3ASR

reduce the principal of, and any premium or interest on, or change the fixed maturity of, any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;

reduce the principal amount of discount securities payable upon acceleration of maturity;

Table of Contents

waive a default in the payment of the principal of, or any premium or interest on, any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);

make the principal of, or any premium or interest on, any debt security payable in currency other than that stated in the debt security;

make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of, or any premium or interest on, those debt securities and to institute suit for the enforcement of any such payment and to waivers or amendments; or

waive a redemption payment with respect to any debt security or change any of the provisions with respect to the redemption of any debt securities.

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of such series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal of, or any premium or interest on, any debt security of that series or in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the series affected; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

Legal Defeasance. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, we may be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost or mutilated debt securities of such series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). We will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities.

This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

Table of Contents

Defeasance of Certain Covenants. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with certain conditions:

we may omit to comply with the covenant described under the heading **Consolidation, Merger and Sale of Assets** and certain other covenants set forth in the indenture, as well as any additional covenants which may be set forth in the applicable prospectus supplement; and

any omission to comply with those covenants will not constitute a default or an event of default with respect to the debt securities of that series, or covenant defeasance.

The conditions include:

depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal of, and any premium and interest on, and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities; and

delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

Covenant Defeasance and Events of Default. In the event we exercise our option to effect covenant defeasance with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any event of default, the amount of money and/or U.S. government obligations or foreign government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. However, we shall remain liable for those payments.

Guarantees

Any debt securities may be guaranteed by one or more of our direct or indirect subsidiaries. Each prospectus supplement will describe any guarantees for the benefit of the series of debt securities to which it relates, including required financial information of the subsidiary guarantors, as applicable.

Governing Law

The indenture, the debt securities and the guarantees shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to the principles thereof relating to conflicts of law.

DESCRIPTION OF CAPITAL STOCK

The following description is a summary of the material terms of our capital stock and reflects our charter and bylaws that are in effect as of the date of this prospectus. The following summary of the terms of our capital stock is qualified by reference to our bylaws, our charter and our rights plan. See **Where You Can Find More Information**.

Table of Contents

General

Our charter provides that we may issue up to 500 million shares of common stock, par value \$0.01 per share, and up to 50 million shares of preferred stock, par value \$0.01 per share, and permits our board of directors, without stockholder approval, to amend the charter to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue. As of July 2, 2011, 96,740,315 shares of our common stock were issued and outstanding, options to purchase 5,736,782 shares of our common stock were outstanding, restricted stock units covering 1,016,955 shares of our common stock were outstanding and no shares of our preferred stock were issued and outstanding. 500,000 shares of Preferred Stock have been classified and designated as Junior Participating Preferred Stock, Series A, or Series A Preferred Stock, and reserved for issuance upon the exercise of rights under our rights agreement. See Preferred Stock and Certain Provisions of Maryland Law and of Our Charter and Bylaws That Could Have the Effect of Delaying, Deferring or Preventing a Change in Control Rights Agreement. The Maryland General Corporation Law, or the MGCL, provides that our stockholders are generally not obligated to us or our creditors with respect to our stock, except to the extent that the subscription price or other agreed upon consideration has not been paid.

Common Stock

General. Holders of our common stock have no preference, conversion, exchange, sinking fund, redemption or appraisal rights. Holders of our common stock are entitled to receive dividends when authorized by our board of directors out of our assets legally available for the payment of dividends. Holders of our common stock are also entitled to share ratably in our assets legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up, after payment of or adequate provision for all of our known debts and liabilities. These rights are subject to, and may be adversely affected by, the preferential rights granted to any other class or series of our stock.

Each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of our stockholders, including the election of directors. Except as provided with respect to any other class or series of stock, the holders of our common stock will possess exclusive voting power. A plurality of all votes cast at a stockholders meeting at which a quorum is present will be sufficient for the election of directors, and there is no cumulative voting in the election of directors.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside of the ordinary course of business, unless approved by the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on the matter. However, a Maryland corporation may provide in its charter for the approval of these matters by a lesser percentage, as long as such percentage is not less than a majority of all the votes entitled to be cast on the matter. Our charter provides for approval by a majority of all the votes entitled to be cast in these situations, except for certain amendments to our charter relating to directors.

