**PROXY STATEMENT FOR THE
ANNUAL MEETING OF SHAREHOLDERS**

To be held on January 17, 2012

ABOUT THE MEETING

This proxy statement is being made available to shareholders in connection with the solicitation of proxies by the board of directors of PURE CYCLE CORPORATION (the Company) for use at the annual meeting of shareholders of the Company (the Meeting) to be held at 1550 Seventeenth Street, Suite 500, Denver, Colorado 80202, at the offices of Davis Graham & Stubbs LLP on January 17, 2012 at 2:00 p.m. Mountain Time or at any adjournment or postponement thereof. This proxy statement will be made available to shareholders on or about December 8, 2011. The cost of soliciting proxies is being paid by the Company. The Company's officers, directors, and other regular employees may, without additional compensation, solicit proxies personally or by other appropriate means.

How can I get access to the proxy materials?

Instructions on how to access the proxy materials on-line, including this proxy statement and the Company's latest Annual Report on Form 10-K, on-line may be found in the Important Notice Regarding the Availability of Proxy Materials (the Notice), as well as instructions to request a printed set of such materials. You may also request the proxy materials by contacting the Company's transfer agent, Broadridge Corporate Issuer Solutions, by calling 1-800-579-1639, by writing the Company's Secretary at the Company's address set forth above, or by visiting www.proxyvote.com and entering the control number from the Notice.

If you would like to receive the Notice via email rather than regular mail in future years, please follow the instructions in the Notice. Choosing to receive future notices by email will help the Company reduce the costs and environmental impact of the Company's shareholder meetings.

What is the purpose of the Meeting?

At the Meeting, shareholders are asked to act upon the matters outlined above in the Notice of Annual Meeting of Shareholders and as described in this proxy statement. The matters to be considered are (i) the election of directors, (ii) the ratification of the appointment of the Company's independent auditors for the fiscal year ending August 31, 2012, and (iii) such other matters as may properly come before the Meeting. Management will be available to respond to appropriate questions.

Who is entitled to vote and how many votes do I have?

If you were a shareholder of record as of 5:00 p.m. Mountain Time on November 23, 2011 (the Record Date), you will be entitled to vote at the Meeting or any adjournments or postponements thereof. On the Record Date, there were 24,037,596 shares of the Company's 1/3 of \$.01 par value common stock (common stock) issued and outstanding. Each outstanding share of the Company's common stock will be entitled to one vote on each matter acted upon. There is no cumulative voting.

How do I vote?

If your shares are held in an account at a bank, brokerage firm, or other nominee in street name, you need to submit voting instructions to your bank, brokerage firm, or other nominee in order to cast your vote. If you wish to vote in person at the Meeting, you must obtain a valid proxy from the nominee that holds your shares.

If you are the shareholder of record, you may vote your shares by following the instructions in the Notice mailed on or about December 8, 2011 or, if you have received a printed set of the proxy materials, you may vote your shares

by completing, signing and dating the enclosed proxy card and then mailing it to the Company's transfer agent in the pre-addressed envelope provided. You may also vote your shares by calling the transfer agent at the number listed on the proxy card or by attending the Meeting in person.

Can I change or revoke my vote?

A proxy may be revoked by a shareholder any time before it is voted at the Meeting by submission of another proxy bearing a later date, by attending the Meeting and voting in person, or if you are a shareholder of record by written notice of revocation to the Secretary of the Company.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed within the Company or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally shareholders provide written comments on their proxy cards, which are forwarded to management of the Company.

Will my shares held in street name be voted if I do not provide my proxy?

If you hold your shares through a bank, broker, or other nominee, your shares must be voted by the nominee. If you do not provide voting instructions, under the rules of the securities exchanges, the nominee's discretionary authority to vote your shares is limited to routine matters. Proposal 1 for the election of directors is not considered a routine matter for this purpose, so if you do not provide your proxy, your shares will not be voted at the Meeting with respect to the election of directors. In this case your shares will be treated as broker non-votes and will not be counted for purposes of determining the election of directors.

