PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 6, 2014

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Quidel Corporation for use at the 2014 Annual Meeting of Stockholders to be held on Tuesday, May 6, 2014, at 8:30 a.m., local time, at the Hyatt Regency La Jolla at Aventine, 3777 La Jolla Village Drive, San Diego, California 92122, and at any and all adjournments and postponements of the Annual Meeting. This Proxy Statement and the accompanying proxy card will first be sent to stockholders on or about April 2, 2014.

We will pay the expenses in connection with this solicitation. Our employees may solicit proxies by mail, in person, by telephone, facsimile or other electronic means and will not receive any additional compensation for such solicitations. We will also pay brokers or other nominees for the expenses of forwarding soliciting material to beneficial owners.

RECORD DATE AND VOTING

The close of business on March 12, 2014 has been fixed as the record date (the Record Date) for determining the stockholders entitled to notice of and to vote at the Annual Meeting. On the Record Date, 34,215,545 shares of our voting common stock were outstanding. Each share of such common stock is entitled to one vote on any matter that may be presented for consideration and action by the stockholders at the Annual Meeting. A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of common stock on the Record Date and entitled to be voted at the Annual Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business.

Where a stockholder has directed how his or her proxy is to be voted, it will be voted according to the stockholder's directions. If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and this proxy and the related materials are being forwarded to you by your broker or nominee (the record holder) along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder regarding how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If a proposal is routine, a broker or other entity holding shares for a beneficial owner in street name may vote on the proposal without voting instructions from the owner. If a proposal is non-routine, the broker or other entity may vote on the proposal only if the beneficial owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is non-routine and the beneficial owner does not provide instructions.

If you do not give instructions to your record holder prior to the Annual Meeting, the record holder will be entitled to vote your shares in its discretion only on Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm) and will not be able to vote your shares on Proposal 1 (Election of Directors), Proposal 3 (Advisory Approval of the Company's Executive Compensation), or Proposal 4 (Amendment of the Amended and Restated 2010 Equity Incentive Plan to Increase Authorized Shares), and your

Table of Contents

shares will be treated as a broker non-vote on those proposals. We are not aware of any other matters to be presented at the Annual Meeting except for those described in this Proxy Statement. However, if any other matters not described in this Proxy Statement are properly presented at the Annual Meeting, the persons named as proxies will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned, your shares may be voted by the persons named as proxies on the new meeting date as well, unless you have revoked your proxy instructions prior to that time.

With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, broker non-votes will have no effect on its outcome. If a quorum is present at the Annual Meeting, the nominees receiving the greatest number of votes (up to seven directors) will be elected. For Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm), Proposal 3 (Advisory Approval of the Company's Executive Compensation), and Proposal 4 (Amendment of the Amended and Restated 2010 Equity Incentive Plan to Increase Authorized Shares), the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter is required for approval. With regard to these proposals, abstentions will be counted in tabulations of the votes cast on a proposal presented to stockholders and will have the same effect as a vote against the proposal, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved and accordingly will have no effect on the outcome of the vote on such proposal. Unless otherwise designated, each signed proxy submitted by a stockholder will be voted:

FOR each of the seven nominees named below for election as directors;

FOR ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2014;

FOR the advisory approval of the Company's executive compensation; and

FOR the amendment of the Amended and Restated 2010 Equity Incentive Plan to increase the authorized shares by 950,000 shares. Any stockholder has the power to revoke his or her proxy at any time before it is voted at the Annual Meeting by submitting a written notice of revocation to the Secretary of the Company or by timely filing a duly executed proxy bearing a later date. The proxy will not be voted if the stockholder who executed it is present at the Annual Meeting and elects to vote in person the shares represented by the proxy. Attendance at the Annual Meeting will not by itself revoke a proxy.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****Nominees for Election**

Our directors are elected at each annual meeting of stockholders. At the Annual Meeting, seven directors will be elected to serve until the next annual meeting of stockholders and until their successors are elected and qualified. The nominees receiving the greatest number of votes (up to seven directors) at the Annual Meeting will be elected. **Our Board of Directors recommends that the stockholders vote FOR the seven nominees named below for the Board of Directors.**

Each of the nominees set forth below for election as a director is an incumbent director. Each of the nominees has consented to serve as a director if elected. Unless authority to vote for any director nominee is withheld in a proxy, it is intended that each proxy will be voted FOR each of the nominees. If, before the Annual Meeting, any of the nominees for director should become unable to serve if elected, it is intended that shares represented by proxies will be voted for such substitute nominees, if any, as may be recommended by our existing Board of Directors, unless other directions are given in the proxies.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the firm of Ernst & Young LLP, independent registered public accounting firm, to audit our consolidated financial statements for the fiscal year ending December 31, 2014, and to perform other appropriate accounting and tax services. We are asking our stockholders to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2014. Although ratification is not required by our bylaws or otherwise, the Board of Directors is submitting the selection of Ernst & Young LLP to our stockholders as a matter of good corporate practice. If the stockholders do not ratify the appointment of Ernst & Young LLP, the selection of the Company's independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

One or more representatives of Ernst & Young LLP are expected to be at the Annual Meeting. They will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

Vote Required and Board Recommendation

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2014.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014.

PROPOSAL 3

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

We are providing stockholders with an advisory (non-binding) vote on the compensation of our Named Executive Officers (commonly referred to as "say on pay"). Accordingly, you may vote on the following resolution at the 2014 annual meeting:

Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement, is hereby approved.

The advisory approval of the Company's executive compensation is a non-binding vote on the compensation paid to the Company's Named Executive Officers, as described pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis section, compensation tables, and the narrative discussions, set forth in this Proxy Statement.

As described in detail under Compensation Discussion and Analysis, our compensation programs are designed to attract, motivate and retain highly qualified executive officers who are able to achieve corporate objectives and create stockholder value. The Compensation Committee believes the Company's executive compensation programs reflect a strong pay-for-performance philosophy and are well aligned with our stockholders' long-term interests. Stockholders are encouraged to read the Compensation Discussion and Analysis section, the accompanying compensation tables, and the related narrative discussion.

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to our Named Executive Officers and will not be binding on the Board of Directors or the Compensation Committee. However, the Compensation Committee will consider the outcome of the vote when making future executive compensation decisions.

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to approve the advisory vote on executive compensation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU FOR FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL 4

AMENDMENT OF THE AMENDED AND RESTATED

2010 EQUITY INCENTIVE PLAN TO INCREASE AUTHORIZED SHARES

General

At the Annual Meeting, the stockholders will be asked to approve the amendment to the Quidel Corporation Amended and Restated 2010 Equity Incentive Plan (the 2010 Plan) to authorize an additional 950,000 shares of our common stock for issuance under the 2010 Plan. Please refer to the Securities Available for Issuance Under Our Equity Compensation Plans table on Page 14 for information regarding our equity incentive plans.

Because we rely heavily upon equity compensation to recruit, retain, motivate and reward our employees, management, directors and other qualified persons, and to align their interests with the interests of our stockholders, in February 2014, our Board of Directors unanimously adopted, subject to stockholder approval, the amendment of the 2010 Plan to increase the number of shares available for issuance under the 2010 Plan. By approving Proposal 4, the stockholders will enable us to continue to use the 2010 Plan for its intended purposes.

The 2010 Plan is intended to permit the award of equity compensation that may qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, however, there can be no guarantee that amounts payable under the 2010 Plan will be treated as qualified performance-based compensation under Section 162(m). The Board of Directors believes that it is in the best interests of our stockholders for us to have a stockholder-approved plan under which equity compensation awarded to our executives could be designed in a manner intended to qualify as performance-based compensation within the meaning of Section 162(m). In general, under Section 162(m), in order for us to be able to deduct compensation in excess of \$1,000,000 paid in any one year to our chief executive officer or any of our three other most highly compensated executive officers (other than our chief financial officer), such compensation must qualify as performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by stockholders at least once every five years. Stockholders last approved the material terms of the 2010 Plan at the 2012 Annual Meeting of Stockholders. For purposes of Section 162(m), the material terms include (i) the individuals eligible to receive compensation, (ii) a description of the criteria on which performance goals are based, and (iii) the maximum amount of compensation that can be paid to an individual under a performance goal. Each of these aspects is discussed below, and stockholder approval of this Proposal 4 is intended to constitute re-approval of each of these aspects of the 2010 Plan for purposes of the stockholder approval requirements of Section 162(m).

Summary of the 2010 Plan

The following summary of the 2010 Plan, as proposed to be amended, is qualified in its entirety by reference to the terms of the 2010 Plan, a copy of which, as proposed to be amended, is attached hereto as *Appendix A*.

Purpose. The purpose of the 2010 Plan is to promote our and our stockholders' interests by using equity interests in the Company to attract, retain and motivate our directors, management, employees and other persons, to encourage and reward their contributions to our performance and to align their interests with the interests of our stockholders.

Administration, Amendment and Termination. The 2010 Plan is currently administered by the Compensation Committee of our Board of Directors (the administrator). The administrator has the power to:

select the eligible persons to whom, and the times at which, awards will be granted, the nature of each award and the terms and conditions of each award;

interpret the 2010 Plan and the rights of recipients of awards granted under the 2010 Plan;

Table of Contents

discontinue, suspend or amend the 2010 Plan in any manner, insofar as permitted by applicable law, rule or regulation and subject to stockholder approval where such approval is required by the 2010 Plan, applicable law, rule or regulation;

accelerate or extend the vesting or exercise period of any award, and make such other modifications in the terms and conditions of an award as it deems advisable; *provided, however*, that the administrator may not, other than in connection with a change in capitalization, reprice or otherwise reduce the exercise or base price of a stock option or stock appreciation right (including by the cancellation of the stock option or stock appreciation right in exchange for cash, other awards, or a new stock option or stock appreciation right at such reduced exercise or base price or by amendment of the stock option or stock appreciation right) without stockholder approval; and

change the number of shares or vesting periods associated with non-employee director options, and suspend and reactivate the 2010 Plan provisions regarding automatic grants of non-employee director options.

Any amendment of the 2010 Plan shall, in the discretion of the administrator, apply to and govern awards granted under the 2010 Plan prior to the date of such amendment; *provided, however*, that the consent of an award holder is required if such amendment would alter, impair or diminish in any material respect any rights or obligations under any award or cause the award to cease to qualify as an incentive stock option. Awards may be granted under the 2010 Plan until May 12, 2020, unless earlier terminated.

Securities Subject to the 2010 Equity Incentive Plan. If this amendment of the 2010 Plan is approved by stockholders, the total number of authorized shares under the 2010 Plan will be 4,651,008, which consists of the 3,400,000 shares authorized under the 2010 Plan, plus 1,251,008 shares that were available for grant under the Company's 2001 Equity Incentive Plan and rolled over as authorized shares in the 2010 Plan pursuant to Section 3.1 of the 2010 Plan. As of March 12, 2014, there were 2,290,348 outstanding options and/or unvested full value awards granted under the 2010 Plan and 1,251,304 shares available for issuance pursuant to future awards granted under the 2010 Plan.

The 2010 Plan provides that each share issued under awards other than options or stock appreciation rights (full-value awards) will count against the number of shares available under the Plan as 1.5 shares. Shares issued under options or stock appreciation rights count against the shares available under the Plan as 1 share. The Board of Directors believes that this formula-based limit will allow for the issuance of a sufficient number of full-value awards to satisfy projected grants thereof, while providing the flexibility to change the mix of option and full-value awards to the extent the Board of Directors determines a different mix than currently provided is in the best interests of the Company and stockholders.

We may issue common stock under the 2010 Plan from authorized but unissued shares of common stock or from previously issued shares of common stock that we reacquired, including shares purchased on the open market. For purposes of calculating the aggregate number of shares issued under the 2010 Plan, we will count only the number of shares issued upon exercise or settlement of an award and not returned to us upon expiration, termination or cancellation of any awards. However, if an award holder pays the exercise price or withholding taxes relating to an option or stock appreciation right with shares of our common stock, or if we withhold shares otherwise issuable upon exercise of such an award in satisfaction of the exercise price or withholding taxes payment, then we will reduce the number of shares of common stock available for issuance under the 2010 Plan by the gross number of shares for which the award is exercised. In addition, upon the exercise of a stock appreciation right, the number of shares of common stock available for issuance under the 2010 Plan will be reduced by the gross number of shares for which the award is exercised and not by the net number of shares issued to the holder in settlement thereof.

The 2010 Plan provides that the administrator shall appropriately and proportionately adjust the maximum number and kind of shares subject to the 2010 Plan, the number and kind of shares or other securities subject to

then outstanding awards, the price for each share or other unit of any other securities subject to, or measurement criteria applicable to, then outstanding awards, and/or the number and kind of shares or other securities to be issued as non-employee director options if our common stock is affected through any of the following:

merger;

consolidation;

sale or exchange of assets;

recapitalization;

reclassification;

combination;

stock dividend;

extraordinary cash dividend;

stock split;

reverse stock split;

similar transaction.

Awards Under the 2010 Plan. We may grant the following types of awards under the 2010 Plan:

stock options;

performance awards;

restricted stock;

stock appreciation rights;

stock payments;

dividend equivalents;

stock bonuses;

stock sales;

phantom stock; and

other stock-based benefits.

Stock options granted under the 2010 Plan may be incentive stock options intended to qualify under the provisions of Section 422 of the Code or non-qualified stock options that do not so qualify. However, the aggregate fair market value of stock with respect to which any employee's incentive stock options first become exercisable during any calendar year (under all our plans and those of any subsidiary corporation) may not exceed \$100,000 (as determined on the grant date), and may be further limited by other requirements in the Internal Revenue Code. If this \$100,000 limitation is exceeded, the excess incentive stock options will be treated as non-qualified stock options.

In each calendar year no participant may be granted awards under the 2010 Plan (other than performance awards payable in cash) relating up to more than 1,800,000 shares. In addition, in each calendar year no participant may be granted performance awards payable in cash that exceed \$1,000,000. The foregoing limitations will not apply if it is not required in order for the compensation attributable to awards under the 2010 Plan to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.

