Explanatory note: the following statement was made by Teva Pharmaceutical Industries Inc. on April 29, 2015:

Teva remains fully committed to making its value-creating combination of Teva and Mylan a reality, a transaction that is more attractive for Mylan stockholders than any other alternative. We are well advised and continue to believe that this combination would provide substantial benefits to the stockholders, customers, patients, and employees of both companies - benefits that are simply too compelling to be ignored. Our proposal would provide Mylan stockholders with an immediate cash premium as well as the opportunity to participate in the significant upside potential of the combined company - one that would be stronger, more competitive and hold a unique position in our evolving industry.