Holders of our common stock, solely by virtue of their holdings, do not have preemptive rights to subscribe for or purchase any shares of our capital stock which we may issue in the future.

Our common stock is and is expected to remain uncertificated. Therefore our stockholders will not be able to obtain stock certificates.

Preferred Stock Purchase Rights. We have adopted a stockholder rights agreement. Under the stockholder rights agreement, each outstanding share of common stock has attached to it a right entitling its holder to purchase from us one one-thousandth of a share of Series A Preferred Stock (subject to antidilution provisions) upon the occurrence of certain triggering events. Until the rights distribution date, the rights will not be evidenced by separate certificates and may be transferred only with the common stock to which they are attached.

Table of Contents

For so long as the rights continue to be associated with our common stock, each new share of common stock we issue will include a right. Stockholders will not be required to pay any separate consideration for the rights issued with our common stock.

For a more detailed discussion of the rights under our rights agreement, please see Certain Provisions of Maryland Law and of Our Charter and Bylaws That Could Have the Effect of Delaying, Deferring or Preventing a Change in Control Rights Agreement.

Preferred Stock

The following briefly summarizes the material terms of our preferred stock, other than pricing and related terms that will be disclosed in an accompanying prospectus supplement. You should read the particular terms of any series of preferred stock offered by us, which will be described in more detail in any prospectus supplement relating to such series, together with the more detailed provisions of our charter, including the articles supplementary thereto, relating to each particular series of preferred stock for provisions that may be important to you. The articles supplementary to our charter relating to the particular series of preferred stock offered by an accompanying prospectus supplement and this prospectus will be filed as an exhibit to a document incorporated by reference in the registration statement. The prospectus supplement will also state whether any of the terms summarized below do not apply to the series of preferred stock being offered.

Blank Check Preferred Stock. Our charter authorizes our board of directors to authorize blank check preferred stock. Our board of directors can classify and issue from time to time any unissued shares of preferred stock and reclassify any previously classified but unissued shares of any series of preferred stock. The applicable terms of a particular series of preferred stock shall be set forth in the articles supplementary to our charter establishing such series of preferred stock. These terms must include, but are not limited to, some or all of the following:

title of the series;

the number of shares of the series, which number our board of directors may thereafter increase or decrease;

whether and in what circumstances the holder is entitled to receive dividends and other distributions;

whether (and if so, when and on what terms) the series can be redeemed by us or the holder or converted or exchanged by the holder;

whether the series will rank senior or junior to or on parity with any other class or series of preferred stock; and

voting and other rights of the series, if any.

Unless otherwise described in the articles supplementary, in the event we liquidate, dissolve or wind up our affairs, the holders of any series of preferred stock will have preference over the holders of common stock and any other capital stock ranking junior to such series for payment out of our assets of the amount specified in the applicable articles supplementary.

Holders of our preferred stock, solely by virtue of their holdings, do not have preemptive rights to subscribe for or purchase any shares of our capital stock which we may issue in the future.

Series A Preferred Stock. Shares of our Series A Preferred Stock have been reserved for issuance upon exercise of the rights under our rights agreement. For a more detailed discussion of our rights agreement and our Series A Preferred Stock, see Certain Provisions of Maryland Law and of Our Charter and Bylaws That

Could Have the Effect of Delaying, Deferring or Preventing a Change in Control Rights Agreement. Shares

of our Series A Preferred Stock may only be purchased after the rights have become exercisable. Each share of Series A Preferred Stock:

will rank junior to other senior series of stock as provided in the terms of such series of stock and senior to our common stock;

will entitle holders to a cumulative quarterly dividend, when, as and if declared by our board of directors in an amount equal to the greater of (a) \$25.00, or (b) the product of (i) 1,000 (subject to antidilution adjustment) and (ii) the aggregate per share amount of all dividends on our common stock since the preceding dividend payment date (or the date of first issuance of Series A Preferred Stock if dividends have not previously been paid thereon;

will entitle holders to 1,000 votes (subject to antidilution adjustment) on all matters submitted to a vote of our stockholders;

in the event of a liquidation, will entitle holders to a preferred liquidation payment equal to the greater of (a) \$100, plus accrued and unpaid dividends, and (b) an aggregate amount per share equal to the product of (i) 1,000 (subject to antidilution adjustment) and (ii) the aggregate amount to be distributed per share to holders of our common stock; and

in the event of any consolidation, merger, combination or other transaction in which shares of our common stock are exchanged for or changed into stock or securities of another entity, cash and/or other property, will entitle holders to exchange their Series A Preferred Stock in an amount per share equal to the product of (i) 1,000 (subject to antidilution adjustment) and (ii) the aggregate amount of stock, securities, cash and/or other property into which or for which each share of our common stock is changed or exchanged.