Eligibility. Our directors, officers, employees, consultants and advisors, and those of our affiliated entities, are eligible to receive awards under the 2010 Plan, except that only non-employee directors may receive non-employee director options, as described below. As of March 12, 2014, 566 persons (not including consultants and advisors) were eligible for selection to receive awards under the 2010 Plan, consisting of: 554 employees other than executive officers, 6 executive officers and 6 non-employee directors.

Terms and Conditions of Non-Employee Director Options. In May 2004, the Board of Directors suspended automatic grants for directors under the Quidel Corporation Equity Incentive Plan (the 2001 Plan). Similar to the 2001 Plan, the 2010 Plan provides for automatic grants to non-employee directors, however, these automatic grants remain suspended. Prior to May 2004, immediately following each annual meeting of stockholders, each non-employee director who had served as a director since his or her election or appointment and who had been re-elected as a director at such annual meeting automatically received an option to purchase up to 10,000 shares of common stock. In addition, each non-employee director who was appointed or elected other than at an annual meeting of stockholders (whether by replacing a director who retired, resigned or otherwise terminated his or her service as a director prior to the expiration of his or her term or otherwise) automatically received an option to purchase shares of our common stock as of the date of such appointment or election, consisting of a number of shares of common stock determined by multiplying 10,000 by a fraction, the numerator of which was the number of days from the date of grant to the date of the next scheduled annual meeting of stockholders and the denominator of which was 365 (exclusive of fractional shares). The automatic non-employee director option grants vested and became exercisable 100% on the day prior to the date of the next annual meeting of stockholders following the grant date, *provided*, that the recipient remained a director for the entire period from the date of grant to such vesting date.

All automatic non-employee director option grants had a term of 10 years and an exercise price equal to the fair market value on the date of grant. Unless provided otherwise in an agreement with the Company, if a recipient of a non-employee director option ceased to be a director, all non-employee director options granted to the recipient remained exercisable, only to the extent already exercisable at the date the director ceases to be a director, for a period of 365 days after that date (or, if sooner, until the expiration of the option according to its terms), and would then terminate.

Apart from these automatic non-employee director options, non-employee directors are eligible to receive other grants of awards under the 2010 Plan, including non-qualified stock options other than the automatic non-employee director options, at the discretion of the administrator. To the extent not inconsistent with the provisions of the 2010 Plan governing non-employee director options, the terms of general stock option awards under the 2010 Plan apply to non-employee director options.

Terms and Conditions of Other Awards. The administrator will select the recipients of awards (other than with respect to automatic non-employee director options) granted under the 2010 Plan from the pool of eligible persons and will set the terms of the awards.

Award Pricing. The administrator will determine the exercise or purchase price of awards (other than the automatic non-employee director options) granted under the 2010 Plan; which, with respect to options and stock appreciation rights, will be no less than the fair market value of the shares underlying the award as of the grant date. In addition, the exercise price for an incentive stock option must comply with the provisions of Section 422 of the Code. Section 422 currently provides that the exercise price must not be less than the fair market value of the common stock on the date of grant and not less than 110% of the fair market value as of the date of grant in the case of a grant to a person owning more than 10% of the total combined voting power of all classes of the issuer's stock or the stock of any parent or any subsidiary corporations. On March 12, 2014, the closing price of our common stock on the Nasdaq Global Market was \$28.44 per share.

Award Vesting and Term. The administrator will determine the date or dates on which awards (other than the automatic non-employee director options) granted under the 2010 Plan vest and become exercisable. The term of each stock option or stock appreciation right granted will expire no later than ten (10) years after the date

Table of Contents

the stock option or stock appreciation right is granted and may be subject to earlier termination as described below. In addition, the term for an incentive stock option must comply with the provisions of Section 422 of the Code. Section 422 currently provides that the incentive stock option may not be exercisable after the expiration of 10 years from the date of grant, or five years in the case of an incentive stock option granted to a person owning more than 10% of the total combined voting power of all classes of stock of the issuer, or of its parent or any subsidiary corporations.

Awards granted under the 2010 Plan may be exercised at any time after they vest and before the expiration date determined by the administrator, provided that an award is generally exercisable following an award holder's termination of employment only to the extent that the award had become exercisable on or before the date of termination and to the extent that the award is not forfeited under the terms of the 2010 Plan. Furthermore, in the absence of a specific agreement to the contrary, stock options will generally expire and become unexercisable immediately upon termination of the recipient's employment with us for just cause (as defined in the 2010 Plan); 90 days after termination of the recipient's employment with us for any reason other than just cause, death or permanent disability; or one year after termination of the recipient's employment with us due to death or permanent disability, in each case unless the term of the options provides for an earlier expiration. If the employment of a recipient of restricted stock is terminated for any reason, any such restricted stock that remains subject to restrictions on the date of such termination will be repurchased by the Company at the purchase price, if any, paid by the recipient, or returned to the Company without consideration, *provided, however*, that the administrator may in its discretion determine otherwise.

Other Award Provisions. The administrator will determine any applicable performance criteria, restrictions or conditions of any award. The administrator may establish performance criteria and level of achievement versus such criteria that will determine the number of shares to be granted, retained, vested, issued or issuable under or in settlement of or the amount payable pursuant to an award, which criteria may be based on qualifying performance criteria (as described below) or other standards of financial performance and/or personal performance evaluations. In addition, the administrator may specify that an award or a portion of an award is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code, provided that the performance criteria for such award or portion of an award that is intended by the administrator to satisfy the requirements for performance-based compensation under Section 162(m) of the Code will be a measure based on one or more qualifying performance criteria selected by the administrator and specified at the time the award is granted. The administrator will certify the extent to which any qualifying performance criteria has been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding satisfaction of any performance goals, the number of shares issued under or the amount paid under an award may be reduced, but not increased, by the administrator on the basis of such further considerations as the administrator in its sole discretion may determine.

For purposes of the 2010 Plan, the term qualifying performance criteria means any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or affiliated entity, either individually, alternatively or in any combination, and measured either annually (or over such shorter period) or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the administrator: (a) cash flow, (b) earnings and earnings per share (including earnings before interest, taxes, and amortization), (c) return on equity, (d) total stockholder return, (e) return on capital, (f) return on assets or net assets, (g) aggregate product price; (h) market share or market penetration with respect to specific designated products and/or geographic areas; (i) revenues, income or net income, (j) operating income or net operating income, (k) operating margin and (l) return on operating revenue.

Award Payments. A holder of an award may pay cash or any other consideration deemed acceptable by the administrator to pay the exercise price for the award, if any. The administrator may, in its discretion, allow an award holder to pay the exercise price for an award by delivering our common stock.

Table of Contents

Non-Assignability of Awards. Awards are generally not transferable by the recipient during the life of the recipient. Awards are generally exercisable during the life of a recipient only by the recipient.

Award Documentation. Each award must be evidenced by an award document setting forth such terms and conditions applicable to the award as the administrator may in its discretion determine.

Rights With Respect to Stock Ownership. No recipient of an award under the 2010 Plan or other person will have any right, title or interest in or to any shares of common stock subject to any award or any rights as a stockholder unless the award is duly exercised pursuant to the terms of the 2010 Plan and/or the shares of common stock subject to the award are issued to the recipient.

Provisions Regarding Changes in Control. As of the effective time and date of any change in control (as defined in the 2010 Plan), the 2010 Plan and any of the then outstanding awards (whether or not vested) will automatically terminate unless:

provision is made in writing in connection with such change in control transaction for the continuance of the 2010 Plan and for the assumption of such awards, or for the substitution for such awards of new awards covering the securities of a successor entity or an affiliate thereof with appropriate adjustments as to the number and kind of securities and exercise prices, in which event the 2010 Plan and such outstanding awards will continue or be replaced, as the case may be, in the manner and under the terms so provided; or

our Board of Directors otherwise provides in writing for such adjustments as it deems appropriate in the terms and conditions of the then outstanding awards (whether or not vested), including without limitation accelerating the vesting of outstanding awards and/or providing for the cancellation of awards and their automatic conversion into the right to receive the securities, cash or other consideration that a holder of the shares underlying such awards would have been entitled to receive upon consummation of such change in control had such shares been issued and outstanding immediately prior to the effective date and time of the change in control (net of the appropriate option exercise prices).

If, pursuant to these provisions, the 2010 Plan and the awards terminate by reason of the occurrence of a change in control without provision for any of the actions described in the paragraph above, then any recipient holding outstanding awards will have the right, at such time immediately prior to the consummation of the change in control as our Board of Directors will designate, to exercise the recipient's awards to the full extent not theretofore exercised, including any installments that have not yet become vested.

Tax Information

The following summary of certain federal income tax consequences of the receipt and exercise of awards we grant is based on the laws and regulations in effect as of the date of this Proxy Statement and does not purport to be a complete statement of the law in this area. Furthermore, the discussion below does not address the tax consequences of the receipt and exercise of awards under foreign, state and local tax laws, and such tax laws may not correspond to the federal income tax treatment described herein. The exact federal income tax treatment of transactions under the 2010 Plan will vary depending upon the specific facts and circumstances involved.

Incentive Stock Options. Except as discussed below, under federal income tax law, a recipient of an incentive stock option generally will not owe tax on the grant or the exercise of the option if the recipient exercises the option while the recipient is our employee (or an employee of any parent or subsidiary corporation) or within three months following termination of the recipient's employment (or within one year, if termination was due to a permanent and total disability).

Table of Contents

If the recipient of the incentive stock option sells the shares acquired upon the exercise of the option at any time within one year after the date we issue the shares to the recipient or within two years after the date we grant the incentive stock option to the recipient, then:

if the recipient's sales price exceeds the purchase price the recipient paid for the shares upon exercise of the incentive stock option, the recipient will recognize capital gain equal to the excess, if any, of the sales price over the fair market value of the shares on the date of exercise, and will recognize ordinary income equal to the excess, if any, of the lesser of the sales price or the fair market value of the shares on the date of exercise over the purchase price paid for the shares upon exercise of the incentive stock option; or

if the recipient's sales price is less than the purchase price paid for the shares upon exercise of the incentive stock option, the recipient will recognize a capital loss equal to the excess of the purchase price paid for the shares upon exercise of the incentive stock option over the sales price of the shares.

If the recipient sells shares acquired upon exercise of an incentive stock option at any time after the recipient has held the shares for at least one year after the date we issue the shares to the recipient pursuant to the recipient's exercise of the incentive stock option and at least two years after the date we grant the recipient the incentive stock option, then the recipient will recognize capital gain or loss equal to the difference between the sales price and the purchase price paid for the shares upon exercise of the incentive stock option.

The amount by which the fair market value of shares the recipient acquires upon exercise of an incentive stock option (determined as of the date of exercise) exceeds the purchase price paid for the shares upon exercise of the incentive stock option will be included as a positive adjustment in the calculation of the recipient's alternative minimum taxable income in the year of exercise.

In the case of an early disposition of shares by a recipient that results in the recognition of ordinary income, we will be entitled to a deduction equal to the amount of such ordinary income. If the recipient holds the shares for the requisite period described above and therefore solely recognizes capital gain upon the sale of such shares, we are not entitled to any deduction.

Non-qualified Stock Options. Our grant of a non-qualified stock option to a recipient is generally not a taxable event for the recipient. Upon the exercise of a non-qualified stock option, the recipient will generally recognize ordinary income equal to the excess of the fair market value of the shares the recipient acquires upon exercise (determined as of the date of exercise) over the purchase price paid for the shares upon exercise of the non-qualified stock option. We generally will be entitled to deduct as a compensation expense the amount of such ordinary income. Provided the shares are held as a capital asset, the recipient's subsequent sale of the shares generally will give rise to capital gain or loss equal to the difference between the sale price and the sum of the purchase price paid for the shares plus the ordinary income recognized with respect to the shares, and such capital gain or loss will be taxable as long term or short term capital gain or loss depending upon the recipient's holding period after exercise.

Stock Appreciation Rights and Phantom Stock. Generally, the holder of a stock appreciation right or phantom stock award will recognize ordinary income equal to the value we pay (whether in cash, stock or a combination thereof) under either arrangement on the date the holder receives payment. If we place a limit on the amount that will be payable under a stock appreciation right, the holder may recognize ordinary income equal to the value of the holder's right under the stock appreciation right at the time the value of such right equals such limit and the stock appreciation right is exercisable. We will generally be entitled to a deduction in an amount equal to the ordinary income recognized by the holder.

Stock Purchase Rights - Restricted Stock. Under the 2010 Plan, we are authorized to grant rights to purchase our restricted common stock subject to a right to repurchase such stock at the price paid by the participant if the participant's employment or service relationship with us terminates prior to the lapse of such

Table of Contents

repurchase right. In general, there will be no tax consequences to a participant upon the grant of a right to purchase such restricted stock or upon purchase of such restricted stock. Instead, the participant will be taxed at ordinary income rates at the time our repurchase rights expire or are removed on an amount equal to the excess of the fair market value of the stock at that time over the amount the participant paid to acquire such stock. A participant who acquires restricted stock, however, may make an election under Section 83(b) of the Code with respect to such stock. If such an election is made within 30 days after the participant's acquisition of the stock, the participant is taxed at ordinary income rates in the year in which the participant acquires the restricted stock. The ordinary income the participant must recognize is equal to the excess of the fair market value of the stock at the time of the participant's acquisition of the stock (determined without regard to the restrictions) over the amount that the participant paid to acquire such stock. If a participant makes a timely election under Section 83(b) of the Code with respect to restricted stock, the participant generally will not be required to report any additional income with respect to such restricted stock until he or she disposes of such stock, at which time he or she will generally recognize capital gain or loss (provided the shares are held as a capital asset) equal to the difference between the sales price and the fair market value of the stock at the time of the participant's acquisition of the stock (determined without regard to restrictions). In the event that a participant forfeits (as a result of our repurchase) restricted stock with respect to which an election under Section 83(b) of the Code has been made, the participant ordinarily will not be entitled to recognize any loss for federal income tax purposes (except to the extent the amount realized by the participant at the time of such forfeiture is less than the participant's purchase price for such stock). We generally will be entitled to a deduction equal to the amount of ordinary income (if any) recognized by a participant.