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

What is a quorum?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock constitutes a quorum at the Meeting for the election of directors and for the other proposals. Abstentions and broker non-votes are counted for the purposes of determining whether a quorum is present at the Meeting.

How many votes are required to approve the proposals?

Election of Directors The election of directors requires the affirmative vote of a plurality of the votes cast by shares represented in person or by proxy and entitled to vote for the election of directors. This means that the nominees receiving the most votes from those eligible to vote will be elected. You may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees; however, a withheld vote or a broker non-vote (defined above) will have no effect on the outcome of the election.

Ratification of auditors and other matters The number of votes cast in favor of the proposal at the Meeting must exceed the number of votes cast against the proposal for the approval of proposal 2 and other matters. For proposal 2 and any other business matters to be voted on, you may vote FOR, AGAINST, or you may ABSTAIN. Abstentions and broker non-votes will not be counted as votes for or against a proposal and, therefore, have no effect on the vote.

If no specification is made, then the shares will be voted FOR the directors nominated by the board of directors and FOR proposal 2 and otherwise, in accordance with the recommendations of the board of directors.

Does the Company expect there to be any additional matters presented at the Meeting?

Other than the items of business described in this proxy statement, the Company is not aware of any other business to be acted upon at the Meeting. If you grant a proxy, the persons named as proxy-holders, Mark W. Harding and

Harrison H. Augur, have the discretion to vote your shares on any additional matter properly presented for a vote at the Meeting. If for any unforeseen reason any of the director nominees are not available for election at the date of the Meeting, the named proxy-holders will vote your shares for such other candidates as may be nominated by the board.

When will the results of the voting being announced?

The Company will announce preliminary results at the Meeting and will publish final results in a current report on Form 8-K to be filed within 4 days of the date of the Meeting.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Leadership Structure

The Company's board of directors has chosen to separate the positions of Chief Executive Officer (CEO) and Chairman of the board. Keeping these positions separate allows the Company's CEO to focus on developing and implementing the Company's business plans and supervising the Company's day-to-day operations and allows the Company's Chairman to lead the board of directors in its oversight and advisory roles. Because of the many responsibilities of the board of directors and the significant time and effort required by each of the Chairman and the CEO to perform their respective duties, the Company believes that having separate persons in these roles enhances the ability of each to discharge those duties effectively and, as a corollary, enhances the Company's prospects for success. The board of directors also believes that having separate positions provides a clear delineation of responsibilities for each position and fosters greater accountability of management.

Board Risk and Oversight

Our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. With the oversight of the Company's full board of directors, the Company's CEO is responsible for the day-to-day management of the material risks the Company faces. In its oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Annually, the board of directors holds strategic planning sessions with management to discuss strategies, key challenges, risks and opportunities for the Company. This involvement of the board of directors in setting the Company's business strategy is a key part of its oversight of risk management, its assessment of management's appetite for risk, and its determination of what constitutes an appropriate level of risk for the Company. Additionally, the board of directors regularly receives updates from management regarding certain risks the Company faces, including various operating risks. Management attends meetings of the board of directors and its committees on a regular basis, and as is otherwise needed, and are available to address any questions or concerns raised by the board on risk management and any other matters.

The Audit Committee is responsible for overseeing risk management of financial matters, financial reporting, the adequacy of the Company's risk-related internal controls, internal investigations, and enterprise risks, generally. The Nominating and Corporate Governance Committee (the Nominating Committee) oversees the Company's corporate governance guidelines and governance-related risks, such as board independence, as well as management and director succession planning. The Compensation Committee oversees risks related to compensation policies and practices, and is responsible for establishing and maintaining compensation policies and programs designed to create incentives consistent with the Company's business strategy that do not encourage excessive risk-taking.