The Series A Preferred Stock is not redeemable.

Transfer Agent and Registrar

The transfer agent and registrar for the common stock is Computershare Investor Services, N.A. The transfer agent, registrar, dividend disbursing agent and redemption agent for shares of each series of preferred stock will be named in the prospectus supplement relating to such series.

New York Stock Exchange Listing

Our common stock is listed on the New York Stock Exchange under the symbol HBI.

Certain Provisions of Maryland Law and of Our Charter and Bylaws That Could Have the Effect of Delaying, Deferring or Preventing a Change in Control

Provisions of the MGCL, our charter and bylaws could make the following more difficult:

acquisition of us by means of a tender offer or merger;

acquisition of us by means of a proxy contest or otherwise; or

removal of our incumbent officers and directors.

Edgar Filing: GFSI INC - Form S-3ASR

These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions also are designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of the potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure our company outweigh the disadvantages of discouraging those proposals because negotiation with such proponent could result in an improvement of their terms.

Table of Contents

Board of Directors. Our charter and bylaws provide that the number of our directors may be established by the board of directors but may not be fewer than one nor more than 25. Our charter provides that any vacancy will be filled by a majority of the remaining directors.

Our board of directors is not currently classified. However, it would be permissible under the MGCL for our board of directors to classify or declassify itself without stockholder approval.

Our charter provides that, subject to the rights of one or more classes or series of preferred stock, a director may be removed from office only for cause and then only by the affirmative vote of at least two-thirds of the votes entitled to be cast generally in the election of directors. For the purpose of the charter, cause means the conviction of a felony or a final judgment of a court of competent jurisdiction holding that such director caused demonstrable, material harm to the corporation through bad faith or active and deliberate dishonesty.

Authority to Issue Blank Check Preferred Stock. The rights of holders of our common stock or preferred stock offered may be adversely affected by the rights of holders of any shares of preferred stock that may be issued in the future. Our board of directors may cause shares of preferred stock to be issued in public or private transactions for any proper corporate purpose. Examples of proper corporate purposes include issuances to obtain additional financing in connection with acquisitions or otherwise, and issuances to our or our subsidiaries' officers, directors and employees pursuant to benefit plans or otherwise. Shares of preferred stock we issue may have the effect of rendering more difficult or discouraging an acquisition of us deemed undesirable by our board of directors.

Power to Reclassify Shares of Our Common and Preferred Stock. Our charter also authorizes our board of directors to classify and reclassify any unissued shares of our common stock and preferred stock into other classes or series of capital stock, and permits our board of directors, without stockholder approval, to amend the charter to increase or decrease the aggregate number of shares of capital stock or the number of shares of capital stock of any class or series that we have authority to issue. Prior to issuance of shares of each class or series, our board of directors is required under the MGCL and by our charter to set the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series.

We believe that the power to issue additional shares of common stock or preferred stock and to classify or reclassify unissued shares of common stock or preferred stock and thereafter to issue the classified or reclassified shares provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. These actions can be taken without stockholder approval, unless stockholder approval is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. The New York Stock Exchange currently requires stockholder approval as a prerequisite to listing shares in several instances, including where the present or potential issuance of shares could result in an increase in the number of shares of common stock or in the amount of voting securities outstanding by at least 20%. If the approval of our stockholders is not required for the issuance of our common stock or preferred stock, our board of directors may determine not to seek stockholder approval. Although we have no present intention of doing so, we could issue a class or series of stock that could, depending on the terms of such class or series, have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of common stock or otherwise be believed to be in the best interest of our stockholders.

Business Combinations. Under the MGCL, business combinations between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include certain mergers, consolidations, share exchanges, asset transfers or issuances or reclassifications of equity securities. An interested stockholder is defined as:

any person who beneficially owns 10% or more of the voting power of the corporation's shares; or

Table of Contents

an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested stockholder under the statute if the board of directors approved in advance the transaction by which the stockholder otherwise would have become an interested stockholder. However, in approving a transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms or conditions determined by the board.