Other Awards. In addition to the types of awards described above, the 2010 Plan authorizes certain other awards that may include payments in cash, our common stock, or a combination of cash and common stock. The tax consequences of such awards will depend upon the specific terms of such awards. Generally, however, a participant who receives an award payable in cash will recognize ordinary income, and we will be entitled to a deduction, with respect to such award at the earliest time at which the participant has an unrestricted right to receive the amount of the cash payment. In general, the sale or grant of stock to a participant under the 2010 Plan will be a taxable event at the time of the sale or grant if such stock at that time is not subject to a substantial risk of forfeiture or is transferable within the meaning of Section 83 of the Code in the hands of the participant. For such purposes, stock is ordinarily considered to be transferable if it can be transferred to another person who takes the stock free of any substantial risk of forfeiture. In such case, the participant will recognize ordinary income, and we will be entitled to a deduction, equal to the excess of the fair market value of such stock on the date of the sale or grant over the amount, if any, that the participant paid for such stock. Stock that at the time of receipt by a participant is subject to restrictions that constitute a substantial risk of forfeiture and that is not transferable within the meaning of Internal Revenue Code Section 83 generally will be taxed under the rules applicable to restricted stock as described above.

Withholding. In the event that an optionee or other recipient of an award under the 2010 Plan is our employee, we ordinarily will be required to withhold applicable federal income taxes with respect to any ordinary income recognized by such optionee or other award recipient in connection with stock options or other awards under the 2010 Plan.

Certain Additional Rules Applicable to Awards. The terms of awards granted under the 2010 Plan may provide for accelerated vesting in connection with a change in control. In that event and depending upon the individual circumstances of the recipient, certain amounts with respect to such awards may constitute excess parachute payments under the golden parachute provisions of the Code. Under these provisions, a participant will be subject to a 20% excise tax on any excess parachute payments and we will be denied any deduction with respect to such excise tax payment.

Table of Contents**Participation in the 2010 Plan by Executive Officers, Directors and Other Employees; Interest of Certain Persons in Matters to be Acted Upon**

Each of our current directors, executive officers and employees is eligible to receive awards under the 2010 Plan. The administrator has the discretion to determine which eligible persons will receive awards under the 2010 Plan, except to the extent that non-employee directors may again receive the automatic non-employee director options in accordance with the 2010 Plan. As a result, and except for any future automatic option awards to non-employee directors, the amount and timing of such awards are not determinable at this time.

CORPORATE GOVERNANCE

Board Leadership Structure and Risk Oversight

The Board of Directors believes that separate individuals should hold the positions of Chairman of the Board and Chief Executive Officer, and that the Chairman should not be an employee of the Company. Under our corporate governance principles, the Chairman of the Board is responsible for coordinating Board activities, including the scheduling of meetings and executive sessions of the non-employee directors and the relevant agenda items in each case (in consultation with the Chief Executive Officer as appropriate). The Board of Directors believes this leadership structure enhances the Board's oversight of and independence from our management and the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders.

The Company takes a comprehensive approach to risk management. We believe risk can arise in every decision and action taken by the Company, whether strategic or operational. The Company, therefore, seeks to include risk management principles in all of its management processes and in the responsibilities of its employees at every level. Our comprehensive approach is reflected in the reporting processes by which our management provides timely and comprehensive information to the Board of Directors to support the Board's role in oversight, approval and decision-making.

The Board of Directors closely monitors the information it receives from management and provides oversight and guidance to our management team concerning the assessment and management of risk. The Board approves the Company's high level operating objectives, goals, strategies and policies to set the tone and direction for appropriate risk taking within the business. The Board and its committees then emphasize this tone and direction in its oversight of management's implementation of the Company's operating objectives, goals, strategies and policies.

Our senior executives provide the Board and its committees with regular updates about the Company's strategies and objectives and the risks inherent within them at Board and committee meetings and in regular reports. Board and committee meetings also provide a venue for directors to discuss issues with management. The Board and committees call special meetings when necessary to address specific issues or take specific actions. In addition, our directors have access to Company management at all levels to discuss any matters of interest, including those related to risk. Those members of management most knowledgeable of the issues often attend Board meetings to provide additional insight into items being discussed, including risk exposures.

The Board of Directors has delegated oversight for matters involving certain specific areas of risk exposure to its three standing committees. Each committee generally reports to the Board of Directors at regularly scheduled Board meetings, and more frequently if appropriate, with respect to matters and risks for which that committee provides oversight. The specific responsibilities of each of our Board committees are more fully described below under the headings Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Board of Directors Meetings, Committees of the Board and Related Matters

The Board of Directors currently has a standing Audit, Nominating and Corporate Governance, and Compensation Committee. The Board of Directors held five meetings, excluding committee meetings, during the year ended December 31, 2013. All directors attended at least 75% of all meetings of the Board of Directors and its committees, if any, upon which the directors served during the year ended December 31, 2013.

Director Independence

Our Board of Directors has determined that each of our directors, with the exception of Mr. Bryant, is independent within the meaning of Nasdaq Marketplace Rule 5605(a)(2) as adopted by The Nasdaq Stock Market LLC (Nasdaq). Mr. Bryant who serves as our President and Chief Executive Officer is not considered to be independent because of his employment with us.

The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to all of our employees and to our independent registered public accounting firm. The Audit Committee also has the ability to retain, at our expense and without further approval of the Board of Directors, special legal, accounting or other consultants or experts that it deems necessary in the performance of its duties.

The Audit Committee held eight meetings during 2013. The current members of the Audit Committee are Mr. Dammeyer (Chairman), Mr. Brown and Dr. Polan. Table of Contents**DIRECTOR COMPENSATION**

The current compensation and benefit program for non-employee directors is designed to achieve the following goals: compensation should fairly pay directors for work required for a company of our size and scope; compensation should align directors' interests with the long-term interests of our other stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. The table below relating to non-employee directors' compensation includes the following compensation elements:

Annual Cash Retainers

The Chairman of the Board of Directors currently receives an annual cash retainer of \$92,400. Each of the other non-employee directors receives an annual cash retainer of \$40,150.

The Chairman of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee receives an additional annual cash retainer of \$15,000, \$10,000 and \$7,500, respectively.

Non-Employee Director Deferred Compensation Program

In December 2010, the Board of Directors adopted a non-employee director deferred compensation program that began in 2011. Participating directors may elect on a yearly basis (for the yearly period between the Company's annual meetings of stockholders) to receive 50% or 100% of the cash value of his or her (i) annual retainer fee and (ii) compensation for services as a chairperson of any of the Board's standing committees (collectively, the Covered Fees) in the form of fully vested, restricted stock units plus an additional premium on such percentage of the Covered Fees as additional restricted stock units, which are subject to a one-year vesting requirement (the Premium RSUs). The additional premium applicable to the Premium RSUs shall be determined based on the length of time of the deferral period (between the date of grant and the date the shares of common stock underlying the RSUs are selected to be issued) selected by the participating director as follows: (i) if one (1) year from the date of grant, a premium of 10% on the amount deferred of the Covered Fees, (ii) if two (2) years from the date of grant, a premium of 20% on the amount deferred of the Covered Fees, or (iii) if four (4) years from the date of grant, a premium of 30% on the amount deferred of the Covered Fees. The RSUs are granted under the Company's 2010 Plan as of the date of the applicable annual meeting of stockholders, and the number of shares awarded as RSUs is calculated based on the closing price of the Company's shares on the date of the applicable annual meeting.

The table below illustrates the amount deferred, deferral period and amount of Covered Fees RSUs and Premium RSUs granted to each non-employee director for 2013:

Name	Amount Deferred	Deferral Period	Covered Fees RSUs	Premium RSUs

Rod F. Dammeyer	100%	2 years	2,327	465
Mary Lake Polan, M.D., Ph.D., M.P.H.	50%	4 years	847	254
Mark A. Pulido	50%	4 years	4,714	1,414
Jack W. Schuler	100%	4 years	2,010	603

Periodic Equity Awards

The Board of Directors periodically assesses potential equity awards to non-employee directors in lieu of an annual automatic grant of stock options, as contemplated under the 2010 Plan. The Board of Directors suspended the automatic grants in May 2004 on an indefinite basis.

Table of Contents

On May 14, 2013, the Board of Directors approved stock option and RSU grants with a total valuation of \$115,500 for the Chairman of the Board and \$88,000 for the remaining non-employee directors. The award is targeted to approximate a 90/10 valuation split between stock option and RSU grants. Accordingly, grants were made to each of the Company's non-employee directors as follows: (i) a grant of 10,607 stock options and 487 RSUs to the Chairman of the Board (with a Black-Scholes value of approximately \$9.80 per option as of the grant date and a fair value based on the closing price of our common stock per RSU on the date of grant) and (ii) a grant of 8,081 stock options and 371 RSUs to each of the Company's other non-employee directors (with a Black-Scholes value of approximately \$9.80 per option as of the grant date and a fair value based on the closing price of our common stock per RSU on the date of grant). The stock options and RSUs vest upon the earlier of (x) immediately prior to the annual meeting of the Company's stockholders in 2014, or (y) the one-year anniversary of the grant date. The exercise price for the stock options was equal to the closing price of the Company's common stock as of the grant date in accordance with the 2010 Plan. The options have a ten-year term.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The core objectives of our executive compensation program are to (1) support our mission, values and corporate strategies by adopting a pay for performance philosophy that provides incentives to our executive officers and employees for support of these core principles; (2) align the interests of management with those of our other stockholders; and (3) attract, retain and motivate high quality executives. Towards these objectives, our compensation program is designed with the following principles:

Provide an opportunity for the Company to communicate to our executive officers and employees our performance expectations and priorities directly through the selection of performance measures on which compensation is based, and calibrate payouts with achievement of those performance measures;

Align pay such that management shares in value created from their efforts, and the Company's compensation expense is correlated to its profitability and stockholder returns;

Balance rewards appropriately between efforts and results;

Offer a competitive total compensation opportunity; and

Have a significant portion of total compensation paid to our executive officers in equity and dependent upon the achievement of performance goals of the Company.

Our compensation program focuses on both short and long-term results and is composed of three key elements: (1) base salaries, which reflect individual performance and responsibilities, (2) annual cash incentive opportunities, which are a function of the performance of the Company, and (3) longer-term stock-based incentive opportunities under our equity incentive plans, generally in the form of stock options or restricted stock or unit grants, which link the interests of senior management with our other stockholders. Each of our compensation elements is designed to simultaneously fulfill one or more of our core objectives.

When setting compensation for fiscal 2014 and in determining compensation policies, the Compensation Committee took into account the results of the shareholder advisory votes on executive compensation that took place in May 2013. In that vote, which was advisory and not binding, our shareholders approved the compensation of our Named Executive Officers as disclosed in the Proxy Statement for the 2013 Annual Meeting of Shareholders; approximately 94% of votes cast approved of the compensation of our Named Executive Officers. The Compensation Committee considered the results of the advisory vote and continued to apply the same general compensation principles and philosophy, while making some adjustments. We currently hold annual advisory votes on executive compensation; the next vote will take place at our next annual meeting of stockholders.

Administration

The Compensation Committee of the Board of Directors administers the Company's executive compensation programs and approves (or recommends to the Board of Directors for approval) salaries of all officers, including those of the executive officers named in the Summary Compensation Table. The Compensation Committee is responsible for reporting to the Board of Directors and administering all other elements of executive compensation, including annual cash incentive and equity awards.

Compensation Plan Design and Key Elements Used to Achieve Compensation Objectives

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

The cash components of salary and annual incentive bonus are targeted to be moderate, yet competitive in relation to salaries and annual incentive bonuses paid to officers in similar positions in comparable companies.

Our 2013 and 2014 long-term equity incentive programs for our Named Executive Officers include incentive stock-based awards in the form of both non-qualified stock options and time-based restricted stock

Table of Contents

units. The vesting for both the non-qualified stock option awards and the restricted stock units is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. With the 2013 and 2014 equity incentive awards, the Compensation Committee determined to award time-based restricted stock units, because the overall mix of both the 2013 and 2014 equity incentive awards were more heavily weighted toward stock options with 90% of the value of such awards being provided in the form of non-qualified stock options, which the Committee believes are inherently performance-based and consistent with the Company's philosophy.

The Compensation Committee has previously engaged third party compensation consultants to review competitiveness of base salaries, short-term cash incentives, and both short-term and long-term equity incentive programs. For 2012, 2013, and 2014 our executive compensation program design takes into account the analysis and direction provided by the Frederick W. Cook & Co. in 2010, as well as market data from a variety of sources, including the annual Radford Global Life Sciences Survey and a comparative group of publicly-traded companies. The Radford Global Life Sciences Survey provides data from participating companies with respect to their compensation practices in numerous areas and with respect to various positions, including senior management positions. We use these data sources in reviewing and assessing our executive compensation policies. The companies in the public company peer group were selected based on various factors, including industry, market capitalization and revenues. The companies in the peer group for 2013 were:

Abaxis, Inc.	Meridian Bioscience Inc.
Cepheid	Merit Medical Systems, Inc.
Immucor, Inc.	Myriad Genetics, Inc.
Genomic Health, Inc.	Natus Medical
Luminex Corporation	Orasure Technologies, Inc.

Our Compensation Committee utilizes management (and from time to time independent compensation consultants) to gather such market data and provide appropriate analyses. The Compensation Committee does not have a philosophy of setting compensation based on specific formulaic benchmarking comparisons.

Base Salary

Base salaries are reviewed annually and are targeted to be moderate, yet competitive in relation to salaries paid to officers in similar positions in comparable companies. With the exception of the Chief Executive Officer, whose performance is reviewed directly by the Board of Directors, performance of all other executive officers is reviewed annually by the Chief Executive Officer in consultation with the Compensation Committee (and/or the Board of Directors).

In 2013, in connection with the setting of the base salary of our executive officers, the Compensation Committee considered peer group analysis and also examined survey data for executives with similar responsibilities in comparable companies in the medical device/diagnostics and biotechnology industries, using the 2012 Radford Global Life Sciences Survey, for companies of up to 500 employees. The base salaries of each of our executive officers were set taking into account comparable data for salaries relevant for their positions, and then modified to further take into account our executive officers' experience and skills.