Board Membership and Director Independence

Director Independence At least a majority of the members of the board and all members of the board's Audit, Compensation, and Nominating Committees must be independent in accordance with the listing standards of The NASDAQ Stock Market. The board has determined that five of the six current members, Messrs. Augur, Epker, Guido, Howell, and Middlemas, are independent pursuant to the standards of The NASDAQ Stock Market.

Terms of Directors and Officers All directors are elected for one-year terms which expire at the annual meeting of shareholders or when their successors are duly elected and qualified. The Company's officers are elected annually by the board of directors and hold office until their successors are duly elected and qualified.

Family Relationships of Directors and Officers None of the current directors or officers, or nominees for director, is related to any other officer or director of the Company or to any nominee for director.

Board meetings held The board of directors and each of the standing committees described below meet throughout the fiscal year on a set schedule. They also hold special meetings and act by written consent from time to time as appropriate. The Company's non-management directors meet regularly in executive sessions without management present. The executive sessions of non-management directors are held in conjunction with each regularly scheduled board meeting.

During the fiscal year ended August 31, 2011, the board of directors held four (4) meetings. All board members attended 75% or more of the aggregate of the total number of meetings of the board of directors and the total number of meetings held by all committees of the board on which the director served except Mr. Middlemas and Mr. White who each attended 67% of the meetings. All of the Company's board members are expected to attend the annual meetings. All of the Company's board members attended the 2011 Annual Meeting except Mr. Middlemas and Mr. White.

Committees

The Board has three standing committees: Audit Committee, Compensation Committee and the Nominating Committee. Each of the committees regularly reports on its activities and actions to the full board of directors.

Membership in the standing committees for 2011 is set forth below:

Director	<u>Fiscal 2011 Committee Membership</u>		
	September 30, Audit Committee	September 30, Compensation Committee	September 30, Nominating Committee
M. Harding			
H. Augur	X	X	X
A. Epker		X	X
R. Guido	X		Chair
P. Howell	Chair		
G. Middlemas		Chair	
H. White			

Audit Committee The Audit Committee consists of Mr. Howell (Chair) and Messrs. Augur and Guido. The board of directors has determined that all of the members of the Audit Committee are independent within the meaning of the listing standards of The NASDAQ Stock Market and the SEC rules governing audit committees. In addition, the board has determined that Mr. Howell meets the SEC criteria of an audit committee financial expert by reason of his understanding of Accounting Principles Generally Accepted in the United States of America (GAAP) and the application of GAAP, his education, his experiences as an auditor and chief financial officer, and his understanding of financial statements. See Mr. Howell's biography under *Election of Directors (Proposal No. 1)* for additional information.

The functions to be performed by the Audit Committee include the appointment, retention, compensation and oversight of the Company's independent auditors, including pre-approval of all audit and non-audit services to be performed by such auditors. The Audit Committee Charter is available on the Company's website at www.purecyclewater.com. The Audit Committee held seven (7) meetings during the fiscal year ended August 31, 2011.

Compensation Committee The Compensation Committee consists of Mr. Middlemas (Chairman) and Messrs. Augur and Epker. The board of directors has determined that all members of the Compensation Committee are independent with the meaning of the listing standards of The NASDAQ Stock Market. The functions to be performed by the Compensation Committee include establishing the compensation of officers, evaluating the performance of officers and key employees, and administering employee incentive compensation plans. The Compensation Committee typically meets with the CEO to obtain information about employee performance and compensation recommendations. It also has the authority to engage outside advisors to assist the committee with its functions. The Compensation Committee has the power to delegate authority to the CEO or a subcommittee to make certain determinations with respect to compensation for employees who are not executive officers. The Company's Compensation Committee Charter is available on the Company's website at www.purecyclewater.com. The Compensation Committee held two (2) meetings during the fiscal year ended August 31, 2011.