After the five-year prohibition, any business combination between the corporation and an interested stockholder generally must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by the holders of voting stock of the corporation other than voting shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply to business combinations in which the common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The statute provides for various exemptions from its provisions, including business combinations that are exempted by the board of directors prior to the time that the interested stockholder becomes an interested stockholder.

The business combination statute could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common stock or otherwise believed to be in the best interest of our stockholders.

Control Share Acquisitions. Maryland's control share acquisition act provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights, except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by directors who are employees of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock, which, if aggregated with all other shares of stock owned by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing directors within one of the following ranges:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors of the corporation to call a special meeting of stockholders, to be held within 50 days after a request and written undertaking, to consider the voting rights of the control shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including delivery of an acquiring person statement and a written undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

Table of Contents

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the corporation to redeem control shares is subject to certain conditions and limitations. Fair value of the control shares is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquiror or, if a meeting of stockholders is held at which the voting rights of the shares are considered and not approved, as of the date of such meeting. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may elect to exercise appraisal rights.

The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The control share acquisition statute does not apply to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction, or to acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting any and all acquisitions by any person of shares of our stock from Maryland's control share acquisition act. Our board of directors may, however, amend or eliminate this provision in the future without stockholder approval.

Amendments to the Charter. Subject to certain exceptions, our charter may be amended only if declared advisable by the board of directors and approved by the affirmative vote of the holders of not less than a majority of all of the votes entitled to be cast on the matter. Among the exceptions provided for in the charter, the board of directors may, without action by our stockholders, amend our charter to increase or decrease the aggregate number of shares of capital stock or the number of shares of capital stock of any class or series that we have authority to issue, or change the name or designation or par value of any class or series of our capital stock or the aggregate par value. In addition, certain amendments to provisions of our charter relating to removal of directors require the affirmative vote of the holders of not less than two-thirds of all the votes entitled to be cast on the matter.

Advance Notice of Director Nominations and New Business. Our bylaws provide that with respect to an annual meeting of stockholders, nominations of persons for election to the board of directors and the proposal of other business to be considered by stockholders may be made only:

pursuant to our notice of the meeting;

by or at the direction of the board of directors; or

by a stockholder who is a holder of record at both the time of giving notice and the time of the meeting and who is entitled to vote at the meeting and who has complied with the advance notice procedures provided for in our bylaws.

In order to comply with the advance notice procedures of our bylaws, a stockholder must generally give written notice to our corporate secretary at least 120 days, but no more than 150 days in advance of the anniversary of the date of the proxy statement for the preceding year's annual meeting. For nominations to the board, the notice must include information about the director nominee, including his or her name, holdings of our stock, as well as information required by SEC rules regarding elections to boards of directors. For other business that a stockholder proposes to bring before the meeting, the notice must include the reasons for proposing the business at the meeting and a discussion of the stockholder's material interest in such business. Whether the

notice relates to a nomination to the board of directors or to other business to be proposed at the meeting, among

other information, the notice also must include information about the stockholder and the stockholder's holdings of our stock.

Table of Contents

With respect to special meetings of stockholders, only the business specified in our notice of the special meeting may be brought before the meeting. Nominations of persons for election to the board of directors at a special meeting may be made only:

by or at the direction of the board of directors; or

provided that the special meeting has been called in accordance with the procedures in our bylaws for stockholder-requested special meetings for the purpose of electing directors, by a stockholder who is a holder of record at both the time of giving notice and the time of the meeting and who is entitled to vote at the meeting and who has complied with the advance notice procedures provided for in our bylaws.

Stockholder Action by Written Consent. Our bylaws provide that any action required or permitted to be taken by our stockholders may be taken without a meeting only by a unanimous consent given in writing by electronic transmission by each stockholder entitled to vote on the matter or, if the action is advised and submitted to the stockholders for approval by the board of directors, by a written consent of stockholders entitled to cast not less than the minimum number of votes that would be necessary for such action at a meeting of stockholders.

