ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission (the SEC), as a well-known seasoned issuer as defined in Rule 405 under the Securities Act, using a shelf registration process. Under the shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings.

This prospectus only provides you with a general description of the securities we may offer. Each time we sell securities described in the prospectus we will provide a supplement to this prospectus that will contain specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered. The prospectus supplement may also add, update or change information contained in this prospectus. Information filed with the SEC subsequent to the date of this prospectus and prior to the termination of the particular offering referred to in the prospectus supplement will automatically be deemed to update and supersede inconsistent information contained in this prospectus. You should read in their entirety both this prospectus and any accompanying prospectus supplement or other offering materials, together with the additional information described under the section entitled Where You Can Find More Information.

You should rely only on the information contained in or incorporated by reference into this prospectus and any accompanying prospectus supplement or other offering materials. We have not authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted.

This prospectus and any accompanying prospectus supplement or other offering materials do not contain all of the information included in the registration statement as permitted by the rules and regulations of the SEC. For further information, we refer you to the registration statement on Form S-3, including its exhibits. We are subject to the informational requirements of the Securities Exchange Act of 1934, as amended (the Exchange Act), and, therefore, file reports and other information with the SEC. Statements contained in this prospectus and any accompanying prospectus supplement or other offering materials about the provisions or contents of any agreement or other document are only summaries. If SEC rules require that any agreement or document be filed as an exhibit to the registration statement, you should refer to that agreement or document for its complete contents.

You should not assume that the information in this prospectus, any accompanying prospectus supplement or any other offering materials is accurate as of any date other than the date on the front of each document, regardless of the time of delivery of this prospectus, any accompanying prospectus supplement or any sale of securities. Our business, financial condition, results of operations and prospects may have changed since then.

These forward-looking statements are identified by their use of terms and phrases such as believe, anticipate, could, estimate, likely, in, may, plan, expect, and similar expressions, including references to assumptions. These statements reflect our current views with respect to future events and are subject to risks and uncertainties. We note that a variety of factors and uncertainties could cause our actual results to differ significantly from the results discussed in the forward-looking statements. Factors and uncertainties that might cause such differences include, but are not limited to:

the levels of resale housing inventory and potential impact of foreclosures in our mixed-use development projects and the regions in which they are located;

fluctuations in costs and expenses;

demand for new housing, which can be affected by a number of factors including the availability of mortgage credit;

competitive actions by other companies;

changes in governmental policies, laws or regulations and actions or restrictions of regulatory agencies;

our realization of the expected benefits of acquiring CREDO Petroleum Corporation;

risks associated with oil and gas drilling and production activities;

our partners' ability to fund their capital commitments and otherwise fulfill their operating and financial obligations;

the effect of limitations, restrictions and natural events on our ability to harvest and deliver timber;

Other factors, including the risk factors described in the sections entitled "Risk Factors" in this prospectus, our reports filed from time to time with the SEC which are incorporated by reference into this prospectus, as the same may be amended, supplemented or superseded from time to time by our filings under the Exchange Act, or any prospectus supplement, may also cause actual results to differ materially from those expressed in, or implied by, these forward-looking statements. New factors emerge from time to time and it is not possible for us to predict all such factors, nor can we assess the impact of any such factor on our business or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement.

Any forward-looking statement speaks only as of the date on which such statement is made, and, except as required by law, we expressly disclaim any obligation or undertaking to disseminate any updates or revisions to any forward-looking statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events.

SUMMARY

*This summary description about us and our business highlights selected information contained elsewhere in this prospectus or incorporated by reference into this prospectus. It does not contain all the information you should consider before purchasing our securities. You should read in their entirety this prospectus, any accompanying prospectus supplement and any other offering materials, together with the additional information described under the section entitled *Where You Can Find More Information*.*

Our Company

We are a real estate and natural resources company with a strategy focused on recognizing and responsibly delivering the greatest value from every acre and growing our business through strategic and disciplined investments. Our management team identifies and delivers multiple dimensions of value from land and natural resources, both above the ground (real estate development and timber) and below the ground (oil, natural gas and water). Our land and natural resources are principally located in growing real estate markets and active oil and gas basins. We believe the combination of our strategy, our portfolio of well-located real estate and natural resources and our experienced management team well positions us to benefit from improving market conditions and to take advantage of acquisition and development opportunities.

Our principal executive offices are located at 6300 Bee Cave Road, Building Two, Suite 500, Austin, Texas 78746-5149. Our telephone number is (512) 433-5200. Our website address is www.forestargroup.com. This reference to our website is an inactive textual reference only and is not a hyperlink. The contents of our website are not part of this prospectus, and you should not consider the contents of our website in making an investment decision with respect to our securities.