Annual Cash Incentive Awards

Our annual cash incentive program provides the potential for receipt of competitive levels of annual incentive cash compensation and is designed to reward senior management for their contributions to annual corporate objectives. Under our annual cash incentive program, each participating officer is entitled to receive a

Table of Contents

cash bonus based on achievement of certain corporate goals in the particular fiscal year. Goals and payouts are calibrated to strike the appropriate balance between being reasonably achievable, and thereby motivating executives, while targeting improved performance. The balance is intended to ensure that the Company receives an appropriate return on its annual incentive investment. The corporate performance goals are selected to require sustained performance and results from senior management that are not easily achievable without extra effort from each individual. Each eligible executive's potential annual award under the annual cash incentive program is expressed as a percentage of base salary earned by the individual during the fiscal year.

Under our traditional annual cash incentive compensation program, the target bonus in 2013 for our Chief Executive Officer was 80% of salary, for all participating Senior Vice Presidents, 40% of salary, and for all participating Vice Presidents, 30% of salary.

In February 2013, the Compensation Committee approved the 2013 Leadership Incentive Compensation Plan (the 2013 Cash Incentive Plan). For 2013, the Compensation Committee determined it was appropriate to continue to provide a broader array of incentive targets rather than simply revenue and EBITDA goals, recognizing that fluctuations in the severity of an influenza season affects the Company's results, yet the severity of an influenza season is otherwise outside the control of our executive officers and management. Moreover, the 2013 Cash Incentive Plan was designed to encourage improved performance in objectives not related to the intensity of any given flu season and by doing so, is designed to improve long-term performance and results for the Company and its stockholders.

The 2013 Cash Incentive Plan consisted of the following four components: (1) revenue performance on core products; (2) revenue performance on new products; (3) earnings per share (EPS); and (4) defined corporate or individual impact goals. Each component of the 2013 Cash Incentive Plan included targets at minimum, plan/target, and maximum payout. The minimum targets served as the threshold upon which the incentive pool would begin to fund for that component. Achievement of the components at plan/target earn the target cash incentive opportunity. Payouts are calculated along a linear continuum from minimum to plan/target and from plan/target to maximum with the maximum target serving as the point at which the management team earns the highest possible cash incentive opportunity. The minimum target must be met in order for a portion of the bonus to be paid relative to any one of the four components and each component will be measured separately. The Compensation Committee could adjust the targets to take into account variability in severity of the influenza season (so that management was neither enriched nor penalized for factors outside their control). In addition, the number of shares outstanding upon the adoption of the 2013 Cash Incentive Plan was used for calculating EPS so that, consistent with prior years, changes in the number of shares outstanding did not affect the EPS metric used to calculate that component. The Compensation Committee also retained the right to exercise discretion to award bonuses at the amount funded by the formula provided under the 2013 Cash Incentive Plan.

The following table represents the threshold, target and maximum bonus for each of the Company's Named Executive Officers as a percent of such employee's annual base salary for the 2013 Cash Incentive Plan:

Executive Officer	Threshold	Target	Maximum
Douglas C. Bryant President and CEO	0%	80%	120%
Randall J. Steward Chief Financial Officer	0%	40%	60%
Robert J. Bujarski SVP, Business Development and General Counsel	0%	40%	60%

Bonus payouts to our executive officers for 2013 were based seventy (70%) percent on achievement of revenue performance and EPS goals and thirty (30%) percent on corporate impact goals.

In February 2014, the Compensation Committee approved payout, effective February 28, 2014, to executive officers under the 2013 Cash Incentive Plan for achievement of revenue performance and EPS goals and corporate impact goals at 70% of target. Achievement of the revenue performance and EPS goals was at 45% of a possible 70% and achievement of the corporate impact goals was at 25% of a possible 30%. The bonuses earned by Messrs. Bryant, Steward, Bujarski, Smits and Tamerius were \$286,382, \$88,200, \$92,523, \$86,800 and \$83,687, respectively.

Similar to the 2013 Cash Incentive Plan, the 2014 Leadership Incentive Compensation Plan (the 2014 Cash Incentive Plan) consists of the following four components: (1) revenue performance on core products; (2) revenue performance on new products; (3) earnings per share (EPS); and (4) defined corporate or individual impact goals. Each component of the 2014 Cash Incentive Plan includes targets at minimum, plan/target, and maximum payout. The minimum targets serve as the threshold upon which the incentive pool will begin to fund for that component. Achievement of the components at plan/target will earn the target cash incentive opportunity. Payouts will be calculated along a linear continuum from minimum to plan/target and from plan/target to maximum with the maximum target serving as the point at which the management team will earn the highest possible cash incentive opportunity. The minimum target must be met in order for a portion of the bonus to be paid relative to any one of the four components and each component will be measured separately. The Compensation Committee may adjust the targets to take into account acquisitions and the variability in severity of the influenza season (so that management is neither enriched nor penalized for factors outside management s control). In addition, the number of shares outstanding upon the adoption of the 2014 Cash Incentive Plan will be used for calculating EPS so that changes in the number of shares outstanding do not affect the EPS metric used to calculate that component. The Compensation Committee also retains the right to exercise discretion to award bonuses at the amount funded by the formula provided under the 2014 Cash Incentive Plan.

Under the 2014 Cash Incentive Plan, the target bonus for our Chief Executive Officer is 80% of salary, for our Chief Financial Officer, 50% of salary, for all other participating Senior Vice Presidents, 40% of salary, and for all participating Vice Presidents, 30% of salary.

The following table represents the threshold, target and maximum bonus for each of the Company s Named Executive Officers as a percent of such employee s annual base salary for the 2014 Cash Incentive Plan:

Executive Officer	Threshold	Target	Maximum
Douglas C. Bryant President and CEO	0%	80%	120%
Randall J. Steward Chief Financial Officer	0%	50%	75%
Robert J. Bujarski SVP, Business Development and General Counsel	0%	40%	60%
Mark W. Smits, SVP, Commercial Operations	0%	40%	60%
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	0%	40%	60%

Bonus payouts to our executive officers for the 2014 Cash Incentive Plan will also be based seventy (70%) percent on achievement of revenue performance and EPS goals and thirty (30%) percent on corporate impact goals.

Each of the above officers was also eligible to elect to participate in the Company s 2013 Employee Deferred Bonus Compensation Program (the Deferred Program) with respect to any payments received under

Table of Contents

the 2013 Cash Incentive Plan. Electing officers could elect to receive 50% or 100% of the cash value of his 2013 cash bonus (the Covered Bonus) (payable (if applicable) per the terms and conditions of the 2013 Cash Incentive Plan) in the form of fully vested, restricted stock units (the Converted RSUs) plus an additional premium on such percentage of the Covered Bonus as additional restricted stock units, which are subject to a one-year vesting requirement (the Premium RSUs). The additional premium applicable to the Premium RSUs will be determined based on the length of time of the deferral period (between the date of grant and the date the shares of common stock underlying the Converted RSUs are selected to be issued) selected by the participating employee as follows: (i) if one (1) year from the date of grant, a premium of 10% on the amount deferred of the Covered Bonus, (ii) if two (2) years from the date of grant, a premium of 20% on the amount deferred of the Covered Bonus, or (iii) if four (4) years from the date of grant, a premium of 30% on the amount deferred of the Covered Bonus.

Elections for the 2013 Deferred Program, which are now irrevocable, were made by the following executive officers:

Executive Officer	Amount Deferred	Deferral Period
Douglas C. Bryant President and CEO	50%	4 years
Randall J. Steward Chief Financial Officer	50%	2 years
Robert J. Bujarski SVP, Business Development and General Counsel	50%	4 years
Mark W. Smits SVP, Commercial Operations	0%	N/A
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	50%	2 years

The Converted RSUs will be fully vested on the grant date. The Premium RSUs will be fully vested on the first anniversary of the grant date. Subject to the terms and conditions in the grant award agreement, the issuance of the shares of common stock underlying Converted RSUs will be issued as soon as administratively practicable after the earliest of: (1) the end of the deferral period selected by the participating employee, (2) the participating employee's separation from service to the Company, and (3) a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company (a Change in Control). The shares of common stock underlying the Premium RSUs will have the same applicable issuance periods as outlined in the foregoing sentence for Converted RSUs with acceleration of the one-year vesting requirement in connection with a Change in Control, provided, however, that if a participating employee's service is terminated for any reason (outside of a Change in Control) prior to the one-year vesting requirement, the Premium RSUs shall be forfeited and cancelled as of the date of such termination of service.

Each of the above officers was also eligible to elect to participate in a similar Deferred Bonus Compensation Program for 2014 (the 2014 Deferred Program) with respect to any payments received under the 2014 Cash Incentive Plan.

Longer-Term Equity Incentive Awards

Longer-term equity-based incentive awards in the form of stock options and/or restricted stock are intended to align the interests of management with those of the Company's other stockholders and promote retention of our executives by using continued service as a requirement to receive the value of the awards. The number of stock options and/or shares of restricted stock granted is related to the individual's level of responsibility and allows executives to share in the value they help create. Generally, the Compensation Committee does not consider an executive's stock holdings or outstanding equity awards in determining the number of equity awards to be granted. The Compensation Committee believes that the Company's executive officers should be fairly compensated each year relative to market pay levels of the Company's peer group. The Compensation Committee views longer-term equity incentives as a primary compensation means for retaining executives.

Our 2013 and 2014 long-term equity incentive program for our Named Executive Officers include incentive stock-based awards in the form of both non-qualified stock options and time-based restricted stock units. The vesting for both the non-qualified stock option awards and the restricted stock units is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. With both the 2013 and 2014 equity incentive awards, the Compensation Committee determined to award time-based restricted stock units, because the overall mix of the 2013 and 2014 equity incentive awards was more heavily weighted toward stock options with 90% of the value of such awards being provided in the form of non-qualified stock options, which the Committee believes are inherently performance-based and consistent with the Company's philosophy.

Table of Contents

In 2013, Messrs. Bryant, Steward, Bujarski, Smits and Tamerius were awarded non-qualified stock options and shares of time-based restricted stock units as follows:

	Dollar Value of Aggregate Award	Number of Options/Time Based Restricted Stock Units (RSUs)

Douglas C. Bryant President and CEO	\$ 974,979	4,389 RSUs 96,217 Options

Equity Ownership Guidelines

To further align the interests of our directors and executives with those of our other stockholders, the Board of Directors has adopted share ownership guidelines. Under these guidelines, each non-employee director, the Chief Executive Officer, each Senior Vice President and each Vice President is required to retain and hold 50% of the shares acquired under any equity incentive award granted on or after March 19, 2004 (after subtracting shares sold to pay for option exercise costs, and relevant federal and state taxes which are assumed to be at the highest marginal tax rates). The foregoing share retention rule applies unless such director or officer beneficially owns shares with a value at or in excess of the following share ownership guidelines:

Chief Executive Officer 3 times then-current annual base salary,

Senior Vice Presidents 2 times then-current annual base salary,

Vice Presidents 1 times then-current annual base salary, and

Non-employee directors 2 times then-current annual cash retainer.

The value of an individual's shares for purposes of the share ownership guidelines is deemed to be the greater of the then-current fair market value of the stock, or the individual's cost basis in the stock. Shares counted in calculating the share ownership guidelines include shares beneficially owned outright, whether from open market purchases, purchases through the Company's 1983 Employee Stock Purchase Plan, shares retained after option exercises, and shares of restricted stock that have no further restrictions remaining. In addition, in the case of vested, unexercised, in-the-money stock options, the in-the-money value of the stock options will be included in the share ownership guidelines calculation. Directors, the Chief Executive Officer, Senior Vice Presidents and Vice Presidents have five years from their election, hire or promotion to satisfy the share ownership guidelines.

Employment and Severance Agreements

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

We have entered into change of control agreements with each of our executive officers in order to foster their objectivity in making decisions with respect to any pending or threatened change in control transaction and to alleviate certain risks and uncertainties with regard to our executive officers' financial and professional security that might be created by a pending or threatened change in control transaction. The details of the change in control agreements and any employment or severance arrangements entered into with our executive officers are provided under Employment, Change in Control and Severance Arrangements below in this Proxy Statement.

Tax Deductibility of Compensation

The Compensation Committee attempts to structure the compensation program to achieve deductibility under Section 162(m) of the Code, unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. The Compensation Committee will continue to monitor issues concerning the deductibility of executive compensation and will take appropriate action if and when it is warranted. Since corporate objectives may not always be consistent with the requirements for full deductibility, the Compensation Committee is prepared, if it deems appropriate, to enter into compensation arrangements under which payments may not be deductible under Section 162(m) of the Code. Thus, deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Stock Option Grant Practices

As described above, the Company uses stock options as part of its overall compensation program. The stock option awards provide individuals with the right to purchase a specified number of shares of the Company's stock at a specific price. The Company sets the exercise price of the stock options that it awards at or above the closing price of the Company's stock on the grant date. Accordingly, the option grant will have value to the individual only if he or she continues in our service during the vesting period and then generally only if and to the extent that the market price of the underlying shares of common stock appreciates over the option term.

Awards of equity-based compensation to our executive officers, such as options, are determined and approved by the Board of Directors or the Compensation Committee. Equity grants are typically made at the time of hire for executives and then annually as part of the overall executive compensation review. The specific terms of the awards are determined based on the position of the individual in the organization and as part of the applicable annual equity incentive program.

New hire grants are approved by the Board of Directors or the Compensation Committee when the executive's hire is approved, with the actual option grant issued on the first date of employment and the exercise price of such options being set at the closing price of the Company's common stock on that date. Annual performance grants made as part of the overall executive compensation program are generally made as of the date of Board or Compensation Committee approval. This typically occurs prior to the end of the first quarter, with grants effective on the date of Board or Compensation Committee approval and at a price at or above the closing price on the grant date.

Options granted to the Company executives typically vest over a four-year period. Generally, vesting ends when employment ends and the executive has 90 days following the end of employment within which to exercise any vested stock options.