Rights Agreement. Pursuant to our stockholder rights agreement, one preferred stock purchase right is distributed with and attached to each share of our common stock. Each right will entitle its holder, under the circumstances described below, to purchase from us one one-thousandth of a share of our Series A Preferred Stock at an initial exercise price per right of \$75.00 per one-thousandth of a share of Series A Preferred Stock, subject to certain adjustments. The description and terms of the rights are set forth in a rights agreement between us and Computershare Investor Services, N.A., as rights agent. The following description of the rights is a summary and is qualified in its entirety by reference to the rights agreement, which has been included as an exhibit to the registration statement of which this prospectus is a part.

Initially, the rights will be associated with our common stock and evidenced by book-entry statements, which will contain a notation incorporating the rights by reference. Each right initially will be transferable with and only with the transfer of the underlying share of common stock. The rights will become exercisable and separately certificated only upon the rights distribution date, which will occur upon the earlier of:

ten days following a public announcement by us that a person or group (an "acquiring person") has acquired, or obtained the right to acquire, beneficial ownership of 15% or more of our outstanding shares of common stock (the date of the announcement being the stock acquisition date); or

ten business days (or later if so determined by our board of directors) following the commencement of or public disclosure of an intention to commence a tender offer or exchange offer by a person if, after acquiring the maximum number of securities sought pursuant to such offer, such person, or any affiliate or associate of such person, would acquire, or obtain the right to acquire, beneficial ownership of 15% or more of our outstanding shares of our common stock.

Until the rights distribution date, the transfer of any shares of common stock outstanding also will constitute the transfer of the rights associated with such shares.

As soon as practicable after the rights distribution date, the rights agent will mail to each record holder of our common stock as of the close of business on the rights distribution date certificates evidencing the rights. From and after the rights distribution date, the separate certificates alone will represent the rights. Except as otherwise provided in the rights agreement, only shares of common stock issued or sold by Hanesbrands prior to the rights distribution date will receive rights.

The rights are not exercisable until the rights distribution date and will expire ten years from September 1, 2006, unless earlier redeemed or exchanged by us as described below.

Table of Contents

Upon our public announcement that a person or group has become an acquiring person (a flip-in event), each holder of a right (other than any acquiring person and certain related parties, whose rights will have automatically become null and void) will have the right to receive, upon exercise, common stock with a current market value equal to two times the exercise price of the right. Under the stockholder rights agreement current market value as of a particular date means the average of the daily closing prices per share for the thirty consecutive trading days immediately prior to such date.

For example, at an exercise price of \$75 per right, each right not owned by an acquiring person (or by certain related parties) following a flip-in event would entitle its holder to purchase \$150 worth of common stock (as described above) for \$75. Assuming that the common stock had a current market value of \$50 per share at that time, the holder of each valid right would be entitled to purchase three shares of common stock for \$150.

In the event that, at any time after a person becomes an acquiring person:

we are acquired in a merger or other business combination in which we are not the surviving entity;

we are acquired in a merger or other business combination in which we are the surviving entity and all or part of our common stock is converted into or exchanged for securities of another entity, cash or other property;

we effect a share exchange in which all or part of our common stock is exchanged for securities of another entity, cash or other property; or

50% or more of our assets or earning power is sold or transferred, (the above events being business combinations) then each holder of a right (except rights which previously have been voided as described above) will have the right to receive, upon exercise, common stock of the acquiring company having a value equal to two times the exercise price of the right.

The exercise price of the rights, the number of shares of Series A Preferred Stock issuable and the number of outstanding rights will adjust to prevent dilution that may occur from a stock dividend, a stock split or a reclassification of the Series A Preferred Stock or common stock.

We may redeem the rights in whole, but not in part, at a price of \$0.001 per right (subject to adjustment and payable in cash, common stock or other consideration deemed appropriate by our board of directors) at any time prior to the earlier of the stock acquisition date and the rights expiration date. Immediately upon the action of our board of directors authorizing any redemption, the rights will terminate and the holders of rights will only be entitled to receive the redemption price.

At any time after a person becomes an acquiring person and prior to the earlier of (i) the time any person, together with all affiliates and associates, becomes the beneficial owner of 50% or more of our outstanding common stock and (ii) the occurrence of a business combination, our board of directors may cause us to exchange for all or part of the then-outstanding and exercisable rights shares of our common stock at an exchange ratio of one common share per right, adjusted to reflect any stock split, stock dividend or similar transaction.