RISK FACTORS

An investment in our securities involves a high degree of risk. You should carefully consider the specific risks described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, which are incorporated by reference into this prospectus, the risk factors described under the section entitled "Risk Factors" in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act before making an investment decision. If any of the foregoing risks actually materializes, our business, financial condition, results of operations and prospects could be materially adversely affected. As a result, the value of our securities could decline and you could lose part or all of your investment. The foregoing risks are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also materially affect our business, financial condition, results of operations and prospects. See the section entitled "Where You Can Find More Information."

USE OF PROCEEDS

We intend to use the net proceeds from the sale of any securities as set forth in the applicable prospectus supplement relating to such offered securities. We will have significant discretion in how to use the net proceeds, which may include working capital and general corporate purposes as well as significant strategic transactions, including acquisitions.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The table below sets forth our consolidated ratio of earnings to fixed charges. The ratios of earnings to fixed charges were computed by dividing earnings by fixed charges. Earnings consist of income (loss) from continuing operations before income taxes and income (loss) from unconsolidated joint ventures, plus amortization of interest capitalized, distributions from unconsolidated joint ventures and fixed charges, minus interest capitalized. Fixed charges consist of interest expensed, interest capitalized, amortized premiums, discounts and capitalized expenses related to indebtedness and the portion of rental expense which we believe is representative of the interest factor in those rentals. You should read the data set forth in the table below in conjunction with the sections entitled Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Current Report on Form 8-K, dated November 20, 2013 for the year ended December 31, 2012 and our Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2013, June 30, 2013 and September 30, 2013, and our audited and unaudited consolidated financial statements and the accompanying notes, all of which are incorporated by reference herein.

| | Nine Months Ended | | Year Ended December 31, | | | |
|---------------------------------------|-------------------|------|-------------------------|------|------|------|
| | September 30, | 2012 | 2011 | 2010 | 2009 | 2008 |
| | 2013 | | | | | |
| Ratio of Earnings to Fixed Charges(a) | 1.7 | 2.1 | 3.7 | 2.2 | 5.9 | 1.6 |

(a) The ratio of earnings to fixed charges was computed by dividing earnings by fixed charges, and includes both return of and return on investments from our equity method ventures.

For the periods indicated above, we have no outstanding shares of preferred stock with required dividend payments. Therefore, the ratios of earnings to combined fixed charges and preferred stock dividends are identical to the ratios presented in the table above.

Table of Contents

DESCRIPTION OF CAPITAL STOCK

The following description is a summary of the material terms of our capital stock. This summary is not meant to be a complete description of our capital stock, and we urge you to read the full text of our amended and restated certificate of incorporation, our amended and restated bylaws, and our stockholder rights agreement, which are filed or are incorporated as exhibits to the registration statement of which this prospectus forms a part.

Authorized Capital Stock

Our authorized capital stock consists of 200 million shares of common stock, par value \$1.00 per share, and 25 million shares of preferred stock, par value \$0.01 per share.

Common Stock

Shares Outstanding. There were approximately 34.8 million shares of our common stock issued and outstanding, excluding treasury shares, as of November 19, 2013. All outstanding shares of our common stock are fully paid and non-assessable. This means the full purchase price for the outstanding shares of our common stock has been paid and the holders of such shares will not be assessed any additional amounts for such shares. Any additional shares of common stock that we may issue in the future will also be fully paid and non-assessable.

Dividends. Subject to prior dividend rights of the holders of any preferred stock and any other class or series of stock having a preference as to dividends over our common stock, holders of shares of our common stock are entitled to receive dividends when, as and if declared by our board of directors (the Board) out of funds legally available for that purpose.

Voting Rights. Each outstanding share of our common stock are entitled to one vote per share on each matter to be voted on by the holders of our common stock. The holders of our common stock are not entitled to cumulative voting of their shares in elections of directors.

Other Rights. In the event of any liquidation, dissolution, or winding up of our company, after the satisfaction in full of the liquidation preferences of holders of any preferred stock, holders of shares of our common stock are entitled to ratable distribution of the remaining assets available for distribution to stockholders. The shares of our common stock are not subject to redemption by operation of a sinking fund or otherwise. Holders of shares of our common stock are not entitled to pre-emptive rights.

Preferred Stock

Our amended and restated certificate of incorporation authorizes our Board, without the approval of our stockholders, to issue shares of our preferred stock and to fix by resolution the designations, preferences, and relative, participating, optional, or other special rights, and such qualifications, limitations, or restrictions on such shares, including, without limitation, redemption rights, dividend rights, liquidation preferences, and conversion or exchange rights of any class or series of preferred stock, and to fix the number of classes or series of preferred stock, the number of shares constituting any such class or series and the voting powers for each class or series.

The authority possessed by our Board to issue preferred stock could potentially be used to discourage attempts by third parties to obtain control of our company through a merger, tender offer, proxy contest, or otherwise by making such attempts more difficult or more costly. Our Board may issue preferred stock with voting rights or conversion rights that, if exercised, could adversely affect the voting power of the holders of common stock. There are no current

agreements or understandings with respect to the issuance of preferred stock and our Board has no present intention to issue any shares of preferred stock, other than pursuant to the stockholder rights agreement discussed below. Currently, 200,000 shares of our junior participating cumulative preferred stock are reserved for issuance upon exercise of our preferred stock purchase rights. See the section entitled Stockholder Rights Agreement.

