REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrative Committee and Participants of

One Microsoft Puerto Rico Retirement Plan:

We have audited the accompanying statements of net assets available for benefits of One Microsoft Puerto Rico Retirement Plan (the Plan), formerly Microsoft Operations Puerto Rico, LLC 1165(e) Savings Plan, as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of (1) assets (held at end of year) as of December 31, 2013 and (2) delinquent participant contributions for the year ended December 31, 2013, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2013 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

ONE MICROSOFT PUERTO RICO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012, AND FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF THE PLAN

The following brief description of the One Microsoft Puerto Rico Retirement Plan (the *Plan*), formerly the Microsoft Operations Puerto Rico, LLC 1165(e) Savings Plan, is provided for general information purposes only. Plan participants should refer to the Plan agreement for more complete information.

Effective March 31, 2013, the Microsoft Caribbean 1165(e) Retirement Plan (the *MC Plan*) was legally merged with and into the Plan and the Plan, as the surviving entity, was renamed One Microsoft Puerto Rico Retirement Plan. As a result of this merger, the Plan was amended to comply with the requirements of the Puerto Rico Internal Revenue Code (*PRIRC*) of 2011, as amended.

Effective April 1, 2013, all regular employees of Microsoft Operations Puerto Rico LLC, Microsoft Caribbean, Inc. and Microsoft Retail Store-Puerto Rico, LLC (collectively, the *Sponsors*) were automatically eligible to participate in the Plan. This merger did not affect participant benefits as the benefit provisions under the Plan and the former MC Plan will remain the same.

The MC Plan's net assets available for benefits totaling \$3,638,877 were transferred into the Plan on April 4, 2013, and are included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.

In addition, during the year ended December 31, 2013, the Plan was amended to permit the issuance of loans to Plan participants.

General The Plan is a defined contribution retirement plan covering substantially all employees of Microsoft Operations Puerto Rico, LLC, Microsoft Caribbean, Inc. and Microsoft Retail Store-Puerto Rico, LLC. The Plan was established effective January 1, 1991. An employee may become a participant in the Plan immediately on the hire date, since there is no service requirement to become a Plan participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (*ERISA*) and Puerto Rico income tax laws. The Plan's trustee and recordkeeper is Banco Popular de Puerto Rico Trust Division.

Contributions Each year, participants may contribute up to the maximum deferral amount specified by local law. The Sponsors contribute 50% of the first 6% of the base compensation that a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Participant Accounts Individual accounts are maintained for each Plan participant. Each participant's account is credited with the allocation of (a) the participant contributions and the Sponsors' matching contributions and (b) Plan earnings. Participant accounts are also charged with (a) withdrawals and (b) an allocation of plan losses. Allocations are based on the participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers multiple investment options for participants from several registered investment companies as well as Microsoft Corporation common stock.

Table of Contents

Vesting Contributions become vested as follows:

Participant Contributions Participant's contributions and accumulated earnings vest immediately.

Sponsor Matching Contribution Participants become 100% vested after two years of service, upon attainment of age 65, or death or disability while employed by the Sponsors.

Notes Receivables from Participant Participants may borrow from their accounts up to a maximum equal to the lesser of a) 50% of the vested account balance, reduced by the current outstanding balance of all other loans from the Plan; or b) \$50,000, reduced by (1) the current outstanding balance of all other loans, and (2) the excess (if any) of all Plan loans during the previous 12 months over the current outstanding balance of Plan loans with a minimum loan amount of \$500. Loan terms range from 1 to 5 years for general loans or up to 15 years for loans to purchase a primary residence. A participant may not have more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at one percent over the prime rate, determined on a monthly basis. Principal and interest are paid ratably through payroll deductions, made each pay period for the scheduled amount. If a participant terminates employment with the Sponsors, the loan balance is settled at the time of the distribution of the participant's vested interest in his or her account. However the participant may pay off the outstanding loan balance prior to the distribution. As of December 31, 2013, participant loans have maturities through 2018, bearing interest at 4.25%.

Payment of Benefits On termination of service due to death, disability or retirement, a participant or its beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to reduce future employer contributions. As of December 31, 2013 and 2012, forfeited nonvested accounts totaled \$17,465 and \$6,751, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties The Plan utilizes various investment instruments, including common stock and shares of registered investment companies. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Table of Contents

Investment Valuation and Income Recognition The Plan's investments are recorded at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in shares of registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. Interest earned on notes receivable from participants amounted to \$10,173 for the year ended December 31, 2013, and is included as additions in the 2013 statement of changes in net assets available for benefits.

Administrative Expenses The Plan's administrative expenses are paid by the Sponsors as provided in the Plan document.