Until a right is exercised, its holder, as such, will have no rights as a stockholder with respect to such rights, including, without limitation, the right to vote or to receive dividends. While the distribution of the rights will not result in the recognition of taxable income by our stockholders or us, stockholders may, depending upon the circumstances, recognize taxable income after a triggering event.

The terms of the rights may be amended by our board of directors without the consent of the holders of the rights. From and after the stock acquisition date, however, no amendment can adversely affect the interests of the holders of the rights.

Table of Contents

The rights will have certain anti-takeover effects. For example, the rights will cause substantial dilution to any person or group who attempts to acquire a significant interest in us without advance approval from our board of directors. As a result, the overall effect of the rights may be to render it more difficult or to discourage any attempt to acquire us, even if the acquisition would be in the best interest of our stockholders. Because we can redeem the rights, the rights will not interfere with a merger or other business combination approved by our board of directors.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities, common stock or preferred stock. We may issue warrants independently or together with any other securities offered by any prospectus supplement and warrants may be attached to or separate from the other offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into by us with a warrant agent. The warrant agent will act solely as our agent in connection with the series of warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of the warrants. Further terms of the warrants and the applicable warrant agreements will be set forth in the applicable prospectus supplement. As of the date of this prospectus we have no warrants outstanding.

The applicable prospectus supplement will describe the terms of the warrants in respect of which this prospectus is being delivered, including, where applicable, the following:

the title of the warrants;

the aggregate number of the warrants;

the price or prices at which the warrants will be issued;

the designation, terms and number of shares of debt securities, common stock or preferred stock purchasable upon exercise of the warrants;

the designation and terms of the offered securities, if any, with which the warrants are issued and the number of the warrants issued with each offered security;

the date, if any, on and after which the warrants and the related debt securities, common stock or preferred stock will be separately transferable;

the price at which each share of debt securities, common stock or preferred stock purchasable upon exercise of the warrants may be purchased;

the date on which the right to exercise the warrants shall commence and the date on which that right shall expire;

the minimum or maximum amount of the warrants which may be exercised at any one time;

information with respect to book-entry procedures, if any;

a discussion of certain Federal income tax considerations; and

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

DESCRIPTION OF DEPOSITARY SHARES

We may, at our option, elect to offer fractional or multiple shares of preferred stock, rather than single shares of preferred stock. In the event we exercise this option, we will issue receipts for depositary shares, each of which will represent a fraction or multiple of (as described in an applicable prospectus supplement) shares of a particular series of preferred stock. The preferred stock represented by depositary shares will be deposited under

Table of Contents

a deposit agreement between us and a bank or trust company selected by us and having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, in proportion to the applicable preferred stock or fraction or multiple thereof represented by the depositary share, to all of the rights and preferences of the preferred stock or other equity stock represented thereby, including any dividend, voting, redemption, conversion or liquidation rights. For an additional description of our common stock and preferred stock, see the descriptions in this prospectus under the heading **Description of Capital Stock**.

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. The particular terms of the depositary shares offered by any prospectus supplement will be described in the prospectus supplement, which will also include a discussion of certain U.S. federal income tax consequences.

A copy of the form of deposit agreement, including the form of depositary receipt, will be included as an exhibit to the registration statement or a current report on Form 8-K incorporated by reference herein.

DESCRIPTION OF STOCK PURCHASE UNITS AND STOCK PURCHASE CONTRACTS

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and us to sell to the holders, a specified number of shares of common stock at a future date or dates. The price per share of common stock and the number of shares of common stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula stated in the stock purchase contracts.

The stock purchase contracts may be issued separately or as part of units that we call **stock purchase units**. Stock purchase units consist of a stock purchase contract and either our debt securities or debt obligations of third parties, including U.S. treasury securities, securing the holders obligations to purchase the common stock under the stock purchase contracts.

The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and these payments may be unsecured or refunded on some basis. The stock purchase contracts may require holders to secure their obligations in a specified manner.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. The description in the prospectus supplement will only be a summary, and you should read the stock purchase contracts, and, if applicable, collateral or depositary arrangements, relating to the stock purchase contracts or stock purchase units. Material United States federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will also be discussed in the applicable prospectus supplement.