Table of Contents

Anti-takeover Effects of Our Stockholder Rights Agreement, Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws and Delaware Law

Our stockholder rights agreement and certain provisions of our amended and restated certificate of incorporation and amended and restated bylaws and Delaware law could make the following more difficult:

acquisition of us by means of a tender offer or merger;

acquisition of us by means of a proxy contest or otherwise; or

removal of our incumbent officers and directors.

Our stockholder rights agreement, which is summarized below, and certain provisions in our amended and restated certificate of incorporation and amended and restated bylaws, which are summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. The provisions summarized below are designed to encourage persons seeking to acquire control of us to first negotiate with our Board. We believe that the benefits of the potential ability to negotiate with the proponent of an unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging those proposals because negotiation with such proponent could result in an improvement of their terms.

Election and Removal of Directors

Our amended and restated certificate of incorporation provides that our Board is divided into three classes. At each of our annual meetings of stockholders, the successors of the class of directors whose term expires at that meeting of stockholders will be elected for a three-year term, one class being elected each year by our stockholders. In addition, a director may only be removed from office for cause by the affirmative vote of holders of a majority of shares of common stock entitled to vote in the election of directors. Director nominees in uncontested elections must receive a majority of the votes cast to be elected. This system of electing and removing directors may discourage a third party from waging a proxy contest or otherwise attempting to obtain control of us because it generally makes it more difficult for stockholders to replace a majority of the directors.

Size of Board and Vacancies

Our amended and restated certificate of incorporation and amended and restated bylaws provide that our Board fix the exact number of directors to comprise our Board. Newly created directorships resulting from any increase in our authorized number of directors will be filled by a majority of our Board then in office and any vacancies in our Board resulting from death, resignation, retirement, disqualification, removal from office or other cause will be filled generally by the majority vote of our remaining directors in office, even if less than a quorum is present, except that any vacancy caused by the removal of a director for cause by a majority vote of our stockholders may be filled by a majority vote of our stockholders.

Stockholder Action by Written Consent

Our amended and restated certificate of incorporation and amended and restated bylaws provide that our stockholders may not act by written consent. Stockholder action must take place at the annual or a special meeting of our

stockholders.

Stockholder Meetings

Under our amended and restated certificate of incorporation and amended and restated bylaws, special meetings of our stockholders may only be called by the chairman of our Board or pursuant to a written request by a majority of our entire Board.

Requirements for Advance Notification of Stockholder Nominations and Proposals. Our amended and restated bylaws have advance notice procedures for stockholders to make nominations of candidates for election as directors or to bring other business before a meeting of the stockholders. The business to be conducted at an annual meeting is limited to business properly brought before the annual meeting by or at the direction of our Board or a duly authorized committee thereof or by a stockholder of record who has given timely written notice to our secretary of that stockholder's intention to bring such business before the meeting.

Table of Contents

Our amended and restated bylaws govern stockholder nominations of candidates for election as directors except with respect to the rights of holders of our preferred stock. Under our amended and restated bylaws, nominations of persons for election to our Board may be made at an annual meeting by a stockholder of record on the date of giving notice to our secretary and as of the record date for the determination of stockholders entitled to vote at the meeting, if the stockholder submits a timely notice of nomination. A notice of a stockholder nomination will be timely only if it is delivered to us at our principal executive offices not less than 75 days nor more than 100 days prior to the anniversary date of the immediately preceding annual meeting of stockholders. However, if the annual meeting is called for a date more than 50 days prior to the anniversary date, notice must be received not later than the close of business on the 10th day following the day on which such notice of the meeting date was mailed or public disclosure of the meeting date was made, whichever occurs first.

The notice of a stockholder nomination must contain specified information, including, without limitation:

the name, age, business and, if known, residence addresses of each nominee;

the principal occupation or employment of such nominee;

the number of shares of our common stock beneficially owned by each such nominee and the nominating stockholder;

any derivative instrument directly or indirectly owned beneficially by such stockholder, or any short interest in any security of the company;

the consent of each nominee to serve as a director if so elected; and

any other information concerning the nominee that would be required to be included in a proxy statement or other filings pursuant to the proxy rules of the SEC.

Our amended and restated bylaws govern the notification process of all other stockholder proposals to be brought before an annual meeting. Under our amended and restated bylaws, notice of a stockholder proposal will be timely only if it is delivered to us at our principal executive offices not less than 75 days nor more than 100 days prior to the anniversary of the date of the immediately preceding annual meeting of stockholders. However, in the event that the annual meeting is called for a date more than 50 days prior to the anniversary date, notice must be received not later than the close of business on the 10th day following the day on which such notice of the meeting date was mailed or public disclosure of the meeting date was made, whichever occurs first. The notice of a stockholder proposal must contain specified information as described in our amended and restated bylaws.