Nominating and Corporate Governance Committee The Nominating Committee consists of Messrs. Guido (Chairman), Epker and Augur. The board of directors has determined that all the members of the Nominating Committee are independent within the meaning of the listing standards of The NASDAQ Stock Market. The principal responsibilities of the Nominating Committee are to identify and nominate qualified individuals to serve as members of the board and to make recommendations to the board with respect to director compensation. In addition, the Nominating Committee is responsible for establishing the Company's Corporate Governance Guidelines and evaluating the board and its processes. In selecting nominees for the board, the Nominating Committee is seeking a board with a variety of experience and expertise, and in selecting nominees it will consider business experience in the industry in which the Company operates, financial expertise, independence from the Company, experience with publicly traded companies, experience with relevant regulatory matters in which the Company is involved, and a reputation for integrity and professionalism. The Company does not have a formal policy with respect to the consideration of diversity in identifying director nominees, but it considers diversity as part of its overall assessment of the board's functions and needs. Nominees must be at least 21 years of age and less than 70 on the date of the annual meeting, unless the Nominating Committee waives such requirements. Identification of prospective board members is done by a combination of methods, including word-of-mouth in industry circles, inquiries of outside professionals and recommendations made to the Company. The Nominating Committee Charter is available on the Company's website at www.purecyclewater.com. The Nominating Committee held two (2) meetings during the fiscal year ended August 31, 2011.

The Nominating Committee will consider nominations for director made by shareholders of record entitled to vote. In order to make a nomination for election at the 2013 annual meeting, a shareholder must provide notice, along with supporting information (discussed below) regarding such nominee, to the Company's Secretary by August 10, 2012, in accordance with the Company's bylaws. The Nominating Committee evaluates nominees recommended by shareholders utilizing the same criteria it uses for other nominees.

Each shareholder recommendation should be accompanied by the following:

The full name, address, and telephone number of the person making the recommendation, and a statement that the person making the recommendation is a shareholder of record (or, if the person is a beneficial owner of the Company's shares but not a record holder, a statement from the record holder of the shares verifying the number of shares beneficially owned), and a statement as to whether the person making the recommendation has a good faith intention to continue to hold those shares through the date of the Company's next annual meeting;

The full name, address, and telephone number of the candidate being recommended, information regarding the candidate's beneficial ownership of the Company's equity securities, any business or personal relationship between the candidate and the person making the recommendation, and an explanation of the value or benefit the person making the recommendation believes the candidate would provide as a director;

A statement signed by the candidate that he or she is aware of and consents to being recommended to the Nominating Committee and will provide such information as the Nominating Committee may request for its evaluation of candidates;

A description of the candidate's current principal occupation, business or professional experience, previous employment history, educational background, and any areas of particular expertise;

Information about any business or personal relationships between the candidate and any of the Company's customers, suppliers, vendors, competitors, directors or officers, or other persons with any special interest regarding any transactions between the candidate and the Company; and

Any information in addition to the above about the candidate that would be required to be included in the Company's proxy statement (including without limitation information about legal proceedings in which the candidate has been involved within the past ten years).

Compensation Committee Interlocks and Insider Participation No interlocking relationship exists between any member of the board of directors or the Compensation Committee and any other company's board of directors or compensation committee.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics for its directors, officers and employees, which is available on the Company's website at www.purecyclewater.com.

Shareholder Communications with the Board

The board of directors has adopted a policy for shareholders to send communications to the board. The policy is available on the Company's website. Shareholders wishing to send communications to the board may contact the Chairman of the board at the Company's principal place of business or e-mail chairman@purecyclewater.com. All such communications shall be shared with the members of the board, or if applicable, a specified committee or director.