Perquisites and Other Benefits

The Compensation Committee believes that the Named Executive Officers should participate in the same benefit programs as the Company's other employees and that special executive perquisites should be minimal. Consistent with this philosophy, the Named Executive Officers participate in the Company's employee benefit plans on the same terms as other employees. These plans include medical and dental insurance, disability coverage, life insurance, the employee stock purchase plan and the 401(k) Plan.

Compensation of the Chief Executive Officer

Our Chief Executive Officer participates in the same executive compensation program provided to our other executive officers and senior management as described above. The Compensation Committee's approach to setting compensation for the Chief Executive Officer is to be competitive with comparable companies and to have a significant portion of total compensation depend upon the achievement of performance goals for the Company.

Table of Contents

In February 2013, the Compensation Committee approved an increase in the annual base salary for Mr. Bryant from \$496,501 to \$511,396. As described above, the Compensation Committee approved payout, effective February 28, 2014, under the 2013 Cash Incentive Plan for combined achievement of revenue performance and EPS goals and corporate impact goals at 70% of target, and accordingly, Mr. Bryant earned a payout of \$286,382. As discussed above under the caption Executive Compensation Compensation Discussion and Analysis Longer-Term Equity Incentive Awards, in 2013, Mr. Bryant was also awarded 4,389 time-based restricted stock units and 96,217 non-qualified stock options.

Compensation of the Other Named Executive Officers

In February 2013, the Compensation Committee approved an increase in the base salaries of the Company's other Named Executive Officers. Base salaries were approved as follows:

Executive Officer	Prior Base Salary	2013 Base Salary
Randall J. Steward Chief Financial Officer	\$ 303,000	\$ 315,000
Robert J. Bujarski SVP, Business Development and General Counsel	\$ 320,816	\$ 330,440
Mark W. Smits SVP, Commercial Operations	\$ 290,700	\$ 310,000
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	\$ 290,178	\$ 298,883

As described above, the Compensation Committee approved payout, effective February 28, 2014, under the 2013 Cash Incentive Plan for combined achievement of revenue performance and EPS goals and corporate impact goals at 70% of target, and accordingly, Messrs. Steward, Bujarski, Smits and Tamerius earned a payout of \$88,200, \$92,523, \$86,800 and \$83,687, respectively.

As discussed above under the caption Executive Compensation Compensation Discussion and Analysis Longer-Term Equity Incentive Awards, in 2013, Messrs. Steward, Bujarski, Smits, and Tamerius were awarded shares of time-based restricted stock units and non-qualified stock options.

- (1) The amounts shown include cash compensation the executive officers earned or which was deferred pursuant to our 401(k) Plan.
- (2) This column represents the grant date fair value of service-based restricted stock awards granted during fiscal years 2013, 2012 and 2011 as well as (i) for 2011, the Premium RSUs associated with the 2011 Employee Deferred Bonus Compensation Program; (ii) for 2012, the Premium RSUs associated with the 2012 Employee Deferred Bonus Compensation Program; and (iii) for 2013, the Premium RSUs associated with the 2013 Employee Deferred Bonus Compensation Program as described in Note (3) in the Nonqualified Deferred Compensation table. Restricted stock awards are valued based on the closing share price on the date of grant. This column also includes the incremental increase in the grant date fair value of performance-based restricted stock units granted to the executive officers in March 2011 in the amount of \$427,007, \$149,100 and \$124,245 for Messrs. Bryant, Bujarski and Tamerius, respectively. The increase in the grant date fair value was a result of the Company amending the EPS goals to include adjustments for certain items, some of which were non-recurring, in fiscal year 2013. For additional information with respect to the 2013 grants, refer to Note 5 of our financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013, as filed with the Securities and Exchange Commission. - (1) These columns show the potential value of the payout for each Named Executive Officer under the 2013 Cash Incentive Plan program if the threshold, target or maximum goals were satisfied for all performance measures. The business measurements, performance goals and salary and bonus multiples for determining the payout are described in the Compensation Discussion and Analysis section. The performance measurements were achieved in fiscal year 2013 in the aggregate at the 70% level and payouts were made as described under the heading Annual Cash Incentive Awards in the Compensation Discussion and Analysis section and in Note (4) to the Summary Compensation Table.
- (2) This column shows the number of time-based restricted stock units granted in 2013 to the Named Executive Officers. The time-based restricted stock units for Mr. Bryant, Mr. Steward, Mr. Bujarski, Mr. Smits and Dr. Tamerius were granted on February 25, 2013 and vest over four years, with one half of the award vesting on the two-year anniversary of the grant date and the remaining vesting annually thereafter through the remaining four-year vesting period. This column also includes the number of premium restricted stock units granted in 2014 under the 2013 Employee Deferred Bonus Compensation Program. For the restricted stock units under the 2013 Employee Deferred Bonus Compensation Program the fair value is equal to (i) the amount of his bonus deferred under the Program divided by the market closing price for the Company's common stock on February 28, 2014, multiplied by (ii) either 1.2 or 1.3, as a premium. This column also includes a grant of 5,000 time-based restricted stock units to Mr. Smits for the purposes of retaining a key executive which vests on the fourth anniversary of the grant date.
- (3) This column shows the number of stock options granted in 2013 to the Named Executive Officers. These options vest and become exercisable ratably over four years, with one half of the award vesting on the two-year anniversary of the grant date and the remaining vesting annually thereafter through the remaining four-year vesting period.

Table of Contents

- (4) This column shows the exercise price for the stock options granted, which was the closing price of our common stock on the date of grant.
- (5) This column shows the full grant date fair value under ASC Topic 718 of time-based restricted stock units, restricted stock units granted under the 2013 Employee Deferred Bonus Compensation Program and stock options granted to the Named Executive Officers in 2013. For the time-based restricted stock units, fair value is calculated using the closing price of our common stock on the grant date. The grant date fair value is the amount that the Company would expense in its financial statements over the award's vesting schedule, unless the named executive leaves the Company. For the restricted stock units under the 2013 Employee Deferred Bonus Compensation Program the fair value is equal to (i) the amount of his bonus deferred under the Program divided by the market closing price for the Company's common stock on February 28, 2014, multiplied by (ii) either 1.2 or 1.3, as a premium. For stock options, fair value is calculated using the Black-Scholes value on the grant date and is the amount that the Company will expense in its financial statements over the award's vesting schedule, unless the named executive leaves the Company. For additional information on the valuation assumptions, refer to Note 5 of our financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013.

Employment, Change in Control and Severance Arrangements

In connection with the appointment of Mr. Bryant as our President and Chief Executive Officer, on January 16, 2009, Mr. Bryant entered into an employment agreement with us. Mr. Bryant's employment agreement sets forth the terms of his employment with us and provides for, among other matters: (i) a minimum base salary of \$450,000 per annum, subject to adjustment upward by the Board of Directors or its Compensation Committee; and (ii) an annual cash incentive bonus based upon attainment of performance goals set by the Board of Directors or its Compensation Committee with a target of at least 80% of base salary and a maximum opportunity of up to 120% of base salary.

Under his employment agreement, Mr. Bryant is an at-will employee, which means that either Mr. Bryant or we may terminate his employment at any time for any reason. However, and except in the context of a change in control, if Mr. Bryant's employment with us is terminated without cause or he terminates his employment for good reason (as defined in the employment agreement) and thereafter delivers and does not revoke a general release, he is entitled to a severance payment equal to eighteen (18) months of his then-current base salary and payment of health insurance premiums for a period of eighteen (18) months following termination. Amounts payable to Mr. Bryant upon a change in control of the Company are generally governed by his change in control agreement, dated as of January 16, 2009, which is described below.

Messrs. Steward, Bujarski, Smits and Tamerius are each at will employees of the Company with compensation arrangements that include, among other matters: (i) a minimum base salary, currently of \$315,000, \$330,440, \$310,000 and \$298,883 per annum, respectively and (ii) eligibility for an annual bonus in accordance with the Company's bonus plan. In addition, except in the context of a change of control, if we terminate Mr. Bujarski's employment without cause, he would be entitled to a severance payment equal to six months of his annual salary.

Each of Mr. Bryant, Mr. Steward, Mr. Bujarski, Mr. Smits and Dr. Tamerius has entered into a change in control agreement with us, which provides for the payment of severance benefits in the event of termination of employment in connection with a change in control of the Company. The severance benefits are payable if their respective employment with us is terminated within 30 days prior to or three years following a change in control, unless terminated for cause or the termination is the result of a voluntary resignation (which does not include resignations stemming from a material adverse change in responsibilities, status, compensation, authority or location of work place) or their death or disability.

The severance benefits under the change in control agreements generally consist of a lump sum cash payment equal to two times the sum of (i) such executive's highest annual salary rate within the three year period ending on the date of termination plus (ii) an amount equal to the annualized average of all bonuses paid to the executive during the two-year period immediately before the date of termination. In addition, the change in control agreements provide for: payment of \$25,000 to help defray the legal, tax and accounting fees and other costs associated with transitional matters; continued coverage for two years under our group medical insurance, group dental insurance, group-term life insurance and disability insurance programs unless and to the extent the executive obtains concurrent coverage through another program in which case our coverage will be terminated or reduced as applicable; and immediate vesting and exercisability of any and all unvested stock options and restricted stock of the executive (unless previously waived or otherwise expressly agreed to by the executive).

Table of Contents**Potential Post-Employment Payments**

As described above, our Named Executive Officers have employment, severance and/or change of control agreements with us. The table below illustrates the compensation that would be payable by the Company to each Named Executive Officer in the event of a change in control of the Company or a termination of the Named Executive Officer's employment with the Company for various described reasons, sometimes referred to in this section as a triggering event. In accordance with applicable rules of the Securities and Exchange Commission, the following discussion assumes:

that the triggering event in question, the death, disability, change in control or termination occurred on December 27, 2013, which was the last full business day prior to the last day of our 2013 fiscal year end which fell on Sunday, December 29, 2013; and

the calculations provided below are based on the closing market price of our common stock as of December 27, 2013, which was \$27.44.

In addition, in connection with any actual termination of employment, the Board of Directors or the Compensation Committee may determine to enter into an agreement providing additional benefits or amounts, or altering the terms of benefits described below, as deemed appropriate by the Compensation Committee or the Board of Directors. The actual amounts that would be paid upon a Named Executive Officer's termination of employment can only be determined at the time of such executive's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include our stock price at the time of termination and determinations by our Board of Directors.

AUDIT COMMITTEE MATTERS

Report of the Audit Committee of the Board of Directors

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013 with management, including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed and reviewed with our independent registered public accounting firm all matters required to be discussed by the Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance), as may be modified or supplemented. The Audit Committee has met with the independent registered public accounting firm to discuss the overall scope and plans for the independent registered public accounting firm's audit, the results of its examinations, its evaluations of our internal controls and the overall quality of our accounting and financial reporting. The Audit Committee also discussed with the independent registered public accounting firm its judgments as to the substance and clarity, not just the acceptability, of our accounting principles and financial statement disclosures. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to us is compatible with the independent registered public accounting firm's independence.

The Audit Committee also reviewed management's report on its assessment of the effectiveness of our internal control over financial reporting and Ernst & Young LLP's report on the effectiveness of internal control over financial reporting.

The Audit Committee has received from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and us that might bear on the independent registered public accounting firm's independence consistent with the Public Company Accounting Oversight Board (PCAOB) Rule 3526 (Communication with Audit Committees Concerning Independence), as may be modified or supplemented, discussed with the independent registered public accounting firm any relationships that may impact its objectivity and independence, and has satisfied itself as to the independent registered public accounting firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2013.

Policy on Audit Committee Pre-approval of Audit and Permissible Non-audit Services

The Audit Committee has the responsibility for appointing, compensating, retaining and overseeing the work of the independent registered public accounting firm. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by our independent registered public accounting firm, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent registered public accounting firm is likely to provide the most effective and efficient service, and whether the service could enhance our ability to manage or control risk or improve audit quality.

All of the audit, audit-related, tax-related and all other fees provided by Ernst & Young LLP in fiscal years 2013 and 2012 (and as described in the footnotes to the table above) were approved in advance by the Audit Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the U.S., our directors and executive officers and persons who own more than 10% of our common stock are required to report their initial beneficial ownership of our common stock and any subsequent changes in that ownership to the Securities and Exchange Commission. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

Our Audit Committee reviews all relationships, transactions and arrangements in which the Company and any director, nominee for director, greater than 5% beneficial holder of Company stock or any immediate family member of any of the foregoing are participants (Interested Transactions) to determine whether such persons have a direct or indirect material interest and whether to approve, disapprove or ratify an Interested Transaction. We have written policies and procedures for monitoring and seeking approval in connection with any Interested Transaction. Our legal and finance departments assist in monitoring Interested Transactions and our Audit Committee reviews, approves (or disapproves) or ratifies Interested Transactions. In considering whether to approve or ratify an Interested Transaction, the Audit Committee takes into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar terms and conditions and the extent of the related person's interest in the Interested Transaction. In addition, our written policy provides that no director shall participate in any discussion or approval of an Interested Transaction for which he or she is a related party, except that the director shall provide all material information concerning the Interested Transaction to the Audit Committee.

Related Party Transactions

No director, executive officer, nominee for election as a director or any beneficial holder of more than 5% of our outstanding capital stock had any material interest, direct or indirect, in any reportable transaction with us during the 2013 fiscal year or since the commencement of the current fiscal year, or any reportable business relationship with us during such time.

Appendix A

QUIDEL CORPORATION
AMENDED AND RESTATED
2010 EQUITY INCENTIVE PLAN
(As Proposed to be Amended)

ARTICLE I

PURPOSE OF PLAN

The Company has adopted this Plan to promote the interests of the Company and its stockholders by using investment interests in the Company to attract, retain and motivate its management and other persons, to encourage and reward their contributions to the performance of the Company, and to align their interests with the interests of the Company's stockholders. Upon approval by stockholders, this Plan will supersede the Prior Plan with respect to future Awards. Capitalized terms not otherwise defined herein have the meanings ascribed to them in *Article IX*.

ARTICLE II

EFFECTIVE DATE AND TERM OF PLAN

2.1 Term of Plan.

This Plan, as amended, became effective on the Effective Date and will continue in effect until the earlier of (a) the Expiration Date, or (b) the date of any Plan termination pursuant to the provisions in *Section 8.1*, at which time this Plan will automatically terminate.

