Dear **[Recipient Name]**:

**I am pleased to inform you that today Wright announced an agreement to combine with Tornier, a publicly-traded medical device company and leader in the upper extremities market.** This combination brings together two organizations with best-in-class complementary products, customer relationships, and cultures to accelerate growth and enhance profitability. By combining, we will create **a premier high-growth global Extremities-Biologics company.**

Tornier, which is similar in size to us, has a significant presence in the upper extremities market, including a strong position in shoulder, as well as an established business in foot & ankle. Headquartered in Bloomington, Minnesota, Tornier has approximately 1,000 employees globally with sales in 45 countries.

**Together, we will offer the most comprehensive upper and lower extremity product portfolio in the industry, dramatically extending our leadership position, and enhancing our ability to provide solutions that enable clinicians to alleviate pain and restore their patients' lifestyles.** This merger will significantly expand the breadth and depth of extremity products we offer to surgical specialists. The combined company will accelerate growth by benefitting from our combined sales and distribution networks, broad product portfolio, and deep customer relationships. As such, we believe this combination will generate long-term value for our customers, our employees, and our shareholders.

### **Next Steps**

We expect the transaction to close in the first half of 2015. **It is very important that you keep in mind that we must operate as independent companies until the transaction closes. Therefore, we must compete as vigorously as we did before the announcement of the merger.**

In the coming weeks, we will form teams to plan our integration. We will identify best practices from both organizations to leverage our combined strengths. The integration process will involve repositioning and aligning the strategic vision for both entities and preparing for a successful Day One following the close of the transaction, when both businesses begin operating as one company. We will regularly communicate the integration plans as we move through the process.

Wright's Sales Leadership will be in touch within the next few days to answer any questions that you may have. **In the near-term through the closing of the transaction, no significant integration-related changes are expected. It is vitally important that our entire global sales organization continues to focus on executing sales objectives to minimize revenue disruption and continue to deliver outstanding service to all of our customers.** This means that you will continue to work with your existing accounts and manage your current Wright product portfolio as you do today. In the meantime, please feel free to contact Pascal Girin, Kevin Cordell, Patrick Fisher, or me if you have questions.

In closing, the combination will bring together two companies with a rich heritage of innovation in extremities and biologics. This represents an exciting next chapter for our company and for all our Sales Team members and Distributors. We hope you share our enthusiasm about the opportunities ahead.

Sincerely,

**ROBERT PALMISANO** | President & Chief Executive Officer