Director Compensation

Directors who are employees of the Company receive no fees for board service. Currently, Mr. Harding is the only director who is also an employee. Each non-employee director receives a payment of \$10,000 for each full year in which he or she serves as a director, with an additional payment of \$1,000 for each committee on which he or she serves, and \$1,000 for serving as chairman of the board. Directors receive \$500 for attendance at each board meeting and, if committee meetings are held separate from board meetings, each director receives \$500 for attendance at such committee meetings.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Persons Covered

This compensation discussion and analysis addresses compensation for fiscal 2011 for Mark W. Harding, the Company's CEO, CEO and Chief Financial Officer (CFO) and its only executive officer.

Summary

The Company's compensation plan is designed to attract, retain and motivate quality executive talent critical to the Company's growth and success. The compensation plan is structured to reward the executive officer of the Company with competitive total pay opportunities through a compensation mix that emphasizes cash and non-cash incentives and merit-based salary increases, while de-emphasizing entitlements and perquisites.

The Company's 2011 financial results continue to be negatively impacted by the significant declines in new home construction in Colorado since 2006. The Company did, however, achieve a number of strategic objectives during fiscal 2011. Highlights for fiscal 2011 include:

Completion of a public offering in September 2010 for \$5.4 million and the issuance of a convertible note for \$5.2 million, the proceeds of which were partially used to acquire the Sky Ranch property;

Completion of the acquisition of the Sky Ranch property in October 2010;

Execution of an oil and gas lease for the Sky Ranch property;

12% increase in water revenues resulting from an increase in water delivered and water usage fees;

Increase in gross margins on delivering water (excluding depletion charges) from 63% in fiscal 2010 to 67% in fiscal 2011; and

Improved liquidity resulting from the public offering and the upfront payments received on the oil and gas lease.

The Compensation Committee recommended changes to the CEO's compensation for fiscal 2011 as compared to fiscal 2010. Recognizing that there have been no salary adjustments and no equity based compensation awards for Mr. Harding since September 2007 and that Mr. Harding currently has a significant stock ownership position in the Company's common stock, the Compensation Committee determined that a cash bonus award was the best way to incentivize Mr. Harding. The Compensation Committee recommended, and the board of directors approved, a bonus award to Mr. Harding during fiscal 2011 in recognition of fiscal 2010 objectives that were achieved in early fiscal 2011. The compensation plan for Mr. Harding is described below.

Compensation Philosophy

The Company's executive compensation program is administered by the Compensation Committee of the board of directors. The Compensation Committee is composed of Messrs. Middlemas, Augur and Epker, three independent, non-employee directors. The Compensation Committee reviews the performance and compensation level for the CEO and makes recommendations to the board of directors for final approval. The Compensation Committee also determines equity grants under the 2004 Incentive Plan, if any. The CEO may provide information to the Compensation Committee regarding his compensation; however, the Compensation Committee makes the final determination on the executive compensation recommendation to the board. Final compensation determinations are generally made in August at the end of the Company's fiscal year. The following outlines the philosophy and objectives of the Company's compensation plan.

Edgar Filing: PURE CYCLE CORP - Form DEF 14A

The objectives of the Company's compensation plan are to correlate executive compensation with the Company's objectives and overall performance and to enable the Company to attract, retain and reward executive officers who contribute to its long-term growth and success. The compensation plan is designed to create a mutuality of interest between executive and shareholders through equity ownership programs and to focus the executive's attention on overall corporate objectives, in addition to the executive's personal objectives.

The goal of the Compensation Committee is to provide a compensation package that is competitive with compensation practices of companies with which the Company competes, provides variable compensation that is linked to achievement of the Company's operational performance goals, and aligns the interests of the executive officer and employees with those of the shareholders of the Company. Additionally, the Compensation Committee's goal is to design a compensation package that falls within the mid-range of the packages provided to executives of similarly sized corporations in like industries.

Generally, the executive officer receives a base cash salary, cash bonus (if the Compensation Committee elects to recommend one), and long-term equity incentives. The mixture of these cash and non-cash compensation items is designed to provide the executive with a competitive total compensation package while not using an excessive amount of the Company's cash or overly diluting the equity positions of its shareholders. The Company's executive officer does not receive any perquisites or personal benefits. The executive officer is eligible for the same benefits available to all Company employees. Currently, this includes participation in a tax-qualified 401(k) plan, health and dental plans.