2.2 Effect on Awards.

Awards may be granted only during the Plan Term, but each Award properly granted during the Plan Term will remain in effect after the Expiration Date until such Award has been exercised, terminated or expired in accordance with its terms and the terms of this Plan.

ARTICLE III

SHARES SUBJECT TO PLAN

3.1 Number of Shares.

The maximum number of shares of Common Stock that may be issued pursuant to Awards under this Plan is 3,400,000, plus (a) any shares of Common Stock that were authorized for issuance under the Prior Plan that, as of the Effective Date, remain available for issuance under the Prior Plan (not including any shares that are subject to, as of the Effective Date, outstanding awards under the Prior Plan or any shares that prior to the Effective Date were issued pursuant to awards granted under the Prior Plan) and (b) any shares of Common Stock subject to outstanding awards under the Prior Plan as of the Effective Date (the *Prior Plan Awards*) that on or after such date cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares). Any shares of Common Stock issued pursuant to Stock Options or Stock Appreciation Rights under this Plan shall be counted against this limit on a one-for-one basis and any shares of Common Stock issued pursuant to Awards under this Plan other than Stock Options or Stock Appreciation Rights shall be counted against this limit as 1.5 shares for every one share of Common Stock issued pursuant to such Award. The aggregate number of Shares available for grant under this Plan and the number of Shares subject to outstanding Awards shall be subject to adjustment as set forth in *Section 3.4*.

A-1

Table of Contents

3.2 Source of Shares.

The Common Stock to be issued under this Plan will be made available, at the discretion of the Administrator, either from authorized but unissued shares of Common Stock or from previously issued shares of Common Stock reacquired by the Company, including without limitation shares purchased on the open market.

3.3 Availability of Unused Shares.

Shares of Common Stock subject to unexercised portions of any Award (or Prior Plan Award) that expire, terminate or are canceled, and shares of Common Stock issued pursuant to an Award (or Prior Plan Award) that are reacquired by the Company pursuant to this Plan or the terms of the Award (or Prior Plan Award) under which such shares were issued, will again become available for the grant of further Awards under this Plan as part of the shares available under *Section 3.1*. However, if the exercise price of, or withholding taxes incurred in connection with, an Award of Stock Options or Stock Appreciation Rights (or Prior Plan Award of Stock Options or Stock Appreciation Rights) is paid with shares of Common Stock, or if shares of Common Stock otherwise issuable pursuant to such Awards (or such Prior Plan Awards) are withheld by the Company in satisfaction of an exercise price or the withholding taxes incurred in connection with any exercise of such an Award (or Prior Plan Award), then the number of shares of Common Stock available for issuance under the Plan will be reduced by the gross number of shares for which the Award (or Prior Plan Award) is exercised, and not by the net number of shares of Common Stock issued to the holder of such Award (or Prior Plan Award). In addition, upon exercise of a Stock Appreciation Right (or similar Prior Plan Award), the number of shares of Common Stock available for issuance under the Plan will be reduced by the gross number of shares for which the Award (or Prior Plan Award) is exercised and not by the net number of shares of Common Stock issued to the holder of such Award (or Prior Plan Award) in settlement thereof. Any shares of Common Stock that again become available for issuance pursuant to *Section 3.1* or this *Section 3.3* shall be added back as one share if such shares were subject to Stock Options or Stock Appreciation Rights granted under the Plan or stock options or stock appreciation rights granted under the Prior Plan, and as 1.5 shares if such shares were subject to Awards other than Stock Options or Stock Appreciation Rights granted under the Plan or subject to awards other than stock options or stock appreciation rights granted under the Prior Plan.

3.4 Adjustment Provisions.

(a) *Adjustments.* If the Company consummates any Reorganization in which holders of shares of Common Stock are entitled to receive in respect of such shares any additional shares or new or different shares or securities, cash or other consideration (including, without limitation, a different number of shares of Common Stock), or if the outstanding shares of Common Stock are increased, decreased, changed or exchanged for a different number or kind of shares or other securities through merger, consolidation, sale or exchange of assets of the Company, reorganization, recapitalization, reclassification, combination, stock dividend, extraordinary cash dividend, stock split, reverse stock split, spin-off, or similar transaction then, subject to *Section 8.1*, an appropriate and proportionate adjustment shall be made by the Administrator in: (i) the maximum number and kind of shares subject to this Plan as provided in *Section 3.1*; (ii) the number and kind of shares or other securities subject to then outstanding Awards; (iii) the price for each share or other unit of any other securities subject to, or measurement criteria applicable to, then outstanding Awards; and (iv) the number and kind of shares or other securities to be issued as Non-Employee Director Options.

(b) *No Fractional Interests.* No fractional interests will be issued under the Plan resulting from any adjustments.

(c) *Adjustments Related to Company Stock.* To the extent any adjustments relate to stock or securities of the Company, such adjustments will be made by the Administrator, whose determination in that respect will be final, binding and conclusive.

Table of Contents

(d) *Right to Make Adjustment.* The grant of an Award will not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge or to consolidate or to dissolve, liquidate or sell, or transfer all or any part of its business or assets.

(e) *Limitations.* No adjustment to the terms of an Incentive Stock Option may be made unless such adjustment either: (i) would not cause the Option to lose its status as an Incentive Stock Option; or (ii) is agreed to in writing by the Administrator and the Recipient.

3.5 Reservation of Shares.

The Company will at all times reserve and keep available shares of Common Stock equaling at least the total number of shares of Common Stock issuable pursuant to all outstanding Awards.

ARTICLE IV

ADMINISTRATION OF PLAN

4.1 Administrator.

(a) *Plan Administration.* Subject to the provisions of *Section 4.1(b)*, this Plan will be administered by the Board and may also be administered by a Committee of the Board appointed pursuant to *Section 4.1(b)*.

(b) *Administration by Committee.* The Board in its sole discretion may from time to time appoint a Committee of not less than two (2) Board members with authority to administer this Plan in whole or part and, subject to applicable law, to exercise any or all of the powers, authority and discretion of the Board under this Plan. As long as the Company has a class of equity securities registered under Section 12 of the Exchange Act, this Plan will be administered by a Committee of not less than two (2) Board members appointed by the Board in its sole discretion from time to time, each of whom is (i) a Non-Employee Director, and (ii) an Outside Director as defined in the regulations adopted under Section 162(m) of the IRC. The Board may from time to time increase or decrease (but not below two (2)) the number of members of the Committee, remove from membership on the Committee all or any portion of its members, and/or appoint such person or persons as it desires to fill any vacancy existing on the Committee, whether caused by removal, resignation or otherwise. Unless otherwise required by this *Section 4.1(b)*, the Board may disband the Committee at any time.

4.2 Authority of Administrator.

(a) *Authority to Interpret Plan.* Subject to the express provisions of this Plan, the Administrator will have the power to implement, interpret and construe this Plan and any Awards and Award Documents or other documents defining the rights and obligations of the Company and Recipients hereunder and thereunder, to determine all questions arising hereunder and thereunder, and to adopt and amend such rules and regulations for the administration hereof and thereof as it may deem desirable. The interpretation and construction by the Administrator of any provisions of this Plan or of any Award or Award Document, and any action taken by, or inaction of, the Administrator relating to this Plan or any Award or Award Document, will be within the discretion of the Administrator and will be conclusive and binding upon all persons. Subject only to compliance with the express provisions hereof, the Administrator may act in its discretion in matters related to this Plan and any and all Awards and Award Documents.

(b) *Authority to Grant Awards.* Subject to the express provisions of this Plan, the Administrator may from time to time in its discretion select the Eligible Persons to whom, and the time or times at which, Awards will be granted or sold, the nature of each Award, the number of shares of Common Stock or the number of rights that make up or underlie each Award, the exercise price and period (if applicable) for the exercise of each Award, and such other terms and conditions applicable to each individual Award as the Administrator may determine. Any and all terms and conditions of Awards may be established by the Administrator without regard to existing Awards or other

Table of Contents

grants and without incurring any obligation of the Company in respect of subsequent Awards. The Administrator may grant at any time new Awards to an Eligible Person who has previously received Awards or other grants (including other stock options) regardless of the status of such other Awards or grants. The Administrator may grant Awards singly or in combination or in tandem with other Awards as it determines in its discretion.

(c) *Procedures.* Subject to the Company's charter or bylaws or any Board resolution conferring authority on the Committee, any action of the Administrator with respect to the administration of this Plan must be taken pursuant to a majority vote of the authorized number of members of the Administrator or by the unanimous written consent of its members; *provided, however*, that (i) if the Administrator is the Committee and consists of two (2) members, then actions of the Administrator must be unanimous, and (ii) actions taken by the Board will be valid if approved in accordance with applicable law.

4.3 No Liability.

No member of the Board or the Committee or any designee thereof will be liable for any action or inaction with respect to this Plan or any Award or any transaction arising under this Plan or any Award except in circumstances constituting bad faith of such member.

4.4 Amendments.

(a) *Plan Amendments.* The Administrator may at any time and from time to time in its discretion, insofar as permitted by applicable law, rule or regulation and subject to *Section 4.4(c)*, suspend or discontinue this Plan or revise or amend it in any respect whatsoever, and this Plan as so revised or amended will govern all Awards, including those granted before such revision or amendment. Without limiting the generality of the foregoing, the Administrator is authorized to amend this Plan to comply with or take advantage of amendments to applicable laws, rules or regulations, including the Securities Act, the Exchange Act, the IRC, or the rules of any exchange or market system upon which the Common Stock is listed or trades, or any rules or regulations promulgated thereunder. No stockholder approval of any amendment or revision will be required unless such approval is required by applicable law, rule or regulation.

(b) *Award Amendments; No Repricing.* The Administrator may at any time and from time to time in its discretion, but subject to *Section 4.4(c)* and compliance with applicable statutory or administrative requirements, accelerate or extend the vesting or exercise period of any Award as a whole or in part, and make such other modifications in the terms and conditions of an Award as it deems advisable, *provided, however*, that the Administrator, other than in connection with an adjustment under *Section 3.4*, may reduce the exercise or base price of a Stock Option or SAR (either by cancellation of such Stock Option or SAR in exchange for cash, other Awards, or a new Stock Option or SAR at such reduced exercise or base price or by amending the terms of the Stock Option or SAR to reflect such a reduced exercise or base price) only with stockholder approval.

(c) *Limitation.* Except as otherwise provided in this Plan or in the applicable Award Document, no amendment, revision, suspension or termination of this Plan or an outstanding Award that would cause an Incentive Stock Option to cease to qualify as such or that would alter, impair or diminish in any material respect any rights or obligations under any Award theretofore granted under this Plan may be effected without the written consent of the Recipient to whom such Award was granted.

4.5 Other Compensation Plans.

The adoption of this Plan will not affect any other stock option, incentive or other compensation plans in effect from time to time for the Company, and this Plan will not preclude the Company from establishing any other forms of incentive or other compensation for employees, directors, advisors or consultants of the Company, whether or not approved by stockholders. This Plan does not affect in any way any outstanding award grants made under such plans and awards granted under such plans will continue to be governed by the terms and conditions of such plans.

4.8 Invalid Provisions.

In the event that any provision of this Plan is found to be invalid or otherwise unenforceable under any applicable law, such invalidity or unenforceability is not to be construed as rendering any other provisions contained herein invalid or unenforceable, and all such other provisions are to be given full force and effect to the same extent as though the invalid and unenforceable provision were not contained herein.

Status as an Eligible Person will not be construed as a commitment that any Award will be granted under this Plan to an Eligible Person or to Eligible Persons generally.

(b) *Eligibility to Receive Incentive Stock Options.* Incentive Stock Options may be granted only to Eligible Persons meeting the employment requirements of Section 422 of the IRC.

(c) *Awards to Foreign Nationals.* Notwithstanding anything to the contrary herein, the Administrator may, in order to fulfill the purposes of this Plan, modify grants of Awards to Recipients who are foreign nationals or employed outside of the United States to recognize differences in applicable law, tax policy or local custom.

5.2 Award Documents.

Each Award must be evidenced by an Award Document setting forth such terms and conditions applicable to the Award as the Administrator may in its discretion determine. In case of any conflict between this Plan and any Award Document, this Plan shall control.

5.3 Payment For Awards.

(a) *Payment of Exercise Price.* The exercise price or other payment for an Award is payable upon the exercise of a Stock Option or upon other purchase of shares pursuant to an Award granted hereunder by delivery of legal tender of the United States or payment of such other consideration as the Administrator may from time to time deem acceptable in any particular instance; *provided, however*, that the Administrator may, in the exercise of its discretion, allow exercise of an Award in a broker-assisted or similar transaction in which the exercise price is not received by the Company until promptly after exercise.

(b) [Reserved]

(c) *Cashless Exercise.* If permitted in any case by the Administrator in its discretion, the exercise price for Awards may be paid by capital stock of the Company delivered in transfer to the Company by or on behalf of the person exercising the Award and duly endorsed in blank or accompanied by stock powers duly endorsed in blank, with signatures guaranteed in accordance with the Exchange Act if required by the Administrator; or retained by the Company from the stock otherwise issuable upon exercise or surrender of vested and/or exercisable Awards or other equity awards previously granted to the Recipient and being exercised (if applicable) (in either case valued at Fair Market Value as of the exercise date); or such other consideration as the Administrator may from time to time in the exercise of its discretion deem acceptable in any particular instance.

(d) *No Precedent.* Recipients will have no rights to the exercise techniques described in *Section 5.3(c)*, and the Company may offer or permit such techniques on an *ad hoc* basis to any Recipient without incurring any obligation to offer or permit such techniques on other occasions or to other Recipients.