If the chairman of the meeting determines that the stockholder nomination or proposal was not properly brought before the meeting in accordance with the provisions of our amended and restated bylaws, that person will not be eligible for election as a director or that business will not be conducted at the meeting, as the case may be.

The advance notice provisions may preclude a contest for the election of directors or the consideration of stockholder proposals if the proper procedures are not followed. Additionally, the advance notice provisions may deter a third party from conducting a solicitation to elect its own slate of directors or approve its own proposal, without regard to whether consideration of those nominees or proposals might be harmful or beneficial to us and our stockholders.

Delaware Anti-takeover Law

We are governed by Section 203 of the General Corporation Law of the State of Delaware, or the DGCL.

Section 203, subject to certain exceptions, prohibits a Delaware corporation from engaging in any business combination with any interested stockholder for a period of three years following the time that such stockholder became an interested stockholder, unless:

prior to such time, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

Table of Contents

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding specified shares; or

at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, by the affirmative vote of at least 66²/₃ % of the outstanding voting stock that is not owned by the interested stockholder.

The stockholders cannot authorize the business combination by written consent.

The application of Section 203 may limit the ability of stockholders to approve a transaction that they may deem to be in their best interests. In general, Section 203 defines "business combination" to include:

any merger or consolidation involving the corporation and the interested stockholder;

any sale, lease, exchange, mortgage, pledge, transfer or other disposition of 10% or more of the assets of the corporation to or with the interested stockholder;

subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any of its stock to the interested stockholder;

any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or

the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an "interested stockholder" as any person that, together with affiliates and associates, owns, or within three years prior to the determination of interested stockholder status did own, 15% or more of a corporation's voting stock.

The existence of this provision may have an anti-takeover effect with respect to transactions not approved in advance by our Board and the anti-takeover effect includes discouraging attempts that might result in a premium over the market price for the shares of our common stock.

Amendment of Amended and Restated Bylaws

Our amended and restated bylaws and amended and restated certificate of incorporation provide that the bylaws may only be amended by the vote of a majority of our Board or by the affirmative vote of at least 80% of the voting power of the outstanding stock entitled to vote generally in the election of our Board.

Amendment of the Amended and Restated Certificate of Incorporation.

Our amended and restated certificate of incorporation provides that the provisions relating to:

the size, classification, election, removal, nomination and filling of vacancies with respect to our Board;

stockholder action by written consent and ability to call special meetings; and

any provision relating to the amendment of any of these provisions; may only be amended by the affirmative vote of at least 80% of the voting power of the outstanding stock entitled to vote generally in the election of our Board. As provided by Delaware law, any other provision of our amended and restated certificate of incorporation may only be amended by the vote of a majority of the voting power of the outstanding stock entitled to vote generally in the election of our Board.

No Cumulative Voting

Our amended and restated certificate of incorporation does not provide for cumulative voting in the election of directors.

Undesignated Preferred Stock

The authorization in our amended and restated certificate of incorporation of undesignated preferred stock makes it possible for our Board to issue our preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of us. The provision in our amended and restated certificate of incorporation authorizing such preferred stock may have the effect of deferring hostile takeovers or delaying changes of control of our management.

Stockholder Rights Agreement

Pursuant to the stockholder rights agreement, one preferred stock purchase right will be issued for each outstanding share of our common stock. Each right issued will be subject to the terms of the stockholder rights agreement.

Our Board believes that the stockholder rights agreement protects our stockholders from coercive or otherwise unfair takeover tactics. In general terms, our stockholder rights agreement works by imposing a significant penalty upon any person or group that acquires 20% or more of our outstanding common stock, without the approval of our Board.

The Rights. Our rights will initially trade with, and will be inseparable from, our common stock. Our rights will not be represented by certificates. New rights will accompany any new shares of common stock we issue after the date the separation is completed until the date on which the rights are separated from our common stock and exercisable as described below.

Exercise Price. Each right will allow its holder to purchase from us one one-thousandth of a share of our junior participating cumulative preferred stock for \$100, once the rights become separated from our common stock and exercisable. Prior to its exercise, a right does not give its holder any dividend, voting or liquidation rights.

Exercisability. Each right will not be separated from our common stock and exercisable until:

ten business days after the public announcement that a person or group has become an acquiring person by acquiring beneficial ownership of 20% or more of our outstanding common stock or, if earlier,

ten business days (or a later date determined by our Board before the rights are separated from our common stock) after a person or group begins or publicly announces an intention to begin a tender or exchange offer that, if completed, would result in that person or group becoming an acquiring person.

Until the date the rights become exercisable, book-entry ownership of our common stock will evidence the rights, and any transfer of shares of our common stock will constitute a transfer of the rights associated with the shares of common stock. After the date the rights separate from our common stock, our rights will be evidenced by book-entry credits. Any of our rights held by an acquiring person will be void and may not be exercised.

