Item 2.05 Costs Associated with Exit or Disposal Activities

The purpose of this Current Report on Form 8-K/A is to amend the Current Report on Form 8-K of Logitech International S.A. (Logitech or the Company), filed on April 26, 2012, which described a planned restructuring as part of Logitech's efforts to simplify its product portfolio, business and organization in pursuit of improved performance. The restructuring is expected to result in a reduction of approximately \$80 million in annual operating expenses. The restructuring includes the elimination of a layer of executive management, a re-alignment of reporting assignments for the sales regions, product groups and marketing groups, and a workforce reduction.

The Company expects to incur total pre-tax charges in connection with the restructuring of approximately \$35 million during the current fiscal year, of which approximately \$32 million is expected to be incurred during the first quarter of fiscal year 2013. Of the total charges, the Company anticipates that approximately \$30 million would be for one-time cash severance and other personnel costs and approximately \$5 million would be for non-cash product-related costs related to the cancellation of product projects.

The foregoing contains forward-looking statements, which are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include the timing and elements of the restructuring, the timing and form of related charges, the expected annual operating expense reduction and Logitech's ability to achieve improved performance. Statements regarding future events are based on Logitech's current expectations and are subject to associated risks and uncertainties related to the completion of the restructuring in the manner anticipated by Logitech. These forward-looking statements may differ materially from actual future events or results due to a variety of factors, including: if our product offerings, marketing activities and investment prioritization decisions do not result in the sales, profitability or profitability growth we expect, or when we expect it; if the restructuring fails to produce the intended performance and cost savings results or is not implemented in the contemplated timeframe. Please see the Risk Factors section of Logitech's filings with the Securities and Exchange Commission, including its most recent annual report on Form 10-K, for other factors that could cause Logitech's results to vary from expectations. Logitech undertakes no obligation to revise or update publicly any forward-looking statements.