5.4 No Employment Rights.

Nothing contained in this Plan (or in Award Documents or in any other documents related to this Plan or to Awards) will confer upon any Eligible Person or Recipient any right to continue in the employ of or engagement by the Company or any Affiliated Entity or constitute any contract or agreement of employment or engagement, or interfere in any way with the right of the Company or any Affiliated Entity to reduce such person's compensation or other benefits or to terminate the employment or engagement of such Eligible Person or Recipient, with or without cause. Except as expressly provided in this Plan or in any statement evidencing the grant of an Award, the Company has the right to deal with each Recipient in the same manner as if this Plan and any such statement evidencing the grant of an Award did not exist, including, without limitation, with respect to all matters related to the hiring, discharge, compensation and conditions of the employment or engagement of the Recipient. Unless otherwise set forth in a written agreement binding upon the Company or an Affiliated Entity, all employees of the Company or an Affiliated Entity are at will employees whose employment may be terminated by the Company or the Affiliated Entity at any time for any reason or no reason, without payment or penalty of any kind. Any question(s) as to whether and when there has been a termination of a Recipient's employment or engagement, the reason (if any) for such termination, and/or the consequences thereof under the terms of this Plan or any statement evidencing the grant of an Award pursuant to this Plan will be determined by the Administrator and the Administrator's determination thereof will be final and binding.

Table of Contents**5.5 Restrictions Under Applicable Laws and Regulations.**

(a) *Government Approvals.* All Awards will be subject to the requirement that, if at any time the Company determines, in its discretion, that the listing, registration or qualification of the securities subject to Awards granted under this Plan upon any securities exchange or interdealer quotation system or under any federal, state or foreign law, or the consent or approval of any government or regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such an Award or the issuance, if any, or purchase of shares in connection therewith, such Award may not be exercised as a whole or in part unless and until such listing, registration, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Company. During the term of this Plan, the Company will use its reasonable efforts to seek to obtain from the appropriate governmental and regulatory agencies any requisite qualifications, consents, approvals or authorizations in order to issue and sell such number of shares of its Common Stock as is sufficient to satisfy the requirements of this Plan. The inability of the Company to obtain any such qualifications, consents, approvals or authorizations after such reasonable efforts will relieve the Company of any liability in respect of the nonissuance or sale of such stock as to which such qualifications, consents, approvals or authorizations pertain.

(b) *No Registration Obligation; Recipient Representations.* The Company will be under no obligation to register or qualify the issuance of Awards or underlying securities under the Securities Act or applicable state securities laws. Unless the issuance of Awards and underlying securities have been registered under the Securities Act and qualified or registered under applicable state securities laws, the Company shall be under no obligation to issue any Awards or underlying securities unless the Awards and underlying securities may be issued pursuant to applicable exemptions from such registration or qualification requirements. In connection with any such exempt issuance, the Administrator may require the Recipient to provide a written representation and undertaking to the Company, satisfactory in form and scope to the Company, that such Recipient is acquiring such Awards and underlying securities for such Recipient's own account as an investment and not with a view to, or for sale in connection with, the distribution of any such securities, and that such person will make no transfer of the same except in compliance with any rules and regulations in force at the time of such transfer under the Securities Act and other applicable law, and that if securities are issued without registration, a legend to this effect (together with any other legends deemed appropriate by the Administrator) may be endorsed upon the securities so issued, and to the effect of any additional representations that are appropriate in light of applicable securities laws and rules. The Company may also order its transfer agent to stop transfers of such shares. The Administrator may also require the Recipient to provide the Company such information and other documents as the Administrator may request in order to satisfy the Administrator as to the investment sophistication and experience of the Recipient and as to any other conditions for compliance with any such exemptions from registration or qualification.

5.6 Additional Conditions.

Any Award may be subject to such provisions (whether or not applicable to any other Award or Recipient) as the Administrator deems appropriate, including without limitation provisions for the forfeiture of or restrictions on resale or other disposition of securities of the Company acquired under this Plan, provisions giving the Company the right to repurchase securities of the Company acquired under this Plan in the event the Recipient leaves the Company for any reason or elects to effect any disposition thereof, and provisions to comply with federal and state securities laws.

5.7 No Privileges re Stock Ownership or Specific Assets.

Except as otherwise set forth herein, a Recipient or a permitted transferee of an Award will have no rights as a stockholder with respect to any shares issuable or issued in connection with the Award until the Recipient has delivered to the Company all amounts payable and performed all obligations required to be performed in connection with exercise of the Award and the Company has issued such shares. No person will have any right, title or interest in any fund or in any specific asset (including shares of capital stock) of the Company by reason

of any Award granted hereunder. Neither this Plan (or any documents related hereto) nor any action taken pursuant hereto is to be construed to create a trust of any kind or a fiduciary relationship between the Company and any person. To the extent that any person acquires a right to receive an Award hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

5.8 Nonassignability.

No Award is assignable or transferable except: (a) by will or by the laws of descent and distribution; or (b) subject to the final sentence of this *Section 5.8*, upon dissolution of marriage pursuant to a qualified domestic relations order or, in the discretion of the Administrator on a case-by-case basis and under circumstances that would not adversely affect the interests of the Company, transfers for estate planning purposes or pursuant to a nominal transfer that does not result in a change in beneficial ownership. Subject to the final sentence of this *Section 5.8*, during the lifetime of a Recipient, an Award granted to such person will be exercisable only by the Recipient (or the Recipient's permitted transferee) or such person's guardian or legal representative. Notwithstanding the foregoing, Stock Options intended to be treated as Incentive Stock Options (or other Awards subject to transfer restrictions under the IRC) (i) may not be assigned or transferred in violation of Section 422(b)(5) of the IRC or the regulations thereunder, and nothing herein is intended to allow such assignment or transfer; and (ii) will be exercisable during a Recipient's lifetime only by the Recipient.

5.9 Information To Recipients.

(a) *Provision of Information.* The Administrator in its sole discretion may determine what, if any, financial and other information is to be provided to Recipients and when such financial and other information is to be provided after giving consideration to applicable federal and state laws, rules and regulations, including, without limitation, applicable federal and state securities laws, rules and regulations.

(b) *Confidentiality.* The furnishing of financial and other information that is confidential to the Company is subject to the Recipient's agreement to maintain the confidentiality of such financial and other information, and not to use the information for any purpose other than evaluating the Recipient's position under this Plan. The Administrator may impose other restrictions on the access to and use of such confidential information and may require a Recipient to acknowledge the Recipient's obligations under this *Section 5.9(b)* (which acknowledgment is not to be a condition to Recipient's obligations under this *Section 5.9(b)*).

5.10 Withholding Taxes.

Whenever the granting, vesting or exercise of any Award, or the issuance of any Common Stock or other securities upon exercise of any Award or transfer thereof, gives rise to tax or tax withholding liabilities or obligations, the Administrator will have the right as a condition thereto to require the Recipient to remit to the Company an amount sufficient to satisfy any federal, state and local withholding tax requirements arising in connection therewith. The Administrator may, in the exercise of its discretion, allow satisfaction of tax withholding requirements by accepting delivery of stock of the Company or by withholding a portion of the stock otherwise issuable in connection with an Award, in each case valued at Fair Market Value as of the date of such delivery or withholding, as the case may be.

5.11 Legends on Awards and Stock Certificates.

Each Award Document and each certificate representing securities acquired upon grant, vesting or exercise of an Award must be endorsed with all legends, if any, required by applicable federal and state securities and other laws to be placed on the Award Document and/or the certificate. The determination of which legends, if any, will be placed upon Award Documents or the certificates will be made by the Administrator in its discretion and such decision will be final and binding.

5.12 Effect of Termination of Employment on Awards.

(a) *Termination of Vesting.* Notwithstanding anything to the contrary herein, but subject to *Section 5.12(b)* Awards will be exercisable by a Recipient (or the Recipient's successor in interest) following such Recipient's termination of employment or service only to the extent that installments thereof had become exercisable on or prior to the date of such termination.

(b) *Alteration of Vesting and Exercise Periods.* Notwithstanding anything to the contrary herein, the Administrator may in its discretion (i) designate shorter or longer periods following a Recipient's termination of employment or service during which Awards may vest or be exercised; *provided, however,* that any shorter periods determined by the Administrator will be effective only if provided for in this Plan or the instrument that evidences the grant to the Recipient of the affected Award or if such shorter period is agreed to in writing by the Recipient, and (ii) accelerate the vesting of all or any portion of any Awards by increasing the number of shares purchasable at any time.

(c) *Leave of Absence.* In the case of any employee on an approved leave of absence, the Administrator may make such provision respecting continuance of Awards granted to such employee as the Administrator in its discretion deems appropriate, except that in no event will an Award be exercisable after the date such Award would expire in accordance with its terms had the Recipient remained continuously employed.

(d) *General Cessation.* Except as otherwise set forth in this Plan or an Award Document or as determined by the Administrator in its discretion, all Awards granted to a Recipient, and all of such Recipient's rights thereunder, will terminate upon termination for any reason of such Recipient's employment or service with the Company or any Affiliated Entity (or cessation of any other service relationship between the Recipient and the Company or any Affiliated Entity in place as of the date the Award was granted).

5.13 Lock-Up Agreements.

Each Recipient agrees as a condition to receipt of an Award that, in connection with any public offering by the Company of its equity securities and upon the request of the Company and the principal underwriter (if any) in such public offering, any shares of Common Stock acquired or that may be acquired upon exercise or vesting of an Award may not be sold, offered for sale, encumbered, or otherwise disposed of or subjected to any transaction that will involve any sales or other transfer of securities of the Company, or any interest therein, without the prior written consent of the Company or such underwriter, as the case may be, for a period of not more than 365 days after the commencement date of such public offering. Each Recipient will, if requested by the Company or the principal underwriter, enter into a separate agreement to the effect of this *Section 5.13*.

5.14 Restrictions on Common Stock and Other Securities.

Common Stock or other securities of the Company issued or issuable in connection with any Award will be subject to all of the restrictions imposed under this Plan upon Common Stock issuable or issued upon exercise of Stock Options, except as otherwise determined by the Administrator.

5.15 Limits on Awards to Eligible Persons.

Notwithstanding any other provision of this Plan, no one Eligible Person shall be (a) granted Awards (other than Performance Awards payable in cash) with respect to more than 1,800,000 shares of Common Stock in any one calendar year, and (b) granted Performance Awards payable in cash that exceed \$1,000,000 in any one calendar year, *provided, however,* that this limitation shall not apply if it is not required in order for the compensation attributable to Awards hereunder to qualify as Performance-Based Compensation. The limitation set forth in this *Section 5.15(a)* will be subject to adjustment as provided in *Section 3.4* or under *Article VIII*, but only to the extent such adjustment would not affect the status of compensation attributable to Awards as Performance-Based Compensation.

ARTICLE VI

AWARDS

6.1 Stock Options.

(a) *Nature of Stock Options.* Stock Options may be Incentive Stock Options or Nonqualified Stock Options.

(b) *Option Exercise Price.* The exercise price for each Stock Option will be determined by the Administrator as of the date such Stock Option is granted and shall not be less than the Fair Market Value of the underlying stock on the date of grant, provided, however, that in the case of Stock Options granted to employees upon a merger or acquisition, the exercise price may be higher or lower than the Fair Market Value of the underlying stock on the date of grant if such exercise price is required to assume or substitute options held by employees of the acquired corporation at the time of the acquisition.

(c) *Option Period and Vesting.* Stock Options granted hereunder will vest and may be exercised as determined by the Administrator, except that exercise of Stock Options after termination of the Recipient's employment or service shall be subject to *Section 5.12* and *Section 6.1(e)*. Each Stock Option granted hereunder and all rights or obligations thereunder shall expire on such date as may be determined by the Administrator, but not later than ten (10) years after the date the Stock Option is granted and may be subject to earlier termination as provided herein or in the Award Document. Except as otherwise provided herein, a Stock Option will become exercisable, as a whole or in part, on the date or dates specified by the Administrator and thereafter will remain exercisable until the exercise, expiration or earlier termination of the Stock Option.

(d) *Exercise of Stock Options.* The exercise price for Stock Options will be paid as set forth in *Section 5.3*. No Stock Option will be exercisable except in respect of whole shares, and fractional share interests shall be disregarded. Not fewer than 100 shares of Common Stock (or such other amount as may be set forth in the applicable Award Document) may be purchased at one time and Stock Options must be exercised in multiples of 100 unless the number purchased is the total number of shares for which the Stock Option is exercisable at the time of exercise. A Stock Option will be deemed to be exercised when the Secretary or other designated official of the Company receives written notice of such exercise from the Recipient in such form as the Company may specify from time to time, together with payment of the exercise price in accordance with *Section 5.3* and any amounts required under *Section 5.10* or, with permission of the Administrator, arrangement for such payment. Notwithstanding any other provision of this Plan, the Administrator may impose, by rule and/or in Award Documents, such conditions upon the exercise of Stock Options (including, without limitation, conditions limiting the time of exercise to specified periods) as may be required to satisfy applicable regulatory requirements, including, without limitation, Rule 16b-3 and Rule 10b-5 under the Exchange Act, and any amounts required under *Section 5.10*, or any applicable section of or regulation under the IRC.

(e) *Termination of Employment.*

(i) *Termination for Just Cause.* Subject to *Section 5.12* and except as otherwise provided in a written agreement between the Company or an Affiliated Entity and the Recipient, which may be entered into at any time before or after termination of employment or service, in the event of a Just Cause Dismissal of a Recipient all of the Recipient's unexercised Stock Options, whether or not vested, will expire and become unexercisable as of the date of such Just Cause Dismissal.

(ii) *Termination Other Than for Just Cause.* Subject to *Section 5.12* and except as otherwise provided in a written agreement between the Company or an Affiliated Entity and the Recipient, which may be entered into at any time before or after termination of employment or service, if a Recipient's employment or service with the Company or any Affiliated Entity terminates for:

(A) any reason other than for Just Cause Dismissal, death, or Permanent Disability, the Recipient's Stock Options, whether or not vested, will expire and become unexercisable as of the earlier of: (1) the date such Stock Options would expire in accordance with their terms had the Recipient remained employed; and (2) 90 days after the date of termination of employment or service.

Table of Contents

(B) death or Permanent Disability, the Recipient's unexercised Stock Options will, whether or not vested, expire and become unexercisable as of the earlier of: (1) the date such Stock Options would expire in accordance with their terms had the Recipient remained employed; and (2) one year after the date of termination of employment or service.