Consequences of a Person or Group Becoming an Acquiring Person.

Flip In. If a person or group becomes an acquiring person, all holders of our rights except the acquiring person may, for the then applicable exercise price, purchase shares of our common

stock with a market value of twice the then applicable exercise price, based on the market price of our common stock prior to such acquisition.

Flip Over. If we are acquired in a merger or similar transaction after the date the rights become exercisable, all holders of our rights except the acquiring person may, for the then applicable exercise price, purchase shares of the acquiring corporation with a market value of twice the then applicable exercise price, based on the market price of the acquiring corporation's stock prior to such merger.

Table of Contents

Expiration. Our rights will expire in December 2017, unless earlier redeemed by our Board in accordance with the stockholder rights agreement.

Redemption. Our Board may redeem our rights for \$0.001 per right at any time before a person or group becomes an acquiring person. If our Board redeems any of our rights, it must redeem all of our rights. Once our rights are redeemed, the only right of the holders of our rights will be to receive the redemption price of \$0.001 per right. The redemption price will be adjusted if we have a stock split or issue stock dividends on our common stock.

Exchanges. After a person or group becomes an acquiring person, but before an acquiring person owns 50% or more of our outstanding common stock, our Board may extinguish the rights by exchanging one share of our common stock or an equivalent security for each right, other than rights held by the acquiring person.

Anti-Dilution Provisions. The purchase price for one one-thousandth of a share of our preferred stock, the number of shares of our preferred stock issuable upon the exercise of a right and the number of our outstanding rights may be subject to adjustment in order to prevent dilution that may occur from a stock dividend, a stock split or a reclassification of our preferred stock. No adjustments to the purchase price of our preferred stock will be required until the cumulative adjustments would amount to at least 1% of the purchase price.

Amendments. The terms of our stockholder rights agreement may be amended by our Board without the consent of the holders of our common stock. After the rights separate from our common stock and become exercisable, our board may not amend the agreement in a way that adversely affects the interests of the holders of the rights.

Restrictions on Payment of Dividends

Delaware corporate law allows a corporation to pay dividends only out of surplus, as determined under Delaware law.

Transfer Agent and Registrar; Rights Agent

The transfer agent and registrar for our common stock, and rights agent for our stockholder rights agreement, is Computershare Trust Company, N.A.

NYSE Listing

Shares of our common stock are listed on the New York Stock Exchange and trade under the symbol **FOR** .

DESCRIPTION OF DEBT SECURITIES

We may offer debt securities, which may be senior debt securities or subordinated debt securities and may be convertible or non-convertible, as well as secured or unsecured.

The following description briefly sets forth certain general terms and provisions of the debt securities. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which these general provisions may apply to the debt securities, will be described in the applicable prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, our debt securities will be issued in one or more series under an indenture to be entered into between us and U.S. Bank National Association. A form of the indenture is incorporated as an exhibit to the registration statement of which this prospectus forms a part. The terms of the debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939 (the "TIA"). You should read the summary below, the applicable prospectus supplement and the provisions of the indenture and indenture supplement, if any, in their entirety before investing in our debt securities.

The aggregate principal amount of debt securities that may be issued under the indenture is unlimited. The prospectus supplement relating to any series of debt securities that we may offer will contain the specific terms of the debt securities. These terms may include the following:

the title and aggregate principal amount of the debt securities and any limit on the aggregate principal amount;

whether the debt securities will be senior or subordinated;

whether the debt securities will be secured or unsecured and the terms of any securities agreement or arrangement;

any applicable subordination provisions for any subordinated debt securities;

the maturity date(s) or method for determining the same;

the interest rate(s) or the method for determining the same;

the dates on which interest will accrue or the method for determining dates on which interest will accrue and dates on which interest will be payable and whether interest shall be payable in cash or additional securities;

whether the debt securities are convertible or exchangeable into other securities and any related terms and conditions;

redemption or early repayment provisions, including at our option or at the option of the holders;

authorized denominations;

if other than the principal amount, the principal amount of debt securities payable upon acceleration;

place(s) where payment of principal and interest may be made, where debt securities may be presented and where notices or demands upon the company may be made;

whether such debt securities will be issued in whole or in part in the form of one or more global securities and the date as which the securities are dated if other than the date of original issuance;

amount of discount or premium, if any, with which such debt securities will be issued;

any covenants applicable to the particular debt securities being issued;

any additions or changes in the defaults and events of default applicable to the particular debt securities being issued;

the guarantors of each series, if any, and the extent of the guarantees (including provisions relating to seniority, subordination and release of the guarantees), if any;

the currency, currencies or currency units in which the purchase price for, the principal of and any premium and any interest on, such debt securities will be payable;

the time period within which, the manner in which and the terms and conditions upon which the holders of the debt securities or the company can select the payment currency;

our obligation or right to redeem, purchase or repay debt securities under a sinking fund, amortization or analogous provision;

any restriction or conditions on the transferability of the debt securities;

provisions granting special rights to holders of the debt securities upon occurrence of specified events;

additions or changes relating to compensation or reimbursement of the trustee of the series of debt securities;

additions or changes to the provisions for the defeasance of the debt securities or to provisions related to satisfaction and discharge of the indenture;

provisions relating to the modification of the indenture both with and without the consent of holders of debt securities issued under the indenture and the execution of supplemental indentures for such series; and

any other terms of the debt securities (which terms shall not be inconsistent with the provisions of the TIA, but may modify, amend, supplement or delete any of the terms of the indenture with respect to such series of debt securities).