Maryland

Hanesbrands Inc. is a Maryland corporation. Section 2-405.2 of the Maryland General Corporation Law, or the MGCL, permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, except for liability resulting from (1) actual receipt of an improper benefit or profit in money, property or services or (2) active and deliberate dishonesty established by a final judgment or other adjudication as material to the cause of action adjudicated in the proceeding. Our charter contains a provision that eliminates directors' and officers' liability to the maximum extent permitted by the MGCL.

Section 2-418(d) of the MGCL requires a corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director of the corporation who has been successful, on the merits or otherwise, in the defense of any proceeding to which such director was made a party by reason of the director's service in that capacity. Section 2-418(b) permits a corporation to indemnify its present or former directors against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the director in connection with any proceeding to which the director is made a party by reason of the director's service as a director, unless it is established that (1) the act or omission of the director was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (2) the director actually received an improper personal benefit in money, property or services or (3) in the case of any criminal proceeding, the director had reasonable cause to believe that the act or omission was unlawful. If, however, the proceeding was one by or in the right of the corporation and the director was adjudged liable to the corporation, the corporation may not indemnify the director, unless ordered by a court and then only for expenses. The MGCL also permits a Maryland corporation to pay a director's expenses in advance of the final disposition of an action to which the director is a party upon receipt by the corporation of (1) a written affirmation by the director of the director's good faith belief that the director has met the standard of conduct necessary for indemnification and (2) a written undertaking by or on behalf of the director to repay the amount advanced if it is ultimately determined that the director did not meet the necessary standard of conduct. Section 2-418 of the MGCL defines a director as any person who is or was a director of a corporation and any person who, while a director of the corporation, is or was serving at the request of the corporation as a director, officer, partner, trustee, employee or

Table of Contents

agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise or employee benefit plan.

Section 2-418(j)(2) of the MGCL also permits a Maryland corporation to indemnify and advance expenses to its officers, employees and agents to the extent that it may indemnify and advance expenses to its directors.

Our charter authorizes and our bylaws obligate us, to the maximum extent permitted by the MGCL, to indemnify any of our present or former directors or officers or those of our subsidiaries who (1) is made or threatened to be made a party to a proceeding by reason of such person's service in that capacity or (2) while a director or officer and at our request, serves or served another corporation, partnership, joint venture, trust, employee benefit plan or any other enterprise as a director, officer, partner or trustee and who is made or threatened to be made a party to a proceeding by reason of such person's service in that capacity by reason of such person's services in such capacity and to pay or reimburse that person's reasonable expenses in advance of final disposition of a proceeding. This indemnity could apply to liabilities under the Securities Act of 1933, as amended (the "Securities Act"), in certain circumstances.

Our bylaws also permit us, with the approval of our board of directors, to indemnify and advance expenses to (1) a person who served a predecessor in any of the capacities described above or (2) any of our employees or agents, or any employee or agent of a predecessor.

We also maintain indemnity insurance as permitted by Section 2-418 of the MGCL, pursuant to which our officers and directors are indemnified or insured against liability or loss under certain circumstances, which may include liability or related losses under the Securities Act or the Securities Exchange Act of 1934, as amended.

Section 18-108 of the Delaware Limited Liability Company Act provides that a limited liability company may, and shall have the power to, indemnify and hold harmless any member or manager or other person from and against any and all claims and demands whatsoever.

Section 145 of the Delaware General Corporation Law, or the DGCL, provides that a corporation may indemnify any person, including an officer or director, who was or is, or is threatened to be made, a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of such corporation, and, with respect to any criminal actions and proceedings, had no reasonable cause to believe that his conduct was unlawful. A Delaware corporation may indemnify any person, including an officer or director, who was or is, or is threatened to be made, a party to any threatened, pending or contemplated action or suit by or in the right of such corporation, under the same conditions, except that such indemnification is limited to expenses (including attorneys' fees) actually and reasonably incurred by such person, and except that no indemnification is permitted without judicial approval if such person is adjudged to be liable to such corporation. Where an officer or director of a corporation is successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to above, or any claim, issue or matter therein,

Item 17. Undertakings.

(a) Each of the undersigned registrants hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

Table of Contents

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) Each of the undersigned registrants hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of such annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions referred to in Item 15, or otherwise, each of the registrants has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by such registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