(f) *Special Provisions Regarding Incentive Stock Options.* Notwithstanding anything herein to the contrary,

(i) The exercise price and vesting period of any Stock Option intended to be treated as an Incentive Stock Option must comply with the provisions of Section 422 of the IRC and the regulations thereunder. As of the Effective Date, such provisions require, among other matters, that: (A) the exercise price must not be less than the Fair Market Value of the underlying stock as of the date the Incentive Stock Option is granted, and not less than 110% of the Fair Market Value as of such date in the case of a grant to a Significant Stockholder; and (B) that the Incentive Stock Option not be exercisable after the expiration of ten (10) years from the date of grant or the expiration of five (5) years from the date of grant in the case of an Incentive Stock Option granted to a Significant Stockholder.

(ii) The aggregate Fair Market Value (determined as of the respective date or dates of grant) of the Common Stock for which one or more Stock Options granted to any Recipient under this Plan (or any other option plan of the Company or of any Parent Corporation or Subsidiary Corporation) may for the first time become exercisable as Incentive Stock Options under the federal tax laws during any one calendar year may not exceed \$100,000.

(iii) Any Stock Options granted as Incentive Stock Options pursuant to this Plan that for any reason fail or cease to qualify as such will be treated as Nonqualified Stock Options. If the limit described in *Section 6.1(f)(ii)* is exceeded, the earliest granted Stock Options will be treated as Incentive Stock Options, up to such limit.

(g) *Non-Employee Director Options.* Article VII will govern Non-Employee Director Options to the extent inconsistent with this *Section 6.1*.

6.2 Performance Awards.

(a) *Grant of Performance Award.* The Administrator will determine in its discretion the preestablished, objective performance goals (which need not be identical and may be established on an individual or group basis) governing Performance Awards, the terms thereof, and the form and time of payment of Performance Awards.

(b) *Payment of Award.* Upon satisfaction of the conditions applicable to a Performance Award, payment will be made to the Recipient in cash, in shares of Common Stock valued at Fair Market Value as of the date payment is due, or in a combination of Common Stock and cash, as the Administrator in its discretion may determine.

6.3 Restricted Stock.

(a) *Award of Restricted Stock.* The Administrator will determine the Purchase Price (if any), the terms of payment of the Purchase Price, the restrictions upon the Restricted Stock, and when such restrictions will lapse.

(b) *Requirements of Restricted Stock.* All shares of Restricted Stock granted or sold pursuant to this Plan will be subject to the following conditions:

(i) *No Transfer.* The shares may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of, alienated or encumbered until the restrictions are removed or expire;

(ii) *Certificates.* The Administrator may require that the certificates representing Restricted Stock granted or sold to a Recipient remain in the physical custody of an escrow holder or the Company until all restrictions are removed or expire;

Table of Contents

(iii) *Restrictive Legends*. Each certificate representing Restricted Stock granted or sold to a Recipient pursuant to this Plan will bear such legend or legends making reference to the restrictions imposed upon such Restricted Stock as the Administrator in its discretion deems necessary or appropriate to enforce such restrictions; and

(iv) *Other Restrictions*. The Administrator may impose such other conditions on Restricted Stock as the Administrator may deem advisable, including, without limitation, restrictions under the Securities Act, under the Exchange Act, under the requirements of any stock exchange or interdealer quotation system upon which such Restricted Stock or other securities of the Company are then listed or traded and under any blue sky or other securities laws applicable to such shares.

(c) *Lapse of Restrictions*. The restrictions imposed upon Restricted Stock will lapse in accordance with such terms or other conditions as are determined by the Administrator.

(d) *Rights of Recipient*. Subject to the provisions of *Section 6.3(b)* and any restrictions imposed upon the Restricted Stock, the Recipient will have all rights of a stockholder with respect to the Restricted Stock granted or sold to such Recipient under this Plan, including, without limitation, the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto.

(e) *Termination of Employment*. Unless the Administrator in its discretion determines otherwise, if a Recipient's employment or service with the Company or any Affiliated Entity terminates for any reason, all of the Recipient's Restricted Stock remaining subject to restrictions on the date of such termination of employment or service will be repurchased by the Company at the Purchase Price (if any) paid by the Recipient to the Company, without interest or premium, and otherwise returned to the Company without consideration.

6.4 Stock Appreciation Rights.

(a) *Granting of Stock Appreciation Rights*. The Administrator may at any time and from time to time approve the grant to Eligible Persons of Stock Appreciation Rights, related or unrelated to Stock Options.

(b) *SARs Related to Options*.

(i) A Stock Appreciation Right related to a Stock Option will entitle the holder of the related Stock Option, upon exercise of the Stock Appreciation Right, to surrender such Stock Option, or any portion thereof to the extent previously vested but unexercised, with respect to the number of shares as to which such Stock Appreciation Right is exercised, and to receive payment of an amount computed pursuant to *Section 6.4(b)(iii)*. Such Stock Option will, to the extent surrendered, then cease to be exercisable.

(ii) A Stock Appreciation Right related to a Stock Option hereunder will be exercisable at such time or times, and only to the extent that, the related Stock Option is exercisable, and will not be transferable except to the extent that such related Stock Option may be transferable (and under the same conditions), will expire no later than the expiration of the related Stock Option, and may be exercised only when the market price of the Common Stock subject to the related Stock Option exceeds the exercise price of the Stock Option.

(iii) Upon the exercise of a Stock Appreciation Right related to a Stock Option, the Recipient will be entitled to receive payment of an amount determined by multiplying: (A) the difference obtained by subtracting the exercise price of a share of Common Stock specified in the related Stock Option from the Fair Market Value of a share of Common Stock on the date of exercise of such Stock Appreciation Right (or as of such other date or as of the occurrence of such event as may have been specified in the instrument evidencing the grant of the Stock Appreciation Right), by (B) the number of shares as to which such Stock Appreciation Right is exercised.

(c) *SARs Unrelated to Options*. The Administrator may grant Stock Appreciation Rights unrelated to Stock Options. *Section 6.4(b)(iii)* will govern the amount payable at exercise under such Stock Appreciation Right,

Table of Contents

except that in lieu of an option exercise price the initial base amount specified in the Award shall be used. All Stock Appreciation Rights unrelated to Stock Options shall be granted subject to the same terms and conditions applicable to Stock Options as set forth in Section 6.1.

(d) *Limits*. Notwithstanding the foregoing, the Administrator, in its discretion, may place a dollar limitation on the maximum amount that will be payable upon the exercise of a Stock Appreciation Right.

(e) *Payments*. Payment of the amount determined under the foregoing provisions may be made solely in whole shares of Common Stock valued at their Fair Market Value on the date of exercise of the Stock Appreciation Right or, alternatively, at the discretion of the Administrator, in cash or in a combination of cash and shares of Common Stock as the Administrator deems advisable. The Administrator has full discretion to determine the form in which payment of a Stock Appreciation Right will be made and to consent to or disapprove the election of a Recipient to receive cash in full or partial settlement of a Stock Appreciation Right. If the Administrator decides to make full payment in shares of Common Stock, and the amount payable results in a fractional share, payment for the fractional share will be made in cash.

6.5 Stock Payments.

The Administrator may approve Stock Payments to any Eligible Person on such terms and conditions as the Administrator may determine. Stock Payments will replace cash compensation at the Fair Market Value of the Common Stock on the date payment is due.

6.6 Dividend Equivalents.

The Administrator may grant Dividend Equivalents to any Recipient who has received an Award denominated in shares of Common Stock other than Stock Options or SARs or, to the extent unearned, Performance Awards. Dividend Equivalents may be paid in cash, Common Stock or other Awards; the amount of Dividend Equivalents paid other than in cash will be determined by the Administrator by application of such formula as the Administrator may deem appropriate to translate the cash value of dividends paid to the alternative form of payment of the Dividend Equivalent. Dividend Equivalents will be computed as of each dividend record date and will be payable to recipients thereof at such time as the Administrator may determine. Notwithstanding the foregoing, if it is intended that an Award qualify as Performance-Based Compensation, and the amount of compensation the Recipient could receive under the Award is based solely on an increase in value of the underlying stock after the date of the grant or award, then the payment of any Dividend Equivalents related to the Award shall not be made contingent on the exercise of the Award.

6.7 Stock Bonuses.

The Administrator may issue Stock Bonuses to Eligible Persons on such terms and conditions as the Administrator may determine.

6.8 Stock Sales.

The Administrator may sell to Eligible Persons shares of Common Stock on such terms and conditions as the Administrator may determine.

6.9 Phantom Stock.

The Administrator may grant Awards of Phantom Stock to Eligible Persons. Phantom Stock is a cash payment measured by the Fair Market Value of a specified number of shares of Common Stock on a specified date, or measured by the excess of such Fair Market Value over a specified minimum, which may but need not include a Dividend Equivalent.

Table of Contents

6.10 Other Stock-Based Benefits.

The Administrator is authorized to grant Other Stock-Based Benefits. Other Stock-Based Benefits are any arrangements granted under this Plan not otherwise described above that: (a) by their terms might involve the issuance or sale of Common Stock or other securities of the Company; or (b) involve a benefit that is measured, as a whole or in part, by the value, appreciation, dividend yield or other features attributable to a specified number of shares of Common Stock or other securities of the Company.

ARTICLE VII

NON-EMPLOYEE DIRECTOR OPTIONS

7.1 Grants of Stock Options.

Immediately following each annual meeting of stockholders of the Company, each Non-Employee Director who has served as a director since his or her election or appointment and has been re-elected as a director at such annual meeting shall automatically receive an option to purchase up to 10,000 shares of the Company's Common Stock. Each Non-Employee Director who is appointed or elected other than at an annual meeting of stockholders of the Company (whether by replacing a director who retires, resigns or otherwise terminates his or her service as a director prior to the expiration of his or her term or otherwise) shall automatically receive an option to purchase shares of the Company's Common Stock as of the date of such appointment or election, consisting of a number of shares of Company Common Stock determined by multiplying 10,000 by a fraction, the numerator of which is the number of days from the date of grant to the date of the next scheduled annual meeting of stockholders of the Company and the denominator of which is 365 (exclusive of fractional shares). The exercise price for all grants of options granted under this *Section 7.1* shall be equal to the Fair Market Value of the Company's Common Stock on the date of grant, subject to: (a) vesting as set forth in *Section 7.2* and (b) adjustment as set forth in this Plan.

7.2 Vesting.

All grants of options granted under *Section 7.1* shall vest and become exercisable 100% on the day prior to the date of the next annual meeting of stockholders following the grant date if the Recipient has remained a director for the entire period from the date of grant to such vesting date. Notwithstanding the foregoing, however, subject to *Section 5.12*, all grants of options granted under *Section 7.1* that have not vested and become exercisable at the time the Recipient ceases to be a director shall terminate.

7.3 Exercise.

Non-Employee Director Options will be exercisable, and the exercise price therefor shall be paid, in the same manner as provided herein for other Stock Options.

7.4 Term of Options and Effect of Termination.

Notwithstanding any other provision of the Plan, no Non-Employee Director Option granted under the Plan shall be exercisable after the expiration of ten years from the effective date of its grant. In the event that the Recipient of any Non-Employee Director Options granted under the Plan shall cease to be a director of the Company, subject to *Section 5.12*, all grants of options granted under *Section 7.1* of this Plan to such Recipient shall be exercisable, to the extent already exercisable at the date such Recipient ceases to be a director and regardless of the reason the Recipient ceases to be a director, for a period of 365 days after that date (or, if sooner, until the expiration of the option according to its terms), and shall then terminate. In the event of the death of a Recipient while such Recipient is a director of the Company or within the period after termination of such status during which he or she is permitted to exercise an option, such option may be exercised by any person or persons designated by the Recipient on a beneficiary designation form adopted by the Plan administrator for

Table of Contents

such purpose or, if there is no effective beneficiary designation form on file with the Company, by the executors or administrators of the Recipient's estate or by any person or persons who shall have acquired the option directly from the Recipient by his or her will or the applicable laws of descent and distribution.

7.5 Amendment; Suspension.

The Administrator may at any time and from time to time in its discretion (a) change the number of shares or vesting periods associated with the Non-Employee Director Options, and (b) suspend and reactivate this *Article VII*.

ARTICLE VIII

CHANGE IN CONTROL

8.1 Provision for Awards Upon Change in Control.

Unless otherwise set forth in an Award Document or in this *Section 8.1*, as of the effective time and date of any Change in Control, this Plan and any then outstanding Awards (whether or not vested) will automatically terminate unless: (a) provision is made in writing in connection with such transaction for the continuance of this Plan and for the assumption of such Awards, or for the substitution for such Awards of new awards covering the securities of a successor entity or an affiliate thereof, with appropriate adjustments as to the number and kind of securities and exercise prices or other measurement criteria, in which event this Plan and such outstanding Awards will continue or be replaced, as the case may be, in the manner and under the terms so provided; or (b) the Board otherwise provides in writing for such adjustments as it deems appropriate in the terms and conditions of the then-outstanding Awards (whether or not vested), including, without limitation, (i) accelerating the vesting of outstanding Awards, and/or (ii) providing for the cancellation of Awards and their automatic conversion into the right to receive the securities, cash or other consideration that a holder of the shares underlying such Awards would have been entitled to receive upon consummation of such Change in Control had such shares been issued and outstanding immediately prior to the effective date and time of the Change in Control (net of the appropriate option exercise prices). If, pursuant to the foregoing provisions of this *Section 8.1*, this Plan and the Awards terminate by reason of the occurrence of a Change in Control without provision for any of the action(s) described in clause (a) or (b) hereof, then subject to *Section 5.12* and *Section 6.1(e)*, any Recipient holding outstanding Awards will have the right, at such time prior to the consummation of the Change in Control as the Board designates, to exercise or receive the full benefit of the Recipient's Awards to the full extent not theretofore exercised, including any installments which have not yet become vested. Notwithstanding anything to the contrary in this *Section 8.1*, the vesting provisions of *Section 7.2* or any other provision in the Plan, all Non-Employee Director Options granted under the Plan shall automatically vest and become exercisable immediately prior to any Change in Control if the optionee is a director of the Company at that time.

ARTICLE IX