General

We may sell the debt securities, including original issue discount securities, at par or at a substantial discount below their stated principal amount. Unless we inform you otherwise in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series or any other series outstanding at the time of issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, may constitute a single series of securities under the indenture.

We will describe in the applicable prospectus supplement any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars. In addition, debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. We will describe in the applicable prospectus supplement information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement. Unless we inform you otherwise in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of US\$2,000 and any integral multiples in excess thereof. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the designated corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Global Securities

Unless we inform you otherwise in the applicable prospectus supplement, the debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global securities will be issued in

registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

Governing Law

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York.

information with respect to book-entry procedures, if any; and

Exercise of Warrants

Each warrant will entitle the holder of the warrant to purchase for cash the amount of common stock, preferred stock or debt securities or other securities at the exercise price stated or determinable in the applicable prospectus supplement for the warrants (which may include a cashless exercise). Warrants may be exercised at any time up to the close of business on the expiration date shown in the applicable prospectus supplement, unless otherwise specified in such prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void. Warrants may be exercised as described in the applicable prospectus supplement. When the warrant holder makes the payment and properly completes and signs the warrant certificate at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as possible, forward the common stock, preferred stock or debt securities that the warrant holder has purchased. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificate, we will issue a new warrant certificate for the remaining warrants.

We may issue subscription rights independently or together with any other offered security, which may or may not be transferable by the stockholder. In connection with any offering of subscription rights, we may enter into a standby arrangement with one or more underwriters or other purchasers pursuant to which the underwriters or other purchasers may be required to purchase any securities remaining unsubscribed for after such offering.

The prospectus supplement relating to any subscription rights we may offer will contain the specific terms of the subscription rights. These terms may include the following:

DESCRIPTION OF PURCHASE CONTRACTS AND PURCHASE UNITS

We may issue purchase contracts for the purchase or sale of common stock, preferred stock, debt securities or other securities issued by us or by third parties as specified in the applicable prospectus supplement. Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase on specified dates, such securities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the securities otherwise deliverable, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract. The price per security and the number of securities may be fixed at the time the purchase contracts are entered into or may be determined by reference to a specific formula set forth in the applicable purchase contracts.

The purchase contracts may be issued separately or as part of units consisting of a purchase contract and debt securities or debt obligations of third parties, including U.S. treasury securities, or any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the securities under the purchase contracts, which we refer to herein as purchase units.

The purchase contracts may require holders to secure their obligations under the purchase contracts in a specified manner. The purchase contracts also may require us to make periodic payments to the holders of the purchase contracts or the purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded on some basis.

The prospectus supplement relating to any purchase contracts or purchase units we may offer will contain the specific terms of the purchase contracts or purchase units. These terms may include the following:

whether the purchase contracts obligate the holder to purchase or sell, or both, our common stock, preferred stock, debt securities, or other securities, and the nature and amount of each of those securities, or method of determining those amounts;

whether the purchase contracts are to be prepaid or not;

whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of our common stock or preferred stock;

any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts;

a discussion of any material U.S. federal income tax considerations applicable to the purchase contracts or purchase units;

whether the purchase contracts will be issued in fully registered global form; and

any other terms of the contracts, which may amend any of the terms described herein.

The description in the applicable prospectus supplement of any purchase contract or purchase unit we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable purchase contract or purchase unit, which will be filed with the SEC if we offer purchase contracts or purchase units. For more information on how you can obtain copies of any purchase contract or purchase unit we may offer, see **Where You Can Find More Information** beginning on page 22 of this prospectus. We urge you to read the applicable purchase contract or applicable purchase unit and any applicable prospectus supplement in their entirety.

PLAN OF DISTRIBUTION

We may sell the securities offered by this prospectus from time to time in one or more transactions, including without limitation:

directly to one or more purchasers;

through agents;

to or through underwriters, brokers or dealers; or

through a combination of any of these methods.

A distribution of the securities offered by this prospectus may also be effected through the issuance of derivative securities, including, without limitation, warrants, subscriptions, exchangeable securities, forward delivery contracts, prepaid forward contracts and the writing of options.