Compensation of the Company's CEO

The current compensation program for the Company's CEO consists of the following:

Base Salary The Compensation Committee reviewed and recommended a salary for the CEO for the fiscal year ended August 31, 2011. Mr. Harding's base salary was established by the Compensation Committee based upon competitive compensation data for similarly sized public companies, job responsibilities, level of experience, individual performance and contribution to the business throughout his career with the Company. In making the base salary decision, the committee exercised its discretion and judgment based upon these factors. No specific formula was applied to determine the weight of each factor. While the Compensation Committee reviewed competitive compensation data, it did not benchmark Mr. Harding's compensation to that of any other company. The Compensation Committee recognized that Mr. Harding's salary had not been changed since 2007, the Compensation Committee decided, however, to recommend maintaining the CEO's salary at the same level as in the prior fiscal year due to the Company's financial condition, and specifically its liquidity position, at the end of fiscal 2010 (prior to the completion by the Company of its public offering). The board approved the committee's recommendation.

Incentive Bonus The Compensation Committee's goal in granting incentive bonuses is to tie a portion of the CEO's compensation to the operating performance of the Company and to the CEO's individual contribution to the Company. In January 2011, the Compensation Committee recommended awarding Mr. Harding a cash bonus of \$110,000 for his accomplishments in fiscal 2010. While the Compensation Committee did not benchmark the CEO's bonus and salary to that of executive officers at other companies, the Compensation Committee did review data pulled from public documents filed with the SEC regarding the cash compensation paid to executive officers with duties and responsibilities similar to those of Mr. Harding in comparable companies in the water development industry (the Publicly Available Compensation Information) and determined that Mr. Harding's cash compensation was substantially below the average of comparable executives in the water development industry. In formulating recommendations for bonus compensation for Mr. Harding, the Compensation Committee considered a number of factors, including, among other things: (i) the Publicly Available Compensation Information; (ii) the lack of any salary adjustments for Mr. Harding since September 1, 2007; (iii) the fact that other than a restricted stock grant of 34,189 shares made in August 2007, Mr. Harding has not received any equity based compensation since April 2001; (iv) the extraordinary efforts put forth by Mr. Harding and other key employees in closing the acquisition of the Sky Ranch property in October 2010 and completing the financing of the acquisition, including the public offering in September 2010, and his continued efforts to bring Sky Ranch into development; (v) Mr. Harding's experience, talents and skills, and the importance thereof to the Company; and (vi) the potential availability of better paying positions for officers with Mr. Harding's experience and skills. The Compensation Committee and the board of directors determined that a cash bonus was appropriate in January 2011 given the Company's liquidity following the public offering in September 2010 and Mr. Harding's current level of stock ownership.

Also in January 2011, the Compensation Committee recommended and the board of directors approved establishing a performance plan for fiscal 2011. The Compensation Committee structured the performance plan to provide for a maximum bonus payout for Mr. Harding based on a potential award equal to 100% of his salary with the following targets:

Less than	Substantial		Meet Plan	Exceed Plan
Substantial Progress Discretionary	Progress on Plan		100%	Up to 150%
	75%	99%		

The 2011 performance plan was comprised of six corporate, nonfinancial goals, strategic in nature, including the following five goals: (i) the execution of an oil and gas lease for the Sky Ranch property; (ii) identification of the infrastructure costs to develop Sky Ranch; (iii) the execution of an export water service agreement with a municipality on favorable terms to the Company; (iv) the execution of an agreement regarding the Paradise Water Supply with an oil and gas exploration and development company or other party; (v) the development of a business plan for the Company's deep water well enhancement tool. The sixth goal was a corporate operating objective the disclosure of which the Company believes would cause competitive harm. The Compensation Committee believed that the achievement of each performance objective, including the undisclosed sixth goal, would be difficult and that it was unlikely that the Company would achieve each of them. The Compensation Committee designed the performance plan to award performance without encouraging inappropriate risk taking.