Payment of Benefits Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of participants who have elected to withdraw from the Plan, but have not yet been paid, were \$600 at December 31, 2013. There were no participants who elected to withdraw from the Plan, that had not yet been paid, at December 31, 2012.

Excess Contributions Payable The Plan is required to return contributions received during the Plan year in excess of the maximum deferral amount specified by local law. There were no such payables as of December 31, 2013 and 2012.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) No. 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices for identical assets in active markets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The Plan's policy is to recognize significant transfers between levels at the end of the reporting period.

Table of Contents

Asset Valuation Techniques Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Microsoft Corporation common stock is valued at the closing price reported on the NASDAQ Exchange, the active market on which the securities are traded, on the last business day of the Plan year. Microsoft Corporation's common stock is categorized as Level 1.

Shares of registered investment companies, excluding money market funds, are categorized as Level 1. They are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. The registered investment companies held by the Plan are deemed to be actively traded.

Shares of the short-term money market fund are categorized as Level 2. They are valued at cost plus accrued interest, which approximates fair value. Units of this fund can be redeemed on a daily basis at their net asset value and have no redemption restrictions. This fund seeks to invest primarily in short-term U.S. Treasury securities, including repurchase agreements collateralized by U.S. Treasury securities.

At December 31, 2013 and December 31, 2012, the Plan did not hold any financial instruments classified as Level 3.

The following tables set forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2013 and 2012:

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2013 Total
Microsoft Corporation common stock	\$ 1,784,911	\$	\$	\$ 1,784,911
Registered investment companies:				
Money market		1,192,460		1,192,460
Domestic growth	4,935,236			4,935,236
Domestic value	596,243			596,243
Domestic balance	337,025			337,025
Domestic fixed income	1,752,588			1,752,588
International equity	526,750			526,750
Total registered investment companies	8,147,842	1,192,460		9,340,302
Time deposits	2,636			2,636
Total	\$ 9,935,389	\$ 1,192,460	\$	\$ 11,127,849

Table of Contents

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2012 Total
Microsoft Corporation common stock	\$ 1,057,507	\$	\$	\$ 1,057,507
Registered investment companies:				
Money market		1,316,996		1,316,996
Domestic growth	1,581,766			1,581,766
Domestic value	157,020			157,020
Domestic balance	281,859			281,859
Domestic fixed income	856,137			856,137
International equity	193,213			193,213
Total registered investment companies	3,069,995	1,316,996		4,386,991
Time deposits	445			445
Total	\$ 4,127,947	\$ 1,316,996	\$	\$ 5,444,943

Transfers Between Levels The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers between levels.

Table of Contents**4. INVESTMENTS**

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012, are as follows:

	2013	2012
Microsoft Corporation common stock	\$ 1,784,911	\$ 1,057,507
T Rowe Price 2030 Retirement Fund	1,661,073	312,682
T Rowe Price Growth Stock Adv. Fund	1,205,939	***
Federated Trust U.S. Treasury Obligations Fund	1,192,460	1,316,996
PIMCO Total Return Adm. Fund	897,666	449,564
T Rowe Price 2020 Retirement Fund	879,216	***

Vanguard Total Bond Market Idx Inv	(1,452)
PIMCO Total Return Adm. Fund	(42,048)
Net appreciation in fair value of investments	\$ 1,529,643

Table of Contents

5. RELATED PARTY TRANSACTIONS

Certain general and administrative expenses are paid by the Sponsors on behalf of the Plan. During the year ended December 31, 2013, these expenses were \$29,961.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Transactions in Microsoft Corporation common stock qualify as party-in-interest transactions. At December 31, 2013 and 2012, the Plan held 47,664 and 39,532 shares, respectively, of common stock of Microsoft Corporation, the parent company of the Sponsors, with a cost basis of \$1,317,788 and \$1,047,693, respectively. During the year ended December 31, 2013, the Plan recorded Microsoft Corporation common stock dividend income of \$45,429. In addition, the Plan has an interest bearing deposit with Banco Popular de Puerto Rico Trust Division, the trustee for the Plan.

7. PLAN TERMINATION

Although it has not expressed an interest to do so, the Sponsors have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts and all accounts would be distributed in the form and manner determined by the Sponsor.

8. INCOME TAX STATUS

The Plan constitutes a qualified plan, exempt from income taxes under Puerto Rico income tax laws. The Puerto Rico Treasury Department has determined and informed the Plan's management by a letter dated June 2, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the PRIRC. The Sponsors and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Puerto Rico Treasury Department and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the Puerto Rico taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

9. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

The Company remitted various participant contributions totaling \$142,594 to the trustee later than required by Department of Labor Regulation 2510.3-102 during the year ended December 31, 2013. In addition, late contributions of \$92,885 corresponding to previous years remained uncorrected as of December 31, 2013. Participant accounts will be credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.