In addition, the manner in which we may sell some or all of the securities covered by this prospectus include, without limitation, through:

a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;

ordinary brokerage transactions and transactions in which a broker solicits purchasers;

at the market offerings within the meaning of Rule 415(a)(4) of the Securities Act of 1933, as amended (the Securities Act); or

privately negotiated transactions.

We may also enter into hedging transactions. For example, we may:

enter into transactions with a broker-dealer or affiliate thereof in connection with which such broker-dealer or affiliate will engage in short sales of the common stock pursuant to this prospectus, in which case such broker-dealer or affiliate may use common stock received from us to close out its short

positions;

sell securities short and redeliver such shares to close out our short positions;

enter into option or other types of transactions that require us to deliver common stock to a broker-dealer or an affiliate thereof, who will then resell or transfer the common stock under this prospectus; or

loan or pledge the common stock to a broker-dealer or an affiliate thereof, who may sell the loaned shares or, in an event of default in the case of a pledge, sell the pledged shares pursuant to this prospectus.

In addition, we may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell securities covered by and pursuant to this prospectus and an applicable prospectus supplement or pricing supplement, as the case may be. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement or pricing supplement, as the case may be.

A prospectus supplement with respect to each offering of securities will state the terms of the offering of the securities, including, without limitation:

the name or names of any underwriters or agents and the amounts of securities underwritten or purchased by each of them, if any;

Table of Contents

the public offering price or purchase price of the securities and the net proceeds to be received by us from the sale;

any delayed delivery arrangements;

any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;

whether the securities will be sold on a variable or fixed price basis;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange or markets on which the securities may be listed.

The offer and sale of the securities described in this prospectus by us, the underwriters or the third parties described above may be effected from time to time in one or more transactions, including privately negotiated transactions, either:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to the prevailing market prices; or

at negotiated prices.

General

Any public offering price and any discounts, commissions, concessions or other items constituting compensation allowed or reallocated or paid to underwriters, dealers, agents or remarketing firms may be changed from time to time. Underwriters, dealers, agents and remarketing firms that participate in the distribution of the offered securities may be underwriters as defined in the Securities Act. Any discounts or commissions they receive from us and any profits they receive on the resale of the offered securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify any underwriters, agents or dealers and describe their commissions, fees or discounts in the applicable prospectus supplement or pricing supplement, as the case may be.

Underwriters and Agents

If underwriters are used in a sale, they will acquire the offered securities for their own account. The underwriters may resell the offered securities in one or more transactions, including negotiated transactions. These sales may be made at

a fixed public offering price or prices, which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market price or at negotiated prices. We may offer the securities to the public through an underwriting syndicate or through a single underwriter. The underwriters in any particular offering will be mentioned in the applicable prospectus supplement or pricing supplement, as the case may be.

Unless otherwise specified in connection with any particular offering of securities, the obligations of the underwriters to purchase the offered securities will be subject to certain conditions contained in an underwriting agreement that we will enter into with the underwriters at the time of the sale to them. The underwriters will be obligated to purchase all of the securities of the series offered if any of the securities are purchased, unless otherwise specified in connection with any particular offering of securities. Any initial offering price and any discounts or concessions allowed, reallocated or paid to dealers may be changed from time to time.

We may designate agents to sell the offered securities. Unless otherwise specified in connection with any particular offering of securities, the agents will agree to use their best efforts to solicit purchases for the period of their appointment. We may also sell the offered securities to one or more remarketing firms, acting as principals for their own accounts or as agents for us. These firms will remarket the offered securities upon purchasing them in accordance with a redemption or repayment pursuant to the terms of the offered securities. A prospectus supplement or pricing supplement, as the case may be will identify any remarketing firm and will describe the terms of its agreement, if any, with us and its compensation.

Table of Contents

In connection with offerings made through underwriters or agents, we may enter into agreements with such underwriters or agents pursuant to which we receive our outstanding securities in consideration for the securities being offered to the public for cash. In connection with these arrangements, the underwriters or agents may also sell securities covered by this prospectus to hedge their positions in these outstanding securities, including in short sale transactions. If so, the underwriters or agents may use the securities received from us under these arrangements to close out any related open borrowings of securities.

Dealers

We may sell the offered securities to dealers as principals. We may negotiate and pay dealers' commissions, discounts or concessions for their services. The dealer may then resell such securities to the public either at varying prices to be determined by the dealer or at a fixed offering price agreed to with us at the time of resale. Dealers engaged by us may allow other dealers to participate in resales.

Direct Sales

We may choose to sell the offered securities directly. In this case, no underwriters or agents would be involved.

Institutional Purchasers

We may authorize agents, dealers or underwriters to solicit certain institutional investors to purchase offered securities on a delayed delivery basis pursuant to delayed delivery contracts providing for payment and delivery on a specified future date. The applicable prospectus supplement or pricing supplement, as the case may be, will provide the details of any such arrangement, including the offering price and commissions payable on the solicitations.

We will enter into such delayed contracts only with institutional purchasers that we approve. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions.