In August 2011, the Compensation Committee reviewed the Company's operating results for fiscal 2011, evaluated the Company's success in achieving the six nonfinancial goals, and determined that one of the six goals, the execution of an oil and gas lease on Sky Ranch, had been completed. (This oil and gas lease is described in the Company's Annual Report on Form 10-K under *Business Our Water Assets Sky Ranch Oil and Gas Lease*.) The Compensation Committee determined that partial progress had been made toward completing the others. The Compensation Committee determined that 20% progress had been made toward the performance plan and recommended awarding, and the board authorized awarding, Mr. Harding a discretionary bonus of 10% of his salary or \$25,000, in fiscal 2012.

Long-Term Stock Incentives The Compensation Committee has previously provided the Company's CEO with long-term equity incentive compensation through grants of stock options and shares of restricted stock. The goal of the long-term stock incentives has been to align the interests of the CEO with those of the Company's shareholders and to provide the CEO with a long-term incentive to manage the Company from the perspective of an owner with an equity stake in the business. It is the belief of the Compensation Committee that stock options and restricted stock grants directly motivate an executive to maximize long-term shareholder value. The philosophy of administering the long-term stock incentive plan is to tie the number of stock options and shares of restricted stock awarded to each employee in the plan to the performance of the Company and to the individual contribution of each employee in the plan. No long-term stock incentives were granted to Mr. Harding during the fiscal year ended August 31, 2011. Based on Mr. Harding's current level of stock ownership, the Compensation Committee determined that Mr. Harding's interests were adequately aligned with the interests of the Company's shareholders and that Mr. Harding currently had significant incentives to maximize long-term shareholder value. In addition, the Compensation Committee determined that cash compensation in the form of bonuses would provide better incentives for Mr. Harding to achieve the Company's performance objectives.

Discussion with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of one million dollars paid by a corporation to its CEO and its other four most compensated executive officers. The Company has not established a policy with regard to Section 162(m) of the Code because the Company does not currently anticipate paying cash compensation in excess of one million dollars per annum to any employee. The Compensation Committee will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

Stock Ownership Requirements for Executive Officers

While the Company has not established stock ownership guidelines for its executive officer(s), at August 31, 2011, the Company's CEO owned stock with a market value in excess of eight times his base salary, in excess of the five times base salary multiple that is the median multiple for the Top 100 of S&P 500 companies and the six times base salary that the Institutional Shareholder Services (ISS) defines as robust ownership, earning such companies the highest score on the item form ISS.

The Code also provides non-exclusive examples of conduct which would involve a potential conflict of interest and requires any material transaction involving a potential conflict of interest to be approved in advance by the board. If a waiver from the Code is granted to an executive officer or director, the nature of the waiver will be disclosed on the Company's website, in a press release, or on a current report on Form 8-K.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(Proposal No. 2)

Action is to be taken by the shareholders at the Meeting with respect to the ratification and approval of the selection by the Audit Committee of the Company's board of directors of GHP Horwath, P.C. (GHP) to be the independent auditors of the Company for the fiscal year ending August 31, 2012. In the event of a negative vote on such ratification, the Audit Committee of the board of directors will reconsider its selection. A representative of GHP is expected to be present at the Meeting. The GHP representative will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

The Audit Committee reviews and approves in advance the audit scope, the types of non-audit services, if any, and the estimated fees for each category for the coming year. For each category of proposed service, GHP is required to confirm that the provision of such services does not impair the auditors' independence. Before selecting GHP, the Audit Committee carefully considered that firm's qualifications as an independent registered public accounting firm for the Company. This included a review of its performance in prior years, as well as its reputation for integrity and competence in the fields of accounting and auditing.