Indemnification; Other Relationships

We may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking and investment banking transactions.

Market-Making, Stabilization and Other Transactions

There is currently no market for any of the offered securities, other than the shares of our common stock which are listed on the NYSE. If the offered securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the offered securities, such underwriter would not be obligated to do so, and any such market-making could be discontinued at any time without notice. Therefore, no assurance can be given as to whether an active trading market will develop for the offered securities. We have no current plans for listing of the debt securities, preferred stock or warrants on any securities exchange or quotation system; any such listing with respect to any particular debt securities, preferred stock or warrants will be described in the applicable prospectus supplement or pricing supplement, as the case may be.

In connection with any offering of common stock, the underwriters may purchase and sell common stock in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of common stock in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. Covered short sales are

Table of Contents

sales of shares made in an amount up to the number of shares represented by the underwriters' option. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option. Transactions to close out the covered syndicate short involve either purchases of the common stock in the open market after the distribution has been completed or the exercise of the option. The underwriters may also make naked short sales of shares in excess of the option. The underwriters must close out any naked short position by purchasing common stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress for the purpose of pegging, fixing or maintaining the price of the securities.

In connection with any offering, the underwriters may also engage in penalty bids. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Fees and Commissions

In compliance with the guidelines of the Financial Industry Regulatory Authority (the "FINRA"), the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement or pricing supplement, as the case may be; however, it is anticipated that the maximum commission or discount to be received in any particular offering of securities will be significantly less than this amount.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The following table sets forth the various expenses, other than underwriting discounts and commissions, payable by the registrant in connection with the issuance and distribution of the securities being registered. All of the fees set forth below are estimates.

| | Amount Payable by the Registrant* |
|--|---|
| SEC registration fee | \$ ** |
| Transfer agent and trustee fees and expenses | 5,000 |
| Printing expenses | 75,000 |
| Legal fees and expenses | 400,000 |
| Accounting fees and expenses | 100,000 |
| Miscellaneous fees and expenses | 100,000 |
| Total | \$ 680,000 |

* Since an indeterminate amount of securities is covered by this registration statement, the expenses in connection with the issuance and distribution of the securities are not currently determinable. The amounts shown are estimates of expenses payable by us in connection with the filing of this registration statement and one offering of securities hereunder, but do not limit the amount of securities that may be offered.

** Deferred in accordance with Rule 456(b) and Rule 457(r) of the Securities Act, other than \$14,325 of filing fees previously paid and that are being applied to this registration statement pursuant to Rule 457(p) under the Securities Act.

Item 15. Indemnification of Directors and Officers.

Delaware General Corporation Law. Section 145 of the Delaware General Corporation Law (the "DGCL") provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be

in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's by-laws, disinterested director vote, stockholder vote, agreement or otherwise.

Forestar Group Inc.

Certificate of Incorporation. As permitted by the DGCL, Forestar's amended and restated certificate of incorporation provides that its directors shall have no personal liability to Forestar or its stockholders for monetary damages for breach of fiduciary duty as a director, except (1) for any breach of the director's duty of loyalty to Forestar or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of law, (3) under Section 174 of the DGCL or (4) for any transaction from which a director derived an improper personal benefit.

Table of Contents

Bylaws. Forestar's amended and restated bylaws provide for the indemnification of directors, officers and certain authorized representatives of Forestar to the fullest extent permitted by the DGCL.

Indemnification Agreements. Forestar has entered into individual indemnification agreements with each member of its board of directors and each of its executive officers. The indemnification agreements are intended to assure that Forestar's directors and executive officers are indemnified to the maximum extent permitted under applicable law.

Underwriting Agreement. The proposed form of underwriting agreement to be filed as Exhibit 1.1 to this registration statement will provide for indemnification of directors and certain officers of Forestar by the underwriters against certain liabilities.

Forestar (USA) Real Estate Group Inc.

Certificate of Incorporation. As permitted by the DGCL, Forestar (USA) Real Estate Group Inc.'s certificate of incorporation provides that its directors shall have no personal liability to Forestar (USA) Real Estate Group Inc. or its stockholders for monetary damages for breach of fiduciary duty as a director, except (1) for any breach of the director's duty of loyalty to Forestar (USA) Real Estate Group Inc. or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of law, (3) under Section 174 of the DGCL or (4) for any transaction from which a director derived an improper personal benefit.

Item 16. Exhibits and Financial Statements Schedules

The agreements included as exhibits to this registration statement contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the other parties to the applicable agreement and:

should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;

have been qualified by disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures are not necessarily reflected in the agreement;

may apply standards of materiality in a way that is different from what may be viewed as material to you or other investors; and

Item 17. Undertakings.

Each undersigned registrant hereby undertakes:

(A)(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (A)(1)(i), (A)(1)(ii) and (A)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule

424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(a) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(b) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(B) Each undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(C) The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent

reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(D)The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Exchange Act; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

(E) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
